Item 1.01 Entry Into a Material Definitive Agreement.

On March 16, 2010 (the “Effective Date”), Apollo Solar Energy, Inc. (the “Company”) entered into a Joint Research Agreement (the “Agreement”) with the New Jersey Institute of Technology (the “NJIT”) pursuant to which the Company agreed to pay the NJIT sponsorship funds in an aggregate amount of \$1,500,000, to be delivered in three equal installments within 15 days of each of the Effective Date, the first anniversary of the Effective Date, and the second anniversary of the Effective Date. Under the terms of the Agreement, the NJIT will provide certain laboratory instruments, equipment and personnel to develop materials for novel CdTe thin film PV technology (the “Project”), and will deliver bi-annual reports to the Company regarding the Projects during the term of the Agreement. The NJIT granted to the Company an exclusive option and right of first refusal to receive a royalty-bearing license to any intellectual property rights the NJIT may have related to the Project, which license will be on commercially reasonable terms, as negotiated in good faith by the parties. The NJIT also granted to the Company a right of first refusal to enter into negotiations with the NJIT regarding the creation of a separate business entity for the purpose of commercializing any intellectual property resulting from the Project. The Agreement will remain in effect for a period of three years, unless earlier terminated by either the Company or the NJIT upon 30 days prior written notice. The foregoing description of the Agreement does not purport to be complete and is qualified in its entirety by reference to the complete copy of the Agreement, which is attached hereto as Exhibit 10.1 and incorporated herein by reference.
