

AMERICAN LEISURE HOLDINGS, INC.
Form 10KSB/A
September 14, 2007

**UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
WASHINGTON, D.C. 20549**

**FORM 10-KSB
AMENDMENT NO. 1**

ANNUAL REPORT UNDER SECTION 13 OR 15(D) OF THE
SECURITIES EXCHANGE ACT OF 1934

For the fiscal year ended December 31, 2006

TRANSITION REPORT UNDER SECTION 13 OR 15(D) OF THE
SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission file number: 333-48312

AMERICAN LEISURE HOLDINGS, INC.

(Name of small business issuer in its charter)

Nevada **75-2877111**
(State of (I.R.S.
organization) Employer
 Identification
 No.)

2460 Sand Lake Road, Orlando, FL 32809
(Address of principal executive offices) (Zip Code)

Issuer's telephone number: **(407) 251-2240**

SECURITIES REGISTERED PURSUANT TO SECTION 12(B)
OF THE EXCHANGE ACT:

NONE

Check whether the issuer (1) filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the past 12 months (or for such shorter periods that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Check if there is no disclosure of delinquent filers in response to Item 405 of Regulation S-B contained in this form, and no disclosure will be contained, to the best of the registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-KSB or any amendment to this Form 10-KSB.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No .

The issuer's revenues for its most recent fiscal year were \$38,872,566.

The aggregate market value of the issuer's voting and non-voting common equity held by non-affiliates computed by reference to the average bid and ask price of such common equity as of April 13, 2007 was approximately \$3,000,390.

On April 13, 2007, there were 10,877,974 shares of the Issuer's common stock outstanding.

We are filing this amendment number 1 to our Annual Report on Form 10-KSB for the year ending December 31, 2006, which was initially filed on April 17, 2007. We have presented gross revenues and gross expenses from the operations of the travel business that was purchased from Around The World Travel, Inc. ("AWT") on December 31, 2004 and has been managed by AWT through August 1, 2006. Previously, these results of operations were presented on a net basis and these results were included in Operating Revenues.

FORWARD-LOOKING STATEMENTS

CERTAIN STATEMENTS IN THIS ANNUAL REPORT ON FORM 10-KSB (THIS "FORM 10-KSB"), CONSTITUTE "FORWARD LOOKING STATEMENTS" WITHIN THE MEANING OF SECTION 27A OF THE SECURITIES ACT OF 1934, AS AMENDED, AND THE PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995 (COLLECTIVELY, THE "REFORM ACT"). CERTAIN, BUT NOT NECESSARILY ALL, OF SUCH FORWARD-LOOKING STATEMENTS CAN BE IDENTIFIED BY THE USE OF FORWARD-LOOKING TERMINOLOGY SUCH AS "BELIEVES", "EXPECTS", "MAY", "SHOULD", OR "ANTICIPATES", OR THE NEGATIVE THEREOF OR OTHER VARIATIONS THEREON OR COMPARABLE TERMINOLOGY, OR BY DISCUSSIONS OF STRATEGY THAT INVOLVE RISKS AND UNCERTAINTIES. SUCH FORWARD-LOOKING STATEMENTS INVOLVE KNOWN AND UNKNOWN RISKS, UNCERTAINTIES AND OTHER FACTORS WHICH MAY CAUSE THE ACTUAL RESULTS, PERFORMANCE OR ACHIEVEMENTS OF AMERICAN LEISURE HOLDINGS, INC. TO BE MATERIALLY DIFFERENT FROM ANY FUTURE RESULTS, PERFORMANCE OR ACHIEVEMENTS EXPRESSED OR IMPLIED BY SUCH FORWARD-LOOKING STATEMENTS. REFERENCES IN THIS FORM 10-KSB, UNLESS ANOTHER DATE IS STATED, ARE TO DECEMBER 31, 2006. ALL REFERENCES IN THIS REPORT ON FORM 10-KSB TO "THE COMPANY," "WE," "US," "OUR," "AMLH," "AMERICAN LEISURE" OR WORDS OF SIMILAR MEANING INCLUDE THE OPERATIONS OF AMERICAN LEISURE HOLDINGS, INC. AND SUBSIDIARIES.

Business Development

We were incorporated in Nevada in June 2000 as "Freewillpc.com, Inc.," and until June 2002, operated as a web-based retailer of built-to-order personal computers and brand name related peripherals, software, accessories and networking products. In June 2002, we acquired American Leisure Corporation, Inc. ("American Leisure Corporation"), in a reverse merger (discussed below). We re-designed and structured our business to own, control and direct a series of companies in the travel and tourism industries so that we can achieve vertical and horizontal integration in the sourcing and delivery of corporate and leisure travel services and offerings.

On June 14, 2002, we entered into a stock purchase agreement with the former stockholders of American Leisure Corporation, in connection with the acquisition of American Leisure Corporation, pursuant to which we issued the former stockholders of American Leisure Corporation 4,893,974 shares of our common stock and 880,000 shares of our Series A preferred stock having 10 votes per share. As part of this transaction, Vyrtext Limited, a UK company, which owned 3,830,000 shares of our common stock, surrendered 3,791,700 of the 3,830,000 shares owned by them. The transaction was treated as a reverse merger and a re-capitalization of American Leisure Corporation, which was considered the accounting acquirer. The operations of Freewillpc.com prior to the transaction were not carried over and were adjusted to \$0. Effective July 24, 2002, we changed our name to American Leisure Holdings, Inc.

In addition to the Company's establishment and continuing operation of a Travel Division, we have established a Resort Properties Division and related leisure and travel support operations. Through our various subsidiaries, we: manage and distribute travel services; develop, sell and will manage travel destination resorts and vacation home properties; and develop and operate affinity-based travel clubs. Further, we owned and operated a call center in Antigua-Barbuda, which call center business was sold effective June 30, 2006, as described below, and which operations are included in our financial statements and results of operations as discontinued operations for the year ended December 31, 2006, contained herein. Our businesses are intended to complement each other and to enhance Company revenues by exploiting consumer cross-marketing opportunities. We intend to take advantage of the

synergies between the distribution of travel services and the creation, marketing, sale and management of vacation home ownership and travel destination resorts. In connection with our development of vacation homes we will also buy and sell parcels of undeveloped land.

On October 1, 2003, we acquired a 50.83% majority interest in Hickory Travel Systems, Inc. ("Hickory" or "HTS") as the key element of our Travel Division. Hickory is a travel management service organization that serves its network/consortium of approximately 160 well-established travel agency members, comprised of over 3,000 travel agents worldwide serving corporate and leisure travelers. We intend to complement other Company businesses through the use of Hickory's 24-hour reservation services, international rate desk services, discount hotel programs, preferred supplier discounts, commission enhancement programs, marketing services, professional services, technologies, and information exchange.

In December 2004, Caribbean Leisure Marketing, Ltd. ("Caribbean Leisure Marketing"), our former wholly owned subsidiary that was focused on telecommunications, entered into a joint venture with IMA Antigua, Ltd. to operate a call center in Antigua that Caribbean Leisure Marketing owns. The joint venture was operated through Caribbean Media Group, Ltd., an international business corporation formed under the laws of Barbados. On June 30, 2006, pursuant to a Stock Purchase Agreement (described in greater detail below), the call center operations and Caribbean Leisure Marketing were sold to Stanford International Bank Limited (a minority shareholder and creditor of the Company).

On December 31, 2004, American Leisure Equities Corporation ("ALEC"), one of our wholly owned subsidiaries, acquired substantially all of the assets of Around The World Travel, Inc. ("Around The World Travel" or "AWT") which included all of the tangible and intangible assets necessary to operate the business including the business name "TravelLeaders". We engaged Around The World Travel to manage the assets and granted Around The World Travel a license to use the name "TravelLeaders." TravelLeaders is a fully-integrated travel agency and travel services distribution business that provides its clients with a comprehensive range of business and vacation travel services including corporate travel management, leisure sales, special events and incentive planning. TravelLeaders is based in Coral Gables, Florida. On and effective on August 1, 2006, the Management Agreement and the License Agreement with AWT were terminated by ALEC which, effective on that date, began directly managing the travel business assets and operations of TravelLeaders.

Except as expressly indicated or unless the context otherwise requires, "we," "our," or "us" means American Leisure Holdings, Inc. and its subsidiaries.

Business Integration

Our mission is to remain focused on the development, sale and management of vacation travel destination resorts. As such we have completed the planning and completed most of the site development for "The Sonesta Orlando Resort at Tierra Del Sol" (the "Sonesta Resort"), a planned 972-unit vacation home resort located just 10 miles from Walt Disney World, in Orlando, Florida. Additionally, we are in the planning stages of developing our Reedy Creek Property, which is situated in the northwest section of Osceola County, Florida about one mile from the "Maingate" entrance to Walt Disney World, Orlando and approximately one-half mile from the south entrance to "Disney's Animal Kingdom" theme park. The Reedy Creek Property consists of three parcels totaling over 40 gross acres with approximately 29 acres of buildable land. The Reedy Creek Property is currently planned to consist of approximately 522 residential units consisting of mid-rise condominium buildings.

Though "Developments of Regional Impact" (DRIs) are underway, we are seeking to maximize property development and sales by obtaining governmental approval for more housing units than was initially planned at our Tierra del Sol and Reedy Creek properties. Although there is no assurance of the additional density that may be achieved through the DRI process we believe that both Tierra del Sol and Reedy Creek may gain approval to develop as many as 859 additional units for Tierra del Sol Resort and 678 for Reedy Creek.

Subject to having sufficient capital and our determination of value to our shareholders, we intend to achieve growth through selected acquisitions of real property and business assets and interests. Although no agreements related to such future acquisitions have been concluded, we expect to negotiate and, subject to our final determination as to the merits of such acquisitions(s) and the availability of necessary capital, complete the acquisition of Florida destination resort property holdings proximate to our existing resort developments at initial entry prices for the developable land that may be materially below current appraised values. Growth may be realized through our continued creation of destination resorts, and through the prospective acquisition of qualified, existing destination resorts, thereby creating an extensive resort and vacation ownership network further supported by the Company's travel services division. Our goal through such expansion would be to further become an integrated, "one-stop" leisure services company, seeking to seamlessly provide for the development, sales, and management of and the ongoing generation of revenue from destination resorts while offering vacation ownership and an extensive range of travel services to an expanding customer and client base. In connection with our development of vacation homes we will continue to buy and sell parcels of undeveloped land.

During the year ended December 31, 2006, we worked to integrate the administrative operations of Hickory and TravelLeaders to distribute, fulfill and manage our travel services and our Resort Properties; however, the full integration of these two divisions has become substantially harder than we anticipated due to the different operating and system platforms of the two divisions, and as such, we have abandoned our previous plans to integrate the two divisions and are currently evaluating the synergies and cost/benefits of continuing to maintain the two separate divisions.

Our business model for support between our divisions is to use the travel distribution, fulfillment and management services of the combined resources of Hickory and TravelLeaders to provide consumer bookings at our planned resorts, to increase the rental of vacation homes that we plan to manage at these resorts, and to fulfill the travel service needs of our affinity-based travel clubs. We intend to complement our other businesses through the use of Hickory's 24-hour reservation services, international rate desk services, discount hotel programs, preferred supplier discounts, commission enhancement programs, marketing services, professional services, automation and information exchange. TravelLeaders is a fully integrated travel services distribution business that provides its clients with a comprehensive range of business and vacation travel services in both traditional and e-commerce platforms including corporate travel management, leisure sales, and meeting, special event and incentive planning. TravelLeaders currently fulfills travel orders produced by our affinity travel clubs.

Sonesta Resort Financing

On December 29, 2005, certain affiliates of the Company closed two (2) credit facilities with Key Bank, National Association ("KeyBank") related to the Sonesta Resort. The credit facilities consisted of a \$40,000,000 revolving construction loan to be used to construct Phase 1 of the Sonesta Resort (the "Construction Loan") and a \$14,850,000 term loan on the Phase 2 land, the proceeds of which were contributed to the Phase 1 partnership as equity and used to repay existing debt on the property and finance part of the site work of the property for the Resort and to pay certain related costs (the "Land Loan"). To facilitate the financing for the Sonesta Resort, the Company has formed two limited partnerships, each of which will develop Phase 1 and Phase 2 of the Resort (the "Development Partnerships"). Each Development Partnership has several subsidiaries, which have been formed to develop different portions of the Sonesta Resort.

Phase 1 will also include construction of related amenities, including a swimming pool complex and sun decks, a lazy river, a poolside restaurant and other amenities typical of a resort of this kind. We have completed approximately 90% of the grading and underground infrastructure required for the Phase 1 construction to date and began vertical construction of the phase one town homes in January 2007. Phase 2 will include construction of 144 additional residential condominium units and 442 additional town home units, as well as a 126,000 square foot clubhouse (84,000 square feet under air). Construction of Phase 2, which has not begun yet, is expected to overlap with the construction of Phase 1 as soon as the TDS plat has been recorded, which is expected to occur in April 2007.

The general partner of each Development Partnership is TDS Management LLC, a limited liability company controlled by Malcolm J. Wright, the Company's Chairman and Chief Executive Officer. The principal limited partner of each Development Partnership is Tierra Del Sol Resort, Inc., which owns a 99.9% interest in each Development Partnership. The Company owns 100% of Tierra Del Sol Resort, Inc.

On July 27, 2006, we, through one of our wholly owned subsidiary companies, formally notified KeyBank, that we elected not to open the \$40,000,000 revolving credit Construction Loan. We have however, established a relationship with GMAC Bank, through Millennium Capital Mortgage, to provide construction financing to the individual purchasers of the Sonesta Resort town homes, which funding we believe will enable all town homes and amenities at Tierra del Sol to be built through this program. Additionally, we are in the process of negotiating with several lenders for a construction loan on favorable terms for the condominiums and/or for the clubhouse and anticipate entering into final agreements regarding such funding by the end of the second quarter of fiscal 2007; however, we can provide no assurances that we will be able to finalize such funding, or that assuming such funding is available, that it will be on favorable terms.

The Land Loan

The borrowers under the Land Loan are Tierra Del Sol Resort (Phase 2), Ltd. (the "Phase 2 Partnership") and other entities that are owned by the Phase 2 Partnership.

The Land Loan is a \$14,850,000 term loan with a maturity date of June 28, 2007. The proceeds of the Land Loan were primarily used to repay existing debt of the property for the Sonesta Resort. The Land Loan bears interest at LIBOR plus 3.10% per annum, equal to approximately 8.50% as of February 14, 2007, with the LIBOR equal to 5.40% as of that date.

The Land Loan is secured by a first lien on the land within Phase 2 of the Sonesta Resort, including any improvements, easements, and rights of way; a first lien and security interest in all fixtures and personal property, an assignment of all leases, subleases and other agreements relating to the property; an assignment of construction documents; a collateral assignment of all contracts and agreements related to the sale of each condominium unit; a collateral assignment of all purchase deposits and any management and/or operating agreement.

The borrowers paid 1% of the Land Loan Agreement as a commitment fee, which totaled \$148,500. The Borrowers were obligated to pay all costs and expenses of KeyBank in connection with the commitment and closing of the loan. Additionally, the Company will pay an exit fee equal to 4% of the maximum loan amount unless the loan is repaid with a construction loan from KeyBank or KeyBank declines to grant a construction loan to the Company for Phase 2. The Company was obligated to pay all costs and expenses of KeyBank in connection with the commitment and the closing of the loan.

In connection with the election not to open the Construction Loan, we and KeyBank have agreed to modify the Land Loan. The Land Loan will remain in place, and we have provided \$1 million in cash as additional collateral for the loan. We have also agreed to a principal payment schedule related to the Company's planned construction of the 442 town homes in Phase 2 of the Sonesta Resort to reduce the balance of the loan between January 31, 2007 and its maturity date.

The Company and Mr. Wright have issued guarantees to KeyBank on the Land Loan. We believe that without the guarantees of Mr. Wright, it would have been more difficult, if not impossible, for us to secure the KeyBank credit facility. The occurrence of any one or more "events of default" under the Land Loan allow KeyBank to pursue certain remedies including taking possession of the Sonesta Resort project; withholding further disbursement of the proceeds of the loan and/or terminate KeyBank's obligations to make further disbursements thereunder; and/or declaring the note evidencing the loans to be immediately due and payable.

Westridge Community Development District Bonds

The closing of the new credit facilities with KeyBank triggered the closing of the sale of \$25,825,000 in community development bonds issued by the Westridge Community Development District (the "District"). The proceeds of the bonds will be used, in part, to fund infrastructure at the Sonesta Resort and to acquire land for public purposes from Tierra Del Sol Resort (Phase 1), Ltd. The debt service and retirement of these bonds will be funded by a special district tax upon the property owners in the District at an interest rate of 5.8% over a 30-year amortization period. Grading and infrastructure for the District are more than 85% complete as of March 2007.

SIBL Credit Facility

On December 29, 2005, Stanford International Bank, Ltd. ("SIBL") provided Tierra Del Sol with financial assistance to facilitate the closings of the Land Loan and the Construction Loan. The financial assistance consisted of a loan to

Tierra Del Sol of \$2,100,000 (the "SIBL Tierra Del Sol Loan"), and the establishment of letters of credit in favor of KeyBank in the amount of \$4,000,000 and \$2,000,000, respectively (the "Letters of Credit"), which Letters of Credit were subsequently cancelled, effective June 30, 2006. The financial assistance provided by SIBL was evidenced by a Credit Agreement dated as of December 29, 2005 between SIBL, Tierra Del Sol Resort, Inc. and the Company (the "SIBL Credit Agreement"). As consideration for the purchase of the Antiguan call center including our subsidiary Caribbean Leisure Marketing, Inc. (described below), SIBL exchanged the \$2,100,000 loan, as well as the accrued interest on such loan in the amount of \$85,867.

Tierra Del Sol used the proceeds of the SIBL Tierra Del Sol Loan to make a capital contribution to the Phase 1 Development Partnership, which in turn pledged this amount to KeyBank as additional collateral for the Construction Loan. SIBL is an affiliate of Stanford Venture Capital Holdings Inc. Tierra Del Sol used the Letters of Credit in lieu of cash to complete its equity requirements under the Construction Loan.

The SIBL Tierra Del Sol Loan has a 2-year term, with an initial interest rate of 12% per annum. Upon the payment of the note in full or the maturity of the loan from KeyBank, Tierra Del Sol was also required to pay a one-time minimum fee equal to 3%. After six months, this fee increased by 1% each month until the letters of credit were released, which KeyBank did effective August 16, 2006. As consideration for the purchase of the Antiguan call center including our subsidiary Caribbean Leisure Marketing, Inc. (described below), SIBL exchanged these fees which amounted to \$540,000. Any unpaid amounts on the SIBL Tierra Del Sol Loan bear interest at the rate of 12% per year. This loan has been repaid in full.

The obligations of Tierra Del Sol under the SIBL credit facility (the "Stanford Credit Facility") were guaranteed by the Company and Malcolm J. Wright, the Company's Chief Executive Officer and Chairman, along with other third party entities, which third party entities are beneficially owned, in part, by Roger Maddock, a significant shareholder of the Company, pursuant to an Irrevocable and Unconditional Guaranty. We believe that without the guarantees of Mr. Wright and other third parties, it would have been more difficult, if not impossible, for us to secure the SIBL credit facility. These obligations were also secured by a first mortgage lien on a parcel of real property owned by the third party entities. The consideration paid for the third party entities' guarantees was consistent with the existing debt guarantor agreement issued by the Company for its executives. The third party entities will receive and share in a guarantee fee equal to 3% of the amount guaranteed. The third party entities, by virtue of pledging collateral for a debt that benefits the Company, will also receive a collateral pledge fee equal to 2% of the amount guaranteed. The Company paid this fee through the grant of 405,000 warrants to the third party entities to purchase shares of the Company's common stock at an exercise price of \$1.02 per share in December 2005. These warrants will expire 5 years from the expiration date of the guarantees. In consideration of Mr. Wright's guarantee, and pursuant to an existing agreement between Mr. Wright and the Company, Mr. Wright earned a fee for such guarantee equal to three percent (3%) of the amount guaranteed. The Company will pay this fee through the grant of 243,000 warrants to Mr. Wright to purchase shares of the Company's common stock at an exercise price of \$1.02 per share in December 2005. These warrants will expire 5 years from the expiration date of the guarantee.

Tierra Del Sol has pledged its partnership interests in the Development Partnerships to Stanford as additional collateral for this facility. Following an event of default as defined under the Credit Agreement, Stanford has the right for thirty (30) days following such event of default, directly or through its affiliates, to purchase any unsold units in the Sonesta Resort at a price equal to the developer's cost, but only to the extent permitted by KeyBank.

As additional consideration for the loan, the Company granted SIBL warrants to purchase 308,000 shares at an exercise price of \$5.00 per share of common stock and warrants to purchase 154,000 shares at an exercise price of \$0.001 per share. Subsequent to the issuance of the warrants to SIBL, it exercised all 154,000 of the warrants to purchase shares of our common stock at an exercise price of \$0.001 per share, for aggregate consideration of \$154. The warrants expire 5 years from issuance (January 4, 2011). The warrants contain anti-dilution provisions, including a provision which requires the Company to issue additional shares under the warrants if the Company issues or sells any common stock at less than \$1.02 per share, or grants, issues or sells any options or warrants for shares of the Company's common stock to convert into shares of the Company's common stock at less than \$1.02 per share.

In connection with the warrants, the Company and Stanford entered into a Registration Rights Agreement (the "Registration Rights Agreement"). Under the Registration Rights Agreement, the Company agreed to prepare and file a Registration Statement with the SEC covering the shares underlying the warrants within 180 days of notice from SIBL of their demand that we file such Registration Statement and to use the Company's best efforts to obtain effectiveness of such Registration Statement as soon as practicable thereafter. In the event the Company does not file a Registration Statement in connection with the shares issuable in connection with the exercise of the warrants after 180 days notice from the warrant holders, the Company agreed to issue the warrant holders as liquidated damages, warrants to purchase 10% of the shares issuable in connection with the warrants, under the same terms and conditions as the warrants, upon such default and for every consecutive quarter in which such default is occurring.

We estimate that the cost to complete the construction of Phase I of the Sonesta Resort will be \$136,500,000 of which \$9,000,000 will be for resort amenities, \$64,000,000 will be for vertical construction on 294 units and \$49,500,000 will be for other costs such as contingencies, closing costs and soft costs such as architectural, engineering, and legal costs. An additional approximate amount of \$14,000,000 will be expended for horizontal construction costs which include all of Phase I requirements plus most of the infrastructure requirements for the entire Project. The \$14,000,000 will be funded by the bonds proceeds held by the Westridge Development District and from equity reserves held by Key Bank. A Land Loan was also funded by Key Bank which was described above in the amount of \$14,850,000, of which approximately \$14,352,900 had been borrowed under as of the date of this filing. We previously had entered into the \$40,000,000 Construction Loan with KeyBank, which loan we decided not to open in favor of alternate, anticipated financing arrangements which we believe will be beneficial to the timely completion of the Sonesta Resort project. We are in the process of negotiating with several lenders for a construction loan for the condominiums and clubhouse and anticipate, although we cannot provide any assurances, that such loan will be evidenced by a firm commitment during the second quarter of 2007. Assuming we are able to enter into a subsequent funding arrangement, we believe that we have sufficient funds to provide for the completion of Phase 1, assuming there are no material cost overruns, delays or further increases in material costs. Phase 2 will be financed separately. It is anticipated that Phase 2 construction will commence by the second or third quarters of 2007, although we cannot provide any assurances that we will have adequate funding to begin construction at that time, if ever.

In November 2003, we entered into an exclusive sales and marketing agreement with Xpress Ltd. ("Xpress") to sell the vacation homes in the Sonesta Resort. Malcolm J. Wright, one of our founders and our Chief Executive Officer and Chairman, and members of his family are the majority shareholders of Xpress. As of December 31, 2006, Xpress had pre-sold approximately 600 vacation homes in a combination of contracts on town homes and reservations on condominiums for total sales volume of approximately \$230 million.

REEDY CREEK ACQUISITION COMPANY, LLC TRANSACTIONS

Background

In July 2005, the Company and Stanford Financial Group Company ("SFG") formed a new limited liability company named Reedy Creek Acquisition Company LLC ("Reedy Creek Acquisition Company") for the purpose of acquiring a parcel of approximately 40 acres of land located adjacent to the Animal Kingdom Theme Park at Walt Disney World, in Orlando, Florida (the "Reedy Creek Property"). The Reedy Creek Property is described in greater detail below under "Development Plans for Reedy Creek Property."

Reedy Creek Acquisition Company acquired the Reedy Creek Property in July 2005 for a purchase price of \$12,400,000. Reedy Creek Acquisition Company paid \$8,000,000 of the purchase price in cash and paid the \$4,400,000 balance pursuant to the terms of a promissory note issued to the sellers secured by a first mortgage lien on the Reedy Creek Property. At the time of the purchase, Reedy Creek Acquisition Company obtained a \$7,150,000 loan from SIBL (the "SIBL Reedy Creek Loan"), secured by a second mortgage lien on the property. The proceeds of this loan were used to pay part of the cash portion of the purchase price and for closing costs associated with the closing. The Company contributed the remainder of the purchase price. At the time of the acquisition of the Reedy Creek Property, Reedy Creek Acquisition Company was owned 99% by SFG and 1% by one of the Company's wholly owned subsidiaries, American Leisure Reedy Creek Inc. ("ALRC"), however ALRC, has since exercised its option (the "Reedy Creek Option") to receive 100% of the interest in the Reedy Creek Acquisition Company in return for \$600,000 paid to SFG in January 2006.

SFG and SIBL are affiliates of Stanford Venture Capital Holdings Inc., a significant shareholder of the Company.

SIBL Reedy Creek Loan Terms

In connection with the exercise of the Reedy Creek Option, Reedy Creek Acquisition Company and SIBL agreed to modify the terms of the SIBL Reedy Creek Loan made by SIBL to Reedy Creek Acquisition Company. The modified loan terms are evidenced by a Renewed, Amended and Increased Promissory Note (the "Amended Note") made by Reedy Creek Acquisition Company in favor of SIBL. The Amended Note had a maturity date of December 31, 2006, but has since been extended until June 30, 2007, pursuant to an Amendment No. 1 to the Amended Note, a principal balance of \$8,000,000 and bears interest at the rate of 8% per year payable quarterly. Interest in the amount of \$262,885 on the Amended Note has been exchanged as consideration for the purchase of the Antigua call center including our subsidiary Caribbean Leisure Marketing, Inc. (described below). Upon an event of default as described in the Amended Note, SIBL has several rights and remedies, including causing the Amended Note to be immediately due and payable.

The Amended Note was replaced in November 2006, by a Renewed, Amended and Increased Promissory Note in the amount of \$12,200,000, by a \$13,420,000 note in December 2006 and by a \$15,300,000 note in January 2007 (the "RC Note"). The RC Note is due and payable on June 30, 2007, with \$8,000,000 of the RC Note bearing interest at the rate of 8% per annum and the remaining \$7,300,000 bearing interest at the rate of 12% per annum.

The RC Note is secured by a second lien on the Reedy Creek Property. It is guaranteed by the Company and Malcolm J. Wright, the Company's Chief Executive Officer and Chairman pursuant to a Modification and Reaffirmation of Guaranty and Environmental Indemnity Agreement. We believe that without the guarantees of Mr. Wright, it would

have been more difficult, if not impossible, for us to secure the SIBL credit facility.

Bankers Credit Corporation Loan

In connection with the exercise of the Reedy Creek Option, the Company and Reedy Creek Acquisition Company arranged to receive a \$7,000,000 loan from Bankers Credit Corporation ("Bankers Credit").

Under the terms of the Bankers Credit loan, Bankers Credit advanced Reedy Creek Acquisition Company \$3,000,000 at closing and an additional \$4,000,000 subsequent to the date of closing. On February 1, 2007, the Bankers Credit note was replaced by an Amended and Restated Promissory Note in the amount of \$7,860,000, which included an additional advance of \$860,000.

The Bankers Credit loan is evidenced by a an Amended and Restated Promissory Note (the "Bankers Credit Note") and bears interest at the greater of the Wall Street Journal published prime rate plus 6.75%, not to exceed the highest rate allowable under Florida law or 15% per year. The interest rate of the Bankers Credit Note as of March 13, 2007, was 15% (with a prime rate, as reported by the Wall Street Journal of 8.25%). Interest on the Bankers Credit Note is payable monthly. The maturity date of the Bankers Credit Note was January 3, 2007, but was extended until February 1, 2008, pursuant to the amendment to the note. Pursuant to the Bankers Credit Note, Reedy Creek Acquisition Company agreed to pay a 10% late charge on any amount of unpaid principal or interest under the Bankers Credit Note. The Bankers Credit Note is subject to a 1% exit fee. Upon an event of default as described in the Bankers Credit Note, Bankers Credit has several rights and remedies, including causing the Bankers Credit Note to be immediately due and payable.

The Bankers Credit Note is secured by a first lien on the Reedy Creek Property. Additionally, the Bankers Credit Note is guaranteed by the Company and Malcolm J. Wright, the Company's Chief Executive Officer and Chairman pursuant to a Guaranty Agreement. We believe that without the guarantees of Mr. Wright, it would have been more difficult, if not impossible, for us to secure the Bankers Credit, loan facility.

Reedy Creek Acquisition Company utilized the initial proceeds from the Bankers Credit loan to pay a portion of the amount owed on the existing first mortgage note issued to the sellers of the Reedy Creek Property. The holder of this mortgage agreed to release the mortgage in exchange for this payment. Reedy Creek Acquisition Company has now paid the balance of this mortgage note upon the receipt of the balance of the Bankers Credit loan.

Development Plans for Reedy Creek Property

The Reedy Creek Property is situated in the northern section of Osceola County, Florida and lies on three contiguous development parcels located to the immediate north of U.S. Highway 192 West, about one mile from the "Maingate" entrance to Walt Disney World, Orlando and 0.75 miles from the entrance to "Disney's Animal Kingdom" theme park. The property is one of only a small number of privately owned parcels abutting Walt Disney World (north and east boundaries).

The Reedy Creek Property consists of three parcels totaling over 40 gross acres with approximately 29 acres of buildable land. The Osceola County Comprehensive Land Plan for the site allows vacation homes at a density of 18 units per acre, which results in a maximum allowable project density of 522 residential units. To achieve the maximum density, it is anticipated that the project will consist of mid-rise condominium buildings. Amenities proposed on-site include a water park with swimming pools, guest services clubhouse, and other related on-site resort amenities.

It is anticipated that Walt Disney World's Reedy Creek Improvement District (the "District"), a quasi-government body whose constituents are all affiliated with Walt Disney World Company, will agree to construct and pave the widening and extension of Reedy Creek Boulevard north and westward at its expense. We are currently working with the District towards this end. The District will have a public hearing during which it is anticipated that the District will be given the authority to acquire the land from Reedy Creek Acquisition Company and make the improvements to Reedy Creek Boulevard. If the District acquires the requisite authority from its constituents, Reedy Creek Acquisition Company has agreed to convey relatively small portions of the three combined properties to constitute this roadway. Reedy Creek Acquisition Company will benefit from the conveyance by saving the cost of the road it would have to build anyway and it will enhance the required road frontage for the project.

Though "Developments of Regional Impact" (DRI) are underway, we are seeking to maximize Reedy Creek's property development and sales by obtaining governmental approval for more housing units than was initially planned. Although there is no assurance of the additional density that may be achieved through the DRI process, we believe that Reedy Creek may gain approval to develop as many as 678 additional units.

The Company's development of the Reedy Creek Property is currently planned to begin in the fourth quarter of 2009, with the completion of such property planned for 2010 or 2011, subject to funding and scheduling permitting. The Company will not know the total estimated cost of the development of the Reedy Creek Property until it has determined the market and completed designs for the properties. The Company does not currently have any funding in place for any of the capital which will be required to complete the development of the Reedy Creek Property and there is no assurance that funding will be available on favorable terms, if at all. The Company is currently seeking a joint venture partner for this property.

Note Modification Agreement

In February 2006, we entered into a Note Modification Agreement with SIBL, whereby we agreed to modify certain provisions of our outstanding promissory notes with SIBL to grant extensions of payments due. Pursuant to the Note Modification Agreement, we and SIBL agreed that all interest due on our \$6,000,000 note, from January 1, 2005, through September 30, 2006, shall be due and payable on September 30, 2006, which due date has since been extended by SIBL to December 31, 2008, with all interest thereafter payable with the original terms of that note however, as consideration for the purchase of the Antiguan call center including our subsidiary Caribbean Leisure Marketing, Inc. (described below), SIBL exchanged \$546,000 of accrued interest; that all interest accrued on the \$3,000,000 note we have with SIBL, from the date of the note until September 30, 2006, shall be due and payable on September 30, 2006, which due date has since been extended by SIBL to April 22, 2007, which has been further extended to January 1, 2008, pursuant to the Modification Agreement effective December 31, 2006, described above, with all interest thereafter payable with the original terms of that note; however, as consideration for the purchase of the Antiguan call center including our subsidiary Caribbean Leisure Marketing, Inc. (described below), SIBL exchanged the \$654,080 of accrued interest as of June 30, 2006 as well as our \$1,250,000 note with SIBL which was previously due September 30, 2006, and that no payments of principal or interest on that note shall be payable until the extended due date of that note; however, as consideration for the purchase of the Antiguan call center including our subsidiary Caribbean Leisure Marketing, Inc. (described below), SIBL exchanged this note and \$161,342 of accrued interest; that the maturity date of our \$1,355,000 note with SIBL be extended until June 30, 2007, which has been further extended to January 1, 2008, pursuant to the Modification Agreement effective December 31, 2006, described above, and that no payments of principal or interest on that note shall be payable until the extended due date of that note; that the maturity date of our \$305,000 note with SIBL be extended until June 30, 2007, which has further been extended until January 1, 2008, pursuant to the Modification Agreement effective December 31, 2006, described above, and that no payments of principal or interest on that note shall be payable until the extended due date of that note, however, as consideration for the purchase of the Antiguan call center including our subsidiary Caribbean Leisure Marketing, Inc. (described below), SIBL exchanged interest of \$85,867 on our \$2,100,000 note with SIBL with a maturity date of December 27, 2007.

Purchase of Minority Interest In Tierra Del Sol

In March 2006, and effective as of December 31, 2005, we purchased the minority interest of our now wholly owned subsidiary, Tierra Del Sol, Inc. (the "Minority Interest") from Harborage Leasing Corporation ("Harborage"). The purchase price of the Minority Interest from Harborage was a promissory note for \$1,411,705 ("Harborage Note"), which was paid in August 2006; the right to receive, without payment, two (2) three-bedroom condominium units to be constructed in Phase 2 of the Sonesta Resort, or in the event title to both such units is not delivered by December 31, 2007, then, in lieu thereof, payment of \$500,000 for each such unit that is not transferred by such date; 197,000 shares of the Company's common stock; and warrants to acquire 300,000 additional shares of the Company's common stock at an exercise price of \$5.00 per share. The warrants expire if unexercised five (5) years from their date of grant. Pursuant to the Stock Purchase Agreement, Harborage had the right to require the Company to purchase all or a portion of the Harborage 197,000 shares at \$5.00 per share, for sixty (60) days, beginning January 1, 2007 (the "Put Option"), however such Put Option was extended pursuant to an Amendment to the Stock Purchase Agreement entered into with Harborage on January 1, 2007, and now allows Harborage the right to require us to repurchase the 197,000 shares at \$5.00 per share, at any time during the six (6) month period beginning January 1, 2008 and ending June 30, 2008. The Harborage Note and shares are guaranteed by Malcolm J. Wright, the Company's Chief Executive Officer and Chairman of the Company.

TRAVEL SERVICES

Travel Services Industry Overview

The travel services industry is made up of two broad categories, corporate business travel and individual leisure travel. TravelLeaders does the majority of their business in the corporate travel management category and a small portion of individual leisure travel, while Hickory provides services to a variety of agencies that focus on corporate business travel.

Corporate travel management became prevalent largely as a result of the deregulation of the airline industry in 1978. Complex pricing strategies and airline rules and the elimination of previously available commission arrangements created an opportunity for travel management companies to assist corporate clients in optimizing the value of their travel expenditures.

Travel is generally the second largest controllable expense, behind personnel, for most companies. Corporate travel management companies like TravelLeaders and most of Hickory's members reduce travel expenses for their clients by creating and documenting travel policies, negotiating favorable pricing directly with travel suppliers, and streamlining the reservation process with customized profiles and client-selected technologies including on-line booking tools.

The corporate travel management industry has changed significantly in the last ten years. Elimination of airline commissions drove the industry to fee-for-service arrangements, and rapid enhancements to technology allowed an expansion of service offerings to clients. Successfully servicing those clients requires significant technological, financial and operational resources, meaning that larger corporate travel management companies such as TravelLeaders and Hickory may have a competitive advantage. We believe the corporate travel management industry is undergoing a period of consolidation as a result and that significant growth opportunity exists in the industry.

The industry's role and capacity as a distribution channel, and its relationship with both clients and suppliers, is also undergoing significant change as a result of the Internet and other technological innovations. We believe these innovations offer opportunities for corporate travel management companies to increase the efficiency of their distribution capacities and enhance services provided to travelers and management.

Our Travel Services

We manage and distribute travel services through Hickory, our 50.83% owned subsidiary and previously contracted with Around The World Travel, Inc. to manage TraveLeaders, a fully integrated travel services distribution business based in Coral Gables, Florida, which contract was terminated on August 1, 2006. We acquired our interest in Hickory in October 2003. On December 30, 2004, we and ALEC, entered into an Asset Purchase Agreement with AWT (the "Asset Purchase Agreement") to acquire substantially all of Around The World Travel's assets which included the business name "TraveLeaders" and all of the tangible and intangible assets necessary to operate TraveLeaders. The purchase price was originally \$17.5 million, which price was determined by an independent valuation company based, in part, on economic information provided by Around The World Travel, Inc. and was comprised of the value as determined by the valuation firm, \$16 million, calculated on a going concern basis plus \$1.5 million.

We amended the Asset Purchase Agreement effective March 31, 2005 ("Amended Purchase Agreement"), to change the form of consideration that we paid for the TravelLeaders assets. Under the amendment, the liabilities assumed were reduced to \$4,242,051, we exchanged certain working capital loans in the amount of \$4,774,619 that Around The World Travel, Inc. owed to us and we cancelled the issuance of Series F preferred stock, which was originally included in the purchase price. In addition, we issued a 60 month, 6% per annum note in favor of Around The World Travel in the principal amount of \$8,483,330 (the "Purchaser Note"). During the first quarter of 2005, we transferred to Around The World Travel allowance for doubtful accounts, pre-pays and security deposits that we had acquired pursuant to the Asset Purchase Agreement to reduce the amount of the note. We also allowed Around The World Travel to retain an amount of accounts receivable that we had acquired, which further offset the note.

On or about November 14, 2005, the Company and ALEC asserted certain claims against AWT with respect to the alleged breach of the Asset Purchase Agreement and a Management Agreement (the "Management Agreement"). The claimed breach of the Management Agreement was the failure of AWT to pay withholding taxes for its employees to the Internal Revenue Service. After negotiations among the parties, the parties agreed to settle the claims made by the Company and ALEC regarding the Asset Purchase Agreement pursuant to the terms of a Settlement Agreement entered into on February 24, 2006, and effective as of December 31, 2005 (the "Settlement Agreement").

The Settlement Agreement provided that the purchase price under the Amended Purchase Agreement be reduced from \$17,500,000 to \$9,000,000. The parties agreed to implement the reduction of the purchase price by eliminating the remaining balance of the Purchaser Note (which had a balance of \$5,297,788 as of December 31, 2005) and by establishing an obligation of AWT to pay to ALEC the amount of \$3,185,548 as of December 31, 2005, which has not been paid to date, but was written-off during the three months ended December 31, 2006. As a result of the write-off, AWT no longer owes us any money.

Under the terms of the Settlement Agreement, the Company, ALEC and AWT agreed to release each other (and their respective officers and Directors) from all claims based upon the Asset Purchase Agreement. Additionally, the parties agree to waive any right to indemnity or contribution which they may have against each other (and their respective officers and Directors) for any liability which they might incur to certain plaintiffs in certain pending litigation including Simon Hassine and Seamless Technologies, provided that the waiver does not cover any liability incurred by the releasing party that is attributable to any act or omission of the released party that constitutes bad faith or is not known to the releasing party.

TravelLeaders

We provide our clients with a comprehensive range of business and vacation travel services, including corporate travel management (including reservations, profiled service levels, financial and statistical reporting and supplier negotiations), leisure sales (including sales to individuals and to travel and vacation clubs), and meeting, special event and incentive planning. We provide integrated solutions for managing corporate travel on a worldwide scale. We also offer corporate travel services on a local and regional level. Our corporate travel services provide our clients with a complete suite of travel services that range from completely 'agent-free' Internet booking tools to specialized expert travel agent guidance. Our private label websites provide our corporate clients with an exclusive portal for corporate and leisure travel planning and booking. Our corporate-clients range in size from companies with as few as two to three travelers to companies with several hundred travelers or more. We develop corporate travel policies, manage corporate travel programs and design and develop information systems tailored for our clients. The benefits derived by our clients typically increase proportionately with the amount of spending, in that we can obtain direct benefits for the clients by negotiating favored terms with suppliers and provide the client with better management information regarding their spending patterns through active, involved account management and customized reporting capabilities.

We provide vacation travel services using destination specialists who have first-hand knowledge of various destinations and the capability to handle a client's specific vacation travel needs. We help our clients design and implement vacations suited to their particular needs and try to do this in the most cost-efficient manner. We provide meeting, special event and incentive planning to corporate clients ranging from Fortune 500 companies with thousands of travelers to smaller companies with more modest meeting requirements. We plan events ranging in size from 10 to over 3,000 people. We have the capability to coordinate all aspects of a client's conference or event including servicing general travel needs, booking group airline tickets as well as meeting supervision and the production of all collateral needs. Our meeting, special event and incentive planning services include program development, promotion support, site selection, contract negotiations, registration and on-site management for corporate events in addition to fulfillment of travel service requirements. We also provide discount airline ticket and hotel programs.

Hickory Travel Systems, Inc.

Hickory is a travel management service organization that serves its network/consortium of approximately 160 well-established travel agency members, comprising more than 3,000 travel agency locations worldwide, that focus primarily on corporate travel. We utilize

Hickory's 24-hour reservation services, international rate desk services, discount hotel programs, preferred supplier discounts, commission enhancement programs, marketing services, professional services, automation and information exchange.

American Travel & Marketing Group

American Travel & Marketing Group, Inc., our 81% owned subsidiary, develops and operates affinity-based travel clubs. We believe that highly advantageous travel benefits are the key to distinguishing our affinity club creation and management from the older model of single purpose clubs. In addition to travel benefits, we actively promote cross-marketing strategies to engage non-traditional sponsors to provide significant benefits to the members that would otherwise not be available to them in a traditional affinity club. We utilize TraveLeaders to fulfill the travel service needs of these affinity-based clubs.

Distribution Of Our Travel Services

We provide our travel services to our clients through several distribution channels, including traditional brick and mortar regional and branch offices, dedicated on-site corporate travel departments, call centers and Internet based technologies.

TraveLeaders has two large customer service operations in Coral Gables, Florida and Irvine, California with five branch offices as follows:

Florida

- o Boca Raton;
- o Orlando; and
- o Tampa

Ohio

- o Cincinnati

California

- o Irving; and
- o San Francisco

These branch offices provide several corporate and vacation travel services to our clients. These offices are primarily used by small companies as well as vacation travelers seeking expertise in domestic and international destinations. In addition, TraveLeaders has one leisure travel office in Largo, Florida.

We operate approximately twenty-four (24) on-site offices through TraveLeaders located at corporate client premises, where we provide private label websites, customized trip planning, reservation and ticketing services to the employees of such corporate clients.

Hickory operates a 24-hour call center that we use to service our travel clients and provide travel marketing services.

We also maintain an online reservation and booking website at www.traveleaders.com. This website permits both corporate and vacation clients to book airline flights, hotel reservations, car rental reservations, cruises and vacation specials. We currently operate over a dozen web sites dedicated to specific types of travel planning.

Competition In The Travel Industry

The travel services industry is highly competitive. We compete with a large number of other providers of corporate and vacation travel services. Some of our competitors include multi-national corporations that have significantly greater resources than we have. These significantly larger competitors continue to expand their size, which may provide them access to new products and more competitive pricing than we can offer and may provide them certain economies of scale, which we may be unable to compete with. We also compete with Internet travel service providers and directly with travel suppliers including, airlines, cruise companies, hotels and car rental companies. Additionally, we are faced with increasing use of the Internet by both business and vacation travelers to purchase products and services directly from travel suppliers that could result in bypassing us and travel service providers similarly situated to us. To meet that competition, we have developed and will continue to develop business models to enable TravelLeaders to obtain a growing market share of the 'agent free' travel business. We also compete by bundling our products in competitively priced tour packages.

Vacation Home And Travel Resort Operations

Our vacation home and travel resort operations will be conducted within three business segments. One will acquire tracts of real estate suitable for the development of vacation resort properties, which will be subdivided, improved and sold, typically on a retail basis as vacation home sales. The second segment is the ongoing hospitality management of the resorts built by us. The third operation is planned to develop, market and sell vacation ownership interests in our future resort properties primarily through vacation clubs. While our vacation home management programs will not be a condition of purchase at any of our resorts, the consumer may elect to employ our management subsidiary to handle all aspects of the care and economics of their vacation home, including but not limited to the supervision of the home in a rental arrangement.

Travel Clubs

We have developed a travel club system and travel incentive strategy that creates and fulfills the travel and incentive needs of corporations, organizations and associations with significant member bases. Typically, we identify a national retail entity and propose to create a club comprising persons in their target demographic for the purpose of fostering loyalty to the entity's brands. The incentives for membership are a rich assortment of discounted travel opportunities that are tailored to the target demographic as well as a significant array of special membership benefits that are provided by sponsors of nationally known products and services. We will derive revenues from membership dues, sponsorship premiums and travel commissions. In addition to revenue generation, we also plan to seek to provide traffic to our vacation home and resort properties. We believe that we will generate increased travel business through the creation of additional clubs comprised of affinity-based travelers. We are the proprietor and manager of the clubs that we create. As such, we anticipate that we will generate revenues from annual membership fees and commissions earned on the sale of travel services once our infrastructure has been finalized to enable our other businesses to communicate and sell to the affinity-based club databases we operate. We expect to derive revenue from sales opportunities to Hickory's corporate clients, Hickory's bulk purchasing power and fulfillment capacity, and access to vacation home and resort properties that we plan to develop.

Communications Services

In December 2004 we entered into a joint venture with IMA Antigua, Ltd., a Barbados company, to operate a call center in Antigua that we own. The joint venture is operated through Caribbean Media Group, Ltd., an international business corporation formed under the laws of Barbados. We owned 49% of this joint venture which operated the call center, until August 2006, at which time we sold our interest in the call center to Stanford International Bank Limited ("SIBL"), pursuant to a Stock Purchase Agreement (the "Stock Purchase Agreement"), as described in greater detail under "Recent Events." These operations are reported as discontinued operations in the attached financial statements.

The co-venturer in the call center, IMA, Ltd. owns the remaining 51% interest in the call center. The call center provides in-bound and out-bound traffic for customer service, customer retention and accounts receivable management. The clients of the call center are well known national businesses with well-established credit and operational systems.

Due to the Stock Purchase Agreement, we no longer have any interest in the Caribbean Media Group, Ltd. or the call center.

Patents, Trademarks & Licenses

We, through our wholly owned subsidiary American Leisure Equities Corporation ("ALEC"), hold a registered trademark, Serial Number 78611764, registration number 3170741, for the service mark "TravelLeaders."

Government Regulation

The travel, real estate development and vacation ownership industries are subject to extensive and complex regulation. We are, and may in the future be, subject to compliance with various federal, state, and local environmental, zoning, consumer protection and other statutes and regulations regarding the acquisition, subdivision and sale of real estate and vacation ownership interests. On a federal level, the Federal Trade Commission has taken an active regulatory role through the Federal Trade Commission Act, which prohibits unfair or deceptive acts or competition in interstate commerce. We are, or may be subject to the Fair Housing Act and various other federal statutes and regulations. In addition, there can be no assurance that in the future, vacation ownership interests will not be deemed to be securities subject to regulation, which could increase the cost of such products. We believe that we are in compliance in all material respects with applicable regulations. However, the cost of complying with applicable laws and regulations may be significant. Any failure to comply with current or future applicable laws or regulations could have a material adverse effect on us.

We are subject to various federal and state laws regarding our tele-service sales and telemarketing activities. We believe we are in compliance in all material respects with all federal and state telemarketing regulations. Our practices and methods may be or become subject to additional regulation or regulatory challenge.

The industries we will serve may also be subject to varying degrees of government regulation. Generally, in these instances, we rely on our clients and their advisors to develop and provide us with the scripts for their particular purposes. We anticipate that our clients will indemnify us against claims and expenses arising with respect to the scripts provided by our clients.

Employees

We have approximately 295 employees, all of which are full-time employees. Those employees are distributed among our parent and subsidiary companies as follows:

o TravelLeaders
-200 employees;

o Hickory Travel Systems, Inc.
- 89 employees;

o American Leisure Equities Corporation
- 1 employee; and

o American Leisure Holdings, Inc.
- 5 employees.

There are no collective bargaining contracts covering any of our employees. We believe our relationship with our employees is satisfactory.

RECENT EVENTS

In August 2006, with an effective date of June 30, 2006, we and several of our subsidiaries, including Castlechart Limited ("CLM"), our former wholly owned subsidiary, which owns 81% of the issued and outstanding stock of Caribbean Leisure Marketing Limited ("Caribbean Leisure Marketing"), which in turn owned 49% of the issued and outstanding stock of Caribbean Media Group, Ltd. ("Caribbean Media Group"), which owned and operated our call center in Antigua, entered into a Stock Purchase Agreement with Stanford International Bank Limited ("SIBL" and the "Stock Purchase Agreement").

The Stock Purchase Agreement provided that we would sell SIBL, all of our interest in CLM for an aggregate purchase price of \$5,663,274. In connection with the purchase, SIBL also agreed to exchange the interest on several of our outstanding promissory notes with SIBL, and to amend the due date of such notes, described in greater detail below, and we agreed to grant SIBL a warrant to purchase 355,000 shares of our common stock at an exercise price of \$10.00 per share, which warrants have an expiration date of April 30, 2008, and contain certain anti-dilution clauses, whereby if we grant any options or sell any shares of common stock for less than \$1.02 per share, the exercise price of the 355,000 warrants will reset to such lower price.

In connection with the Stock Purchase Agreement, SIBL exchanged the following debts which we owed to SIBL: a \$1,250,000 promissory note and accrued interest thereon through June 30, 2006; a \$2,100,000 promissory note and accrued interest thereon through June 30, 2006; all accrued and unpaid interest on our \$6,000,000 note with SIBL as of June 30, 2006; all accrued and unpaid interest on our \$3,000,000 promissory note payable to SIBL as of June 30, 2006; and \$262,885 of accrued interest on our \$8,000,000 promissory note payable to SIBL, and all accrued fees on our \$6,000,000 letter of credit, which SIBL agreed to guaranty in connection with the KeyBank loans.

Additionally, in connection with the Stock Purchase Agreement, SIBL also agreed to restate the due dates of the notes which we owe to SIBL, including, the \$6,000,000 note, which due date has been further restated due to the Modification Agreement described below to January 1, 2008; the \$3,000,000 note, which now has a maturity date of January 1, 2008 pursuant to the Modification Agreement; the \$1,355,000 note, which now has a maturity date of January 1, 2008 due to the Modification Agreement; the \$8,000,000 note, which has since been further extended to

June 30, 2007; and the \$305,000 note, which has a maturity date of January 1, 2008, which was further extended in connection with the Modification Agreement.

Finally, in connection with the Stock Purchase Agreement, CLM was released and discharged from any liability under the \$6,000,000 note or the \$305,000 note with SIBL, which it previously agreed to guarantee.

On and effective as of August 1, 2006, our Management Agreement and the License Agreement with Around the World Travel ("AWT"), which we entered into with AWT on December 30, 2004, was terminated. American Leisure Equities Corporation, which is a wholly owned subsidiary, is now operating and managing the TravelLeaders assets.

In August 2006, Tierra del Sol Resorts, Inc. entered into a guaranteed maximum price construction contract with Resorts Construction, LLP ("Resorts Construction") to construct and develop part of the Sonesta Resort and its town home properties. Resorts Construction is 50% owned by Malcolm J. Wright, the Company's Chief Executive Officer and Chairman. We believe that the contract with Resorts Construction provides significant savings over our previous contract with PCL Construction, and is advantageous to the Company in comparison with terms available in the market from other third party contractors. Pursuant to the contract with Resorts Construction, we agreed to pay Resorts Construction a contractor's fee equal to 5% of the total cost of the construction performed by Resorts Construction and 7.5% for general conditions. Any payments owed under the Resorts Construction contract which are not paid when due bear interest at the rate of 12% per annum. We provided Resorts Construction a payment of \$4,000,000 upon our entry into the construction agreement with Resorts Construction, which funds Resorts Construction has used to begin construction of Phase 1 of the Sonesta Resort.

Purchase of Vici Note

In August 2006, we entered into a Purchase Agreement with SIBL, whereby we agreed to purchase a \$750,000 promissory note from SIBL, which note was originally received by SIBL from Scott Roix, an individual, in connection with SIBL's sale of its interest in Vici Marketing Group, LLC ("Vici" and the "Vici Note") to Mr. Roix, and which Note bears interest at the rate of 8% pre annum, payable on June 30, 2008. In consideration for the purchase of the Vici Note, we agreed to issue SIBL 235,000 shares of our common stock and a five year warrant to purchase 235,000 shares of our common stock at an exercise price of \$20 per share (the "Vici Warrant"). We also granted SIBL demand registration rights in connection with the registration of the shares underlying the Vici Warrant. The balance of the Vici Note as of December 31, 2006 was \$500,000.

Employment Agreement

In August 2006, we entered into an Employment Agreement with Jason Williams, who agreed to serve as our Associate General Counsel and Assistant Secretary for a period of two years, which Employment Agreement shall terminate on August 21, 2008, unless terminated earlier pursuant to the agreement. Pursuant to the Employment Agreement, Mr. Williams will receive a salary of \$150,000 per year (pro rated for any incomplete years), which salary shall increase by no less than 10% per annum each year he is employed under the Employment Agreement. He is also eligible to receive a bonus in connection with his Employment Agreement and received 50,000 warrants to purchase shares of our common stock at \$1.02 per share immediately upon his entry into the Employment Agreement and will receive an additional 25,000 warrants upon the one and two year anniversaries, respectively, of such Employment Agreement, if he is still employed by us at that time. The Employment Agreement may be terminated by us at any time for "cause" as defined in the agreement, or by Mr. Williams at any time. Upon the expiration of the initial term of the agreement, if not terminated by either party previously, the employment agreement shall continue for additional six (6) month terms subject to termination by either party with thirty (30) days written notice.

Credit Agreements

On November 22, 2006, we entered into a Credit Agreement through our wholly owned subsidiary Reedy Creek Acquisition Company, LLC ("RCAC") and Stanford International Bank Limited ("SIBL"), to provide RCAC a \$4,300,000 credit facility (the "RC Credit Agreement"). SIBL had previously loaned RCAC \$7,150,000 on July 8, 2005 and \$850,000 on January 5, 2006, which loans were evidenced by a Renewed, Amended and Increased Promissory Note in the amount of \$8,000,000, which we had guaranteed. In connection with the RC Credit Agreement, the Renewed, Amended and Increased Promissory Note was replaced by a Second Renewed, Amended and Increased Promissory Note in the amount of \$12,200,000, which was replaced by a Third Renewed, Amended and Increased Promissory Note in the amount of \$13,420,000, which was replaced by a Fourth Renewed, Amended and Increased Promissory Note in the amount of \$15,300,000 (the "Amended RC Note"). Malcolm J. Wright, our Chairman and Chief Executive Officer personally guaranteed the repayment of the RC Note. In December 2006, Mr. Wright received 366,000 warrants to purchase shares of our common stock at an exercise price of \$1.02 per share in connection with his guaranty of the RC Credit Agreement, equal to three percent (3%) of to the total indebtedness of the RC Credit Agreement.

We entered into a Second Mortgage Modification Agreement and Future Advance Certificate with SIBL in connection with our entry into the RC Credit Agreement, which provided SIBL a mortgage over certain real property owned by us in Osceola County, Florida, to secure the repayment of the RC Note.

On December 18, 2006, we entered into "Amendment No. 1 to the \$4.3 Million Credit Agreement" the ("Amended RC Credit Agreement") with SIBL and RCAC, which amended the terms of the RC Credit Agreement, to increase the loan amount under such agreement from \$4,300,000 to \$5,420,000, to include an advance of \$1,120,000 which was received on December 18, 2006 to cover the placement of an appeal bond by us and related expenses paid by us on

behalf of South Beach Resorts, LLC ("Resorts," which we purchased pursuant to the Purchase Agreement, described and defined below) in connection with Resorts' purchase of the Boulevard Hotel (described below) from a company which was then in Chapter 11 bankruptcy, and a subsequent dispute regarding such purchase. The Amended RC Credit Agreement also amended and restated the RC Note in the amount of \$13,420,000, evidenced by a "Third Renewed, Amended and Increased Promissory Note" (the "Amended RC Note"), to include the increased Amended RC Credit Agreement amount and provided for Malcolm J. Wright, our Chief Executive Officer and Chairman to provide a restated Guaranty to SIBL to include the amended loan amount. Mr. Wright received 33,600 warrants to purchase shares of our common stock at an exercise price of \$1.02 per share in connection with his guaranty of Amended RC Credit Agreement, equal to three percent (3%) of the total indebtedness of the increased amount of the RC Credit Agreement.

We also entered into a Third Mortgage Modification Agreement and Future Advance Certificate in connection with the increased RC Loan, which increased SIBL's mortgage on certain of our property in Osceola County, Florida to secure the Amended RC Loan.

On January 31, 2007, we entered into an "Amendment No. 2 to the \$4.3 Million Credit Agreement" the ("Second Amended RC Credit Agreement") with SIBL and RCAC, which amended the terms of the Amended RC Credit Agreement, to increase the loan amount under such agreement from \$5,420,000 to \$7,300,000, to include an advance of \$1,880,000. The Second Amended RC Credit Agreement also amended and restated the RC Note in the amount of \$15,300,000, evidenced by a "Fourth Renewed, Amended and Increased Promissory Note" (the "Amended RC Note"), to include the increased Second Amended RC Credit Agreement amount and provided for Malcolm J. Wright, our Chief Executive Officer and Chairman to provide a restated Guaranty to SIBL to include the amended maximum loan amount of \$7,300,000. Mr. Wright received 56,400 warrants to purchase shares of our common stock at an exercise price of \$1.02 per share in connection with his guaranty of Amended RC Credit Agreement, equal to three percent (3%) of the total indebtedness of the increased amount of the RC Credit Agreement.

On November 22, 2006, we entered into a Credit Agreement with Stanford Venture Capital Holdings, Inc. ("Stanford"), Tierra Del Sol Resort (Phase 2), Ltd., Costa Blanca II Real Estate, LLC, Costa Blanca III Real Estate, LLC, TDS Town Homes (Phase 2) LLC and TDS Clubhouse, Inc. (the "TDSR Credit Agreement") to provide \$6,200,000 of capital for (1) the repayment of the RC Credit Agreement, which was later amended to include the repayment of the increased amount of the Amended RC Credit Agreement in connection with the Amended TDSR Credit Agreement (described below), (2) construction of the pool complex at the Tierra del Sol Phase One project, (3) furniture, fixtures and equipment, and (4) various other expenses. Any amounts borrowed under the TDSR Credit Agreement bear interest at the rate of 12% per annum, and any amounts not paid when due will bear interest at the rate of 15% per annum. Any amounts borrowed under the TDSR Credit Agreement are due and payable on June 30, 2007.

On December 18, 2006, we also entered into "Amendment No. 1 to \$6.2 Million Credit Agreement" (the "Amended TDSR Credit Agreement") to amend the TDSR Credit Agreement to reflect the Amended RC Credit Agreement amount, which is to be repaid with any funds received in connection with the exercise of the Amended TDSR Credit Agreement.

On January 31, 2007, we entered into "Amendment No. 2 to \$6.2 Million Credit Agreement" (the "Second Amended TDSR Credit Agreement") to amend the TDSR Credit Agreement to reflect the Second Amended RC Credit Agreement amount, which is to be repaid with any funds received in connection with the exercise of the Second Amended TDSR Credit Agreement.

The Second Amended TDSR Credit Agreement is not effective until we substitute a portion of Tierra Del Sol Resorts, Inc. as collateral for future advances under the Second Amended TDSR Credit Agreement, and as such, we have not borrowed any funds pursuant to the Second Amended TDSR Credit Agreement to date. We anticipate the funds received from the Second Amended TDSR Credit Agreement, if such agreement is funded to be used to repay the Second Amended RC Credit Agreement.

We paid Stanford a placement fee of \$186,000 (or 3% of the TDSR Credit Agreement amount) as a placement fee upon our execution of the TDSR Credit Agreement. Malcolm J. Wright has agreed to guarantee the repayment of a \$6,200,000 promissory note, which we plan to provide Stanford to evidence the amount borrowed under the TDSR Credit Agreement, assuming we choose to move forward with such credit facility. It is anticipated that if the Amended TDSR Credit Agreement is funded, Mr. Wright will receive approximately 186,000 warrants to purchase shares of our common stock at an exercise price of \$1.02 per share, in connection with his guaranty.

Warrant Participation Agreement

In connection with SIBL's agreeing to enter into the Amended RC Credit Agreement, we entered into a Warrant Participation Agreement with SIBL, Resorts, Malcolm J. Wright and Frederick Pauzar (the "Participation Agreement"), whereby we granted SIBL and six (6) of its assigns the right to a 25% participation interest (the "Participation Interest") in the Net Proceeds (as defined below) realized by us upon the disposition of the real property located at 740 Ocean Drive, Miami Beach, Florida, known as the Boulevard Hotel (the "Property"), for aggregate consideration of \$1.00 per warrant (collectively, the "Warrant"). "Net Proceeds" is defined as the proceeds realized upon the disposition or refinancing of the Property, less our cost basis in the Property, excluding any operating losses or operating profits. In the event the Property is not sold by us by December 22, 2009, we agreed to appoint SIBL as true and lawful proxy of us in connection with the engagement of a real estate broker and the subsequent sale of the Property. Mr. Wright and Mr. Pauzar are jointly and severally liable for our obligations under the Participation Agreement, however they are not receiving any warrants in connection with such guaranties.

The Warrant was evidenced by seven (7) Warrants, which are exercisable at any time prior to the disposition date of the Property, which Warrants were distributed as follows:

Percentage of Participation Interest	Percentage of Total Net Proceeds	Name	Exercise Price
SIBL	\$ 1.00	50%	12.5%
Daniel T. Bogar	\$ 1.00	11.5625%	2.891%
William R. Fusselmann	\$ 1.00	11.5625%	2.891%
Oswaldo Pi	\$ 1.00	11.5625%	2.891%
Ronald M. Stein	\$ 1.00	11.5625%	2.891%
Charles M. Weiser	\$ 1.00	1.8750%	0.468%
Tal Kimmel	\$ 1.00	1.8750%	0.468%
Totals	\$ 7.00	100%	25%

Purchase of South Beach Resorts, LLC

On December 21, 2006, we entered into a Purchase Agreement with SBR Holding Company, LLC ("SBR") which was owned by Frederick Pauzar, a Director of us and our President, and Malcolm J. Wright, our Chairman and Chief Executive Officer (the "Purchase Agreement"). Pursuant to the Purchase Agreement, we purchased 100% of the outstanding membership interests in South Beach Resorts, LLC, a Florida limited liability company from SBR ("Resorts") and then acquired SBR Holdings, LLC for no consideration. The Purchase price for Resorts was equal to 75% of the Net Proceeds (as defined above) realized by us upon the planned disposition the Property (as defined above), up to a maximum of \$3,000,000. The ownership of Resorts was transferred to us in connection with our entry into the Purchase Agreement pursuant to an Assignment of Interest, and the consideration payable to SBR in connection with the sale of the Property will be paid immediately after the disposition of the Property.

On or around the closing of the Resorts purchase, we also entered into a note with Roger Maddock a significant shareholder of us, to evidence \$3,590,811 in loans and advances Mr. Maddock had previously made to Resorts (the "Maddock Note"), the payment of which was guaranteed by us pursuant to a Guaranty Agreement.

The Maddock Note bears interest at the rate of 12% per annum until paid, provided that any amount not paid when due shall bear interest at the rate of the lesser of 18% per annum or the highest rate of interest allowable by law.

The Maddock Note is due and payable by us, together with any accrued and unpaid interest on December 31, 2008. Accrued interest is due quarterly in arrears under the Maddock Note, on the last day of each calendar quarter. We have the right to prepay the Maddock Note at any time prior to the due date of the note without penalty.

On January 11, 2007, Resorts, our wholly owned subsidiary defaulted on a loan due to Marathon Structured Finance Fund L.P. ("Marathon"). The loan principal is \$7,498,900 and accrued interest of \$79,910 is due at January 11, 2007. Marathon has a mortgage interest on the Property in connection with the loan.

A Forbearance Agreement was subsequently executed with Marathon to waive the default until April 11, 2007, provided SBR continues to make monthly interest payments on the debt outstanding and a principal payment of \$750,000 was made on February 8, 2007. An additional forbearance to July 11, 2007 is allowed provided that an additional \$500,000 principal payment is made on or before July 3, 2007.

On February 9, 2007, SBR entered into a 180 day, \$750,000 loan agreement at the Wall Street Journal prime rate plus 1%, currently equal to 9.25%, with the prime rate at 8.25% as of the filing of this report, with International Property Investors AG, a corporation organized under the laws of Liechtenstein, secured by SBR's property. The proceeds of the loan were used solely for the payment of fees owed by SBR to Marathon pursuant to the Forbearance Agreement.

We are currently working to secure new financing to replace the Marathon loan; however we can provide no assurances that such financing will be raised on favorable terms, if at all. The Marathon loan bears interest at the rate of the greater of (a) ten percent (10%) or (b) the London Interbank Offered Rate (LIBOR) plus seven percent (7%). The note also required a \$180,000 exit fee to be paid at the time the loan was repaid, which amount has not been paid to date. Marathon may also require us to pay a 5% late payment fee in connection with our failure to repay the loan amount. We are required to pay the default rate of interest on the Marathon loan while obtaining a replacement loan. The default rate of interest is LIBOR plus twelve percent (12%), which was equal to approximately 17.17%, with the LIBOR at 5.17% as of the filing of this Report.

With an effective date of December 31, 2006, we and SIBL entered into an amendment to the Amended RC Note, to extend the due date of such note to June 30, 2007.

With an effective date of December 31, 2006, we entered into a Note Modification Agreement (the "Modification Agreement") with SIBL, various of our subsidiaries and Malcolm J. Wright, our Chief Executive Officer and Chairman. The Modification Agreement extended the due date of our \$3,000,000 note with SIBL to January 1, 2008; the due date of our \$1,355,000 note with SIBL to January 1, 2008, and the due date of our \$305,000 note with SIBL to January 1, 2008.

On January 30, 2007, AMLH entered into a promissory note with Applebee Holding Company in the amount of \$150,000 at 4% for seven years. As part of the agreement, 2,840 shares of AMLH Series E Convertible Preferred Stock were issued bearing a 4% per annum cumulative preferred dividend rate, par value of \$.001 and convertible into AMLH common stock at a strike price of \$15.00 per share.

In January 2007, Reedy Creek entered into a Fourth Renewed, Amended and Increased Promissory Note with SIBL, pursuant to which Reedy Creek obtained an advance of \$1,880,000 and the RC Note was increased to \$15,300,000. The RC Note is due and payable on June 30, 2007, with \$8,000,000 of the RC Note bearing interest at the rate of 8% per annum and the remaining \$7,300,000 bearing interest at the rate of 12% per annum.

The RC Note is secured by a second lien on the Reedy Creek Property. It is guaranteed by the Company and Malcolm J. Wright, the Company's Chief Executive Officer and Chairman pursuant to a Modification and Reaffirmation of Guaranty and Environmental Indemnity Agreement. We believe that without the guarantees of Mr. Wright, it would have been more difficult, if not impossible, for us to secure the SIBL credit facility.

We also entered into an Amendment No. 2 to \$4.3 Million Credit Agreement with SIBL and an Amendment No. 2 to \$6.2 Million Credit Agreement with Stanford on January 31, 2007, as described in greater detail above under "Credit Agreements."

On March 13, 2007, we entered into a \$10,000,000 Credit Agreement with SIBL, whereby SIBL agreed to loan us \$10,000,000 to use for the construction and development of Phase II of the Sonesta Resort. The loan was evidenced by a \$10,000,000 Promissory Note, which bears interest at the rate of 10% per annum. The Promissory Note is secured by a second priority security interest and lien on the land underlying Phase II of the Sonesta Resort, all buildings, structures and other improvements on such land, and all fixtures, equipment, goods, inventory or property owned by us currently or in the future, which security interests are evidenced by a Mortgage and Security Agreement, which we and several of our wholly owned subsidiaries entered into with SIBL in connection with the Credit Agreement. The loan is due in full and payable along with any accrued and unpaid interest on March 13, 2008. Any amounts not paid when due under the loan bear interest at the rate of 15% per annum.

The Credit Agreement provides for additional advances to be made to us in an amount not to exceed \$750,000, assuming that certain conditions are met by us in the future, including (a) that SIBL has received current financial information regarding our operations (as further described in the Credit Agreement) and that we have issued SIBL 26,250 warrants to purchase shares of common stock and (b) that we are able to obtain additional loans in an aggregate amount of \$750,000 from parties other than SIBL; and an additional loan in an amount not to exceed \$1,500,000, assuming (a) and (b) above and that we have issued additional warrants (to be determined prior to such additional advance), to SIBL.

Immediately upon our execution of the Credit Agreement, we paid SIBL a placement fee of \$200,000, plus SIBL's reasonable costs and expenses incurred in connection with the closing of the Credit Agreement.

We have received \$2,905,000 from Resorts Funding Group, LLC, which has been matching the funds from the SIBL Credit Agreement (see above) through the end of March 2007.

We intend to enter into an agreement with Resorts Funding Group, LLC, on similar terms and conditions to those of the SIBL Credit Agreement.

ITEM 2. DESCRIPTION OF PROPERTY

Our corporate headquarters are located in Orlando, Florida. Our Orlando facility is approximately 9,000 square feet, of which 250 square feet houses our executive offices. This facility is leased by American Leisure Real Estate Group, Inc., a company owned by Mr. Wright, our Chairman and Chief Executive Officer, that manages the development of our resort properties in return for a fee of 4% of the total costs as per the agreement entered into in November 2003 with Tierra Del Sol Resort, Inc. The lease on our corporate headquarters expires on April 30, 2008.

Our subsidiary owns the land on which The Sonesta Orlando Resort at Tierra Del Sol will be situated. It purchased this land for \$5,560,366 in February 2000. We have spent approximately \$4,450,000 to create the Westridge Community Development District. The land is currently subject to the KeyBank mortgages described above. As a developer of vacation resort properties, we plan to also purchase additional parcels of land for resort development.

Reedy Creek Property: The Reedy Creek Property is situated in the northern section of Osceola County, Florida and lies on three contiguous development parcels located to the immediate north of U.S. Highway 192 West, about one mile from the "Maingate" entrance to Walt Disney World, Orlando and 0.75 miles from the entrance to "Disney's Animal Kingdom" theme park. The property is one of only a small number of privately owned parcels abutting Walt Disney World (north and east boundaries).

The Reedy Creek Property consists of three parcels totaling over 40 gross acres with approximately 29 acres of buildable land. The Osceola County Comprehensive Land Plan for the site allows vacation homes at a density of 18 units per acre, which results in a maximum allowable project density of 522 residential units. To achieve the maximum density, it is anticipated that the project will consist of mid-rise condominium buildings. Amenities proposed on-site include a water park with swimming pools, guest services clubhouse, and other related on-site resort amenities.

South Beach Resorts, LLC, which we recently purchased owns the Boulevard Hotel Property located in Miami Beach, Florida, which is undergoing remodeling and refurbishing to convert the property into a timeshare facility. As of December 31, 2006, approximately \$3,405,000 had been incurred in the remodeling and refurbishment of such facility.

Hickory Travel Systems, Inc. ("HTS") rents approximately 7,133 square feet of office space in Saddle Brook, New Jersey, at a monthly rental cost of approximately \$13,077, which lease expires on April 14, 2008.

American Leisure Equities Corp. ("ALEC") rents approximately 12,850 square feet of office space in Coral Gables, Florida, at a monthly rental cost of approximately \$24,621.50 per month, which rental cost shall increase to \$25,156.75 from March 1, 2008 until February 28, 2009; and to \$26,227.25 from March 1, 2009 to February 28, 2010, at which time the current lease will expire. The lease also provides for ALEC to pay various other amounts in connection with the upkeep and expenses associated with the common areas of the rental space.

ALEC also rents approximately 11,524 square feet of office space in Irving, California, pursuant to a three year lease entered into on September 1, 2006, which expires on August 31, 2009. The monthly rental cost of the office space during the term of the lease is \$24,776. The lease also provides for ALEC to pay various other amounts in connection with the upkeep and expenses associated with the common areas of the rental space.

ITEM 3. LEGAL PROCEEDINGS

Litigation

In the ordinary course of its business, the Company may from time to time become subject to claims or proceedings relating to the purchase, subdivision, sale and/or financing of its real estate or its operations.

We are a party in an action that was filed in Orange County, Florida and styled as Rock Investment Trust, P.L.C. and RIT, L.L.C. vs. Malcolm J. Wright, American Vacation Resorts, Inc., American Leisure, Inc., Inversora Tetuan, S.A., Sunstone Golf Resort, Inc., and Sun Gate Resort Villas, Inc., Case No. CIO-01-4874, Ninth Judicial Circuit, Orange County, Florida. In June, 2001, after almost 2 years from receiving notice from Malcolm Wright that one Mr. Roger Smee, doing business under the names Rock Investment Trust, PLC (a British limited company) and RIT, LLC (a Florida limited liability company) (collectively, the Smee Entities) had defaulted under various agreements to loan or to joint venture or to fund investment into various real estate enterprises founded by Mr. Wright, the Smee Entities brought the Lawsuit against Mr. Wright, American Leisure, Inc. (ALI) and several other entities. The gravamen of the initial complaint is that the Smee Entities made financial advances to Wright with some expectation of participation in a Wright real estate enterprise. In general, the suit requests either a return of the Smee Entities alleged advances of \$500,000 or an undefined ownership interest in one or more of the defendant entities. Mr. Wright, American Leisure, Inc., and Inversora Tetuan, S.A., have filed a counterclaim and cross complaint against the Smee Entities and Mr. Smee denying the claims and such damages in the amount of \$10 million for the tortuous acts of the Smee entities. In the unlikely event the matter ever proceeds to trial and the court rules that Mr. Wright is liable under his guarantee of the American Leisure, Inc. obligation to Smee, it is believed that such a ruling would not directly affect American Leisure Holdings, Inc. The litigation has been in abeyance, with no activity by the Smee entities for one year, and is not currently set for trial. We expect that this case will either be dismissed for lack of activity or will result in a judgment in favor of Malcolm Wright.

In March 2004, Manuel Sanchez and Luis Vanegas as plaintiffs filed a lawsuit against American Leisure Holdings, Inc. American Access Corporation, Hickory Travel Systems, Inc., Malcolm J. Wright and L. William Chiles, et al., seeking a claim for securities fraud, violation of Florida Securities and Investor Protection Act, breach of their employment contracts, and claims for fraudulent inducement. All defendants have denied all claims and have a counterclaim against Manuel Sanchez and Luis Vanegas for damages. The litigation commenced in March 2004. No material activity has occurred in this case, and we do not expect any activity in the near future. The claims are without merit and the claims are not material to us. We intend to vigorously defend the lawsuit.

In early May 2004, Around The World Travel, Inc. substantially all of the assets of which we purchased, filed a lawsuit in the Miami-Dade Florida Circuit Court against Seamless Technologies, Inc. and e-TravelLeaders, Inc. alleging breach of contract and seeking relief that includes monetary damages and termination of the contracts. They were granted leave to intervene as plaintiffs in the original lawsuits against Seamless and e-TravelLeaders. On June 28, 2004, the above named defendants brought suit against Around The World Travel and American Leisure Holdings, Inc. in an action styled Seamless Technologies, Inc. et al. v. Keith St. Clair et al. This suit alleges that Around The World Travel has breached the contracts and also that American Leisure Holdings, Inc's and Around The World Travel's Chief Executive Officers were complicit with certain officers and directors of Around The World Travel in securing ownership of certain assets for American Leisure Holdings, Inc. that were alleged to have been a business opportunity for Around The World Travel. This lawsuit involves allegations of fraud against Malcolm J. Wright. The lawsuit filed by Seamless has been abated and consolidated with the original lawsuit filed by Around The World Travel. In a related matter, Seamless attorneys brought another action entitled Peter Hairston v. Keith St. Clair et al. This suit mimics the misappropriation of business opportunity claim, but it is framed within a shareholder derivative action. The relief sought against American Leisure Holdings, Inc. includes monetary damages and litigation costs. We intend to vigorously support the original litigation filed against Seamless and defend the counterclaim and allegations against us. On February 9, 2007, the court heard AMLH, ALEC, and Mr. Wright's motion to dismiss the various counts of the complaint. The court dismissed with prejudice the E-TravelLeaders / Seamless claims for rescission, constructive trust, and civil conspiracy. It dismissed without prejudice the claims for tortious interference and priority as against TravelLeaders, and allowed the breach of contract claims to continue. We believe that with further discovery, the court will dismiss or grant to AMLH, ALEC, and Mr. Wright summary judgment on all remaining or repleaded counts.

On May 4, 2005, Simon Hassine, along with members of his family, filed a lawsuit against us and Around The World Travel in the Circuit Court of Dade County, Florida, Civil Division, Case Number 05-09137CA. The plaintiffs are the former majority shareholders of Around The World Travel and former owners of the assets of TravelLeaders. The plaintiffs allege that that they have not been paid for i) a subordinated promissory note in the principal amount of \$3,550,000 plus interest on such note which they allege was issued to them by Around The World Travel in connection with their sale of 88% of the common stock of Around The World Travel; and ii) subordinated undistributed retained earnings and accrued bonuses in an aggregate amount of \$1,108,806 which they allege were due to them as part of the sale. The plaintiffs allege that the note was issued to them net of \$450,000 of preferred stock of Around The World Travel that they further allege they never received. The plaintiffs also allege that in December 2004 they entered into a settlement agreement with the Company regarding these matters. The plaintiffs are pursuing a claim of breach of the alleged settlement agreement with damages in excess of \$1,000,000, interest and costs as well as performance under the alleged settlement agreement or, in the alternative, a declaratory judgment that the promissory note, undistributed retained earnings and accrued bonuses are not subordinated to the Galileo Debt and full payment of the promissory note, undistributed retained earnings and accrued bonuses plus prejudgment interest, stated interest on the note, costs and reasonable attorneys fees. The plaintiffs are also pursuing a claim for breach of contract regarding the preferred stock of Around The World Travel and seeking \$450,000 plus interest, costs and reasonable attorneys fees. The plaintiffs are also pursuing claims of fraudulent transfer regarding our acquisition of interests in the debt and equity of Around The World Travel and seeking unspecified amounts. Our counsel filed various motions including a motion to dismiss the complaint in its entirety as against us and Malcolm J. Wright due to the failure by

the plaintiffs to comply with a provision in the underlying document that grants exclusive jurisdiction to the courts located in Cook County, Illinois. The parties are currently in discussions regarding a cessation of the litigation while the plaintiffs seek relief from unrelated parties.

On August 10, 2006, Patsy Berman and Berman Mortgage Corporation served a complaint against Tierra del Sol Resort, Inc., Malcolm Wright, our Chief Executive Officer and Chairman, and a non-existent entity, Vantage Circa 39 Condotel Limited Partnership ("Vantage"), in the 11th Judicial Circuit in and for Miami-Dade County, Florida. The complaint alleges that Tierra del Sol and Vantage sought loans, that the plaintiffs offered to make loans, that Mr. Wright guaranteed the loans, that valid contracts were formed, and that because such loans did not close, the plaintiffs claim \$3,550,000 in damages, representing funding fees, brokerage fees, and interest. We have concluded that the plaintiffs' complaint is wholly frivolous. We filed a Motion to Dismiss and a Motion for sanctions against the plaintiffs of the lawsuit, for failure to state a good faith claim in law or fact and the court granted the motion to dismiss without prejudice. Berman filed an amended complaint, and we responded with another motion to dismiss and motion to strike the request for a jury trial. The motions will be heard by the court in May 2007.

Lufthansa City Center, et al (“LCC”) v. Hickory Travel Systems, Inc. LCC has sued for Breach of Contract or, alternatively, Breach of a Settlement Agreement. Hickory and LCC entered an agreement whereby LCC would exclusively use Hickory’s hotel program and Hickory would pay \$110,000 per year to LCC. LCC did not bring the promised value to the deal. Additionally, LCC entered an agreement with a competitor for hotel services prior to termination of the agreement. Hickory vigorously disputes the allegations in the complaint and intends to counterclaim to recoup the damages from LCC’s breach of the agreement.

In the ordinary course of our business, we may from time to time become subject to routine litigation or administrative proceedings, which are incidental to our business.

We are not aware of any proceeding to which any of our directors, officers, affiliates or security holders are a party adverse to us or have a material interest adverse to us.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

We did not submit any matters to a vote of security holders during the fourth quarter of 2006.

PART II**ITEM 5. MARKET FOR COMMON EQUITY AND RELATED STOCKHOLDER MATTERS**

Our common stock, \$.001 par value per share, is traded on the over-the-counter Bulletin Board (the "OTCBB") under the trading symbol "AMLH."

The following table sets forth the high and low bid prices for our common stock for the periods indicated as reported on the OTCBB, except as otherwise noted. The quotations reflect inter-dealer prices, without retail mark-up, markdown or commission and may not represent actual transactions.

	High Bid	Low Bid
December 31, 2006	\$ 1.15	\$ 0.61
September 31, 2006	\$ 1.20	\$ 0.64
June 30, 2006	\$ 1.80	\$ 0.90
March 31, 2006	\$ 1.95	\$ 0.93
December 31, 2005	\$ 1.50	\$ 0.86
September 30, 2005	\$ 1.50	\$ 0.76
June 30, 2005	\$ 3.00	\$ 1.50

(1) Our common stock was de-listed from the OTCBB during the period from May 21, 2004 to January 26, 2005, as a result of one delinquent filing with the Commission. Our common stock was cleared for quotation on the OTCBB on January 26, 2005. As of December 31, 2006, the Company had approximately 330 holders of record of its common stock. The number of holders of the common stock includes nominees of various depository trust accounts for an undeterminable number of individual stockholders.

Dividend Policy

We have never declared or paid dividends on our common stock. We do not anticipate paying dividend on our common stock in the foreseeable future. We intend to reinvest in our business operations any funds that could be used to pay dividends. Our common stock is junior in priority to our preferred stock with respect to dividends.

Cumulative dividends on our issued and outstanding Series A preferred stock, Series B preferred stock, Series C preferred stock and Series E preferred stock accrue at a rate of \$1.20, \$12.00, \$4.00, and \$4.00, respectively, per share per annum, payable in preference and priority to any payment of any cash dividend on our common stock. We have authorized Series F preferred stock, which accrues dividends at a rate of \$1.00 per share per annum, payable in preference and priority to any payment of any cash dividend on our common stock; however no shares of Series F preferred stock are currently outstanding. Dividends on our preferred stock accrue from the date on which such shares of preferred stock are issued and outstanding and thereafter from day to day whether or not earned or declared and whether or not there exists profits, surplus or other funds legally available for the payment of dividends. We may authorize and/or issue additional shares of preferred stock with dividends rights that are superior to our common stock. We have never paid any cash dividends on our preferred stock. We have never paid any cash dividends on our preferred stock. We will be required to pay accrued dividends on our preferred stock before we can pay any dividends on our common stock.

Recent Sales Of Unregistered Securities

The Company has issued the following securities without registration under the Securities Act of 1933 (the "Act" or the "Securities Act") during the period covered by this report:

Pursuant to a Stock Purchase Agreement SIBL, effective June 30, 2006, we sold all of our interest in our former wholly owned subsidiary CLM, along with a promissory note payable to us by CLM in the amount of \$5,663,274, which amount evidences our total investment in CLM, for an aggregate purchase price of \$5,663,275. In connection with the purchase, SIBL also agreed to exchange the interest on several of our outstanding promissory notes with SIBL, and to amend the due date of such notes, described in greater detail above under "Recent Events," and we agreed to grant SIBL a warrant to purchase 355,000 shares of our common stock at an exercise price of \$10.00 per share, which warrants have an expiration date of April 30, 2008, and contain certain anti-dilution clauses, whereby if we grant any options or sell any shares of common stock for less than \$1.02 per share, the exercise price of the 355,000 warrants will reset to such lower price. We relied on an exemption from registration set forth in Section 4(2) of the Act in issuing the securities as the issuance of the securities did not involve a public offering, the recipient acquired the securities for investment purposes and we took appropriate measures to restrict transfer. No underwriters or agents were involved in the foregoing issuance and no underwriting discounts were paid by us.

In August 2006, we agreed to grant Mr. Jason Williams, our current Associate General Counsel and Assistant Secretary, warrants to purchase up to 50,000 shares of our common stock at an exercise price of \$1.02 per share immediately upon his entry into an Employment Agreement and agreed to grant him an additional 25,000 warrants upon the one and two year anniversaries, respectively, of his employment, assuming he is still employed by us at those times (which warrants were granted in December 2007).

We claim an exemption from registration afforded by Section 4(2) of the Securities Act of 1933, as amended, since the foregoing issuance did not involve a public offering, the recipient took the securities for investment and not resale and we took appropriate measures to restrict transfer. No underwriters or agents were involved in the foregoing issuance and no underwriting discounts or commissions were paid by us.

In August 2006, in connection with the purchase of the Vici Note (as described above) we agreed to issue SIBL 235,000 shares of our common stock and a five year warrant to purchase 235,000 shares of our common stock at an exercise price of \$20 per share. We also granted SIBL demand registration rights in connection with the registration of the shares underlying the Vici Warrant. We claim an exemption from registration afforded by Section 4(2) of the Securities Act of 1933, as amended, since the foregoing issuances did not involve a public offering, the recipient took the securities for investment and not resale and we took appropriate measures to restrict transfer. No underwriters or agents were involved in the foregoing issuance and no underwriting discounts or commissions were paid by us.

In September 2005, we granted warrants to purchase 100,000 shares of our common stock at an exercise price of \$1.02 per share to Frederick Pauzar for his services as a Director. One-fourth (25,000) of the warrants vested immediately and an additional 25,000 shares vested on the first anniversary of the date he became a Director of the Company (September 2006). The remaining 50,000 shares vest to Mr. Pauzar on the next two anniversaries of the date on which Mr. Pauzar became a Director (September 2007 and 2008), provided that Mr. Pauzar is still serving as a Director on such dates.

In October 2006, we issued Joseph and Helena Palumbo 1,655 shares of our Series E Preferred Stock, which shares of Preferred Stock we had previously agreed to issue pursuant to and in connection with our purchase of the assets of AWT in December 2004. We claim an exemption from registration afforded by Section 4(2) of the Securities Act of 1933, as amended, since the foregoing issuance did not involve a public offering, the recipients took the securities for investment and not resale and we took appropriate measures to restrict transfer. No underwriters or agents were involved in the foregoing issuance and no underwriting discounts or commissions were paid by us.

In October 2006, we issued 170 shares of Series E Preferred Stock to Gregory Wasik, which shares of Preferred Stock we had previously agreed to issue pursuant to and in connection with our purchase of the assets of AWT in December 2004. We claim an exemption from registration afforded by Section 4(2) of the Securities Act of 1933, as amended, since the foregoing issuance did not involve a public offering, the recipient took the securities for investment and not resale and we took appropriate measures to restrict transfer. No underwriters or agents were involved in the foregoing issuance and no underwriting discounts or commissions were paid by us.

On December 22, 2006, pursuant to a Warrant Participation Agreement, we agreed to grant Stanford International Bank Limited, and six of its assigns, warrants to purchase up to a 25% participation interest in the net proceeds (defined as the proceeds realized upon the disposition or refinancing of the Property, less our cost basis, excluding any operating losses or profits) realized by us upon the disposition of the real property located at 740 Ocean Drive, Miami Beach, Florida, known as the Boulevard Hotel (the "Property"). We claim an exemption from registration afforded by Section 4(2) of the Securities Act of 1933, as amended, since the foregoing issuance did not involve a public offering, the recipient took the securities for investment and not resale and we took appropriate measures to restrict transfer. No underwriters or agents were involved in the foregoing issuance and no underwriting discounts or commissions were paid by us.

In December 2006, we granted Malcolm J. Wright, our Chief Executive Officer and Chairman an aggregate of 585,000 warrants to purchase shares of our common stock at an exercise price of \$1.02 per share, in connection with Mr. Wright's guaranty of certain of our outstanding loans and debts pursuant to a Debt Guaranty Agreement previously entered into with Mr. Wright. We relied on an exemption from registration set forth in Section 4(2) of the Act in issuing the securities as the issuance of the securities did not involve a public offering, the recipient acquired the securities for investment purposes and we took appropriate measures to restrict transfer. No underwriters or agents

were involved in the foregoing issuance and no underwriting discounts were paid by us.

In December 2006, we granted an aggregate of 300,000 warrants to purchase shares of our common stock at an exercise price of \$1.02, to three employees of the Company, which options shall expire if unexercised on December 22, 2010. Of the warrants granted, 100,000 warrants were granted to Omar Jimenez, who was later appointed as our Chief Financial Officer in April 2007, and the additional 200,000 warrants were granted to two other employees in consideration for past services rendered. We relied on an exemption from registration set forth in Section 4(2) of the Act in issuing the securities as the issuance of the securities did not involve a public offering, the recipients acquired the securities for investment purposes and we took appropriate measures to restrict transfer. No underwriters or agents were involved in the foregoing issuance and no underwriting discounts were paid by us.

On January 30, 2007, AMLH entered into a promissory note with Applebee Holding Company in the amount of \$150,000 at 4% for seven years. As part of the agreement, 2,840 shares of AMLH Series E Convertible Preferred Stock were issued bearing a 4% per annum cumulative preferred dividend rate, par value of \$.001 and convertible into AMLH common stock at a strike price of \$15.00 per share. We relied on an exemption from registration set forth in Section 4(2) of the Act in issuing the securities as the issuance of the securities did not involve a public offering, the recipient acquired the securities for investment purposes and we took appropriate measures to restrict transfer. No underwriters or agents were involved in the foregoing issuance and no underwriting discounts were paid by us.

In March 2007, we issued Anthony Lastumbo 504 shares of our Series E Preferred Stock, which shares of Preferred Stock we had previously agreed to issue pursuant to and in connection with our purchase of the assets of AWT in December 2004. We claim an exemption from registration afforded by Section 4(2) of the Securities Act of 1933, as amended, since the foregoing issuance did not involve a public offering, the recipient took the securities for investment and not resale and we took appropriate measures to restrict transfer. No underwriters or agents were involved in the foregoing issuance and no underwriting discounts or commissions were paid by us.

ITEM 6. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

PLAN OF OPERATIONS

We previously planned to integrate the administrative operations of Hickory and TravelLeaders; however, the integration process was slower than we anticipated and we have since abandoned our plans to integrate those operations. We are currently evaluating our options regarding Hickory and TravelLeaders, including whether we should sell either of those divisions. Additionally, time has been required to analyze and determine the impact, if any, of certain litigation commenced by Around The World Travel regarding its contracts with Seamless Technologies, Inc. and others, as discussed in "Legal Proceedings," herein.

Under our arrangement with Around The World Travel, which operates the TravelLeaders assets on our behalf and from whom we acquired the assets, we incur a management fee of 10% of the net earnings of the TravelLeaders assets before interest, taxes, depreciation and amortization.

During the year ended December 31, 2006, we generated modest revenues from our call center joint venture in Antigua. Effective June 30, 2006, we sold our call center operations to Stanford, as described in greater detail above under "Recent Events."

We believe that the capital requirement for the first phase of the resort will be approximately \$136,500,000, of which \$9,000,000 will be for the resort amenities, \$64,000,000 will be for vertical construction on 294 units and \$49,500,000 will be for other costs such as contingencies, closing costs and soft costs such as architectural, engineering, and legal costs. An additional approximate amount of \$14,000,000 will be expended for horizontal construction costs which include all of Phase I requirements plus most of the infrastructure requirements for the entire Project. On or about December 29, 2005, we closed on \$54.85 million of senior debt to be used in the development of The Sonesta Orlando Resort at Tierra Del Sol (the "Project"), described in greater detail above. KeyBank, N.A. is the lender of a credit facility for the benefit of AMLH. The credit facility is a land loan in the amount of \$14,850,000, which is secured by Project land on phase two of the Sonesta Resort, that is dedicated to specific phases of the development. KeyBank had also originally agreed to provide us a \$40,000,000 revolving construction loan, for up to \$72,550,000 in funding, however we have since decided not to move forward with such funding. KeyBank Capital Markets had the underwriting role in the sale of the Community Development District Bonds. We are in the process of negotiating with several lenders for a construction loan for the condominiums and anticipate that such loan will be evidenced by a firm commitment during the second quarter of 2007, of which there can be no assurance. Financing for the balance of the development budget, which includes infrastructure, retention, roads and green space of approximately \$26,000,000, was through the sale of Westridge Community Development District bonds which was completed on December 29, 2005, as described above. In June 2005, we began the earth moving and clearing process on the land for the resort and have completed approximately 90% of the grading and the underground infrastructure on the property to date. We began the vertical construction of Phase 1 of the property in the first quarter of 2007. We have established a relationship with GMAC Bank, through Millennium Capital Mortgage, to provide construction financing to the individual purchasers of the Sonesta Resort town homes, which funding we believe will enable all town homes and amenities at Tierra del Sol to be built through this program. Additionally, we are in the process of negotiating with several lenders for a construction loan on favorable terms for the condominiums and/or for the clubhouse. We anticipate that such loan will be evidenced by a firm commitment during the second quarter of 2007, but we have no

assurances that a commitment will be secured on favorable terms, if at all. Assuming we are able to enter into a subsequent funding arrangement, we believe that we have sufficient funds to provide for the completion of Phase 1, assuming there are no material cost overruns, delays or further increases in material costs. Phase 2 will be financed separately.

If no funding is raised subsequent to the filing of this report, we anticipate being able to satisfy our cash requirements for approximately two to three months. We anticipate the need for approximately \$85,000,000 in additional funding during the next twelve months to meet our construction and overhead demands in connection with the construction of the Sonesta Resort.

Known Trends, Events, And Uncertainties

We expect to experience seasonal fluctuations in our gross revenues and net earnings due to higher sales volume during peak periods. Advertising revenue from the publication of books by Hickory that list hotel availability is recognized either when the books are published (December) or on a performance basis throughout the year, depending on the contractual terms. This seasonality may cause significant fluctuations in our quarterly operating results and our cash flows. In addition, other material fluctuations in operating results may occur due to the timing of development of resort projects and our use of the completed contracts method of accounting with respect thereto. Furthermore, costs associated with the acquisition and development of vacation resorts, including carrying costs such as interest and taxes, are capitalized as inventory and will be allocated to cost of real estate sold as the respective revenues are recognized. We intend to continue to invest in projects that will require substantial development and significant amounts of capital funding during 2007 and in the years ahead.

Critical Accounting Estimates

Our discussion and analysis of our financial condition and results of operations is based upon our financial statements, which have been prepared in accordance with accounting principals generally accepted in the United States. The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of any contingent assets and liabilities. We base our estimates on various assumptions that we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about carrying values of assets and liabilities that are not readily apparent from other sources. On an on-going basis, we evaluate our estimates. Actual results may differ from these estimates if our assumptions do not materialize or conditions affecting those assumptions change.

We believe the following critical accounting policies affect our more significant judgments and estimates used in the preparation of our financial statements:

Going Concern Considerations

We have incurred losses during our existence and we have negative retained earnings. We had an accumulated deficit of \$21,607,362 at December 31, 2006 and a net loss of \$8,148,896 for the year ended December 31, 2006. We expect our travel operations for the year ended December 31, 2007, to require additional working capital of approximately \$2,000,000 and Hickory to require approximately \$500,000 in working capital during the next twelve months. If we are unable to obtain these funds, we may have to curtail or delay our travel business plan. In addition to our ability to raise additional capital, our continuation as a going concern also depends upon our ability to generate sufficient cash flow to conduct our operations. If we are unable to raise additional capital or generate sufficient cash flow to conduct our Travel Division operations and/or to complete the construction of our planned vacation homes, we may be required to delay the acquisition of additional travel agencies and restructure or refinance all or a portion of our outstanding debt. The accompanying financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Revenue Recognition

We recognize revenues on the accrual method of accounting. Revenues from Hickory are recognized as earned, which is primarily at the time of delivery of the related service, publication or promotional material. Fees from advertisers to be included in the hotel book and web service operated by Hickory are recognized upon the annual publication of the book or when performance levels are achieved. Revenue from the delivery of services is recognized when it is invoiced to the recipient of the service.

One of our principal sources of revenue is associated with access to the travel portals that provide a database of discounted travel services. Annual renewals occur at various times during the year. Costs and revenue related to portal usage charges are incurred in the month prior to billing. Customers are charged additional fees for hard copies of the site access information. Occasionally these items are printed and shipped at a later date, at which time both revenue and expenses are recognized.

Revenues and expenses from our TraveLeaders business are recognized as earned, which is primarily at the time of delivery of the related service. Specifically, commission revenues for cruises, hotel and car rentals are recognized upon completion of travel, hotel stay or car rental. Commission fees for ticketing are recognized at the time of departure.

Revenues also include undeveloped land sales, which is recognized at closing when title has passed.

Goodwill

We adopted the provisions of Statement of Financial Accounting Standards ("SFAS") No. 142, "Goodwill and Other Intangible Assets." This statement requires that goodwill and intangible assets deemed to have indefinite lives not be amortized, but rather be tested for impairment on an annual basis. Finite-lived intangible assets are required to be amortized over their useful lives and are subject to impairment evaluation under the provisions of SFAS No. 144. The goodwill will be evaluated on an annual basis and impaired whenever events or circumstances indicate the carrying value of the goodwill may not be recoverable.

26

COMPARISON OF OPERATING RESULTS

YEAR ENDED DECEMBER 31, 2006 COMPARED TO THE YEAR ENDED DECEMBER 31, 2005

We had total revenues of \$38,872,566 for the year ended December 31, 2006, compared to total revenues of \$39,060,530 for the year ended December 31, 2005, a decrease in total revenues of \$187,964 or 0.5% from the prior period. Revenues for the year ended December 31, 2006, consisted of operating revenues of \$25,743,319, which decreased \$1,184,300 or 4.4% from operating revenues of \$26,927,619 for the year ended December 31, 2005 and undeveloped land sales of \$13,129,247, which increased \$996,336 or 8.2% over undeveloped land sales of \$12,132,911 for the year ended December 31, 2005, which was due to higher valued land sales during the year ended December 31, 2006, compared to 2005.

Our operating revenues decreased due to the timing of meetings and events as well as reduced revenues from our subsidiaries ATMG, and Comtech.

Operating revenues for the year ended December 31, 2006, included approximately \$24,661,000 in revenues from our travel services division of which ALEC generated \$19,113,000 and HTS generated \$5,548,000. In addition, \$2,071,000 in our revenues was from our real estate division; \$1,168,000 in revenues from our hospitality division; offset by \$2,157,000 in elimination of consolidated results of operations.

We had total cost of operating revenues of \$23,282,852 for the year ended December 31, 2006, compared to total cost of operating revenues of \$26,150,684 for the year ended December 31, 2005, a decrease in total cost of operating revenues of \$2,867,832 or 11.0% from the prior period. Our cost of operating revenues decreased due to the termination of our management agreement with AWT and taking control of the expenses by reducing overhead.

We had total cost of undeveloped land sales of \$9,796,634 for the year ended December 31, 2006, compared to total cost of undeveloped land sales of \$8,230,545 for the year ended December 31, 2005, and increase of \$1,566,089 or 19.0% from the prior period.

We had a total gross margin of \$5,793,080 for the year ended December 31, 2006, compared to a total gross margin of \$4,679,392 for the year ended December 31, 2005, an increase in total gross margin of \$1,113,688 or 23.8% from the prior period, which increase in gross margin was mainly due to the 11.0% decrease in cost of operating revenues.

We had total depreciation and amortization expenses of \$784,155 for the year ended December 31, 2006, compared to total depreciation and amortization expenses of \$719,840 for the year ended December 31, 2005, an increase in total depreciation and amortization expenses of \$64,315 or 8.9% from the prior period, which increase was due to the acquisition of additional assets.

We had total general and administrative expenses of \$4,126,184 for the year ended December 31, 2006, compared to total general and administrative expenses of \$3,635,450 for the year ended December 31, 2005, an increase in total general and administrative expenses of \$490,734 or 13.5% from the prior period, which increase was mainly due to the inclusion of the results of operations of SBR for a partial year from the period of July 2005 through December 31, 2005 versus a full year of operation in 2006.

We had a write-off of advances to receivables from AWT of \$6,588,579 for the year ended December 31, 2006, which was not represented during the year ended December 31, 2005, which write-off was due to loans and advances owed from AWT to us and earnings owed from AWT to ALEC which were not collectible and therefore written off.

We had total operating expenses of \$11,498,918 for the year ended December 31, 2006, compared to total operating expenses of \$4,355,290 for the year ended December 31, 2005, an increase of \$7,143,628 or 164.0% from the prior period. The increase in operating expenses for the year ended December 31, 2006, compared to the year ended December 31, 2005 was mainly due to the \$6,588,579 write-off of advances to receivables from AWT.

We had total interest expense of \$5,183,620 for the year ended December 31, 2006, compared to total interest expense of \$3,462,633 for the year ended December 31, 2005, an increase in interest expense of \$1,720,987 or 49.7% from the prior period, which increase in interest expense was mainly in connection with interest on the loans we entered into in the fourth quarter of 2005, which accrued interest only during the fourth quarter of 2005, but during all four quarters of 2006, including the Reedy Creek Loan and Land Loan (described above).

We had loss from operations of \$5,705,838 for the year ended December 31, 2006, compared to income from operations of \$324,102 for the year ended December 31, 2005, an increase in loss from operations of \$6,029,939 or 1,860.5% from the prior period.

We had total provision for income taxes of \$4,376 for the year ended December 31, 2006, compared to \$5,004 in income tax provision for the year ended December 31, 2005, a decrease of \$628 or 12.5% from the prior period.

We had \$2,744,938 in gain from discontinued operations for the year ended December 31, 2006, compared to a loss from discontinued operations of \$942,290 for the year ended December 31, 2005, an increase in gain from discontinued operations of \$3,687,228 or 391.3% from the prior year.

Gain from discontinued operations for the year ended December 31, 2006 was due to the call center operations of Caribbean Media Group, Ltd. ("Caribbean Leisure Marketing"), our former wholly owned subsidiary, which owns 49% of Caribbean Media Group, Ltd. Subsequent to June 30, 2006, we sold Caribbean Leisure Marketing to Stanford, as described in greater detail above. The increase in gain from discontinued operations for the year ended December 31, 2006, compared to the year ended December 31, 2005, was due to the call center operations being profitable during the year ended December 31, 2006 (during the time we operated such call center, i.e. until June 30, 2006) and was operating at a loss during the year ended December 31, 2005.

We had a total net loss of \$8,148,896 for the year ended December 31, 2006, compared to total net loss of \$4,085,825 for the year ended December 31, 2005, an increase in net loss of \$4,063,071 or 99.4% from the prior period, which increase in net loss was mainly due to the operations of HTS, which accounted for approximately \$283,000 of net loss and the operations of ALEC, which accounted for approximately \$5,548,000 in net loss, coupled with approximately \$243,000 of net loss from our call center operations which we sold, effective June 30, 2006, and a further decrease in net income of approximately \$6,588,579 in connection with the write-off of advances to receivables from AWT.

LIQUIDITY AND CAPITAL RESOURCES

We had total current assets as of December 31, 2006, of \$7,282,498, consisting of cash of \$1,110,000, restricted cash of \$1,030,921, accounts receivable, net of \$3,148,730, other receivable of \$217,233, and prepaid other expenses and other of \$1,775,614. This represented a decrease in total current assets of \$3,874,234 or 34.7% from total current assets of \$11,156,732 as of December 31, 2005, which decrease was mainly due to the write-off of certain amounts owed by AWT, during the year ended December 31, 2006, as described above.

We had total non-current assets as of December 31, 2006 of \$112,860,980, consisting of property and equipment, net of \$9,170,540, land held for development of \$71,930,263 and total other assets of \$31,760,177.

Other assets as of December 31, 2006, consisted of restricted cash of \$10,364,681, prepaid sales commissions of \$9,804,036, prepaid sales commissions-affiliated entity of \$3,443,851, goodwill of \$4,559,134, trademark of \$950,000 and other assets of \$2,638,475.

The restricted cash represents funds held in escrow for deposits received for condo and townhome sales for the units at the Sonesta Resort. The escrowed funds will be applied to the purchase price by the buyer at closing. Also included in the escrowed funds are the equity requirements from KeyBank of \$1.03 million as part of the credit facilities described above. The funds are not readily available to the Company and can only be disbursed with the consent of KeyBank to be used for the construction of Sonesta Resort.

We had total current liabilities as of December 31, 2006 of \$56,631,757, which included current maturities of long-term debt and notes payable of \$35,681,931, current maturities of notes payable-related parties of \$7,480,395, accounts payable and accrued expenses of \$4,518,175, accrued expenses-officers of \$2,795,000 and other expenses of \$6,156,256.

In June 2006, Malcolm J. Wright, our Chief Executive Officer and Chairman was paid \$1,540,500 in accrued salaries and interest which he was owed. Accrued expenses-officers as of December 31, 2006, included \$2,225,000 in salaries and \$202,500 interest due to Mr. Wright. Mr. Wright's accrued and unpaid salaries accrue interest at the rate of 12% per year until paid. Additionally included in accrued expenses-officers was \$345,000 owed to L. William Chiles, the Chief Executive Officer of Hickory and our Director, which included \$300,000 of unpaid salary accrued to Mr. Chiles

and \$45,000 of accrued interest on such unpaid salary. Total current liabilities as of December 31, 2006 increased \$43,859,446 or 343.4% from total current liabilities of \$12,772,311 as of December 31, 2005. The increase in current liabilities was mainly attributable to an increase of \$32,029,696 or 876.9% in current maturities of long term debt and notes payable which increase was mainly due to the Reedy Creek Acquisition Company loan, the SIBL and Stanford loans and the Banker's Credit loan, which are due and payable within the next twelve months.

As of December 31, 2006, we owed \$7,480,395 in connection with current portion of notes payable to related parties including \$310,363 owed to our Director, L. William Chiles.

We had long term debt and notes payable of \$21,583,106 and note payable - related parties, net of current liabilities of \$3,353,252, as of December 31, 2006, put liability of \$985,000, and \$37,465,685 of deposits on unit pre-sales as of December 31, 2006.

The put liability was in connection with 197,000 shares of common stock issued to Harborage Leasing Corporation ("Harborage") in connection with our entry into a purchase agreement with Harborage in March 2006, which was effective as of December 31, 2005, whereby we purchased the minority interest in Tierra Del Sol, Inc. from Harborage for a promissory note in the amount of \$1,411,705 ("Harborage Note"), which was paid in August 2006; the right to receive, without payment, two (2) three-bedroom condominium units to be constructed in Phase 2 of the Sonesta Resort, or in the event title to both such units is not delivered by December 31, 2007, then, in lieu thereof, payment of \$500,000 for each such unit that is not transferred by such date; 197,000 shares of the Company's common stock; and warrants to acquire 300,000 additional shares of the Company's common stock at an exercise price of \$5.00 per share. Harborage had the right to require the Company to purchase all or a portion of the Harborage 197,000 shares at \$5.00 per share, during the six month period commencing January 1, 2008 and ending June 30, 2008.

We had total negative working capital of \$49,349,259 and a ratio of current assets to current liabilities of 0.129 as of December 31, 2006.

We had net cash used by operating activities of \$30,693,906 for the year ended December 31, 2006, which was mainly due to net loss of \$8,148,896 and \$35,784,094 of increase in land held for development, offset by \$8,313,134 of increase in accounts payable and accrued expenses, \$6,588,579 of write-off of advances and receivables from AWT and \$2,102,276 of non-cash interest expense.

We had \$793,979 of net cash provided by investing activities for the year ended December 31, 2006, which was due to \$1,069,079 of increase in restricted cash, offset by \$275,100 of acquisition of fixed assets.

We had cash provided by financing activities of \$30,729,065 for the year ended December 31, 2006, which was due to \$33,285,535 of proceeds from the sale of notes payable and \$308 from the proceeds of the exercise of warrants, which was offset by \$2,556,778 of payment of debt.

We expect that we will require approximately \$2,500,000 through the end of the 2007 fiscal year for working capital for our travel management and services businesses and up to \$85,000,000 for construction and overhead on our Sonesta Resort, as described below.

We estimate that the cost to complete the construction of Phase I of the Sonesta Resort will be approximately \$135,500,000 of which \$8,000,000 will be for resort amenities, \$64,000,000 will be for vertical construction on 294 units and \$49,500,000 will be for other costs such as contingencies, closing costs and soft costs such as architectural, engineering, and legal costs. An additional approximate amount of \$14,000,000 will be expended for horizontal construction costs which include all of Phase I requirements plus most of the infrastructure requirements for the entire Project. As of December 31, 2006, approximately \$14,352,900 had been advanced to the Company pursuant to the Land Loan (as described and defined above).

On December 30, 2005, we closed on an aggregate of \$54,850,000 in senior debt to be used in the development of The Sonesta Orlando Resort at Tierra Del Sol. KeyBank, N.A. is the lender of the senior debt, which was provided to us in the form of two credit facilities. The first is a land loan in the amount of \$14,850,000, which is secured by Project land that is dedicated to specific phases of the development. The second was a \$40,000,000 revolving construction loan that we originally planned to use to fund the development and construction for Phase 1 of the Sonesta Resort, but which we subsequently decided not to use. We have received approximately three letters of intent with various lenders and anticipate finalizing the funding of the construction loan during the second quarter of 2007, of which there can be no assurance. We also have funding in the amount of \$25,825,000 from the Westridge Community Development District ("CDD" or the "District"), which bonds will be used to pay for infrastructure facilities for public purposes such as water supply and retention systems, roadways, green space and nature recreation areas. In addition to the KeyBank provided senior debt, the Project is also benefiting from \$25,825,000 in bonds issued by the CDD, a special purpose taxing district formed for the purpose of financing the installation of vital public services such as water supply and retention, sanitary and storm water sewer systems, roadways and the landscaping attendant to those uses. The CDD supports these initiatives, through the provision of capital and maintenance, via a tax upon the property owners of the district that utilizes a low finance rate (5.8% per annum) and a long-term amortization of the capital costs (30 years).

The first phase of site work on the Sonesta Resort, at an estimated cost exceeding \$19 million, will be funded by the CDD via the sale by the CDD of bonds issued on a non-recourse basis to the Company ("CDD Bonds"). The CDD was initially created by the Company in September 2003 and enabled by an order of a Florida State District Court. The CDD Bond issue was underwritten by KeyBanc Capital Markets Group in the amount of \$25,825,000. The first issue of the CDD Bonds was successfully sold and closed simultaneous with the closing of the Key Bank senior debt

facilities. Upon closing of the loan, we repaid \$7,862,250 of short-term debt plus accrued interest of approximately \$256,512. This short-term debt originally matured on March 31, 2005, but it was extended until the closing of the KeyBank credit facilities in December 2005.

We had borrowed approximately \$14,352,900 pursuant to the land loan as of December 31, 2006. We hope to obtain alternate financing for the amounts which were originally to be loaned to us by KeyBank pursuant to the Construction Loan, which alternate financing we anticipate finalizing in the second quarter of 2007, of which there can be no assurance. Assuming we raise such additional funding, we believe that such funding and the bond sale proceeds will provide sufficient capital for the construction of Phase 1 of The Sonesta Orlando Resort at Tierra Del Sol. In June 2005, we began the earth moving and clearing process on the land for the Sonesta Resort, and have completed approximately 90% of the grading and underground infrastructure to date. We began the vertical construction of Phase 1 in the first quarter of 2007. We will need to raise additional capital to begin and complete Phase 2 of the Sonesta Resort, assuming the construction of Phase 1 is successful, of which there can be no assurance. Additionally, we will need to raise significant capital to plan and construct our planned development activities on our Reedy Creek Property.

In August 2006, with an effective date of June 30, 2006, we and several of our subsidiaries, including CLM, our former wholly owned subsidiary, which owns 81% of the issued and outstanding stock of Caribbean Leisure Marketing, which in turn owns 49% of the issued and outstanding stock of Caribbean Media Group, which owned and operated our call center in Antigua, entered into a Stock Purchase Agreement with Stanford International Bank Limited.

The Stock Purchase Agreement provided that we would sell SIBL, all of our interest in CLM, along with a promissory note payable to us by CLM in the amount of approximately \$5,663,275, which amount evidences our total investment in CLM, for an aggregate purchase price of approximately \$5,663,275. The sale of CLM resulted in a gain of \$2,988,082, which is represented above in our net cash provided by operating activities as "gain on sale of subsidiary." In connection with the purchase, SIBL also agreed to forgive the interest on several of our outstanding promissory notes with SIBL, and to amend the due date of such notes, described in greater detail below, and we agreed to grant SIBL a warrant to purchase 355,000 shares of our common stock at an exercise price of \$10.00 per share, which warrants have an expiration date of April 30, 2008, and contain certain anti-dilution clauses, whereby if we grant any options or sell any shares of common stock for less than \$1.02 per share, the exercise price of the 355,000 warrants will reset to such lower price.

In connection with the Stock Purchase Agreement, SIBL exchanged the following debts which we owed to SIBL: a \$1,250,000 promissory note and accrued interest thereon through June 30, 2006; a \$2,100,000 promissory note and accrued interest thereon through June 30, 2006; all accrued and unpaid interest on our \$6,000,000 note with SIBL as of June 30, 2006; all accrued and unpaid interest on our \$3,000,000 promissory note payable to SIBL as of June 30, 2006; \$262,885 of the \$331,178 of accrued interest on our \$8,000,000 promissory note payable to SIBL, and all accrued fees on our \$6,000,000 letter of credit, which SIBL agreed to guaranty in connection with the KeyBank loans.

Additionally, in connection with the Stock Purchase Agreement, SIBL also agreed to restate the due dates of the notes which we owe to SIBL, including, the \$6,000,000 note, which now has a maturity date of December 31, 2008; the \$3,000,000 note, which now has a maturity date of December 1, 2008; the \$1,355,000 note, which now has a maturity date of December 31, 2008; the \$8,000,000 Reedy Creek loan note, which has since been increased to \$13,420,000 and extended until June 30, 2007; and the \$305,000 note, which has a maturity date of January 1, 2008.

Finally, pursuant to the Stock Purchase Agreement, we and SIBL agreed that CLM would be released and discharged from any liability under the \$6,000,000 note or the \$305,000 note with SIBL, which it previously agreed to guarantee.

On August 16, 2006, pursuant to a Purchase Agreement between us and SIBL, a promissory note in the principal amount of \$750,000 made by Scott Roix in favor of SIBL was purchased from SIBL for 235,000 shares of our common stock and a five year warrant to purchase up to 235,000 shares of our stock at an exercise price of \$20 per share. The note has a maturity date of June 30, 2008 and bears interest at the rate of 8% per annum. As of December 31, 2006, the balance of the promissory note totaled \$500,000.

At December 31, 2006, we had an outstanding principal balance of \$6,000,000 under our secured revolving credit facility with Stanford, which bears interest at a fixed rate of 6% per annum payable accruing from July 1, 2006 quarterly in arrears and matures on December 31, 2008. We previously issued 355,000 warrants with a strike price of \$10 per share with a maturity of April 30, 2008 to Stanford to replace the conversion feature of the credit facility whereby the loan could previously be converted into shares of our common stock at a conversion price of \$15.00 per share in connection with our entry into the Stock Purchase Agreement with SIBL. The \$6,000,000 credit facility is guaranteed by Malcolm J. Wright, our Chief Executive Officer and Chairman and is secured by a second mortgage on our Sonesta Orlando Resort property, including all fixtures and personal property located on or used in connection with these properties, and all of the issued and outstanding capital stock and assets of our subsidiary, American Leisure Marketing & Technology, Inc. We believe that without the guarantees of Mr. Wright, it would have been more difficult, if not impossible, for us to secure the Stanford, credit facility.

As of December 31, 2006, we had an outstanding principal balance of \$3,000,000, under another secured revolving credit facility with Stanford, which bears interest at a fixed rate of 8% per annum accruing from July 1, 2006 payable quarterly in arrears and matures on January 1, 2008. At the sole election of the lender, any amount outstanding under the credit facility may be converted into shares of our common stock at a conversion price of \$10.00 per share. The credit facility is secured by collateral assignments of our stock in the active Travel Division subsidiaries as well as a collateral assignment of our first lien security interest in the assets formerly owned by Around The World Travel, Inc.

As of December 31, 2006, we had a total of \$1,355,000 outstanding under our secured revolving credit facility with Stanford, which bears interest at a fixed rate of 8% per annum and matures on January 1, 2008. Interest on the credit facility accrues from July 1, 2006 and is due quarterly in arrears. At the sole election of the lender, any amount outstanding under the credit facility may be converted into shares of our common stock at a conversion price of \$10.00 per share.

As of December 31, 2006 we had another credit facility in the amount of \$305,000 with Stanford. The credit facility bears interest at 8.0% per annum and accrues interest from July 1, 2006 and is secured by the assets and stock of the Company. The credit facility is due on January 1, 2008.

On December 29, 2005, Stanford International Bank, Ltd. ("SIBL") provided Tierra Del Sol with financial assistance to facilitate the establishment of the Land Loan and the Construction Loan. The financial assistance consisted of a loan to Tierra Del Sol of \$2,100,000 (the "SIBL Tierra Del Sol Loan"), however, as consideration for the purchase of the Antiguan call center, SIBL exchanged this note and \$191,100 of accrued interest and the establishment of letters of credit in favor of KeyBank in the amount of \$4,000,000 and \$2,000,000, respectively (the "Letters of Credit"), the fees for which amounting to \$540,000, were also exchanged as consideration for the purchase of the Antiguan call center, as described above. As additional consideration for this financial assistance, we granted SIBL and its affiliates warrants to purchase 308,000 shares of our common stock at an exercise price of \$5.00 per share and warrants to purchase 154,000 shares of our common stock at an exercise price of \$0.001 per share. Additionally, in January 2006, in connection with the SIBL Reedy Creek Loan, we granted SIBL and its affiliates warrants to purchase 308,000 shares of our common stock at an exercise price of \$5.00 per share and warrants to purchase 154,000 shares of the Company's common stock at an exercise price of \$0.001 per share. The warrants expire 5 years from issuance. The warrants contain anti-dilution provisions, including a provision which requires us to issue additional shares under the warrants if we issue or sell any common stock at less than \$1.02 per share, or grant, issue or sell any options or warrants for shares of the Company's common stock to convert into shares of our common stock at less than \$1.02 per share. If we do issue or sell common stock, which would cause a re-pricing of the warrants issued to SIBL, it would likely have an adverse effect on the trading value of our common stock and could cause substantial dilution to our then shareholders.

On March 13, 2007, we entered into a \$10,000,000 Credit Agreement with SIBL, whereby SIBL agreed to loan us \$10,000,000 to use for the construction and development of Phase II of the Sonesta Resort. The loan was evidenced by a \$10,000,000 Promissory Note, which bears interest at the rate of 10% per annum. The Promissory Note is secured by a second priority security interest and lien on the land underlying Phase II of the Sonesta Resort, all buildings, structures and other improvements on such land, and all fixtures, equipment, goods, inventory or property owned by us currently or in the future, which security interests are evidenced by a Mortgage and Security Agreement, which we and several of our wholly owned subsidiaries entered into with SIBL in connection with the Credit Agreement. The loan is due in full and payable along with any accrued and unpaid interest on March 13, 2008. Any amounts not paid when due under the loan bear interest at the rate of 15% per annum.

The Credit Agreement provides for additional advances to be made to us in an amount not to exceed \$750,000, assuming that certain conditions are met by us in the future, including (a) that SIBL has received current financial information regarding our operations (as further described in the Credit Agreement) and that we have issued SIBL 26,250 warrants to purchase shares of common stock and (b) that we are able to obtain additional loans in an aggregate amount of \$750,000 from parties other than SIBL; and an additional loan in an amount not to exceed \$1,500,000, assuming (a) and (b) above and that we have issued additional warrants (to be determined prior to such additional advance), to SIBL.

All of our credit facilities with SIBL contain customary covenants and restrictions, including covenants that prohibit us from incurring certain types of indebtedness, paying dividends and making specified distributions. Failure to comply with these covenants and restrictions would constitute an event of default under our credit facilities, notwithstanding our ability to meet our debt service obligations. Upon the occurrence of an event of default, the lender may convert the debt to the Company's common stock, accelerate amounts due under the applicable credit facility, and may foreclose on collateral and/or seek payment from a guarantor of the credit facility. At December 31, 2006, we believe we were in compliance with the covenants and other restrictions applicable to us under each credit facility.

Resorts Funding Group, LLC Credit Facility

We have received \$2,905,000 from Resorts Funding Group, LLC, which has been matching the funds from the SIBL Credit Agreement (see above) through the end of March 2007.

We intend to enter into an agreement with Resorts Funding Group, LLC, on similar terms and conditions to those of the SIBL Credit Agreement.

Our subsidiary Hickory Travel Systems, Inc. owes \$250,000 to Sabre, Inc. ("Sabre"), which final payment of \$250,000 on such amount was due December 31, 2003. The amount originally accrued interest at 8% per annum and is secured by the personal guaranty of L. William Chiles who is a Director of the Company. Interest has not been paid or accrued on this amount since December 31, 2003, as there is no interest penalty or default rate applicable to the final unpaid payment. Sabre has not requested the final payment of \$250,000 of the amount due from Hickory to date.

Additionally, Hickory has a \$375,900 loan through the U.S. Small Business Administration ("SBA") of which \$361,272 had been drawn as of December 31, 2006. The SBA loan is due by May 2033 and bears interest at 4% per annum with principal and interest payments of approximately \$1,862 due monthly from May 2005 until May 2033. The SBA note is secured by Hickory's assets and the personal guaranty of L. William Chiles, who is our Director.

In connection with our purchase of the assets of Around The World Travel, Inc. ("AWT"), as of December 31, 2006, there is a balance from those notes we assumed from AWT of \$2,174,481.

In connection with the exercise of the Reedy Creek Option, Reedy Creek Acquisition Company and SIBL agreed to modify the terms of the SIBL Reedy Creek Loan made by SIBL to Reedy Creek Acquisition Company. The modified loan terms are evidenced by a Renewed, Amended and Increased Promissory Note (the "Amended Note") made by Reedy Creek Acquisition Company in favor of SIBL. The Amended Note had a principal balance of \$8,000,000, bears interest at the rate of 8% per year and had a maturity date of December 31, 2006, but which date has since been verbally extended until June 30, 2007. The Amended Note was replaced in November 2006, by a Renewed, Amended and Increased Promissory Note in the amount of \$12,200,000 (the "RC Note"), which was in turn replaced by an additional amendment, which increased the amount of the note to \$13,420,000, and a fourth amendment in January 2007, which increased the amount of the note to \$15,300,000, in connection with a \$1,880,000 advance received from Reedy Creek (the "Amended RC Note"). The Amended RC Note is due and payable on June 30, 2007, with \$8,000,000 of the Amended RC Note bearing interest at the rate of 8% per annum and the remaining \$7,300,000 bearing interest at the rate of 12% per annum.

The principal and accrued interest due on the Amended RC Note is due and payable on the maturity dates of the Amended RC Note. Upon an event of default as described in the Amended RC Note, SIBL has several rights and remedies, including causing the Amended RC Note to be immediately due and payable.

The Amended RC Note is secured by a second lien on the Reedy Creek Property. It is guaranteed by the Company and Malcolm J. Wright, the Company's Chief Executive Officer and Chairman pursuant to a Modification and Reaffirmation of Guaranty and Environmental Indemnity Agreement. We believe that without the guarantees of Mr. Wright, it would have been more difficult, if not impossible, for us to secure such loan facility. In consideration for Mr. Wright's guarantee, and pursuant to an existing agreement between Mr. Wright and the Company, Mr. Wright earned a fee equal to three percent (3%) of the principal amount of the Amended Note. The Company paid this fee through the grant of warrants to Mr. Wright to purchase 240,000 shares of the Company's common stock at an exercise price of \$1.02 per share. These warrants will expire 5 years from the expiration of the guaranty.

In connection with the exercise of the Reedy Creek Option, the Company and Reedy Creek Acquisition Company arranged to receive a \$7,000,000 loan from Bankers Credit Corporation ("Bankers Credit"). Under the terms of the Bankers Credit loan, Bankers Credit advanced Reedy Creek Acquisition Company \$3,000,000 at closing and an additional \$4,000,000 subsequent to the date of closing, for an aggregate of \$7,000,000.

The Bankers Credit loan is evidenced by a Promissory Note which previously accrued interest at the greater of the Wall Street Journal published prime rate plus 7.75%, not to exceed the highest rate allowable under Florida law or 15% per year. The interest rate of the note as of March 13, 2007 was 15% (with a prime rate, as reported by the Wall Street Journal of 8.25%). In February 2007, we entered into an Amended and Restated Promissory Note with Bankers Credit, which increased the amount of the note to \$7,860,000 in connection with an \$860,000 advance and extended the due date of the note from January 3, 2007 to February 1, 2008, and decreased the interest rate to the greater of prime rate plus 6.75% or 15%, which is equal to 15% as of the date of this filing (the "Bankers Credit Note").

Interest on the Bankers Credit Note is payable monthly. Pursuant to the Bankers Credit Note, Reedy Creek Acquisition Company agreed to pay a 10% late charge on any amount of unpaid principal or interest under the Bankers Credit Note. The Bankers Credit Note is subject to a 1% exit fee. Upon an event of default as described in the Bankers Credit Note, Bankers Credit has several rights and remedies, including causing the Bankers Credit Note to be immediately due and payable.

The Bankers Credit Note is secured by a first lien on the Reedy Creek Property. Additionally, the Bankers Credit Note is guaranteed by the Company and Malcolm J. Wright, the Company's Chief Executive Officer and Chairman

pursuant to a Guaranty Agreement. We believe that without the guarantees of Mr. Wright, it would have been more difficult, if not impossible, for us to secure the Bankers Credit, loan facility. In consideration for Mr. Wright's guaranty, and pursuant to an existing agreement between Mr. Wright and the Company, Mr. Wright earned a fee equal to three percent (3%) of the Bankers Credit Note. The Company paid this fee through the grant of warrants to Mr. Wright to purchase 210,000 shares of the Company's common stock at an exercise price of \$1.02 per share. These warrants will expire 5 years from the expiration of the guaranty.

Reedy Creek Acquisition Company utilized the initial proceeds from the Bankers Credit loan to pay a portion of the amount owed on the existing first mortgage note issued to the sellers of the Reedy Creek Property. The holder of this mortgage agreed to release the mortgage in exchange for this payment.

In August 2006, we received an aggregate of \$5,714,569 in loans from West Villas, Inc., Orlando Tennis Village, Inc. and Maingate Towers, Inc., entities controlled by Roger Maddock, a significant shareholder of the Company. The loans bear interest at the rate of 16% per annum until paid and are due and payable one year from the date such loans were made. The loans totaled \$5,875,444 as of December 31, 2006.

On December 22, 2006 the Company acquired 100% of South Beach Resorts, LLC ("SBR" or "Resorts") for \$1,120,000 plus 25% participation interest granted to Stanford International Bank Limited in the net proceeds realized by SBR upon the disposition of its Boulevard Hotel property located in Miami Beach, Florida. We also entered into a note with Roger Maddock a significant shareholder of us, to evidence \$3,590,811 in loans and advances Mr. Maddock had previously made to Resorts (the "Maddock Note"), the payment of which was guaranteed by us pursuant to a Guaranty Agreement, which amount totaled \$3,353,252 as of December 31, 2006.

While we currently believe we have sufficient funds to continue our business plan, because we have decided not to move forward with the KeyBank Construction Loan, we will need to find alternative financing for the construction of Phase 1 of the Sonesta Resort, of which there can be no assurance.

On January 11, 2007, Resorts (which we now own) defaulted on a \$7,700,000 loan which it sold to Marathon Structured Finance Fund L.P. ("Marathon") in June 2005, in connection with its original purchase of the Property. To date, the loan principal is \$7,498,900; there is accrued interest of \$79,910 plus other fees that amount to \$567,968. Marathon has a mortgage interest on the Property in connection with the June 2005 loan.

A Forbearance Agreement was subsequently executed with Marathon to waive the default until April 11, 2007, provided SBR continues to make monthly interest payments on the debt outstanding and a principal payment of \$750,000 was made on February 8, 2007. An additional forbearance to July 11, 2007 is allowed provided that an additional \$500,000 principal payment is made on or before July 3, 2007.

On February 9, 2007, SBR entered into a 180 day, \$750,000 loan agreement at the Wall Street Journal prime rate plus 1%, currently equal to 9.25%, with the prime rate at 8.25% as of the filing of this report, with International Property Investors AG, a corporation organized under the laws of Liechtenstein, secured by SBR's property. The proceeds of the loan were used solely for the payment of fees owed by SBR to Marathon pursuant to the Forbearance Agreement.

We are currently working to secure new financing to replace the Marathon loan; however we can provide no assurances that such financing will be raised on favorable terms, if at all. The Marathon loan bears interest at the rate of the greater of (a) ten percent (10%) or (b) the London Interbank Offered Rate (LIBOR) plus seven percent (7%). The note also required a \$180,000 exit fee to be paid at the time the loan was repaid, which amount has not been paid to date. Marathon may also require us to pay a 5% late payment fee in connection with our failure to repay the loan amount. We are required to pay the default rate of interest on the Marathon loan while obtaining a replacement loan. The default rate of interest is LIBOR plus twelve percent (12%), which was equal to approximately 17.4%, with the LIBOR at 5.4% as of the filing of this Report.

On January 30, 2007, AMLH executed a promissory note with Applebee Holding Company in the amount of \$150,000 at 4% for seven years. As part of the agreement, 2,840 shares of AMLH Series E Convertible Preferred Stock were issued bearing a 4% per annum cumulative preferred dividend rate, par value of \$.001 and convertible into AMLH common stock at a strike price of \$15.00 per share.

We have established a relationship with GMAC Bank, through Millennium Capital Mortgage, to provide construction financing to the individual purchasers of the Sonesta Resort town homes, which funding we believe will enable all town homes and amenities at Tierra del Sol to be built through this program. Additionally, we are in the process of negotiating with several lenders for a construction loan on favorable terms for the condominiums and/or for the clubhouse which we anticipate will be finalized during the second quarter of 2007. Although we have received letters of intent with various lending parties, we can provide no assurances a commitment will be secured. Assuming we are able to enter into a subsequent funding arrangement, we believe that we will have sufficient funds to provide for the completion of Phase 1, assuming there are no material cost overruns, delays or further increases in material costs. Phase 2 will be financed separately.

However, even if we are able to secure sufficient financing for the construction of Phase 1 of the Sonesta Resort, moving forward, our growth and continued operations may be impaired by limitations on our access to the capital markets. In the event that our current anticipated costs of developing the Sonesta Resort and/or the Reedy Creek Property, are more than we anticipate, and/or our other travel service operations do not continue to generate revenue at their current levels, we may not have sufficient funds to complete such construction projects and/or repay amounts owed on the notes payable described above. As a result, we may be forced to reduce our annual construction goals and maintain our operations at current levels, and/or scale back our operations which could have a material adverse impact

upon our ability to pursue our business plan and/or the value of common stock. There can be no assurance that capital from outside sources will be available, or if such financing is available, that it will not involve issuing additional securities senior to our common stock or equity financings which are dilutive to holders of our common stock.

While our common stock currently trades on the Over-The-Counter Bulletin Board in the United States, there is the potential that we may choose to change our common stock listing to an alternative market in the future in order to improve our liquidity and our access to the capital markets.

Off-Balance Sheet Arrangements

We do not have any off balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures, or capital resources that is material to investors.

RISK FACTORS

RISKS RELATING TO OUR CAPITAL AND LIQUIDITY NEEDS

WE HAVE A LIMITED HISTORY OF OPERATIONS AND WE HAVE A HISTORY OF OPERATING LOSSES.

Since our inception, we have been assembling our Travel Division including the acquisition of Hickory in October 2003 and TraveLeaders in December 2004, planning The Sonesta Orlando Resort at Tierra Del Sol, building travel club membership databases, and assembling our management team. We have incurred net operating losses since our inception. As of December 31, 2006, we had an accumulated deficit of \$21,607,362 and negative working capital of \$52,541,876. If we are unable to obtain profitable operations and/or meeting our current liabilities, we could be forced to curtail or abandon our operations, which could cause any investment in the Company to become worthless.

WE MAY NOT GENERATE ENOUGH OPERATING REVENUE OR CAPITAL TO MEET OUR OPERATING AND DEVELOPMENT COSTS.

Our costs of establishing our business models for both the Travel Division and the Resort Development Division, including acquisitions and the due diligence costs of that process, together with the un-financed development costs incurred in the Resort Development Division requires significant capital. Historically, our sources for capital have been through loans from our founding and majority shareholders as well as from loans from our capital partner, Stanford. On December 29, 2005, certain affiliates of the Company closed two (2) credit facilities with Key Bank related to the Sonesta Resort. The credit facilities consisted of a \$40,000,000 revolving construction loan which we planned to use to construct Phase 1 of the Sonesta Resort (the "Construction Loan"), but which we have subsequently elected not to open and a \$14,850,000 term loan used to finance the acquisition of the property for the Resort and to pay certain related costs (the "Land Loan"). Since we have not decided to move forward with the Construction Loan financing, we will need to obtain alternative financing for the construction of Phase 1 of the Sonesta Resort, which may be on less favorable terms than the Construction Loan, if such financing is available at all. We are currently hope to close additional financing in the second quarter of 2006, of which there can be no assurance. If we are unable to enter into an alternative funding arrangement in connection with the construction of Phase 1 of the Sonesta Resort, generate enough operating revenue to satisfy our capital needs, or if we cannot obtain future capital from our founding and majority shareholders or from Stanford, and/or if we are not able to repay the Land Loan, it will have a material adverse effect on our financial condition and results of operation.

WE OWE A SIGNIFICANT AMOUNT OF MONEY TO KEYBANK IN CONNECTION WITH THE LAND LOAN, WHICH MONEY WE DO NOT CURRENTLY HAVE, AND WHICH LOANS ARE SECURED BY THE SONESTA RESORT.

The occurrence of any one or more "events of default" under the Land Loan would allow KeyBank to pursue certain remedies against us including taking possession of the Sonesta Resort project; withholding further disbursement of the proceeds of the loan and/or terminate KeyBank's obligations to make further disbursements thereunder; and/or declaring the note evidencing the loans to be immediately due and payable. We do not currently have cash on hand sufficient to repay the approximately \$14,352,900 which had been borrowed from KeyBank pursuant to the Land Loan as of December 31, 2006. The Land Loan is due for repayment on June 28, 2007, and we do not currently have sufficient cash to repay such loan when due. Furthermore, we currently anticipate the need for a significant amount of additional funding to complete the construction of Phase 1 of the Sonesta Resort, and as such, we will likely not have sufficient cash to repay the Land Loan or any future loan in connection with the funding of Phase 1 of the Sonesta Resort, assuming such financing is obtained, until the completion of the units in the Sonesta Report, without additional financing. If we do not repay the amounts owing under the Land Loan or any subsequent loans when due,

KeyBank may take possession of the Sonesta Resort project, and we may be forced to curtail or abandon our current business plans, which could cause the value of our securities to become worthless.

Furthermore, we have established a relationship with GMAC Bank, through Millennium Capital Mortgage, to provide construction financing to the individual purchasers of the Sonesta Resort town homes, which funding we believe will enable all town homes and amenities at Tierra del Sol to be built through this program. Additionally, we are in the process of obtaining alternate financing for the construction of the condominiums and/or for the clubhouse in Phase 1 of the Sonesta Resort. We anticipate that such loan will be evidenced by a firm commitment during the second quarter of 2007, but we can provide no assurances that a commitment will be obtained on favorable terms, if at all. Assuming we are able to enter into a subsequent funding arrangement, we believe that we will have sufficient funds to provide for the completion of Phase 1, assuming there are no material cost overruns, delays or further increases in material costs. We plan to finance Phase 2 separately.

A SIGNIFICANT AMOUNT OF OUR LIABILITIES ARE CURRENT LIABILITIES WHICH ARE DUE WITHIN THE NEXT TWELVE MONTHS, AND WHICH WE DO NOT CURRENTLY HAVE SUFFICIENT CASH ON HAND TO REPAY.

As of December 31, 2006, we had a total of \$56,631,757 in current liabilities, which liabilities are payable within the next twelve months. Included in those liabilities was the Land Load, which currently has a balance of approximately \$14,352,900 and is due on June 28, 2007, the amended Reedy Creek Loan in the principal amount of \$13,420,000 along with any accrued and unpaid interest, which was due and payable on December 31, 2006, but which has since been extended until June 30, 2007, the Bankers Credit loan in the amount of \$7,860,000 is due and payable, along with any accrued and unpaid interest on February 1, 2008, as well as various other loans and notes payables. As we do not currently have sufficient cash on hand to repay these amounts as of the filing of this report, we anticipate the need to raise substantial funding in the next six to twelve months to repay these notes, which funding, if available, could be on unfavorable terms and which could cause immediate and substantial dilution to our then existing shareholders. If we are unable to repay our substantial current liabilities when due, we could be forced to curtail or abandon our business operations, which could cause the value of our securities to become worthless.

WE HAVE RECEIVED \$4,355,000 OF CONVERTIBLE DEBT FINANCING FROM STANFORD, WHICH IS SECURED BY MORTGAGES ON OUR PROPERTY AND LIENS ON OUR ASSETS.

We have received an aggregate of \$4,355,000 of convertible debt financing from Stanford. The terms of our financial arrangements with Stanford are secured by the following mortgages on our properties and liens on our assets:

- Our \$3,000,000 credit facility is secured by collateral assignments of our stock in American Leisure Marketing & Technology, Inc., Orlando Holidays, Inc, American Leisure, Inc, Welcome To Orlando, Inc., American Travel & Marketing Group, Inc. and Hickory Travel Systems, Inc.
- Our \$1,355,000 credit facility is secured by all of the issued and outstanding stock of our subsidiaries American Leisure Marketing & Technology, Inc., Orlando Holidays, Inc, American Leisure, Inc., Welcome To Orlando, Inc., American Travel & Marketing Group, Inc. and Hickory Travel Systems, Inc. This facility is non-recourse to the Company but for the assets and revenues of those subsidiaries.

If we fail to comply with the covenants in our credit facilities, Stanford can elect to accelerate the amounts due under the credit facilities and may foreclose on our assets and property that secures the loans.

BUSINESS ACQUISITIONS OR JOINT VENTURES MAY DISRUPT OUR BUSINESS, DILUTE SHAREHOLDER VALUE OR DISTRACT MANAGEMENT ATTENTION.

As part of our business strategy, we may consider the acquisition of, or investments in, other businesses that offer services and technologies complementary to ours. If the analysis used to value acquisitions is faulty, the acquisitions could have a material adverse affect on our operating results and/or the price of our common stock. Acquisitions also entail numerous risks, including:

- difficulty in assimilating the operations, products and personnel of the acquired business;
- potential disruption of our ongoing business;
- unanticipated costs associated with the acquisition;
- inability of management to manage the financial and strategic position of acquired or developed services and technologies;
- the diversion of management's attention from our core business;
- inability to maintain uniform standards, controls, policies and procedures;
- impairment of relationships with employees and customers, which may occur as a result of integration of the acquired business;
- potential loss of key employees of acquired organizations;

- problems integrating the acquired business, including its information systems and personnel;
- unanticipated costs that may harm operating results; and
- risks associated with entering an industry in which we have no (or limited) prior experience.

If any of these occur, our business, results of operations and financial condition may be materially adversely affected.

RISKS RELATED TO OUR RESORT DEVELOPMENT DIVISION

WE OWE A SIGNIFICANT AMOUNT OF MONEY TO KEYBANK, NATIONAL ASSOCIATION, WHICH WE DO NOT CURRENTLY HAVE FUNDS TO RE-PAY, AND WHICH LOANS INCLUDE LIENS ON OUR PROPERTIES.

In December 2005, we closed two credit facilities with KeyBank, National Association ("KeyBank") related to the Sonesta Resort. The credit facilities consisted of a \$40,000,000 revolving credit line (the "Construction Loan") and a \$14,850,000 term loan to be used to finance the acquisition of the property for the resort (the "Land Loan"). We have since decided not to move forward with the Construction Loan, however we have approximately \$14,352,900 outstanding under the Land Loan to date. The Land Loan bears interest at the rate of the daily London Interbank Offered Rate ("LIBOR") plus 3.10%, respectively, currently 8.27%, with the LIBOR equal to approximately 5.17% as of March 7, 2007. The maturity date of the Land Loan is June 28, 2007. The Land Loan is secured by a first lien on the land within Phase 2 of the Sonesta Resort, including any improvements, easements, and rights of way; a first lien and security interest in all fixtures and personal property, an assignment of all leases, subleases and other agreements relating to the property; an assignment of construction documents; a collateral assignment of all contracts and agreements related to the sale of each condominium unit; a collateral assignment of all purchase deposits and any management and/or operating agreement. As of the date of this filing, we have borrowed \$14,352,900 under the Land Loan, which amount we do not currently have funds on hand to repay. Our business plan includes retiring that debt with a construction loan to build Phase 2 of the Sonesta Resort, assuming that we raise sufficient funding to complete the construction of Phase 1 of the Sonesta Resort first, of which there can be no assurance.

WE NEED SIGNIFICANT ADDITIONAL FINANCE FACILITIES TO BEGIN AND COMPLETE THE DEVELOPMENT OF PHASE 2 OF THE SONESTA RESORT, TO CONTINUE THE VERTICAL CONSTRUCTION OF PHASE 1 OF THE SONESTA RESORT AND TO BEGIN AND COMPLETE OUR PLANNED CONSTRUCTION OF THE REEDY CREEK PROPERTY.

As we have decided not to move forward with the Construction Loan, we currently anticipate the need for a significant amount of additional funding to complete the development of Phase 1 of the Sonesta Resort. Additionally, we do not currently have sufficient capital to begin or complete Phase 2 of the Sonesta Resort and/or our planned development of the Reedy Creek Property (as described above). We are currently in discussions with several parties regarding obtaining financing for the vertical construction of Phase 1 of the Sonesta Resort, and hope to finalize such funding in the second quarter of 2007, of which there can be no assurance. Our plan for the financing of the Phase 2 town homes is to use a program from a national mortgage lender to employ construction loans issued to each purchaser that will, upon completion, convert to permanent, conventional mortgages. The finance plan for the Phase 2 amenities is to employ a line of credit secured by a segment of the profits from the sale of the residential units. We will employ a conventional construction loan for the condominium units. As of this date, the Company has not yet secured the line of credit for the amenities or the construction loan for the condominium units. It is impossible at this time for us to estimate the cost of completing Phase 1 or Phase 2 of the Sonesta Resort and/or the development of the Reedy Creek Property, however, based upon the size of the projects, we would anticipate such costs to be substantial. We will not begin the construction of Phase 1 or Phase 2 until we have capitalized the construction appropriately. If we cannot obtain the appropriate financing, we may have to delay the commencement of the construction of Phase 1 and/or Phase 2 until such time as we have adequate funding available. We may never have sufficient capital to begin or complete the development of Phase 1 or Phase 2 of the Sonesta Resort which could force us to modify or abandon the development plan for the Sonesta Resort. Our business plan for the development of the Reedy Creek Property is to enter into a partnership agreement with an experienced and high credit development partner, and as such, we do not expect to raise capital or incur debt to begin or complete that project. At present, the Company has not yet chosen such partner although we are in receipt of proposals from qualified developers that are consistent with our business plan.

THE CONSTRUCTION OF THE SONESTA RESORT IS SUBJECT TO DELAYS AND COST OVERRUNS, WHICH COULD CAUSE THE ESTIMATED COST OF THE RESORT TO INCREASE AND WHICH COULD CAUSE US TO CURTAIL OR ABANDON THE CONSTRUCTION OF THE SONESTA RESORT.

All construction projects, especially construction projects as large as our planned Sonesta Resort are subject to delays and cost overruns. We have experienced very significant cost increases and overruns since sales commenced in 2004, due to significant price increases in construction materials, which have been exacerbated by the hurricanes of 2004 and 2005, as well as to a lesser extent the threat of hurricanes in 2006 and 2007. The increased costs have impacted construction throughout the southeastern United States and are not unique to us. Because of the significant cost increases, we are evaluating and plan to implement a program to revise upwards the price of sold and unsold units or to cancel contracts on units because of cost overruns. If we continue to experience substantial delays or additional cost overruns during the construction of Phase 1 of the Sonesta Resort and/or Phase 2, we could be forced to obtain additional financing to complete the projects, which could be at terms worse than our then current funding, assuming such funding is available to us at all, of which there can be no assurance, and could force us to curtail or abandon our current plans for Phases 1 and 2 of the Sonesta Resort. As a result, sales of our town homes and condominiums could be severely effected, which could force us to curtail or abandon our business plans and/or could make it difficult if not impossible to repay the significant amount of money due to KeyBank and Stanford (as explained above), which as a result could cause the value of our securities to become worthless.

EXCESSIVE CLAIMS FOR DEVELOPMENT-RELATED DEFECTS IN ANY REAL ESTATE PROPERTIES THAT WE PLAN TO BUILD THROUGH OUR RESORT DEVELOPMENT DIVISION COULD ADVERSELY AFFECT OUR LIQUIDITY, FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

We will engage third-party contractors and have additionally engaged Resorts Development Group, LLC, which is owned by our Chief Executive Officer and Chairman, Malcolm J. Wright, to construct portions of our resorts. However, our customers may assert claims against us for construction defects or other perceived development defects including, but not limited to, structural integrity, the presence of mold as a result of leaks or other defects, electrical issues, plumbing issues, or road construction, water or sewer defects. In addition, certain state and local laws may impose liability on property developers with respect to development defects discovered in the future. To the extent that the contractors do not satisfy any proper claims as they are primarily responsible, and to the extent claims are not satisfied by third-party warranty coverage, claims for development-related defects could be brought against us. To the extent that claims brought against us are not covered by insurance, our payment of those claims could adversely affect our liquidity, financial condition, and results of operations.

MALCOLM J. WRIGHT, WHO SERVES AS OUR CHIEF EXECUTIVE OFFICER AND AS CHAIRMAN OF THE BOARD OF DIRECTORS, IS INVOLVED IN OTHER BUSINESSES THAT HAVE CONTRACTED WITH US AND IS ALSO INVOLVED WITH PROPERTY DEVELOPMENT PROJECTS THAT MAY BE IN COMPETITION WITH US.

Malcolm J. Wright is the President of American Leisure Real Estate Group, Inc., a real estate development company with which we have contracted for the development of our resorts including The Sonesta Orlando Resort at Tierra Del Sol ("ALREG") and Reedy Creek Property. Mr. Wright has a 100% interest in ALREG. Additionally, Mr. Wright is an officer of Xpress Ltd., with which we have contracted for exclusive sales and marketing for The Sonesta Orlando Resort at Tierra Del Sol and Reedy Creek. Mr. Wright is also an officer and shareholder of Inovative Concepts, Inc., which does not have any operations, M J Wright Productions, Inc., which does not have any operations, but which owns our Internet domain names, Resorts Development Group, LLC which develops resort properties in Orlando including Bella Citta, Los Jardines Del Sol, The Preserve, Tortuga Cay and Sherberth Development LLC, Resorts Construction, LLC with whom we have contracted to construct part of the Sonesta Resort as described above, Resorts Concepts, LLC which operates a design business, and Titan Manufacturing, LLC from whom we intend to purchase roof tiles for our developments. Because Mr. Wright is employed by us and the other party to these transactions, Mr. Wright might profit from a transaction when we do not.

Management believes that these transactions are in the best interest of, or not detrimental to, the Company, and are as good or better than could be achieved, if even possible to achieve, by contracting with a wholly unrelated party. Additionally, the transactions were negotiated by us in a manner akin to an arms length transaction. Additionally, from time to time, Mr. Wright pursues real estate investment and sales ventures that may be in competition with ventures that we pursue or plan to pursue. Mr. Wright, however, has personally guaranteed our debts, and has encumbered his personal assets to secure financing for the above described projects.

BECAUSE MALCOLM J. WRIGHT, WHO SERVES AS OUR CHIEF EXECUTIVE OFFICER AND THE CHAIRMAN OF THE BOARD OF DIRECTORS, IS INVOLVED IN A NUMBER OF OTHER BUSINESSES, HE MAY NOT BE ABLE OR WILLING TO DEVOTE A SUFFICIENT AMOUNT OF TIME TO OUR BUSINESS OPERATIONS.

Malcolm J. Wright is the President of ALREG, Xpress Ltd., Inovative Concepts, Inc., M J Wright Productions, Inc., Resorts Development Group, LLC, Resorts Construction, LLC, Titan Manufacturing LLC, Tortuga Cay Resort, LLC, Osceola Business Managers, Inc., Florida World, Inc., SBR Holding LLC (a non trading holding company which

formerly held South Beach Resorts, LLC), RDG LLC, and SunGate Resort Villas, Inc. Mr. Wright is engaged full-time as the Company's Chairman and as a senior executive officer. Although Mr. Wright has not indicated any intention to reduce his activities on behalf of the Company, we do not have an employment agreement with Mr. Wright and he is under no requirement to spend a specified amount of time on our business. If Mr. Wright does not spend sufficient time serving our company, it could have a material adverse effect on our business and results of operations.

WE MAY PROVIDE THE EXECUTIVE OFFICERS OF OUR SUBSIDIARIES AN AGGREGATE BONUS OF UP TO 19% OF THE PRE-TAX PROFITS OF THE SUBSIDIARY IN WHICH THEY SERVE AS OUR EXECUTIVE OFFICERS, WHICH WOULD REDUCE ANY PROFITS THAT WE MAY EARN.

We may provide the executive officers of each of our subsidiaries an aggregate bonus of up to 19% of the pre-tax profits, if any, of the subsidiaries in which they serve as executive officers. For example, Malcolm J. Wright would receive 19% of the pre-tax profits of Leisuresshare International Ltd, Leisuresshare International Espanola SA, American Leisure Homes, Inc., Advantage Professional Management Group, Inc., Tierra Del Sol Resort, Inc., and Wright Resorts Villas & Hotels, Inc. However, we do not have any agreements with our officers regarding the bonus other than our agreement with L. William Chiles. Mr. Chiles is entitled to receive 19% of the profits of Hickory up to a maximum payment over the life of his contract of \$2,700,000. As Mr. Chiles' bonus is limited, it is not subject to the buy-out by us described below. The executive officers of our other subsidiaries would share a bonus of up to 19% of the pre-tax profits of the subsidiary in which they serve as executive officers. We would retain the right, but not the obligation to buy out all of the above agreements after a period of five years by issuing such number of shares of our common stock equal to the product of 19% of the average after-tax profits for the five-year period multiplied by one-third of the price-earnings ratio of our common stock at the time of the buyout divided by the greater of the market price of our common stock or \$5.00. If we pay bonuses in the future, it will reduce our profits and the amount, if any, that we may otherwise have available to pay dividends to our preferred and common stockholders. Additionally, if we pay bonuses in the future it will take away from the amount of money we have to repay our outstanding loans and the amount of money we have available for reinvestment in our operations and as a result, our future results of operations and business plan could be affected by such bonuses, and we could be forced to curtail or abandon our current business plan and plans for future expansion.

WE HAVE EXPERIENCED DELAYS IN OBTAINING SIGNATURES FOR AGREEMENTS AND TRANSACTIONS, WHICH HAVE PREVENTED THEM FROM BEING FINALIZED AND/OR DISCLOSED IN OUR FILINGS.

We have experienced delays in obtaining signatures for various agreements and transactions in the past. In some cases, we have either disclosed the terms of these agreements and transactions in our periodic and other filings with the SEC and/or filed such agreements with only the limited signatures which we could obtain by the required filing dates of such reports, with the intention to re-file such agreements at a later date once we are able to obtain all of the required signatures; however, these agreements and transactions are not final. Until they are finalized, their terms are subject to change although we do not have any present intention to do so. If the terms of these agreements and transactions were to change, we may be required to amend our prior disclosures and any revisions could be substantial.

WE RELY ON KEY MANAGEMENT AND IF WE LOSE ANY OF THEM, IT COULD HAVE A MATERIAL ADVERSE AFFECT ON OUR BUSINESS AND RESULTS OF OPERATIONS.

Our success depends, in part, upon the personal efforts and abilities of Malcolm J. Wright. Mr. Wright is the Chairman of the Company and the Company's Chief Executive Officer. Our ability to operate and implement our business plan is dependent on the continued service of Mr. Wright. We are in the process of entering into a written employment agreement with Mr. Wright. If we are unable to retain and motivate him on economically feasible terms, our business and results of operations will be materially adversely affected. In addition, the absence of Mr. Wright may force us to seek a replacement who may have less experience or who may not understand our business as well.

WE OWE A SUBSTANTIAL AMOUNT OF MONEY TO MALCOLM J. WRIGHT, OUR CHIEF EXECUTIVE OFFICER AND CHAIRMAN FOR HIS SERVICES AS AN EXECUTIVE OFFICER AND A DIRECTOR, AND IF WE DO NOT EVENTUALLY PAY HIM THESE ACCRUED AMOUNTS, WE COULD LOSE HIS SERVICES.

We currently accrue \$500,000 per year which is payable to Malcolm J. Wright for his services as an executive officer and an additional \$18,000 per year for his services as a Chairman as of the filing of this report, which accrued amount bears interest at the rate of 12% per annum until paid, compounded annually. Although we paid Mr. Wright an aggregate of \$1,540,500 in June 2006, consisting of \$1,275,000 of the principal amount he was owed in salary and \$265,500 of interest on such amount, we still owe Mr. Wright approximately \$2,225,000 as of the date of this filing. Furthermore, we may pay Mr. Wright a bonus of up to 19% of the pre-tax profits, if any, of various subsidiaries as discussed above. We have made payments to entities controlled by Mr. Wright in consideration for substantial valuable services that those entities have provided to us for The Sonesta Orlando Resort at Tierra Del Sol. If we do not have sufficient cash on hand to pay Mr. Wright for his salary, Director's compensation and bonus in the future, he may determine to spend less of his time on our business or to resign his positions as an officer and a Director.

COMPANIES AFFILIATED WITH OUR CHIEF EXECUTIVE OFFICER AND CHAIRMAN OF THE BOARD, MALCOLM J. WRIGHT ARE PAID A SUBSTANTIAL AMOUNT OF OUR REVENUES IN CONNECTION WITH SERVICES RENDERED.

Certain companies controlled by our Chief Executive Officer and Chairman, Malcolm J. Wright, including American Leisure Real Estate Group, Inc. ("ALRG"), which entered into an exclusive Development Agreement with our subsidiary, Tierra del Sol Resort, Inc. ("TDSR") and Xpress, Ltd. ("Xpress"), which entered into an exclusive sales and marketing agreement with TDSR in November 2003, are paid substantial fees in connection with services rendered to us in connection with such agreements. In connection with ALRG's Development Agreement with TDSR, we are required to pay ALRG a fee in the amount of 4% of the total costs of the development of the Sonesta Resort

paid by ALRG. As of December 31, 2006, the total costs and fees paid by ALRG amounted to \$35,086,913, of which 4% of such amount is equal to approximately \$1,403,777. In connection with Xpress' sales and marketing agreement, we agreed to pay Xpress a sales fee in the amount of 3% and a marketing fee of 1.5% of the total sales prices received by TDSR in connection with sales of units in the Sonesta Resort, which shares are payable in two installments, one-half of the sales fee and all of the marketing fee when the rescission period has elapsed in a unit sales agreement and the other half of the sales fee upon the actual conveyance of the unit. As of December 31, 2006, total sales of units in the Sonesta Resort were approximately \$229,590,043, and as a result, TDSR was obligated to pay Xpress a fee of \$6,887,701 in connection with sales and a fee of \$3,443,851 in marketing fees, and as of December 31, 2006, \$6,887,701 had been paid to Xpress, which number includes fees paid on cancelled sales, which fees Xpress is able to keep. These payments represent a significant portion of our non-restricted current cash and equivalents and as a result of such payments, we could have less cash on hand than we will require for our operations and upcoming liabilities. Additionally, as a result of such payments, we may be forced to curtail or scale back our business plan, which could have a material adverse effect on the trading value of our common stock. We believe, however, that the transactions with ALRG and Xpress are in the best interest of the Company and provide efficiencies and savings not otherwise available in the open market.

RISKS RELATED TO OUR TRAVEL DIVISION

WE NEED APPROXIMATELY \$2,500,000 OF CAPITAL THROUGH THE END OF THE 2007 FISCAL YEAR FOR OUR TRAVEL DIVISION OPERATIONS AND THE OPERATIONS OF HICKORY, WHICH MAY NOT BE AVAILABLE TO US ON FAVORABLE TERMS, IF AT ALL.

We anticipate needing to raise approximately \$2,000,000 through the end of the 2007 fiscal year for the working capital needs for the Travel Division, as well as approximately \$500,000 for the operations of Hickory, which includes Hickory's requirement to cover its seasonal losses, and TraveLeaders' requirements during its reorganization to adopt our business models. If we do not receive a sufficient amount of additional capital on acceptable terms, or at all, we may be unable to fully implement our business plan. We have identified sources of additional working capital, but we do not have any written commitments from third parties or from our officers, Directors or majority shareholders. Additional capital may not be available to us on favorable terms, if at all. If we cannot obtain a sufficient amount of additional capital, we will have to delay, curtail or scale back some or all of our travel operations, any of which would materially adversely affect our travel businesses. In addition, we may be required to delay the acquisition of additional travel agencies and restructure or refinance all or a portion of our outstanding debt.

OUR COMMISSIONS AND FEES ON CONTRACTS WITH SUPPLIERS OF TRAVEL SERVICES FOR OUR TRAVEL DIVISION MAY BE REDUCED OR THESE CONTRACTS MAY BE CANCELLED AT WILL BY THE SUPPLIERS BASED ON OUR VOLUME OF BUSINESS, WHICH COULD HAVE A MATERIAL ADVERSE EFFECT ON OUR BUSINESS, FINANCIAL CONDITION OR RESULTS OF OPERATIONS.

Our suppliers of travel services including airline, hotel, cruise, tour and car rental suppliers may reduce the commissions and fees that we earn under contract with them based on the volume of business that we generate for them. These contracts generally renew annually and in some cases may be cancelled at will by the suppliers. If we cannot maintain our volume of business, our suppliers could contract with us on terms less favorable than the current terms of our contracts or the terms of their contracts with our competitors, exclude us from the products and services that they provide to our competitors, refuse to renew our contracts, or, in some cases, cancel their contracts with us at will. In addition, our suppliers may not continue to sell services and products through global distribution systems on terms satisfactory to us. If we are unable to maintain or expand our volume of business, our ability to offer travel service or lower-priced travel inventory could be significantly reduced. Any discontinuance or deterioration in the services provided by third parties, such as global distribution systems providers, could prevent our customers from accessing or purchasing particular travel services through us. If these suppliers were to cancel or refuse to renew our contracts or renew them on less favorable terms, it could have a material adverse effect on our business, financial condition or results of operations.

OUR SUPPLIERS OF TRAVEL SERVICES TO OUR TRAVEL DIVISION COULD REDUCE OR ELIMINATE OUR COMMISSION RATES ON BOOKINGS MADE THROUGH US BY PHONE AND OVER THE INTERNET, WHICH COULD REDUCE OUR REVENUES.

We receive commissions paid to us by our travel suppliers such as hotel chains and cruise companies for bookings that our customers make through us by phone and over the Internet. Consistent with industry practices, our suppliers are not obligated by regulation to pay any specified commission rates for bookings made through us or to pay commissions at all. Over the last several years, travel suppliers have substantially reduced commission rates and our travel suppliers have reduced our commission rates in certain instances. Future reductions, if any, in our commission rates that are not offset by lower operating costs or increased volume could have a material adverse effect on our business and results of operations.

FAILURE TO MAINTAIN RELATIONSHIPS WITH TRADITIONAL TRAVEL AGENTS FOR OUR TRAVEL DIVISION COULD ADVERSELY AFFECT OUR BUSINESS AND RESULTS OF OPERATIONS.

Hickory has historically received, and expects to continue to receive, a significant portion of its revenue through relationships with traditional travel agents. Maintenance of good relationships with these travel agents depends in large part on continued offerings of travel services in demand, and good levels of service and availability. If Hickory does not maintain good relations with its travel agents, these agents could terminate their memberships and use of Hickory's products and services, which would have a material adverse effect on our business and results of operations.

DECLINES OR DISRUPTIONS IN THE TRAVEL INDUSTRY COULD SIGNIFICANTLY REDUCE OUR REVENUE FROM THE TRAVEL DIVISION.

Potential declines or disruptions in the travel industry may result from any one or more of the following factors:

- price escalation in the airline industry or other travel related industries;
- airline or other travel related strikes;
- political instability, war and hostilities;
- long term bad weather;
- fuel price escalation;
- increased occurrence of travel-related accidents; and/or
- economic downturns and recessions.

OUR TRAVEL REVENUES MAY FLUCTUATE FROM QUARTER TO QUARTER DUE TO SEVERAL FACTORS INCLUDING FACTORS THAT ARE OUTSIDE OF OUR CONTROL, AND IF BECAUSE OF THESE FACTORS, OUR REVENUES ARE BELOW OUR EXPECTATIONS IT WOULD LIKELY HAVE A MATERIAL ADVERSE EFFECT ON OUR RESULTS OF OPERATIONS.

We may experience fluctuating revenues because of a variety of factors, many of which are outside of our control. These factors may include, but are not limited to, the timing of new contracts; reductions or other modifications in our clients' marketing and sales strategies; the timing of new product or service offerings; the expiration or termination of existing contracts or the reduction in existing programs; the timing of increased expenses incurred to obtain and support new business; changes in the revenue mix among our various service offerings; labor strikes and slowdowns at airlines or other travel businesses; and the seasonal pattern of TravelLeaders' business and the travel agency members of Hickory. In addition, we make decisions regarding staffing levels, investments and other operating expenditures based on our revenue forecasts. If our revenues are below expectations in any given quarter, our operating results for that quarter would likely be materially adversely affected.

GLOBAL TRAVEL DISTRIBUTION SYSTEM CONTRACTS THAT WE MAY ENTER INTO GENERALLY PROVIDE FOR FINANCIAL PENALTIES FOR NOT ACHIEVING PERFORMANCE OBJECTIVES.

We are seeking to enter into multi-year global distribution system contracts. These contracts typically cover a five-year period and would require us to meet certain performance objectives. If we do not structure a global distribution system contract effectively, it may trigger financial penalties if the performance objectives are not met. In the event that we enter into global distribution system contracts and are unable to meet the performance objectives, it would have a material adverse effect on our business, liquidity and results of operations.

OUR CONTRACTS WITH CLIENTS OF THE TRAVELEADERS BUSINESS DO NOT GUARANTEE THAT WE WILL RECEIVE A MINIMUM LEVEL OF REVENUE, ARE NOT EXCLUSIVE, AND MAY BE TERMINATED ON RELATIVELY SHORT NOTICE.

Our contracts with clients of the TravelLeaders business do not ensure that we will generate a minimum level of revenue, and the profitability of each client may fluctuate, sometimes significantly, throughout the various stages of

our sales cycles. Although we will seek to enter into multi-year contracts with our clients, our contracts generally enable the client to terminate the contract, or terminate or reduce customer interaction volumes, on relatively short notice. Although some contracts require the client to pay a contractually agreed amount in the event of early termination, there can be no assurance that we will be able to collect such amount or that such amount, if received, will sufficiently compensate us for our investment in any canceled sales campaign or for the revenues we may lose as a result of the early termination. If we do not generate minimum levels of revenue from our contracts or our clients terminate our multi-year contracts, it will have a material adverse effect on our business, results of operation and financial condition.

WE RECEIVE CONTRACTUALLY SET SERVICE FEES AND HAVE LIMITED ABILITY TO INCREASE OUR FEES TO MEET INCREASING COSTS.

Most of our travel contracts have set service fees that we may not increase if, for instance, certain costs or price indices increase. For the minority of our contracts that allow us to increase our service fees based upon increases in cost or price indices, these increases may not fully compensate us for increases in labor and other costs incurred in providing the services. If our costs increase and we cannot, in turn, increase our service fees or we have to decrease our service fees because we do not achieve defined performance objectives, it will have a material adverse effect on our business, results of operations and financial condition.

THE TRAVEL INDUSTRY IS LABOR INTENSIVE AND INCREASES IN THE COSTS OF OUR EMPLOYEES COULD HAVE A MATERIAL ADVERSE EFFECT ON OUR BUSINESS, LIQUIDITY OR RESULTS OF OPERATIONS.

The travel industry is labor intensive and has experienced high personnel turnover. A significant increase in our personnel turnover rate could increase our recruiting and training costs and decrease operating effectiveness and productivity. If we obtain a significant number of new clients or implement a significant number of new, large-scale campaigns, we may need to recruit, hire and train qualified personnel at an accelerated rate, but we may be unable to do so. Because significant portions of our operating costs relate to labor costs, an increase in wages, costs of employee benefits, employment taxes or other costs associated with our employees could have a material adverse effect on our business, results of operations or financial condition.

OUR INDUSTRY IS SUBJECT TO INTENSE COMPETITION AND COMPETITIVE PRESSURES COULD ADVERSELY AFFECT OUR BUSINESS, RESULTS OF OPERATIONS AND FINANCIAL CONDITION.

We believe that the market in which we operate is fragmented and highly competitive and that competition may intensify in the future. We compete with small firms offering specific applications, divisions of large entities, large independent firms and the in-house operations of clients or potential clients. A number of competitors have or may develop greater capabilities and resources than us. Additional competitors with greater resources than us may enter our market. Competitive pressures from current or future competitors could cause our services to lose market acceptance or result in significant price erosion, all of which could have a material adverse effect upon our business, results of operations or financial condition.

WE RELY AND PLAN TO RELY ON ONLY A FEW MAJOR CLIENTS FOR OUR REVENUES.

We plan to focus our marketing efforts on developing long-term relationships with companies in our targeted travel and vacation resort industry. As a result, we will derive a substantial portion of our revenues from relatively few clients. There can be no assurances that we will not continue to be dependent on a few significant clients, that we will be able to retain those clients, that the volumes of profit margins will not be reduced or that we would be able to replace such clients or programs with similar clients or programs that would generate a comparable profit margin. Consequently, the loss of one or more of those clients could have a material adverse effect on our business, results of operations or financial condition.

**RISKS RELATING TO OUR STOCK AND
GENERAL BUSINESS RISKS**

RE-PRICING WARRANTS AND ISSUING ADDITIONAL WARRANTS TO OBTAIN FINANCING HAS CAUSED AND MAY CAUSE ADDITIONAL DILUTION TO OUR EXISTING STOCKHOLDERS.

In the past, to obtain additional financing, we have modified the terms of our warrant agreements to lower the exercise price per share to \$.001 from \$5.00 with respect to warrants to purchase 100,000 shares of our common stock and to \$.001 from \$2.96 with respect to warrants to purchase 1,350,000 shares of our common stock. Additionally, we have granted an additional 616,000 warrants to SIBL and affiliates to purchase shares of our common stock at \$5.00 per share, 308,000 warrants to SIBL and affiliates to purchase shares of our common stock at \$0.001 per share, 355,000 warrants to purchase shares of our common stock at \$10 per share and 235,000 warrants to purchase shares of our common stock at \$20 per share. Re-pricing of our warrants and issuing additional warrants has caused and may cause substantial additional dilution to our existing shareholders and shareholders owning shares of our common stock at the time of the exercise of such warrants described above, if exercised.

WARRANTS GRANTED TO STANFORD INTERNATIONAL BANK, LTD., IN CONNECTION WITH THE TIERRA DEL SOL LOAN AND LETTERS OF CREDIT CONTAIN ANTI-DILUTION FEATURES, WHICH COULD EFFECT THE VALUE OF OUR COMMON STOCK.

On December 29, 2005, Stanford International Bank, Ltd. ("SIBL") provided Tierra Del Sol with financial assistance to facilitate the establishment of the Land Loan and the Construction Loan. The financial assistance consisted of a loan to Tierra Del Sol of \$2,100,000 (the "SIBL Tierra Del Sol Loan") however, as consideration for the purchase of our Antiguan call center and in connection with our entry into the Stock Purchase Agreement, described above, SIBL exchanged this note and \$191,100 of accrued interest, and the establishment of letters of credit in favor of KeyBank in the amount of \$4,000,000 and \$2,000,000, respectively (the "Letters of Credit"), the fees for which amounting to \$540,000 were also exchanged as part of the consideration for the purchase of the Antiguan call center. As additional consideration for this financial assistance, we granted SIBL and its affiliates warrants to purchase 308,000 shares of our common stock at an exercise price of \$5.00 per share and warrants to purchase 154,000 shares of our common stock at an exercise price of \$0.001 per share. Additionally, in January 2006, in connection with the SIBL Reedy Creek Loan, we granted SIBL and its affiliates warrants to purchase 308,000 shares of our common stock at an exercise price of \$5.00 per share and warrants to purchase 154,000 shares of the Company's common stock at an exercise price of \$0.001 per share. Additionally, in June 2006, in connection with the sale of our call center operations and in August 2006, in connection with the Vici transaction (described herein), we granted SIBL 355,000 warrants to purchase shares of our common stock at \$10 per share and 235,000 warrants to purchase shares of our common stock at \$20 per share, respectively. The warrants contain anti-dilution provisions, including a provision which requires us to issue additional shares under the warrants if we issue or sell any common stock at less than \$1.02 per share, or grant, issue or sell any options or warrants for shares of the Company's common stock to convert into shares of our common stock at less than \$1.02 per share. If we do issue or sell common stock which causes a re-pricing of the warrants issued to SIBL, it would likely have an adverse effect on the trading value of our common stock and could cause substantial dilution to our then shareholders.

THERE MAY NOT BE AN ACTIVE OR LIQUID TRADING MARKET FOR OUR COMMON STOCK, WHICH MAY LIMIT INVESTORS' ABILITY TO RESELL THEIR SHARES.

An active and liquid trading market for our common stock may not develop or, if developed, such a market may not be sustained. In addition, we cannot predict the price at which our common stock will trade. If there is not an active or liquid trading market for our common stock, investors in our common stock may have limited ability to resell their shares.

WE HAVE AND MAY CONTINUE TO ISSUE PREFERRED STOCK THAT HAS RIGHTS AND PREFERENCES OVER OUR COMMON STOCK.

Our Articles of Incorporation, as amended, authorize our Board of Directors to issue preferred stock, the relative rights, powers, preferences, limitations, and restrictions of which may be fixed or altered from time to time by the Board of Directors. Accordingly, the Board of Directors may, without approval from the shareholders of our common stock, issue preferred stock with dividend, liquidation, conversion, voting, or other rights that could adversely affect the voting power and other rights of the holders of our common stock. The preferred stock can be utilized, under certain circumstances, as a method of discouraging, delaying, or preventing a change in our ownership and management that shareholders might not consider to be in their best interests. We have issued various series of preferred stock, which have rights and preferences over our common stock including, but not limited to, cumulative dividends and preferences upon liquidation or dissolution.

WE DO NOT EXPECT TO PAY DIVIDENDS IN THE NEAR FUTURE, WHICH COULD MAKE AN INVESTMENT IN OUR COMMON STOCK LESS ATTRACTIVE FOR CERTAIN INVESTORS THAN OTHER SIMILAR COMPANIES' STOCK WHICH PAY DIVIDENDS.

We have never declared or paid dividends on our common stock. We do not anticipate paying dividends on our common stock in the near future. Our ability to pay dividends is dependent upon, among other things, future earnings as well as our operating and financial condition, capital requirements, general business conditions and other pertinent factors. We intend to reinvest in our business operations any funds that could be used to pay dividends. Our common stock is junior in priority to our preferred stock with respect to dividends. Cumulative dividends on our issued and outstanding Series A preferred stock, Series B preferred stock, Series C preferred stock and Series E preferred stock accrue dividends at a rate of \$1.20, \$12.00, \$4.00, and \$4.00, respectively, per share per annum, payable in preference and priority to any payment of any cash dividend on our common stock. We have authorized Series F preferred stock with cumulative dividends that accrue at a rate of \$1.00 per share per annum and are also payable in preference and priority to any payment of any cash dividend on our common stock. Dividends on our preferred stock accrue from the date on which we agree to issue such preferred shares and thereafter from day to day whether or not earned or declared and whether or not there exists profits, surplus or other funds legally available for the payment of dividends. We have never paid any cash dividends on our preferred stock. We will be required to pay accrued dividends on our preferred stock before we can pay any dividends on our common stock. Because we do not currently pay dividends on our preferred or common stock, an investment in our Company may be less attractive to certain investors who are looking to invest in company's which pay regular dividends and as such, the trading value of our common stock may decline in value and/or be less than similar sized companies which do pay dividends on their preferred and common stock.

BECAUSE OF THE SIGNIFICANT NUMBER OF SHARES OWNED BY OUR DIRECTORS, OFFICERS AND PRINCIPAL SHAREHOLDERS, OTHER SHAREHOLDERS MAY NOT BE ABLE TO SIGNIFICANTLY INFLUENCE OUR MANAGEMENT.

Our Directors, officers, and principal shareholders beneficially own a substantial portion of our outstanding common and preferred stock. Malcolm J. Wright, who serves as our Chief Executive Officer and Chairman, and Roger Maddock, one of our majority shareholders, own, directly and indirectly, approximately an aggregate of 72% of the voting power in us. As a result, these persons control our affairs and management, as well as all matters requiring shareholder approval, including the election and removal of members of the Board of Directors, transactions with Directors, officers or affiliated entities, the sale or merger of the Company or substantially all of our assets, and changes in dividend policy. This concentration of ownership and control could have the effect of delaying, deferring, or preventing a change in our ownership or management, even when a change would be in the best interest of other shareholders.

IF WE ARE LATE IN FILING OUR QUARTERLY OR ANNUAL REPORTS WITH THE SEC, WE MAY BE DE-LISTED FROM THE OVER-THE-COUNTER BULLETIN BOARD.

Pursuant to Over-The-Counter Bulletin Board ("OTCBB") rules relating to the timely filing of periodic reports with the SEC, any OTCBB issuer which fails to file a periodic report (Form 10-QSB's or 10-KSB's) by the due date of such report (notwithstanding any extension granted by the filing of a Form 12b-25), three (3) times during any twenty-four (24) month period is automatically de-listed from the OTCBB. Such removed issuer would not be re-eligible to be listed on the OTCBB for a period of one-year, during which time any subsequent late filing would reset the one-year period of de-listing. If we are late in our filings three times in any twenty-four (24) month period and are de-listed from the OTCBB, our securities may become worthless and we may be forced to curtail or abandon our business plan.

THERE IS CURRENTLY A LIMITED MARKET FOR OUR COMMON STOCK AND OUR STOCK PRICE IS VOLATILE.

There is currently a limited and volatile market for our common stock. Such market has been and will continue to be subject to wide fluctuations in response to several factors including, but not limited to:

- (1) actual or anticipated variations in our results of operations;
- (2) our ability or inability to generate new revenues;
- (3) the number of shares in our public float;
- (4) increased competition; and
- (5) conditions and trends in the travel services, vacation, and/or real estate and construction markets.

Furthermore, because our common stock is traded on the NASD over the counter bulletin board, our stock price may be impacted by factors that are unrelated or disproportionate to our operating performance. These market fluctuations, as well as general economic, political and market conditions, such as recessions, interest rates or international currency fluctuations may adversely affect the market price of our common stock. Additionally, at present, we have a limited number of shares in our public float, and as a result, there could be extreme fluctuations in the price of our common stock. Further, due to the limited volume of our shares which trade and our limited public float, we believe that our stock prices (bid, asked and closing prices) are entirely arbitrary, are not related to the actual value of the Company, and do not reflect the actual value of our common stock (and in fact reflect a value that is much higher than the actual value of our common stock). Shareholders and potential investors in our common stock should exercise caution before making an investment in the Company, and should not rely on the publicly quoted or traded stock prices in determining our common stock value, but should instead determine value of our common stock based on the information contained in the Company's public reports, industry information, and those business valuation methods commonly used to value private companies.

ITEM 7. FINANCIAL STATEMENTS

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors
American Leisure Holdings, Inc. and Subsidiaries
Orlando, Florida

We have audited the accompanying consolidated balance sheets of American Leisure Holdings, Inc. and Subsidiaries (the "Company") as of December 31, 2006 and 2005, and the related consolidated statements of operations, stockholders' equity and cash flows for each of the two years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of American Leisure Holdings, Inc. and Subsidiaries as of December 31, 2006 and 2005, and the results of its operations and its cash flows for the years ended December 31, 2006 and 2005, in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 3 to the financial statements, the Company's recurring losses from operations and the need to raise additional financing in order to satisfy its vendors and other creditors and execute its Business Plan raise substantial doubt about its ability to continue as a going concern. Management's plans as to these matters are also described in Note 3. The 2006 consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

As discussed in Note 2, the accompanying consolidated financial statements have been restated.

LBB & Associates Ltd., LLP
Houston, Texas
March 27, 2007, except for Note 2, as to which the date is August 27, 2007.

AMERICAN LEISURE HOLDINGS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 - THE COMPANY

American Leisure Holdings, Inc., a Nevada corporation, was incorporated in May 2002. American Leisure, through its subsidiaries, is involved in the development of vacation real estate in Orlando, Florida and the supplying of products related to the travel and leisure business throughout the United States of America. The consolidated entity is hereinafter referred to as "American Leisure", "the Company" or "AMLH".

The Company operates in three segments, real estate, where we are developing vacation real estate in Orlando Florida; travel, where we provide travel related services and products (ticketing, reservations, travel packages, corporate meetings and events etc.) and hospitality, where we operate a hotel in South Beach Florida. We had operated a call center through June 2006 when it was sold.

Principles of Consolidation

In determining whether American Leisure has a direct or indirect controlling financial interest in affiliates, consideration is given to various factors, including common stock ownership, possession of securities convertible into common stock and the related conversion terms, voting rights, representation on the board of directors, rights or obligations to purchase additional ownership interests as well as the existence of contracts or agreements that provide control features. When American Leisure determines that its ownership, direct or indirect, exceeds fifty percent of the outstanding voting shares of an affiliate, American Leisure will consolidate the affiliate. Furthermore, when American Leisure determines that it has the ability to control the financial or operating policies through its voting rights, board representation or other similar rights, American Leisure will consolidate the affiliate.

For those affiliates that American Leisure does not have the ability to control the operating and financial policies thereof, the investments are accounted for under the equity or cost method, as appropriate. American Leisure applies the equity method of accounting when it has the ability to exercise significant influence over operating and financial policies of an investee in accordance with APB Opinion No. 18, "The Equity Method of Accounting for Investments in Common Stock." In determining whether American Leisure has the ability to exercise significant influence, consideration is given to various factors including the nature and significance of the investment, the capitalization structure of the investee, representation on the board of directors, voting rights, veto rights and other protective and participating rights held by investors and contractual arrangements.

American Leisure applies accounting principles generally accepted in the United States of America and interpretations when evaluating whether it should consolidate entities. Typically, if American Leisure does not retain both control of the assets transferred to the entities, as well as the risks and rewards of those assets, American Leisure will not consolidate such entities. In determining whether the securitization entity should be consolidated, American Leisure considers whether the entity is a qualifying special purpose entity, as defined by Statement of Financial Accounting Standards ("SFAS") No. 140, "Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities-a replacement of FASB Statement No. 125."

The consolidated financial statements include the accounts of American Leisure Holdings, Inc. and its subsidiaries owned and/or controlled by American Leisure as follows:

Minority interests are reflected in the consolidated statements of operations to the extent income or losses are allocated to the minority interest shareholders. Losses in excess of the minority shareholders' basis are not allocated to the minority interest shareholders.

All significant inter-company accounts and transactions have been eliminated in the consolidation.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of American Leisure is presented to assist in understanding American Leisure's financial statements. The financial statements and notes are representations of American Leisure's management, which is responsible for their integrity and objectivity. These accounting policies conform to generally accepted accounting principles and have been consistently applied in the preparation of the financial statements.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could materially differ from those estimates.

Concentration of Risk

American Leisure places its cash and temporary cash investments with established financial institutions. At various times during the year, the Company maintained cash balances in excess of FDIC insurable limits. Management feels this risk is mitigated due to the longstanding reputation of these banks. No losses have been incurred by the Company related to this risk.

In the normal course of business, the Company extends unsecured credit to the majority of its travel business customers. Management periodically reviews its outstanding accounts receivable and establishes an allowance for doubtful accounts based on historical collection trends and other criteria.

Fair Value of Financial Instruments

The Company's short-term financial instruments consist of cash, restricted cash, accounts receivable, accounts payable, accrued expenses and debt. The carrying amounts of these financial instruments approximate fair value because of their short-term maturities. Financial instruments that potentially subject the Company to a concentration of credit risk consist principally of cash and accounts receivable.

The Company does not hold or issue financial instruments for trading purposes nor does it hold or issue interest rate or leveraged derivative financial instruments.

Equity Investments

AMLH holds various minority equity investments in companies that meet AMLH's investment criteria. AMLH applies the equity method of accounting for minority investments when AMLH has the ability to exert significant influence over the operating and financial policies of an investment. In the absence of such ability, AMLH accounts for these minority investments under the cost method. Certain investments carry restrictions on immediate disposition. Declines in value that are judged to be other than temporary are reported in other income and expense.

Long-Lived Assets

Long-lived assets are stated at cost. Maintenance and repairs are expensed as incurred. Depreciation is determined using the straight-line method over the estimated useful lives of the assets, which is three to seven years.

Where an impairment of a property's value is determined to be other than temporary, an allowance for the estimated potential loss is established to record the property at its net realizable value.

When items of land, building or equipment are sold or retired, the related cost and accumulated depreciation are removed from the accounts and any gain or loss is included in the results of operations. The Company does not have any long-lived tangible assets that are considered to be impaired as of December 31, 2006 and 2005.

Land Held for development

Land held for development includes the initial cost of acquisition of the land and all subsequent capitalized construction and development costs.

Construction and development costs include all expenditures incurred in readying certain construction and development related assets of the Company for their intended use. These expenditures consist of direct costs such as land, financing costs, interest, legal fees, consulting fees, surveying, engineering, architects, contractors, real estate taxes, permits, licenses, fees, insurance, photos, copies, printing, general and administrative, and sales and marketing costs.

Interest costs are capitalized during the capitalization period, which commences when i) expenditures for the asset have been made, ii) activities that are necessary to get the asset ready for its intended use are in progress, and iii) interest cost is being incurred, and continues as long as these three conditions are present. The amount capitalized in an accounting period shall be determined by applying an interest rate(s) (the "capitalization rate") to the average amount of accumulated expenditures for the asset during the period. The capitalization rates are based on the rates applicable to borrowings, both directly and indirectly associated with the subject asset, outstanding during the period.

For the periods ending December 31, 2006 and 2005, interest capitalized totaled \$2,110,015 and \$2,198,853, respectively. As of December 31, 2006 and 2005, \$187,271 and \$1,240,403, respectively, of interest expense was accrued and unpaid.

All capitalized construction costs are subject to write-down inasmuch as the Company's construction and development assets are carried at the lower of cost or net realizable value.

The Company defers costs directly relating to the acquisition of new properties and resort businesses that, in management's judgment, have a high probability of closing. If the acquisition is abandoned, any deferred costs are expensed immediately. These costs are capitalized as land held for development upon closing

Intangibles with Finite Lives

In June 2001, the Financial Accounting Standards Board issued "Statement of Financial Accounting Standards, ("FAS") No. 142 "Goodwill and Other Intangible Assets", effective for fiscal years beginning after December 15, 2001. FAS No. 142 addressed the recognition and measurement of intangible assets acquired individually or with a group of other assets and the recognition and measurement of goodwill and other intangible assets subsequent to their acquisition. Under these rules, goodwill and intangible assets with indefinite lives are no longer amortized, but are subject to annual or more frequent impairment testing. Other intangible assets deemed to have a finite life continue to be amortized over their useful lives.

The Company amortizes the following intangible assets with finite lives using straight-line method.

Trademarks	40
	Years
Customer	5
List	Years

These intangible assets with finite lives are reviewed for potential impairment whenever events or circumstances indicate that their carrying amounts may not be recoverable. During 2006 and 2005 management determined that no impairment adjustment related to these intangibles was necessary.

Income Taxes

American Leisure accounts for income taxes using the asset and liability method. The differences between the financial statement and tax basis of assets and liabilities are determined annually. Deferred income tax assets and liabilities are computed for those differences that have future tax consequences using the currently enacted tax laws and rates that apply to the period in which they are expected to affect taxable income. Valuation allowances are established, if necessary, to reduce deferred tax asset accounts to the amounts that will more likely than not be realized. Income tax expense is the current tax payable or refundable for the period, plus or minus the net change in the deferred tax asset and liability accounts.

Goodwill

American Leisure adopted the provisions of SFAS No. 142, "Goodwill and Other Intangible Assets". This statement requires that goodwill and intangible assets deemed to have indefinite lives not be amortized, but rather be tested for impairment on an annual basis. Finite-lived intangible assets are required to be amortized over their useful lives and are subject to impairment evaluation under the provisions of SFAS No. 144. The intangible assets relate to 1) the acquisition goodwill for the controlling interest of HTS, and 2) the net assets purchased from Around The World Travel, Inc. pursuant to the Asset Purchase Agreement between Around The World Travel, Inc. and American Leisure Equity Corporation.

American Leisure reduced goodwill that resulted from the purchase of assets from Around the World Travel, Inc. in 2006 for the release of an assumed liability of \$1,366,303.

Cash and Cash Equivalents and Restricted Cash

American Leisure considers all highly liquid investments with original maturities of three months or less to be cash equivalents.

The restricted cash classified as long-term represents funds held in escrow for deposits received for condo and townhome sales for the units at Tierra Del Sol Resorts. The escrowed funds will be applied to the purchase price by the buyer at closing. Restricted cash classified as current are the escrowed funds that are the equity requirements from KeyBank of \$1.03 million as part of the credit facilities. The funds are not readily available to the Company and can only be disbursed with the consent of KeyBank to be used for the construction of Tierra Del Sol Resorts.

Accounts Receivable, Net

At December 31, 2006 and 2005, accounts receivable, net consisted of the following:

	2006	2005
Trade receivables	\$ 3,064,849	\$ 2,184,936
Miscellaneous receivables	201,090	13,000
	3,265,939	2,197,936
Less: reserve for doubtful accounts	117,209	113,841
	\$ 3,148,730	\$ 2,084,095

Allowance for Doubtful Accounts

Our reported balance of accounts receivable, net of the allowance for doubtful accounts, represents our estimate of the amount that ultimately will be realized in cash. We review the adequacy of our allowance for doubtful accounts on an ongoing basis, using historical payment trends and the age of the receivables and knowledge of our individual customers. When our analyses indicate, we increase or decrease our allowance accordingly. However, if the financial condition of our customers were to deteriorate, additional allowances may be required.

Shares for Services and Other Assets

The Company adopted the provisions of SFAS No. 123(R) in the first quarter of 2006 which requires all share-based payments to employees and directors to be recognized in the financial statements based on their fair values, using prescribed option-pricing models. The Company used the modified prospective method of adoption and continues to use the Black-Scholes option pricing model to value share-based payments. The modified prospective method requires companies to recognize compensation cost beginning with the effective date of adoption based on (a) the requirements for all share-based payments granted after the effective date of adoption and (b) the requirements for all unvested awards granted to employees prior to the effective date of adoption.

Prior to 2006 American Leisure accounted for non-cash stock-based compensation issued to employees in accordance with the provisions of Accounting Principles Board ("APB") Opinion No. 25, "Accounting for Stock Issued to Employees," and complies with the disclosure provisions of SFAS No. 123, "Accounting for Stock-Based Compensation," issued by the Financial Accounting Standards Board and EITF No. 96-18, "Accounting for Equity (deficit) Investments That Are Issued to Non-Employees for Acquiring, or in Conjunction with Selling, Goods or Services." Under APB No. 25, compensation cost was recognized over the vesting period based on the difference, if any, on the date of grant between the fair value of American Leisure's stock and the amount an employee must pay to acquire the stock. Common stock issued to non-employees and consultants was based upon the value of the services received or the quoted market price, whichever value is more readily determinable. Accordingly, no compensation expense was recognized for grants of options to employees with the exercise prices at or above market price of the Company's common stock on the measurement dates.

Had compensation expense been determined based on the estimated fair value at the measurement dates of awards under those plans consistent with the method prescribed by SFAS No. 123, the Company's December 31, 2005, net loss would have been changed to the pro forma amounts indicated below.

	2005
Net loss as reported	\$ (4,085,825)
Less: stock based compensation under intrinsic	-
Stock based compensation under fair value method	(129,573)
Pro forma	\$ (4,215,398)
Net loss per share - basic and diluted	
As reported	\$ (0.41)
Pro forma	\$ (0.42)

The fair value of each option grant was estimated on the date of grant using the Black-Scholes option pricing model with the following assumptions: Risk free rate of 1.5% for 2006 and 2005; volatility of 131% to 146% for 2006 and 196% for 2005 with no assumed dividend yield; and expected lives of five years for 2006 and 2005.

Revenue Recognition

Revenues from Hickory are recognized as earned, which is primarily at the time of delivery of the related service, publication or promotional material. Fees from advertisers to be included in the hotel book and web service operated by Hickory are recognized upon the annual publication of the book or when performance levels are achieved. Revenue from the delivery of services is recognized upon performance.

One of our sources of revenue is associated with access to the travel portals that provide a database of discounted travel services. Annual renewals occur at various times during the year. Costs and revenue related to portal usage charges are incurred in the month prior to billing. Customers are charged additional fees for hard copies of the site access information. Occasionally these items are printed and shipped at a later date, at which time both revenue and expenses are recognized.

Revenues from our wholly owned subsidiary ALEC are recognized as earned, which is primarily at the time of delivery of the related service. Specifically, commission revenues for cruises, hotel and car rentals are recognized upon completion of travel, hotel stay or car rental. Commission fees for ticketing are recognized at the time of departure.

We have entered into approximately 606 pre-construction sales contracts for units in the Sonesta Orlando Resort at Tierra Del Sol. We will recognize revenue when title is transferred to the buyer.

Revenues also include undeveloped land sales, which are recognized at closing when title has passed.

Resort Unit Pre-sales

American Leisure receives deposits between 5% and 20% of the sales price and these amounts are recorded as deposits on unit pre-sales. Certain amounts received are restricted and recorded in restricted cash. American Leisure prepays brokers commissions up to 6% and prepays Xpress, Ltd. a commission of 1.5% and the amounts are recorded as prepaid commissions and are expensed when the revenue from the sale is recognized. Xpress, Ltd. is majority owned by Malcolm J. Wright and members of his family.

Managed Assets - TraveLeaders

Through one of our wholly owned subsidiaries, ALEC we acquired the tradename of TraveLeaders, as well as substantially all of the assets and certain other liabilities of the TraveLeaders operations, on December 31, 2004 from Around the World Travel ("AWT").

Concurrent with this acquisition, ALEC entered into a management agreement with AWT, whereby AWT manages the TraveLeaders franchise and employs the personnel necessary to operate the TraveLeaders retail locations. The risk of loss from this operation is that of AWT, as all agreements and licenses are in its name. AWT earns a management fee of 10% of earnings before interest, taxes, and depreciation and amortization. The management agreement was terminated on August 1, 2006. Revenues were \$1,113,562 and \$973,610 under this agreement for the years ended December 31, 2006 and 2005, respectively.

Loss Per Share

American Leisure is required to provide basic and dilutive earnings (loss) per common share information.

The basic net loss per common share is computed by dividing the net loss applicable to common stockholders by the weighted average number of common shares outstanding.

Diluted net loss per common share is computed by dividing the net loss applicable to common stockholders, adjusted on an "as if converted" basis, by the weighted average number of common shares outstanding plus potential dilutive securities.

For the period ended December 31, 2006 and 2005, potential dilutive securities had an anti-dilutive effect and were not included in the calculation of diluted net loss per common share. Total shares issuable upon the exercise of warrants and the conversion of preferred stock for the years ended December 31, 2006 and 2005, were 19,419,199 and 17,223,230, respectively.

Recent Accounting Pronouncements

In November 2004, the FASB ratified the consensus reached by the Emerging Issues Task Force ("EITF"), on Issue NO. 03-13. "Applying the Conditions in Paragraph 42 of FASB Statement No. 144 on Determining Whether to Report Discontinued Operations". The Issue provides a model to assist in evaluating (a) which cash flows should be considered in the determination of whether cash flows of the disposal component have been or will be eliminated from the ongoing operations of the entity and (b) the types of continuing involvement that constitute significant continuing involvement in the operations of the disposal component. Should significant continuing ongoing involvement exist, then the disposal component shall be reported in the results of continuing operations or the consolidated statements of operations and cash flows. We are currently evaluating the premises of EITF No. 03-13 and will adopt it as required.

In July 2006, the FASB issued FASB Interpretation ("FIN") No. 48 "Accounting for Uncertainty in Income Taxes - An Interpretation of FASB Statement No. 109." FIN 48 prescribes detailed guidance for the financial statement recognition, measurement, and disclosure of uncertain tax positions recognized in an enterprise's financial statements in accordance with SFAS No. 109, Accounting for Income Taxes. Tax positions must meet a more-likely-than-not recognition threshold at the effective date to be recognized upon the adoption of FIN 48 and in subsequent periods. FIN 48 will be effective for fiscal years beginning after December 15, 2006, and the provisions of FIN 48 will be applied to all positions upon the adoption of the Interpretation. The cumulative effect of this applying the provisions of this Interpretation will be reported as an adjustment to the opening balance of retained earnings for that fiscal year. Management is currently evaluating the impact of FIN 48 on the financial statements but does not believe that its adoption will have a material effect on the Companies' financial position, results of operations, or cash flows.

In September 2006, the SEC issued Staff Accounting Bulletin No. 108, "Considering the Effects of Prior Year Misstatements" when Quantifying Misstatements in Current Year Financial Statements ("SAB 108"). SAB 108 requires companies to evaluate the materiality of identified unadjusted errors on each financial statement and related financial statement disclosure using both the rollover approach and the iron curtain approach, as those terms are defined in SAB 108. The rollover approach quantifies misstatements based on the amount of the error in the current year financial statement, whereas the iron curtain approach quantifies misstatements based on the effects of correcting the misstatement existing in the balance sheet at the end of the current year, irrespective of the misstatement's year(s) of origin. Financial statements would require adjustment when either approach results in quantifying a misstatement that is material. Correcting prior year financial statements for immaterial errors would not require previously filed reports to be amended. If a Company determines that an adjustment to prior year financial statements is required upon adoption of SAB 108 and does not elect to restate its previous financial statements, then it must recognize the cumulative effect of applying SAB 108 in fiscal 2006 beginning balances of the affected assets and liabilities with a corresponding adjustment to the fiscal 2006 opening balance in retained earnings. SAB 108 is effective for interim periods of the first fiscal year ending after November 15, 2006. The Company does not expect the adoption of this interpretation to have an impact on its financial position or results of operations.

On October 10, 2006, the FASB issued FSP No. FAS 123(R)-5, titled "Amending Guidance for Accounting for Modifications of Instruments in Connection with Equity Restructuring" ("Fsp Fas 123(R)-5"). Fsp Fas 123(R)-5 addresses whether a modification of an instrument in connection with an equity restructuring should be considered a modification for purposes of applying FSP FAS 123(R)-1. It stipulates that for instruments that were originally issued as employee compensation and then modified solely to reflect an equity restructuring that occurs when the holders are no longer employees, that there is no change in the recognition or measurement of those instruments if (a) there is no increase in fair value of the award and (b) all holders of the same class of instruments are treated in the same manner. The guidance in FSP FAS 123(R)-5 is effective in the first reporting period beginning after October 10, 2006. Early application is permitted in periods for which financial statements have not been issued. Management is currently evaluating the impact of FSP FAS 123(R)-5 on the financial statements but does not believe that its adoption will have a material effect on the Companies' financial position, results of operations, or cash flows.

FSP FAS 123(R)-6 was issued to make several technical corrections to SFAS 123(R). These include exemption for non-public entities from disclosing the aggregate intrinsic value of outstanding fully vested share options, revision to the computation of the minimum compensation cost that must be recognized, indication that at the date the illustrative awards were no longer probable of vesting, any previously recognized compensation cost should have been reversed, and changes to the definition of short-term inducement to exclude an offer to settle an award. The guidance in FSP FAS 123(R)-6 is effective in the first reporting period beginning after October 20, 2006. Early application is permitted in periods for which financial statements have not yet been issued. Management is currently evaluating the impact of FSP FAS 123(R)-6 on the financial statements but does not believe that its adoption will have a material effect on the Companies' financial position, results of operations, or cash flows.

In February 2006, the FASB issued SFAS No. 155, "" ("SFAS No. 155") which amends SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities" ("SFAS No. 133") and SFAS No. 140, "Accounting for Transfers and Servicing of Financial Assets and Extinguishment of Liabilities" ("SFAS No. 140"). SFAS No. 155 simplifies the accounting for certain derivatives embedded in other financial instruments by allowing them to be accounted for as a whole if the holder elects to account for the whole instrument on a fair value basis. SFAS No. 155 also clarifies and amends certain other provisions of SFAS No. 133 and SFAS No. 140. SFAS No. 155 is effective for all financial instruments acquired, issued or subject to a re-measurement event occurring in fiscal years beginning after September 15, 2006. Earlier adoption is permitted, provided the company has not yet issued financial statements, including for interim periods, for that fiscal year. SFAS No. 155 will be effective for the Company in the first quarter of fiscal 2007 and is not expected to have an impact on the Company's financial statements.

In September 2006, the Financial Accounting Standards Board (“FASB”) issued SFAS No. 157, Fair Value Measurements. SFAS No. 157 defines fair value, establishes a framework for measuring fair value in GAAP, and expands disclosures about fair value measurements. This statement is effective for financial statements issued for fiscal years beginning after November 15, 2007.

Management is currently evaluating the impact SFAS No. 157 will have on the Company's financial position, results of operations, and cash flows.

In February 2007, the FASB issued SFAS No. 159, "The Fair Value Option for Financial Assets and Financial Liabilities - including an amendment of FASB statement No. 115." This Statement permits all entities to choose, at specified election dates, to measure eligible items at fair value (the "fair value option"). A business entity shall report unrealized gains and losses on items for which the fair value option has been elected in earnings (or another performance indicator if the business entity does not report earnings) at each subsequent reporting date. Upfront costs and fees related to items for which the fair value option is elected shall be recognized in earnings as incurred and not deferred. If an entity elects the fair value option for a held-to-maturity or available-for-sale security in conjunction with the adoption of this Statement, that security shall be reported as a trading security under Statement 115, but the accounting for a transfer to the trading category under paragraph 15(b) of Statement 115 does not apply. Electing the fair value option for an existing held-to-maturity security will not call into question the intent of an entity to hold other debt securities to maturity in the future. This statement is effective as of the first fiscal year that begins after November 15, 2007. The Company is currently analyzing the effects SFAS 159 will have on the Company's financial condition and results of operations.

RECLASSIFICATIONS AND RESTATEMENTS

Certain amounts in the December 31, 2005 financial statements have been reclassified to conform to the December 31, 2006 financial statement presentation.

American Leisure has restated the financial statements for year ended December 31, 2006 and December 31, 2005 to include the gross revenues and expenses for the business that was acquired from Around the World Travel on December 31, 2004. The revenues and expenses were previously reported on a net basis.

There is no change to the net loss for the year ended December 31, 2006 or December 31, 2005. The restatements are as follows:

TWELVE MONTHS ENDED DEC 31, 2006	As previously reported 12/31/06	Increase (Decrease)	As Restated 12/31/06
Operating Revenues	\$ 14,590,886	\$ 11,152,433	\$ 25,743,319
Undeveloped Land Sales	\$ 13,129,247	\$ -	\$ 13,129,247

NET INCOME	\$ (4,085,825)	\$ -	\$ (4,085,825)

NOTE 3 - FINANCIAL CONDITION AND GOING CONCERN

American Leisure's financial statements have been presented on the basis that it is a going concern, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. American Leisure has a working capital deficiency of \$49,349,259 and is seeking adequate financing to complete the Orlando Resort property. American Leisure incurred a net loss of \$8,148,896 during 2006 and a net loss of \$4,085,825 during 2005; there is substantial doubt as to American Leisure's ability to achieve profitable operations until it delivers the 508 townhomes and 144 condominiums, expected in November 2007 through the summer of 2008.

American Leisure's management intends to raise additional operating funds through equity and/or debt offerings. However, there can be no assurance management will be successful in its endeavors. Ultimately, American Leisure will need to achieve profitable operations in order to continue as a going concern.

American Leisure has insufficient capital to maintain its operations. The proceeds from the sale of a parcel of Orlando Resort property, the cash received from the pre-sales of the Company's Orlando Resort units, the land loans funded in 2005 and 2006 and the Community Development District Bond in January 2006 financed through KeyBank, N.A., have provided American Leisure with funds to continue its operations until the balance of the financing is obtained for the construction of the Orlando Resort property.

There are no assurances that American Leisure will be able to either (1) achieve a level of revenues adequate to generate sufficient cash flow from operations; or (2) obtain additional financing through either private placement, public offerings and/or bank financing necessary to support American Leisure's working capital requirements. To the extent that funds generated from operations and any private placements, public offerings and/or bank financing are insufficient, American Leisure will have to raise additional working capital. No assurance can be given that additional financing will be available, or if available, will be on terms acceptable to American Leisure. If adequate working capital is not available, American Leisure may be required to curtail its operations.

NOTE 4 - ACQUISITIONS AND DIVESTMENTS

On December 31, 2005, the Company through its subsidiary Tierra Del Sol, Inc. ("TDS") acquired the remaining 19% minority interest held by Raster Investments in TDS for a note payable of \$1,432,046 which was paid in August 2006, and 197,000 of American Leisure common stock shares valued at \$183,210 and 300,000 warrants with an exercise price at \$5.00 per share valued at \$233,713, and two 3 bedroom condominiums to be built in Phase II of the Orlando Resort valued at \$630,160. After January 2007, Raster can sell the American Leisure shares back to American Leisure for \$985,000, which is recorded as a put liability. The put option is void if AMLH's stock price is greater than \$5.00 per share for 30 consecutive days in 2007. The Company accounted for this acquisition using the purchase method of accounting and allocated the purchase price to the land held for development. Full ownership gives the Company the ability to recognize all of the profits on the development of the Orlando Resort property.

Effective June 30, 2006, we sold our subsidiary, Caribbean Leisure Marketing Limited ("CLM), to Stanford International Bank Limited ("SIBL"), a minority shareholder and creditor, under a stock purchase agreement. CLM owns a 49% in Caribbean Media Group, Ltd. ("Caribbean Media Group"), which owns and operates a call center in

Antigua. In exchange for the common stock of CLM, SIBL exchanged certain promissory notes in the amounts of \$1,250,000 and \$2,100,000, fees and accrued interest of \$2,313,175 or \$5,663,274. The sale resulted in a gain of \$2,988,082. We also issued 355,000 warrants with an exercise price of \$10.00 expiring on April 30, 2008.

SIBL was expanding their call center business in the Caribbean and CLM would provide them with both synergies and effective economies of scale (in terms of operations and sales force) for expansion into other markets.

The results of operations for CLM are reported as gain (loss) from discontinued operations and these results are reported under the Call Center segment as noted in Note 18 below. The following table reports the results of the component of the Company's operations reported as discontinued operations:

62

Results of Operations for discontinued operations for the year ended December 31:

	2006	2005
Call center services revenues	\$ -	\$ -
Revenue from discontinued operations	-	-
Operating expenses	371,122	757,363
Net loss on discontinued operations	(371,122)	(757,363)
Interest expense	(12,266)	-
Equity in operations of unconsolidated sub.	140,244	(293,201)
Gain on sale of discontinued operations	2,988,082	-
Gain (loss) on discontinued operations	\$ 2,744,938	\$ (1,050,564)

In accordance with the provisions of Statement of Financial Accounting Standard, *Accounting for the Impairment or Disposal of Long-Lived Assets* (“SFAS No. 144”), the results of operations of the disposed assets and the losses related to this sale have been classified as discontinued operations for all periods presented in the accompanying consolidated statements of operations.

On July 5, 2005, the Company acquired a 1% interest in Reedy Creek Acquisition Company, LLC (“Reedy Creek”) for \$901,705 that was recorded in other assets. Reedy Creek owns 40.68 acres of undeveloped land in Osceola County, Florida located 1.5 miles west of Walt Disney World Orlando Maingate Entrance. The property will be used in the development of vacation second homes with resort amenities. On January 3, 2006, The Company acquired an additional 99% interest in Reedy Creek (total ownership of 100%) for a purchase price of \$12,400,000. The Company is holding this land for future development.

On December 22, 2006 the Company acquired 100% of South Beach Resorts, LLC (“SBR”) for \$1,120,000 plus 25% participation interest to Stanford International Bank Limited in the net proceeds realized by SBR upon the disposition of its Boulevard Hotel property located in Miami Beach, Florida. The \$1,120,000 was provided as a loan from Stanford International Bank Limited to Reedy Creek Acquisition Corporation. SBR was owned by SBR Holdings, LLC that is owned equally by Malcolm Wright (CEO, CFO and Director of the Company) and Frederick Pauzar (COO, President and Director of the Company). At the date of acquisition, the Boulevard Hotel was encumbered with a mortgage due to LaSalle Bank, National Association, as Trustee of Marathon Real Estate CDO 2006-1 Grantor Trust, successor-in-interest to marathon Structured Finance Fund L.P. (“LaSalle”) in the amount of \$7,498,900 that matured on January 11, 2007. The mortgage has matured and remains unpaid; however, the mortgage is not in default and a forbearance agreement is in place with LaSalle. The Company is actively seeking to replace the debt with a new lender. SBR was acquired by Malcolm Wright and Frederick Pauzar in July 2005 and the financial statement presentation has been restated to present SBR as a subsidiary since that acquisition date.

The financial statements at December 31, 2005 have been restated to include SBR and to record the sale of CLM as discontinued operations as follows:

	As originally filed	Adjustment	As restated
Balance Sheet:			
Current Assets:			
Cash	\$ 225,055	\$ 55,807	\$ 280,862
Accounts receivable, net	2,043,141	40,954	2,084,095
Other receivables	6,587,357	5,000	6,592,357
Total current assets	11,054,971	101,761	11,156,732
Property and equipment	4,583,853	7,990,481	12,574,334
Land held for development
