Clarification about Information Disclosed by the BG Group (BG) with Regard to Tupi and Guará Discoveries

Rio de Janeiro, December 09 2010 Petróleo Brasileiro S.A. - Petrobras, as the operator of Blocks BMS-11 and BMS-9, clarifies that the announcement issued today (12/09/2010) by the BG Group concerning the estimated volumes of recoverable oil equivalent and the capital and production costs for the projects involved in the initial development phase for these discoveries, is not a disclosure made by the Consortium in charge of operating the blocks. The information is BG's responsibility.

Petrobras, as the operator of the consortium, reiterates the estimates that have already been announced, of 5 to 8 billion barrels of oil equivalent recoverable in Tupi and Iracema (Block BM-S-11), and 1.1 to 2 billion barrels of oil equivalent recoverable in Guará (Block BM-S-9), and reasserts the economic feasibility of these discoveries at price levels ranging from \$35 to \$40 per barrel, in accordance with the variables of its Business Plan 2010-14.

The Company also informs that the disclosure made by BG occurred without the compliance with the rules set forth under the Joint Operations Agreement.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (Exchange Act) that are not based on historical facts and are not assurances of future results. These forward-looking statements are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.

All forward-looking statements are expressly qualified in their entirety by this cautionary statement, and you should not place reliance on any forward-looking statement contained in this press release. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information or future events or for any other reason.
