NATHAN'S FAMOUS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
September 23, 2012
(Unaudited)

NOTE A - BASIS OF PRESENTATION

The accompanying consolidated financial statements of Nathan's Famous, Inc. and subsidiaries (collectively "Nathan's," the "Company," "we," "us" or "our") as of and for the thirteen and twenty-six week periods ended September 23, 2012 and September 25, 2011 have been prepared in accordance with accounting principles generally accepted in the United States of America. The unaudited financial statements include all adjustments (consisting of normal recurring adjustments) which, in the opinion of management, are necessary for a fair presentation of financial condition, results of operations and cash flows for the periods presented. However, our results of operations are seasonal in nature, and the results of any interim period are not necessarily indicative of results for any other interim period or the full fiscal year.

Certain information and footnote disclosures normally included in financial statements in accordance with accounting principles generally accepted in the United States of America have been omitted pursuant to the requirements of the Securities and Exchange Commission. Management believes that the disclosures included in the accompanying interim financial statements and footnotes are adequate to make the information not misleading, but should be read in conjunction with the consolidated financial statements and notes thereto included in Nathan's Annual Report on Form 10-K for the fiscal year ended March 25, 2012.

A summary of the Company's significant accounting policies is identified in Note B of the Notes to Consolidated Financial Statements included in the Company's Annual Report on Form 10-K for the fiscal year ended March 25, 2012. There have been no changes to the Company's significant accounting policies subsequent to March 25, 2012.

NOTE B – RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS NOT YET ADOPTED

In July 2012, the Financial Accounting Standards Board, ("FASB") issued new accounting guidance on testing indefinite-lived intangible assets for impairment. The new guidance provides the entity with the option to first perform a qualitative assessment to determine whether it is more likely than not that the fair value of an indefinite-lived asset is less than its carrying value. If it is not, then no further analysis is required otherwise then the previously required quantitative testing is required. The new guidance is effective for annual and interim impairment tests performed for fiscal years beginning after September 15, 2012, which for Nathan's will be the first quarter of its fiscal 2014. Early adoption is permitted. We do not expect the adoption of this new guidance to have a material impact on the results of operations or financial position.

NOTE C – FAIR VALUE MEASUREMENTS

Nathan's follows a three-level fair value hierarchy that prioritizes the inputs to measure fair value. This hierarchy requires entities to maximize the use of "observable inputs" and minimize the use of "unobservable inputs." The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability on the measurement date. The three levels are defined as follows:

- Level 1 - inputs to the valuation methodology are quoted prices (unadjusted) for an identical asset or liability in an active market
- Level 2 - inputs to the valuation methodology include quoted prices for a similar asset or liability in an active market, quoted prices in markets that are not active, or model-derived valuations in which all significant inputs are

observable for substantially the full term of the asset or liability

- Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement of the asset or liability

-8-

The following table presents assets and liabilities measured at fair value on a recurring basis as of September 23, 2012 and March 25, 2012 based upon the valuation hierarchy (in thousands):

September 23, 2012	Level 1	Level 2	Level 3	Carrying Value
Marketable securities	\$-	\$12,546	\$-	\$12,546
Total assets at fair value	\$-	\$12,546	\$-	\$12,546

March 25, 2012	Level 1	Level 2	Level 3	Carrying Value
Marketable securities	\$-	\$14,710	\$-	\$14,710
Total assets at fair value	\$-	\$14,710	\$-	\$14,710

Nathan's marketable securities, which consist primarily of municipal bonds, are not actively traded. The valuation of such bonds is based upon quoted market prices for similar bonds currently trading in an active market or model-derived valuations in which all significant inputs are observable for substantially the full term of the asset or liability. It was not practicable to estimate the fair value of the long-term investment representing 2.5% of the equity ownership of a privately-owned company; that investment is carried at its original cost of \$500,000 in the statement of financial position. At year-end, the total assets reported by the privately-owned company were \$668,000, total equity was \$443,000, revenues were \$215,000 and net loss was \$573,000.

The carrying amounts of cash equivalents, accounts receivable and accounts payable approximate fair value due to the short-term maturity of the instruments.

Certain non-financial assets and liabilities are measured at fair value on a nonrecurring basis; that is, the assets and liabilities are not measured at fair value on an ongoing basis but are subject to fair value adjustments in certain circumstances, such as when evidence of impairment exists. At September 23, 2012, no fair value adjustment or material fair value measurements were required for non-financial assets or liabilities.

NOTE D – MARKETABLE SECURITIES

The Company determines the appropriate classification of securities at the time of purchase and reassesses the appropriateness of the classification at each reporting date. At September 23, 2012 and March 25, 2012, all marketable securities held by the Company have been classified as available-for-sale and, as a result, are stated at fair value, based upon quoted market prices for similar assets as determined in active markets or model-derived valuations in which all significant inputs are observable for substantially the full-term of the asset, with unrealized gains and losses included as a component of accumulated other comprehensive income. Realized gains and losses on the sale of securities are determined on a specific identification basis. Interest income is recorded when it is earned and deemed realizable by the Company.

The cost, gross unrealized gains, gross unrealized losses and fair market value for marketable securities, which consist entirely of municipal bonds that are classified as available-for-sale securities, are as follows (in thousands):

	Cost	Gross Unrealized Gains	Gross Unrealized Losses	Fair Market Value
September 23, 2012	\$11,837	\$709	\$-	\$12,546

Edgar Filing: NATHANS FAMOUS INC - Form 10-Q

March 25, 2012	\$13,897	\$814	\$1	\$14,710
----------------	----------	-------	-----	----------

The municipal bonds held at September 23, 2012, mature at various dates between April 2013 and October 2019. The following represents the bond maturities by period (in thousands):

	Total	Less than 1 Year	1 – 5 Years	5 – 10 Years	After 10 Years
Fair value of Municipal Bonds					
September 23, 2012	\$12,546	\$1,954	\$9,329	\$1,263	\$-

The change in net unrealized (losses) gains on available-for-sale securities for the thirteen week periods ended September 23, 2012 and September 25, 2011 of (\$35), and \$24, respectively, which are net of deferred income tax (benefit) expense, of (\$20) and \$17, respectively, have been included as a component of comprehensive income. The change in net unrealized (losses) gains on available-for-sale securities for the twenty-six week periods ended September 23, 2012 and September 25, 2011 of (\$64), and \$86, respectively, which are net of deferred income tax (benefit) expense, of (\$40) and \$58, respectively, have been included as a component of comprehensive income. Accumulated other comprehensive income is comprised entirely of the net unrealized gains on available-for-sales securities as of September 23, 2012 and March 25, 2012.

NOTE E – RESTRICTED CASH

We have been engaged in litigation with SMG, Inc. (“SMG”, as further described in Note L.2) related to a License Agreement with SMG dated as of February 28, 1994, as amended (the “License Agreement”) and, in connection with that litigation, damages of \$4,910,000 inclusive of pre-judgment interest, were assessed against Nathan’s (the “Judgment”). Nathan’s appealed both of the court’s findings with respect to SMG’s claims relating to the sale of Nathan’s proprietary seasonings to SMG and the amount of the Judgment (See Note L.2).

In connection with this appeal, Nathan’s was required to provide security for the damages, and has entered into a Blocked Deposit Account Control Agreement (“Blocked Account Agreement”) with SMG and Citibank, N.A. (the “Bank”).

Nathan’s has also entered into a Security Agreement with SMG (the “Security Agreement”), pursuant to which, Nathan’s has granted SMG a security interest in the amounts on deposit in the Blocked Account at the Bank (the “Account”) in order to secure Nathan’s’ obligation to pay the Judgment, together with post-judgment interest on such amount and costs incurred in connection with such amounts.

Pursuant to the Blocked Account Agreement, at September 23, 2012, Nathan’s had deposited a total of \$5,642,000 into the Account which includes an amount equal to the post-judgment interest (calculated at 9% per annum) and has classified the amount of the Judgment along with the post-judgment interest as restricted cash in the accompanying balance sheet. Pursuant to the Blocked Account Agreement, Nathan’s will have no right to withdraw amounts from the Account, until: (1) the Bank receives written notice from SMG (a “Release Notice”) that (a) the Judgment, plus all applicable post-judgment interest, has been satisfied, (b) the Judgment has been reversed or the Judgment has been vacated and the matter remanded and that any subsequent motions or appeals have been resolved, (c) Nathan’s and SMG have entered a fully-executed settlement agreement resolving the Judgment, or (d) SMG has withdrawn its “Disposition Notice” (as defined below) or (2) the Bank has received a Disposition Notice and has acted in accordance with the Disposition Notice.

SMG has agreed to deliver a Release Notice to the Bank within five (5) business days following any of the events described in clauses (1), (a), (b) or (c) above, and is entitled to provide written notice (a “Disposition Notice”) to the Bank to distribute the amounts in the Account if either (i) the Judgment is affirmed and all appeals are exhausted, and the amount of the Judgment plus all applicable post-judgment interest is not satisfied by Nathan’s and paid to SMG within thirty (30) days of such affirmance or (ii) an Event of Default occurs under the Security Agreement.

NOTE F – ACCOUNTS AND OTHER RECEIVABLES, NET

Accounts and other receivables, net, consist of the following (in thousands):

Sept. 23,	March 25,
2012	2012

Branded product sales	\$4,786	\$4,246
Franchise and license royalties	2,157	2,093
Other	474	334
	7,417	6,673
Less: allowance for doubtful accounts	142	138
Accounts and other receivables, net	\$7,275	\$6,535

Accounts receivable are due within 30 days and are stated at amounts due from Branded Product Program customers, franchisees, retail licensees and product manufacturers, net of an allowance for doubtful accounts. Accounts that are outstanding longer than the contractual payment terms are considered past due. The Company does not recognize franchise and license royalties that are not deemed to be realizable. The Company individually reviews each past due account and determines its allowance for doubtful accounts by considering a number of factors, including the length of time accounts receivable are past due, the Company's previous loss history, the customer's current and expected future ability to pay its obligation to the Company, the condition of the general economy and the industry as a whole. Based on management's assessment, the Company provides for estimated uncollectable amounts through a charge to earnings. After the Company has used reasonable collection efforts it writes off accounts receivable through a charge to the allowance for doubtful accounts.

Changes in the Company's allowance for doubtful accounts for the twenty-six-week period ended September 23, 2012 and the fiscal year ended March 25, 2012 are as follows (in thousands):

	Sept 23, 2012	March 25, 2012
Beginning balance	\$138	\$62
Bad debt expense	25	86
Charges to other accounts	7	-
Accounts written off	(28)	(10)
Ending balance	\$142	\$138

NOTE G – LONG-TERM INVESTMENT

In September 2012, Nathan's purchased 351,550 shares of Series A Preferred Stock in a privately-owned corporation for \$500,000. Nathan's investment will represent a 2.5% equity ownership in the entity and Nathan's does not have the ability to exercise significant influence over the investee. The shares have voting rights on the same basis as the common shareholders and have certain dividend rights, if declared. Nathan's accounts for this investment pursuant to the cost method and recognizes income from dividends distributed by the investee to the extent that dividends are distributed from net accumulated earnings of the investee. Each reporting period, management reviews the carrying value of this investment and considers whether indicators of impairment exist. If an impairment indicator exists, management evaluates the fair value of our investment to determine if an, other than temporary impairment in value has occurred. We are required to recognize an impairment on the investment if such impairment is considered to be other than temporary.

NOTE H -INCOME PER SHARE

Basic income per common share is calculated by dividing income by the weighted-average number of common shares outstanding and excludes any dilutive effect of stock options. Diluted income per common share gives effect to all potentially dilutive common shares that were outstanding during the period. Dilutive common shares used in the computation of diluted income per common share result from the assumed exercise of stock options and warrants, as determined using the treasury stock method.

The following chart provides a reconciliation of information used in calculating the per-share amounts for the thirteen and twenty-six-week periods ended September 23, 2012 and September 25, 2011, respectively.

There were no options to purchase shares of common stock for the thirteen and twenty-six week periods ended September 23, 2012 and September 25, 2011 that were excluded from the computation of diluted earnings per share.

NOTE I – INCOME TAXES

The income tax provisions for the twenty-six week periods ended September 23, 2012 and September 25, 2011 reflect effective tax rates of 39.6% and 38.9%, respectively, which have been reduced from statutory rates by 1.0% and 1.8%, respectively, for the differing effects of tax exempt interest income.

The amount of unrecognized tax benefits at September 23, 2012 was \$322,000, all of which would impact Nathan's effective tax rate, if recognized. As of September 23, 2012, Nathan's had \$358,000 of accrued interest and penalties in connection with unrecognized tax benefits.

During the fiscal year ending March 31, 2013, Nathan's will seek to settle additional uncertain tax positions with the tax authorities. As a result, it is reasonably possible that the amount of unrecognized tax benefits, including the related accrued interest and penalties, could be reduced by up to \$35,000, which would favorably impact Nathan's effective tax rate, although no assurances can be given in this regard.

Nathan's estimates that its annual tax rate for the fiscal year ending March 31, 2013 will be in the range of approximately 38.5% to 40.0%. The final annual tax rate is subject to many variables, including the effect of tax-exempt interest earned, among other factors, and therefore cannot be determined until the end of the fiscal year; therefore, the actual tax rate could differ from our current estimates.

The City of New York ("NYC") has completed its examination of our tax returns for the tax years ended March 2008 through March 2010. In July 2012, Nathan's and NYC agreed to and settled the audit findings for an amount approximating the originally proposed findings, which had previously been accrued in Nathan's consolidated financial statements for the fiscal year ended March 25, 2012. Nathan's has also received notices from the State of Florida and the Commonwealth of Massachusetts that our tax returns for the fiscal years ended March 2008, March 2009 and March 2010 will be reviewed. The Commonwealth of Massachusetts has completed its review, including our tax return for the fiscal year ended March 2011. During the quarter ended September 23, 2012, we also resolved the findings by the Commonwealth of Massachusetts for approximately \$3,000.

NOTE J – SHARE-BASED COMPENSATION

Total share-based compensation during the thirteen-week periods ended September 23, 2012 and September 25, 2011 was \$56,000 and \$76,000, respectively. Total share-based compensation during the twenty-six week periods ended September 23, 2012 and September 25, 2011 was \$112,000 and \$162,000, respectively. Total share-based compensation is included in general and administrative expense in our accompanying Consolidated Statements of Earnings. As of September 23, 2012, there was \$602,000 of unamortized compensation expense related to unvested stock options. We expect to recognize this expense over approximately two years and eight months, which represents the remaining requisite service periods for such awards.

On September 14, 2010, the Company adopted the 2010 Stock Incentive Plan ("the 2010 Plan") which provides for the issuance of up to 150,000 shares pursuant to the 2010 Plan together with 171,000 shares that had not been issued under the 2001 Stock Option Plan (the "2001 Plan") and the 2002 Stock Incentive Plan (the "2002 Plan") plus any shares subject to any outstanding options or restricted stock grants under the 2001 Plan and the 2002 Plan that subsequently expire unexercised or are otherwise forfeited up to a maximum of an additional 100,000 shares. On September 13, 2012, the Company amended the 2010 Plan increasing the number of shares available for issuance by 250,000 shares. As of September 23, 2012, up to 393,500 options to purchase common stock or up to 294,844 shares of restricted

stock may be granted pursuant the 2010 Plan, as amended.

There were no share-based awards granted during the twenty-six week period ended September 23, 2012.

During the twenty-six week period ended September 25, 2011, the Company granted options to purchase 177,500 shares at an exercise price of \$17.75 per share, all of which expire five years from the date of grant. These stock options vest ratably over a four-year period as follows: 25% on June 6, 2012, 25% on June 6, 2013, 25% on June 6, 2014 and the balance on June 6, 2015.

The weighted-average option fair values, as determined using the Black-Scholes option valuation model, and the assumptions used to estimate these values for stock options granted during the twenty-six weeks ended September 25, 2011, are as follows:

Weighted-average option fair values	\$5.039	
Expected life (years)	5.0	
Interest rate	1.60	%
Volatility	28.90	%
Dividend yield	0	%

The expected dividend yield is based on historical and projected dividend yields. The Company estimates expected volatility based primarily on historical monthly price changes of the Company's stock equal to the expected life of the option. The risk free interest rate is based on the U.S. Treasury yield in effect at the time of the grant. The expected option term is the number of years the Company estimates the options will be outstanding prior to exercise based on expected employment termination behavior.

Stock options outstanding:

Transactions with respect to stock options for the twenty-six weeks ended September 23, 2012 are as follows:

	Shares	Weighted- Average Exercise Price	Weighted- Average Remaining Contractual Life	Aggregate Intrinsic Value
Options outstanding at March 25, 2012	622,000	\$ 13.21	3.05	\$4,849,000
Granted	-	-	-	-
Expired	-	-	-	-
Exercised	(110,000)	\$ 16.21	-	-
Options outstanding at September 23, 2012	512,000	\$ 12.57	3.11	\$10,111,000
Options exercisable at September 23, 2012	378,875	\$ 10.75	2.90	\$8,172,000

NOTE K – STOCKHOLDERS' EQUITY

During the period from October 2001 through September 23, 2012, Nathan's purchased a total of 4,491,486 shares of its common stock at a cost of approximately \$50,313,000 pursuant to various stock repurchase plans previously authorized by the Board of Directors. During the twenty-six week period ended September 23, 2012, we did not repurchase any shares.

On February 1, 2011, Nathan's Board of Directors authorized a 300,000 share increase in the number of shares that the Company may repurchase. After giving effect to this increase, an aggregate of 407,473 shares can still be purchased under Nathan's existing stock buy-back program, as of September 23, 2012.

Purchases may be made from time to time, depending on market conditions, in open market or privately-negotiated transactions, at prices deemed appropriate by management. There is no set time limit on the repurchases to be made under these stock-repurchase plans.

At September 23, 2012, the Company has reserved 5,322,385 shares of common stock for issuance upon exercise of the Common Stock Purchase Rights approved by the Board of Directors on June 4, 2008.

NOTE L - COMMITMENTS AND CONTINGENCIES

1. Commitments

At March 25, 2012, the Company had an outstanding purchase commitment to acquire hot dogs at a cost of approximately \$4,900,000 from its primary hot dog manufacturer. At September 23, 2012, Nathan's had completed this purchase commitment and has not entered into any new purchase commitments during the fiscal 2013 period. However, Nathan's may enter into additional purchase commitments in the future as favorable market conditions become available.

2. Contingencies

The Company and its subsidiaries are from time to time involved in ordinary and routine litigation. Management presently believes that the ultimate outcome of these proceedings, individually or in the aggregate, will not have a material adverse effect on the Company's financial position, cash flows or results of operations. Nevertheless, litigation is subject to inherent uncertainties and unfavorable rulings could occur. An unfavorable ruling could include money damages and, in such event, could result in a material adverse impact on the Company's results of operations for the period in which the ruling occurs or is implemented.

The Company is also involved in the following legal proceeding:

The Company is party to a License Agreement with SMG, Inc. ("SMG") dated as of February 28, 1994, as amended (the "License Agreement") pursuant to which: (i) SMG acts as the Company's exclusive licensee for the manufacture, distribution, marketing and sale of packaged Nathan's Famous frankfurter product at supermarkets, club stores and other retail outlets in the United States; and (ii) the Company has the right, but not the obligation, to require SMG to produce frankfurters for the Nathan's Famous restaurant system and Branded Product Program.

On July 31, 2007, the Company provided notice to SMG that the Company has elected to terminate the License Agreement, effective July 31, 2008 (the "Termination Date"), due to SMG's breach of certain provisions of the License Agreement. SMG has disputed that a breach has occurred and has commenced, together with certain of its affiliates, an action in state court in Illinois seeking, among other things, a declaratory judgment that SMG did not breach the License Agreement. The Company filed its own action on August 2, 2007, in New York State court seeking a declaratory judgment that SMG has breached the License Agreement and that the Company has properly terminated the License Agreement. On January 23, 2008, the New York court granted SMG's motion to dismiss the Company's case in New York on the basis that the dispute was already the subject of a pending lawsuit in Illinois. The Company answered SMG's complaint in Illinois and asserted its own counterclaims which seek, among other things, a declaratory judgment that SMG did breach the License Agreement and that the Company has properly terminated the License Agreement. On July 31, 2008, SMG and Nathan's entered into a Stipulation pursuant to which Nathan's agreed that it would not effectuate the termination of the License Agreement on the grounds alleged in the present litigation until such litigation has been successfully adjudicated, and SMG agreed that in such event, Nathan's shall have the option to require SMG to continue to perform under the License Agreement for an additional period of up to six months to ensure an orderly transition of the business to a new licensee/supplier. On June 30, 2009, SMG and Nathan's each filed motions for summary judgment. Both motions for summary judgment were ultimately denied on February 25, 2010. On January 28, 2010, SMG filed a motion for leave to file a Second Amended Complaint and Amended Answer, which sought to assert new claims and affirmative defenses based on Nathan's alleged breach of the parties' License Agreement in connection with the manner in which Nathan's profits from the sale of its proprietary seasonings to SMG. On February 25, 2010, the court granted SMG's motion for leave, and its Second Amended Complaint and Amended Answer were filed with the court. On March 29, 2010, Nathan's filed an answer to SMG's Second Amended Complaint, which denied substantially all of the allegations in the complaint. On September 17, 2010, SMG filed a motion for summary judgment with respect to the claims relating to the sale of Nathan's proprietary seasonings to SMG. On October 5, 2010, Nathan's filed an opposition to SMG's motion for summary judgment, and itself cross-moved for summary judgment. A trial on the claims relating to Nathan's termination of the License Agreement took place between October 6 and October 13, 2010. Oral argument on the claims relating to the sale of Nathan's proprietary seasonings took place prior to the start of the trial. On October 13, 2010, an Order was entered with the Court denying Nathan's cross-motion and granting SMG's motion for summary judgment with respect to SMG's claims relating to the sale of Nathan's proprietary seasonings to SMG. On December 17, 2010, the Court ruled that Nathan's was not entitled to terminate the License Agreement. On January 19, 2011, the parties submitted an agreed upon order which, among other things, assessed damages against Nathan's of approximately \$4.9 million inclusive of pre-judgment interest, which has been accrued in the accompanying consolidated financial statements. The final judgment was entered on February 4, 2011. On March 4, 2011, Nathan's filed a notice of appeal seeking to appeal the final judgment. In order to secure the final judgment pending an appeal, on March 31, 2011, Nathan's entered into a Security Agreement with SMG and Blocked Deposit Account Agreement with SMG and Citibank, N.A., as described in Note E. On April 7, 2011, the Court entered a stipulation and order which granted a stay of enforcement of the Judgment.

Nathan's filed an appellate brief with the Appellate Court of Illinois, First Judicial District, on August 8, 2011. In response, SMG filed an opposition appellate brief on October 21, 2011. Nathan's filed a reply brief on November 14, 2011. On October 23, 2012, the Court has ordered that oral arguments will be heard on November 13, 2012.

3. Guaranty

On December 1, 2009, a wholly-owned subsidiary of the Company executed a Guaranty of Lease (the "Guaranty") in connection with its re-franchising of a restaurant located in West Nyack, New York. The Guaranty could be called upon in the event of a default by the tenant/franchisee. The Guaranty extends through the fifth Lease Year, as defined in the lease, and shall not exceed an amount equal to the highest amount of the annual minimum rent, percentage rent and any additional rent payable pursuant to the lease and reasonable attorney's fees and other costs. We have recorded

a liability of approximately \$227,000 in connection with the Guaranty, which does not include potential real estate tax increases and attorney's fees and other costs as these amounts are not reasonably determinable at this time. In connection with Nathan's franchise agreement, Nathan's has received a personal guaranty from the franchisee for all obligations under the Guaranty. To date, Nathan's has not been required to make any payments pursuant to the Guaranty.

NOTE M – SUBSEQUENT EVENTS

On November 1, 2012 Nathan's and its Executive Chairman entered into a 5-year extension of his employment agreement through December 31, 2017. Pursuant to the amended employment agreement, annual compensation shall be \$600,000 per annum and 50,000 shares of Restricted Stock shall also be provided. Rights to these shares vest as follows: 10,000 shares vested upon the execution of the agreement and 10,000 shares shall vest annually on the first, second, third and fourth anniversaries of the amended employment agreement.

As a result of Hurricane Sandy, the Company's restaurant in Coney Island suffered extensive damage and as a result it has been forced to temporarily close. While the Company believes its property and other insurance will significantly defray the cost of fixing the restaurant and compensating the Company for its lost revenues during the period the restaurant is closed, there can no assurance that such insurance will be sufficient to compensate the Company for the construction costs or the lost revenue. In addition, the Company is still assessing the financial impact of Hurricane Sandy on its other Company owned restaurants and its franchise locations in the northeast.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

Forward-Looking Statements

Statements in this Form 10-Q quarterly report may be “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements include, but are not limited to, statements that express our intentions, beliefs, expectations, strategies, predictions or any other statements relating to our future activities or other future events or conditions. These statements are based on current expectations, estimates and projections about our business based, in part, on assumptions made by management. These statements are not guarantees of future performance and involve risks, uncertainties and assumptions that are difficult to predict. These risks and uncertainties, many of which are not within our control, include but are not limited to: the adverse effect that increasing commodity costs have on our profitability and operating results, including the prolonged Midwest drought which has resulted in record high corn prices; the pending litigation with the primary supplier of hot dogs to our Branded Product Program may result in a disruption in that supply or increased costs, which would adversely affect our operating results; the outcome of any appeal of the court’s ruling in such litigation; the timing of any such cash payment under the court ruling in such litigation and the tax impact of the ruling; the status of our licensing and supply agreements, including our ability to enter into a new supply agreement for hot dogs and the terms thereof; current economic conditions could result in decreased consumer spending on discretionary products, such as fast food; as well as those risks discussed in the Company’s Form 10-K annual report for the year ended March 25, 2012, and in other documents which we file with the Securities and Exchange Commission. Therefore, actual outcomes and results may differ materially from what is expressed or forecasted in the forward-looking statements. We generally identify forward-looking statements with the words “believe,” “intend,” “plan,” “expect,” “anticipate,” “estimate,” “will,” “should” and expressions. Any forward-looking statements speak only as of the date on which they are made, and we do not undertake any obligation to update any forward-looking statement to reflect events or circumstances after the date of this Form 10-Q.

Introduction

As used in this Report, the terms “we”, “us”, “our”, “Nathan’s” or the “Company” mean Nathan’s Famous, Inc. and its subsidiaries (unless the context indicates a different meaning).

We are engaged primarily in the marketing of the “Nathan’s Famous” brand and the sale of products bearing the “Nathan’s Famous” trademarks through several different channels of distribution. Historically, our business has been the operation and franchising of quick-service restaurants featuring Nathan’s World Famous Beef Hot Dogs, crinkle-cut French-fried potatoes, and a variety of other menu offerings. Our Company-owned and franchised units operate under the name “Nathan’s Famous,” the name first used at our original Coney Island restaurant opened in 1916. Nathan’s product licensing program began in 1978 by selling packaged hot dogs and other meat products to retail customers through supermarkets or grocery-type retailers for off-site consumption. During fiscal 1998, we introduced our Branded Product Program, which currently enables foodservice retailers and others to sell some of Nathan’s proprietary products outside of the realm of a traditional franchise relationship. In conjunction with this program, purchasers of Nathan’s products are granted a limited use of the Nathan’s Famous trademark with respect to the sale of the purchased products, including Nathan’s World Famous Beef Hot Dogs, certain other proprietary food items and paper goods. During fiscal 2008, we launched our Branded Menu Program, which is a limited franchise program, under which foodservice operators may sell a greater variety of Nathan’s Famous menu items than under the Branded Product Program.

Our revenues are generated primarily from selling products under Nathan’s Branded Product Program, operating Company-owned restaurants, franchising the Nathan’s restaurant concept (including the Branded Menu Program) and licensing agreements for the sale of Nathan’s products within supermarkets and club stores, the sale of Nathan’s

products directly to other foodservice operators and the manufacture of certain proprietary spices by third parties.

In addition to plans for expansion through our Branded Product Program, franchising and licensing, Nathan's continues to seek to co-brand within its restaurant system. Nathan's is also the owner of the Arthur Treacher's brand. At September 23, 2012, the Arthur Treacher's brand was being sold within 55 Nathan's restaurants.

At September 23, 2012, our restaurant system consisted of 304 Nathan's franchised units, including 125 Branded Menu units, and five Company-owned units (including one seasonal unit), located in 27 states, the Cayman Islands and six foreign countries. At September 25, 2011, our restaurant system consisted of 282 Nathan's franchised units, including 106 Branded Menu units, and five Company-owned units (including one seasonal unit), located in 27 states, the Cayman Islands and six foreign countries.

As described in our Annual Report on Form 10-K for the year ended March 25, 2012, our future results could be impacted by many developments including that the terms of our next primary license agreement for hot dogs may be more favorable, although there can be no assurance thereof, than our agreement with SMG which is scheduled to expire on February 28, 2014. In addition, our future operating results could be impacted by the record high corn prices, as a result of the drought in the Midwest, which could significantly increase the cost of beef as well as lost revenue related to the temporary closure of our Coney Island restaurant due to Hurricane Sandy and the costs to fix such location so that it can reopen soon. See Note M of the Notes to Consolidated Financial Statements.

Critical Accounting Policies and Estimates

As discussed in our Form 10-K for the fiscal year ended March 25, 2012, the discussion and analysis of our financial condition and results of operations are based upon our consolidated financial statements, which have been prepared in conformity with accounting principles generally accepted in the United States of America. The preparation of these financial statements requires us to make estimates and assumptions that affect the amounts of assets, liabilities, revenues and expenses reported in those financial statements. These judgments can be subjective and complex, and consequently, actual results could differ from those estimates. Our most critical accounting policies and estimates relate to revenue recognition; impairment of goodwill and other intangible assets; impairment of long-lived assets; share-based compensation and income taxes (including uncertain tax positions). Since March 25, 2012, there have been no changes in our critical accounting policies or significant changes to the assumptions and estimates related to them.

Recently Issued Accounting Pronouncements Not Yet Adopted

In July 2012, the Financial Accounting Standards Board, (“FASB”) issued new accounting guidance on testing indefinite-lived intangible assets for impairment. The new guidance provides the entity with the option to first perform a qualitative assessment to determine whether it is more likely than not that the fair value of an indefinite-lived asset is less than its carrying value. If it is not, then no further analysis is required otherwise then the previously required quantitative testing is required. The new guidance is effective for annual and interim impairment tests performed for fiscal years beginning after September 15, 2012, which for Nathan’s will be the first quarter of its fiscal 2014. Early adoption is permitted. We do not expect the adoption of this new guidance to have a material impact on the results of operations or financial position.

Results of Operations

Thirteen weeks ended September 23, 2012 compared to thirteen weeks ended September 25, 2011

Revenues

Total sales increased by 11.0% to \$17,608,000 for the thirteen weeks ended September 23, 2012 (“second quarter fiscal 2013”) as compared to \$15,857,000 for the thirteen weeks ended September 25, 2011 (“second quarter fiscal 2012”). Foodservice sales from the Branded Product and Branded Menu Programs increased by 8.7% to \$11,485,000 for the second quarter fiscal 2013 as compared to sales of \$10,566,000 in the second quarter fiscal 2012. This increase was primarily attributable to a 8.4% increase in the volume of products ordered and the impact of price increases. Total Company-owned restaurant sales, comprised of five Nathan’s restaurants in both periods (including one seasonal restaurant), increased by 21.2% or \$1,070,000 to \$6,109,000 during the second quarter fiscal 2013 compared to \$5,039,000 during the second quarter fiscal 2012. This increase was primarily attributed to the increased sales at our relocated and expanded seasonal Boardwalk restaurant in Coney Island that opened in April 2012. Weather conditions were also favorable during the second quarter fiscal 2013 as compared to the second quarter fiscal 2012, when we were forced to temporarily close all of our restaurants during tropical storm Irene for the weekend of August 27, 2011 and experienced much more rain than usual, particularly during weekends, and a cold Labor Day weekend which we believe further hurt sales particularly at our Coney Island locations. During the second quarter fiscal 2013, other sales were approximately \$238,000 lower than the second quarter fiscal 2012 primarily because Nathan’s terminated our agreement with the QVC television network in March 2012.

Franchise fees and royalties were \$1,508,000 in the second quarter fiscal 2013 as compared to \$1,420,000 in the second quarter fiscal 2012. Total royalties were \$1,389,000 in the second quarter fiscal 2013 as compared to \$1,246,000 in the second quarter fiscal 2012. Royalties earned under the Branded Menu program were \$233,000 in the

second quarter fiscal 2013 as compared to \$132,000 in the second quarter fiscal 2012 due principally to the additional units in operation. Royalties earned under the Branded Menu Program are not based upon a percentage of restaurant sales but are based upon product purchases. Traditional franchise royalties were \$1,156,000 in the second quarter fiscal 2013 as compared to \$1,114,000 in the second quarter fiscal 2012. Franchise restaurant sales were \$25,492,000 in the second quarter fiscal 2013 as compared to \$25,447,000 in the second quarter fiscal 2012. Sales generated from new store openings, more than offset sales declines from closed stores and the sales decline at our comparable restaurants. Comparable domestic franchise sales (consisting of 139 Nathan's outlets, excluding sales under the Branded Menu Program, operating for 15 months prior to the beginning of the fiscal quarter) were \$22,265,000 in the second quarter fiscal 2013 as compared to \$ 23,209,000 in the second quarter fiscal 2012, a decrease of 4.1%. Franchise sales within entertainment venues declined by approximately 7.9% compared to the second quarter fiscal 2012, including significant sales declines at two franchised locations that have been negatively affected by adjacent long term construction projects. Franchise sales in retail environments increased by approximately 0.7% compared to the second quarter fiscal 2012. During the second quarter fiscal 2012, most of our franchised locations in the Northeast were negatively affected by tropical storm Irene. Comparable international franchise sales, principally the Middle East, increased by approximately \$99,000 or 10.3% during the second quarter fiscal 2013 as compared to the second quarter fiscal 2012.

At September 23, 2012, 304 domestic and international franchised or Branded Menu Program franchise outlets were operating as compared to 282 domestic and international franchised or Branded Menu Program franchise outlets at September 25, 2011. Total franchise fee income was \$119,000 in the second quarter fiscal 2013, including an \$8,000 cancellation fee, compared to \$174,000 in the second quarter fiscal 2012, including a \$15,000 cancellation fee. Domestic franchise fee income was \$36,000 in the second quarter fiscal 2013 compared to \$116,000 in the second quarter fiscal 2012. International franchise fee income was \$75,000 in the second quarter fiscal 2013, compared to \$43,000 during the second quarter fiscal 2012. During the second quarter fiscal 2013, ten new franchised outlets opened, including our second mobile truck, our sixth restaurant in the Dominican Republic and four Branded Menu Program outlets operated by K-mart. During the second quarter fiscal 2012, 21 new franchised outlets opened, including one location in China and 16 Branded Menu Program outlets, including 12 units operated by K-mart.

License royalties were \$2,122,000 in the second quarter fiscal 2013 as compared to \$1,706,000 in the second quarter fiscal 2012. Total royalties earned on sales of hot dogs from our retail and foodservice license agreements increased 29.2% to \$1,696,000 from \$1,313,000 primarily due to higher sales by SMG in the second quarter fiscal 2013. Royalties earned from SMG, primarily from the retail sale of hot dogs, were \$1,334,000 during the second quarter fiscal 2013 as compared to \$969,000 during the second quarter fiscal 2012. Royalties earned from our foodservice licensee, substantially from sales of hot dogs to Sam's Club and Kroger's, were \$362,000 during the second quarter fiscal 2013 as compared to \$344,000 during the second quarter fiscal 2012. During the second quarter fiscal 2013, we earned royalties of \$36,000 from a new agreement for the sale of salty snacks. Royalties earned from all other licensing agreements for the manufacture and sale of Nathan's products decreased by \$3,000, during the second quarter fiscal 2013, as compared to the second quarter fiscal 2012.

Interest income was \$100,000 in the second quarter fiscal 2013 as compared to \$134,000 in the second quarter fiscal 2012, primarily due to lower interest income on our cash and cash equivalents as a result of the reduced amount of marketable securities. As additional marketable securities mature or are called by the issuer and we are unable to earn similar returns upon reinvestment, we would anticipate lower investment income in the future.

Other income was \$22,000 in the second quarter fiscal 2013 as compared to \$1,000 in the second quarter fiscal 2012. This increase is due primarily to a renegotiated sublease of a non-franchised restaurant.

Costs and Expenses

Overall, our cost of sales increased by \$1,004,000 to \$12,913,000 in the second quarter fiscal 2013 as compared to \$11,909,000 in the second quarter fiscal 2012. Our gross profit (representing the difference between sales and cost of sales) was \$4,695,000 or 26.7% of sales during the second quarter fiscal 2013 as compared to \$3,948,000 or 24.9% of sales during the second quarter fiscal 2012. The margin improvement was primarily due to the impact of sales price increases that have been implemented in order to offset the higher cost of hot dogs for our Branded Product Program.

Cost of sales in the Branded Product Program increased by approximately \$705,000 during the second quarter fiscal 2013 as compared to the second quarter fiscal 2012, primarily as a result of the higher sales volume and the approximately 1.5% increased cost of our hot dogs. During the second quarter fiscal 2013, approximately 87.8% of our product was purchased at prevailing market prices as compared to approximately 96.7% during the second quarter fiscal 2012. The purchase commitments did not significantly impact our cost per pound during the second quarter fiscal 2013 or the second quarter fiscal 2012. The cost of beef could further increase due to the record high corn prices as a result of the drought in the Midwest. If the cost of beef and beef trimmings increases and we are unable to pass on these higher costs through price increases or otherwise reduce any increase in our costs through the use of purchase commitments, our margins will be adversely impacted.

With respect to Company-owned restaurants, our cost of sales during the second quarter fiscal 2013 was \$3,158,000 or 51.7% of restaurant sales, as compared to \$2,646,000 or 52.5% of restaurant sales in the second quarter fiscal 2012. Other cost of sales declined by \$213,000 in the second quarter fiscal 2013, primarily because of the termination of our agreement with the QVC television network in March 2012.

Restaurant operating expenses were \$1,053,000 in the second quarter fiscal 2013 as compared to \$920,000 in the second quarter fiscal 2012. The difference in restaurant operating costs was primarily due to higher percentage rent due on the increased sales at the new Boardwalk location. Although utility costs declined slightly during the second quarter fiscal 2013, we continue to be concerned about the volatile market conditions for oil and natural gas.

Depreciation and amortization was \$267,000 in the second quarter fiscal 2013 as compared to \$245,000 in the second quarter fiscal 2012. This increase is primarily attributable to the investment made at the new Boardwalk location and

higher depreciation on newly-added consigned equipment by our Branded Product Program.

General and administrative expenses increased by \$98,000 or 4.5% to \$2,296,000 in the second quarter fiscal 2013 as compared to \$2,198,000 in the second quarter fiscal 2012. The increase in general and administrative expenses was primarily due to increased compensation costs of \$126,000, marketing activities of \$16,000 which were partially offset by lower professional fees of \$44,000.

-17-

Interest expense of \$109,000 in the second quarter fiscal 2013 and \$111,000 in the second quarter fiscal 2012 primarily represents accrued interest in connection with Nathan's appeal of the SMG damages award calculated at the New York State statutory rate of 9% per annum. In connection with its appeal, on March 31, 2011, Nathan's was required to enter into both a security agreement and a blocked deposit account control agreement and to deposit approximately \$4,910,000 into the account and agree to deposit additional amounts monthly in an amount equal to the post-judgment interest. Nathan's expects to continue to accrue these charges during the term of the appeal.

Provision for Income Taxes

In the second quarter fiscal 2013, the income tax provision was \$1,877,000 or 39.8% of earnings before income taxes as compared to \$1,466,000 or 39.3% of income before income taxes in the second quarter fiscal 2012. Nathan's effective tax rate was reduced by 0.8% during the second quarter fiscal 2013 and reduced by 1.4% during the second quarter fiscal 2012, due to the differing effects of tax-exempt interest income. Nathan's effective tax rates without these adjustments would have been 40.6% for the second quarter fiscal 2013 and 40.7% for the second quarter fiscal 2012. Nathan's estimates that its unrecognized tax benefits and the related accrued interest and penalties could be further reduced by up to \$35,000 during the remainder of fiscal 2013.

Twenty-six weeks ended September 23, 2012 compared to twenty-six weeks ended September 25, 2011

Revenues

Total sales increased by 12.7% to \$34,013,000 for the twenty-six weeks ended September 23, 2012 ("fiscal 2013 period") as compared to \$30,173,000 for the twenty-six weeks ended September 25, 2011 ("fiscal 2012 period"). Foodservice sales from the Branded Product and Branded Menu Programs increased by 12.5% to \$23,291,000 for the fiscal 2013 period as compared to sales of \$20,706,000 in the fiscal 2012 period. This increase was primarily attributable to a 9.4% increase in the volume of products ordered and the impact of price increases that took effect during the fiscal 2013 period and fiscal 2012 periods. Total Company-owned restaurant sales, comprised of five Nathan's restaurants in both periods (including one seasonal restaurant), increased by \$1,646,000 to \$10,697,000 during the fiscal 2013 period compared to \$9,051,000 during the fiscal 2012 period. This increase was primarily attributed to the increased sales at our relocated and expanded seasonal Boardwalk restaurant in Coney Island that opened in April 2012. Weather conditions were also favorable throughout the fiscal 2013 period as compared to the fiscal 2012 period. During the fiscal 2012 period, we were forced to temporarily close all of our restaurants during tropical storm Irene for the weekend of August 27, 2011 and experienced much more rain than usual, particularly during weekends, and a cold Labor Day weekend which we believe further decreased sales particularly at our Coney Island locations. During the fiscal 2013 period, other sales were approximately \$391,000 lower than the fiscal 2012 period primarily because Nathan's terminated our agreement with the QVC television network in March 2012.

Franchise fees and royalties were \$2,938,000 in the fiscal 2013 period as compared to \$2,855,000 in the fiscal 2012 period. Total royalties were \$2,670,000 in the fiscal 2013 period as compared to \$2,435,000 in the fiscal 2012 period. Royalties earned under the Branded Menu program were \$474,000 in the fiscal 2013 period as compared to \$251,000 in the fiscal 2012 period due principally to the additional units in operation. Royalties earned under the Branded Menu Program are not based upon a percentage of restaurant sales but are based upon product purchases. Traditional franchise royalties were \$2,196,000 in the fiscal 2013 period as compared to \$2,184,000 in the fiscal 2012 period. Franchise restaurant sales decreased to \$48,870,000 in the fiscal 2013 period as compared to \$49,521,000 in the fiscal 2012 period primarily due to the decline in our comparable restaurants. Sales generated from new store openings, partly offset sales declines from closed stores and the sales decline at our comparable restaurants. Comparable domestic franchise sales (consisting of 130 Nathan's outlets, operating for 15 months prior to the beginning of the fiscal year, excluding sales under the Branded Menu Program) were \$39,314,000 in the fiscal 2013 period as compared to \$40,727,000 in the fiscal 2012 period, a decrease of 3.5%. Franchise sales within our entertainment

venues declined by approximately 7.2% compared to the prior period, including significant sales declines at two franchised locations that have been negatively affected by adjacent long term construction projects, and sales at retail environments declined by approximately 0.8% compared to the fiscal 2012 period. During the second quarter fiscal 2012, most of our franchised locations in the Northeast were negatively affected by tropical storm Irene. Comparable international franchise sales, principally the Middle East, increased by approximately \$29,000 or 1.4% during the fiscal 2013 period as compared to the fiscal 2012 period.

At September 23, 2012, 304 domestic and international franchised or Branded Menu Program franchise outlets were operating as compared to 282 domestic and international franchised or Branded Menu Program franchise outlets at September 25, 2011. Total franchise fee income was \$268,000 in the fiscal 2013 period, including cancellation fees of \$38,000, compared to \$420,000 in the fiscal 2012 period, including cancellation fees of \$25,000. Domestic franchise fee income was \$139,000 in the fiscal 2013 period compared to \$254,000 in the fiscal 2012 period. International franchise fee income was \$91,000 in the fiscal 2013 period, compared to \$141,000 during the fiscal 2012 period. During the fiscal 2013 period, 23 new franchised outlets opened, including our first two mobile trucks, our sixth restaurant in the Dominican Republic and twelve Branded Menu Program outlets, including nine 9 units operated by K-mart. During the fiscal 2012 period, 35 new franchised outlets opened, including a location in each of Canada, Kuwait and the Dominican Republic, two locations in China, and 22 Branded Menu Program outlets, including 13 units operated by K-mart.

License royalties were \$4,351,000 in the fiscal 2013 period as compared to \$3,673,000 in the fiscal 2012 period. Total royalties earned on sales of hot dogs from our retail and foodservice license agreements increased 19.6% to \$3,499,000 from \$2,926,000 primarily due to higher sales by SMG in the fiscal 2013 period. Royalties earned from SMG, primarily from the retail sale of hot dogs, were \$2,799,000 during the fiscal 2013 period as compared to \$2,094,000 during the fiscal 2012 period. Royalties earned from our foodservice licensee, substantially from sales of hot dogs to Sam's Club and Kroger's, were \$700,000 during the fiscal 2013 period as compared to \$832,000 during the fiscal 2012 period. This decrease is due primarily to a temporary royalty concession for the period April 2012 through July 2012, on sales to Sam's Club and lower sales volume to Kroger's. During the fiscal 2013 period, we earned royalties of \$93,000 from a new agreement for the sale of salty snacks. Royalties earned from all other licensing agreements for the manufacture and sale of Nathan's products increased by \$12,000, during the fiscal 2013 period, as compared to the fiscal 2012 period.

Interest income was \$200,000 in the fiscal 2013 period as compared to \$312,000 in the fiscal 2012 period, primarily due to lower interest income of approximately \$82,000 earned on marketable securities and lower interest earned on the Miami Subs note of approximately \$30,000. As additional marketable securities mature or are called by the issuer and we are unable to earn similar returns upon reinvestment, we would anticipate lower investment income in the future. On June 29, 2011, we completed the sale of the Miami Subs note receivable and no longer earned interest income of 8.5% on this note receivable.

Other income was \$40,000 in the fiscal 2013 period as compared to \$2,000 in the fiscal 2012 period. This increase is due primarily to a renegotiated sublease of a non-franchised restaurant.

Costs and Expenses

Overall, our cost of sales increased by \$2,353,000 to \$25,898,000 in the fiscal 2013 period as compared to \$23,545,000 in the fiscal 2012 period. Our gross profit (representing the difference between sales and cost of sales) was \$8,115,000 or 23.9% of sales during the fiscal 2013 period as compared to \$6,628,000 or 22.0% of sales during the fiscal 2012 period. The margin improvement was primarily due to the impact of sales price increases that have been implemented to offset the higher cost of hot dogs for our Branded Product Program.

Cost of sales in the Branded Product Program increased by approximately \$1,869,000 during the fiscal 2013 period as compared to the fiscal 2012 period, primarily as a result of the higher sales volume and the approximately 2.1% increased cost of our hot dogs. During the fiscal 2013 period, the market price of hot dogs was approximately 0.9% higher than during the fiscal 2012 period. During the fiscal 2013 period, our purchase commitments increased cost by approximately \$142,000. During the fiscal 2012 period, our purchase commitments to acquire hot dogs yielded savings of approximately \$74,000. This difference is due to two contributing factors, a) the unexpected decline in the cost of one of the beef components and b) the higher amount of product purchased pursuant to the purchase commitments. During the fiscal 2013 period approximately 73.3% of our product was purchased at prevailing market prices as compared to approximately 93.8% during the fiscal 2012 period. The purchase commitments increased our costs by approximately \$0.017 per pound during the fiscal 2013 period and reduced our costs by approximately \$0.009 per pound during the fiscal 2012 period. The cost of beef could further increase due to the record high corn prices as a result of the drought in the Midwest. If the cost of beef and beef trimmings increases and we are unable to pass on these higher costs through price increases or otherwise reduce any increase in our costs through the use of purchase commitments, our margins will be adversely impacted.

With respect to Company-owned restaurants, our cost of sales during the fiscal 2013 period was \$5,753,000 or 53.6% of restaurant sales, as compared to \$4,895,000 or 54.1% of restaurant sales in the fiscal 2012 period. Other cost of sales declined by \$354,000 in the fiscal 2013 period, primarily because of the termination of our agreement with the QVC television network in March 2012.

Restaurant operating expenses were \$1,928,000 in the fiscal 2013 period as compared to \$1,739,000 in the fiscal 2012 period. The difference in restaurant operating costs was primarily due to higher percentage rent due on the increased sales at the new Boardwalk location. Although utility costs declined slightly during the fiscal 2013 period, we continue to be concerned about the volatile market conditions for oil and natural gas.

Depreciation and amortization was \$541,000 in the fiscal 2013 period as compared to \$472,000 in the fiscal 2012 period. This increase is primarily attributable to the investment made at the new Boardwalk location and higher depreciation on newly-added consigned equipment by our Branded Product Program.

General and administrative expenses increased by \$211,000 or 4.5% to \$4,921,000 in the fiscal 2013 period as compared to \$4,710,000 in the fiscal 2012 period. The increase in general and administrative expenses was primarily due to increased compensation costs of \$204,000, marketing activities of \$51,000 and bad debt of \$25,000 partially offset by lower professional fees of \$68,000.

Interest expense of \$221,000 in fiscal 2013 and \$223,000 in the fiscal 2012 period primarily represents accrued interest in connection with Nathan's appeal of the SMG damages award calculated at the New York State statutory rate of 9% per annum. In connection with its appeal, on March 31, 2011, Nathan's was required to enter into both a security agreement and a blocked deposit account control agreement and to deposit approximately \$4,910,000 into the account and agree to deposit additional amounts monthly in an amount equal to the post-judgment interest. Nathan's expects to continue to accrue these charges during the term of the appeal.

Provision for Income Taxes

In the fiscal 2013 period, the income tax provision was \$3,182,000 or 39.6% of earnings before income taxes as compared to \$2,461,000 or 38.9% of income before income taxes in the fiscal 2012 period. Nathan's effective tax rate was reduced by 1.0% during the fiscal 2013 period and reduced by 1.8% during the fiscal 2012 period, due to the differing effects of tax-exempt interest income. Nathan's effective tax rates without these adjustments would have been 40.6% for the fiscal 2013 period and 40.7% for the fiscal 2012 period. Nathan's estimates that its unrecognized tax benefits and the related accrued interest and penalties could be further reduced by up to \$35,000 during the remainder of fiscal 2013.

Off-Balance Sheet Arrangements

At March 25, 2012, the Company had an outstanding purchase commitment to acquire hot dogs at a cost of approximately \$4,900,000 from its primary hot dog manufacturer. At September 23, 2012, Nathan's completed this purchase commitment and has not entered into any new purchase commitments during the fiscal 2013 period. However, Nathan's may enter into additional purchase commitments in the future as favorable market conditions become available.

Liquidity and Capital Resources

Cash and cash equivalents at September 23, 2012 aggregated \$12,375,000, a \$6,346,000 increase during the fiscal 2013 period. At September 23, 2012, marketable securities were \$12,546,000 compared to \$14,710,000 at March 25, 2012 and net working capital increased to \$27,386,000 from \$21,989,000 at March 25, 2012.

Cash provided by operations of \$4,870,000 in the fiscal 2013 period is primarily attributable to net income of \$4,851,000 and other non-cash items of \$904,000. Changes in Nathan's operating assets and liabilities decreased cash by \$885,000, primarily resulting from lower accounts payable and accrued expenses of \$1,496,000 and increased accounts and other receivables, net of \$765,000 partly offset by reduced prepaid expenses and other current assets of \$926,000, increased accrued litigation of \$223,000 and reduced inventories of \$103,000. The decrease in accounts payable and accrued expenses primarily relates to the payments of accrued compensation, unexpended marketing funds and lower payables in connection with our Branded Product Program in anticipation of the season change. The increase in accounts and other receivables is primarily due to increased Branded Product Program sales and a temporary advance to the franchise system Ad Fund. The decrease in prepaid expenses is due primarily to the reduction of prepaid income taxes arising from the fiscal 2013 period's earnings and the application of prepaid insurances during the fiscal 2013 period.

Cash provided by investing activities was \$1,003,000 in the fiscal 2013 period. We received cash proceeds of \$2,000,000 from the redemption of maturing available-for-sale securities. We invested \$500,000 in a private offering for Preferred Stock in a privately-owned corporation. We also incurred capital expenditures of \$274,000 primarily in connection with our Branded Product Program and capital projects at our restaurants and funded \$223,000 of interest into the restricted cash account, as required on a monthly basis throughout the appeal of the SMG damages award.

Cash provided by financing activities of \$473,000 in the fiscal 2013 period relates to the expected realization of the tax benefits associated with employee stock option exercises of \$322,000 and proceeds from the exercise of employee stock options of \$388,000 which were reduced by \$237,000 for the payment of withholding tax on the net share settlement exercise of employee stock options. The Company has not purchased any of its stock during the fiscal 2013 period.

During the period from October 2001 through September 23, 2012, Nathan's purchased a total of 4,491,486 shares of its common stock at a cost of approximately \$50,313,000 pursuant to its stock repurchase plans previously authorized by the Board of Directors.

On November 3, 2009, Nathan's Board of Directors authorized its sixth stock repurchase plan for the purchase of up to 500,000 shares of its common stock on behalf of the Company. On February 1, 2011, Nathan's Board of Directors authorized a 300,000 share increase of shares that the Company may repurchase. As of September 23, 2012, the Company had repurchased 392,527 shares at a cost of \$6,707,000 under the sixth stock repurchase plan.

Currently, an aggregate of 407,473 shares can still be purchased under Nathan's existing stock buy-back program, as of September 23, 2012. Purchases may be made from time to time, depending on market conditions, in open market or privately-negotiated transactions, at prices deemed appropriate by management. There is no set time limit on the repurchases to be made under these stock-repurchase plans.

Management believes that available cash, marketable securities and cash generated from operations should provide sufficient capital to finance our operations and stock repurchases for at least the next 12 months.

As discussed above, we had cash and cash equivalents at September 23, 2012 aggregating \$12,375,000, and marketable securities of \$12,546,000. Our Board routinely monitors and assesses its cash position and our current and potential capital requirements. We may continue to return capital to our shareholders through stock repurchases, although there is no assurance that the Company will make any repurchases under its existing stock-repurchase plan. Since March 26, 2007, to date, we have repurchased 2,600,386 shares at a total cost of approximately \$43,155,000, reducing the number of shares then-outstanding by 43.2%.

We expect that in the future we will make investments in certain existing restaurants, support the growth of the Branded Product and Branded Menu Programs and continue our stock repurchase programs, funding those investments from our operating cash flow. We may also incur capital and other expenditures or engage in investing activities in connection with opportunistic situations that may arise on a case-by-case basis.

At September 23, 2012, there were three properties that we lease from third parties which we sublease to two franchisees and a non-franchisee. We remain contingently liable for all costs associated with these properties including: rent, property taxes and insurance. We may incur future cash payments with respect to such properties, consisting primarily of future lease payments, including costs and expenses associated with terminating any of such leases.

The following schedule represents Nathan's cash contractual obligations and commitments by maturity (in thousands):

	Total	Payments Due by Period			
		Less than 1 Year	1-3 Years	3-5 Years	More than 5 Years
Cash Contractual Obligations					
Employment Agreements	\$4,708	\$1,399	\$1,359	\$1,200	\$750
Operating Leases	18,722	1,648	3,482	3,363	10,229
Gross Cash Contractual Obligations	23,430	3,047	4,841	4,563	10,979
Sublease Income	3,630	394	755	522	1,959
Net Cash Contractual Obligations	\$19,800	\$2,653	\$4,086	\$4,041	\$9,020

At September 23, 2012, the Company had unrecognized tax benefits of \$322,000. The Company believes that it is reasonably possible that the unrecognized tax benefits may decrease by \$35,000 within the next year. A reasonable estimate of the timing of the remaining liabilities is not possible.

Nathan's has entered into an agreement to terminate its existing lease for the Yonkers restaurant which will close on or about November 25, 2012 and entered a new lease for another restaurant in the same area. Nathan's estimates that the new location may be ready to open in December, 2013.

Inflationary Impact

We do not believe that general inflation has materially impacted earnings since 2006. However, we have experienced significant volatility in our costs for our hot dogs and certain food products, distribution costs and utilities. Our commodity costs for beef have been especially volatile since fiscal 2004. In an effort to reduce the impact of increasing market prices, we have entered into purchase commitments for a portion of our hot dogs since January 2008. The market price of hot dogs was approximately 0.9% higher than during the fiscal 2012 period. This modest increase is in addition to last years' increase of approximately 12.0% over the April – September 2011 period and approximately 0.6% more than the market price of hot dogs in our first quarter of fiscal 2013. The cost of beef and beef trimmings during the first nine months of calendar 2012, have been the highest that they have ever been since the inception of our Branded Product Program in 1997. We are unable to predict the future cost of our hot dogs and

expect to experience price volatility for our beef products during the remainder of fiscal 2013. In addition, beef prices could further increase due to the record high corn prices, as a result of the drought in the Midwest. We may attempt to enter into similar purchase arrangements for hot dogs and other products in the future. Additionally, we expect to continue experiencing volatility in oil and gas prices on our distribution costs for our food products and utility costs in the Company-owned restaurants and increased insurance costs resulting from the hardening of the insurance markets.

In March 2010, the Federal government passed new legislation to reform the U.S. health care system. As part of the plan, employers will be expected to provide their employees with minimum levels of healthcare coverage or incur certain financial penalties. As Nathan's workforce includes numerous part-time workers that typically are not offered healthcare coverage, we may be forced to expand healthcare coverage or incur these new penalties which may increase our health care costs.

From time to time, various Federal and New York State legislators have proposed changes to the minimum wage requirements. Although we only operate five Company-owned restaurants, we believe that significant increases in the minimum wage could have a significant financial impact on our financial results and the results of our franchisees.

Continued increases in labor, food and other operating expenses, including health care, could adversely affect our operations and those of the restaurant industry and we might have to further reconsider our pricing strategy as a means to offset reduced operating margins.

The Company's business, financial condition, operating results and cash flows can be impacted by a number of factors, including but not limited to those set forth above in "Management's Discussion and Analysis of Financial Condition and Results of Operations," any one of which could cause our actual results to vary materially from recent results or from our anticipated future results. For a discussion identifying additional risk factors and important factors that could cause actual results to differ materially from those anticipated, also see the discussions in "Forward-Looking Statements" and "Notes to Consolidated Financial Statements" in this Form 10-Q and "Risk Factors" in this Form 10-Q and our Form 10-K for our fiscal year ended March 25, 2012.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

Cash and Cash Equivalents

We have historically invested our cash and cash equivalents in short term, fixed rate, highly rated and highly liquid instruments which are generally reinvested when they mature throughout the year. Although our existing investments are not considered at risk with respect to changes in interest rates or markets for these instruments, our rate of return on short-term investments could be affected at the time of reinvestment as a result of intervening events. As of September 23, 2012, Nathan's cash and cash equivalents aggregated \$12,375,000. Earnings on this cash and cash equivalents would increase or decrease by approximately \$31,000 per annum for each 0.25% change in interest rates.

Marketable Securities

We have invested our marketable securities in intermediate term, fixed rate, highly rated and highly liquid instruments. These investments are subject to fluctuations in interest rates. As of September 23, 2012, the market value of Nathan's marketable securities aggregated \$12,546,000. These marketable securities are considered at risk with respect to interest rates to determine their current market value. As additional notes mature or are called by the issuer and we are unable to earn similar returns upon reinvestment, we would anticipate lower investment income in the future. Our future rate of return could also be affected at the time of reinvestment as a result of intervening events. Interest income on these marketable securities would increase or decrease by approximately \$31,000 per annum for each 0.25% change in interest rates. The following chart presents the hypothetical changes in the fair value of the marketable investment securities held at September 23, 2012 that are sensitive to interest rate fluctuations (in thousands):

	Valuation of securities Given an interest rate			Fair Value	Valuation of securities Given an interest rate		
	Decrease of X Basis points (150BPS)	(100BPS)	(50BPS)		Increase of X Basis points +50BPS	+100BPS	+150BPS
Municipal bonds	\$12,615	\$12,615	\$12,603	\$12,546	\$12,489	\$12,433	\$12,378

Borrowings

At September 23, 2012, we had no outstanding indebtedness. If we were to borrow money in the future, such borrowings would be based upon the then-prevailing interest rates. We do not anticipate entering into interest rate swaps or other financial instruments to hedge our borrowings.

Commodity Costs

The cost of commodities is subject to market fluctuation. Our commodity costs for beef have been especially volatile since fiscal 2004. The market price of hot dogs was approximately 0.9% higher than during the fiscal 2012 period. This modest increase is in addition to last years' increase of approximately 12.0% over the April – September 2011 period and approximately 0.6% more than the market price of hot dogs in our first quarter of fiscal 2013. The cost of beef and beef trimmings during the first nine months of calendar 2012, have been the highest that they have ever been since the inception of our Branded Product Program in 1997. We have attempted to enter into purchase commitments for hot dogs from time to time in order to reduce the impact of increasing market prices. With the exception of those commitments, we have not attempted to hedge against fluctuations in the prices of the commodities we purchase using future, forward, option or other instruments. As a result, we expect that the majority of our future commodity purchases will be subject to market changes in the prices of such commodities. Generally, we have attempted to pass

through permanent increases in our commodity prices to our customers, thereby reducing the impact of long-term increases on our financial results. A short-term increase or decrease of 10.0% in the cost of our food and paper products for the twenty-six weeks ended September 23, 2012 would have increased or decreased our cost of sales by approximately \$2,193,000.

Foreign Currencies

Foreign franchisees generally conduct business with us and make payments in United States dollars, reducing the risks inherent with changes in the values of foreign currencies. As a result, we have not purchased future contracts, options or other instruments to hedge against changes in values of foreign currencies and we do not believe fluctuations in the value of foreign currencies would have a material impact on our financial results.

Item 4. Controls and Procedures.

Evaluation of Disclosure Controls and Procedures

Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, conducted an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures, as required by Exchange Act Rule 13a-15. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer have concluded that, as of the end of the period covered by this report, our disclosure controls and procedures were effective to ensure that the information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified by the SEC's rules and forms and that such information is accumulated and communicated to our management, including our principal executive and principal financial officers, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Controls

There were no changes in our internal controls over financial reporting that occurred during the thirteen weeks ended September 23, 2012 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Limitations on the Effectiveness of Controls

We believe that a control system, no matter how well designed and operated, cannot provide absolute assurance that the objectives of the control system are met, and no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within a company have been detected. Our disclosure controls and procedures are designed to provide reasonable assurance of achieving their objectives and our Chief Executive Officer and Chief Financial Officer have concluded that such controls and procedures are effective at the reasonable assurance level.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings.

We and our subsidiaries are from time to time involved in ordinary and routine litigation. Management presently believes that the ultimate outcome of such ordinary and routine litigation, individually or in the aggregate, will not have a material adverse effect on our financial position, cash flows or results of operations. Nevertheless, litigation is subject to inherent uncertainties and unfavorable rulings could occur. An unfavorable ruling could include money damages and, in such event, could result in a material adverse impact on our results of operations for the period in which the ruling occurs.

The Company is party to a License Agreement with SMG, Inc. (“SMG”) dated as of February 28, 1994, as amended (the “License Agreement”) pursuant to which: (i) SMG acts as the Company’s exclusive licensee for the manufacture, distribution, marketing and sale of packaged Nathan’s Famous frankfurter product at supermarkets, club stores and other retail outlets in the United States; and (ii) the Company has the right, but not the obligation, to require SMG to produce frankfurters for the Nathan’s Famous restaurant system and Branded Product Program.

On July 31, 2007, the Company provided notice to SMG that the Company has elected to terminate the License Agreement, effective July 31, 2008 (the “Termination Date”), due to SMG’s breach of certain provisions of the License Agreement. SMG has disputed that a breach has occurred and has commenced, together with certain of its affiliates, an action in state court in Illinois seeking, among other things, a declaratory judgment that SMG did not breach the License Agreement. The Company filed its own action on August 2, 2007, in New York State court seeking a declaratory judgment that SMG has breached the License Agreement and that the Company has properly terminated the License Agreement. On January 23, 2008, the New York court granted SMG’s motion to dismiss the Company’s case in New York on the basis that the dispute was already the subject of a pending lawsuit in Illinois. The Company answered SMG’s complaint in Illinois and asserted its own counterclaims which seek, among other things, a declaratory judgment that SMG did breach the License Agreement and that the Company has properly terminated the License Agreement. On July 31, 2008, SMG and Nathan’s entered into a Stipulation pursuant to which Nathan’s agreed that it would not effectuate the termination of the License Agreement on the grounds alleged in the present litigation until such litigation has been successfully adjudicated, and SMG agreed that in such event, Nathan’s shall have the option to require SMG to continue to perform under the License Agreement for an additional period of up to six months to ensure an orderly transition of the business to a new licensee/supplier. On June 30, 2009, SMG and Nathan’s each filed motions for summary judgment. Both motions for summary judgment were ultimately denied on February 25, 2010. On January 28, 2010, SMG filed a motion for leave to file a Second Amended Complaint and Amended Answer, which sought to assert new claims and affirmative defenses based on Nathan’s alleged breach of the parties’ License Agreement in connection with the manner in which Nathan’s profits from the sale of its proprietary seasonings to SMG. On February 25, 2010, the court granted SMG’s motion for leave, and its Second Amended Complaint and Amended Answer were filed with the court. On March 29, 2010, Nathan’s filed an answer to SMG’s Second Amended Complaint, which denied substantially all of the allegations in the complaint. On September 17, 2010, SMG filed a motion for summary judgment with respect to the claims relating to the sale of Nathan’s proprietary seasonings to SMG. On October 5, 2010, Nathan’s filed an opposition to SMG’s motion for summary judgment, and itself cross-moved for summary judgment. A trial on the claims relating to Nathan’s termination of the License Agreement took place between October 6 and October 13, 2010. Oral argument on the claims relating to the sale of Nathan’s proprietary seasonings took place prior to the start of the trial. On October 13, 2010, an Order was entered with the Court denying Nathan’s cross-motion and granting SMG’s motion for summary judgment with respect to SMG’s claims relating to the sale of Nathan’s proprietary seasonings to SMG. On December 17, 2010, the Court ruled that Nathan’s was not entitled to terminate the License Agreement. On January 19, 2011, the parties submitted an agreed upon order which, among other things, assessed damages against Nathan’s of approximately \$4.9 million inclusive of pre-judgment interest, which has been accrued in the accompanying consolidated financial

statements. The final judgment was entered on February 4, 2011. On March 4, 2011, Nathan's filed a notice of appeal seeking to appeal the final judgment. In order to secure the final judgment pending an appeal, on March 31, 2011, Nathan's entered into a Security Agreement with SMG and Blocked Deposit Account Agreement with SMG and Citibank, N.A., as described in Note E. On April 7, 2011, the Court entered a stipulation and order which granted a stay of enforcement of the Judgment.

Nathan's filed an appellate brief with the Appellate Court of Illinois, First Judicial District, on August 8, 2011. In response, SMG filed an opposition appellate brief on October 21, 2011. Nathan's filed a reply brief on November 14, 2011. On October 23, 2012, the Court has ordered that oral arguments will be heard on November 13, 2012.

Item 1A. Risk Factors.

In addition to the other information set forth in this report, you should carefully consider the risk factors discussed in Part I, "Item 1A. Risk Factors" in the Annual Report on Form 10-K for the fiscal year ended March 25, 2012, which could materially affect our business, financial condition or future results. The risks described in our Annual Report on Form 10-K are not the only risks facing Nathan's. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition and/or operating results.
