Item 2.04 Triggering Events That Accelerate or Increase a Direct Financial Obligation or an Obligation Under an Off-Balance Sheet Arrangement.

As previously reported, on May 18, 2006, Verticalnet, Inc. (the "Company") issued a senior subordinated discounted promissory note in the principal amount of \$5.3 million (the "Note") to an institutional investor (the "Investor"). Pursuant to the Note, interest on the principal amount of the Note accrues at 6% per annum (the "Rate"). However, if the Company was not able to obtain the consent of the holders of the Company's senior secured convertible promissory notes issued in August 2005, to permit the Company to grant a subordinated lien and security interest in all of the Company's and its subsidiaries' assets to the Investor by June 18, 2006 (the "Consent"), the Rate would increase to 12% per annum (the "Rate Increase"). Although the Company was unable to obtain the Consent by June 18, 2006, the Investor granted the Company a conditional waiver (the "Conditional Waiver") to the Rate Increase if prior to July 18, 2006, the Company was able to enter into an agreement with a third party, satisfactory to the Investor, with respect to certain potential liabilities. Because the Company was not able to enter into such an agreement by July 18, 2006, pursuant to the Note and the Conditional Waiver, the interest rate on the Note increased from 6% per annum to 12% per annum retroactively effective to June 18, 2006.
