Item 2.05 Costs Associated with Exit or Disposal Activities.

As previously disclosed, Advanced Emissions Solutions, Inc. (the "Company") is working on a strategic restructure of its businesses to simplify its operating structure in a manner that creates increased customer focus, is expected to better support sales and product delivery and also aligns the Company's cost structure as the emissions control market shifts towards compliance solutions ("Restructuring Plan"). As part of the Restructuring Plan, on September 1, 2015, the Company announced its intent to wind down its manufacturing operations at BCSI, LLC, a wholly owned subsidiary of the Company, located in McKeesport, PA, in order to focus the Company's efforts within the Dry Sorbent Injection market on engineering. The Company issued Worker Adjustment and Retraining Notification ("WARN") Act Notices (the "WARN Act Notices") to the employees, which will affect approximately 100 employees or 58% of the Company's work force.

The employment of certain employees will be terminated after the required 60-day WARN Act Notice period under the Restructuring Plan and the Company expects the other employees affected by the restructuring to remain employed to assist the Company through a transition period ending no later than December 31, 2015.

In connection with these actions, the Company currently expects to record an aggregate restructuring charge related to one-time termination benefits in the range of approximately \$0.7 million to \$0.9 million. The Company also expects to incur additional charges as a result of the Restructuring Plan, including facility-related charges in the range of approximately \$0.9 million to \$1.2 million.

The Company expects that the Restructuring Plan will result in future aggregate cash expenditures in the range of approximately \$1.6 million to \$2.1 million. These cash expenditures consist of: (i) salary and benefits expected to be paid to terminated employees during the 60-day WARN Act Notice period from the implementation date of the restructuring plan through their termination dates; (ii) payments for cash severance and other benefits expected to be paid to terminated employees upon termination and (iii) the remaining lease payments, less estimated sublease amounts, associated with the lease of the office building and facility.

The Company will restate the financial statements for the period during which the Company acquired the assets of BCSI, LLC and, as previously disclosed, such previously issued financial statements should not be relied upon.

Item 7.01 Regulation FD Disclosure.

On September 1, 2015, the Company issued a press release announcing the information relating to the disclosures set forth in Item 2.05 of this report.

A copy of the press release is furnished as Exhibit 99.1 to this report. The information furnished pursuant to this Item 7.01, including the attached exhibit, shall not be deemed “filed” for purposes of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), or otherwise subject to the liabilities of such section, nor shall such information or exhibit be deemed incorporated by reference into any filing under the Securities Act of 1933, as amended, or Exchange Act, except as shall be expressly set forth by specific reference in such a filing.
