Item 3.**Source or Amount of Funds or Other Consideration.**

Although each of the Reporting Persons used personal funds to purchase their shares of Common Stock of Sunair Services Corporation (Sunair), no shares have been purchased during 2008. This Schedule 13D is being filed to report an oral agreement to vote together solely as to certain matters referred to in Item 4. Each Reporting Person expressly disclaims any beneficial ownership in the Common Stock of Sunair owned by the others, and the reporting of joint beneficial ownership shall not be deemed to be an admission that he beneficially owns the Common Stock owned by the other Reporting Persons.

Item 4.**Purpose of the Transaction.**

The Reporting Persons have orally agreed to act together to seek to cause Sunair to be sold with the net proceeds being distributed to its shareholders including the Reporting Persons. Their purpose is to increase shareholder value. There is currently one company which offered to acquire Sunair or its assets (and assume its liabilities) for \$3.00 per share. Another company has approached Michael Brauser and expressed an interest in purchasing Sunair. The Reporting Persons are hopeful that one of these companies or an unknown third party will purchase Sunair at a higher price.

Since it appears that both RPC Financial Advisors, LLC (RPC) and its affiliates have no interest in selling Sunair and ending their continuing management fee and salary, as applicable, the Reporting Persons are considering all available options, including pressuring the Board of Directors or replacing it with persons who either are not self-interested or not willing to overlook the track record of Richard Rochon, Sunair 's Chairman, and his associates.

The Reporting Persons believe that Sunair 's management and its Chairman of the Board and another director who provide management services through RPC have utterly failed to produce shareholder value as evidenced by the decline in its Common Stock price from \$14.05 in early 2005 to \$2.05 (on very low volume) as of September 26, 2008. RPC has provided management services since February 8, 2005, which is the date when an affiliate of RPC and the two directors referred to above purchased 5,000,000 units (including 5,000,000 shares of Common Stock) at \$5.00 per unit. The following financial information reflects the lack of success from the efforts of RPC and the management

team with all numbers rounded to the nearest thousand:

Year or Period	9 months ended June 30, 2008	2007	2006	2005	2004
Net income (loss) from continuing operations	\$(3,471,000)	\$(3,761,000)	\$(3,753,000)	\$(849,000)	\$269,000
Working capital	\$(1,570,000)	\$(862,000)	\$1,860,000	\$8,871,000	\$13,157,000

The deterioration of the Sunair business and its financial condition since the RPC affiliates took control is palpable. What is equally alarming is that long term debt at June 30, 2008 was approximately \$18,170,000. Sunair's principal asset is approximately \$62,112,000 of goodwill.

At the same time, Sunair paid RPC management fees of \$1,562,500 in fiscal 2007. In January 2008, this management fee was amended to be 1% of revenues and the management agreement was extended for an additional three years. Based upon Sunair's revenues through the nine months ended June 30, 2008, the management fee for fiscal 2008 will be approximately \$680,000 if it was made retroactive to July 1, 2007, or more if it was not. In addition, Sunair agreed to pay RPC 2% of any consideration received from the merger or sale of Sunair. What is disturbing is that at all times Sunair had a complete management team which was fairly compensated. It is hard to discern why an affiliate of two directors and its principal shareholder was and is being paid a large management fee. Certainly, they were not paid for success. As an example of how the interests of Sunair's shareholders are placed behind the interests of RPC and its affiliates, in July 2008 Sunair appointed another affiliate of RPC, Mr. Jack I. Ruff, as its new Chief Executive Officer at an annual salary of \$350,000. When it did so, it did not reduce RPC's

management fee even though Mr. Ruff owns 25% of RPC's equity interests and is a director of it.

RPC is controlled by Messrs. Richard Rochon and Mario Ferrari, as well as Mr. Ruff. Mr. Rochon has been Chairman of the Board of Sunair and Mr. Ferrari has been a director at all relevant times. They structured another investment in the same manner, and it has been an abject failure. That investment was an \$18,000,000 investment in Devcon International Corp. Messrs. Rochon and Ferrari became directors at the time of the investment. In January 2006, Mr. Rochon was elected Chairman of the Board and in January 2007 he became acting Chief Executive Officer. At the time of the investment, Devcon was a strong and profitable company trading on the highest level of the Nasdaq Stock Market. It has been delisted and now trades occasionally on the Over-the-Counter Bulletin Board. When Messrs. Rochon and Ferrari's limited partnership invested \$18,000,000 in units at an effective price of \$9.00 per share, the actual price was \$12.05. It last traded at \$0.30 per share and consequently was delisted from Nasdaq. Just prior to the investment, it had shareholders' equity of approximately \$45,555,000; its shareholders' deficit at June 30, 2008 was \$(5,815). Moreover, at December 31, 2006 just before Mr. Rochon became Chief Executive Officer shareholders' equity was \$34,423,000. Working capital at December 31, 2006 was approximately \$94,670; at June 30, 2008 it was \$(40,854).

Equity Media Holdings Corp. is public company organized by Messrs. Rochon and Ferrari in 2005. At the time of its initial public offering as a blank check company, Mr. Rochon was Chairman of the Board and Chief Executive Officer, Mr. Ferrari was a Vice President and a director and Mr. Ruff was vice president and a director. An affiliate of Messrs. Rochon and Ferrari received a \$7,500 per month administrative fee while the company looked to acquire an operating business. The acquisition of a television and media company occurred on March 19, 2007, and Messrs. Rochon, Ferrari and Ruff resigned except as disclosed below. The results have paralleled Sunair and Devcon with a sharp decline in operations and financial condition, although Equity Media has been directly managed by an independent management team with assistance from the Rochon/Ferrari group which receives a \$1,500,000 annual management fee. Payment of the fee has been deferred by the terms of the company's Credit Agreement. Mr. Ferrari became Chief Strategic Officer following the acquisition of the television company. Moreover, another affiliate of Messrs. Rochon and Ferrari, Robert Farenhem, has been a director since inception and also was an interim Chief Financial Officer of Devcom for about eight months in 2005. Mr. Rochon was re-appointed to the Board of Directors in May 2008. For 2006, just prior to its acquisition, the television company had net income of approximately \$11,656,000. In 2007, it lost approximately \$(6,900,000). For the first six months of 2008, the net loss increased to approximately \$(23,339,000). With these growing losses, working capital decreased from approximately \$9,695,000 to a negative of approximately \$(87,919) at June 30, 2008. Positive shareholders' equity of \$41,267,000 decreased to a shareholders' deficit of approximately \$(7,302,000). The stock price has declined dramatically as the operating results and financial condition worsened. The initial public offering price in 2005 was \$6.00, the high in 2007 was \$5.71 and the low was \$1.95. The closing price on September 26, 2008 was \$0.36. In August 2008, the Nasdaq Capital Market advised Equity Media that it would be de-listed unless a plan for regaining compliance with Nasdaq listing requirements was submitted by September 16th. Equity Media has not publicly disclosed whether it submitted a plan.
