the Securities Exchange Act of 1934.

Yes No

If "Yes" is marked, indicated below the file number assigned to the
registrant in connection with Rule 12g3-2(b):

Press Release

GOL Receives IOSA Registration

IATA's Safety Certificate Paves the Way for New Code-Share Agreements

São Paulo, August 18, 2009 GOL Linhas Aéreas Inteligentes S.A. (Bovespa: GOLL4 and NYSE: GOL), the largest low-cost and low-fare airline in Latin America, has been awarded IOSA (IATA Operational Safety Audit) registration from IATA (International Air Transport Association), recognized as the global standard for assessing airlines operational safety and controls.

Receiving the registration underlines the Company's excellent operational safety standards and increases the potential for a series of commercial opportunities, such as signing new code-share agreements with foreign airlines that operate intercontinental flights to Brazil or South America.

New code-share agreements will provide GOL with a larger intercontinental feeder network, increasing the number of passengers with direct, convenient access to its extensive South American network. These agreements will also benefit the more than six million registered SMILES participants, who will now have the option to use their accrued miles on other airlines to visit destinations around the world, said Constantino de Oliveira Júnior, GOL's CEO.

In addition to international recognition, IOSA certification will allow GOL to consolidate its operational safety audit procedures, streamlining the process to make it more efficient while also optimizing operating costs, added Captain Fernando Rockert de Magalhães, the Company's vice-president - technical.

About GOL Linhas Aéreas Inteligentes S.A.

GOL Linhas Aéreas Inteligentes S.A. (NYSE: GOL and Bovespa: GOLL4), the largest low-cost and low-fare airline in Latin America, offers around 800 daily flights to 49 destinations that connect all the important cities in Brazil and nine major destinations in South America. The Company operates a young, modern fleet of Boeing 737 Next Generation aircraft, the safest and most comfortable of its class, with high aircraft utilization and efficiency levels. The Company's service is recognized as the best value proposition in the market.

This release contains forward-looking statements relating to the prospects of the business, estimates for operating and financial results, and those related to growth prospects of GOL. These are merely projections and, as such, are based exclusively on the expectations of GOL's management concerning the future of the business and its continued access to capital to fund the Company's business plan. Such forward-looking statements depend, substantially, on changes in market conditions, government regulations, competitive pressures, the performance of the Brazilian economy and the industry, among other factors and risks disclosed in GOL's filed disclosure documents and are, therefore, subject to change without prior notice.
