PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

APRIL 19, 2012

This proxy statement and the accompanying proxy card are being furnished to our shareholders in connection with the solicitation by our board of directors of proxies to be used at the annual meeting of shareholders to be held at 2:00 p.m. on April 19, 2012, at the Sheraton Iowa City Hotel located at 210 S. Dubuque St., Iowa City, Iowa 52240, or at any adjournments or postponements of the meeting. This proxy statement, together with a copy of our Annual Report on Form 10-K for the year ended December 31, 2011, which we have filed with the Securities and Exchange Commission, is first being mailed to our shareholders on or about March 16, 2012.

QUESTIONS AND ANSWERS

The following is information regarding the meeting and the voting process, presented in a question and answer format. As used in this proxy statement, the terms "MidWestOne," "MidWestOne Financial," "the Company," "we," "our," and "us" refer to MidWestOne Financial Group, Inc. and its consolidated subsidiaries. The term "MidWestOne Bank" and "the Bank" refer to the Company's wholly-owned banking subsidiary, MidWestOne Bank, Iowa City, Iowa.

Q: What is a proxy?

A: A proxy is a document, also referred to as a "proxy card," on which you authorize someone else to vote for you in the way that you want to vote. You may also choose to abstain from voting. The proxy is being solicited by our board of directors.

Q: What is a proxy statement?

A: A proxy statement is a document, such as this one, required by the Securities and Exchange Commission that, among other things, explains the items on which you are asked to vote on the proxy card.

Q: Why am I receiving this proxy statement and the accompanying proxy card?

A: You are receiving this proxy statement and the accompanying proxy card from us because on March 1, 2012, the record date for the annual meeting, you owned shares of MidWestOne common stock. This proxy statement describes the matters that will be presented for consideration by our shareholders at the annual meeting to be held on April 19, 2012. It also gives you information concerning the matters to assist you in making an informed decision.

When you sign the enclosed proxy card or otherwise vote pursuant to the instructions set forth in the proxy card, you appoint the proxy holders as your representatives at the meeting. The proxy holders will vote your shares as you have instructed, thereby ensuring that your shares will be voted whether or not you attend the meeting. Even if you plan to attend the meeting, we ask that you instruct the proxies how to vote your shares in advance of the meeting just in case your plans change and you are unable to attend in person.

If you have signed and returned the proxy card and an issue comes up for a vote at the meeting that is not identified on the card, the proxy holders will vote your shares, pursuant to your proxy, in accordance with their judgment.

Q: What matters will be voted on at the meeting?

A: You are being asked to vote on: (i) the election of four members of our board of directors for a term expiring in 2015; (ii) a non-binding advisory proposal to approve the compensation of our named executive officers (referred to as a "say-on-pay" proposal); (iii) a non-binding advisory proposal regarding the frequency with which shareholders will consider future say-on-pay proposals; and (iv) the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the 2012 fiscal year. These matters are more fully described in this proxy statement.

Table of Contents

Q: How do I vote?

After reviewing this document, submit your proxy using any of the proxy delivery or voting methods indicated on the proxy card. By submitting your proxy, you authorize the individuals named in it to represent you and vote your A: shares at the annual meeting in accordance with your instructions. Your vote is important. Whether or not you plan to attend the annual meeting, please submit your proxy card promptly in the enclosed envelope or vote telephonically or through the Internet by following the instructions on the proxy card.

If you sign and return your proxy card but do not mark the card to provide voting instructions, the shares represented by your proxy card will be voted "for" all four nominees named in this proxy statement, "for" the say-on-pay proposal, for future say-on-pay proposals to be voted on "every year", and "for" the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the 2012 fiscal year.

If you are a beneficial owner and a broker or other fiduciary is the record holder (which is usually referred to as "street name" ownership), then you received this proxy statement from the record holder of the shares that you beneficially own. The record holder should have given you instructions for directing how the record holder should vote your shares. It will then be the record holder's responsibility to vote your shares for you in the manner you direct.

If you want to vote in person, please come to the meeting. We will distribute written ballots to anyone who wants to vote at the meeting. Please note, however, that if your shares are held in the name of a broker or other fiduciary (i.e., in street name), you will need to arrange to obtain a legal proxy from the record holder in order to vote in person at the meeting. Even if you plan to attend the annual meeting, we ask that you complete and return your proxy card in advance of the annual meeting in case your plans change.

Q: If I hold shares in the name of a broker, who votes my shares?

Under the rules of various national and regional securities exchanges, brokers and other fiduciaries that hold securities on behalf of beneficial owners generally may vote on routine matters even if they have not received voting instructions from the beneficial owners for whom they hold securities, but are not permitted to vote on non-routine matters unless they have received such voting instructions. The ratification of the appointment of an issuer's independent registered public accounting firm is considered to be a routine matter; the election of directors, A: say-on-pay proposals and votes on the frequency of future say-on-pay votes are all considered to be non-routine matters. Thus, if you do not provide instructions to your broker as to how it should vote the shares beneficially owned by you, your broker will be able to vote on the ratification of the appointment of KPMG LLP as our independent registered public accounting firm, but generally will not be permitted to vote on any of the other matters described in this proxy statement.

We therefore encourage you to provide directions to your broker as to how you want your shares voted on all matters to be brought before the meeting. You should do this by carefully following the instructions your broker gives you concerning its procedures.

Q: What does it mean if I receive more than one proxy card?

A: It means that you have multiple holdings reflected in our stock transfer records and/or in accounts with stockbrokers. Please sign and return ALL proxy cards to ensure that all of your shares are voted.

Q: What if I change my mind after I return my proxy card?

A: If you hold your shares in your own name, you may revoke your proxy and change your vote at any time before the polls close at the meeting. You may do this by:

• signing another proxy card with a later date and returning that proxy card to Vote Processing, c/o Broadridge, 51 Mercedes Way, Edgewood, New York 11717, by mail;

• timely submitting another proxy via the telephone or Internet, if that is the method that you originally used to submit your proxy;

• sending notice to us that you are revoking your proxy; or

• voting in person at the meeting.

Table of Contents

All written notices of revocation and other written communications with respect to revocation of proxies should be sent to: MidWestOne Financial Group, Inc., 102 South Clinton St., Iowa City, Iowa 52240, Attention: Corporate Secretary. If you hold your shares in the name of your broker or other fiduciary and desire to revoke your proxy, you will need to contact that party to revoke your proxy.

Q: How many votes do we need to hold the annual meeting?

A: A majority of the shares that are outstanding and entitled to vote as of the record date must be present in person or by proxy at the meeting in order to hold the meeting and conduct business. Shares are counted as present at the meeting if the shareholder either:

is present and votes in person at the meeting; or

has properly submitted a signed proxy card or other form of proxy (through the telephone or Internet).

On March 1, 2012, the record date, there were 8,497,342 shares of common stock issued and outstanding. Therefore, at least 4,248,672 shares need to be present, in person or by proxy, at the annual meeting.

Q: What happens if a nominee is unable to stand for re-election?

A: The board may, by resolution, provide for a lesser number of directors or designate a substitute nominee. In the latter case, shares represented by proxies may be voted for a substitute nominee. Proxies cannot be voted for more than four nominees. We have no reason to believe any nominee will be unable to stand for re-election.

Q: What options do I have in voting on each of the proposals?

A: Except with respect to the election of directors and the vote on the frequency of future say-on-pay votes, you may vote “for,” “against” or “abstain” on each proposal properly brought before the meeting. In the election of directors you may vote “for” or “withhold authority to vote for” each nominee. With respect to the proposal on the frequency of future say-on-pay proposals, you may vote “every year,” “every two years,” “every three years” or “abstain.”

Q: How many votes may I cast?

A: Generally, you are entitled to cast one vote for each share of stock you owned on the record date. The proxy card included with this proxy statement indicates the number of shares owned by an account attributable to you.

Q: How many votes are needed for each proposal?

A: Except with respect to the election of directors and the vote on the frequency of future say-on-pay votes, a majority of the votes cast at the meeting will approve each matter that arises at the annual meeting. Directors will be elected by a plurality and the four individuals receiving the highest number of votes cast “for” their election will be elected as directors of MidWestOne. The frequency with which future say-on-pay votes will be held will also be decided by a plurality, with the frequency receiving the most votes being considered the choice of shareholders. Please note, however, that because the say-on-pay and frequency of future say-on-pay votes are advisory, the outcome of such votes will not be binding on the board of directors or the Compensation Committee.

Also, please remember that the election of directors, the say-on-pay proposal and the frequency of future say-on-pay vote are all considered to be non-routine matters. As a result, if your shares are held by a broker or other fiduciary, it cannot vote your shares on these matters unless it has received voting instructions from you.

Abstentions and broker non-votes, if any, will not be counted as votes cast, but will count for purposes of determining whether or not a quorum is present. Accordingly, so long as a quorum is present, abstentions and broker non-votes will have no effect on any of the matters presented for a vote at the annual meeting.

Q: Where do I find the voting results of the meeting?

A: If available, we will announce voting results at the meeting. The voting results also will be disclosed in a Form 8-K that we file within four business days after the meeting.

Table of Contents

Q: Who bears the cost of soliciting proxies?

We will bear the cost of soliciting proxies. In addition to solicitations by mail, our officers, directors or employees may solicit proxies in person or by telephone. These persons will not receive any special or additional

A: compensation for soliciting proxies. We may reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to shareholders.

YOUR VOTE IS IMPORTANT. PLEASE RETURN YOUR MARKED AND SIGNED PROXY CARD PROMPTLY SO YOUR SHARES CAN BE REPRESENTED, EVEN IF YOU PLAN TO ATTEND THE MEETING IN PERSON.

Table of Contents**PROPOSAL 1: ELECTION OF DIRECTORS**

MidWestOne's board of directors is divided into three classes, equal in number. At the annual meeting to be held on April 19, 2012, you will be entitled to elect four directors for terms expiring in three years, as described herein. We have no knowledge that any of the nominees will refuse or be unable to serve as directors, but if any of the nominees becomes unavailable for election, the holders of proxies reserve the right to substitute another person of their choice as a nominee when voting at the meeting.

The Nominating and Corporate Governance Committee of our board of directors has nominated four persons for election at this annual meeting, all of whom are incumbent directors. These nominations were further approved by the full board. We did not receive any shareholder nominations for director for the 2012 annual meeting. Set forth below is information concerning the nominees for election and for the other directors whose term of office will continue after the meeting, including their age, year first elected or appointed as a director, position with MidWestOne, qualifications to serve on the board and business experience. Unless otherwise specified, each position currently held by a nominee or director has been held for at least five years. The four nominees for director, if elected at the annual meeting, will serve for terms expiring in 2015.

Unless authority to vote for the nominees is withheld, the shares represented by the enclosed proxy card, if executed and returned, will be voted "for" the election of the nominees proposed by the board of directors.

The board of directors recommends that you vote your shares "FOR" each of the nominees for director.

We consider Mr. Wersen to be a qualified candidate for service on the board, the Compensation Committee, and the Nominating and Corporate Governance Committee, due to his skills and expertise acquired in founding and running a successful manufacturing enterprise.

R. Scott Zaiser. Mr. Zaiser, 51, is the President of Zaiser's Landscaping, Inc. in Burlington, Iowa, which is a landscaping company specializing in the design and installation of landscaping for residential and commercial properties in southeastern Iowa and west central Illinois. Mr. Zaiser became a director of the former MidWestOne Bank in 2000 and became a director of the former MidWestOne in 2006. He became a director of the Company upon completion of our merger with the former MidWestOne in March 2008, and a director of the Bank in 2011. We consider Mr. Zaiser to be a qualified candidate for service on the board and the Audit Committee due to his skills and expertise acquired as the president of a successful small business, as well as his knowledge of the Burlington market.

Kent L. Jehle. Mr. Jehle, 52, is the Executive Vice President and Chief Credit Officer of the Company and the Bank. CORPORATE GOVERNANCE AND BOARD MATTERS

General

The board has adopted guidelines on significant corporate governance matters that, together with our Code of Business Conduct and Ethics and other policies, creates our corporate governance standards. Generally, the board oversees our business and monitors the performance of our management. In accordance with our corporate governance standards, the board does not involve itself in the day-to-day operations of MidWestOne, which is monitored by our executive officers and management. Our directors fulfill their duties and responsibilities by attending regular meetings of the board, which convene at least on a quarterly basis, and through committee membership, which is discussed below. Our directors also discuss business and other matters with Mr. Funk, our President and Chief Executive Officer, other key executives and our principal external advisers (legal counsel, auditors and other consultants). With the exception of Messrs. Funk, Howard, Monson, and Pothoven, each of our current directors are "independent," as defined by the The Nasdaq Stock Market LLC, and the board has determined that the independent directors do not have other relationships with us that prevent them from making objective, independent decisions. The board of directors has established an Audit Committee, a Nominating and Corporate Governance Committee and a Compensation Committee, each of which is currently made up solely of independent directors. The current charters of each of these committees are available on our website at www.midwestone.com. Our Code of Business Conduct and Ethics is also available on our website. Also posted on our website is a general description regarding our company and links to our filings with the Securities and Exchange Commission.

Our board of directors held six meetings during 2011. All of the directors attended at least 75% of the board meetings and meetings of committees of which they were members. While we do not have a specific policy regarding attendance at the annual shareholder meeting, all directors are encouraged and expected to attend the meeting. Last year's annual meeting was attended by all of the directors in office at such time.

Audit Committee

In 2011, the Audit Committee was comprised of Messrs. Donohue (Chairman), Koza, Monson (until his resignation from the committee as described below) and Zaiser and Ms. McCormick. During the course of the Nominating and Corporate Governance

8

Table of Contents

Committee's annual review in early 2011 of each director's status as an "independent" director under Nasdaq listing rules, it determined that Mr. Monson no longer qualified as independent because the Company has from time to time engaged Neumann Monson, P.C., an architectural services firm headquartered in Iowa City of which Mr. Monson is the President, Managing Partner and majority owner, to perform architectural and design services with respect to the Company's branch offices. Accordingly, Mr. Monson resigned from the Audit Committee in 2011. Messrs. Donohue, Koza and Zaiser and Ms. McCormick, who are expected to serve on the Audit Committee throughout 2012, are each considered to be "independent" under Nasdaq listing rules. The board of directors has determined that Mr. Donohue qualifies as an "audit committee financial expert" under the regulations of the Securities and Exchange Commission. The board has based this determination on Mr. Donohue's education and his professional experience as the managing partner of a certified public accounting firm.

The functions performed by the Audit Committee include, among other things, the following:

- overseeing our accounting and financial reporting;
- selecting, appointing and overseeing our independent registered public accounting firm;
- reviewing actions by management on recommendations of the independent registered public accounting firm and internal auditors;
- meeting with management, the internal auditors and the independent registered public accounting firm to review the effectiveness of our system of internal controls and internal audit procedures; and
- reviewing reports of bank regulatory agencies and monitoring management's compliance with recommendations contained in those reports.

To promote independence of the audit function, the committee consults separately and jointly with our independent registered public accounting firm, the internal auditors and management. We have adopted a written charter for the committee, which sets forth the committee's duties and responsibilities. Our current charter is available on our website at www.midwestone.com. In 2011, the committee met fourteen times.

Compensation Committee

During 2011, the Compensation Committee of MidWestOne Financial Group Inc. was comprised of Messrs. West (Chairman), Latham, Monson (until his resignation from the committee for reasons identical to those described above with respect to his resignation from the Audit Committee), Wersen and Wake (until his retirement from the board of directors in April) and Ms. Kniff-McCulla. Each current member of the committee serves as an "independent" director as defined by Nasdaq listing requirements, an "outside" director pursuant to Section 162(m) of the Internal Revenue Code and a "non-employee" director under Section 16 of the Securities Exchange Act of 1934.

The Compensation Committee reviews the performance of our Chief Executive Officer, Charles N. Funk, and determines the salary and bonus paid to him. It also reviews and determines the salaries and bonuses paid to our other Named Executive Officers ("NEOs"). When carrying out its responsibilities in establishing executive compensation (other than Mr. Funk's), the Compensation Committee relies upon Mr. Funk's assessment of each NEO's individual performance, which considers the executive's efforts in achieving his or her individual goals each year, managing and developing employees and the enhancement of long-term relationships with customers, if applicable to his or her position. Individual goals for NEOs are established by Mr. Funk in consultation with each executive officer.

Management also provides the Compensation Committee with evaluations as to employee performance, guidance on establishing performance targets and objectives, and recommends salary and bonus levels and various equity incentive awards. The Compensation Committee also consults with management on matters relative to executive compensation and benefit plans where board or shareholder action is expected, including the adoption of new plans or the amendment of existing plans. No executive officer participates in any recommendation or decision with respect to his or her own compensation or benefits. Further, the Compensation Committee administers our equity incentive plans, our long-term incentive plans and our executive incentive bonus plans.

The Compensation Committee's duties, responsibilities, and functions are further described in its charter. The Compensation Committee's charter is available on our website, www.midwestone.com. You may also request a copy of this charter in writing to the Compensation Committee Secretary at MidWestOne Financial Group, Inc., 102 South Clinton Street, P.O. Box 1700, Iowa City, Iowa 52244-1700.

The charter gives the Compensation Committee the authority to hire outside consultants to further its objectives and responsibilities. Beginning in September 2008 and continuing through 2012, the Compensation Committee retained the independent compensation consultant services of F.W. Cook & Co., Chicago, Illinois, to provide expertise and serve as a resource with respect

to current market activities involving executive compensation practices and procedures, and also to help analyze our executive compensation practices and procedures.

The Compensation Committee met four times during 2011, convening in January, March, July, and December.

Mr. West also met as needed with internal staff members and members of management to assimilate compensation information for this proxy statement.

Nominating and Corporate Governance Committee

We also have a Nominating and Corporate Governance Committee. In 2011, the members of the committee were Messrs. Koza (Chairman), Donohue, Wersen and West, each of whom is considered “independent” under Nasdaq listing rules. It is anticipated that the composition of the Nominating and Corporate Governance Committee will remain the same throughout 2012. The primary purposes of the committee are to identify and recommend individuals to be presented to our shareholders for election or re-election to the board of directors and to review and monitor our policies, procedures and structure as they relate to corporate governance. We have adopted a written charter for the committee, which sets forth its duties and responsibilities. The current charter is available on our website at www.midwestone.com. In 2011, the committee met two times.

Director Nominations and Qualifications

For the 2012 annual meeting, the Nominating and Corporate Governance Committee nominated for re-election to the board the four incumbent directors, whose current terms are set to expire at the 2012 annual meeting. These nominations were further approved by the full board. We did not receive any shareholder nominations for directorships for the 2012 annual meeting.

The Nominating and Corporate Governance Committee evaluates all potential nominees for election, including incumbent directors, board nominees and those shareholder nominees included in the proxy statement, in the same manner. Generally, the committee believes that, at a minimum, directors should possess certain qualities, including the highest personal and professional ethics and integrity, a sufficient educational and professional background, demonstrated leadership skills, sound judgment, a strong sense of service to the communities which we serve and an ability to meet the standards and duties set forth in our Code of Business Conduct and Ethics. While we do not have a separate diversity policy, the committee does consider the diversity of its directors and nominees in terms of knowledge, experience, skills, expertise, and other demographics which may contribute to the board. The committee also evaluates potential nominees to determine if they have any conflicts of interest that may interfere with their ability to serve as effective board members and to determine whether they are “independent” in accordance with Nasdaq listing rules (to ensure that at least a majority of the directors will, at all times, be independent). The committee has not, in the past, retained any third party to assist it in identifying qualified candidates.

The committee identifies nominees by first evaluating the current members of the board whose term is set to expire at the upcoming annual shareholder meeting and who are willing to continue in service. Current members of the board with skills and experience that are relevant to our business and who are willing to continue in service are considered for re-nomination. If any member of the board does not wish to continue in service or if the committee or the board decides not to re-nominate a member for re-election, the committee would identify the desired skills and experience of a new nominee in light of the criteria above.

Board Leadership Structure

The positions of Chairman of the Board and Chief Executive Officer of MidWestOne are currently held by separate individuals. We believe this is the most appropriate structure for our board at this time. The Chairman provides leadership to the board and works with the board to define its structure and activities in the fulfillment of its responsibilities. The Chairman sets the board agendas with board and management input, facilitates communication among directors, works with the Chief Executive Officer to provide an appropriate information flow between management and the board and presides at meetings of the board and shareholders. With the Chairman's assumption of these duties, the Chief Executive Officer may place a greater focus on our strategic and operational activities. We also believe our board feels a greater sense of involvement and brings a wider source of perspective as a result of this structure, from which we benefit.

Independent Director Sessions

Given the sound structure of the board's leadership, we do not believe there is a need for a distinct lead independent director role at this time. Consistent with Nasdaq listing rules, the independent directors regularly have the opportunity to meet without the non-independent directors present and in 2011 there were two such sessions.

Board's Role in Risk Oversight

Risk is inherent with every business, and how well a business manages risk can ultimately determine its success. We face a number of risks, including general economic risks, credit risks, regulatory risks, audit risks, reputational risks and others, such as risks related to the unintentional effects our compensation plans may have on employee decision-making or the impact of competition. Management is responsible for the day-to-day management of risks the Company faces, while the board, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, the board of directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed. While the full board of directors is charged with ultimate oversight responsibility for risk management, various committees of the board and members of management also have responsibilities with respect to our risk oversight. In particular, the Audit Committee plays a large role in monitoring and assessing our financial, legal, and organizational risks, and receives regular reports from our Chief Risk Officer regarding comprehensive organizational risk as well as particular areas of concern. The board's Compensation Committee monitors and assesses the various risks associated with compensation policies, and oversees incentive plans to ensure a reasonable and manageable level of risk-taking consistent with our overall strategy. Additionally, our Chief Lending Officer and loan review staff are directly responsible for overseeing our credit risk.

We believe that establishing the right “tone at the top” and providing for full and open communication between management and our board of directors are essential for effective risk management and oversight. Our executive management meets regularly with our other senior officers to discuss strategy and risks facing the Company. Senior officers attend many of the board meetings or, if not in attendance, are available to address any questions or concerns raised by the board on risk management-related and any other matters. Additionally, each of our board-level committees provides regular reports to the full board and apprises the board of our comprehensive risk profile and any areas of concern.

Code of Ethics

We have a code of conduct in place that applies to all of our directors, officers and employees. The code sets forth the standard of ethics that we expect all of our directors, officers and employees to follow, including our Chief Executive Officer and Chief Financial Officer. The Code of Business Conduct and Ethics is posted on our website at www.midwestone.com. We intend to satisfy the disclosure requirements under Item 5.05(c) of Form 8-K regarding any amendment to or waiver of the code with respect to our Chief Executive Officer and Chief Financial Officer, and persons performing similar functions, by posting such information on our website.

AUDIT COMMITTEE REPORT

The Audit Committee assists the board of directors in carrying out its oversight responsibilities for our financial reporting process, audit process and internal controls. The Audit Committee also reviews our audited financial statements and recommends to the board that they be included in our Annual Report on Form 10-K. The Audit Committee is comprised solely of independent directors.

The Audit Committee has reviewed and discussed our audited financial statements for the year ended December 31, 2011 with our management and KPMG LLP, our independent registered public accounting firm. The committee has also discussed with KPMG LLP the matters required to be discussed by SAS 61, as amended (Codification for Statements on Auditing Standards), and has received and discussed the written disclosures and the letter from KPMG LLP required by Public Company Accounting Oversight Board Rule 3526, Communication with Audit Committees Concerning Independence. Based on the review and discussions with management and KPMG LLP, the committee has recommended to the board that the audited financial statements be included in our Annual Report on Form 10-K for the year ending December 31, 2011 for filing with the Securities and Exchange Commission.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

This Compensation Discussion & Analysis (“CD&A”) describes MidWestOne Financial's compensation philosophy and policies for 2011 as applicable to the NEOs listed in the Summary Compensation Table on page 23. The CD&A explains the structure and rationale associated with each material element of the executives' total compensation, and it provides important context for the more detailed disclosure tables and specific compensation amounts provided following the CD&A section.

MidWestOne Financial and MidWestOne Bank share an executive management team. The members of the executive management team, including the NEOs, are compensated by the Bank not by MidWestOne Financial. The compensation packages of the NEOs are determined and approved by the Compensation Committee based on their performance and roles for both MidWestOne Financial and MidWestOne Bank.

As noted previously, the Compensation Committee engaged the services of F.W. Cook & Co., an independent compensation consultant, to further evaluate and analyze our executive compensation program. F.W. Cook assisted the Compensation Committee with identifying an effective peer group of financial institutions in the Midwestern United States. The peer group companies were identified based on asset size, economic factors, and geographical area. The peer group included the following organizations in 2011:

- Anchor Bancorp, Madison, WI
- BankFinancial Corporation, Burr Ridge, IL
- Baylake Corp., Sturgeon Bay, WI
- CFS Bancorp, Inc., Munster, IN
- Enterprise Financial Services Corp., Clayton, MO
- German American Bancorp Inc., Jasper, IN
- Hawthorn Bancshares, Inc., Lee's Summit, MO
- Hills Bancorporation, Hills, IA
- Horizon Bancorp, Michigan City, IN
- Lakeland Financial Corporation, Warsaw, IN
- MainSource Financial Group, Inc., Greensburg, IN
- Midland States Bancorp, Inc., Effingham, IL
- MutualFirst Financial, Inc., Muncie, IN
- Princeton National Bancorp, Inc., Princeton, IL
- QCR Holdings, Inc., Moline, IL
- Waterstone Financial, Inc., Wauwatosa, WI
- West Bancorporation, West Des Moines, IA

Regulatory Impact on Compensation

In early 2009, MidWestOne Financial became a participant in the U.S. Department of Treasury's Troubled Asset Relief Program (“TARP”). In July 2011, MidWestOne Financial repaid the U.S. Department of Treasury and exited TARP. While a participant in TARP, MidWestOne Financial was subject to certain executive compensation limitations and restrictions. These executive compensation limitations and restrictions required the Compensation Committee to reevaluate and, in some cases, rework certain aspects of our compensation programs while we were a TARP participant. The executive compensation limitations will generally no longer apply to periods following the repayment of our TARP obligation.

In addition to the effect the TARP executive compensation limitations and restrictions had on MidWestOne Financial, as a publicly-traded financial institution, we must contend with several often overlapping layers of regulations when considering and implementing compensation-related decisions. These regulations do not set specific parameters within which compensation decisions must be made, but do require MidWestOne Financial and the Compensation Committee to be mindful of the risks that often go hand-in-hand with compensation programs designed to incentivize the achievement of better than average performance. While the regulatory focus on risk assessment has been heightened over the last several years, the incorporation of general concepts of risk assessment into compensation decisions is not a recent development.

Under its long-standing Interagency Guidelines Establishing Standards for Safety and Soundness, the FDIC has long held that excessive compensation is prohibited as an unsafe and unsound practice. In describing a framework within which to make a determination as to whether compensation is to be considered excessive, the FDIC has indicated that financial institutions should consider whether aggregate cash amounts paid, or noncash benefits provided, to employees are unreasonable or disproportionate to the services performed by an employee. The FDIC encourages financial institutions to review an employee's compensation history and to consider internal pay equity, and, as appropriate, to consider benchmarking compensation to peer groups. Finally, the FDIC provides that such an assessment must be made in light of the institution's overall financial condition.

Table of Contents

In the summer of 2010, the various financial institution regulatory agencies worked together to issue additional guidance, Guidance on Sound Incentive Compensation Policies, that was in many respects intended to serve as a compliment to the Safety and Soundness standards. As its title would imply, the joint agency guidance sets forth a framework for assessing the soundness of incentive compensation plans, programs and arrangements maintained by financial institutions. The joint agency guidance is more narrow in scope than the Safety and Soundness standards because it applies only to senior executive officers and those other individuals who, either alone or as a group, could pose a material risk to the institution. With respect to those identified individuals, the joint agency guidance is intended to focus the institution's attention on balanced risk-taking incentives, compatibility with effective controls and risk management, and a focus on general principles of strong corporate governance.

Also, once further risk assessment guidelines and procedures, as required under the Dodd-Frank Act, are finalized by the financial institution regulatory agencies and the SEC, MidWestOne Financial expects that it will also be subject to those further guidelines and procedures. However, initial guidance respecting the Dodd-Frank Act risk assessment guidelines and procedures was issued during 2011 and, in large part, that guidance restates the frameworks set forth in the Safety and Soundness standards and joint agency guidance described above.

Finally, in addition to the foregoing, as a publicly-traded corporation, MidWestOne Financial is also subject to the SEC's rules regarding risk assessment. Those rules require a publicly-traded company to determine whether any of its existing incentive compensation plans, programs or arrangements creates risks that are reasonably likely to have a material adverse effect on the Company.

The Compensation Committee believes that a sensible approach to balancing risk-taking and rewarding reasonable, but not necessarily easily attainable, goals has always been a component of its overall assessment of the compensation plans, programs and arrangements it has put in place for MidWestOne Financial's named executive officers. In this regard, the committee has regularly revisited the components of the frameworks set forth in the Safety and Soundness standards and the joint guidance as an effective tool for conducting its own assessment of the balance between risk and reward built into MidWestOne Financial's compensation programs for named executive officers. In addition, the committee continues to anticipate final guidance under the Dodd-Frank Act and will be prepared to incorporate into its risk assessment procedures any new guidelines and procedures as may be necessary or appropriate.

Compensation Philosophy and Objectives

The Compensation Committee believes that, at their core, executive compensation plans, programs and arrangements must clearly align with MidWestOne Financial's achievement of sustained, long-term financial success and also to the overall goal of increasing shareholder value. All of MidWestOne Financial's compensation programs are designed to attract and retain key employees, motivate them to achieve desired performance, and to reward them for excellent performance. The programs are not designed or intended to reward substandard performance results. Our executive compensation programs are intended to align the interests of management with those of our shareholders without creating undue risk to the Company. Compensation programs provide elements of both short and long-term performance with the goal of increasing shareholder value over the long term, but we place a greater focus on long-term performance as we believe that more closely comports with our shareholder's viewpoint. We believe that executive compensation should not be tied too closely to the short-term performance of our stock, whether favorable or unfavorable, but rather should be balanced to incorporate multiple levels of financial metrics including Company or division performance results. We continue to believe that executive compensation programs should reflect an environment of setting goals and expectations while rewarding results, thus influencing the general compensation of all employees throughout the Company.

We believe that compensation programs of executives should reflect, in large part, success as a management team rather than as individuals, with focus on attaining key operating objectives with respect to loan, deposit, and total asset growth, asset quality, the growth and consistency of earnings, providing support to the many communities in which we do business, and ultimately an increased market price for our stock. Executive compensation programs are not designed or intended to provide our executives with incentives to engage in business activities or other conduct which would threaten the value of MidWestOne Financial or the investments of our shareholders. We believe that the performance of the executives, in consideration of the general economic and specific company, industry, and competitive conditions, should be the basis for determining their overall compensation.

MidWestOne Financial's executive compensation program is designed and structured to achieve the following guiding philosophies and strategic objectives:

- encourage a relatively consistent and competitive return to our shareholders;
- maintain an environment which encourages and promotes stability and a long-term perspective for both the Company and our management team;

Table of Contents

maintain a currently competitive compensation program, which is motivating for officers and staff members, giving us the flexibility to:

- ensure the performance and success of each individual in support of our current goals and strategic plan;
- allow the hiring and retention of key personnel who are critical to our long-term success;
- emphasize goal-based performance objectives, including various incentive compensation programs which are aligned with management's strategic plan and focused efforts; and,
- minimize, and eliminate when possible, any undue risk to the Company with respect to all compensation practices and programs;
- provide consistent management practices which:
- fulfill appropriate and necessary oversight responsibility to the constituents of MidWestOne (shareholders, customers, employees, regulators, and communities);
- maintain the highest level of ethical standards and conduct according to our overall corporate policies; and,
- avoid any implied or real conflict between management's responsibilities to the Company and each person's personal interests.

Our 2011 Performance

We believe that 2011 was a continued year of progress for the Company, and the achievement of its financial results relative to the broader financial services industry is noteworthy. Through the leadership of MidWestOne Financial's executive management team we were able to improve in many areas. Our earnings increased to an all time high of \$1.47 per share. Our credit quality remained strong, improving slightly and was in the top third of our benchmark companies. Our capital position remains strong with our tangible common equity to tangible assets ratio increasing to 8.68% in 2011. Our net income grew to \$13.3 million while our net income available to common shareholders grew to \$12.7 million. Our operational efficiency improved to 62.9% for MidWestOne Financial with MidWestOne Bank's slightly below 60%. We saw continued improvement of net charge-offs and the allowance for loan and lease losses. Our net charge-off of average loans outstanding was 0.30%. We completed the redemption of the 16,000 shares of Fixed Rate Cumulative Perpetual Preferred Stock, Series A issued to the U.S. Department of Treasury in conjunction with our participation in TARP for \$16.1 million; and, we announced the repurchase, for \$1.0 million, of the common stock warrant issued to the U.S. Department of Treasury as part of TARP. In late 2011, we also repurchased 102,190 shares of our common stock for an aggregate of \$1.5 million. During 2011, our performance placed us generally within a range of the top three to eight organizations of our Midwestern peer group, depending on the specific financial metric being compared.

Compensation Components

General. There are four major components to executive officer compensation: base salary, bonus, equity awards and additional benefits. The Compensation Committee's decisions regarding each of these components for the NEOs are based in part on its subjective judgment and take into account qualitative and quantitative factors, as set forth in the following discussion. In reviewing an executive officer's compensation, the Compensation Committee considers and evaluates all components of the officer's total compensation package, including base salary, bonus, incentive stock awards, perquisites, participation in our non-qualified executive plans, participation in our 401(k) and ESOP plans, and any other payments, awards, or benefits that an officer earns. Further, the Compensation Committee considers any amounts an officer is entitled to receive upon retirement, termination or a change-in-control event. The Compensation Committee strives to provide each executive officer with a competitive total compensation package which aligns with the stated compensation objectives discussed earlier. During 2011, the Compensation Committee discussed the impact the TARP rules would have on the components of the executive compensation program. The Compensation Committee relied on the direction of its legal counsel to ensure compliance with TARP obligations, including as they might continue to apply during periods after we repaid our TARP assistance. Even though the Company is now removed from the TARP executive compensation limitations and restrictions, the Compensation Committee continues to focus on the various layers of regulation (as described above) that may impact our compensation programs. However, notwithstanding the challenging regulatory environment, the Compensation Committee has maintained its focus on the need to retain and reward our executive leadership team so we can continue to provide positive returns for our shareholders.

Base Salary. The Compensation Committee believes that competitive base salary received by an executive officer serves as a form of financial security to each individual and enables us to maintain a stable management team, which in turn leads to a more stable corporate environment. The Compensation Committee believes that a stable and motivated management team, made up of highly qualified executives, is one of the key factors to the success of MidWestOne Financial. Therefore, base salary makes up the largest portion of the total compensation package.

Table of Contents

The Compensation Committee has continued to evaluate the salaries of our NEOs with consideration given to, among other things, how the structure of the organization has evolved since the time of our 2008 merger with the former MidWestOne Financial. In addition, the roles and responsibilities of our NEOs have become increasingly substantial to the success of the Company and therefore the performance of our NEOs is critical to ongoing financial performance. The Compensation Committee has considered information included in generally available salary surveys for comparable positions at banks that had total assets in the range of \$1.0 to \$1.5 billion, as well as the specific advice of F.W. Cook & Co. While the Compensation Committee does not specifically benchmark our NEOs' compensation to any particular mark, the Compensation Committee believes maintaining a position of approximately 90% of the median base salary (consistent with the top six organizations in our peer group based on the survey information) is appropriate given our continued progress with financial performance and the ongoing expectations for future performance. The Compensation Committee also considered the individual NEO's performance and other skills, experience, knowledge and qualifications when setting salaries for 2011 and 2012.

Each NEO's performance is evaluated by reviewing performance appraisal information and recommendations made available by management. This review considers the NEO's achievement of individual goals and how his or her performance has contributed to the overall financial performance of MidWestOne Financial. Mr. Funk presents the performance evaluations and his recommendations for each NEO, other than himself. Mr. West, the Compensation Committee's Chairperson, presents the same for Mr. Funk. Mr. Monson, the Chair of MidWestOne Financial's board of directors also provides feedback to the Compensation Committee about Mr. Funk's performance.

Generally, the Compensation Committee determines the annual base salaries for the coming year at the end of the prior calendar year. In determining these base salaries, we consider the same general factors discussed above including the continuing changing landscape of the banking environment regionally and nationally, the impact of the economy and increased regulation of our industry on our earnings, the return on average assets, and overall assets. The Compensation Committee also considers certain economic factors in the financial industry that are beyond the NEOs' control and the Compensation Committee believes that MidWestOne Financial's performance continues to compare favorably in several areas with other financial institutions, including those in our company peer group.

Cash Incentive Awards-Bonus. The executive committee members of MidWestOne Bank, which is the Bank's senior management team, are generally eligible for a bonus. The NEOs of MidWestOne Financial are included in this senior management team group. The bonus plan is designed to provide an incentive to attain individual and corporate goals while minimizing any risks which may affect MidWestOne Financial's overall financial performance. Generally speaking, thresholds and targets are set within each bonus plan so that improvement in each goal category is necessary in order to receive any or all of the bonus payout. In addition, the bonus plans of the NEOs include a "knock out" provision that requires the attainment of a minimum company-wide performance goal in order to be able to receive any portion of the annual bonus. The Compensation Committee does, however, retain the discretion to increase or decrease the amount of a bonus if it determines that special circumstances existed during the year which warranted adjustment to the bonus calculation to be paid.

The bonus and corresponding goal setting process occurs annually. Mr. Funk provides recommendations with respect to management, other than himself, to Mr. West for initial review. Mr. West discusses Mr. Funk's recommendations with appropriate members of management and also considers factors applicable to Mr. Funk's annual bonus. Mr. West then presents bonus recommendations to the full Compensation Committee for approval. In addition, for the period of time during 2011 that we continued to participate in TARP, the Compensation Committee had to consider that Mr. Funk was ineligible for a cash bonus. Mr. Funk was, however, eligible to receive a cash bonus, if any, for his performance during 2011 after we repaid our TARP assistance. Any bonus earned and paid to Mr. Funk for 2011 performance was based solely on his and the Company's performance during that part of 2011 after we repaid our TARP assistance.

In 2011, pursuant to our bonus plan, Mr. Funk was potentially eligible for a full-year bonus equal to one-third of his salary, or \$113,322. Based on the his and the Company's performance during 2011, Mr. Funk earned 90.5% of his bonus. In order to satisfy the TARP compensation limitations that were in effect until we repaid our TARP assistance, a portion of Mr. Funk's bonus was paid to him in the form of TARP restricted stock units and the remainder, attributable to the post-TARP period in 2011, was payable in cash.

Table of Contents

The components designated by the Compensation Committee, and the percentage of salary that the NEOs was eligible to earn for 2011 performance and resulting actual bonus received, were as follows:

Name	Net Operating Income	Profitability	Individual Goals - Subjective	2011 Eligible Bonus (as % of Base Salary)	2011 Actual Bonus Received (as % of Base Salary)
Charles N. Funk	30	% 30	% 40	% 33.3	% 14.6
Gary J. Ortale	50	% 40	% 10	% 25.0	% 22.0
Kent L. Jehle	40	% 30	% 30	% 25.0	% 23.1
Susan R. Evans	50	% 25	% 25	% 25.0	% 22.0
James M. Cantrell	60	% —	40	% 15.0	% 15.0

Net Operating Income and Earnings Per Share Component. The Compensation Committee believes that net operating income and earnings per share are appropriate measures because each focuses on the financial performance of the Company, which in turn reflects shareholder value. The Compensation Committee elected to use net operating income and earnings per share to the Company's budget as two separate measures for the 2011 bonus "knock out" provision. As such, if net operating income was not at least \$8,500,000, no bonus was to be paid to the NEOs unless the Compensation Committee found special circumstances to warrant the payment of a bonus. In addition to the "knock out" provision, the potential bonuses were structured such that the NEOs would be paid 70% of their bonus potential if all of their respective goals were attained. Further, the NEOs would receive 100% of their bonus potential only if the Company's earnings-per-share results were 105% of the Company's budget. Based on our financial results, we met both of these targets during 2011. As such, the NEOs were awarded a bonus for this component of the annual formula.

Profitability Component. Because the Compensation Committee is committed to paying the level of base salary of our NEOs in a range that is competitive with the top six institutions in our peer group, the Compensation Committee believes it is appropriate to incentivize our management team to ensure that the Company's performance is also within the top six institutions within our peer group. As such, if the Company's 2011 profitability was within the top six institutions of the peer group, our NEOs would be deemed to have achieved this component of the bonus plan. The Compensation Committee determined that we met 75% of this goal for 2011 and, as such, the NEOs were awarded a percentage of their bonus for this component of the annual formula.

Individual Performance Component. For 2011, individual goals were assigned to each executive and generally reflect corporate measures that are affected by that executive's performance. The measures used by the Compensation Committee include credit quality, deposit growth in the State of Iowa, and progress toward achievement of strategic goals. With respect to these individual goals, the Compensation Committee does not assign a specific weight to any one particular goal, but rather assesses overall progress toward the goals in total as a measure for determining whether the executive is entitled to a bonus with respect to this component.

In determining whether each of the NEOs met his or her individual goals during 2011, and was therefore eligible for the subjective component of his or her bonus plan, the Compensation Committee considered the following:

With respect to Mr. Funk, the Compensation Committee considered his leadership in ensuring that credit quality, earnings-per-share and tangible book value all resulted in desired improvement, and that deposit growth in the State of Iowa also took place, as a measure of the Company's state-wide market share.

With respect to Mr. Ortale, the Compensation Committee considered his leadership in demonstrating improved performance with his key divisional officers as well as his increased presence in our outlying offices.

With respect to Mr. Jehle, the Compensation Committee considered his leadership in maintaining credit quality in the top third of the Company's Midwestern peer group.

With respect to Ms. Evans, the Compensation Committee considered her leadership in attaining statewide deposit growth as a measure of market share as well as her excellent leadership of our banking operations.

With respect to Mr. Cantrell, the Compensation Committee considered his leadership with ALCO, investment portfolio management, and risk management areas of MidWestOne Bank.

In early 2012, the same bonus plan process was put in place with Mr. Funk and Mr. West presenting the executive bonus plans to the Compensation Committee. Bonus plans for each of the NEOs contained an established target

percentage amount that each officer could potentially earn upon meeting the established corporate and individual goals. A recommendation for 2012 bonus plans for the NEOs was presented to the Compensation Committee by Mr. West and Mr. Funk at its January 2012 meeting. The Compensation Committee approved the bonus plans unanimously.

Long-Term Incentive Awards-Equity Awards. The board of directors and the Compensation Committee believe in management ownership of our common stock as an effective means to align the interests of management with those of the shareholders. Our current long-term incentive plan (“the 2008 Equity Incentive Plan”), which was approved by our shareholders in March 2008, is intended to promote equity ownership in MidWestOne Financial by the directors and selected officers, to focus the management team on increasing value to the shareholders, to increase the plan participants' proprietary interest in the success of MidWestOne Financial, and to encourage the retention of key employees for an extended period of time. The current Equity Incentive Plan authorizes the issuance of MidWestOne Financial's common stock, including the granting of stock options and restricted stock units.

All equity awards are at the discretion of the Compensation Committee and are generally subjective in nature. The Compensation Committee considers the position of the NEO, the officer's level of influence and the corresponding ability to contribute toward the success of MidWestOne Financial, individual and corporate performance and whether the respective goals were obtained, as well as the level of equity awards granted to individuals with similar positions at our peer companies.

The Compensation Committee typically grants equity awards in January of each year. The timing of the equity grants coincides with the completion of annual performance evaluations and development of current-year bonus plans. The Compensation Committee reserves the right to grant additional equity awards at other times of the year in connection with the appointment of any new directors or officers or to compensate key employees for other significant or notable achievements.

In the past, incentive stock option awards and restricted stock units were granted to NEOs and other senior officers. As it did in 2010 and 2011, the Compensation Committee granted solely restricted stock units to NEOs in 2012.

All Other Compensation. We provide general and customary benefit programs to executive officers and other employees. Benefits offered to executives are intended to serve a different purpose than base salary, bonus and equity awards. While the benefits offered are competitive with the marketplace and help to attract and retain executives and employees, the benefit programs also provide financial security for employees for retirement as well as unforeseen life events such as illness, disability, or death. The benefits offered to executive officers are generally those offered to other employees. There are some additional perquisites that may only be offered to executive officers. Due to the nature of benefits offered, the Compensation Committee does not adjust the level of benefits offered on a year-to-year basis. MidWestOne Financial will continue to offer benefits, the amount of which shall be determined from time-to-time at the sole discretion of the Compensation Committee, provided that such benefits are not determined by the TARP or other regulatory rules to be limited or prohibitive as outlined in the restrictions.

The following table illustrates benefits and perquisites we provide to our Named Executive Officers:

401(k) Plan. MidWestOne Financial sponsors a qualified, tax-exempt 401(k) retirement plan and trust qualifying under Section 401(k) of the Internal Revenue Code. The 401(k) plan is considered a defined contribution plan. American Trust & Savings Bank of Dubuque, Iowa administers the plan. American Trust's services include general compliance advice, required testing, plan design, enrollment and distributions, and overall management of plan assets. All employees are eligible to participate in this plan after meeting eligibility requirements pertaining to age and service. Eligible employees are permitted to contribute up to a maximum dollar amount permitted by law. Participants may choose their

own investments for their assets or they may elect a managed plan whereby a plan manager makes investment decisions on the behalf of the participant according to the investment risk level they have chosen.

Pursuant to the plan, we provide a safe harbor matching contribution of a participant's deferral amount. The safe harbor match formula is calculated at 100% of the first 3% of eligible compensation and 50% of the next 2% of eligible compensation. The safe harbor formula protects the plan from being in a discriminatory status with respect to participation, salary levels, deferrals, and matching contributions and various IRS requirements.

There is also a profit-sharing contribution component to the 401(k) plan which provides for an additional non-elective employer contribution to the retirement account of each participant. This contribution is discretionary and, if paid, would be based upon the Company's profitability in a given year and then calculated on the participant's annual compensation according to the provisions of the plan. There has been no history established with the paying of this discretionary contribution. There was no profit-sharing contribution made to the plan in 2008 through 2011 and it is not anticipated that we would make this contribution in 2012.

Employee Stock Ownership Plan. MidWestOne Financial sponsors a tax-qualified employee stock ownership plan, also known as the ESOP, designed primarily to reward eligible employees for their service to the Company in the form of a retirement benefit. As with the 401(k) plan, American Trust & Savings Bank of Dubuque, Iowa serves as its plan administrator.

Any benefits payable under the ESOP are based solely upon the statutorily limited amounts contributed for the benefit of the participants, along with any changes in the value of those contributions while they are held in the ESOP. The ESOP does not permit or require any contributions by participating employees. Subject to certain exceptions under the law, contributions to the ESOP are fully vested after six (6) years of service with the Company. MidWestOne Financial, the sponsor of the ESOP, makes an annual contribution which is allocated among all eligible employees of the Company, including executive officers. The ESOP contribution is calculated as a designated percentage of annual compensation each year. This contribution is discretionary in nature and is set and approved by the MidWestOne Financial board of directors each January. A contribution table developed and approved by MidWestOne Financial's board of directors in 2010, is used in order to provide for a specified range of contribution levels in the plan correlating to specific financial results of the Company.

MidWestOne Bank Retirement Plan. MidWestOne Financial sponsors the MidWestOne Bank Retirement Plan, which is a tax-qualified defined benefit pension plan. The plan was formerly known as the Iowa State Bank & Trust Company Retirement Plan. Pursuant to the plan, participants are eligible to receive a benefit based upon years of credited service, compensation, age at retirement and the form of payment selected by the participant at the time of retirement.

The plan was frozen effective as of December 31, 2007 in anticipation of the merger with the former MidWestOne Financial. After that date, no new benefits have been accrued and no new participants were allowed to join the plan. Messrs. Funk, Ortale and Jehle and Ms. Evans have vested benefits under the plan.

Supplemental Retirement Agreements. MidWestOne Financial provides certain of our executive officers with supplemental retirement benefits as an added incentive to remain with, and focus on, over the long-term. The supplemental retirement benefits are nonqualified deferred compensation arrangements. They are unfunded and unsecured promises of the Company to pay a benefit to each executive in the future. In the case of insolvency of the Company, the executives participating in such arrangements would be treated as general unsecured creditors of the Company. As such, we believe that these supplemental retirement agreements encourage our executive officers to think about, and work toward, the long-term health and success of MidWestOne Financial.

Each of Messrs. Funk, Ortale and Jehle and Ms. Evans participate in the supplemental retirement benefits. Pursuant to their individual agreements, they will each receive a set dollar amount upon a retirement from employment after attaining 65 years of age. Upon such a retirement, the executive's benefit will be paid in a series of 180 monthly installments. At age 65, Mr. Funk will receive a monthly benefit equal to \$2,083, Mr. Ortale will receive a monthly benefit equal to \$2,083, Mr. Jehle will receive a monthly benefit equal to \$1,250, and Ms. Evans will receive a monthly benefit equal to \$1,250.

If the executive retires after attaining age 60, but before attaining age 65, he or she will receive a reduced benefit. If the executive retires before attaining age 60, he or she shall forfeit any right to a benefit under the supplemental

retirement agreement. The agreements provide for a full death benefit in the case of the executive's death while still employed by the Company.

Table of Contents

In addition, Mr. Jehle participates in one other supplemental retirement benefit. Pursuant to this agreement, he will receive a set dollar amount upon a retirement from employment after attaining 60 years of age. Upon such a retirement, Mr. Jehle's benefit will be paid in a series of 120 monthly installments. At age 60, Mr. Jehle will receive a monthly benefit equal to \$833.

If Mr. Jehle retires after attaining age 55, but before attaining age 60, he will receive a reduced benefit. If Mr. Jehle retires before attaining age 55, he shall forfeit any right to a benefit under the supplemental retirement agreement. The agreement provides for a full death benefit in the case of Mr. Jehle's death while still employed by the Company. As a condition to receiving the continued stream of monthly installments, the executives will be subject to restrictive covenants for a period of 60 months following any retirement which results in payment to him or her of a supplemental retirement benefit.

Other Perquisites. We believe that perquisites for executive officers should be very limited and conservative in nature, both in scope and value. Consistent with this philosophy, MidWestOne Financial has generally provided nominal benefits to executives that are not available to other full time Officers and employees. This approach to perquisites is anticipated to continue in the future. We provide country club memberships for all market presidents and certain commercial banking officers in each market in the amount up to but not to exceed \$2,500.00 annually. The country club benefit is for single memberships only and intended to extend the officer's external visibility and resulting business opportunities in their home community. An additional perquisite for certain assigned officers includes a company automobile based on the needs of business travel. Messrs. Funk, Ortale and Jehle and Ms. Evans have company cars assigned to them. We have disclosed the value of all perquisites to NEOs in the Summary Compensation Table even if these fall below the disclosure thresholds under the SEC rules. MidWestOne Financial will continue to offer limited perquisites, the amount of which shall be determined from time-to-time in the sole discretion of the Committee, provided that such perquisites are not considered to be restricted or prohibited by any compensation regulations.

Compensation Decisions

This section describes the decisions made by the Compensation Committee with respect to the compensation for NEOs for 2011 and 2012.

Executive Summary. We have continued to apply the philosophies described above in determining the compensation of the executive officers named in the Summary Compensation Table on page 23, unless under the TARP rules, there are restrictions or prohibitions placed on us.

Base Salary. We review the base salaries of the NEOs annually to determine whether or not they will be adjusted, as described above. The salaries for 2011, determined by the Compensation Committee at the end of 2010, are set forth in the Summary Compensation Table on page 23. In determining salary levels, we considered the following:

- the compensation philosophy and guiding principles described earlier in this discussion;
- the general asset growth as a result of the merger of our companies, the return on average assets, the earnings per share, the return on equity, and other key financial measures;
- the general economic conditions in the financial services industry beyond our control and the favorable financial performance areas of MidWestOne Financial compared to our peers;
- the base salary paid to the officers in comparable positions at the companies within our peer group, using median salary data as our point of reference;
- the experience and industry knowledge of the NEOs and the quality and effectiveness of their leadership at MidWestOne Financial;
- all the components of executive compensation, including base salary, bonus, equity awards, retirement and death benefits, as well as other benefits and perquisites;
- internal pay equity among other MidWestOne Financial executives.

As described above, at the end of 2011, the Compensation Committee met again to set base salaries for 2012. In determining those base salaries, the Compensation Committee considered many of the same factors identified above. The total increase in base salaries for the NEOs for 2012 represented an increase of approximately 3.98% over 2011.

Table of Contents

This table reflects base salaries of our NEOs which were earned in 2011 and those base salaries set for 2012:

Named Executive Officer	Base Salary Earned in 2011	Base Salary Set for 2012
Charles N. Funk	\$340,000	\$355,000
Gary J. Ortale	\$196,000	\$202,000
Kent L. Jehle	\$217,000	\$222,000
Susan R. Evans	\$210,000	\$223,000
James M. Cantrell	\$172,750	\$179,000

Bonus. As was the case during 2009 and 2010, for a portion of 2011, Mr. Funk was again prohibited by the TARP rules from receiving a cash bonus with respect to his and the Company's performance. Mr. Funk was, however, awarded a cash bonus for the portion of the year after our TARP assistance was repaid with respect to the achievement of his bonus plan goals. Our other NEOs achieved the goals for earning a cash bonus established by the Compensation Committee and, therefore, were awarded cash bonuses as set forth below:

Name	Bonus Compensation Earned in 2011
Charles N. Funk	\$49,740
Gary J. Ortale	\$43,120
Kent L. Jehle	\$50,181
Susan R. Evans	\$46,150
James M. Cantrell	\$26,000

In early 2012, the Compensation Committee agreed on the terms of our 2012 bonus plan. Pursuant to that plan, each of Messrs. Ortale and Jehle and Ms. Evans is eligible to receive a bonus up to a maximum of 25% of his or her base salary. Mr. Cantrell is eligible to receive a bonus up to a maximum of 15% of his base salary. Mr. Funk is eligible to receive a bonus up to a maximum of 33.3% of his base salary.

Equity Awards. We typically grant equity incentives to our eligible employees, including the NEOs, in January of each year. The incentive stock options and/or restricted stock units granted to the NEOs vest in equal installments over four years and are subject to forfeiture until vested. There are no additional restricted stock units awarded equal in value to the amount of dividends paid with respect to the underlying shares of common stock.

In January 2011, the Compensation Committee approved equity grants for its NEOs comprised solely of restricted stock units. The Compensation Committee made the following awards:

- ♣ Mr. Funk was awarded 5,200 restricted stock units.
- ♣ Messrs. Ortale and Jehle and Ms. Evans each received 700 restricted stock units.
- ♣ Mr. Cantrell was awarded 360 restricted stock units.

In January 2012, the Compensation Committee approved equity grants for its NEOs comprised solely of restricted stock units. The Compensation Committee made the following awards:

- ♣ Mr. Funk was awarded 2,500 restricted stock units.
- ♣ Messrs. Ortale and Jehle and Ms. Evans each received 1,000 restricted stock units.
- ♣ Mr. Cantrell was awarded 500 restricted stock units.

The restricted stock units granted to our NEOs will vest 25% on the first anniversary of the date of grant, 25% on the second anniversary, 25% on the third anniversary, and 25% on the fourth anniversary. There will be no dividend equivalent issued with respect to restricted stock units.

With respect to 2011 performance the Compensation Committee awarded Mr. Funk an additional 3,132 restricted stock units in satisfaction of his bonus earned during the TARP period. These restricted stock units will vest 50% on the second anniversary of the date of the grant, 25% on the third anniversary, and 25% on the fourth anniversary.

Table of Contents

All Other Compensation. While the Compensation Committee reviews and monitors the level of other compensation offered to the NEOs, the Committee typically does not adjust the level of benefits offered on an annual basis. The Compensation Committee does consider the benefits and perquisites offered to the named executive officers in its evaluation of the total compensation received by each. The perquisites received by the named executive officers in 2011 are reported in the Summary Compensation Table on page 23. The benefits offered in 2011 to the NEOs are expected to continue for 2012, unless otherwise limited or prohibited by impending regulatory rules.

COMPENSATION COMMITTEE REPORT

We have reviewed and discussed the foregoing Compensation Discussion and Analysis with management. Based on our review and discussion with management, we have recommended to the board of directors that the Compensation Discussion and Analysis be included in this Proxy Statement and in MidWestOne Financial's Annual Report on Form 10-K for the year ended December 31, 2011.

Section 111(b)(2)(A) of the Emergency Economic Stabilization Act requires the Compensation Committee to conduct, in conjunction with a senior risk officer of the Company, a review of the incentive compensation arrangements in place between the Company and its employees.

The Compensation Committee certifies that, during the portion of calendar year 2011 that MidWestOne Financial was participating in TARP, it (a) has reviewed with its senior risk officer of MidWestOne Financial the senior executive officer ("SEO") compensation plans and has made all reasonable efforts to ensure that these plans do not encourage SEOs to take unnecessary and excessive risks that threaten the value of MidWestOne Financial; (b) has reviewed with its senior risk officer the employee compensation plans and has made reasonable efforts to limit any unnecessary risks these plans pose to MidWestOne Financial; and, (c) has reviewed the employee compensation plans to eliminate any features of these plans that would encourage the manipulation of reported earnings of MidWestOne Financial to enhance the compensation of any employee ((a), (b) and (c) hereinafter collectively referred to as the "TARP Risk Assessment").

In the course of conducting its TARP Risk Assessment, the Compensation Committee considered the overall business and risk environment confronting MidWestOne Financial and how the SEO compensation plans and employee compensation plans serve to motivate employee behavior when operating within that environment. In particular, the Compensation Committee's TARP Risk Assessment focused on the following compensation plans (* denotes plans in which SEOs participate): 2011 that MidWestOne Financial was participating in TARP, it (a) has reviewed with its senior risk officer of MidWestOne Financial the senior executive officer ("SEO") compensation plans and has made all reasonable efforts to ensure that these plans do not encourage SEOs to take unnecessary and excessive risks that threaten the value of MidWestOne Financial; (b) has reviewed with its senior risk officer the employee compensation plans and has made reasonable efforts to limit any unnecessary risks these plans pose to MidWestOne Financial; and, (c) has reviewed the employee compensation plans to eliminate any features of these plans that would encourage the manipulation of reported earnings of MidWestOne Financial to enhance the compensation of any employee ((a), (b) and (c) hereinafter collectively referred to as the "TARP Risk Assessment").

In the course of conducting its TARP Risk Assessment, the Compensation Committee considered the overall business and risk environment confronting MidWestOne Financial and how the SEO compensation plans and employee compensation plans serve to motivate employee behavior when operating within that environment. In particular, the Compensation Committee's TARP Risk Assessment focused on the following compensation plans (* denotes plans in which SEOs participate):

- Base Salary*
- Retail Sales Incentive Program

Table of Contents

In the course of conducting its risk assessments in 2011, the Compensation Committee has considered the three principles set forth in the Federal Reserve Joint Guidance on Sound Incentive Compensation Policies. Those three principles are:

- The balance of risk and financial results in a manner that does not provide employees with incentives to take excessive risks on the Company's behalf;
- The risk-management and internal control processes reinforce and support the development and maintenance of all incentive compensation arrangements; and
- A strong and effective corporate governance process which ensures overall sound compensation practices.

MidWestOne Financial does not maintain any compensation plans in which only SEOs participate. For purposes of this discussion, references to "SEO compensation plans" mean the portion of an employee plan in which the SEOs participate.

With respect to the SEO compensation plans, the Compensation Committee believes that such plans do not encourage the Bank's SEOs to take unnecessary or excessive risks that could harm the value of the Company. The Compensation Committee believes this to be true because, as is more fully described in the Compensation Discussion and Analysis, the Compensation Committee strives to provide a balanced aggregate compensation package to our SEOs that serves to incentivize our SEOs to manage the business of MidWestOne Financial in a way that will result in company-wide financial success and value growth for our shareholders.

We believe it is appropriate for our executives to focus certain of their efforts on near-term goals that have importance to the Company; however, we also acknowledge that near-term focus should not be to the detriment of a focus on the long-term health and success of the Company. In practice, providing base salary to any employee provides an immediate reward for job performance. The Compensation Committee has an established process, as is described in the Compensation Discussion and Analysis, to set base salary. We believe our process for establishing base salary is relatively free from risk to the Company, as we do not typically make significant adjustments to base salary based on a single year's performance. The Committee believes it is appropriate to reward our executives' focus on near-term goals, when such goals correspond to the overall Company goals and direction set by our board of directors. To reward the executives for such focus, the NEOs participate under the Executive Bonus Plans. The potential payout amounts for executives are based on a higher percentage of base salary due to the leadership and accountability responsibilities of the individuals. In establishing this annual cash incentive plan, we try to provide an adequate level of incentive for the achievement of Company and individual goals, while also limiting the maximum amount that may be earned so that executives do not feel the need to strive for attainment of unreasonable or unrealistic levels of performance. In this way, we believe the design of the annual cash incentive plan does not encourage our executives to take unnecessary or excessive risks that could harm the value of the Company. Additionally, the Compensation Committee believes that incentives are equally important and motivating for non-executives and maintains an Annual Profit Sharing Bonus plan for our other eligible employees.

The other incentive compensation elements offered to our SEOs, with the exception of perquisites, are intended to reward performance over the long-term or are intended to focus our executives' attention on the long-term performance of the Company. We feel there is little, if any, risk associated with our 401(k) Savings Plan as it is a tax-qualified retirement plan that is subject to and maintained in accordance with the mandates of the Internal Revenue Code and the Employee Retirement Income Security Act. We believe our Equity Incentive Plan helps to tie our executives' interest more closely to those of our shareholders by giving them an equity interest in the Company. We feel this equity interest in MidWestOne Financial combined with a four-year vesting period promotes a long-term focus among our executives on the financial success of the Company. Finally, the Compensation Committee believes the deferred compensation arrangements such as Supplemental Employee Retirement Plans, Change in Control Agreements and Management Agreements in place with respect to our SEOs encourage our executives to consider the long-term health of the Company. The long-term viability of the Company is in the interest of our SEOs because, pursuant to the rules under the Internal Revenue Code and applicable guidance, payments under those arrangements must be unfunded, unsecured promises to pay a benefit in the future. In the case of insolvency of the Company, the executives participating in those arrangements would be treated as general unsecured creditors of MidWestOne Financial thus encouraging the executives to ensure the organization remains healthy while employed and after their

tenure has concluded.

Equity awards made to executives consist solely of restricted stock units. This is a method of compensation which aligns the executives' interests with the interests of shareholders - to increase the value of the Company over the long-term. This compares favorably to option grants or similar plans, which can provide incentive to focus on short-term increases in stock price. With respect to the various provisions under the Final Guidance and the Dodd-Frank Act, we are in full compliance with these requirements and believe that these measures offer additional layers of protection to the Company against any inappropriate risk taking by an employee.

Table of Contents

With respect to the employee compensation plans, the TARP Risk Assessment has not resulted in a determination by the Compensation Committee that changes were necessary to bring such plans into compliance with the TARP rules. We believe the Company has adequate policies and procedures in place to balance and control any risk-taking that may be incentivized by the employee compensation plans. The Compensation Committee further believes that such policies and procedures will work to limit the risk that any employee would manipulate reporting earnings in an effort to enhance his or her compensation.

The Compensation Committee intends to continue, in accordance with its obligations under all compensation regulations, to periodically review and assess the NEO compensation plans and employee compensation plans to ensure that the risk-taking behavior incentivized by such plans is kept to an appropriate level. The Compensation Committee will, as necessary, amend or discontinue any plan or revise any Company policy or procedure to meet its obligations under these regulations.

Potential Payments Upon Termination or Change in Control

As is described more fully below, Messrs. Funk and Jehle have entered into employment agreements with the Company, and Messrs. Ortale and Cantrell and Ms. Evans have entered into change of control agreements with the Company. In addition, our Equity Incentive Plan provides for termination related benefits.

Except for payments and benefits provided by the employment agreements and change in control agreements, all other payments and benefits provided to any NEO upon termination of his or her employment are the same as the payments and benefits provided to other eligible employees of MidWestOne Financial.

Supplemental Retirement Agreements. As described above, Messrs. Funk, Ortale and Jehle and Ms. Evans participate in the supplemental retirement benefit. If any or all had been subject to a termination of employment as of December 31, 2011, the accrued amount that would likely be permitted to be paid on behalf of each, in accordance with the terms of the original agreements, is as follows:

♣ Mr. Funk would be eligible to receive supplemental retirement benefits up to an amount of \$86,111.

♣ Mr. Ortale would be eligible to receive supplemental retirement benefits up to an amount of \$130,300.

♣ Mr. Jehle would be eligible to receive supplemental retirement benefits up to an amount of \$64,590.

♣ Ms. Evans would be eligible to receive supplemental retirement benefits up to an amount of \$31,734.

Accrued Pay and Regular Retirement Benefits. The named executive officers would be eligible to receive payments and benefits to the extent they are provided on a non-discriminatory basis to salaried employees generally upon termination of employment. These include:

♣ Accrued salary and PTO pay.

Distributions of plan balances under our 401(k) plan and the executive deferred compensation plan. See “Nonqualified Deferred Compensation” on page 28 for information on current account balances and an overview of the Deferred Compensation Plan.

Retirement, Death and Disability. Generally speaking, and except as described with respect to the supplemental retirement benefits, a termination of employment due to retirement, death or disability does not entitle the named executive officers to any payments or benefits that are not available to other employees. Following a termination due to death or disability, an employee (or his or her estate) shall be entitled to the following:

- all unvested stock options shall become immediately 100% vested and an employee shall have a period of one (1) year following such termination during which to exercise his or her vested stock options.

28

Table of Contents

- any unvested restricted stock units outstanding at the time of an employee's termination due to death or disability shall become immediately 100% vested upon such termination.

As of the time of a termination of employment due to retirement, all unvested stock options shall become immediately 100% vested.

Acceleration of Vesting Upon a Change in Control. All officers, including the named executive officers, who receive stock options or restricted stock units under the Equity Incentive Plan will immediately vest in any unvested stock options and restricted stock units held by such an officer upon the occurrence of a change in control of MidWestOne Financial.

Employment Agreements and Change of Control Agreements. In 2007, we entered into employment agreements with each of Messrs. Funk and Jehle in connection with our merger with the former MidWestOne Financial. In 2008, certain provisions of the employment agreements were amended in order to bring such provisions into compliance with the applicable provisions of Section 409A of the Internal Revenue Code of 1986, as amended (and guidance issued thereunder). Both employment agreements provided for an initial term through December 31, 2010, and were subject to automatic one-year extensions on each January 1 thereafter unless either the Company or Mr. Funk or Mr. Jehle, as the case may be, declines such extension. The agreements set forth the general terms of the employment relationship between the parties, including but not limited to, establishing a base salary, eligibility for an incentive bonus and participation in other employee benefit plans, including our equity incentive plan and any pension plan or 401(k) plan. If either executive is terminated by the Company without cause or resigns for good reason during the term of the employment agreement, the executive will be entitled to a severance benefit. Mr. Funk will be entitled to a severance benefit equal to two and one-half times the sum of his then-current base salary and the incentive bonus paid for the prior year, and Mr. Jehle will be entitled to a severance benefit equal to two times the sum of his then-current base salary and the incentive bonus paid for the prior year. If the termination or resignation is in connection with a change of control, the severance benefit will be paid in a single lump sum. Both executives would be permitted to participate in COBRA coverage at the same cost as if they had remained employed by the Company. The employment agreements also contain two-year non-competition provisions and two-year non-solicitation provisions. Further, Mr. Funk's employment agreement provides that, during his employment period with the Company, he shall be nominated to serve as a member of the board of directors, subject to election by the Company's shareholders.

Each of Messrs. Ortale and Cantrell and Ms. Evans are parties to a change of control agreement with the Company. The change of control agreements provide for the payment of a severance benefit where the executive is terminated by the Company (or a successor) without cause or resigns for good reason within six months prior to or twelve months following a change of control. The severance benefit is equal to one and one-quarter times the sum of the executive's then-current base salary and the incentive bonus paid for the prior year. The executives would be permitted to participate in COBRA coverage at the same cost as if they had remained employed by the Company. The employment agreements also require the execution of a release of claims prior to receipt of any severance benefit and also contain twelve-month non-competition and non-solicitation provisions.

It should be noted that each of the five agreements described in this section includes a "cut back" provision that will limit, in the case of a payment due in connection with a change of control, any benefit paid thereunder to one dollar less than the amount that would result in an excise tax being imposed under the rules of Code Section 280G and 4999.

DIRECTOR COMPENSATION

In 2011, each director, with the exception of Messrs. Summerwill, Howard and Funk (who were our three employee-directors), was paid an annual retainer of \$5,000 and received a fee of \$2,000 for each regular board meeting attended. In addition, when committee meetings were held on a day on which there was no full board meeting, directors received \$400 for each Audit Committee and Compensation Committee meeting attended and \$250 for each Nominating and Corporate Governance Committee meeting. The chairman of each of those committees also received an additional \$100 for each such meeting. If a committee meeting was on the same day as a scheduled board meeting, the directors received \$125 for each committee meeting attended and the chairman received \$175 for each such meeting.

In 2011, we also awarded each non-employee director of MidWestOne 260 restricted stock units. These restricted stock units vest in four equal annual installments. Additionally, in January of 2012, we awarded 500 restricted stock units to each non-employee director, with an effective date of May 15, 2012.

PROPOSAL 2:

NON-BINDING ADVISORY PROPOSAL TO APPROVE EXECUTIVE COMPENSATION

Section 14A of the Securities Exchange Act of 1934 (the "Exchange Act"), as created by Section 951 of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act"), and the rules and regulations promulgated thereunder by the Securities and Exchange Commission, require publicly traded companies, such as MidWestOne, to conduct a separate shareholder advisory vote to approve the compensation of the registrant's executive officers, as disclosed pursuant to the Securities and Exchange Commission's compensation disclosure rules, commonly referred to as a "say-on-pay" vote. In accordance with these requirements, we are providing shareholders with an advisory vote to approve the compensation of our executive officers.

As described in more detail in the "Compensation Discussion and Analysis" section of this proxy statement, the overall objectives of MidWestOne's compensation programs have been to align executive officer compensation with the success of meeting long-term strategic operating and financial goals. Shareholders are urged to read carefully the "Compensation Discussion and Analysis" section of this proxy statement, as well as the Summary Compensation Table and other related compensation tables and narrative disclosure that describe the compensation of our NEOs in 2011. The Compensation Committee and our board of directors believe that the policies and procedures articulated in the "Compensation Discussion and Analysis" section are effective in implementing our compensation philosophy and achieving its goals, and that the compensation of our NEOs in 2011 reflects and supports these compensation policies and procedures.

In accordance with the requirements of the Dodd-Frank Act and the rules and regulations promulgated thereunder, the following resolution is submitted for shareholder approval:

"RESOLVED, that MidWestOne Financial Group, Inc.'s shareholders approve, on an advisory basis, the compensation of the Company's executive officers, as described in the section captioned 'Compensation Discussion and Analysis' and the tabular disclosure regarding named executive officer compensation under 'Executive Compensation' contained in the Company's proxy statement dated March 16, 2012."

Approval of this resolution requires that the number of votes cast in favor of the resolution at the annual meeting exceed the number of votes cast against it. While this say-on-pay vote is required as provided in Section 14A of the Exchange Act, it is not binding on the Compensation Committee or our board of directors and may not be construed as overruling any decision by the Compensation Committee or our board. However, the Compensation Committee will take into account the outcome of the vote when considering future compensation arrangements.

The board of directors recommends shareholders vote to approve the overall compensation of our NEOs, as described in this proxy statement, by voting "FOR" this proposal. Proxies properly signed and returned will be voted "FOR" this proposal unless shareholders specify otherwise.

PROPOSAL 3:

NON-BINDING ADVISORY VOTE ON FREQUENCY OF SHAREHOLDER VOTES ON EXECUTIVE COMPENSATION

Section 14A of the Exchange Act, as created by Section 951 of the Dodd-Frank Act, and the rules and regulations promulgated thereunder require publicly traded companies, such as MidWestOne, to provide a separate shareholder vote on the frequency with which shareholders shall conduct an advisory say-on-pay vote to approve executive compensation, such as the proposal above. In accordance with these requirements, we are providing shareholders with an advisory vote on the frequency with which our shareholders will vote on a say-on-pay proposal.

The advisory vote on the frequency of say-on-pay votes is a non-binding vote as to how often say-on-pay votes should occur: every year, every two years, or every three years. In addition to those choices, shareholders may also abstain from voting. Section 14A of the Exchange Act requires us to hold an advisory vote on the frequency of say-on-pay votes at least once every six years.

After careful consideration, our board of directors recommends that future shareholder say-on-pay votes be conducted annually. The board values and encourages constructive input from our shareholders regarding MidWestOne's compensation philosophy, policies and practices, and believes it is important that such policies and practices are aligned with the best interests of our shareholders. An annual say-on-pay vote will provide the board and Compensation Committee with useful information on shareholder sentiment about these important matters on the most frequent and consistent basis.

Although the board recommends a say-on-pay vote every year, shareholders are not voting to approve or disapprove the board's recommendation. Rather, shareholders are being asked to vote on the following resolution:

“RESOLVED, that the shareholders of MidWestOne Financial Group, Inc. determine, on an advisory basis, that the frequency with which the shareholders shall have an advisory vote on executive compensation set forth in the Company's proxy statement for its annual meeting of shareholders, beginning with the 2012 Annual Meeting of Shareholders, is (i) every year, (ii) every two years, or (iii) every three years.”

The choice which receives the highest number of votes will be deemed the choice of the shareholders.

While this advisory vote is required, as provided in Section 14A of the Exchange Act, it is not binding on our Compensation Committee or board of directors and may not be construed as overruling any decision by the Compensation Committee or the board. However, the Compensation Committee will take into account the outcome of the vote when determining the frequency of future say-on-pay votes.

The board of directors recommends a vote for the EVERY YEAR frequency alternative. Proxies properly signed and returned will be voted for the EVERY YEAR frequency unless shareholders specify otherwise. Shareholders are not voting to approve or disapprove the board of director's recommendation. Shareholders may choose among the three choices included in the resolution above, or may abstain for voting on this proposal.

PROPOSAL 4:

RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Shareholders are also being asked to adopt a resolution to ratify the appointment of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2012. If the appointment of KPMG LLP is not ratified by shareholders, the matter of the appointment of an independent registered public accounting firm will be considered by the Audit Committee and our board of directors. A representative from KPMG LLP is expected to be present at the annual meeting and will have an opportunity to make a statement if they so desire, as well as to respond to appropriate questions that may be asked by shareholders.

The board recommends that shareholders vote "FOR" the proposal to ratify the appointment of KPMG LLP as our independent auditors for the year ended December 31, 2012.

Accountant Fees

During the period covering the fiscal years ended December 31, 2011 and 2010, KPMG LLP performed the following professional services for the Company for which we paid the following amounts.

	2011	2010
Audit Fees ⁽¹⁾	\$340,295	\$344,068
Audit-Related Fees ⁽²⁾	—	—
Tax Fees ⁽³⁾	50,000	94,000
All Other Fees ⁽⁴⁾	—	—
Total Fees	\$390,295	\$438,068

Audit fees consist of fees for professional services provided for the audit of the Company's annual financial statements and review of financial statements included in the Company's Quarterly Reports on Form 10-Q, Annual Report on Form 10-K and related proxy statement and services normally provided by the independent auditor in connection with statutory and regulatory filings or engagements.

Audit-related fees represent assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements. Such services related primarily to audits of employee benefit plans and other attestation services.

Tax fees represent fees for professional services related to tax compliance, preparation of original federal and state tax returns, claims for refunds, tax advice, and tax planning services.

All other fees represent fees billed by the principal accountant for any other services.

Audit Committee Pre-Approval Policy

Among other things, the Audit Committee is responsible for appointing, setting compensation for and overseeing the work of the independent registered public accounting firm. The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by its independent auditors and all such services provided in 2010 and 2011 were approved. These services include audit and audit-related services, tax services, and other services. The Audit Committee may also pre-approve particular services on a case-by-case basis that the committee had not already specifically approved.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires that our executive officers, directors and persons who own more than 10% of our common stock file reports of ownership and changes in ownership with the Securities and Exchange Commission. They are also required to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of the copies of such forms and, if appropriate, representations made to us by any reporting person concerning whether a Form 5 was required to be filed for 2011, we are not aware that any of our directors, executive officers or 10% shareholders failed to comply with the filing requirements of Section 16(a) during 2011.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

Our directors and executive officers and their affiliates were customers of, and had transactions with, MidWestOne and our subsidiaries, including the Bank, in the ordinary course of business during 2011. Additional transactions may be expected to take place in the future. In the opinion of management, all outstanding loans, commitments to loan, transaction in repurchase agreements, certificates of deposit and depository relationships, were in the ordinary course of business and were made on substantially the same terms, including interest rates, collateral and repayment terms on the extension of credit, as those prevailing at the time for comparable transactions with other persons and did not involve more than the normal risk of collectability or present unfavorable features. All such loans are approved by the Bank's board of directors in accordance with bank regulatory requirements. Additionally, the Audit Committee considers other non-lending transactions between a director and MidWestOne's subsidiaries to ensure that such transactions do not affect a director's independence.

Additionally, pursuant to the Audit Committee Charter, the committee evaluates and pre-approves any non-lending, material transaction between MidWestOne and any director or officer. The charter does not provide any thresholds as to when a proposed transaction needs to be pre-approved, but the committee evaluates those proposed transactions that may affect a director's independence or create a perception that the transaction was not fair to MidWestOne or not done at arm's length. Generally, transactions which would not require disclosure in our proxy statement under Securities and Exchange Commission rules and regulations (without regard to the amount involved) do not require the committee's pre-approval. A director may not participate in any discussion or approval by the committee of any related party transaction with respect to which he or she is a related party, but must provide to the committee all material information reasonably requested concerning the transaction.

As previously discussed in this proxy statement, the Company has from time to time engaged Neumann Monson, P.C., an architectural services firm headquartered in Iowa City for which Mr. Monson is the President, Managing Partner and majority owner, to perform architectural and design services with respect to the Company's branch offices. The amount paid by the Company to Neumann Monson since the beginning of 2011 was less than the threshold requiring disclosure in this proxy statement under Securities and Exchange Commission rules and regulations. However, the Audit Committee has reviewed the terms of and ratified Neumann Monson's engagement.
