At the Annual Meeting, stockholders will be asked:

1. To elect six directors to the Board of Directors of the Company (the “Board”).
2. To approve, on a non-binding, advisory basis, named executive officer compensation.
3. To ratify the selection of BDO USA, LLP (“BDO”) as our independent registered public accounting firm for the fiscal year ending December 31, 2014.

4. To approve an amendment to the Company's Certificate of Incorporation to effect a 1-for-500 reverse stock split of the Company's common stock followed by a 500-for-1 forward stock split of the Company's common stock.

5. To transact any other business as may properly come before the Annual Meeting or any postponement or adjournments of the Annual Meeting.

The Board has fixed the close of business on April 14, 2014, as the record date for the determination of the holders of our common stock, \$0.001 par value per share ("Common Stock"), entitled to notice of and to vote at the Annual Meeting. Each eligible stockholder will be entitled to one vote for each common share held on all matters to come before the Annual Meeting and may vote in person or by proxy by completing the enclosed proxy card and returning it in the enclosed postage prepaid envelope or, as indicated on the proxy card, by voting on the Internet or by voting by telephone. At the close of business on April 14, 2014, there were 11,967,442 shares of common stock entitled to vote.

This Proxy Statement and the accompanying form of proxy are first being sent to holders of the Common Stock on or about April 21, 2014. Our Annual Report on Form 10-K for the fiscal year ended December 31, 2013 (the "Annual Report") is enclosed with this Proxy Statement.

THE ANNUAL MEETING

Date, Time and Place

The Annual Meeting will be held on May 27, 2014, at 9:30 a.m., at Olshan Frome Wolosky LLP, Park Avenue Tower, 65 East 55th Street, 2nd Floor, New York, NY 10022.

Matters to be Considered

At the Annual Meeting, stockholders will be asked to consider and cast a vote on the following matters: the election of six directors; the approval, on a non-binding, advisory basis, of named executive officer compensation; the ratification of the selection of independent auditors; and the approval of an amendment to the Company's Certificate of Incorporation to effect a 1-for-500 reverse stock split of the Company's Common Stock followed by a 500-for-1 forward stock split of the Company's Common Stock.

The Board does not know of any matters to be brought before the Annual Meeting other than as set forth in the notice of Annual Meeting. If any other matters properly come before the Annual Meeting, the persons named in the enclosed form of proxy or their substitutes will vote in accordance with their best judgment on such matters.

Record Date; Quorum; List of Stockholders of Record

Only holders of record of the Company's Common Stock at the close of business on April 14, 2014 (the "Record Date") will be entitled to vote at the Annual Meeting. At the close of business on the Record Date, we had 11,967,442 shares of Common Stock outstanding and entitled to vote. A majority of the shares outstanding on the Record Date, represented by proxy or in person, will constitute a quorum for the transaction of business at the Annual Meeting. A list of stockholders entitled to vote at the Annual Meeting will be available for inspection at our executive offices for a period of ten days before the Annual Meeting. Stockholders may examine the list for purposes germane to the Annual Meeting.

Voting Rights; Required Vote

Stockholders are entitled to one vote for each share of Common Stock held by them as of the Record Date.

Proposal 1: Election of Directors. Under our bylaws, directors must be elected by a majority of the votes cast in uncontested elections. This means that the number of votes cast “FOR” a director nominee must exceed the number of votes cast “AGAINST” that nominee. Abstentions are not counted as votes “FOR” or “AGAINST” the election of directors. Our Corporate Governance Principles, which are available on our website at www.steelexcel.com under “Investors – Corporate Governance,” set forth our procedures for the nomination of an incumbent director in an uncontested election and our policy relating to the resignation of an incumbent director who fails to receive a majority of the votes cast in an uncontested election. Information on our website shall not constitute a part of this Proxy Statement. In contested elections, the standard vote would be a plurality of votes cast. Stockholders do not have the right to cumulate their votes in the election of directors.

The Board recommends a vote “FOR” all nominees.

Proposal 2: Approval of Named Executive Officer Compensation. The approval, on a non-binding advisory basis, of the compensation of the Company’s named executive officers requires the affirmative vote of the holders of a majority of the votes cast at the Annual Meeting in person or by proxy on the matter. The vote is advisory and therefore not binding on the Compensation Committee, the Board, or the Company.

The Board recommends a vote “FOR” this proposal.

Proposal 3: Selection of Auditors. Ratification of the selection of BDO as our independent registered public accounting firm for the fiscal year ending December 31, 2014 requires the affirmative vote of the holders of a majority of the votes cast at the Annual Meeting in person or by proxy on the matter. The vote is advisory and therefore not binding on the Audit Committee, the Board, or the Company.

The Board recommends a vote “FOR” this proposal.

Proposal 4: Reverse/Forward Split. The approval of an amendment to the Company's Certificate of Incorporation to effect a 1-for-500 reverse stock split of the Company's Common Stock followed by a 500-for-1 forward stock split of the Company's Common Stock requires the affirmative vote of the holders of a majority of the shares of Common Stock outstanding on the Record Date.

The Board recommends a vote "FOR" this proposal.

We have been advised that it is the intention of Steel Partners Holdings L.P. ("Steel Holdings") and its affiliates to vote the shares of our Common Stock over which they have voting power "FOR" all nominees for director and in favor of all other Proposals described in this Proxy Statement. Steel Holdings and its affiliates beneficially owned approximately 55.2% of our outstanding shares of Common Stock as of the Record Date. See the stock ownership table set forth in "Stock Ownership of Principal Stockholders and Management" below for information regarding the ownership of our Common Stock.

Voting of Proxies

Stockholders that are "beneficial owners" (your Steel Excel shares are held for you in street name, by a bank, broker or other nominee) and "registered stockholders" (your Steel Excel shares are held in your own name through our transfer agent, Registrar and Transfer Company, or you are in possession of stock certificates) may submit their votes before the Annual Meeting by: (a) Internet at www.proxyvote.com or (b) telephone by calling 1-800-690-6903. Additionally, if you received your materials for the Annual Meeting by mail and do not wish to vote by Internet or telephone, you may mail a completed proxy card (in the case of registered stockholders), or voting instruction card (in the case of beneficial owners), in the prepaid envelope that was provided with your annual meeting materials. Stockholders wishing to vote by mail should be sure to complete and properly sign the proxy card (registered holders) or voting instruction card (beneficial owners) you received and return it in the prepaid envelope provided, and it will be voted in accordance with the specifications made on the proxy card or voting instruction card. If no specification is made on a signed and returned proxy card or voting instruction card, the shares represented by the proxy will be voted "FOR" the election to the Board of each of the six nominees named on the proxy or instruction card, "FOR" the advisory vote on approval of the compensation of our named executive officers, "FOR" ratification of the appointment of BDO as our independent registered public accounting firm for the fiscal year ending December 31, 2014, "FOR" the amendment of the Company's Certificate of Incorporation to effect a 1-for-500 reverse stock split of the Company's Common Stock followed by a 500-for-1 forward stock split of the Company's Common Stock and, if any other matters are properly brought before the Annual Meeting, the proxy will be voted as the Board may recommend.

Voting instructions, including instructions for both telephonic and Internet voting, are provided on the proxy card. The Internet and telephone voting procedures are designed to authenticate stockholder identities, to allow stockholders to give voting instructions and to confirm that stockholders' instructions have been recorded properly. A control number, located on the proxy card, will identify stockholders and allow them to vote their shares and confirm that their voting

instructions have been properly recorded. If you do vote by Internet or telephone, it will not be necessary to return your proxy card.

We encourage stockholders with Internet access to record your vote on the Internet or, alternatively, to vote by telephone. Internet and telephone voting is convenient, saves on postage and mailing costs and is recorded immediately, minimizing risk that postal delays may cause your vote to arrive late and therefore not be counted.

If your shares are held in the name of a bank or broker, follow the voting instructions on the form you receive from your record holder. The availability of Internet and telephone voting will depend on their voting procedures.

If a stockholder neither returns a signed proxy card, votes by the Internet or by telephone, nor attends the Annual Meeting and votes in person, his or her shares will not be voted.

If you attend the Annual Meeting, you may also vote in person, and any previously submitted votes will be superseded by the vote you cast at the Annual Meeting (attendance at the Annual Meeting will not, in and of itself, constitute a revocation of any previously submitted votes). If your shares are held in a brokerage, bank, or other institutional account, you must obtain a proxy from that entity showing that you were the record holder as of the close of business on the Record Date, in order to vote your shares at the Annual Meeting.

Revocability of Proxies

Any proxy signed and returned by a stockholder or voted by telephone or via the Internet may be revoked at any time before it is voted. A proxy may be revoked by giving written notice of revocation to the Secretary of the Company, at the Company's address set forth herein, by executing and delivering a later-dated proxy, either in writing, by telephone or via the Internet, or by voting in person at the Annual Meeting. The mere presence at the Annual Meeting of a stockholder who has previously appointed a proxy will not revoke the appointment. Please note, however, that if a stockholder has instructed a broker, bank or nominee to vote his, her or its shares of Steel Excel Common Stock, the stockholder must follow the directions received from the broker, bank or nominee to change his, her or its instructions. In the event of multiple online or telephone votes by a stockholder, each vote will supersede the previous vote and the last vote cast will be deemed to be the final vote of the stockholder, unless such vote is revoked in person at the Annual Meeting according to the revocability instructions outlined above.

Attending in Person

Only holders of Common Stock as of the Record Date, their proxy holders and our invited guests may attend the Annual Meeting. If you wish to attend the Annual Meeting in person but you hold your shares in street name, such as by a broker, you must bring proof of your ownership and identification with a photo at the Annual Meeting. For example, you may bring an account statement showing that you beneficially owned Common Stock as of the Record Date as acceptable proof of ownership.

Effect of Abstentions and "Broker Non-Votes"

If a registered stockholder indicates on his or her proxy card that the stockholder wishes to abstain from voting, or a beneficial owner instructs its bank, broker or other nominee that the stockholder wishes to abstain from voting, these shares are considered present and entitled to vote at the Annual Meeting. These shares will count toward determining whether or not a quorum is present. Because directors are elected by the majority of the votes cast at the Annual Meeting in uncontested elections and by a plurality of votes cast in contested elections, abstentions will have no effect on the outcome of Proposal No. 1, concerning the election of the six nominees to our Board. Similarly, abstentions will have no effect on Proposal No. 2, concerning the non-binding, advisory vote on executive compensation, and Proposal No. 3, concerning the ratification of the appointment of BDO as our independent registered public accounting firm for the fiscal year ending December 31, 2014. Abstentions will have the same effect as a vote "AGAINST" Proposal No. 4, concerning the amendment of the Company's Certificate of Incorporation to effect a 1-for-500 reverse stock split of the Company's Common Stock followed by a 500-for-1 forward stock split of the Company's Common Stock.

A “broker non-vote” occurs when a beneficial owner does not provide his or her broker with instructions as to how to vote the shares (“uninstructed shares”) and the broker does not vote on a particular proposal because they do not have authority to vote on that particular proposal without receiving voting instructions from the beneficial owner. Brokers may not vote on “non-routine” proposals unless they have received voting instructions from the beneficial owner, and to the extent that they have not received voting instructions, brokers report such number of shares as “non-votes.” Proposal No. 1, concerning the election of the six nominees to our Board, Proposal No. 2, concerning the non-binding, advisory vote on executive compensation, and Proposal No. 4, concerning the amendment of the Company’s Certificate of Incorporation to effect a 1-for-500 reverse stock split of the Company’s Common Stock followed by a 500-for-1 forward stock split of the Company’s Common Stock are considered “non-routine”, which means that brokerage firms may not vote in their discretion regarding these items on behalf of beneficial owners who have not furnished voting instructions; however, such uninstructed shares will be counted towards establishing a quorum. Therefore, we encourage you to vote your shares by Internet, telephone or by signing and returning your proxy card or voting instruction card with complete voting instructions before the Annual Meeting, so that your shares will be represented and voted at the Annual Meeting even if you cannot attend in person.

Brokers do have authority to vote uninstructed shares for or against “routine” proposals. Proposal No. 3, ratification of the appointment of BDO as our independent registered public accounting firm for the fiscal year ending December 31, 2014, constitutes a “routine” proposal. Accordingly, a broker may vote uninstructed shares “FOR” or “AGAINST” Proposal No. 3 and such votes will count towards establishing a quorum.

The inspector of elections appointed for the Annual Meeting will separately tabulate the relevant affirmative and negative votes, abstentions and broker non-votes (which are votes that could have been provided had the beneficial holder provided voting instructions to its broker) for each proposal.

Adjournment of Annual Meeting

If a quorum is not present to transact business at the Annual Meeting or if we do not receive sufficient votes in favor of the proposals by the date of the Annual Meeting, the persons named as proxies may propose one or more adjournments of the Annual Meeting to permit solicitation of additional proxies. The chairperson of the Annual Meeting shall have the power to adjourn the Annual Meeting. If the Annual Meeting is postponed or adjourned, a stockholder's proxy may remain valid and may be voted at the postponed or adjourned meeting. A stockholder still will be able to revoke the stockholder's proxy until it is voted.

Expenses of Soliciting Proxies

Our Board is soliciting the proxy included with this Proxy Statement for use at the Annual Meeting. We will pay the expenses of soliciting proxies for the Annual Meeting. After the mailing of the proxy cards and other soliciting materials, we and/or our agents, including our directors, officers or employees, also may solicit proxies by mail, telephone, facsimile, email or in person. After the mailing of the proxy cards and other soliciting materials, we will request that brokers, custodians, nominees and other record holders of our Common Stock forward copies of the proxy cards and other soliciting materials to persons for whom they hold shares and request authority for the exercise of proxies. We will reimburse the record holders for their reasonable expenses if they ask us to do so. Our directors, officers and employees will not receive any additional compensation for any soliciting efforts in which they may be engaged.

Delivery of Voting Materials to Stockholders Sharing an Address

To reduce the expense of delivering duplicate voting materials to stockholders who may have more than one Steel Excel stock account, we have adopted a procedure approved by the Securities and Exchange Commission ("SEC") called "householding." Under this procedure, certain stockholders of record who have the same address and last name and do not participate in electronic delivery of Annual Meeting materials will receive only one copy of the Annual Meeting materials and any additional proxy soliciting materials sent to stockholders until such time as one or more of these stockholders notifies us that they wish to continue receiving individual copies. This procedure will reduce duplicate mailings and save printing costs and postage fees, as well as conserve natural resources. Stockholders who participate in householding will continue to receive separate proxy cards or voting instruction cards.

If you are eligible for householding, but you and other stockholders of record with whom you share an address currently receive multiple copies of the Annual Meeting materials, or if you hold in more than one account, and in either case you wish to receive only a single copy of each of these documents for your household, please contact our transfer agent, Registrar and Transfer Company (in writing: 10 Commerce Drive, Cranford, New Jersey 07016, Attn: Henry Farrell; by telephone: in the U.S., Puerto Rico and Canada, 1-800-368-5948; outside the U.S., Puerto Rico and Canada, 1-908-497-2300).

If we are householding materials to your address and you wish to receive a separate copy of the Annual Report or this Proxy Statement, or if you do not wish to participate in householding and prefer to receive separate copies of these documents in the future, please contact Registrar and Transfer Company as indicated above.

Beneficial stockholders can request information about householding from their banks, brokers or other holders of record.

FORWARD-LOOKING STATEMENTS

This Proxy Statement contains “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). These statements may be identified by their use of such words as “expects,” “anticipates,” “intends,” “hopes,” “believes,” “could,” “may,” “will,” “pro,” “estimates,” and other similar expressions, but these words are not the exclusive means of identifying such statements. We caution that a variety of factors, including but not limited to the following, could cause our results to differ materially from those expressed or implied in our forward-looking statements: our ability to deploy our capital in a manner that maximizes stockholder value; the ability to identify suitable acquisition candidates or business and investment opportunities; the inability to realize the benefits of our net operating losses; the ability to consolidate and manage our newly acquired businesses; fluctuations in demand for our services; the hazardous nature of operations in the oilfield services industry, which could result in personal injury, property damage or damage to the environment; environmental and other health and safety laws and regulations, including those relating to climate change; general economic conditions and other risks detailed from time to time in filings we make with the SEC, including our Annual Reports on Form 10-K and our Quarterly Reports on Form 10-Q. Except as required by law, we assume no obligation to update any forward-looking information that is included in this Proxy Statement.

PROPOSAL NO. 1: ELECTION OF DIRECTORS

At the Annual Meeting, stockholders are being asked to elect six directors, the current size of the Board, to serve until the next annual meeting or until their successors are elected and qualified. The persons named in the enclosed form of proxy have advised that, unless contrary instructions are received, they intend to vote “FOR” the six nominees named by the Board and listed on the following table. The Board does not expect that any of the nominees will be unavailable for election as a director. However, if by reason of an unexpected occurrence one or more of the nominees is not available for election, the persons named in the form of proxy have advised that they will vote for the substitute nominees as the Board may propose.

Each of the following nominees is currently serving as a director. Each of the biographies of the nominees for election as directors below contains information regarding the person’s service as a director, business experience, director positions held currently or at any time during the past five years, and the experience, qualifications, attributes and skills that caused the Governance and Nominating Committee and the Board to determine that the person should be nominated for election as a director of the Company at the Annual Meeting. The Board has determined that Mr. Howard's managerial and investing experience in a broad range of businesses over the past 28 years, as well as his service on the boards of directors and committees of both public and private companies, which includes serving on the board of directors of a well services company, enable him to effectively lead the management of the Company.

John J. Quicke has served as a member of our Board since 2007 and as our Interim President and Chief Executive Officer from January 2010 until March 2013. In March 2013 he was named President and Chief Executive Officer of our Steel Energy segment. Mr. Quicke is a Managing Director and operating partner of Steel Partners, a subsidiary of Steel Holdings. Mr. Quicke has been associated with Steel Partners and its affiliates since September 2005. to March 2005. As Vice Chairman and Executive Officer of Sequa, he was responsible for the Automotive, Metal Coating, Specialty Chemicals, Industrial Machinery and Other Product operating segments of the company.

The Board has determined that Mr. Quicke's extensive experience, including board service on eight public companies over 17 years, over 22 years of significant operating experience, which includes participation in acquisition and disposition transactions and prior experience as an executive with a well services company, as well as his financial and accounting expertise, enable him to assist in the effective management of the Company.

John Mutch has served as a member of our Board since 2007. Mr. Mutch has been the President and Chief Executive Officer of BeyondTrust Software, a privately held security software company focused on privilege identity management solutions sold into the Global 2000 IT infrastructure market, since October 2008. In addition, Mr. Mutch is the founder and managing partner of MV Advisors LLC, a strategic block investment firm which provides focused investment and strategic guidance to small and mid-cap technology companies, since December 2005. Prior to founding MV Advisors, in March 2003, Mr. Mutch was appointed by the U.S. Bankruptcy court to the Board of Peregrine Systems. He assisted that company in a bankruptcy work-out proceeding and was named President and Chief Executive Officer in July 2003. Mr. Mutch ran Peregrine Systems operating the company under an SEC consent decree and successfully restructured the company culminating in a sale to Hewlett-Packard Company in December 2005. Previous to running Peregrine Systems, Mr. Mutch served as President, Chief Executive Officer and a director of HNC Software, an enterprise analytics software provider. Before HNC Software, Mr. Mutch spent seven years at Microsoft Corporation in a variety of executive sales and marketing positions. Mr. Mutch previously served on the boards of Phoenix Technology, Edgar Online, Aspyra, Overland Storage and Brio Software. He is currently a director at Agilysys, Inc., a provider of information technology solutions, since March 2009.

The Board has determined that Mr. Mutch's extensive experience in restructuring and building public technology companies enable him to assist in the effective management of the Company.

Gary W. Ullman has served as a member of our Board since 2011. Mr. Ullman is the Chief Executive Officer of Connies Naturals, a corporation that delivers pre-made food products to sports stadiums, theme parks and the military, and he has served in such capacity since 2003. He was also the Chief Executive Officer of the Intrapac Group, a producer of specialty packaging for the personal care and pharmaceutical industries, from 2003 until its sale in December 2011. From 1998 through 2003, Mr. Ullman served as President and Chief Executive Officer of Unitron Industries Ltd., a designer, manufacturer and distributor of hearing aids. From 1997 to 1998, Mr. Ullman was Chief Executive Officer of Fluid Packaging Co Inc., a contract manufacturer of pharmaceuticals and beauty products. Prior to 1996, Mr. Ullman served for 26 years in executive capacities, including President and Chief Executive Officer, of CCL Industries, Inc. and its affiliated entities. CCL Industries, Inc. is a manufacturer of consumer products, containers and labels.

The Board has determined that Mr. Ullman's extensive executive experience, including the financial and accounting knowledge he gained during such service, as well as his turnaround experience, enable him to assist in the management of the Company.

Robert J. Valentine has served as a member of our Board since 2012. Mr. Valentine has served as the athletic director of Sacred Heart University since February 2013. Prior to that he was the manager of the Boston Red Sox for one year. He is also the owner of a chain of restaurants.

The Board has determined that Mr. Valentine's extensive sports experience enables him to contribute to the development of the Company's sports related business.

Required Vote and Board Recommendation

In uncontested elections, directors will be elected by a majority of the votes cast at the Annual Meeting, at which a quorum is present either in person or by proxy. This means that the number of votes cast “FOR” a director nominee must exceed the number of votes cast “AGAINST” that nominee. In contested elections (an election in which the number of nominees for election as director is greater than the number of directors to be elected), the vote standard would be a plurality of votes cast. Stockholders do not have the right to cumulate their votes in the election of directors.

If you hold your shares in your own name and indicate that you wish to abstain from voting on this matter, your abstention will be counted as present for purposes of determining if a quorum is present. If you hold your shares through a broker and you do not instruct the broker on how to vote on this proposal, as is discussed above, your broker will not have the authority to vote your shares with respect to the election of directors to our Board. Such abstentions and broker non votes will have no effect on the outcome of the election of directors to our Board, but such shares will be counted for purposes of establishing a quorum.

THE BOARD RECOMMENDS A VOTE FOR THE ELECTION OF EACH NOMINEE.

INFORMATION CONCERNING

THE BOARD OF DIRECTORS AND BOARD COMMITTEES

Director Independence

The Board has undertaken its annual review of director independence. During this review, the Board considered all transactions and relationships between each current director and nominee for director or any member of such person's immediate family and the Company, and its subsidiaries and affiliates. The purpose of this review is to determine whether any relationship or transaction is considered a "material relationship" that would be inconsistent with a determination that a director is independent. While we are not currently subject to any corporate governance standards relating to the independence of our directors, we choose to define an "independent" director in accordance with the rules of the NASDAQ Stock Market (the "NASDAQ Market"), which include a series of objective tests, such as that a director may not be our employee or officer, and that the director has not engaged in various types of business dealings with us. The Board affirmatively determined that, of our current directors and director nominees, Messrs. Mutch, Ullman and Valentine qualify as "independent" in accordance with the rules of the NASDAQ Market.

Under the rules of the NASDAQ Market, we would be considered a "controlled company" as a result of Steel Holdings and its affiliates holding in excess of 50% of our outstanding voting power. As a "controlled company," we would be exempt from certain independence requirements under the NASDAQ Market rules, including that a majority of our directors be independent and that our Compensation Committee and Governance and Nominating Committee be comprised solely of independent directors.

Board Structure and Risk Oversight

Our Board believes that it is in the best interests of the Company to separate the roles of Chairman and principal executive officer. The Board believes that freeing our principal executive officer from this responsibility allows him to focus on the operations of our Company, while our Chairman is enabled to focus on the larger strategic interests of the Company.

Among the responsibilities that our Corporate Governance Principles place upon our Board is the oversight of the conduct of our business to evaluate whether it is being properly managed. Within this responsibility is the obligation to oversee risk management. The involvement of the full Board in setting the Company's business strategy and objectives is integral to the Board's assessment of our risk and also a determination of what constitutes an appropriate

level of risk and how best to manage any such risk. The Board fulfills this responsibility by its regular updates from management, including our principal executive officer and our Chief Financial Officer. Additionally, the Board delegates responsibility for certain aspects of risk management to its committees. In particular, the Audit Committee focuses on financial reporting risks and related controls and procedures. The Compensation Committee has historically strived to create compensation practices that do not encourage excessive levels of risk taking that would be inconsistent with the Company's strategy and objectives. The Governance and Nominating Committee is responsible for overseeing the Company's corporate governance and corporate governance principles.

Majority Voting and Director Resignation Policy

In May 2009, our Board amended our bylaws to provide for a majority voting standard for the election of directors in uncontested elections and added a director resignation policy in our Corporate Governance Principles. In accordance with our Corporate Governance Principles, in an uncontested election, our Board will not nominate an incumbent director for re-election as a director unless, prior to such nomination, the incumbent has submitted a resignation as a director, which resignation will be effective upon the earlier of (i) the Boards' acceptance of the director's resignation following the director's failure to receive a sufficient number of votes for re-election at any meeting of the stockholders of the Company at which the director's seat on the Board is subject to election or (ii) the 90th day after certification of the election results evidencing such failure to be re-elected. Prior to the effectiveness of such resignation, the Board may reject such resignation and permit the director to withdraw such resignation.

Under our Corporate Governance Principles, if an incumbent director fails to receive the required vote for re-election, the Governance and Nominating Committee will act on an expedited basis to determine whether to accept or reject the director's resignation and will submit such recommendation for prompt consideration by the Board. Thereafter, the Board will decide to accept or reject such resignation and publicly disclose its decision within 90 days from the date of certification of the election results. If the Board decides to reject the resignation, it will permit the director to withdraw the resignation prior to its effectiveness. The Governance and Nominating Committee and the Board may consider any factors they deem relevant in deciding whether to accept or reject a director's resignation. The Board expects a director whose resignation is under consideration to abstain from participating in any decision regarding the resignation.

Annual Meeting Attendance

We strongly encourage directors to attend our annual meetings of stockholders. The Board endeavors to hold its Board and committee meetings on the same day as the annual meeting of stockholders to encourage director attendance. Each of our directors attended our 2013 Annual Meeting of Stockholders held on May 21, 2013.

Meetings of the Board

During 2013, the Board met 5 times and acted by unanimous written consent 11 times. Each director attended over 75% of the aggregate number of meetings of the Board and the meetings held by committees of the Board during the period such director served on the Board or applicable committee during 2013.

Committees of the Board

Standing committees of the Board consist of the Audit Committee, Compensation Committee, Governance and Nominating Committee and Investment Committee. Each committee operates under a written charter approved by the Board. Each of the charters of the Audit Committee, Compensation Committee and Governance and Nominating Committee are available on our website at www.steelexcel.com. Each of these charters also is available in print to any stockholder upon request.

Audit Committee. The members of our Audit Committee are John Mutch (Chair) and Gary W. Ullman. Each of the members of our Audit Committee is "independent" as defined by the rules of the NASDAQ Market and meet the financial literacy requirements of the NASDAQ Market. Our Board has determined that each of Messrs. Mutch and Ullman qualifies as an "audit committee financial expert," under applicable SEC rules and meets the NASDAQ Market

financial sophistication requirement of having past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background which results in each such director's financial sophistication, including being or having been a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities. Stockholders should understand that this designation is a disclosure requirement of the SEC related to the experience and understanding of each of Messrs. Mutch and Ullman with respect to certain accounting and auditing matters. The designation of "audit committee financial expert" does not impose upon Messrs. Mutch or Ullman any duties, obligations or liabilities that are greater than are generally imposed on any such director as a member of the Audit Committee and the Board, and each such director's designation as an audit committee financial expert pursuant to this SEC requirement does not affect the duties, obligations or liabilities of the other members of our Audit Committee or the Board.

The Audit Committee met six times during 2013. The Audit Committee assists the full Board in its general oversight of our financial reporting, internal controls and audit functions, and is directly responsible for the appointment, compensation and retention of our independent registered public accounting firm, which reports to the Audit Committee. In addition, any related-person transactions, excluding certain limited compensation matters involving one of our directors or executive officers, which are delegated to the Compensation Committee, must be reviewed and approved by the Audit Committee or another independent body of the Board.

Compensation Committee. The members of our Compensation Committee are Gary W. Ullman (Chair), Jack L. Howard and Robert J. Valentine. Each of Messrs. Ullman and Valentine is "independent" as defined by the rules of the NASDAQ Market. Mr. Howard is not "independent" as defined by the rules of the NASDAQ Market. The Compensation Committee met four times during 2013.

For a summary of the functions of our Compensation Committee, see "Compensation Discussion and Analysis – Role of the Compensation Committee".

Governance and Nominating Committee. The members of our Governance and Nominating Committee are Jack L. Howard (Chair), John Mutch and Warren G. Lichtenstein. Mr. Mutch is “independent” as defined by the rules of the NASDAQ Market. Messrs. Howard and Lichtenstein are not “independent” as defined by the rules of the NASDAQ Market.

The Governance and Nominating Committee did not meet during 2013. The Governance and Nominating Committee is responsible for reviewing the qualifications of potential candidates for membership on our Board and recommending such candidates to the full Board. In addition, the Governance and Nominating Committee makes recommendations regarding the structure and composition of our Board and advises and makes recommendations to the full Board on matters concerning corporate governance. In addition, the Governance and Nominating Committee determines, on an annual basis, which members of our Board meet the definition of “independent” as defined in the rules of the NASDAQ Market, and reviews and discusses any relationships with a director that would potentially interfere with his or her exercise of independent judgment in carrying out the responsibilities of a director.

Investment Committee. The Investment Committee is responsible for setting and implementing investment policies with respect to our investment assets. As part of its responsibilities, it selects investment managers and other investment professionals, monitors investment manager performance, and monitors compliance with the Company’s investment policies. The members of our Investment Committee are Warren G. Lichtenstein (Chair) and Jack L. Howard.

Consideration of Director Nominees; New Nominees for Director

Director Qualifications. The goal of the Governance and Nominating Committee is to identify nominees who will contribute to our overall corporate goals and objectives. In making such evaluation, the Governance and Nominating Committee considers a nominee’s character, judgment, business experience, personal and professional background, areas of expertise and contribution to diversity of the Board in light of its then-current composition and the Governance and Nominating Committee’s assessment of the perceived needs of the Board. The Governance and Nominating Committee considers the qualifications of each potential nominee not only for their individual strengths, but also for the potential contribution to the Board as a group. In addition, the Governance and Nominating Committee considers the level of the candidate’s commitment to active participation as a director, both at board and committee meetings and otherwise. The Governance and Nominating Committee does not use different standards to evaluate nominees depending on whether they are proposed by our directors and management or by our stockholders. When appropriate, the Governance and Nominating Committee may retain executive recruitment firms to assist it in identifying suitable candidates. After its evaluation of potential nominees, the Governance and Nominating Committee submits its chosen nominees to the Board for approval.

Stockholder Nominees. The Governance and Nominating Committee will consider stockholder recommendations for director candidates. If a stockholder would like to recommend a director candidate for the 2015 Annual Meeting of

Stockholders, the stockholder must deliver the recommendation to our Corporate Secretary at our principal executive offices no later than 75 days prior to and no earlier than 105 days prior to May 27, 2015, the date that is the one year anniversary of the Annual Meeting (the deadline for nominations for the 2015 Annual Meeting of Stockholders is between February 11, 2015 and March 13, 2015). Notwithstanding the foregoing, if the 2015 Annual Meeting of Stockholders occurs on a date more than 30 days earlier or 60 days after the date that is the one year anniversary of the Annual Meeting, then notice by the stockholder to be timely for the 2015 Annual Meeting must be delivered no later than 75 days prior to and no earlier than 105 days prior to the actual date of the 2015 Annual Meeting of Stockholders, or 10 days following the day on which public announcement (in a filing under the Exchange Act or by press release) of the date of the 2015 Annual Meeting of Stockholders is first made by our Board.

Recommendations for candidates should be accompanied by personal information about the candidate, including a list of the candidate's references, the candidate's resume or curriculum vitae and the other information that would be required in the stockholder notice required by Section 1.12 of our bylaws. A stockholder recommending a candidate may be asked to submit additional information as determined by the Governance and Nominating Committee and as necessary to satisfy the rules of the SEC. If a stockholder's recommendation is received within the time period set forth above and the stockholder has met the criteria set forth above, the Governance and Nominating Committee will evaluate such candidate, along with the other candidates being evaluated by the Governance and Nominating Committee, in accordance with the committee's charter and corporate governance principles, and will apply the criteria described under "Consideration of Director Nominees; New Nominees for Director—Director Qualifications" above.

There have been no changes to the procedures by which our security holders may recommend nominees to our Board since the filing of our Definitive Proxy Statement on April 29, 2013 for our 2013 annual meeting of stockholders, which was held on May 21, 2013.

STOCK OWNERSHIP OF PRINCIPAL STOCKHOLDERS AND MANAGEMENT

The “Percentage of Shares” column treats as outstanding all shares underlying options that are exercisable within 60 days after April 14, 2014, or vesting of an RSU held by the Directors and named executive officers individually and as a group, but not shares underlying equity awards that are exercisable by other stockholders.

In addition, the Governance and Nominating Committee determines, on an annual basis, which members of our Board meet the definition of “independent” as defined in the rules of the NASDAQ Market, and reviews and discusses any relationships with a director that would potentially interfere with his or her exercise of independent judgment in carrying out the responsibilities of a director.

preparation of our reports for filing with the SEC.

Performance of services under the Management Services Agreement by SP Corporate and its personnel are subject to the oversight of our Audit Committee, and the authority of SP Corporate and its personnel to incur any obligation or enter into any transaction is subject to the prior approval of the Audit Committee or a prior written delegation of authority of the Audit Committee delivered to SP Corporate.

Messrs. Howard, McCabe and McGill, as well as the persons that will render the above functions to the Company are made available to us on a non-exclusive basis. However, pursuant to the terms of the Management Services Agreement, all such persons are required to devote such time and effort as is reasonably necessary to fulfill the statutory and fiduciary duties applicable to them in performing such services.

Under the Management Services Agreement, we paid an annual fee to SP Corporate of \$3,600,000 for 2013, this amount was adjusted to \$8,000,000 annually effective January 1, 2014, and is subject to review and adjustment by agreement between ourselves and SP Corporate for periods commencing in 2015 and beyond. Additionally, we reimburse SP Corporate and its affiliates for all reasonable and necessary business expenses incurred on our behalf in connection with the performance of the services under the Management Services Agreement. During the year ended December 31, 2013, we reimbursed SP Corporate and its affiliates an aggregate of approximately \$700,651 for business expenses incurred on our behalf pursuant to the Management Services Agreement.

The Management Services Agreement provides that we are to indemnify and hold harmless SP Corporate and its affiliates and employees (other than the person serving as our principal executive officer, Chief Financial Officer and other persons that may be furnished as officers to us by SP Corporate to perform the above services (the “Designated Persons”)) from any claims or liabilities by a third party in connection with activities or the rendering of services under the Management Services Agreement. Pursuant to the Management Services Agreement, we expect to enter into our customary indemnification agreement with the Designated Persons.

The Management Services Agreement has a term of one year, which shall renew for successive one year periods, unless and until terminated in accordance with the terms set forth therein, which include, under certain circumstances, the payment by the Company of termination fees to SP Corporate.

Our Audit Committee approved the entry into the Management Services Agreement. The Audit Committee concluded that the engagement of SP Corporate provides a cost effective solution to the Company for obtaining executive and other necessary services. The services provided under the Management Services Agreements were formerly provided by employees of the Company who were terminated following the sale or wind down of our historical businesses or who became employees of SP Corporate. In negotiating and approving the Management Services Agreement, our Audit Committee, consisting of our “independent” directors as defined by the rules of the NASDAQ Market, considered such issues as the scope of the services to be provided by SP Corporate to the Company, the pricing of any arrangement with SP Corporate and the limits of authority for the outsourced personnel.

Equity Grants to SP Corporate Employees

During 2013, we awarded 117,045 shares of restricted stock in the aggregate to personnel of SP Corporate and its affiliates providing services to us. This amount includes awards of 20,000, 7,500, 2,200 and 3,000 shares of restricted stock to Messrs. Howard, Quicke, McCabe and McGill, respectively. Our Compensation Committee approved these awards after taking into account the recommendation of SP Corporate. In addition, each of Messrs. Howard and Quicke received a RSU for 2,500 shares of Common Stock in their capacity as directors pursuant to the policy of RSU grants to all Board members following each annual meeting of stockholders.

Deposits at WebBank

We hold \$15.2 million of short-term deposits at WebBank, an affiliate of Steel Holdings. During 2013 we recorded interest income of approximately \$0.1 million from such deposits.

Securities Transactions Through Mutual Securities

Our securities transactions are allocated to brokers on the basis of reliability and best price and execution. During 2013, we used Mutual Securities as an introducing broker and for securities trades. Jack Howard, our Vice Chairman and principal executive officer, is also a broker at Mutual Securities. Commissions charged by Mutual Securities are generally commensurate with commissions charged by other institutional brokers. In 2013, we paid approximately \$229,884 in commissions to Mutual Securities.

EXECUTIVE COMPENSATION

Compensation Discussion & Analysis

Overview

This Compensation Discussion and Analysis section discusses our executive compensation philosophy, decisions and practices for 2013. As set forth in the Summary Compensation Table below, our named executive officers for 2013 were Jack L. Howard, Vice Chairman and principal executive officer, John J. Quicke, our Interim President and Chief Executive Officer until April 4, 2013, Mark A. Zorko, our Chief Financial Officer until May 7, 2013, and James F. McCabe, Jr., Chief Financial Officer effective May 8, 2013.

We entered into the Management Services Agreement, effective as of August 1, 2012, with SP Corporate, an affiliate of Steel Holdings which, together with its affiliates, owns approximately 55.2% of our outstanding shares of Common Stock as of the Record Date. Pursuant to the Management Services Agreement, as amended, SP Corporate provides us with the services of Jack L. Howard as our principal executive officer, James F. McCabe, Jr. as our Chief Financial Officer, and certain other employees and corporate services, including, without limitation, legal, tax, accounting, treasury, consulting, auditing, administrative, compliance, environmental health and safety, human resources, marketing, investor relations and other similar services.

Notwithstanding the Management Services Agreement, we may elect to provide equity based compensation to our executive officers, key employees and other senior SP Corporate personnel providing services to us. We expect that we will make awards to provide equity based compensation after taking into account recommendations of SP Corporate. In April 2013, after considering the recommendation of SP Corporate, we awarded Mr. McCabe 2,200 shares of restricted stock. In December 2013, after considering the recommendation of SP Corporate, we awarded Messrs. Howard and Quicke 20,000 and 7,500 shares of restricted stock, respectively.

As the compensation of the Company's named executive is provided by SP Corporate pursuant to the Management Services Agreement, the discussion that follows in this Compensation Discussion and Analysis relates only to certain discretionary equity compensation awards that have been made to all named executive officers. A description of the terms of the Management Services Agreement is set forth under the heading "Transactions with Related Persons-Certain Related Person Transactions".

Compensation Philosophy

Historically, we have believed that the most effective compensation program is one that is designed to reward the achievement of our financial, strategic and corporate goals, and which aligns executives' interests with those of our stockholders. At our 2013 Annual Meeting of Stockholders, our stockholders expressed their support of our executive compensation programs designed to achieve this objective, with approximately 78% of votes cast approving our executive compensation.

Following our entry into the Management Services Agreement, we pay a fixed fee to SP Corporate for the services of all of our executive officers, and SP Corporate is responsible for our executive officers' compensation. The fees payable under the Management Services Agreement are subject to an annual review and such adjustments as may be agreed upon by SP Corporate and Steel Excel. We believe that this arrangement is beneficial to our stockholders because we can obtain executive officer, management and other necessary services under the Management Services Agreement that are tailored to our needs for a fixed fee, without the need to maintain benefit and other programs for the executives and other personnel performing such services. Additionally, we believe that any equity awards that we determine to award our executive officers will directly align their interests with our stockholders. For a description of the Management Services Agreement, including the services available to us thereunder, see "Transactions with Related Persons-Certain Related Person Transactions".

Role of the Compensation Committee

Historically, the Compensation Committee ensured that our executive compensation and benefits program were consistent with our compensation philosophy and our corporate governance guidelines. Additionally, the Compensation Committee reviewed our overall compensation strategy at least annually to ensure that it promotes stockholder interests, supports our strategic and tactical objectives and provides for appropriate rewards and incentives for our named executive officers.

Upon entering into the Management Services Agreement, the Compensation Committee no longer plays a role in determining the cash compensation of our executive officers, as they are compensated directly by SP Corporate. However, the Compensation Committee may determine to provide equity based compensation to our executive officers, but expect to do so after taking into account the recommendations of SP Corporate.

In the event that SP Corporate did not provide the services of our executive officers, then the Compensation Committee would again be responsible for developing and implementing compensation programs for our executive officers that are consistent with such philosophy.

External Advisors

The Compensation Committee has the authority to engage the services of outside advisors, and does so as needed. In 2013, the Compensation Committee did not engage any such advisors.

Accounting and Tax Implications of Our Compensation Policies

In designing our compensation programs, the Compensation Committee considers the financial accounting and tax consequences to us, as well as the tax consequences to employees. We account for equity compensation paid to our employees under the accounting guidance related to stock-based compensation, which requires us to estimate and record an expense over the service period of the award. The stock-based compensation cost of our equity awards is considered by management as part of its equity grant recommendations to the Compensation Committee.

Section 162(m) places a limit of \$1 million on the amount of compensation that we may deduct for income tax purposes in any one year with respect to our principal executive officer and certain other of our most highly compensated executive officers. This limitation does not apply to compensation that is considered performance-based under applicable tax rules. In the past several years, we have not awarded any performance-based compensation to our executive officers, as none of such officers has exceeded \$1 million in annual compensation. Instead, we have issued time-based RSUs and restricted stock awards. However, the Compensation Committee retains the right to grant performance-based compensation in the future if it deems appropriate.

2013 Compensation to our Named Executive Officers

On August 1, 2012, the Management Services Agreement became effective. Pursuant to this agreement, SP Corporate provides the services of our named executive officers, along with other services, for which the annual fee payable to SP Corporate for 2013 was \$3,600,000, which was paid in equal monthly installments. Effective January 1, 2013 the annual fee was increased to \$8,000,000.

The salary information for Mr. Quicke provided in the Summary Compensation Table reflects compensation paid under Mr. Quicke's Independent Contractor Agreement for service as our Interim President and Chief Executive Officer during the first seven months of the fiscal year ended December 31, 2012 and the extra cash payments made to him for serving as Chief Executive Officer of Sun Well Service, Inc., a wholly owned subsidiary of our Steel Energy segment. With respect to the cash compensation of Messrs. McCabe, Quicke (for the period beginning on August 1, 2012 through April 4, 2013) and Zorko (through May 7, 2013), SP Corporate has informed us that it cannot identify the portion of the compensation paid to our executive officers for service to us as it does not compensate its employees specifically for such service. Mr. Howard's services are provided pursuant to the Management Services Agreement, although he is not compensated by SP Corporate for such services. As a result, such information is not included in the Summary Compensation Table or other compensation tables. However, information regarding the discretionary equity awards granted to Messrs. Howard, McCabe, Quicke and Zorko is included in the Summary Compensation Table.

After taking into account the recommendation of SP Corporate, the Compensation Committee made a discretionary equity award of 20,000, 7,500 and 2,200 shares of restricted stock to each of Messrs. Howard, Quicke and McCabe under our 2004 Equity Plan. These awards are subject to transfer restrictions and risk of forfeiture until it vests.

Compensation Risk Assessment

The Compensation Committee reviewed our employee compensation policies and practices and determined that such policies and practices, taken as a whole, are not likely to have a material adverse effect on us. The Compensation Committee considered that it is SP Corporate's obligation to compensate our employees who would likely be in a position to engage in speculative behavior on our behalf. As such employees are furnished to us on a non-exclusive basis, and as indicated by SP Corporate, are not specifically compensated for their services to us, the risk of their compensation creating an incentive to engage in behavior that would jeopardize the Company is significantly lessened. The Compensation Committee does not believe that the discretionary equity awards made to Messrs. Quicke and McCabe have led to excessive risk taking by the recipients based upon the fact that these awards were granted in the Compensation Committee's discretion during 2013 at the recommendation of SP Corporate, are not performance based, but instead, are service based. The Compensation Committee intends to focus on any further equity awards recommended to be awarded by SP Corporate for purposes of determining whether such awards may lead to excessive risk taking.

Potential Payments upon Termination or Change-in-Control

Each of Messrs. Howard and McCabe serve as executive officers of the Company pursuant to the Management Services Agreement, and are not directly employed by us. As such, the only potential payments that any such individuals may receive as a result of termination of their service as our executive officers is pursuant to the acceleration of vesting of their equity awards under our 2004 Equity Plan under the conditions described below.

Messrs. Howard, Quicke and Mr. McCabe held 22,500, 10,000 and 2,200 shares of restricted stock, respectively, at December 31, 2013 awarded under the 2004 Equity Plan. In the event that (i) a merger or sale of our assets occurred on December 31, 2013, and the acquiring company did not assume the obligations for the restricted stock of Messrs. Howard, Quicke or Mr. McCabe, or (ii) on December 31, 2013, Messrs. Howard, Quicke or Mr. McCabe died, became disabled or their status as an executive officer was terminated without “cause” (as defined in their restricted stock award agreements), then their respective restricted stock would immediately vest, and the value attributed to such immediate vesting for Messrs. Howard, Quicke and Mr. McCabe would have been \$663,975, \$295,100 and \$64,922, respectively (which value is calculated based upon the number of shares of restricted stock at December 31, 2013 multiplied by \$29.51, which was the closing market price of our shares of Common Stock on the OTCQB Market on December 31, 2013).

Equity Compensation Plan Information

The following table sets forth information as of December 31, 2013 regarding equity awards under our 2004 Equity Plan, 2006 Director Plan, and any amendments to such plans:

Of these shares, approximately 1,549,776 shares are available for issuance under our 2004 Equity Plan, which permits the grant of stock options, stock appreciation rights (“SARs”), restricted stock, stock awards and RSUs, and approximately 409,045 shares remain available for issuance under our 2006 Director Plan of which a maximum of 55,443 shares may be issued as restricted stock or RSUs.

Director Compensation***Overview***

Our non-employee directors receive a combination of cash and equity compensation for serving on our Board. In addition, we reimburse our directors for out-of-pocket expenses incurred in connection with attending Board and committee meetings.

Cash Compensation

Under our cash compensation policy for our non-employee directors (the “Compensation Policy”), directors were eligible to receive the following cash consideration: (1) an annual cash retainer of \$50,000, paid at the rate of \$12,500 at the beginning of each fiscal quarter, (2) if in excess of eight board meetings are held in any year, then additional meeting fees would be payable at the rate of \$2,000 per meeting; provided, however, that the Chairman of the Board may designate a given meeting as a \$1,000-reduced-fee meeting. In addition to the above compensation, (1) the non-executive Chairman is to receive an annual retainer of \$15,000 per year, and (2) the Chairmen of the Audit, Compensation and Governance and Nominating Committees are each to receive an annual retainer of \$15,000, \$10,000, \$5,000, respectively, and other members of such committees are to receive one-half of the retainer that the Chairman of such committee was entitled to. Members of the Investment Committee do not receive cash compensation for such service.

Equity Compensation

Our 2006 Director Plan is a “discretionary” plan and does not provide for automatic granting of options and other equity awards to our non-employee directors. Instead, our Board approves specific grants of equity awards. Our compensation practice for non-employee directors provides for an initial award of options to purchase 3,250 shares of our Common Stock and an award of RSUs, representing 1,625 shares of Common Stock upon becoming a member of our Board. The option grant and shares subject to the RSU vest 33.33% on the one-year anniversary of service with us and quarterly thereafter at 8.33% and are fully vested at the end of three years. Continuing directors receive an RSU representing 2,500 shares of Common Stock, which vest on the earlier of the applicable date the director ceases to be a member of our Board or on the one year anniversary of the date of grant. Initial and continuing director awards are typically made on the date of our annual meeting of stockholders. Equity awards and vesting schedules are subject to change by the Compensation Committee with approval by the Board.

On December 16, 2013, we made a grant of restricted stock to our directors in recognition of their service on the board of a company whose operations had become more complex as a result of recently completed acquisitions. Each of John Mutch, Robert Valentine and Gary Ullman received 3,000 shares of restricted stock from our 2006 Director Plan, and Warren Lichtenstein, Jack Howard and John Quicke received 25,000, 20,000 and 7,500 shares of restricted stock from our 2004 Equity Plan, respectively. Messrs. Lichtenstein and Howard received greater awards in recognition of their additional responsibilities as Chairman and Vice Chairman, respectively, and for their service on the Company’s Investment Committee. Mr. Quicke received a greater award in recognition of his service as President and Chief Executive Officer of our Steel Energy segment.

PROPOSAL NO. 2:

ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

The Dodd-Frank Act requires that we provide our stockholders with the opportunity to vote to approve, on a non-binding, advisory basis, the compensation of our Company's named executive officers as disclosed in this Proxy Statement in accordance with the SEC's rules. The vote on this resolution is not intended to address any specific element of compensation; rather, the advisory vote relates to the overall compensation of our executive officers.

As described in detail in the section entitled, "Executive Compensation—Compensation Discussion & Analysis" beginning on page 23, pursuant to the Management Services Agreement SP Corporate provides us with the services of all of our named executive officers, and we pay SP Corporate directly for such services. Pursuant to the terms of the Management Services Agreement, SP Corporate is responsible for compensating all of our executive officers, including our named executive officers. However, we may elect to provide equity compensation to our executive officers, but expect to do so after taking into account the recommendations of SP Corporate.

The Board recommends that stockholders approve the compensation of the Company's named executive officers as described in this Proxy Statement by approving the following advisory resolution:

RESOLVED, that the stockholders of Steel Excel Inc. (the "Company") approve, on an advisory basis, the compensation of the Company's named executive officers, as described in the Compensation Discussion and Analysis and disclosed in the Summary Compensation Table and related compensation tables as set forth in this Proxy Statement.

Required Vote and Board Recommendation

The affirmative vote of a majority of the votes cast at the meeting, at which a quorum is present, either in person or by proxy, is required to approve the compensation of our named executive officers. If you hold your shares in your own name and indicate that you wish to abstain from voting on this matter, your abstention will be counted as present for purposes of determining the presence of a quorum. If you hold your shares through a broker and you do not instruct the broker on how to vote on this proposal, as is discussed above, your broker will not have the authority to vote your uninstructed shares on this proposal. Such abstentions and broker non-votes will have no effect on the outcome of this proposal. As an advisory vote, this proposal is non-binding. Although the vote is non-binding, the Board and the Compensation Committee value the opinions of our stockholders, and will consider the outcome of the vote when

making future compensation decisions for our named executive officers.

**THE BOARD RECOMMENDS A VOTE FOR THE APPROVAL OF
THE COMPANY'S EXECUTIVE COMPENSATION.**

Report of the Audit Committee¹

The following is the Report of the Audit Committee with respect to our audited financial statements for our fiscal year ended December 31, 2013.

The Audit Committee's purpose is, among other things, to assist our Board in its oversight of its financial accounting, reporting and controls. Our Board has determined that each member of the Audit Committee meets the independence criteria prescribed by applicable law and the rules of the SEC for audit committee membership and each is an "independent" director within the meaning of the listing standards of the NASDAQ Market. The Audit Committee operates under a written charter.

Our management is responsible for the preparation, presentation and integrity of our financial statements, including setting the accounting and financial reporting principles and designing our system of internal control over financial reporting. Our independent registered public accounting firm, BDO USA, LLP ("BDO"), is responsible for performing an independent audit of our Consolidated Financial Statements and for expressing opinions on the conformity of our audited financial statements to generally accepted accounting principles and on the effectiveness of our internal control over financial reporting based on their audit. The Audit Committee oversees these processes, although members of the Audit Committee are not engaged in the practice of auditing or accounting, and their functions are not intended to duplicate or to certify the activities of management or BDO.

The Audit Committee has reviewed and discussed our audited Consolidated Financial Statements for the fiscal year ended December 31, 2013 with management and BDO. The Audit Committee met with BDO, with and without management present, to discuss the results of its examinations, its evaluation of our internal control over financial reporting and the overall quality of our financial reporting.

The Audit Committee has also received from, and discussed with, BDO the matters required to be discussed by Public Company Accounting Oversight Board Auditing Standard No. 16 (Communications with Audit Committees). The Audit Committee has received the written disclosures and the letter from BDO required by the Public Company Accounting Oversight Board. The Audit Committee has discussed with BDO the communications concerning independence and that firm's independence. Based on the review and discussions described in this report, and subject to the limitations on the role and responsibilities of the Audit Committee referred to in this report and its charter, the Audit Committee recommended to the Board that the audited Consolidated Financial Statements be included in our Annual Report.

¹ The material in this report is not "soliciting material," is furnished to, but not deemed "filed" with the SEC and is not to be incorporated by reference in any of our filings under the Securities Act or the Exchange Act, whether made

before or after the date hereof and irrespective of any general incorporation language in any such filing, expect to the extent specifically incorporated by referenced therein.

Audit Committee Pre-Approval Policies and Procedures

Section 10A(i)(1) of the Exchange Act and related SEC rules require that all auditing and permissible non-audit services to be performed by a company's principal accountants be approved in advance by the Audit Committee of the Board, subject to a de minimis exception set forth in the SEC rules (the "De Minimis Exception"). Pursuant to Section 10A(i)(3) of the Exchange Act and related SEC rules, the Audit Committee has established procedures by which the Chairperson of the Audit Committee may pre-approve such services provided the pre-approval is detailed as to the particular service or category of services to be rendered and the Chairperson reports the details of the services to the full Audit Committee at its next regularly scheduled meeting. None of the audit-related or non-audit services described above were performed pursuant to the De Minimis Exception. In fiscal 2013 and 2012, the Audit Committee followed SEC guidelines in approving all services rendered by BDO.

**PROPOSAL NO. 3: RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has selected BDO as our independent registered public accounting firm for our fiscal year ending December 31, 2014.

The ratification of the selection of BDO as our independent registered public accounting firm is being submitted to stockholders because we believe that this action follows sound corporate practice and is in the best interests of the stockholders. If the stockholders do not ratify the selection by the affirmative vote of the holders of a majority of the Common Stock voted on the matter at the Annual Meeting, the Audit Committee will reconsider the appointment of BDO as our independent registered public accounting firm for our fiscal year ending December 31, 2014, but such a vote will not be binding on the Audit Committee. If the stockholders ratify the selection, the Audit Committee, in its discretion, may still direct the appointment of new independent auditors at any time during the year if the Audit Committee determines that such a change would be in the best interests of Steel Excel and our stockholders.

Required Vote and Board Recommendation

The affirmative vote of a majority of the votes cast at the meeting, at which a quorum is present, either in person or by proxy, is required to ratify the appointment of BDO as our independent registered public accounting firm for the fiscal year ending December 31, 2014 on a non-binding, advisory basis. If you hold your shares in your own name and indicate that you wish to abstain from voting on this matter, your abstention will be counted as present for purposes of determining the presence of a quorum and will have no effect on the outcome of this proposal. As discussed above, if you hold your shares through a broker and you do not instruct the broker on how to vote on this proposal, your broker will have the authority to vote your uninstructed shares on this proposal. If a broker chooses to leave these uninstructed shares unvoted, such shares will be counted for the purpose of establishing a quorum, but will have no effect on the outcome of this proposal. As an advisory vote, this proposal is non-binding. Although the vote is non-binding, the Board and the Audit Committee value the opinions of our stockholders, and will consider the outcome of the vote.

**THE BOARD RECOMMENDS A VOTE FOR RATIFICATION OF
THE APPOINTMENT OF BDO USA, LLP.**

PROPOSAL NO. 4: REVERSE/FORWARD SPLIT

At a meeting on March 20, 2014, our Board unanimously voted to adopt and declared advisable an amendment to our Certificate of Incorporation effecting a 1-for-500 reverse stock split of all outstanding and treasury shares of our Common Stock (the “Reverse Stock Split”), followed by a 500-for-1 forward stock split of all outstanding and treasury shares of our Common Stock (the “Forward Stock Split” and collectively with the Reverse Stock Split, the “Reverse/Forward Split”), and we are now asking you to approve this amendment.

Effecting the Reverse/Forward Split requires amending our Certificate of Incorporation to include a reference to the Reverse/Forward Split (the “Split Amendments”) in the forms attached to this proxy statement as Appendix A and Appendix B. If this Proposal No. 4 is approved by stockholders, subject to final action by the Board, the Reverse/Forward Split will be effective upon the filing of the Split Amendments with the Secretary of State of the State of Delaware.

If our Board elects to implement the Reverse/Forward Split, then stockholders holding less than 500 shares prior to the Reverse Split would be entitled to receive a cash payment for all of such stockholder’s shares by virtue of the Reverse Stock Split (the “Cashed Out Stockholders”). Following the Reverse Stock Split, the shares of all stockholders who are not Cashed Out Stockholders, as well as the treasury shares, will participate in the Forward Stock Split. If a stockholder holds 500 or more shares of Common Stock immediately prior to the effective time of the Reverse Stock Split, any fractional share resulting from the Reverse Stock Split will not be cashed out and the total number of shares held by such holder will not change as a result of the Reverse/Forward Split. The amount of the cash payment that a stockholder would be entitled to receive will be determined in the manner set forth below under “Fractional Shares.”

As of the effective date of the Reverse/Forward Split, the Reverse/Forward Split will have the effect of retiring an estimated 2,050 stockholders and the currently outstanding number of shares of our Common Stock would be reduced by 285,000 shares.

Purpose of the Reverse/Forward Split

The Reverse/Forward Split would benefit the Company and our stockholders by significantly reducing the Company’s administrative burdens and costs by cashing out smaller stockholders. The cost of administering each stockholder’s account and the amount of time spent by our management in responding to stockholder requests is the same regardless of the number of shares held in the account. Accordingly, our cost of maintaining many small accounts is disproportionately high when compared with the total number of shares involved. In view of the disproportionate cost to us of maintaining small stockholder accounts, we believe that it would be beneficial to us and our stockholders as a whole to eliminate the administrative burden and cost associated with these smaller accounts.

The Reverse/Forward Stock Split would not only reduce these aforementioned servicing expenses, but would also provide these smaller stockholders with an efficient, cost-effective way to cash out their investment because the Company will pay all transaction costs such as brokerage or service fees in connection with the Reverse Stock Split. Otherwise, stockholders with small holdings would likely incur brokerage fees which are disproportionately high relative to the market value of their shares if they wanted to sell their Common Stock. The Reverse/Forward Split will eliminate these costs for stockholders holding fewer than 500 shares of our Common Stock. Stockholders owning 500 or more shares would receive no cash payments and would continue as stockholders of the Company holding the same number of shares as were held by them immediately before the Reverse/Forward Stock Split.

Board Discretion to Implement the Reverse/Forward Split

Upon receipt of stockholder approval for the Split Amendments, if our Board concludes that it is in the best interests of our Company and our stockholders to effect the Reverse/Forward Split, the Split Amendments will be filed with the Secretary of State of the State of Delaware. The actual timing of the filing of the Split Amendments with the Secretary of State of the State of Delaware to effect the Reverse/Forward Split will be determined by our Board. The Reverse/Forward Split will be effective as of the date of filing with the Secretary of State of the State of Delaware.

Effects of the Reverse/Forward Split

Rights, Preferences and Limitations. Other than the impact of the Reverse/Forward Split on Cashed Out Stockholders, who will receive cash in exchange for their Common Stock, there are no differences between the respective rights, preferences or limitations of our Common Stock before the Reverse/Forward Stock Split and our Common Stock after the Reverse/Forward Stock Split. There will be no differences with respect to dividend, voting, liquidation or other rights associated with our Common Stock before and after the Reverse/Forward Stock Split. Each share of our Common Stock issued pursuant to the Reverse/Forward Split would be fully paid and nonassessable.

If the Reverse/Forward Split is approved, the interests of our remaining stockholders will not change. Securities acquired from Cashed Out Stockholders will be retired by the Company.

Effect on Options. None of the rights currently accruing to holders of our options would be affected by the Reverse/Forward Split.

Authorized Shares of Common Stock. The Reverse/Forward Split would not change the number of authorized shares of our Common Stock as designated by our Certificate of Incorporation.

Beneficial Owners of the Company Common Stock. We intend to treat stockholders holding our Common Stock in street name in the same manner as record holders. Prior to the effective date of the Reverse/Forward Stock Split, we will conduct an inquiry of all brokers, banks and other nominees that hold shares of our Common Stock in “street name,” ask them to provide us with information on how many fractional shares will be cashed-out, and request that they effect the Reverse/Forward Stock Split for their beneficial holders. However, these banks, brokers and other nominees may have different procedures than registered stockholders for processing the Reverse/Forward Stock Split. As a result, a stockholder owning 500 or more shares of Common Stock may nevertheless have those shares cashed-out if the stockholder holds shares in a combination of street name accounts and record holder accounts, or holds shares in separate accounts in several brokerage firms. If you are in this situation and desire to remain one of our stockholders after the Reverse/Forward Stock Split, you may consolidate your holdings into one brokerage account or record holder account prior to the effective date of the Reverse/Forward Stock Split. Conversely, if you hold an account with less than 500 shares in street name and want to ensure that your shares are cashed-out, you may want to change the manner in which your shares are held from street name into a record holder account in your own name so that you will be a record owner of the shares.

Other Effects on Outstanding Shares. Our Common Stock is currently registered under Section 12(g) of the Exchange Act. As a result, we are subject to the periodic reporting and other requirements of the Exchange Act. The Reverse/Forward Split would not affect the registration of our Common Stock under the Exchange Act.

If the Reverse/Forward Stock Split is effected, stockholders whose holdings in the Company consist of record ownership of fewer than 500 shares of Common Stock will no longer have any equity interest in the Company and will not participate in future increases or decreases to the Company's stock price, will no longer be entitled to vote as a stockholder of the Company and will no longer be entitled to receive our proxy or other information provided by the Company to our stockholders.

The Reverse/Forward Split will affect all holders of our Common Stock uniformly and will not materially affect any stockholder's percentage ownership interest in us, except to the extent that stockholders are Cashed Out Stockholders following the Reverse/Forward Split. As described below under "Fractional Shares," Cashed Out Stockholders will be entitled to a cash payment in lieu of such fractional shares held by such stockholders following the Reverse/Forward Split. The cash payments will reduce the number of post-Reverse/Forward Split holders of our Common Stock to the extent there are stockholders who would otherwise receive less than one share of Common Stock after the Reverse Stock Split. In addition, the Reverse/Forward Split will not materially affect any remaining stockholder's proportionate voting power.

Structure of the Reverse/Forward Split

The Reverse/Forward Split includes both a reverse stock split and a forward stock split of our Common Stock. If the Reverse/Forward Split is approved by stockholders and implemented by the Board, the Reverse Stock Split is expected to occur immediately prior to the Forward Stock Split. Upon consummation of the Reverse Stock Split (and prior to the Forward Stock Split), every 500 shares of our Common Stock held by a stockholder at that time will be combined into one share of our Common Stock. Any stockholder who holds fewer than 500 shares of our Common Stock immediately prior to the Reverse Stock Split will receive a cash payment instead of fractional shares. The amount of this cash payment will be determined and paid as described below under “Fractional Shares.” If a stockholder holds 500 or more shares of our Common Stock immediately prior to the Reverse Stock Split, no fractional share will be cashed out as a result of the Reverse Stock Split and the total number of shares held by such holder will not change as a result of the Reverse/Forward Split.

If a stockholder holding fewer than 500 shares of our Common Stock wants to continue to hold our Common Stock after the Reverse/Forward Split, such stockholder may do so by taking either of the following actions far enough in advance so that it is completed by the effective date of the Reverse/Forward Split: (A) purchase a sufficient number of shares of our Common Stock so that such stockholder holds at least 500 of shares of our Common Stock, or (B) if applicable, consolidate such stockholder's accounts so that such stockholder holds at least 500 of shares of our Common Stock in one account.

The Forward Stock Split will be effected immediately following the Reverse Stock Split and all stockholders who are not Cashed-Out Stockholders will receive 500 shares of our Common Stock for every one share of our Common Stock they hold following the Reverse Stock Split. We expect that the Reverse/Forward Split will treat stockholders holding Common Stock in street name or through a nominee (such as a bank or broker), and those persons holding shares of Common Stock as nominees for others, in the same manner as stockholders whose shares are registered in their names on the books of the Company. Nominees will be advised that they may effect the Reverse/Forward Split for their beneficial holders. However, nominees may have different procedures and stockholders holding shares in street name should contact their nominees to be advised of any procedures such holders may need to follow in order to obtain the same treatment as registered stockholders or rights such holders may have to retain beneficial ownership of such shares.

Exchange of Stock Certificates

As of the effective date of the Reverse/Forward Split, each certificate representing shares of our Common Stock outstanding before the Reverse/Forward Split would be deemed, for all corporate purposes, to evidence ownership of the number of shares of our Common Stock resulting from the Reverse/Forward Split or the right to receive a cash payment with respect to a Cashed Out Stockholder. All shares, underlying options and other securities would also be automatically adjusted on the effective date.

Our transfer agent would act as the exchange agent for purposes of implementing the exchange of stock certificates and distribution of cash for Cashed Out Stockholders. As soon as practicable after the effective date, stockholders and holders of securities convertible into our Common Stock would be notified of the effectiveness of the Reverse/Forward Split. Any Cashed-Out Stockholder with stock certificates will receive a letter of transmittal after the Reverse/Forward Split is completed. In order to receive their cash payments with respect to such shares, these stockholders must complete and sign the letter of transmittal and return it with their stock certificate(s) to our transfer agent, before they can receive cash payment for those shares.

STOCKHOLDERS SHOULD NOT DESTROY ANY STOCK CERTIFICATE AND SHOULD NOT SUBMIT ANY CERTIFICATES UNTIL THEY RECEIVE A LETTER OF TRANSMITTAL.

Fractional Shares

No fractional shares of our Common Stock will be issued as a result of the implementation of the Reverse/Forward Split. Instead, following the Reverse Stock Split, all Cashed Out Stockholders will have their fractional shares purchased by the Company and such fractional shares will be retired and returned to the authorized Common Stock of the Company available for future issuance. Cashed Out Stockholders will receive a cash payment from the transfer agent representing a per share price equal to the closing price of the Company's Common Stock on the date that the Board implements the Reverse/Forward Split.

No transaction costs will be assessed on stockholders for the cash payment. Stockholders will not be entitled to receive interest for the period of time between the effective time of the Reverse/Forward Split and the date payment is made for their fractional share interest in our Common Stock. You should also be aware that, under the escheat laws of certain jurisdictions, sums due for fractional interests that are not timely claimed after the funds are made available may be required to be paid to the designated agent for each such jurisdiction. Thereafter, stockholders otherwise entitled to receive such funds may have to obtain the funds directly from the state to which they were paid.

Appraisal Rights

No appraisal rights are available under the Delaware General Corporation Law or under our Certificate of Incorporation or bylaws to any stockholder who dissents from this proposal. There may exist other rights or actions under state law for stockholders who are aggrieved by stock splits generally.

Accounting Consequences

The par value of our Common Stock would remain unchanged at \$0.001 per share after the Reverse/Forward Split. Any fractional shares that are redeemed from the Cashed Out Stockholders will result in a decrease in paid in capital and cash. We do not anticipate that any other accounting consequences would arise as a result of the Reverse/Forward Split.

Federal Income Tax Consequences of the Reverse/Forward Split

The following is a summary of certain material federal income tax consequences of the Reverse/Forward Split; however, this does not purport to be a complete discussion of all of the possible federal income tax consequences of the Reverse/Forward Split. It does not discuss any state, local, foreign or minimum income or other U.S. federal tax consequences. Also, it does not address the tax consequences to stockholders who are subject to special tax rules, such as banks, insurance companies, regulated investment companies, personal holding companies, foreign entities, nonresident alien individuals, broker-dealers and tax-exempt entities. This discussion is based on the provisions of the United States federal income tax law as of the date hereof, which is subject to change retroactively as well as prospectively. This summary also assumes that the pre-split shares were, and the post-split shares will be, held as capital assets, as defined in the Internal Revenue Code of 1986, as amended (generally, property held for investment). Tax treatment may vary depending upon particular facts and circumstances. Accordingly, each stockholder should consult with his or her own tax advisor concerning the effects of the Reverse/Forward Split and, in particular, the manner in which the tax basis and holding period of the stockholder's post-split shares will be determined.

Each stockholder should recognize no gain or loss upon the exchange of pre-split shares for post-split shares pursuant to the Reverse/Forward Split. In general, the receipt of cash by a stockholder instead of a fractional share will result in a taxable gain or loss to such stockholders. The amount of the taxable gain or loss to a stockholder will be determined based upon the difference between the amount of cash received by such stockholder and the portion of the basis of the pre-Reverse/Forward Split of our Common Stock allocable to such fractional interest. The gain or loss recognized will constitute capital gain or loss and will constitute long-term capital gain or loss if the stockholder's holding period is greater than one year as of the effective time of the Reverse/Forward Split. There are limitations on the deductibility of capital losses under the Internal Revenue Code.

The aggregate tax basis of the post-split shares received in the Reverse/Forward Split (including any fraction of a post-split share deemed to have been received) will be the same as the aggregate tax basis in the pre-split shares exchanged. The holding period for the post-split shares will include the period during which the pre-split shares surrendered in the Reverse/Forward Split were held.

The Company believes that the Reverse/Forward Split will qualify as a recapitalization under Section 368(a)(1)(E) of the Internal Revenue Code. As a result, the Company will not recognize any gain or loss as a result of the Reverse/Forward Split.

THIS FOREGOING IS A BRIEF SUMMARY OF THE EFFECT OF FEDERAL INCOME TAXATION UPON THE PARTICIPANTS AND THE COMPANY WITH RESPECT TO THE REVERSE/FORWARD SPLIT, AND DOES NOT CONSTITUTE A TAX OPINION. THIS SUMMARY DOES NOT PURPORT TO BE COMPLETE AND DOES NOT ADDRESS THE FEDERAL INCOME TAX CONSEQUENCES TO TAXPAYERS WITH SPECIAL TAX STATUS. IN ADDITION, THIS SUMMARY DOES NOT DISCUSS THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE OR FOREIGN COUNTRY IN WHICH THE STOCKHOLDER MAY RESIDE, AND DOES NOT DISCUSS ESTATE, GIFT OR OTHER TAX CONSEQUENCES OTHER THAN INCOME TAX CONSEQUENCES. THE COMPANY ADVISES EACH PARTICIPANT TO CONSULT HIS OR HER OWN TAX ADVISOR REGARDING THE TAX CONSEQUENCES OF THE REVERSE/FORWARD SPLIT AND FOR REFERENCE TO APPLICABLE PROVISIONS OF THE INTERNAL REVENUE CODE.

Required Vote and Board Recommendation

The affirmative vote of a majority of our shares of Common Stock outstanding on the record date is required to approve the proposal giving our Board the authority to effect the Reverse/Forward Split. If you hold your shares in your own name and indicate that you wish to abstain from voting on this matter, your shares will be counted as present for purposes of determining the presence of a quorum and your abstention will have the same effect as a vote against this proposal. If you hold your shares through a broker and you do not instruct the broker on how to vote on this proposal, your broker will not have the authority to vote your shares. Broker non-votes will be counted as present for purposes of determining the presence of a quorum and will have the same effect as a vote against this proposal.

DEADLINE FOR SUBMISSION OF STOCKHOLDER PROPOSALS FOR 2015 ANNUAL MEETING OF STOCKHOLDERS

A stockholder’s notice of proposal shall include (i) a brief description of the business desired to be brought before the meeting, the reasons for conducting such business at the meeting and any material interest in such business of such stockholder and the beneficial owner, if any, on whose behalf the proposal is made; and (ii) as to the stockholder giving the notice and the beneficial owner, if any, on whose behalf the nomination or proposal is made, (a) the name and address of such stockholder, as they appear on the Company’s books, and of such beneficial owner, and (b) the class and number of shares of the Company that are owned beneficially and held of record by such stockholder and such beneficial owner. See “Consideration of Director Nominees; New Nominees for Director – Stockholder Nominees” for a discussion of the information required to be submitted with stockholder director nominations. The requirements for advance notice of stockholder proposals under our bylaws do not apply to proposals properly submitted under Rule 14a-8 under the Exchange Act, as those stockholder proposals are governed by Rule 14a-8. SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16 of the Exchange Act, requires our directors and certain of our officers, and persons who own more than 10% of a registered class of our equity securities, to file initial reports of ownership and reports of changes in ownership with the SEC. SEC regulations also require these persons to furnish us with a copy of all Section 16(a) forms they file. Based solely on our review of the copies of the forms furnished to us and written representations from

our officers who are required to file Section 16(a) forms and our directors, we believe that all Section 16(a) filing requirements were met during 2013 with the exception of a Form 5 filed by each of Messrs. Lichtenstein, Howard, Mutch, Quicke, Ullman and Valentine in connection with the May 21, 2013 grant of a RSU to each director.
