PART I

ITEM 1. FINANCIAL STATEMENTS

The accompanying unaudited condensed financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions for Form 10-Q and Article 210 8-03 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments considered necessary for a fair presentation have been included. All such adjustments are of a normal recurring nature. Operating results for the six months ended February 28, 2009, are not necessarily indicative of the results that may be expected for the fiscal year ending August 31, 2009. For further information refer to the financial statements and footnotes thereto included in the Company's Annual Report on Form 10-K for the year ended August 31, 2008.

SLAP, INC.  
(A Development Stage Company)  
NOTES TO THE UNAUDITED FINANCIAL STATEMENTS  
For the six months ended February 28, 2009

Note 1- Basis of presentation

The accompanying unaudited condensed financial statements of SLAP, Inc. (the "Company") have been prepared in accordance with Securities and Exchange Commission requirements for interim financial statements. Therefore, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States for complete financial statements. The financial statements should be read in conjunction with the Company's audited financial statements for the year ended August 31, 2008.

The interim financial statements present the balance sheet, statements of operations and cash flows of SLAP, Inc. The financial statements have been prepared in accordance with accounting principles generally accepted in the United States.

The interim financial information is unaudited. In the opinion of management, all adjustments necessary to present fairly the financial position as of February 28, 2009, and the results of operations, and cash flows presented herein have been included in the financial statements. All such adjustments are of a normal and recurring nature. Interim results are not necessarily indicative of results of operations for the full year.

Note 2 – Recently Issued Accounting Pronouncements

In December 2007, the FASB issued SFAS No. 141 (revised 2007), BUSINESS COMBINATIONS. This revision to SFAS No. 141 requires an acquirer to recognize the assets acquired, the liabilities assumed, and any noncontrolling interest in the acquiree at the acquisition date, at their fair values as of the acquisition date, with limited exceptions. This revision also requires that acquisition-related costs be recognized separately from the assets acquired and that expected restructuring costs be recognized as if they were a liability assumed at the acquisition date and recognized separately from the business combination. In addition, this revision requires that if a business combination is achieved in stages, that the identifiable assets and liabilities, as well as the noncontrolling interest in the acquiree, be recognized at the full amounts of their fair values. The Company is currently not pursuing any business combinations and does not plan to do so in the future, so this statement likely will not have any impact on the Company.

In December 2007, the FASB issued SFAS No. 160, NONCONTROLLING INTERESTS IN CONSOLIDATED FINANCIAL STATEMENTS, an amendment of ARB No. 51. The objective of this statement is to improve the relevance, comparability, and transparency of the financial statements by establishing accounting and reporting standards for the Noncontrolling interest in a subsidiary and for the deconsolidation of a subsidiary. The Company believes that this statement will not have any impact on its financial statements, unless it deconsolidates a subsidiary.

In March 2008, the FASB issued SFAS No. 161, DISCLOSURES ABOUT DERIVATIVE INSTRUMENTS AND HEDGING ACTIVITIES (An amendment to SFAS No. 133). This statement is effective for financial statements issued for fiscal years and interim periods beginning after November 15, 2008 and requires enhanced disclosures with respect to derivative and hedging activities. The Company will comply with the disclosure requirements of this statement if it utilizes derivative instruments or engages in hedging activities upon its effectiveness.

SLAP, INC.  
(A Development Stage Company)  
NOTES TO THE UNAUDITED FINANCIAL STATEMENTS - continued  
For the six months ended February 28, 2009

Note 2 – Recently Issued Accounting Pronouncements (continued)

In April 2008, the FASB issued FASB Staff Position No. 142-3, DETERMINATION OF THE USEFUL LIFE OF INTANGIBLE ASSETS (“FSP No. 142-3”) to improve the consistency between the useful life of a recognized intangible asset (under SFAS No. 142) and the period of expected cash flows used to measure the fair value of the intangible asset (under SFAS No. 141(R)). FSP No. 142-3 amends the factors to be considered when developing renewal or extension assumptions that are used to estimate an intangible asset’s useful life under SFAS No. 142. The guidance in the new staff position is to be applied prospectively to intangible assets acquired after December 31, 2008. In addition, FSP No. 142-3 increases the disclosure requirements related to renewal or extension assumptions. The Company does not believe implementation of FSP No. 142-3 will have a material impact on its financial statements.

In May 2008, the FASB issued SFAS No. 162, THE HIERARCHY OF GENERALLY ACCEPTED ACCOUNTING PRINCIPLES. This statement identifies the sources of accounting principles and the framework for selecting the principles to be used in the preparation of financial statements of nongovernmental entities that are presented in conformity with generally accepted accounting principles (GAAP) in the United States (the GAAP hierarchy). This statement is effective 60 days following the SEC’s approval of the Public Company Accounting Oversight Board amendments to AU Section 411, “the Meaning of Present Fairly in Conformity With Generally Accepted Accounting Principles.”

In May 2008, the FASB issued SFAS No. 163, ACCOUNTING FOR FINANCE GUARANTEE INSURANCE CONTRACTS – AN INTERPRETATION OF FASB STATEMENT NO. 60. The premium revenue recognition approach for a financial guarantee insurance contract links premium revenue recognition to the amount of insurance protection and the period in which it is provided. For purposes of this statement, the amount of insurance protection provided is assumed to be a function of the insured principal amount outstanding, since the premium received requires the insurance enterprise to stand ready to protect holders of an insured financial obligation from loss due to default over the period of the insured financial obligation. This Statement is effective for financial statements issued for fiscal years beginning after December 15, 2008.

In June 2008, the FASB issued FASB Staff Position Emerging Issues Task Force (EITF) No. 03-6-1, DETERMINING WHETHER INSTRUMENTS GRANTED IN SHARE-BASED PAYMENT TRANSACTIONS ARE PARTICIPATING SECURITIES (“FSP EITF No. 03-6-1”). Under FSP EITF No. 03-6-1, unvested share-based payment awards that contain rights to receive nonforfeitable dividends (whether paid or unpaid) are participating securities, and should be included in the two-class method of computing EPS. FSP EITF No. 03-6-1 is effective for fiscal years beginning after December 15, 2008, and interim periods within those years, and is not expected to have a significant impact on the Company’s financial statements.

In November 2008, the Emerging Issues Task Force (“EITF”) issued Issue No. 08-7, Accounting for Defensive Intangible Assets (“EITF 08-7”). EITF 08-7 applies to all acquired intangible assets in which the acquirer does not intend to actively use the asset but intends to hold (lock up) the asset to prevent its competitors from obtaining access to the asset (a defensive asset), assets that the acquirer will never actually use, as well as assets that will be used by the acquirer during a transition period when the intention of the acquirer is to discontinue the use of those assets. EITF 08-7 is effective as of January 1, 2009. The Company does not expect the adoption of EITF 08-7 to have a material impact on its financial statements.

None of the above new pronouncements has current application to the Company, but may be applicable to the Company's future financial reporting.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

FORWARD-LOOKING STATEMENTS

This quarterly report contains forward-looking statements relating to future events or our future financial performance. In some cases, you can identify forward-looking statements by terminology such as "may", "should", "intends", "expects", "plans", "anticipates", "believes", "estimates", "predicts", "potential", or "continue" or the negative of these terms or other comparable terminology. These statements are only predictions and involve known and unknown risks, uncertainties and other factors which may cause our or our industry's actual results, levels of activity or performance to be materially different from any future results, levels of activity or performance expressed or implied by these forward-looking statements.

Such factors include, among others, the following: international, national and local general economic and market conditions; demographic changes; the ability of the Company to sustain, manage or forecast its growth; the ability of the Company to successfully make and integrate acquisitions; raw material costs and availability; new product development and introduction; existing government regulations and changes in, or the failure to comply with, government regulations; adverse publicity; competition; the loss of significant customers or suppliers; fluctuations and difficulty in forecasting operating results; changes in business strategy or development plans; business disruptions; the ability to attract and retain qualified personnel; the ability to protect technology; and other factors referenced in this and previous filings.

Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity or performance. Except as required by applicable law, including the securities laws of the United States, we do not intend to update any of the forward-looking statements to conform these statements to actual results.

Given these uncertainties, readers of this Form 10-Q and investors are cautioned not to place undue reliance on such forward-looking statements. The Company disclaims any obligation to update any such factors or to publicly announce the result of any revisions to any of the forward-looking statements contained herein to reflect future events or developments.

All dollar amounts stated herein are in US dollars unless otherwise indicated.

The management's discussion and analysis of our financial condition and results of operations are based upon our financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The following discussion of our financial condition and results of operations should be read in conjunction with our audited financial statements for the years ended August 31, 2008, and 2007, together with notes thereto. As used in this quarterly report, the terms "we", "us", "our", and the "Company" mean SLAP, Inc., unless the context clearly requires otherwise.

Plan of Operation

We have begun our business operations by acquiring a 2.5% working interest in an oil and gas drilling prospect in Alberta, Canada. Drilling of our first well commenced on June 30, 2008 and the well was declared a dry hole by the operator on September 26, 2008. We have the option to participate in a further 7 wells on this property. We are

currently determining whether to elect to participate in any further drilling on these leases. With the recent decline in oil and gas prices, we do not expect to commence any drilling activity at this time and we will only determine to drill after we have carefully evaluated any further drilling opportunities on our current leases. Should we determine not to participate in further drilling on our existing property, we will seek other exploration and development prospects in the Province of Alberta, Canada or elsewhere. We may also seek producing properties that can be acquired at attractive discounts to cash flow based on the current oil and gas pricing. We believe that some of the smaller producers may look to divest certain of their producing assets on attractive terms in this current operating environment.

We are a development stage company. We currently have no revenue and no significant assets except that relating to the Farm-out Agreement described herein.

During the twelve months following the filing of this Quarterly Report we plan to review our drilling prospects on our current leases and to review other acquisition opportunities for production acquisitions as well as exploration and development prospects, both oil and gas.. We will focus on acquisitions of oil and gas properties where management believes further exploitation and development opportunities exist or we can acquire production at attractive rates and on favorable terms. We plan to pursue a balanced portfolio of crude oil and natural gas prospects. In selecting exploration, exploitation, development and production prospects, our management will choose those that offer an appropriate combination of risk and economic reward, recognizing that all drilling involves substantial risk and that a high degree of competition exists for good prospects. We do not intend to purchase other oil and gas companies, but rather identify oil and gas projects that other companies have made available on the open market. No assurance can be given that any acquisitions or exploration or development will prove successful in establishing commercially recoverable reserves.

Currently, we will not undertake any prospects that require operatorship as we do not have sufficient staff or expertise to do so. We will initially concentrate on acquiring small working interests in exploration properties or development or producing properties where the costs fit in with our proposed budget and for only those properties that have qualified operators. We intend to seek out, analyze and complete corporate mergers and asset acquisitions where value creation opportunities have been identified.

We hope to acquire exploitation and exploration drilling prospects, but may consider acquiring properties that have existing production in order to generate cash flow for operations during our start up. There can be no assurance that we will be successful in acquiring any properties that will allow us to generate revenues.

We will endeavor to acquire and explore for longer life reserves that will withstand several pricing cycles and will attempt to focus our asset base on a select number of areas with desirable characteristics. It is anticipated that the number and diversity of these focus areas will expand with the growth of our business.

#### Off-balance Sheet Arrangements

We have no off-balance sheet arrangements.

#### ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Not applicable.

#### ITEM 4T. CONTROLS AND PROCEDURES

##### Evaluation of Disclosure Controls and Procedures

Under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, we conducted an evaluation of our disclosure controls and procedures, as such term is defined under Rule 13a-15(e) promulgated under the Securities Exchange Act of 1934, as amended (Exchange Act), as of February 28, 2009. Based on this evaluation, our principal executive officer and principal financial officer concluded that our disclosure controls and procedures are effective in alerting them on a timely basis to material information relating to our Company required to be included in our reports filed or submitted under the Exchange Act.

##### Changes in Internal Controls

There were no significant changes (including corrective actions with regard to significant deficiencies or material weaknesses) in our internal controls over financial reporting that occurred during the quarter ended February 28, 2009, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

## PART II – OTHER INFORMATION

## ITEM 1. LEGAL PROCEEDINGS

The Company is not a party to any legal proceedings and is not aware of any pending legal proceedings as of the date of this Form 10-Q.

## ITEM 1A. RISK FACTORS

Not Applicable

## ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

On August 13, 2008 our Registration Statement on Form S-1 under Commission file number 333-151228 was declared effective, enabling us to offer up to 1,500,000 shares of common stock of our company at a price of \$0.10 per share. On November 12, 2008 we accepted subscriptions for the entire offering from 47 investors, raising a total of \$150,000. No commissions were paid on any of the above issuance. As of the date of this filing, there are 2,800,000 issued and outstanding shares of common stock of which 300,000 shares are held by our officers and directors.

Following is the use of proceeds for actual expenses incurred for our account from August 13, 2008 to February 28, 2009 in connection with the issuance and distribution of the securities:

Expense	Amount of direct or indirect payments to directors, officers, general partners, 10% shareholders or affiliates of the Issuer \$	Amount of direct or indirect payments to others \$
Transfer agent	0	0
Legal and Accounting	0	619
Costs of the offering	0	25,660
Office and Administration	0	703
Total	0	26,982

Of the \$26,982 detailed above a total of \$13,668 was settled from working capital on-hand at the time of the closing of the offering, with the remaining \$13,314 in expenses incurred allocated for settlement from offering proceeds. Upon settlement of the above amounts in full, net proceeds from the offering will total \$136,686.

Following is a table detailing the use of net offering proceeds from the offering of the securities.

Expenses	Amount of direct or indirect payments to directors, officers, general partners, 10% shareholders or affiliates of the Issuer \$	Amount of direct or indirect payments to others \$
Exploration and development activities	0	0
Legal and Accounting	0	12,205

Edgar Filing: SLAP, INC. - Form 10-Q

Consulting	0	1,689
Office Furniture, Equipment and Supplies	0	0
Miscellaneous Administration Expenses	0	1,275
Working capital	0	0
TOTAL	0	15,169

7

---

The proceeds from our offering are to be used to fund our operations as described in the S-1 offering document incorporated for reference herein.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

Not Applicable

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

None.

ITEM 5. OTHER INFORMATION

The Company is presently preparing to file a Form 15C-211 for quotation on the OTCBB and expects to file during the fiscal quarter ending May 31, 2009.
