**July/08 Same store gross sales move up 9.6%**

**São Paulo, Brazil, August 14, 2008. Grupo Pão de Açúcar [NYSE: CBD; BOVESPA: PCAR4 (PN)]** announces its July 2008 sales performance (unaudited preliminary figures). The information presented below was calculated based on consolidated figures and in Reais, in accordance with Brazilian Corporate Law.

In July, the Group's gross sales totaled R\$1,666.9 million, and its net sales reached R\$1,455.3 million. Growth rates were up 22.2% and 26.2% year on year, respectively.

Under the same store concept, the increase in gross sales was 9.6% while net sales grew by 13.1%. Food products registered an 8.0% increase, and sales of non-food products grew by 14.5% in the period in same store terms. Electronic items continued to stand out among non-food products, whereas in food products perishables had the best performance, posting a double-digit growth rate.

The highlights of the month were the Extra and CompreBem banners, whose growth rate outperformed the Company's average growth. Additionally, all the banners registered an increase in customer traffic year on year.

**Note:** Same-store sales figures include only those stores with at least 12 months of operations.

Since November 2007, the "total stores" concept has included Assai's sales.

Statements included in this report regarding the Company's business prospects, the outlook for operating and financial results, and referring to the Company's growth potential are merely projections and were based on Management's expectations regarding the Company's future. These projections are highly dependent on market changes and the performance of Brazil's economy, the industry and the international markets and are, therefore, subject to change.

**FORWARD-LOOKING STATEMENTS**

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
