ITEM 5. OTHER EVENTS AND REGULATION FD DISCLOSURE.

On December 8, 2003, Fellows Energy Ltd., (the "Registrant") entered into an agreement ("Agreement") with Diamond Oil & Gas Corporation, a Nevada corporation ("Diamond") to purchase Diamond's interests in certain oil and gas leases in Utah ("Leases") by means of acquiring the assignment of rights that Diamond acquired from UCM Investment Corporation in exchange for 3,500,000 shares of the Registrant's common stock. Under the terms of the Agreement, which is due to close by December 31, 2003, the Registrant will appoint Diamond's management to the Registrant's Board of Directors, and the Registrant will assume the ownership interests and exploration obligations that accompany the Leases. In addition, Diamond will negotiate the possible acquisition of interests in other such properties on behalf of the Registrant. One of the conditions of closing is that the Registrant will cancel the 52,600,000 shares of its common stock owned by its outgoing management in exchange for consideration to be determined by the Registrant's Board of Directors, and that, prior to closing the Registrant will

raise \$2,500,000 through a private placement, with an option to raise up to an additional amount of \$625,000. In addition, Diamond shall have obtained the consent of UCM Investment Corporation to the assignment of Diamond's interests to the Registrant pursuant to the terms of the Agreement.

The Registrant also hopes that this transaction will increase the value of its common stock to its shareholders, however, there is no guarantee that the Registrant will be able to consummate the transaction with Diamond or that, if consummated, the ownership and operation of these oil and gas leases or any subsequently acquired interests in such leases will increase the value of its common stock. The Registrant intends to continue providing its business consulting services to the retail automotive fueling industry until such time as the transaction with Diamond is consummated.
