QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended March 31, 2018

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____
Commission File Number 001-37443

Univar Inc.
(Exact name of registrant as specified in its charter)

Delaware	26-1251958
(State or other jurisdiction of incorporation or organization)	(I.R.S. Employer Identification No.)
3075 Highland Parkway, Suite 200 Downers Grove, Illinois	60515
(Address of principal executive offices)	(Zip Code)
Registrant's telephone number, including area code: (331) 777-6000	

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer or a smaller reporting company. See definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer Accelerated filer
Non-accelerated filer Smaller reporting company
Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

At April 30, 2018, 141,301,164 shares of the registrant's common stock, \$0.01 par value, were outstanding.

Table of Contents

Univar Inc.

Notes to Condensed Consolidated Financial Statements

As of March 31, 2018 and

For the Three Month Periods Ended March 31, 2018 and 2017

(Unaudited)

1. Nature of operations

Headquartered in Downers Grove, Illinois, Univar Inc. (“the Company” or “Univar”) is a leading global chemicals and ingredients distributor and provider of specialty chemicals. The Company’s operations are structured into four operating segments that represent the geographic areas under which the Company manages its business:

• Univar USA (“USA”)

• Univar Canada (“Canada”)

• Univar Europe, the Middle East and Africa (“EMEA”)

• Rest of World (“Rest of World”)

Rest of World includes certain developing businesses in Latin America (including Brazil and Mexico) and the Asia-Pacific region.

2. Significant accounting policies

Basis of presentation

The condensed consolidated financial statements of the Company have been prepared in accordance with accounting principles generally accepted in the United States of America (“US GAAP”) as applicable to interim financial reporting.

Unless otherwise indicated, all financial data presented in these condensed consolidated financial statements are expressed in US dollars. These condensed consolidated financial statements, in the Company’s opinion, include all adjustments, consisting of normal recurring accruals necessary for a fair presentation of the condensed consolidated balance sheets, statements of operations, comprehensive income, cash flows and changes in stockholders’ equity. The results of operations for the periods presented are not necessarily indicative of the operating results that may be expected for the full year. These condensed consolidated financial statements should be read in conjunction with the Company’s Annual Report on Form 10-K for the year ended December 31, 2017.

The condensed consolidated financial statements include the financial statements of the Company and its subsidiaries. Subsidiaries are consolidated if the Company has a controlling financial interest, which may exist based on ownership of a majority of the voting interest, or based on the Company’s determination that it is the primary beneficiary of a variable interest entity (“VIE”) or if otherwise required by US GAAP. The Company did not have any material interests in VIEs during the periods presented in these condensed consolidated financial statements. All intercompany balances and transactions are eliminated in consolidation.

The preparation of condensed consolidated financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the amounts reported and disclosed in the financial statements and accompanying notes. Actual results could differ materially from these estimates.

Recently issued and adopted accounting pronouncements

In May 2014, the FASB issued ASU 2014-09, “Revenue from Contracts with Customers” (Topic 606). On January 1, 2018, the Company adopted the new accounting standard Accounting Standards Codification (“ASC”) Topic 606, Revenue from Contracts with Customers and all the related amendments (“new revenue standard”) to all contracts using the modified retrospective method. The Company recognized the cumulative effect of initially applying the new revenue standard as an adjustment to the opening balance of accumulated deficit. The comparative information has not been restated and continues to be reported under the accounting standards in effect for those periods.

In August 2017, the FASB issued ASU 2017-12 “Derivatives and Hedging” (Topic 815) - “Targeted Improvements to Accounting for Hedging Activities.” The ASU better aligns hedge accounting with the Company’s risk management activities, simplifies the application of hedge accounting, and improves transparency as to the scope and results of hedging programs. The Company early adopted the new pronouncement effective January 1, 2018, as allowed, using the modified retrospective approach by recognizing the cumulative effect of initially applying the new pronouncement

as an adjustment to the opening balance of accumulated deficit. The comparative information has not been restated and continues to be reported under the accounting standards in effect for those periods.

6

Table of Contents

The cumulative effect of the changes made to our January 1, 2018 condensed consolidated balance sheet for the adoption of ASU 2014-09 “Revenue from Contracts with Customers” (Topic 606) and ASU 2017-12 “Derivatives and Hedging” (Topic 815) - “Targeted Improvements to Accounting for Hedging Activities” is as follows:

(in millions)	Balance at December 31, 2017	Adjustments due to ASU 2014-09	Adjustments due to ASU 2017-12	Balance at January 1, 2018
Assets				
Trade accounts receivable, net	\$ 1,062.4	\$ 41.3	\$ —	\$ 1,103.7
Inventories	839.5	(2.1)	—	837.4
Prepaid expenses and other current assets	149.6	1.8	—	151.4
Liabilities				
Trade accounts payable	\$ 941.7	\$ 7.0	\$ —	\$ 948.7
Other accrued expenses	301.6	33.2	—	334.8
Equity				
Accumulated deficit	\$(934.1)	\$ 0.8	\$ (0.5)	\$(933.8)
Accumulated other comprehensive loss	(278.5)	—	0.5	(278.0)

The following tables summarize the impact of adopting the new revenue standard upon the Company’s condensed consolidated balance sheet and statement of operations as of and for the quarter ended March 31, 2018:

Three months ended March 31,
2018

(in millions)	As reported	Balances without adoption of ASC 606	Effect of change higher/(lower)
Net sales	\$2,158.0	\$2,151.7	\$ 6.3
Cost of goods sold	1,671.4	1,665.5	5.9
Gross profit	\$486.6	\$486.2	\$ 0.4
Income tax expense	\$10.2	\$10.1	\$ 0.1
Net income	65.4	65.1	0.3

March 31, 2018

(in millions)	As reported	Balances without adoption of ASC 606	Effect of change higher/(lower)
Assets			
Trade accounts receivable, net	\$1,288.5	\$1,240.2	\$ 48.3

Prepaid expenses and other current assets	174.6	165.8	8.8
Liabilities			
Trade accounts payable	\$1,011.7	\$997.8	\$ 13.9
Other accrued expenses	330.7	297.0	33.7
Equity			
Accumulated deficit	\$(868.4)	\$(869.5)	\$ 1.1

In March 2017, the FASB issued ASU 2017-07 “Compensation - Retirement Benefits” (Topic 715) - “Improving the Presentation of Net Periodic Pension Cost and Net Periodic Postretirement Benefit Cost.” On January 1, 2018, the

Company adopted the amendments to ASC 715 that improves the presentation of net periodic pension and postretirement benefit costs, by separating the presentation of service costs from other components of net periodic costs. The interest cost, expected return on assets, and amortization of prior service costs have been reclassified from warehousing, selling, and administrative expenses to

7

Table of Contents

other expense, net. The mark to market, curtailment, and settlement expenses have been reclassified from other operating expenses, net to other expense, net.

The effect of the retrospective presentation change related to the net periodic cost of our defined benefit pension and other postretirement employee benefits (“OPEB”) plans on our consolidated income statement was as follows:

(in millions)	Three months ended March 31, 2017		
	As revised	Previously reported	Effect of change higher/(lower)

Warehousing, selling and administrative	\$228.5	\$ 226.1	\$ 2.4
Other income (expense), net	(6.7)	(9.1)	(2.4)

In August 2016, the FASB issued ASU 2016-15 “Statement of Cash Flows” (Topic 230) - “Classification of Certain Cash Receipts and Cash Payments.” The ASU clarifies and provides specific guidance on eight cash flow classification issues that were not currently addressed by the previous guidance. The Company adopted the ASU as of January 1, 2018 and accordingly restated the condensed consolidated statement of cash flows for the three months ended March 31, 2017 to conform with the current period presentation under this new guidance. As a result of the adoption, the Company reclassified \$3.2 million of cash outflows previously reported as operating activities to financing activities within the condensed consolidated statement of cash flows related to contingent consideration payments for the three months ended March 31, 2017.

The Company also adopted the following standards during 2018, none of which had a material impact to the financial statements or financial statement disclosures:

Standard	Effective date
2017-09 Compensation - Stock Compensation - Scope of Modification Accounting	January 1, 2018
2017-04 Intangibles - Goodwill and Other - Simplifying the Test for Goodwill Impairment	January 1, 2018
2017-01 Business Combinations - Clarifying the Definition of a Business	January 1, 2018
2016-18 Statement of Cash Flows - Restricted Cash	January 1, 2018
2016-16 Income Taxes - Intra-Entity Transfers of Assets Other Than Inventory	January 1, 2018
2016-01 Financial Instrument - Recognition and Measurement of Financial Assets and Financial Liabilities	January 1, 2018

Accounting pronouncements issued and not yet adopted

In February 2016, the FASB issued ASU 2016-02 “Leases” (Topic 842), which supersedes the lease recognition requirements in ASC Topic 840, “Leases.” The core principal of the guidance is that an entity should recognize assets and liabilities arising from a lease for both financing and operating leases, along with additional qualitative and quantitative disclosures. The standard will be effective for fiscal years beginning after December 15, 2018, including interim periods within such fiscal years. Early adoption is permitted. The guidance is to be applied using a modified retrospective transition method with the option to elect a package of practical expedients. The Company has established a project team who has completed the initial scoping and has begun implementing a software solution to comply with the new standard's reporting and disclosure requirements. The Company is also in the process of identifying changes to processes and controls. Upon adoption of this standard, the Company expects the condensed consolidated balance sheet to include a right of use asset and liability related to certain operating lease arrangements. In June 2016, the FASB issued ASU 2016-13 “Financial Instruments - Credit Losses” (Topic 326) - “Measurement of Credit Losses on Financial Instruments.” The ASU requires entities to use a Current Expected Credit Loss model, which is a new impairment model based on expected losses rather than incurred losses. Under the model, an entity would recognize an impairment allowance equal to its current estimate of all contractual cash flows that the entity does not expect to collect from financial assets measured at amortized cost. The entity’s estimate would consider relevant information about past events, current conditions and reasonable and supportable forecasts, which will result in recognition of lifetime expected credit losses upon initial recognition of the related assets. This guidance will be

effective for fiscal years beginning after December 15, 2019, including interim periods within such fiscal years. The Company expects to adopt this guidance when effective, and does not expect the guidance to have a significant impact to the condensed consolidated financial statements when adopted on January 1, 2020.

In January 2018, the FASB issued ASU 2018-02 “Income Statement - Reporting Comprehensive Income” (Topic 220) “Reclassification of Certain Tax Effects from Accumulated Other Comprehensive Income” (“AOCI”), which gives entities the option to reclassify certain tax effects, that the FASB refers to as having been stranded, resulting from the Tax Cuts and Jobs Act

Table of Contents

from AOCI to retained earnings. The new guidance may be applied retrospectively to each period in which the effect of the Tax Cuts and Jobs Act is recognized, or in the period of adoption. The Company must adopt this guidance for fiscal years beginning after December 15, 2018 and interim periods within those fiscal years. Early adoption is permitted. The Company is evaluating early adoption of this guidance, and is currently determining the impact to the Company's reported accumulated deficit and accumulated other comprehensive loss line items within the condensed consolidated balance sheet.

3. Revenue

On January 1, 2018, the Company adopted the new revenue standard using the modified retrospective method applied to those contracts which were not completed as of January 1, 2018. Results for reporting periods beginning after January 1, 2018 are presented under the new revenue standard, while prior period amounts are not adjusted and continue to be reported in accordance with historic accounting under ASC Topic 605. The Company recorded a net decrease to the opening accumulated deficit of \$0.8 million as of January 1, 2018 due to the cumulative impact of adopting the new revenue standard.

The Company disaggregates revenues from contracts with customers by both geographic segments and revenue contract types. Geographic reportable segmentation is pertinent to understanding Univar's revenues, as it aligns to how the Company reviews the financial performance of its operations. Revenue contract types are differentiated by the type of good or service Univar offers customers, since the contractual terms necessary for revenue recognition are unique to each of the identified revenue contract types.

The following table disaggregates external customer net sales by major stream:

(in millions)	USA	Canada	EMEA	Rest of World	Consolidated
	Three Months Ended March 31, 2018				
Chemical Distribution	\$1,160.8	\$232.0	\$538.4	\$99.9	\$ 2,031.1
Crop Sciences	—	69.4	—	—	69.4
Services	43.6	12.0	0.2	1.7	57.5
Total external customer net sales	\$1,204.4	\$313.4	\$538.6	\$101.6	\$ 2,158.0

Revenue is recognized when performance obligations under the terms of the contract are satisfied, which generally occurs when goods or services are transferred to a customer. Revenue is measured as the amount of consideration the Company expects to receive in exchange for transferring goods or providing services. Payment terms and conditions vary by regions where the Company performs business and contract types. The term between invoicing and when payment is due is generally one year or less. As of March 31, 2018, none of the Company's contracts contained a significant financing component.

Chemical Distribution

The Company generates revenue when control is transferred for products provided to customers. Certain customers may receive discounts off the transaction price, primarily due to price and volume incentives, or return product for non-conformance, which are accounted for as variable consideration. The Company estimates the change in the transaction price that is expected to be provided to customers based on historical experience, which impacts revenues recognized.

Crop Sciences

The Company generates revenue when control is transferred for products provided to customers. The amount of consideration recorded varies due to price movements and rights granted to customers to return product. Customer payment terms often extend through a growing season, which may be up to six months.

Transaction prices may move during an agricultural growing season and changes may affect the amount of consideration the Company will receive. Transaction prices are also affected by special offers or volume discounts. The Company estimates the expected changes in the transaction price based on the combination of historical experience and the impact of weather on the current agriculture season. The adjustments to the transaction price are recognized as variable consideration and impacts revenues recognized.

When customers are provided rights to return eligible products, the Company estimates the expected returns based on the combination of historical experience and the impact of weather on the current agriculture season, which impacts

the revenues recognized.

Services

The Company generates revenue from services as they are performed and economic value is transferred to customers. Univar's services provided to customers are primarily related to waste management services and warehousing services.

Waste management

9

Table of Contents

services are primarily related to plant maintenance, environmental contracting, environmental consulting and the collection and disposal of both hazardous and non-hazardous waste products. Warehousing services is primarily inclusive of blending, warehousing, logistics and distribution services for customers. Waste management and warehousing services are recognized over time as the performance obligations are satisfied.

Costs to obtain or fulfill contracts with customers

Univar expenses costs to obtain contracts when the contract term and benefit period is expected to be one year or less. Contract costs where the contract term and benefit period is expected to be more than a year are capitalized and amortized over the performance obligation period. Capitalized contract costs of \$0.8 million and \$2.0 million are included in other current assets and other assets as of March 31, 2018.

Deferred revenue

Deferred revenues are recognized as a contract liability when customers have provided Univar with consideration prior to the Company satisfying a performance obligation. The following table provides information pertaining to the deferred revenue balance and account activity:

(in millions)

Deferred revenue as of January 1, 2018	\$	100.9
Deferred revenue as of March 31, 2018	80.5	
Revenue recognized that was included in the deferred revenue balance at the beginning of the period	49.5	

The deferred revenue balances are all expected to have a duration of one year or less and are recorded within the other accrued expenses line item of the condensed consolidated balance sheet.

4. Other operating expenses, net

Other operating expenses, net consisted of the following activity:

(in millions)	Three months ended March 31,	
	2018	2017
Stock-based compensation expense	\$9.4	\$6.4
Restructuring charges	0.5	1.7
Other employee termination costs	2.4	1.7
Business transformation costs	—	9.1
Acquisition and integration related expenses	0.4	0.2
Other	0.9	0.7
Total other operating expenses, net	\$13.6	\$19.8

Table of Contents

5. Restructuring charges

Restructuring charges relate to the implementation of several regional strategic initiatives aimed at streamlining the Company's cost structure and improving its operations. These actions primarily resulted in workforce reductions, lease termination costs and other facility rationalization costs. The following table presents cost information related to restructuring plans that have not been completed as of March 31, 2018 and does not contain any estimates for plans that may be developed and implemented in future periods.

(in millions)	USA	Canada	EMEA	ROW	Other	Total
Anticipated total costs						
Employee termination costs	\$16.5	\$ 5.8	\$ 22.5	\$ 6.2	\$ 5.8	\$56.8
Facility exit costs	24.1	—	3.7	0.2	—	28.0
Other exit costs	1.7	—	6.7	0.1	0.8	9.3
Total	\$42.3	\$ 5.8	\$ 32.9	\$ 6.5	\$ 6.6	\$94.1

Incurred to date costs

Inception of plans through March 31, 2018

Employee termination costs	\$16.5	\$ 5.8	\$ 22.5	\$ 6.2	\$ 5.8	\$56.8
Facility exit costs	22.4	—	3.7	0.2	—	26.3
Other exit costs	1.7	—	6.7	0.1	0.8	9.3
Total	\$40.6	\$ 5.8	\$ 32.9	\$ 6.5	\$ 6.6	\$92.4

Inception of plans through December 31, 2017

Employee termination costs	\$16.5	\$ 5.7	\$ 22.5	\$ 6.2	\$ 5.8	\$56.7
Facility exit costs	22.2	—	3.7	0.2	—	26.1
Other exit costs	1.7	—	6.6	—	0.8	9.1
Total	\$40.4	\$ 5.7	\$ 32.8	\$ 6.4	\$ 6.6	\$91.9

The following table summarizes activity related to accrued liabilities associated with restructuring:

(in millions)	January 1, 2018	Charge to earnings	Cash paid	Non-cash and other	March 31, 2018
Employee termination costs	\$3.0	\$ 0.1	\$(0.9)	\$ 0.1	\$2.3
Facility exit costs	10.2	0.2	(1.1)	—	9.3
Other exit costs	(0.5)	0.2	(0.2)	—	(0.5)
Total	\$12.7	\$ 0.5	\$(2.2)	\$ 0.1	\$11.1

(in millions)	January 1, 2017	Charge to earnings	Cash paid	Non-cash and other	December 31, 2017
Employee termination costs	\$ 6.9	\$ 2.9	\$(7.2)	\$ 0.4	\$ 3.0
Facility exit costs	13.2	2.8	(5.5)	(0.3)	10.2
Other exit costs	—	(0.2)	(0.3)	—	(0.5)
Total	\$ 20.1	\$ 5.5	\$(13.0)	\$ 0.1	\$ 12.7

Restructuring liabilities of \$5.1 million and \$5.8 million were classified as current in other accrued expenses in the condensed consolidated balance sheets as of March 31, 2018 and December 31, 2017, respectively. The long-term portion of restructuring liabilities of \$6.0 million and \$6.9 million were recorded in other long-term liabilities in the condensed consolidated balance sheets as of March 31, 2018 and December 31, 2017, respectively, and primarily consists of facility exit costs that are expected to be paid within the next five years.

While the Company believes the recorded restructuring liabilities are adequate, revisions to current estimates may be recorded in future periods based on new information as it becomes available.

Table of Contents

6. Other income (expense), net

Other income (expense), net consisted of the following gains (losses):

(in millions)	Three months ended	
	March 31, 2018	2017
Foreign currency transactions	\$(0.1)	\$(2.1)
Foreign currency denominated loans revaluation	1.2	(3.0)
Undesignated foreign currency derivative instruments ⁽¹⁾	(1.3)	1.0
Debt amendment costs	—	(4.2)
Non-operating retirement benefits ⁽²⁾	3.5	2.4
Other	(0.7)	(0.8)
Total other income (expense), net	\$2.6	\$(6.7)

(1) Refer to “Note 14: Derivatives” for more information.

(2) Refer to “Note 7: Employee benefit plans” for more information.

7. Employee benefit plans

The following table summarizes the components of net periodic benefit recognized in the condensed consolidated statements of operations:

(in millions)	Domestic - Defined Benefit Pension Plans		Foreign - Defined Benefit Pension Plans	
	Three months ended March 31, 2018	2017	Three months ended March 31, 2018	2017
Service cost ⁽¹⁾	\$—	\$ —	\$0.7	\$0.6
Interest cost ⁽²⁾	6.8	7.7	4.0	3.9
Expected return on plan assets ⁽²⁾	(7.8)	(7.7)	(6.5)	(6.3)
Net periodic benefit	\$(1.0)	\$ —	\$(1.8)	\$(1.8)

(1) Service cost is included in warehouse, selling and administrative expenses.

(2) These amounts are included in other income (expense), net.

8. Income taxes

The income tax expense for the three months ended March 31, 2018 was \$10.2 million, resulting in an effective tax rate of 13.5%. The Company’s effective tax rate for the three month period ended March 31, 2018 was lower than the US federal statutory rate of 21.0% primarily due to discrete tax benefits of a \$9.0 million release of valuation allowance on certain foreign tax attributes and a \$2.7 million recognition of previously unrecognized tax benefits due to a statute of limitation expiration. Without consideration of the \$12.3 million discrete benefits in the period, the Company’s estimated effective annual tax rate was 29.5%, which is higher than the US federal rate of 21.0% due to state income taxes, foreign rate differential, and the overall impact of the new provisions of the Tax Cuts and Jobs Act (discussed below).

The income tax expense for the three months ended March 31, 2017 was \$1.6 million, resulting in an effective tax rate of 6.6%. The Company’s effective tax rate for three months ended March 31, 2017 was lower than the US federal

statutory rate of 35.0% primarily due to the mix of earnings in multiple jurisdictions, non-taxable interest income and the release of a valuation allowance on certain foreign tax attributes. Included in the \$1.6 million expense for March 31, 2017 was \$2.2 million benefit related to excess tax benefits from equity compensation now reported as a discrete item on the quarter due to the Company's adoption of ASU 2016-09.

Impacts of the Tax Cuts and Jobs Act

On December 22, 2017, the Tax Cuts and Jobs Act (H.R. 1) (the "Tax Act") was signed into law. The Tax Act contains significant changes to corporate taxation. Beginning in 2018, the global intangible low-taxed income ("GILTI") provisions and the base-erosion and anti-abuse tax ("BEAT") provisions become effective. The GILTI provisions require the Company to include in its US income tax return foreign subsidiary earnings in excess of an allowable return on the foreign subsidiary's tangible assets.

Table of Contents

The BEAT provisions in the Tax Act eliminate the deduction of certain base-erosion payments made to related foreign corporations, and impose a minimum tax if greater than regular tax. Due to the complexity of the new GILTI tax rules, the Company is continuing to evaluate the provision of the Tax Act and the application of ASC 740. Under US GAAP, the Company is allowed to make an accounting policy choice of either (1) treating taxes due on future US inclusions in taxable income related to GILTI as a current-period expense when incurred (the “period cost method”) or (2) factoring such amounts into a Company’s measurement of its deferred taxes (the “deferred method”). The Company’s selection of an accounting policy with respect to the new GILTI tax rules will depend, in part, on analyzing our global income to determine whether we expect to have future US inclusions in taxable income related to GILTI. This determination depends not only on the Company’s current structure and estimated future results of global operations but also on the Company’s intent and ability to reasonably estimate the effect of this provision of the Tax Act. As the Company is still evaluating the impact of the Tax Act, no accounting policy election has been made yet regarding which method the Company will utilize for GILTI.

Based on the existing legislative guidance and interpretation, the Company has provisionally estimated the impact on the tax provision of the GILTI inclusion, offset by the related foreign tax credit, and expects that the annual effective tax rate will increase by approximately 3.8%. The Company does not expect it will be subject to BEAT in 2018. On December 22, 2017, the SEC staff issued Staff Accounting Bulletin No. 118 (“SAB 118”) to address the application of US GAAP in situations when a registrant does not have the necessary information available, prepared, or analyzed (including computations) in reasonable detail to complete the accounting for certain income tax effects of the Tax Act. The Company has recognized the provisional tax impacts related to deemed repatriated earnings and the revaluation of deferred tax assets and liabilities and included these amounts in its consolidated financial statements for the year ended December 31, 2017. As a result of the Tax Act, the Company recorded provisional amounts in 2017 including a one-time repatriation tax of \$76.5 million, \$47.6 million of foreign tax credits, of which \$34.0 million was recorded as a deferred tax asset, net of a valuation allowance. The ultimate impact may differ from these provisional amounts, possibly materially, due to, among other things, additional analysis, changes in interpretations and assumptions the Company has made, additional regulatory guidance that may be issued, and actions the Company may take as a result of the Tax Act. The accounting is expected to be complete within the measurement period of one year from December 22, 2017.

9. Earnings per share

The following table presents the basic and diluted earnings per share computations:

(in millions, except per share data)	Three months ended March 31, 2018 2017	
Basic:		
Net income	\$65.4	\$22.6
Less: earnings allocated to participating securities	0.1	—
Earnings allocated to common shares outstanding	\$65.3	\$22.6
Weighted average common shares outstanding	140.9	139.4
Basic income per common share	\$0.46	\$0.16
Diluted:		
Net income	\$65.4	\$22.6
Less: earnings allocated to participating securities	—	—
Earnings allocated to common shares outstanding	\$65.4	\$22.6
Weighted average common shares outstanding	140.9	139.4
Effect of dilutive securities: stock compensation plans ⁽¹⁾	1.1	1.4
Weighted average common shares outstanding – diluted	142.0	140.8
Diluted income per common share	\$0.46	\$0.16

Stock options to purchase 0.6 million shares of common stock were outstanding during the three months ended (1) March 31, 2018 and 2017, but were not included in the calculation of diluted income per share as the impact of these stock options would have been anti-dilutive.

Table of Contents

10. Accumulated other comprehensive loss

The following tables present the changes in accumulated other comprehensive loss by component, net of tax:

(in millions)	Cash flow hedges	Defined benefit pension items	Currency translation items	Total
Balance as of December 31, 2017	\$ 6.7	\$ (1.2)	\$ (284.0)	\$(278.5)
Impact due to adoption of ASU 2017-12 ⁽¹⁾	0.5	—	—	0.5
Other comprehensive income (loss) before reclassifications	9.1	—	(7.2)	1.9
Net current period other comprehensive income (loss)	\$ 9.6	\$ —	\$ (7.2)	\$2.4
Balance as of March 31, 2018	\$ 16.3	\$ (1.2)	\$ (291.2)	\$(276.1)
Balance as of December 31, 2016	\$ —	\$ 1.2	\$ (391.1)	\$(389.9)
Other comprehensive income before reclassifications	—	—	18.2	18.2
Net current period other comprehensive income (loss)	\$ —	\$ —	\$ 18.2	\$18.2
Balance as of March 31, 2017	\$ —	\$ 1.2	\$ (372.9)	\$(371.7)

(1) Adjusted due to the adoption of ASU 2017-12 “Targeted Improvements to Accounting for Hedging Activities” on January 1, 2018. Refer to “Note 2: Significant accounting policies” for more information.

Foreign currency gains and losses relating to intercompany borrowings that are considered a part of the Company’s investment in a foreign subsidiary are reflected in accumulated other comprehensive loss. There were no foreign currency gains and losses related to such intercompany borrowings for the three month period ended March 31, 2018. Total foreign currency gains related to such intercompany borrowings were \$0.5 million for the three month period ended March 31, 2017.

11. Debt

Short-term financing

Short-term financing consisted of the following:

(in millions)	March 31, 2018	December 31, 2017
Amounts drawn under credit facilities	\$ 6.9	\$ 9.1
Bank overdrafts	1.6	4.3
Total short-term financing	\$ 8.5	\$ 13.4

As of March 31, 2018 and December 31, 2017, the Company had \$147.2 million and \$147.0 million in outstanding letters of credit and guarantees, respectively.

Table of Contents

Long-term debt

Long-term debt consisted of the following:

(in millions)	March 31, 2018	December 31, 2017
Senior Term Loan Facilities:		
Term B Loan due 2024, variable interest rate of 4.38% and 4.07% at March 31, 2018 and December 31, 2017, respectively	\$1,977.8	\$2,277.8
Asset Backed Loan (ABL) Facilities:		
North American ABL Facility due 2020, variable interest rate of 3.38% and 5.00% at March 31, 2018 and December 31, 2017, respectively	296.6	155.0
North American ABL Term Loan due 2018, fully paid off at March 31, 2018 and variable interest rate of 4.44% at December 31, 2017	—	16.7
Senior Unsecured Notes:		
Senior Unsecured Notes due 2023, fixed interest rate of 6.75% at March 31, 2018 and December 31, 2017	399.5	399.5
Capital lease obligations	56.8	60.9
Total long-term debt before discount	\$2,730.7	\$2,909.9
Less: unamortized debt issuance costs and discount on debt	(26.7)	(27.9)
Total long-term debt	\$2,704.0	\$2,882.0
Less: current maturities	(20.5)	(62.0)
Total long-term debt, excluding current maturities	\$2,683.5	\$2,820.0

The weighted average interest rate on long-term debt was 4.17% and 4.50% as of March 31, 2018 and December 31, 2017, respectively.

On February 12, 2018, Univar made an optional \$300.0 million early repayment of principal against the \$2,277.8 million balance of its Term B Loan due 2024. This early repayment used existing cash balances that were remitted to the US from non-US subsidiary earnings, subject to the newly enacted US Tax Cuts and Jobs Act.

12. Supplemental balance sheet information

Property, plant and equipment, net

(in millions)	March 31, 2018	December 31, 2017
Property, plant and equipment, at cost	\$1,923.9	\$1,930.2
Less: accumulated depreciation	(940.1)	(927.2)
Property, plant and equipment, net	\$983.8	\$1,003.0

Capital lease assets, net

Included within property, plant and equipment, net are assets related to capital leases where the Company is the lessee.

The below table summarizes the cost and accumulated depreciation related to these assets:

(in millions)	March 31, 2018	December 31, 2017
Capital lease assets, at cost	\$83.8	\$ 86.0
Less: accumulated depreciation	(28.9)	(27.0)
Capital lease assets, net	\$54.9	\$ 59.0

Table of Contents

Intangible assets, net

The gross carrying amounts and accumulated amortization of the Company's intangible assets were as follows:

(in millions)	March 31, 2018			December 31, 2017		
	Gross	Accumulated Amortization	Net	Gross	Accumulated Amortization	Net
Intangible assets:						
Customer relationships	\$852.5	\$ (593.0)	\$259.5	\$853.5	\$ (582.1)	\$271.4
Other	182.8	(163.3)	19.5	177.8	(161.5)	16.3
Total intangible assets	\$1,035.3	\$ (756.3)	\$279.0	\$1,031.3	\$ (743.6)	\$287.7

Other intangible assets consist of intellectual property trademarks, trade names, supplier relationships, non-compete agreements and exclusive distribution rights.

Other accrued expenses

Other accrued expenses that were greater than five percent of total current liabilities consisted of customer prepayments and deposits, which were \$91.4 million and \$97.7 million as of March 31, 2018 and December 31, 2017, respectively.

13. Fair value measurements

Items measured at fair value on a recurring basis

The following table presents the Company's gross assets and liabilities measured on a recurring basis:

(in millions)	Level 2		Level 3	
	March	December	March	December
	31, 2018	31, 2017	31, 2018	31, 2017
Financial current assets:				
Forward currency contracts	\$0.3	\$ 0.3	\$ —	—
Interest rate swap contracts	10.8	1.2	—	—
Financial non-current assets:				
Interest rate swap contracts	13.2	10.6	—	—
Financial current liabilities:				
Forward currency contracts	0.3	0.4	—	—
Contingent consideration	—	—	0.3	—
Financial non-current liabilities:				
Contingent consideration	—	—	0.3	0.4

The net amounts by legal entity related to forward currency contracts included in prepaid and other current assets were \$0.2 million and \$0.2 million as of March 31, 2018 and December 31, 2017, respectively. The net amounts related to foreign currency contracts included in other accrued expenses were \$0.2 million and \$0.3 million as of March 31, 2018 and December 31, 2017, respectively.

The fair value of forward currency contracts is calculated by reference to current forward exchange rates for contracts with similar maturity profiles. The fair value of interest rate swaps is determined by estimating the net present value of amounts to be paid under the agreement offset by the net present value of the expected cash inflows based on market rates and associated yield curves. Based on these valuation methodologies, these derivative contracts are classified as Level 2 in the fair value hierarchy.

The fair value of the contingent consideration is based on a real options approach, which takes into account management's best estimate of the acquired business performance, as well as achievement risk. Based on the valuation methodology, contingent consideration is classified as Level 3 in the fair value hierarchy.

The following table is a reconciliation of the fair value measurements that use significant unobservable inputs (Level 3), which consists of contingent consideration related to prior acquisitions.

(in millions)	Contingent Consideration
---------------	--------------------------

Fair value as of December 31, 2017	\$	0.4
Fair value adjustments		0.2
Fair value as of March 31, 2018	\$	0.6

Table of Contents

The change in the fair value and payments related to the contingent consideration are recorded in the other, net line item of the operating activities within the condensed consolidated statement of cash flows.

Financial instruments not carried at fair value

The estimated fair value of financial instruments not carried at fair value in the condensed consolidated balance sheets were as follows:

(in millions)	March 31, 2018		December 31, 2017	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value

Financial liabilities:

Long-term debt including current portion (Level 2)	\$2,704.0	\$2,760.6	\$2,882.0	\$2,939.7
--	-----------	-----------	-----------	-----------

The fair values of the long-term debt, including the current portions, were based on current market quotes for similar borrowings and credit risk adjusted for liquidity, margins and amortization, as necessary.

Fair value of other financial instruments

The carrying value of cash and cash equivalents, trade accounts receivable, net, trade accounts payable and short-term financing included in the condensed consolidated balance sheets approximate fair value due to their short-term nature.

14. Derivatives

Interest rate swaps

The objective of the interest rate swap contracts is to offset the variability of cash flows in LIBOR indexed debt interest payments attributable to changes in the aforementioned benchmark interest rate related to the Term B Loan due 2024.

At March 31, 2018, the Company had interest rate swap contracts with a total notional amount of \$2.0 billion whereby a fixed rate of interest (weighted-average of 1.70%) is paid and a variable rate of interest (three-month LIBOR) is received as calculated on the notional amount.

As of July 6, 2017, the Company designated the interest rate swaps as a cash flow hedge in an effort to reduce the mark-to-market volatility recognized within the condensed consolidated statement of operations. As of March 31, 2018, the interest rate swaps held by the Company continue to qualify for hedge accounting. Prior to the hedge accounting designation, changes in fair value of the interest rate swap contracts were recognized directly in other income (expense), net in the condensed consolidated statement of operations. Refer to "Note 6: Other income (expense), net" for additional information. With the adoption of ASU 2017-12, the Company recognizes the changes in fair value of the interest rate swap contracts, whether it is due to effectiveness or ineffectiveness, in other comprehensive income and subsequently is reclassified to the income statement when the hedged item impacts earnings.

During the three months ended March 31, 2018, there were no gains or losses on our interest rate swap contracts that were reclassified to interest expense in the condensed consolidated statement of operations. As of March 31, 2018, we estimate that \$10.8 million of derivative gains included in accumulated other comprehensive loss will be reclassified into the condensed consolidated statement of operations within the next 12 months. The activity related to our cash flow hedges is included in "Note 10: Accumulated other comprehensive loss."

The fair value of interest rate swaps is recorded either in prepaids and other current assets, other assets, other accrued expenses or other long-term liabilities in the condensed consolidated balance sheets. As of March 31, 2018 and December 31, 2017, a current asset of \$10.8 million and \$1.2 million was included in other current assets, respectively. As of March 31, 2018 and December 31, 2017, a non-current asset of \$13.2 million and \$10.6 million was included in other assets, respectively.

Foreign currency derivatives

The Company uses forward currency contracts to hedge earnings from the effects of foreign exchange relating to certain of the Company's monetary assets and liabilities denominated in a foreign currency. These derivative instruments are not formally designated as hedges by the Company and the terms of these instruments range from one to three months. Forward currency contracts are recorded at fair value in either prepaid expenses and other current assets or other accrued expenses in the condensed consolidated balance sheet, reflecting their short-term nature. The

fair value adjustments and gains and losses are included in other income (expense), net within the condensed consolidated statements of operations. Refer to “Note 6: Other income (expense), net” for more information. The total notional amount of undesignated forward currency contracts were \$130.6 million and \$134.0 million as of March 31, 2018 and December 31, 2017, respectively.

Table of Contents

Cash flows associated with derivative financial instruments are recognized in the operating section of the condensed consolidated statement of cash flows.

15. Business combinations

2018 Acquisitions

Acquisition of Kemetyl Industrial Chemicals

On January 4, 2018, the Company completed an acquisition of 100% of the equity interest in Kemetyl Norge Industri AS (“Kemetyl”) as well as a definitive asset purchase agreement with Kemetyl Aktiebolag. Kemetyl is among the leading distributors of chemical products in the Nordic region and provides bulk and specialty chemicals, such as isopropanol, glycols, metal salts, minerals and polyacrylamides, to customers in Sweden and Norway. The addition of Kemetyl will allow Univar to expand its leading position in the pharmaceutical industry.

The purchase price of these acquisitions was \$8.9 million (net of cash acquired of \$0.7 million). The purchase price allocation includes goodwill of \$5.3 million and intangibles of \$3.7 million. The operating results subsequent to the acquisition date did not have a significant impact on the consolidated financial statement of the Company. The initial accounting for these acquisitions has only been preliminarily determined, and is subject to final working capital adjustments and valuations of intangible assets and property, plant and equipment.

2017 Acquisitions

Acquisition of Tagma Brasil

On September 21, 2017, the Company completed an acquisition of 100% of the equity interest in Tagma Brasil Ltda. (“Tagma”), a leading Brazilian provider of customized formulation and packaging services for crop protection chemicals that include herbicides, insecticides, fungicides and surfactants. This acquisition expands Univar's agriculture business in one of the world's fastest-growing agricultural markets.

Other acquisitions

On September 29, 2017, the Company completed a definitive asset purchase agreement with PVS Minibulk, Inc. (“PVS”), a provider of Minibulk services for inorganic chemicals in California, Oregon, and Washington. This acquisition expands and strengthens Univar's MiniBulk business in the West Coast market as the Company has the opportunity to service PVS customers and integrate them into the Univar business.

The purchase price of the 2017 acquisitions was \$23.9 million (net of cash acquired of \$0.2 million). The purchase price allocation includes goodwill of \$0.8 million and intangibles of \$5.3 million. The operating results subsequent to the acquisition dates did not have a significant impact on the consolidated financial statement of the Company. The initial accounting for these acquisitions has only been preliminarily determined, and is subject to final settlement of the working capital and other purchase agreement adjustments.

Purchase price adjustments on prior year acquisitions resulted in a decrease of \$3.4 million to goodwill recorded in 2018. The adjustments were primarily attributable to additional prepaid expenses and other current assets of \$2.6 million and \$1.1 million increase in the value allocated to intangible assets.

16. Commitments and contingencies

Litigation

In the ordinary course of business the Company is subject to pending or threatened claims, lawsuits, regulatory matters and administrative proceedings from time to time. Where appropriate the Company has recorded provisions in the condensed consolidated financial statements for these matters. The liabilities for injuries to persons or property are in some instances covered by liability insurance, subject to various deductibles and self-insured retentions.

The Company is not aware of any claims, lawsuits, regulatory matters or administrative proceedings, pending or threatened, that are likely to have a material effect on its overall financial position, results of operations or cash flows. However, the Company cannot predict the outcome of any claims or litigation or the potential for future claims or litigation.

The Company is subject to liabilities from claims alleging personal injury from exposure to asbestos. The claims result primarily from an indemnification obligation related to Univar USA Inc.'s (“Univar”) 1986 purchase of McKesson Chemical Company from McKesson Corporation (“McKesson”). Univar is also a defendant in a small number of asbestos claims. As of March 31, 2018, there were fewer than 245 asbestos-related claims for which the Company has

liability for defense and indemnity pursuant to the indemnification obligation. The volume of such cases has decreased in recent quarters. Historically, the vast majority of the claims against both McKesson and Univar have been dismissed without payment. The Company does incur costs in defending

Table of Contents

these claims. While the Company is unable to predict the outcome of these matters, it does not believe, based upon currently available facts, that the ultimate resolution of any of these matters will have a material effect on its overall financial position, results of operations or cash flows. However, the Company cannot predict the outcome of any present or future claims or litigation and adverse developments could negatively impact earnings or cash flows in a particular future period.

Environmental

The Company is subject to various federal, state and local environmental laws and regulations that require environmental assessment or remediation efforts (collectively “environmental remediation work”) at approximately 130 locations, some that are now or were previously Company-owned/occupied and some that were never Company-owned/occupied (“non-owned sites”).

The Company’s environmental remediation work at some sites is being conducted pursuant to governmental proceedings or investigations. At other sites, the Company, with appropriate state or federal agency oversight and approval, is conducting the environmental remediation work voluntarily. The Company is currently undergoing remediation efforts or is in the process of active review of the need for potential remediation efforts at approximately 107 current or formerly Company-owned/occupied sites. In addition, the Company may be liable for a share of the clean-up of approximately 23 non-owned sites. These non-owned sites are typically (a) locations of independent waste disposal or recycling operations with alleged or confirmed contaminated soil and/or groundwater to which the Company may have shipped waste products or drums for re-conditioning, or (b) contaminated non-owned sites near historical sites owned or operated by the Company or its predecessors from which contamination is alleged to have arisen.

In determining the appropriate level of environmental reserves, the Company considers several factors such as information obtained from investigatory studies; changes in the scope of remediation; the interpretation, application and enforcement of laws and regulations; changes in the costs of remediation programs; the development of alternative cleanup technologies and methods; and the relative level of the Company’s involvement at various sites for which the Company is allegedly associated. The level of annual expenditures for remedial, monitoring and investigatory activities will change in the future as major components of planned remediation activities are completed and the scope, timing and costs of existing activities are changed. Project lives, and therefore cash flows, range from 1 to 30 years, depending on the specific site and type of remediation project.

Although the Company believes that its reserves are adequate for environmental contingencies, it is possible due to the uncertainties noted above; that additional reserves could be required in the future that could have a material effect on the overall financial position, results of operations, or cash flows in a particular period. This additional loss or range of losses cannot be recorded at this time, as it is not reasonably estimable.

Changes in total environmental liabilities are as follows:

	Three months ended March 31,	
(in millions)	2018	2017
Environmental liabilities at beginning of period	\$89.2	\$95.8
Revised obligation estimates	2.2	3.1
Environmental payments	(4.8)	(5.3)
Foreign exchange	0.1	0.1
Environmental liabilities at end of period	\$86.7	\$93.7

Environmental liabilities of \$28.7 million and \$29.1 million were classified as current in other accrued expenses in the condensed consolidated balance sheets as of March 31, 2018 and December 31, 2017, respectively. The long-term portion of environmental liabilities is recorded in other long-term liabilities in the condensed consolidated balance sheets.

Customs and International Trade Laws

In April 2012, the US Department of Justice (“DOJ”) issued a civil investigative demand to the Company in connection with an investigation into the Company’s compliance with applicable customs and international trade laws and

regulations relating to the importation of saccharin from 2002 through 2012. The Company also became aware in 2010 of an investigation being conducted by US Customs and Border Patrol (“CBP”) into the Company’s importation of saccharin. Finally, the Company learned that a civil plaintiff had sued the Company and two other defendants in a Qui Tam proceeding, such filing having been made under seal in 2012, and this plaintiff had requested that the DOJ intervene in its lawsuit.

The US government, through the DOJ, declined to intervene in the Qui Tam proceeding in November 2013 and, as a result, the DOJ’s inquiry related to the Qui Tam lawsuit and its initial investigation demand are now finished. On February 26, 2014, the Qui Tam plaintiff also voluntarily dismissed its lawsuit against the Company.

CBP, however, continued its investigation on the importation of saccharin by the Company’s subsidiary, Univar USA Inc. On July 21, 2014, CBP sent the Company a “Pre-Penalty Notice” indicating the imposition of a penalty against Univar USA Inc.

Table of Contents

in the amount of approximately \$84.0 million. Univar USA Inc. responded to CBP that the proposed penalty was not justified. On October 1, 2014, the CBP issued a penalty notice to Univar USA Inc. for \$84.0 million and has reaffirmed this penalty notice. On August 6, 2015, the DOJ filed a complaint on CBP's behalf against Univar USA Inc. in the Court of International Trade seeking approximately \$84.0 million in allegedly unpaid duties and penalties, plus interest. The Company continues to defend this matter vigorously. Discovery has largely concluded and dispositive motion is pending. Univar USA Inc. has not recorded a liability related to this investigation as the Company believes a loss is not probable. Although the Company believes its position is strong, it cannot guarantee the outcome of this or other litigation.

17. Segments

Management monitors the operating results of its operating segments separately for the purpose of making decisions about resource allocation and performance assessment. Management evaluates performance on the basis of Adjusted EBITDA. Adjusted EBITDA is defined as consolidated net income, plus the sum of: interest expense, net of interest income; income tax expense; depreciation; amortization; loss on extinguishment of debt; other operating expenses, net; and other income (expense), net.

Transfer prices between operating segments are set on an arms-length basis in a similar manner to transactions with third parties. Corporate operating expenses that directly benefit segments have been allocated to the operating segments. Allocable operating expenses are identified through a review process by management. These costs are allocated to the operating segments on a basis that reasonably approximates the use of services. This is typically measured on a weighted distribution of margin, asset, headcount or time spent.

Other/Eliminations represents the elimination of inter-segment transactions as well as unallocated corporate costs consisting of costs specifically related to parent company operations that do not directly benefit segments, either individually or collectively.

Financial information for the Company's segments is as follows:

(in millions)	USA	Canada	EMEA	Rest of World	Other/ Eliminations (1)	Consolidated
	Three Months Ended March 31, 2018					
Net sales:

Other/Eliminations represents the elimination of intersegment transactions as well as unallocated corporate costs (1) consisting of costs specifically related to parent company operations that do not directly benefit segments, either individually or collectively.

Table of Contents

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Our operations are structured into four operating segments that represent the geographic areas under which we operate and manage our business. These segments are Univar USA ("USA"), Univar Canada ("Canada"), Univar Europe and the Middle East and Africa ("EMEA"), and Rest of World ("Rest of World"), which includes developing businesses in Latin America (including Brazil and Mexico) and the Asia-Pacific region.

We monitor the results of our operating segments separately for the purposes of making decisions about resource allocation and performance assessment. We evaluate performance on the basis of Adjusted EBITDA, which we define as our consolidated net income, plus the sum of interest expense, net of interest income, income tax expense, depreciation, amortization, loss on extinguishment of debt, other operating expenses, net (which primarily consists of acquisition and integration related expenses, employee stock-based compensation expense, restructuring charges, other employee termination costs, business optimization, and other unusual or non-recurring expenses) and other income (expense), net (which consists of gains and losses on foreign currency transactions and undesignated derivative instruments, debt refinancing costs, non-operating retirement benefits, and other non-operating activity).

We believe that Adjusted EBITDA is an important indicator of operating performance because:

- we report Adjusted EBITDA to our lenders as required under the covenants of our credit agreements;
- we consider gains (losses) on the acquisition, disposal and impairment of assets as resulting from investing decisions rather than ongoing operations;

Adjusted EBITDA excludes the effects of income taxes, as well as the effects of financing and investing activities by eliminating the effects of interest, depreciation and amortization expenses and therefore more closely measures our operational performance;

we use Adjusted EBITDA in setting performance incentive targets in order to align performance measurement with operational performance; and

other significant items, while periodically affecting our results, may vary significantly from period to period and have a disproportionate effect in a given period, which affects comparability of our results.

We set transfer prices between operating segments on an arms-length basis in a similar manner to transactions with third parties. We allocate corporate operating expenses that directly benefit our operating segments on a basis that reasonably approximates our estimates of the use of these services.

Other/Eliminations represents the elimination of inter-segment transactions as well as unallocated corporate costs consisting of costs specifically related to parent company operations that do not directly benefit segments, either individually or collectively. In the analysis of our results of operations, we discuss operating segment results for the current reporting period following our consolidated results of operations period-to-period comparison.

The following is management's discussion and analysis of the financial condition and results of operations for the three months ended March 31, 2018 as compared to the corresponding period in the prior year. This discussion should be read in conjunction with the condensed consolidated financial statements, including the related notes, set forth in this report under "Financial Statements" and our Annual Report on Form 10-K for the year ended December 31, 2017.

Results of Operations

The following tables set forth, for the periods indicated, certain statements of operations data first on the basis of reported data and then as a percentage of total net sales for the relevant period.

Table of Contents

(1) Foreign currency translation is included in the percentage change. Unfavorable impacts from foreign currency translation are designated with parentheses.

Net sales

Net sales percentage change due

to:

Acquisitions	0.4 %
Reported sales volumes	(3.5)%
Sales pricing and product mix	6.9 %
Foreign currency translation	4.2 %
Total	8.0 %

Net sales were \$2,158.0 million for the three months ended March 31, 2018, an increase of \$159.2 million, or 8.0%, from the three months ended March 31, 2017. On a constant currency basis, net sales increased due to sales pricing and product mix improvements in all regions, offsetting lower reported sales volumes primarily due to one less selling day in many regions for the three months ended March 31, 2018 compared to the three months ended March 31, 2017. Net sales also increased from the January 2018 Kemetyl acquisition in EMEA and the September 2017 Tagma acquisition in the Rest of World segment. Refer to the "Segment results" for the three months ended March 31, 2018 discussion for additional information.

Gross profit

Gross profit percentage change due to:

Acquisitions	0.6 %
Reported sales volumes	(3.5)%

Edgar Filing: Univar Inc. - Form 10-Q

Sales pricing, product costs and other adjustments	9.4 %
Foreign currency translation	4.2 %
Total	10.7 %

23

Table of Contents

Gross profit increased \$47.2 million, or 10.7%, to \$486.6 million for the three months ended March 31, 2018. The increase in gross profit is attributable to sales pricing improvements, changes in product and market mix, and chemical price inflation on certain products in all of our segments. The increase in gross profit from acquisitions was attributable to the January 2018 Kemetyl acquisition in EMEA and the September 2017 Tagma acquisition in the Rest of World segment. Gross margin, which we define as gross profit divided by net sales, increased to 22.5% for the three months ended March 31, 2018 from 22.0% for the three months ended March 31, 2017. Refer to the “Segment results” for the three months ended March 31, 2018 discussion for additional information.

Outbound freight and handling

Outbound freight and handling expenses increased \$8.3 million, or 11.7%, to \$79.3 million for the three months ended March 31, 2018. On a constant currency basis, outbound freight and handling expenses increased \$5.6 million, or 7.9%, primarily due to higher delivery costs resulting from higher fuel costs and capacity constraints, partially offset by lower reported sales volumes. Refer to the “Segment results” for the three months ended March 31, 2018 discussion for additional information.

Warehousing, selling and administrative

Warehousing, selling and administrative expenses increased \$12.5 million, or 5.5%, to \$241.0 million for the three months ended March 31, 2018. On a constant currency basis, the \$3.4 million increase is primarily due to focused investments in training, software and additional sales and technology resources to meet our sales force and digital initiative objectives. These costs were partially offset by good cost management across all of our segments and lower medical expenses and bad debt charges in the current year. Refer to the “Segment results” for the three months ended March 31, 2018 discussion for additional information.

Other operating expenses, net

Other operating expenses, net decreased \$6.2 million from \$19.8 million for the three months ended March 31, 2017 to \$13.6 million for the three months ended March 31, 2018. The decrease was related to the reduction in costs incurred to support the transformation of the US business and lower restructuring charges. The decrease was partially offset by higher stock-based compensation, higher other employee termination costs and higher acquisition and integration related expenses. Refer to “Note 4: Other operating expenses, net” and “Note 5: Restructuring charges” in Item 1 of this Quarterly Report on Form 10-Q for additional information.

Depreciation and amortization

Depreciation expense decreased \$4.5 million, or 12.5%, to \$31.4 million for the three months ended March 31, 2018. On a constant currency basis, the \$5.3 million decrease was primarily due to assets reaching the end of their useful lives.

Amortization expense decreased \$3.3 million, or 19.8%, to \$13.4 million for the three months ended March 31, 2018. On a constant currency basis, the decrease of \$3.5 million was primarily attributable to intangibles reaching the end of their useful lives.

Interest expense

Interest expense decreased \$0.6 million, or 1.6%, to \$36.1 million for the three months ended March 31, 2018 primarily due to lower average outstanding borrowings, largely offset by higher net average interest rates. Refer to “Note 11: Debt” in Item 1 of this Quarterly Report on Form 10-Q for additional information.

Other income (expense), net

Other income (expense), net decreased \$9.3 million, or 138.8%, from an expense of \$6.7 million for the three months ended March 31, 2017 to and income of \$2.6 million for the three months ended March 31, 2018. The decrease was primarily related to the absence of debt amendment fees for the January 2017 amendment of the Senior Term B loan agreement. The decrease was also due to the reduced exposure to exchange movements on foreign currency denominated loans due to the Euro Term B loan repayment in November 2017. Refer to “Note 6: Other income (expense), net” in Item 1 of this Quarterly Report on Form 10-Q for additional information.

Income tax expense

The income tax expense for the three months ended March 31, 2018 was \$10.2 million, resulting in an effective tax rate of 13.5%. The Company’s effective tax rate for the three month period ended March 31, 2018 was lower than the US federal statutory rate of 21.0% primarily due to discrete tax benefits of a \$9.0 million release of valuation

allowance on certain foreign tax attributes and a \$2.7 million recognition of previously unrecognized tax benefits due to a statute of limitation expiration. Without consideration

Table of Contents

of the \$12.3 million discrete benefits in the period, the Company's estimated effective annual tax rate was 29.5%, which is higher than the US federal rate of 21.0% due to state income taxes, foreign rate differential, and the overall impact of the new provisions of the Tax Cuts and Jobs Act. Refer to "Note 8: Income taxes" in Item 1 of this Quarterly Report on Form 10-Q for additional information.

Income tax expense for the three months ended March 31, 2017 was \$1.6 million, resulting in an effective tax rate of 6.6%. The Company's effective tax rate for three months ended March 31, 2017 was lower than the US federal statutory rate of 35.0%, primarily due to the mix of earnings in multiple jurisdictions, non-taxable interest income and the release of a valuation allowance on certain foreign tax attributes. Included in the \$1.6 million expense for March 31, 2017 was \$2.2 million benefit related to excess tax benefits from equity compensation now reported as a discrete item on the quarter due to the Company's adoption of ASU 2016-09.

Table of Contents

USA.

Net sales percentage change due to:		Gross profit percentage change due to:	
Reported sales volumes	(0.9)%	Reported sales volumes	(0.9)%
Sales pricing and product mix	5.5 %	Sales pricing, product costs and other adjustments	7.0 %
Total	4.6 %	Total	6.1 %

External sales in the USA segment were \$1,204.4 million, an increase of \$53.5 million, or 4.6%, for the three months ended March 31, 2018, primarily due to higher average selling prices resulting from favorable changes in product mix, the Company's efforts to improve its sales force effectiveness and chemical price inflation on certain products, partially offset by slightly lower sales volumes.

Gross profit increased \$16.0 million, or 6.1%, to \$278.9 million for the three months ended March 31, 2018. Gross profit increased due to higher average selling prices, changes in product mix, and a net benefit from miscellaneous operating items. Gross margin increased from 22.8% for the three months ended March 31, 2017 to 23.2% during the three months ended March 31, 2018.

Outbound freight and handling expenses increased \$3.1 million, or 6.6%, to \$49.9 million for the three months ended March 31, 2018 primarily due to higher delivery costs resulting from capacity constraints and higher fuel costs.

Operating expenses increased \$3.0 million, or 2.2%, to \$137.8 million for the three months ended March 31, 2018 primarily due to focused investments in training, software and additional sales and technology resources. These costs were partially offset by lower medical claims in the current year. Operating expenses as a percentage of external sales decreased from 11.7% for the three months ended March 31, 2017 to 11.4% for the three months ended March 31, 2018.

Adjusted EBITDA increased by \$9.9 million, or 12.2%, to \$91.2 million for the three months ended March 31, 2018.

Adjusted EBITDA margin increased from 7.1% in the three months ended March 31, 2017 to 7.6% for the three months ended March 31, 2018 primarily as a result of higher gross margin and lower operating expenses as a percentage of sales.

Canada.

Net sales percentage change due to:		Gross profit percentage change due to:	
Reported sales volumes	(3.1)%	Reported sales volumes	(3.1)%
Sales pricing and product mix	0.5 %	Sales pricing, product costs and other adjustments	9.9 %
Foreign currency translation	4.6 %	Foreign currency translation	5.0 %
Total	2.0 %	Total	11.8 %

External sales in the Canada segment were \$313.4 million, an increase of \$6.1 million, or 2.0%, for the three months ended March 31, 2018. On a constant currency basis, external net sales decreased as a result of lower sales volumes partly due to one less selling day for the three months ended March 31, 2018 compared to the three months ended March 31, 2017. The effects of prolonged cold weather conditions contributed to higher sales volumes in Western Canada, but delayed sales into the agriculture market.

Gross profit increased \$6.6 million, or 11.8%, to \$62.4 million in the three months ended March 31, 2018. On a constant currency basis, gross profit increased due to favorable product and market mix, and higher average selling prices in key industrial chemical products. Gross margin increased 1.7% to 19.9% for the three months ended March 31, 2018.

Outbound freight and handling expenses increased \$1.2 million, or 13.0%, to \$10.4 million for the three months ended March 31, 2018 primarily due to higher delivery costs resulting from changes in product mix.

Operating expenses increased by \$0.5 million, or 2.3%, to \$22.5 million for the three months ended March 31, 2018, and remained flat at 7.2% as a percentage of external sales when comparing the three months ended March 31, 2018 to the three months ended March 31, 2017. On a constant currency basis, operating expenses decreased \$0.5 million, or 2.3%.

Adjusted EBITDA increased by \$4.9 million, or 19.9%, to \$29.5 million for the three months ended March 31, 2018.

On a constant currency basis, Adjusted EBITDA increased \$3.6 million, or 14.6%, primarily due to the increase in gross profit and flat operating expenses. Adjusted EBITDA margin increased from 8.0% for the three months ended March 31, 2017 to 9.4% for the three months ended March 31, 2018.

Table of Contents

EMEA.

Net sales percentage change due to:		Gross profit percentage change due to:	
Acquisitions	1.5 %	Acquisitions	1.8 %
Reported sales volumes	(6.5)%	Reported sales volumes	(6.5)%
Sales pricing and product mix	12.6 %	Sales pricing, product costs and other adjustments	11.3 %
Foreign currency translation	14.9 %	Foreign currency translation	15.2 %
Total	22.5 %	Total	21.8 %

External sales in the EMEA segment were \$538.6 million, an increase of \$98.9 million, or 22.5%, for the three months ended March 31, 2018. On a constant currency basis, external net sales increased primarily due to higher average selling prices from mix improvement, margin management initiatives and chemical price inflation on certain products. Although a cold winter supported strong winter product sales, reported sales volumes decreased due to one less selling day for the three months ended March 31, 2018 compared to the three months ended March 31, 2017. The increase in external net sales from acquisitions was due to the January 2018 Kemetyl acquisition.

Gross profit increased \$22.2 million, or 21.8%, to \$124.0 million in the three months ended March 31, 2018. On a constant currency basis, gross profit increased from higher average selling prices attributable to favorable product mix and chemical price inflation. The increase in gross profit from acquisitions was due to the January 2018 Kemetyl acquisition. Gross margin decreased from 23.2% for the three months ended March 31, 2017 to 23.0% for the three months ended March 31, 2018 primarily due to the change in product mix and pressure from price inflation.

Outbound freight and handling expenses increased \$3.6 million, or 26.9%, to \$17.0 million, primarily due to higher delivery costs per ton based on product mix.

Operating expenses increased \$7.6 million, or 13.9%, to \$62.3 million for the three months ended March 31, 2018, and decreased as a percentage of external sales by 0.8% to 11.6% for the three months ended March 31, 2018. On a constant currency basis, operating expenses decreased \$0.2 million, or 0.4%, which was primarily due to lower bad debt charges and environmental remediation expense, partially offset by the addition of costs for Kemetyl's operations. Adjusted EBITDA increased by \$11.0 million, or 32.6%, to \$44.7 million for the three months ended March 31, 2018. On a constant currency basis, Adjusted EBITDA increased \$5.5 million, or 16.3% on improved gross margin and flat operating expenses. For the three months ended March 31, 2018, the pharmaceutical finished goods product line represented approximately 28% of Adjusted EBITDA in the EMEA segment. Adjusted EBITDA margin increased from 7.7% for the three months ended March 31, 2017 to 8.3% for the three months ended March 31, 2018.

Rest of World.

Net sales percentage change due to:		Gross profit percentage change due to:	
Acquisitions	2.1 %	Acquisitions	4.2 %
Reported sales volumes	(28.3)%	Reported sales volumes	(28.3)%
Sales pricing and product mix	22.9 %	Sales pricing, product costs and other adjustments	33.6 %
Foreign currency translation	4.0 %	Foreign currency translation	3.2 %
Total	0.7 %	Total	12.7 %

External sales in the Rest of World segment were \$101.6 million, an increase of \$0.7 million, or 0.7%, for the three months ended March 31, 2018. On a constant currency basis, external sales increased from higher average selling prices attributable to changes in product and market mix, shortages on certain products and improved sales force effectiveness. Reported sales volumes were lower due to certain product shortages as well as the Company's continued focus on margin management efforts. The increase in external net sales from acquisitions was due to the September 2017 Tagma acquisition.

Gross profit increased \$2.4 million, or 12.7%, to \$21.3 million for the three months ended March 31, 2018 due to higher average selling price resulting from higher chemical prices discussed above as well as favorable product mix. The increase in gross profit from acquisitions was due to the September 2017 Tagma acquisition. Gross margin increased from 18.7% for the three months ended March 31, 2017 to 21.0% for the three months ended March 31, 2018 primarily due to the factors discussed above.

Table of Contents

Outbound freight and handling expenses increased \$0.4 million, or 25.0%, to \$2.0 million for the three months ended March 31, 2018, primarily due to higher delivery cost, partially offset by lower sales volumes.

Operating expenses increased \$0.9 million, or 8.5%, to \$11.5 million for the three months ended March 31, 2018 and increased as a percentage of external sales from 10.5% when comparing the three months ended March 31, 2017 to 11.3% for the three months ended March 31, 2018. Approximately 30% of the increase is attributable to foreign currency translation.

Adjusted EBITDA increased by \$1.1 million, or 16.4%, to \$7.8 million for the three months ended March 31, 2018. On a constant currency basis, Adjusted EBITDA increased \$0.9 million, or 13.4%, primarily due to increased gross profit. Adjusted EBITDA margin increased from 6.6% for the three months ended March 31, 2017 to 7.7% for the three months ended March 31, 2018.

Liquidity and Capital Resources

Our primary source of liquidity is cash generated from our operations as well as borrowings under our credit facilities. As of March 31, 2018, we had \$701.0 million available under our credit facilities.

We are in compliance with our covenants. Our primary liquidity and capital resource needs are to service our debt and to finance working capital, capital expenditures, other liabilities and cost of acquisitions. We believe that funds provided by these sources will be adequate to meet the liquidity and capital resource needs for at least the next 12 months under current operating conditions. We will continue to balance our focus on sales and earnings growth with continuing efforts in cost control and working capital management.

Cash Flows

The following table presents a summary of our cash flow activity for the periods set forth below:

(in millions)	Three months ended	
	March 31, 2018	March 31, 2017
Net cash used by operating activities	\$(139.0)	\$(77.1)
Net cash used by investing activities	(22.9)	(21.7)
Net cash (used) provided by financing activities	(186.8)	57.5
Effect of exchange rate changes on cash and cash equivalents	(2.4)	5.5
Net decrease in cash and cash equivalents	\$(351.1)	\$(35.8)

Cash Used by Operating Activities

Cash used by operating activities increased \$61.9 million from \$77.1 million for the three months ended March 31, 2017 to \$139.0 million for the three months ended March 31, 2018 primarily from a higher investment in net working capital compared to the prior year three months ended March 31, 2017, partially offset by higher net income, exclusive of non-cash items.

The Company adopted ASC 606 as of January 1, 2018, and although there was no impact to total operating cash flows, there were a certain number of presentation changes to specific line items in the condensed consolidated balance sheet and within operating activities in the condensed consolidated statement of cash flows. See "Note 2: Significant accounting policies," for the impact to the condensed consolidated balance sheet at March 31, 2018. Excluding the presentation changes from the adoption of ASC 606, the change in trade working capital, which includes trade accounts receivable, net, inventories and trade accounts payable, was an increased use of cash of \$77.3 million for the three months ended March 31, 2018. The increased cash outflow for trade accounts receivable is attributable to higher sales for the three months ended March 31, 2018. Inventory cash outflows during the three months ended March 31, 2018 increased compared to the three month ended March 31, 2017 from the seasonal buildup of inventory that typically occurs during the first quarter and higher agriculture inventories in Canada from the drought-affected growing season in 2017.

Lower prepaid expenses and other current assets contributed \$13.6 million to partially offset the increase in cash used by operating activities.

The change in pensions and other postretirement benefit liabilities resulted in use of cash of \$2.6 million, consisting of higher cash contributions and benefit credits for the three months ended March 31, 2018 compared to the three months ended March 31, 2017.

Table of Contents

The remaining cash outflow associated with operating activities of \$31.9 million is related lower agriculture customer prepayments, higher compensation payments, partially offset by lower interest and income tax payments.

Cash Used by Investing Activities

Cash used by investing activities increased \$1.2 million from \$21.7 million for the three months ended March 31, 2017 to \$22.9 million for the three months ended March 31, 2018. The increase is primarily related to higher cash outflows for purchases of businesses, net of cash acquired of \$8.4 million. In 2017, the cash outflows of \$0.5 million were related to purchase accounting adjustments from the Nexus Ag acquisition. In 2018, the cash outflows of \$8.9 million were related to the Kemetyl acquisition.

Partially offsetting the increase in cash used by investing activities in 2018 was lower capital spending of \$4.7 million and an increase in proceeds from sale of property, plant and equipment of \$2.2 million, which was primarily due to the sale of a closed facility.

Cash (Used) Provided by Financing Activities

Cash (used) provided by financing activities decreased \$244.3 million from cash provided of \$57.5 million for the three months ended March 31, 2017 to cash used of \$186.8 million for the three months ended March 31, 2018, primarily due to an early payment of \$300.0 million on the Company's Senior Term B Loan during the three months ended March 31, 2018. This was offset by increased borrowings on the ABL facilities to address seasonal working capital needs.

Cash (used) provided by financing activities also decreased by \$23.0 million due to fewer stock option exercises for the three months ended March 31, 2018 compared to the three months ended March 31, 2017. This was partially offset by a reduction of \$3.3 million in net share settlements of stock-based compensation awards.

Additionally, there were no payments on contingent consideration agreements for acquisitions for the three months ended March 31, 2018 compared to the cash outflow of \$3.2 million for the three months ended March 31, 2017. The Company reclassified the contingent consideration payments due to the adoption of ASU 2016-15 "Statement of Cash Flows" (Topic 230) - "Classification of Certain Cash Receipts and Cash Payments." Refer to "Note 2: Significant accounting policies" in Item 1 of this Quarterly Report on Form 10-Q for additional information.

Contractual Obligations and Commitments

There were no material changes in our contractual obligations and commitments since the filing of the Company's Annual Report on Form 10-K for the year ended December 31, 2017.

Critical Accounting Estimates

There were no material changes in our critical accounting estimates since the filing of the Company's Annual Report on Form 10-K for the year ended December 31, 2017.

Recently Issued and Adopted Accounting Pronouncements

See "Note 2: Significant accounting policies" in the notes to the condensed consolidated financial statements.

Accounting Pronouncements Issued But Not Yet Adopted

See "Note 2: Significant accounting policies" in the notes to the condensed consolidated financial statements.

Forward Looking Statements and Information

This Quarterly Report on Form 10-Q contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Some of the forward-looking statements can be identified by the use of forward-looking terms such as "believes," "expects," "may," "will," "should," "could," "seeks," "intends," "plans," "estimates," or other comparable terms. These forward-looking statements include all matters that are not historical facts. They appear in a number of places throughout this Quarterly Report on Form 10-Q and include statements regarding our intentions, beliefs or current expectations concerning, among other things, our results of operations, financial condition, macro-economic conditions, liquidity, prospects, business trends, currency trends, competition, markets, growth strategies and the industries in which we operate and including, without limitation, statements relating to our estimated or anticipated financial performance or results. Forward-looking statements are subject to known and unknown risks and uncertainties, many of which may be beyond our control. We caution you that forward-looking statements are not guarantees of future performance and that our actual results of operations, financial condition and liquidity, and the development of the industries in which we operate may differ materially from those made in or suggested by the forward-looking statements contained in this Quarterly Report on Form 10-Q. In addition, even if our

results of

30

Table of Contents

operations, financial condition and liquidity, and the development of the industries in which we operate are consistent with the forward-looking statements contained in this Quarterly Report on Form 10-Q, those results or developments may not be indicative of results, conditions or developments in subsequent periods. A number of important factors could cause actual results to differ materially from those contained in or implied by the forward-looking statements, including those reflected in forward-looking statements relating to our operations and business and the risks and uncertainties discussed in “Risk Factors.” Factors that could cause actual results to differ from those reflected in forward-looking statements relating to our operations and business include:

- general economic conditions, particularly fluctuations in industrial production and the demands of our customers;
- disruptions in the supply of chemicals we distribute or our customers’ or producers’ operations;
- termination or change of contracts or relationships with customers or producers on short notice;
- the price and availability of chemicals, or a decline in the demand for chemicals;
- our ability to pass through cost increases to our customers;
- our ability to meet customer demand for a product;
- trends in oil and gas prices;
- competitive pressures in the chemical distribution industry;
- consolidation of our competitors;
- our ability to execute strategic investments, including pursuing acquisitions and/or dispositions, and successfully integrating and operating acquired companies;
- liabilities associated with acquisitions, dispositions and ventures;
- potential impairment of goodwill;
- inability to generate sufficient working capital;
- our ability to sustain profitability;
- our ability to implement and efficiently operate the systems needed to manage our operations;
- the risks associated with security threats, including cybersecurity threats;
- increases in transportation costs and changes in our relationship with third party carriers;
- the risks associated with hazardous materials and related activities;
- accidents, safety failures, environmental damage, product quality issues, major or systemic delivery failures involving our distribution network or the products we carry or adverse health effects or other harm related to the materials we blend, manage, handle, store, sell or transport;
- challenges associated with international operations, including securing producers and personnel, import/export requirements, compliance with foreign laws and international business laws and changes in economic or political conditions;
- our ability to effectively implement our strategies or achieve our business goals;
- exposure to interest rate and currency fluctuations;
- evolving laws and regulations relating to hydraulic fracturing and risks associated with chemicals used in hydraulic fracturing;
- losses due to potential product liability claims and recalls and asbestos claims;
- compliance with extensive environmental, health and safety laws, including laws relating to our environmental services businesses and the investigation and remediation of contamination, that could require material expenditures or changes in our operations;
- general regulatory and tax requirements;
- operational risks for which we may not be adequately insured;
- ongoing litigation and other legal and regulatory actions and risks, including asbestos claims;
- loss of key personnel;
- labor disruptions and other costs associated with the unionized portion of our workforce;
- negative developments affecting our pension plans and multi-employer pensions;
- changes in legislation, regulation and government policy; and

our substantial indebtedness and the restrictions imposed by our debt instruments and indenture.

You should read this Quarterly Report on Form 10-Q, including the uncertainties and factors discussed under “Risk Factors” in our Annual Report on Form 10-K for the year ended December 31, 2017 completely and with the understanding that actual future results may be materially different from expectations. All forward-looking statements made in this Quarterly Report on Form 10-Q are qualified by these cautionary statements. These forward-looking statements are made only as of the date of this Quarterly Report on Form 10-Q and we do not undertake any obligation, other than as may be required by law, to update or revise any forward-looking or cautionary statements to reflect changes in assumptions, the occurrence of events, unanticipated or otherwise and changes in future operating results over time or otherwise.

Comparisons of results between current and prior periods are not intended to express any future trends, or indications of future performance, unless expressed as such, and should only be viewed as historical data.

Table of Contents

Item 3. Quantitative and Qualitative Disclosures About Market Risk

There were no material changes from the “Quantitative and Qualitative Disclosure about Market Risk” disclosed in Part II, Item 7A of the Company’s Annual Report on Form 10-K for the year ended December 31, 2017.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, we conducted an evaluation as of March 31, 2018 of the effectiveness of the design and operation of our disclosure controls and procedures, as such term is defined under Rule 13a-15(e) promulgated under the Securities Exchange Act of 1934, as amended. Based on this evaluation, our principal executive officer and principal financial officer concluded that our disclosure controls and procedures were effective as of March 31, 2018.

Changes in Internal Control over Financial Reporting

There were no changes in our internal control over financial reporting during the quarter ended March 31, 2018 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II.

OTHER INFORMATION

Item 1. Legal Proceedings

Information pertaining to legal proceedings can be found in Note 16 to the interim condensed consolidated financial statements included in Part I, Financial Statements of this report.

Item 1A. Risk Factors

There have been no material changes from the “Risk Factors” disclosed in Part I, Item 1A of the Company’s Annual Report on Form 10-K for the year ended December 31, 2017.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

None.

Item 3. Defaults Upon Senior Securities

None.

Item 4. Mine Safety Disclosures
