(the "Company"), which will be held at 4:00 P.M., local time, on Monday, May 16, 2016 at the Monona Terrace Community and Convention Center located at One John Nolen Drive, Madison, Wisconsin. At the annual meeting, we will review the Company's activities during the past year and shareholders will be given an opportunity to address questions to the Company's management.

We are using the Securities and Exchange Commission ("SEC") rule that allows us to furnish proxy materials to shareholders over the Internet. On or about April 1, 2016, we will begin mailing a Notice of Internet Availability of Proxy Materials ("Notice") to our shareholders informing them that our Proxy Statement and the 2015 Annual Report on Form 10-K along with voting instructions, are available online. This means that our shareholders will receive only the Notice containing instructions on how to access the proxy materials over the Internet and vote online. If you receive this Notice, but would still like to request paper copies of the proxy materials, please follow the instructions on the Notice or on the website referred to in the Notice. On or about April 15, 2016, we will also mail a proxy card to all registered shareholders, but not the proxy materials, that will allow voting of shares by completing and returning the proxy card. By delivering proxy materials electronically to our shareholders, we can conserve natural resources and reduce the costs of printing and distributing the proxy materials, while providing our shareholders with access to the proxy materials in a fast, easily accessible and efficient manner.

The Board of Directors of the Company recommends that you vote your shares "FOR" all the nominees listed in proposal one and "FOR" proposals two and three.

Your continued support is appreciated and we hope you will attend the annual meeting. Whether or not you are personally present, it is very important that your shares are represented at the meeting. Accordingly, please vote your shares by following the instructions on the Notice. Your vote is important. Please join us and the Board of Directors in supporting these proposals.

PROXY STATEMENT
For
ANNUAL MEETING OF SHAREHOLDERS
To Be Held May 16, 2016

SOLICITATION OF PROXY, REVOCABILITY AND VOTING OF PROXIES

This proxy statement is being furnished to shareholders by the Board of Directors (the “Board”) of First Business Financial Services, Inc. (the “Company”) beginning on or about April 1, 2016 in connection with a solicitation of proxies by the Board for use at the annual meeting of shareholders to be held on Monday, May 16, 2016, at 4:00 P.M., local time, at the Monona Terrace Community and Convention Center at One John Nolen Drive, Madison, Wisconsin 53703, and all adjournments or postponements thereof (the “Annual Meeting”) for the purposes set forth in the Notice of Annual Meeting of Shareholders. Instructions for voting your shares are included on the Notice of Internet Availability of Proxy Materials (the “Notice”).

You are receiving the Notice, instead of paper copies of the proxy materials, because we are using the Securities and Exchange Commission (“SEC”) notice and access rule that allows us to furnish our proxy materials over the Internet to our shareholders instead of mailing paper copies of those materials to each shareholder. The Notice is not a proxy card and cannot be used to vote your shares. If you received a Notice this year, you will not receive paper copies of the proxy materials unless you request the materials by following the instructions on the Notice or on the website referred to in the Notice. However, on or about April 15, 2016, we will mail a proxy card to all registered shareholders, but not the proxy materials, that will allow voting of shares by completing and returning the proxy card.

Voting your shares pursuant to the instructions contained on the Notice will not affect a shareholder’s right to attend the Annual Meeting and to vote in person. However, when you vote pursuant to one of the methods set forth in the Notice, you appoint the proxy holder as your representative at the Annual Meeting. The proxy holder will vote your shares as you instruct, thereby ensuring that your shares will be voted whether or not you attend the Annual Meeting. Presence at the Annual Meeting of a shareholder who has appointed a proxy does not in itself revoke a proxy. Any shareholder appointing a proxy may revoke that appointment at any time before it is exercised by: (i) giving notice thereof to the Company in writing or at the Annual Meeting; (ii) signing another proxy, if you voted by mailing in a proxy card, with a later date and returning it to the Company; (iii) timely submitting another proxy via the telephone or Internet, if that is the method you used to submit your original proxy; or (iv) voting in person at the Annual Meeting. Even if you plan to attend the Annual Meeting, we ask that you instruct the proxies how to vote your shares in advance of the Annual Meeting in case your plans change.

If you appointed the proxies to vote your shares and an issue comes up for a vote at the Annual Meeting that is not identified in the proxy materials, the proxy holder will vote your shares, pursuant to your proxy, in accordance with his or her judgment.

Table of Contents

If you sign and return a proxy card or vote over the Internet or by telephone without giving specific voting instructions, the shares represented by your proxy will be voted “FOR” the three persons nominated for election as directors referred to in this proxy statement, “FOR” the approval of the non-binding, advisory proposal on the compensation of named executive officers, which is referred to as a “say-on-pay” proposal, “FOR” the ratification of the appointment of KPMG LLP as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2016, and on such other business matters which may properly come before the Annual Meeting in accordance with the best judgment of the persons named as proxies. Other than the above proposals, the Board has no knowledge of any matters to be presented for action by the shareholders at the Annual Meeting.

Only holders of record of the Company’s common stock, par value \$0.01 per share (the “Common Stock”), at the close of business on March 16, 2016 are entitled to vote at the Annual Meeting. On that date, the Company had outstanding and entitled to vote 8,700,172 shares of Common Stock, each of which is entitled to one vote.

ITEM 1 – ELECTION OF DIRECTORS

The Company’s Amended and Restated Bylaws provide that the directors shall be divided into three classes, with staggered terms of three years each. At the Annual Meeting, the shareholders will elect three directors to hold office until the 2019 annual meeting of shareholders and until their successors are duly elected and qualified. Unless shareholders otherwise specify, the shares represented by the proxies received will be voted in favor of the election as directors of the three persons named as nominees by the Board herein. The Board has no reason to believe that the listed nominees will be unable or unwilling to serve as directors if elected, except for Mr. Voeks who is expected to retire in 2018 in accordance with the Board’s Director Retirement Policy. However, in the event that any nominee should be unable or unwilling to serve, the shares represented by proxies received will be voted for another nominee selected by the Board. Each director will be elected by a plurality of the votes cast at the Annual Meeting (assuming a quorum is present). Consequently, any shares not voted at the Annual Meeting, whether due to abstentions, broker non-votes or otherwise, will have no impact on the election of the directors. Votes will be tabulated by an inspector of elections appointed by the Board.

The following sets forth certain information, as of January 11, 2016, about the Board’s nominees for election at the Annual Meeting and each director of the Company whose term will continue after the Annual Meeting.

and Mr. Chambas, who serves on the board of directors of Three Lakes Securities, LLC, which is a registered investment advisor. None of the directors, executive officers or nominees is related to one another and there are no arrangements or understandings between any of the directors, executive officers or any other person pursuant to which any of our directors or executive officers have been selected for their respective positions. None of the above-named directors or director nominees was a party to any SEC enforcement actions or any legal proceedings that are material to an evaluation of their ability or integrity in the past ten years.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's directors, executive officers and holders of 10% or more of the outstanding Common Stock to file reports concerning their ownership of Company equity securities with the SEC. Based solely upon a review of such reports, the Company believes that during the fiscal year ended December 31, 2015, all of its directors and executive officers complied with the Section 16(a) filing requirements.

CORPORATE GOVERNANCE PRINCIPLES AND PRACTICES

Independent Directors and Meeting Attendance

Of the nine directors currently serving on the Board, the Board has determined that Mark D. Bugher, Jan A. Eddy, John J. Harris, Gerald L. Kilcoyne, John M. Silseth, Jerome J. Smith, Barbara H. Stephens and Dean W. Voeks are "independent directors" for purposes of applicable NASDAQ rules.

Directors are expected to attend the Company's annual meeting of shareholders each year. All directors attended the Company's 2015 annual meeting.

The Board held seven meetings in 2015. Each director attended at least 75% of the aggregate of (1) the total number of meetings of the Board during 2015 and (2) the total number of meetings held by all committees of the Board on which such director served during 2015.

Board Leadership Structure

The roles of Chair of the Board and Chief Executive Officer are held separately. Mr. Smith serves as Chair, and Mr. Chambas serves as Chief Executive Officer. The Board believes that at this time, separation of these roles is in the best interests of the Company and its shareholders because separation:

- allows for additional talents, perspectives and skills on the Board;
- preserves the distinction between the Chief Executive Officer's leadership of management and the Chair's leadership of the Board;
- promotes a balance of power and an avoidance of conflict of interest;
- provides an effective channel for the Board to express its views on management; and
- allows the Chief Executive Officer to focus on leading the Company and the Chair to focus on leading the Board, monitoring corporate governance and shareholder issues.

Table of Contents

Since Mr. Smith is the Company's former Chief Executive Officer, this separation also provides the Company with the benefit of a Chair who fully understands the risks, issues and opportunities relating to the Company and the financial services industry.

Committees

The Board conducts its business through meetings of the Board and the following standing Committees: Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee. Each of these committees has the responsibilities set forth in formal written charters adopted by the Board. The Board has also adopted guidelines on significant corporate governance matters that, together with the Company's Code of Conduct and other policies, create the Board's corporate governance standards. Copies of these charters and the Corporate Governance Guidelines are available free of charge on the Company's website located at www.firstbusiness.com. The following table reflects the current membership of each Board Committee:

Name	Audit	Compensation	Corporate Governance & Nominating
Mark D. Bugher		X	X
Jan A. Eddy		X	Chair
John J. Harris	X		
Gerald L. Kilcoyne	X	X	
John M. Silseth	X		X
Jerome J. Smith		X	X
Barbara H. Stephens		Chair	
Dean W. Voeks	Chair		X
Number of Meetings in 2015	9	4	3

The Audit Committee's primary function is to assist the Board in fulfilling its oversight responsibilities by overseeing the Company's accounting and financial reporting processes and the audits of the financial statements of the Company. The Audit Committee presently consists of Dean W. Voeks (Chair), John J. Harris, Gerald L. Kilcoyne and John M. Silseth, each of whom meets the requirements set forth in NASDAQ Listing Rule 5605(c)(2)(A) and the independence standards set forth in Rule 10A-3(b)(1) promulgated by the SEC under the Securities Exchange Act of 1934, as amended (The "Exchange Act"). The Board has thus determined that each of the Audit Committee's current members is qualified to serve in such capacity. The Board has determined that John M. Silseth qualifies as an "audit committee financial expert," for purposes of applicable SEC regulations, and has the financial sophistication required by applicable NASDAQ rules because he has the requisite attributes through, among other things, his education and experience as the president of a private investment firm, a certified public accountant and an auditor.

The Compensation Committee reviews and recommends to the Board the compensation structure for the Company's directors and executive officers, including salary rates, participation in incentive compensation and benefit plans, fringe benefits, non-cash perquisites and other forms of compensation, and administers the Company's equity incentive plans. Barbara H. Stephens (Chair), Mark D. Bugher, Jan A. Eddy, Gerald L. Kilcoyne and Jerome J. Smith are the current members of the Compensation Committee, each of whom is considered to be "independent" and meets the requirements set forth in applicable NASDAQ rules and the standards set forth in applicable SEC regulations. The

Table of Contents

Board has determined that none of the aforementioned directors has a relationship to the Company which is material to his or her ability to be independent from management in connection with the duties of a Compensation Committee member and has further determined that each of the Compensation Committee's current members is qualified to serve in such capacity.

The Corporate Governance and Nominating Committee's primary functions are to recommend persons to be selected by the Board as nominees for election as directors; recommend persons to be elected to fill any vacancies on the Board; lead the Board in its annual review of Board performance, Board and committee structure and director independence; develop and recommend to the Board corporate governance principles, policies and procedures and oversee execution of the Company's enterprise risk management program and advise the Board on the effectiveness of that program. The Corporate Governance and Nominating Committee consists of Jan A. Eddy (Chair), Mark D. Bugher, John M. Silseth, Jerome J. Smith and Dean W. Voeks. The Board has determined that each of the Corporate Governance and Nominating Committee members is considered to be "independent" according to applicable NASDAQ rules and has further determined that each current member is qualified to serve in such capacity.

Nominations of Directors

In making recommendations to the Company's Board with respect to nominees to serve as directors, the Corporate Governance and Nominating Committee will examine each director nominee on a case-by-case basis regardless of who recommended the nominee and take into account all factors it considers appropriate, which may include strength of character, mature judgment, career specialization, relevant technical skills or financial acumen and industry knowledge. While the Company does not have a separate diversity policy, in evaluating director nominees, the Board, with the assistance of the Corporate Governance and Nominating Committee, considers diversity of viewpoint, backgrounds, technical skills, industry knowledge and experience and local or community ties to ensure a balanced, diverse Board, with each director contributing talents, skills and experiences needed for the Board as a whole.

The Board also believes the following minimum qualifications must be met by a director nominee to be recommended by the Corporate Governance and Nominating Committee:

• High personal and professional ethics, integrity and values.

• The ability to exercise sound business judgment.

• Accomplished in his or her respective field as an active or former executive officer of a public or private organization, with broad experience at the administrative and/or policy-making level in business, government, education, technology or public interest.

• Relevant expertise and experience and the ability to offer advice and guidance based on that expertise and experience.

• Independence from any particular constituency, the ability to represent all shareholders of the Company and a commitment to enhancing long-term shareholder value.

• Sufficient time available to devote to activities of the Board and to enhance his or her knowledge of the Company's business.

Table of Contents

The Corporate Governance and Nominating Committee will consider persons recommended by shareholders to become nominees for election as directors. Recommendations for consideration by the Corporate Governance and Nominating Committee should be sent to the Corporate Secretary of the Company in writing together with appropriate biographical information concerning each proposed nominee. The Company's Amended and Restated Bylaws also set forth certain requirements for shareholders wishing to nominate director candidates directly for consideration by the shareholders. With respect to an election of directors to be held at an annual meeting, a shareholder must, among other things, give notice of an intent to make such a nomination to the Corporate Secretary of the Company not less than 60 days or more than 90 days prior to the date of the previous year's annual meeting (subject to certain exceptions if the annual meeting is advanced or delayed a certain number of days). Under the Amended and Restated Bylaws, if the Company does not receive notice of an intent to make such a nomination after February 15, 2017 and before March 17, 2017, then the notice will be considered untimely and the Company will not be required to present such proposal at the 2017 annual meeting.

Board Role in Risk Oversight

The Company believes that establishing the right "tone at the top" and providing for full and open communication between management and the Board is essential for effective risk management and oversight. The Board, acting as a whole and through its committees, is responsible for oversight of the Company's enterprise wide risk management including strategic risk, financial reporting risk, credit risk, liquidity risk, compensation risk, cyber risk and operational risk. Given the critical link between strategy and risk, the Board is also responsible for developing strategies based on an assessment of the Company's overall risk tolerance, the related opportunities and the capacity to manage the resulting risk. At its annual planning session, the Board meets with executive management to discuss the strategies, key challenges, risks and opportunities facing the Company.

While the Board has responsibility for oversight of risk management, it has delegated to the Corporate Governance and Nominating Committee responsibility for the Company's enterprise risk management program itself (the "ERM Program") including overseeing management's execution of the ERM Program, periodically reviewing the effectiveness of the Board's risk management governance structure and ensuring appropriate Board-level risk reporting.

Under the ERM Program, a Risk Dashboard has been developed, the Company's most significant risks along with related metrics/key risk indicators have been identified and risk tolerance thresholds established. The Board additionally delegates oversight of each of these specific key risks to either the Audit, Compensation or Corporate Governance and Nominating Committee in accordance with the committee charters, which are reviewed annually to reflect the changing risk environment. Each committee monitors the assigned specific key risks, ensures that appropriate mitigation strategies are in place, identifies emerging risks, reports back to the Board with recommendations and updates and apprises the Board of any areas of concern.

As part of its oversight of the Company's executive compensation program, the Compensation Committee evaluates risks presented by the Company's compensation programs and confirms that such programs (1) do not encourage risk taking to a degree that is reasonably likely to have a materially adverse impact on the Company; (2) do not encourage the management team to take unnecessary and excessive risks that threaten the value of the Company and (3) do not encourage the manipulation of reported earnings of the Company.

Table of Contents

Management is responsible for the day to day management of the Company's key risks and operates through a Senior Management Risk Committee which monitors key risks, develops and executes remediation plans as appropriate, identifies emerging risks, evaluates the effectiveness of the Company's risk management processes and reports such to the Board or its committees on a regular basis.

Director Education, Development and Evaluation Process

The Board is committed to continuing education and development. As such, in 2013 the Board instituted a robust peer and self-evaluation process in addition to its existing annual board and committee evaluation process. The peer and self-evaluation process has served as a mechanism to communicate and measure clear performance standards, both objective and subjective, including expectations for ongoing education. The Company provides funding for director education, and each director has participated in educational opportunities and is in compliance with the Board's director education guidelines.

CEO Succession Planning

Because of the significance of the CEO's leadership, the full Board retains primary responsibility for oversight of CEO succession planning. The Board has delegated certain responsibility for the ongoing development and monitoring of succession planning to the Corporate Governance and Nominating Committee, and at least annually, that committee reviews the policies and principles of selecting a successor to the CEO, both in an emergency situation as well as in the ordinary course of business. This review includes an assessment of potential internal and external successors and contingency plans in the event of a sudden termination (including death or disability) as well as a review of the Company CEO's recommendations for contingency and longer term succession planning for the CEO position. Annually, the Corporate Governance and Nominating Committee reviews the status of the CEO succession plan with the full Board.

Communications with the Board of Directors

Executive Compensation Highlights

The Company's executive compensation program is designed to be heavily weighted toward compensating its executives based on Company performance. To that end the Company has implemented executive compensation policies and practices that reinforce its pay for performance philosophy and align with commonly viewed best practices and sound governance principles. The following highlights some of the Company's executive compensation policies and practices:

• Clawback policy for incentive compensation paid to current and former executive officers;

- Annual review of the Company Bonus Plan, which includes the Named Executive Officers; the Bonus Plan is formulaic with clear disclosure of business drivers; the 2015 review determined that the Bonus Plan is operating as intended and is providing appropriate incentives for the management team;

• Annual review and approval of the Company's Compensation Philosophy;

• Stock Ownership Guidelines for the Company's Executive Officers were implemented in 2015; all Executive Officers are in compliance with the guidelines;

• No-hedging and no-pledging policies;

• Employment agreements entered into after 2006 require double-triggers upon a change in control;

• None of the Company's employment agreements include an excise tax gross-up;

• Limited perquisites;

• The Compensation Committee did not reset the strike price of any options. All stock options have been exercised and/or expired as of February 2015.

Consideration of 2015 Say on Pay

At the Company's 2015 annual meeting of shareholders, approximately 79% of voting shareholders approved the non-binding advisory proposal on the compensation of the Named Executive Officers. Approximately 97% and 96% of shareholders supported the Company's say-on-pay vote ("SOP") in 2014 and 2013 respectively. The Board and the Compensation Committee pay careful attention to communications received from shareholders regarding executive compensation, including the non-binding advisory vote. The Company carefully considered the result of the 2015 advisory vote on executive compensation but not for specific 2015 compensation decisions. After reviewing all available information, the Company feels the decline in the SOP for 2015 was a result of one of the proxy advisory firms recommending against SOP because of an amendment to the CEO employment agreement, which contained a preexisting single-trigger provision. The amendment made to the agreement was unrelated to the single-trigger provision and unrelated to any compensation provisions, and this provision has been in the CEO's agreement since 2005. This is the only executive agreement that contains a single-trigger and agreements going forward will contain a double trigger. Based on this consideration and the other factors described in this Compensation Discussion and

Table of Contents

Analysis, the Compensation Committee did not materially alter the policies or structure for the Named Executive Officers' compensation for 2015 or 2016.

Introduction

This Compensation Discussion and Analysis describes the Company's compensation philosophy and policies for 2015 as applicable to the Named Executive Officers in the Summary Compensation Table on page 28 ("Named Executive Officers"). This section explains the structure and rationale associated with each material element of the Named Executive Officers' compensation, and it provides important context for the more detailed disclosure tables and specific compensation amounts provided following the section.

The Compensation Committee has overall responsibility for evaluating the compensation plans, policies and programs relating to the Named Executive Officers. The Compensation Committee reviews the performance of the Chief Executive Officer, Mr. Chambas, and determines and recommends to the Board for approval the salary and bonus paid to him.

The Compensation Committee relies upon Mr. Chambas' assessment of each Named Executive Officer's individual performance, which considers the Named Executive Officer's efforts in achieving his or her individual goals each year, managing and developing employees and the enhancement of long-term relationships with clients, if applicable to his or her position. Individual goals for Named Executive Officers are established by Mr. Chambas in consultation with each Named Executive Officer. No Named Executive Officer participates in any recommendation or decision with respect to his or her own compensation or benefits.

The Compensation Committee's charter gives it the authority to hire outside consultants to further its objectives and responsibilities. The Compensation Committee regularly utilizes, and expects to utilize in the future, various outside consultants, actuaries, and attorneys to assist in developing and implementing the essential components of the Company's compensation programs. In 2015, the Compensation Committee retained Pearl Meyer & Partners, LLC ("PM&P"), a compensation consulting firm. PM&P is independent, reports directly to the Compensation Committee Chair, and performs no other work for the Company other than assisting the Compensation Committee in review of the total compensation program, including gathering and analyzing market data for compensation paid for similar positions at companies with which the Company competes for executive talent, validating the integrity of the Company's peer group of financial institutions and for periodic review of director compensation. PM&P also provides input on marketplace trends and best practices relating to competitive pay levels, as well as developments in regulatory and technical matters. In addition, the Compensation Committee reviewed compensation survey data from industry sources such as McLagan and the American Bankers Association.

Compensation Philosophy and Objectives

The overall objectives of the Company's compensation programs are to align Named Executive Officer compensation with the success of meeting long-term strategic, operating and financial goals. The programs are designed to create meaningful incentives to manage the business successfully with a constant focus on the Company's short-term and long-term performance as compared to the strategic plan and the key operating and financial objectives. The Company's philosophy is intended to align the interests of Named Executive Officers with the long-term interests of shareholders. The executive compensation program is structured to accomplish the following objectives:

- encourage a consistent and attractive return to shareholders over the long-term;
- maintain an environment which encourages stability and a long-term focus for the primary constituencies of the Company, including shareholders, clients, employees, communities and government regulatory agencies;
- maintain a program which:
 - provides compensation programs that support attracting and retaining highly qualified executives and employees;
 - clearly motivates employees to perform and succeed according to the Company's current goals;
 - provides management with the appropriate empowerment to make decisions that benefit the primary constituents;
 - retains key employees critical to the Company's long-term success;
 - provides for management succession planning and related considerations;
 - emphasizes formula-based components, such as performance-based bonus plans and long-term incentive plans, in order to better focus management efforts in its execution of corporate goals;
 - encourages increased productivity; and
 - responsibly manages risks related to compensation programs;
- provide for subjective consideration in determining incentive and compensation components; and
- ensure that management:
 - fulfills its oversight responsibility to its primary constituents;
 - conforms its business conduct to the highest ethical standards;
 - remains free from any influences that could impair or appear to impair the objectivity and impartiality of its judgments or treatment of the Company's constituents; and
 - continues to avoid any conflict between its responsibilities to the Company and each Named Executive Officer's personal interests.

Director and Executive Officer Stock Ownership Guidelines

The Board established director stock ownership guidelines in 2012 and recently established stock ownership guidelines for executive officers, including all of the Named Executive Officers ("Executive Officers"), as another means by which to align their decisions with creating shareholder value. The guidelines are based on a multiple of base salary for the CEO and Executive Officers and a multiple of the annual retainer fee for the directors as follows:

Table of Contents

Position	Baseline	Minimum Ownership as a multiple of the Baseline
Director	Annual Board Retainer	3x
CEO	Base Salary	3x
Executive Officer	Base Salary	1x

Executive Officers and directors are allowed five years from the later of the establishment of the guidelines or their appointment to accumulate the minimum number of shares to satisfy these guidelines. The complete details of the ownership guidelines are available in the Company's Corporate Governance Guidelines posted on its website.

No-Hedging and No-Pledging Policies

The Company has an Insider Trading Policy that prohibits Section 16 officers and directors from hedging Company stock, from holding Company stock in a margin account or from pledging Company stock as collateral for a loan unless there is an approved exception in accordance with the Policy including a grandfathered pledge or adequate financial resources to prevent a forced sale. All Section 16 officers and directors are currently in compliance with these policies.

Compensation Factors

General. The Compensation Committee's decisions regarding each Named Executive Officer are based, in part, on the Compensation Committee's subjective judgment, and also take into account qualitative and quantitative factors, as will be set forth in the discussion below. In reviewing a Named Executive Officer's compensation, the Compensation Committee considers and evaluates all components of the Named Executive Officer's total compensation package.

Company Performance. In establishing Named Executive Officer compensation, the Compensation Committee measures the Company's performance compared to management's and the Board's goals and objectives, and also compares Company performance to that of the Company's peer group of financial institutions. The Compensation Committee believes that using the Company's performance as a factor in determining a Named Executive Officer's compensation is effective in helping to align the Named Executive Officer's interests with those of the Company's shareholders. With that in mind, the Compensation Committee focuses on key financial performance criteria such as revenue growth goals, operating profitability goals and goals related to strategic objectives, as determined by the Board. As part of the evaluation and review of these criteria, the Compensation Committee will also take into account various subjective issues, such as general economic conditions, including the interest rate environment and its impact on performance, and how they may affect the Company's performance.

Peer Group Analysis. For purposes of peer analysis in assessing performance, the Company utilizes a peer group that includes commercial banks of similar asset size. Given the ever-changing landscape within the banking industry, the Compensation Committee regularly reviews and validates the group of banks used for this analysis. In 2015, in connection with its analysis of the Company's executive compensation programs, PM&P compiled an updated market reference group of publicly-traded bank holding companies with an asset size between \$800 million and \$3.5 billion, which is approximately one-half to two times the Company's size, a commercial lending concentration of at least 70%, headquarters in the United States and a strong performance history. Eight banks were dropped due to not meeting the foregoing criteria and seven new banks were added that meet all the criteria; thereby maintaining the

Table of Contents

integrity of the peer group. This updated market reference group had median assets of \$1.9 billion at the end of 2014. This is the peer group used for purposes of 2015 compensation decisions and reflected below (“Peer Group”). The companies included in this Peer Group are as follows:

Institution Name

Avenue Financial Holdings, Inc.

Baylake Corp.

CoBiz Financial Inc.

Community Financial Corporation

Enterprise Financial Services Corp.

Guaranty Bancorp

Mercantile Bank Corporation

Old Line Bancshares, Inc.

Old Second Bancorp. Inc.

Pacific Continental Corporation

QCR Holdings, Inc.

Southern National Bancorp of Virginia, Inc.

Southwest Bancorp, Inc.

Stock Yards Bancorp, Inc.

TriState Capital Holdings, Inc.

Washington First Bankshares, Inc.

West Bancorporation, Inc.

In addition, the Compensation Committee reviewed compensation survey data that is readily available to the Company from industry sources such as PM&P, McLagan and the American Bankers Association.

Other factors of Company performance that may affect a Named Executive Officer’s compensation include client satisfaction, employee engagement, talent development, succession planning considerations, employee turnover, as well as other less subjective performance considerations.

Comparison to Peer Group. In establishing the compensation of the Named Executive Officers, the Compensation Committee utilizes market data regarding the compensation practices of other financial institutions of a similar asset size and complexity. In some cases, however, the Compensation Committee will consider data from outside the peer comparison when reviewing compensation practices if that comparison identifies similarities, such as business-line focus and geography. The Compensation Committee believes that such comparisons are useful in creating an overall compensation program to stay competitive in the marketplace and for attracting and retaining qualified Named Executive Officers. While the Compensation Committee believes that it is prudent to consider such comparative information in determining compensation practices, it does not set strict parameters using this data. Rather, the Compensation Committee uses comparative data to ensure that Named Executive Officer compensation is not inconsistent with appropriately defined peer organizations. Generally, the Compensation Committee believes that the Company’s current Named Executive Officers have established a sound track record of long-term performance that warrants compensation at or around the median level of compensation among similar financial institutions.

Individual Performance. When evaluating a Named Executive Officer’s individual performance, the Compensation Committee takes into account Mr. Chambas’ assessment of individual performance, which considers the Named Executive Officer’s efforts and results in achieving his or her individual goals each year, managing and developing employees and the enhancement of long-term relationships with clients, if applicable to the Named

Table of Contents

Executive Officer's position. The measure of a Named Executive Officer's individual performance and individual contribution to the overall Company performance depends, to a degree, on what steps are taken to increase revenues and fee income and to operate efficiently and the outcome of such strategies. Each Named Executive Officer has different goals established that are intended to focus that Named Executive Officer's contributions to the strategic goals of the Company. Individual goals for Named Executive Officers are developed by Mr. Chambas in consultation with each Named Executive Officer. The Board establishes Mr. Chambas' goals based on the Company's annual strategic plan and annual budget plan.

Chief Financial Officer Transition

In January of 2016, Edward G. Sloane, Jr. was hired as Chief Financial Officer of the Company replacing James F. Ropella, the Company's former Chief Financial Officer who had previously announced his plans to retire. Mr. Ropella will continue his employment with the Company in the roles of Senior Vice President and Treasurer to facilitate the transition of the Chief Financial Officer position to Mr. Sloane. Following this transition period, Mr. Ropella and the Company will enter into a previously disclosed consulting arrangement.

Compensation Program Components

Compensation for 2015 for the Named Executive Officers was allocated between base salary, annual incentive compensation and longer-term awards as follows.

Base Salary. The Company annually reviews the base salaries of the Named Executive Officers to determine whether or not they will be adjusted. The salaries for 2015, determined by the Compensation Committee at the end of 2014, are set forth in the Summary Compensation Table on page 28. In determining these salary levels, the Company considered the following factors, with no specific weighting applied to any single factor:

- the compensation philosophy and guiding principles described above;
- the performance of the Company versus key financial objectives;
- the base salary paid to the Named Executive Officers in comparable positions at companies in the Peer Group, generally using the median as its point of reference if the Named Executive Officer's overall performance and experience warrants such consideration;
- the overall professional experience and background and the industry knowledge of the Named Executive Officers and the quality and effectiveness of their leadership at the Company;
- all of the other components of executive compensation, including bonus, equity grants, retirement and death benefits, as well as other benefits and perquisites;
- total shareholder return and the long-term performance of the Company's stock price; short-term stock price performance is not a key factor in considering compensation as the Compensation Committee believes that the short-term performance of the stock price is subject to factors outside the control of executive management; and
- internal pay equity among the Company's Named Executive Officers.

At the end of 2015, the Compensation Committee determined the base salaries of the Named Executive Officers for 2016. The Compensation Committee approved raises for all of the Named Executive Officers for 2016 based on the factors described above. The base salaries for 2015 and 2016 are as follows:

Table of Contents

Name	Position	2015 Base Salary	2016 Base Salary

- (1) the Compensation Committee held on January 29, 2015, it was determined that Mr. Ropella's annual base salary for 2015 would be increased to \$260,000 to compensate him for his role as Chief Financial Officer.

Annual Bonus. The Compensation Committee typically determines eligibility for annual bonus payments using the parameters defined in the Company's Bonus Plan, which is a performance-based bonus plan for eligible officers and employees of the Company, including the Named Executive Officers. The plan is formulaic and has clear disclosure of the business drivers. As established, the Compensation Committee retains the right to modify the Bonus Plan or withhold payment at any time.

For 2015, the Company's overall performance and achievement of individual goals resulted in aggregate bonus payments of approximately \$466,234 paid to the Named Executive Officers compared to aggregate bonus payments of \$615,702 paid in 2014. Since not all performance measures were achieved at target in 2015, the 2015 aggregate bonus payments were lower than 2014 demonstrating the Company's pay for performance commitment. The bonuses paid to Mr. Chambas and the other Named Executive Officers are set forth in the Summary Compensation Table on page 28 of this Proxy Statement.

The Named Executive Officers participating in the Bonus Plan may earn an annual performance-based bonus based on the performance of the Company, the Company and Alterra Bank or the Company and FBCC. The measure of the Company's performance is based on a combination of measures including revenue growth goals, operating profitability goals and goals related to strategic objectives, as established and measured by the Compensation Committee and the Board. Each measure is equally weighted.

The Compensation Committee and Board approve threshold, target and superior levels for each of the measures used in the Bonus Plan, given the expectations and strategies for each particular year. The specific performance metrics established with respect to the Company's 2015 performance that are non-GAAP measures are defined below.

The following chart outlines the performance measures that were used in the Named Executive Officers' bonus calculations. The bonuses for Mr. Chambas, Mr. Ropella and Mr. Losenegger were calculated based 100% on the performance of the Company, Mr. Batson's bonus was calculated based 75% on the performance of the FBCC Division and 25% on the performance of the Company, and Ms. Berneking's bonus was calculated based 75% on the performance of Alterra Bank and 25% on the performance of the Company. Based on the combined performance of Alterra Bank and the Company, Ms. Berneking earned a 2015 bonus equal to 33.29% of her base salary. Had the performance of Alterra Bank and the Company not reached the levels it did during 2015, with respect to 2015 only, Ms. Berneking

Table of Contents

would have still been entitled to a bonus equal to 10% of her base salary, which was included in her employment agreement with the Company as part of its 2014 acquisition of Alterra Bank.

	Adjusted Pre-tax Return on Assets	2.54	% 2.61	% 2.74	% 3.06	% 33.33	%

The Company's actual 2015 performance measurements used by the Compensation Committee solely to determine whether the Company met the bonus criteria set forth above included the Company's top line revenue, defined as net interest income plus non-interest income, analyzed service charges defined as service charges for treasury management services where the Company is compensated by the clients' deposits or direct cash charges when balances are insufficient to cover charges and adjusted pre-tax return on assets. Adjusted pre-tax return on assets is defined as the total of top line revenue less non-interest expense less net loan and lease charge-offs less the net change in specific reserves on impaired loans divided by average assets. Alterra Bank's measures were adjusted top line revenue, analyzed service charges and adjusted pre-tax return on assets. The definitions of these criteria are the same as used for the Company; however, the results are for Alterra Bank less the effects of purchase accounting adjustments recognized in 2015. The FBCC Division's measures were top line revenue, adjusted pre-tax income, defined as top line revenue less non-interest expense less net loan and lease charge-offs less the net change in specific reserves on impaired loans and adjusted pre-tax return on assets. The definitions of top line revenue and adjusted pre-tax return on assets are the same as used for the Company; however, the results for all three criteria are for the FBCC division.

The specific performance metrics established with respect to the Company's 2015 performance were selected as key measures of profitability, growth and achievement of our strategic objectives. Adjusted pre-tax return on assets and adjusted pre-tax income were selected as they are measures of relative and absolute current year profitability. Top line revenue performance was used because it is an overall indicator of growth, which is a strong driver of profitability in future years. Growth in analyzed service charges is an indicator of growth in business deposit relationships. This is a strategic as well as financial metric that was chosen because of our branchless model and the resulting need to strongly focus on in-market deposit generation, our strategic focus on adding C&I relationships and the metric's alignment with our strategy of increasing our fee income percentage through service charge income.

Bonus payments under the Bonus Plan are determined by the formulas described below, although the Board reserves the right to modify the payouts in its sole discretion. The Bonus Plan has a safeguard of requiring that the Company must meet one-half of the return on asset threshold before any bonus payment can be made based on performance on any criteria.

With respect to the bonus formula, bonuses under the Bonus Plan provide for bonus payments of 0% to 85% of eligible salary. In 2015, the Bonus Plan provided that our President and Chief Executive Officer would receive up

to 85% of his salary with a target payment of 40%, the President & Chief Executive Officer of FBCC would receive up to 75% of his salary with a target payment of 35%, and the other Named Executive Officers would receive up to 60% of their salaries with a target payment of 30%.

While the amount of the base bonus payment is determined, primarily, by reference to the performance metrics described above, the Compensation Committee also considers each Named Executive Officer's progress toward individual goals when ultimately determining whether the Named Executive Officer will receive 100% of his or her eligible bonus. Individual goals, which are established at the beginning of the year, are considered but are not necessarily assigned a particular weight or value. The Compensation Committee determined that the Named Executive Officers performed well against their respective individual performance goals in 2015. The 2015 individual goals are set forth below:

Clawback Provision of Bonus Plan Payments. The Company's Bonus Plan includes a clawback provision that applies to all current and former executive officers. In the event that the Company's financial results are restated as a result of material noncompliance with financial reporting requirements, the Company shall have the right to recoup certain Bonus Plan payments paid to certain executive officers.

Long-Term Incentive Plan. The LTI Plan was established to advance the interests of the Company's shareholders by enhancing the Company's ability to attract, retain and motivate persons who make or are expected to make important contributions to the Company by providing equity ownership opportunities and equity-based incentives, thereby aligning the interests of such persons with those of the shareholders. The LTI Plan is administered by the Compensation Committee of the Board and provides for the grant of equity ownership opportunities through incentive stock options and nonqualified stock options, restricted stock, restricted stock units, dividend equivalent units, and any other type of award permitted by the LTI Plan.

The Compensation Committee annually evaluates the financial performance of the Company against its peers and the individual performance of each Named Executive Officer to determine if performance meets or exceeds expectations and whether or not a grant is awarded. The Company currently issues restricted stock and the stock generally vests in equal increments over a four year period. The Compensation Committee believes that making annual awards is incentivizing the Named Executive Officers to focus on consistent and sustainable performance over the long term.

The targeted amount of the LTI awarded for each of the Named Executive Officers is determined utilizing market data for similar positions within the industry as well as relative roles and responsibilities within the Company. Awards made in 2015 include restricted stock awards to Named Executive Officers which generally vest in equal increments over a four year period. The following chart outlines the number of restricted shares awarded to each of the Named Executive Officers in 2015.

These restricted stock awards are also listed in the Outstanding Equity Awards at Fiscal Year End table on page 31.

All Other Compensation and Perquisites. While the Compensation Committee reviews and monitors the level of other compensation offered to the Named Executive Officers, it typically does not adjust the level of benefits offered on an annual basis. The Compensation Committee does consider the benefits and perquisites offered to the Named Executive Officers in its evaluation of the total compensation received by each. It is the Company's belief that perquisites for Named Executive Officers should be very limited in scope and value and reflective of similar perquisites from competitive employers both in the industry and the region. Due to this philosophy, the Company has generally provided nominal benefits to Named Executive Officers that are not available to other employees and plans to continue this approach in the future. The benefits offered in 2015 to the Named Executive Officers will continue for 2016. The perquisites received by the Named Executive Officers in 2015 are reported in the Summary Compensation Table on page 28.

Assessment of Compensation Risk

As a publicly-traded financial institution, the Company must comply with several often overlapping layers of regulations when considering and implementing compensation-related decisions. These regulations do not set specific parameters within which compensation decisions must be made, but do require the Company and the Compensation Committee to be mindful of the risks that often go hand-in-hand with compensation programs designed to incentivize the achievement of better than average performance.

The Compensation Committee believes that a sensible approach to balancing risk-taking and rewarding reasonable, but not necessarily easily attainable, goals has always been a component of its overall assessment of the compensation plans, programs and arrangements it has established for the Named Executive Officers.

In 2015, the Compensation Committee completed its thorough annual review of all compensation programs offered at the Company, including those described in this Compensation Discussion and Analysis, to determine whether any aspect of the plans or programs encourages excessive or unnecessary risk that would adversely affect the long-term value or performance of the Company. Based on the risk assessment process, the Compensation Committee concluded that the compensation plans and programs, considered individually and as a whole, do not encourage excessive risk taking by Named Executive Officers or other employees.

The Compensation Committee then reviewed the executive compensation structure overall and reached the following conclusions, based on key risk categories:

Table of Contents

Strategic Risk: The Compensation Committee determined that, overall, the performance metrics used are aligned with the Company's strategy and objectives for long-term value creation for its shareholders, properly reward various performance outcomes, and account for risk over a longer-term time horizon.

Cultural Risk: The Company has a strong set of corporate values that emphasize ethical behavior, actions that contribute to building long-term value- rather than short-term performance, teamwork and investment in people and infrastructure. The Company's Named Executive Officers and all employees have little incentive to be overly focused on short-term stock price performance.

Governance Risk: The Compensation Committee is independent, has access to and utilizes consultants and other advisers independent of management, has an appropriate level of expertise and is fully educated on all significant incentive plans and programs. The Compensation Committee has a disciplined process of establishing goals for and evaluating the performance of Mr. Chambas in executive sessions.

Pay-Mix Risk: The Company has market-competitive salaries to reduce pressure on short-term performance to earn reasonable annual compensation. The Compensation Committee believes the mix between longer-term incentives is appropriately balanced with motivation for short-term performance.

Performance Measurement Risk: Financial performance measures consider the income statement, balance sheet and asset quality measures so that management is accountable for all aspects of the Company's financial health. The Company considers both financial and non-financial performance outcomes in assessing Named Executive Officers' and all employees' performance and compensation.

Annual Incentive Risk: Named Executive Officers' and all employees' annual bonuses are earned based on both financial performance and non-financial performance. Goals for achieving target bonuses are reasonably achievable with good performance. The Compensation Committee believes the goals are challenging, but not unachievable. The bonus payout curves do not use steep cliffs for target bonus or exponential payouts for maximum payouts. In addition, the Company must meet or exceed one-half of the return on asset threshold level before any bonus payment can be made based on performance on any criteria.

Long-Term Incentive Risk: The LTI Plan uses multiple performance metrics and compares the Company's performance to its peer group to determine if annual equity grants are appropriate each year. The equity grants generally vest over a four-year period and there are no accelerated payout curves. The target payouts under the LTI Plan are reasonable in light of the Company's overall pay mix. Named Executive Officers typically receive grants on an annual basis, therefore significant value is created over time and short-term performance is not overemphasized, further reducing risk and aligning executive and shareholder interests.

After considering all components of the compensation paid to the Named Executive Officers, the Compensation Committee has determined that the compensation is reasonable and not excessive, and does not encourage imprudent risk-taking.

(1) The value of the restricted stock award is computed by multiplying the number of shares granted by the market value on the grant date. See “Outstanding Equity Awards at December 31, 2015.” See also the discussion of equity awards in Note 12 to the Company’s consolidated financial statements for the year ended December 31, 2015 for further information regarding these awards.

(2) The amounts reported in the “Non-equity incentive plan compensation” column were earned under the Annual Incentive Bonus Program in the calendar year reported. The Board defined specific threshold, target, and

superior award opportunities as a percentage of salary for each Named Executive Officer. The specific percentages were based on the individual Named Executive Officer's position and competitive market data for similar positions. The 2015 awards were contingent primarily on performance relative to goals for return on assets, top line revenue, pre-tax income and analyzed service charges as described on pages 21 & 22. The performance criteria were equally weighted and reflect the Company's strategic objectives.

Corey A. Chambas

Mr. Chambas is party to an employment agreement pursuant to which he serves as the President and Chief Executive Officer of the Company. The agreement provides Mr. Chambas with retirement and death benefits as well as certain change in control benefits as outlined below.

Mr. Chambas is entitled to a change in control benefit if, within two years after a change in control of the Company or FBB, one of the following occurs:

- i) the Company and FBB terminate Mr. Chambas' employment without cause;
- ii) Mr. Chambas terminates his employment within three months after being demoted or moved outside Milwaukee, Ozaukee, Waukesha, or Dane counties;
- iii) Mr. Chambas terminates his employment within three months after his salary is reduced by 10% or more without his agreement; or
- iv) Mr. Chambas voluntarily terminates his employment within three months of the change in control.

If Mr. Chambas' employment is terminated pursuant to (i), (ii), or (iii), then the amount of the change in control benefit payable to Mr. Chambas will be equal to the aggregate of the fair value of Mr. Chambas' unvested stock options issued by the Company, calculated as of the date of his termination or separation from employment, plus such additional amount as will, when added to any parachute payment, as defined in Section 280G of the Internal Revenue Code, made to Mr. Chambas contingent upon the change in control, be equal to 2.99 times his salary plus annual bonus. However, in no event will Mr. Chambas' severance payment be more than 2.99 times his "base amount" (as defined in 280G) (referred to as the "Allowable Amount"). In the event the severance payment calculated pursuant to the terms of Mr. Chambas' agreement is greater than the Allowable Amount, Mr. Chambas will be paid the Allowable Amount. If Mr. Chambas' employment is terminated pursuant to (iv), then the change in control benefit payable to Mr. Chambas will be equal to two times his salary plus annual bonus, unless such amount will be greater than the Allowable Amount, in which event Mr. Chambas will be paid the Allowable Amount.

Table of Contents

Under the agreement, Mr. Chambas is prohibited from competing with the Company or any of its affiliates and from soliciting their employees for a period of two years after the termination of his employment.

The agreement also provides for death and disability benefits. In the event Mr. Chambas dies while in the employ of the Company, the Company shall pay to his designated beneficiary or to his estate, the sum of \$1,500,000. This death benefit is paid over a period of ten years beginning on the 15th day of the month immediately following Mr. Chambas' death and continuing on the next nine anniversaries of that date. If Mr. Chambas becomes disabled before age 55, he will be entitled to receive an annual disability benefit paid over a period of ten years beginning on the 15th day of the month immediately following Mr. Chambas' disability and continuing on the next nine anniversaries of that date. The amount of the annual disability benefit for a disability prior to age 55 will be equal to 60% of his salary plus bonus multiplied by 68%.

If Mr. Chambas is terminated for a reason other than cause prior to a change in control or more than two years after a change in control, then he will be entitled to a severance benefit equal to two times his salary plus annual bonus. If Mr. Chambas is terminated for cause, all of the Company's obligations to pay any benefit under the agreement immediately become null and void.

Mr. Chambas is also entitled to supplemental retirement benefits under his agreement, which do not become vested either partially or completely until December 1, 2016.

The following table describes the potential payments upon termination or a change in control for Mr. Chambas. The table assumes that his employment was terminated on December 31, 2015, and the price per share was \$25.01, the closing price of the Company's Common Stock on December 31, 2015.

Pamela R. Berneking

Ms. Berneking is party to an employment agreement with the Company which was entered into as of April 22, 2014 and effective as of November 1, 2014, the date the Company acquired the stock of Alterra Bank. She also entered into a change in control agreement with terms and conditions as described in the following section.

Under the agreement, Ms. Berneking serves as President and CEO of Alterra Bank. The agreement provides her with certain benefits and includes provisions as described below:

Restricted Share Grant: Ms. Berneking was awarded a grant of 8,600 restricted shares under the Company's LTI Plan. These restricted shares will cliff vest on November 1, 2017 if Ms. Berneking is still in the Company's employ at that date. Accelerated vesting will occur on the date of a change in control of the Company as defined in the LTI Plan.

Termination of Employment. If Ms. Berneking's employment is terminated prior to November 1, 2017 either without cause or for good reason as defined in the agreement, the Company will pay her eighteen (18) months of her annual base salary in six payments of three months each.

Unless sooner terminated in accordance with the termination provisions of the agreement, Ms. Berneking's agreement will terminate upon the first to occur of (a) a change in control as defined in her change in control agreement or (b) November 1, 2017.

Under the agreement, Ms. Berneking is prohibited from soliciting clients or employees of the Company or its affiliates for a period of eighteen (18) months immediately following the termination of her employment for any reason.

Other Named Executive Officers

As is more fully described below, all of the Named Executive Officers, with the exception of Messrs. Chambas and Papritz, were subject to change in control agreements with the Company that were in effect on December 31, 2015, which provide for payments and benefits to a terminating Named Executive Officer following a change in control of the Company.

The change in control agreement is triggered by a change in control of the Company and requires the Company to make payment of severance benefits to a Named Executive Officer if the Named Executive Officer's employment is terminated by the Company without cause or the Named Executive Officer resigns for good reason.

Under the agreement, a Named Executive Officer is prohibited from competing with the Company or any of its affiliates, and from soliciting their employees, for a period of two years after the termination of his or her employment.

If the Named Executive Officer becomes entitled to severance benefits, the Company is obligated to pay to and provide him or her with:

- i) a lump sum cash amount equal to the Named Executive Officer's unpaid base salary, accrued vacation pay, and unreimbursed business expenses from the most recently completed fiscal year;

Table of Contents

- ii) any amount payable to the Named Executive Officer under the non-equity incentive compensation plan then in effect;
- iii) a cash amount equal to two times the Named Executive Officer's annual base salary payable in four installments over the two years following termination;
 - a lump sum cash amount equal to the greater of (a) the Named Executive Officer's then-current target
- iv) incentive compensation opportunity established under any annual non-equity incentive plan; or (b) his or her target incentive compensation opportunity in effect prior to the change in control; and
- v) the continuation of the Named Executive Officer's health insurance coverage for eighteen months from the effective date of termination.

The severance benefits are subject to potential reduction if it is determined that the payments of such benefits would be deemed to be excess parachute payments under Section 280G of the Internal Revenue Code. The amount of the severance benefits will be reduced below the threshold for an excess parachute payment if such a reduction would result in an increase in the aggregate benefits to be provided on an after-tax basis, to the executive.

The following table sets forth information concerning potential payments and benefits under the Company's compensation programs and benefit plans to which the Named Executive Officers, other than Mr. Chambas, whose benefits are described above and Mr. Papritz, would be entitled upon a termination of employment as of December 31, 2015. The table assumes a termination date of December 31, 2015 and the price per share of \$25.01, the closing price of the Company's Common Stock on December 31, 2015.

	Severance	Restricted Stock Unvested & Accelerated	Health Benefits	Total Termination Benefits
James F. Ropella Change in control	\$598,000	\$222,339	\$106	\$820,445
Charles H. Batson Change in control	\$570,877	\$194,578	\$21,588	\$787,043
Michael J. Losenegger Change in control	\$510,485	\$178,021	\$21,488	\$710,094

Tax Deductibility of Compensation

The Company seeks to maximize the tax deductibility of all elements of compensation. Section 162(m) of the Internal Revenue Code will generally disallow a corporate tax deduction for compensation paid to certain officers in excess of \$1 million, unless the compensation meets an exception as performance-based compensation. While the Company tries to structure compensation plans and programs to ensure deductibility, it may approve compensation amounts that do not qualify for deductibility when deemed to be in the best interest of the Company.

ITEM 2 – NON-BINDING ADVISORY PROPOSAL ON EXECUTIVE COMPENSATION

Section 14A of the Exchange Act, as created by Section 951 of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the “Dodd-Frank Act”), and the rules and regulations promulgated thereunder by the SEC, require publicly traded companies, such as the Company, to conduct a separate shareholder advisory vote to approve the compensation of the registrant’s Named Executive Officers, as disclosed pursuant to the SEC’s compensation disclosure rules, commonly referred to as a “say-on-pay” vote. In a non-binding advisory vote on the frequency of say-on-pay votes held at the Company’s 2013 annual meeting of shareholders, shareholders voted in favor of conducting say-on-pay votes annually. In light of this result, and other factors considered by the Board, the Board has determined that the Company will hold say-on-pay votes on an annual basis until the next advisory vote on such frequency, which is expected to take place at the Company’s 2019 annual meeting of shareholders.

The overall objectives of the Company’s compensation programs have been to align Named Executive Officer compensation with the success of meeting annual and long-range strategic operating and financial goals. The Compensation Committee and the Board believe that the Company’s policies and procedures are effective in implementing its compensation philosophy and achieving its goals, and that the compensation of the Named Executive Officers in 2015 reflects and supports these compensation policies and procedures.

In accordance with the requirements of the Dodd-Frank Act and the rules and regulations promulgated thereunder, the following resolution is submitted for shareholder approval:

“RESOLVED, that First Business Financial Services, Inc.’s shareholders approve, on an advisory basis, the compensation of the Company’s Named Executive Officers, as described in the Company’s proxy statement dated April 1, 2016.”

Approval of this resolution requires that the number of votes cast in favor of the resolution at the Annual Meeting exceed the number of votes cast against it. While this say-on-pay vote is required, as provided in Section 14A of the Exchange Act, it is not binding on the Compensation Committee or the Board and may not be construed as overruling any decision by the Compensation Committee or the Board. However, the Compensation Committee will take into account the outcome of the vote when considering future compensation arrangements. Abstentions and broker non-votes will not affect the voting results for this proposal.

THE BOARD RECOMMENDS SHAREHOLDERS VOTE TO APPROVE THE OVERALL COMPENSATION OF THE NAMED EXECUTIVE OFFICERS, AS DESCRIBED IN THIS PROXY STATEMENT, BY VOTING “FOR” THIS PROPOSAL. SHARES OF COMMON STOCK REPRESENTED BY EXECUTED BUT UNMARKED PROXIES WILL BE VOTED “FOR” THIS PROPOSAL.

RELATED PARTY TRANSACTIONS

Under its written charter, the Audit Committee is responsible for reviewing related party transactions and potential conflicts of interest. In conducting its review, the Audit Committee will take into account all relevant factors, including (1) the impact, if any, on a director's independence if the related person is a director, an immediate family member of a director or an entity in which a director has a significant role or interest; (2) whether the proposed transaction is on terms that are comparable to the terms available to unrelated third parties or to our employees generally; (3) the material terms of the transaction; (4) the availability of other sources for comparable services or products (if applicable); and (5) the potential benefits to the Company. The Audit Committee is also responsible for reviewing, on an annual basis, a report prepared by management summarizing the Company's compliance with the Federal Reserve System's Regulation O and the FR Y-6 Report filed with the Federal Reserve Bank. The Company's executive officers and directors and their associates have been, and the Company anticipates that they will continue to be, clients of the Company's subsidiary banks, FBB, FBB-M and Alterra Bank (the "Banks") in the ordinary course of business, which includes maintaining deposit, trust and other fiduciary accounts and obtaining loans. The Banks have granted various types of loans to the Company's executive officers and directors, and to entities controlled by them. As of December 31, 2015, such loans: (i) were made consistent with similar practices in the banking industry generally; (ii) were made in the ordinary course of business and on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with the Bank's other clients not related to the Banks; (iii) did not involve more than the normal risk of collectability or present other unfavorable features; (iv) and were subject to and made in accordance with Regulation O. All extensions of credit made to the Company's directors are approved by the Banks' boards of directors as insider loans under Regulation O requirements.

REPORT OF THE AUDIT COMMITTEE

In accordance with its written charter, the Audit Committee oversees the Company's financial reporting process on behalf of the Board. The Company's management, under the supervision of the Chief Executive Officer and Chief Financial Officer, is responsible for the financial statements, for maintaining effective internal control over financial reporting, and for assessing the effectiveness of internal control over financial reporting. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed the audited consolidated financial statements in the Annual Report on Form 10-K with Company management, including: a discussion of the quality, not just the acceptability, of the accounting principles; the reasonableness of significant judgments; and the clarity of disclosures in the consolidated financial statements.

The Audit Committee reviewed with the independent registered public accounting firm, which firm is responsible for expressing an opinion on the conformity of those audited consolidated financial statements with U.S. generally accepted accounting principles, its judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee by the standards of the Public Company Accounting Oversight Board (United States) ("PCAOB"), including PCAOB Auditing Standard No. 16, "Communication With Audit Committees," the rules of the SEC, and other applicable regulations. In addition, the Audit Committee has discussed with the independent registered public accounting firm the firm's independence from Company management and the Company, including the matters in the letter from the firm required by PCAOB Rule 3526, Communication with Audit Committees Concerning Independence, and considered the compatibility of non-audit services with the independent registered public accounting firm's independence.

The Audit Committee also reviewed and discussed together with management and the independent registered public accounting firm the Company's audited consolidated financial statements for the year ended December 31, 2015 and the results of management's assessment of the effectiveness of the Company's internal control over financial reporting and the independent registered public accounting firm's audit of internal control over financial reporting. The Audit Committee discussed with management and the independent registered public accounting firm any material weaknesses and any significant deficiencies identified during the course of the assessment and the audit and management's plan to remediate those control deficiencies.

The Audit Committee discussed with the Company's third party internal auditors and independent registered public accounting firm the overall scope and plans for their respective audits. The Audit Committee meets with the third party internal audit firm and the independent registered public accounting firm, with and without management present, to discuss: the results of their examinations; their evaluations of the Company's internal control, including internal control over financial reporting; and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board, and the Board approved, the inclusion of the audited consolidated financial statements and management's assessment of the effectiveness of the Company's internal control over financial reporting in the Annual Report on Form 10-K for the year ended December 31, 2015 filed by the Company with the SEC.

This report shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, as amended, or the Exchange Act, and shall not otherwise be deemed filed under such.

Audit Committee Pre-Approval Policy

The Audit Committee has established pre-approval policies and procedures with respect to audit and permitted non-audit services to be provided by its independent registered public accounting firm. Pursuant to these policies and procedures, the Audit Committee may form, and delegate authority to, subcommittees consisting of one or more members when appropriate to grant such pre-approvals, provided that the decisions of such subcommittee to grant pre-approvals are presented to the Audit Committee at its next scheduled meeting. The Audit Committee's pre-approval policies do not permit the delegation of the Audit Committee's responsibilities to management. During 2015, there were no fees approved for the independent registered public accounting firm pursuant to the de minimis exception under the SEC's rules.

ITEM 3 – RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected KPMG LLP as the Company's independent registered public accounting firm for the year ending December 31, 2016. Although not required to be submitted to a shareholder vote, the Board believes it appropriate to obtain shareholder ratification of the Audit Committee's action in appointing KPMG LLP as the Company's independent registered public accounting firm. Should such appointment not be ratified by the shareholders, the Audit Committee will reconsider the matter. The Audit Committee expects that the Board will ratify the appointment of KPMG LLP as the Company's independent registered public accounting firm at their first meeting after the Annual Meeting. Unless shareholders otherwise specify, the shares represented by the proxies received will

THE BOARD RECOMMENDS THE RATIFICATION OF THE AUDIT COMMITTEE'S APPOINTMENT OF KPMG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2016 AND THAT EACH SHAREHOLDER VOTE "FOR" SUCH RATIFICATION. SHARES OF COMMON STOCK REPRESENTED BY EXECUTED BUT UNMARKED PROXIES WILL BE VOTED "FOR" THE RATIFICATION OF THE AUDIT COMMITTEE'S APPOINTMENT OF KPMG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

OTHER MATTERS

Shareholder Proposals

Proposals that shareholders of the Company intend to include in the Company's proxy statement for the 2017 annual meeting and present at the 2017 annual meeting pursuant to SEC Rule 14a-8 must be received by the Company by the close of business on December 1, 2016. In addition, a shareholder who otherwise intends to present business at the 2017 annual meeting (including nominating persons for election as directors) must comply with the requirements set forth in the Company's Amended and Restated Bylaws. Among other things, to bring business before an annual meeting, a shareholder must give written notice thereof, complying with the Amended and Restated Bylaws, to the Corporate Secretary of the Company not less than 60 days and not more than 90 days prior to the anniversary date of the previous year's annual meeting (subject to certain exceptions if the annual meeting is advanced or delayed a certain number of days). Under the Amended and Restated Bylaws, if the Company does not receive notice of a shareholder proposal submitted otherwise than pursuant to Rule 14a-8 (i.e., proposals shareholders intend to present at the 2017 annual meeting but do not intend to include in the Company's proxy statement for such meeting) after February 15, 2017 and before March 17, 2017, then the notice will be considered untimely and the Company will not be required to present such proposal at the 2017 annual meeting. If the Board chooses to present such proposal at the 2017 annual meeting, then the persons named in proxies solicited by the Board for the 2017 annual meeting may exercise discretionary voting power with respect to such proposal.

Other Matters

The cost of soliciting proxies will be borne by the Company. In addition to soliciting proxies by mail, proxies may be solicited personally and by telephone by certain directors, officers and employees of the Company, who will receive no extra compensation for their services. The Company will reimburse brokers and other nominees for their reasonable expenses in communicating with the persons for whom they hold Common Stock.

Pursuant to the rules of the SEC, services that deliver the Company's communications to shareholders that hold stock through a bank, broker or other holder of record may deliver to multiple shareholders sharing the same address a single copy of the Company's annual report to shareholders and proxy statement. Upon written or oral request, the Company will promptly deliver a separate copy of the annual report to shareholders and/or proxy statement to any shareholder at a shared address to which a single copy of each document was delivered. Similarly, if shareholders sharing an address wish to receive a single copy of future notices, proxy statements or annual reports, the Company will comply upon receipt of such request. Shareholders may notify the Company of their requests by writing Barbara M. Conley, Senior Vice President, General Counsel and Corporate Secretary, First Business Financial Services, Inc., 401 Charmany Drive, Madison, Wisconsin 53719 or calling her at 608-238-8008.
