Item 8.01 Other Events.

On October 10, 2017, Antares Pharma, Inc. (the “Company”) announced it had entered into an Asset Purchase Agreement (the “Asset Purchase Agreement”) with Ferring International Center S.A. (“Ferring”), to sell the worldwide rights, including certain assets, for the ZOMAJET™ needle-free auto injector device (the “Product”) for a total purchase price of up to \$14.5 million (the “Purchase Price”).

The Purchase Price will be paid in four installments consisting of the following: (1) a \$2.0 million upfront payment; (2) a second installment of \$2.75 million payable upon delivery of certain documentation and satisfaction of certain conditions primarily related to Product manufacturing; (3) a third installment of \$4.75 million payable upon satisfaction of certain conditions necessary to further transfer the Product program to Ferring, including further document transfer, the successful completion of a regulatory audit by a notified body, and a pilot manufacturing run under Ferring’s supervision; and (4) a final installment of \$5.0 million upon Ferring’s receipt of the CE Mark needed to continue to commercialize the Product in the European Union, Iceland, Liechtenstein and Norway and the transfer of certain existing Product inventory, and Product-related equipment and agreements to Ferring (the “Completion Date”). The Completion Date is expected to occur by the end of fiscal year 2018.

To date, Antares has been the worldwide supplier of ZOMAJET™ devices to its partners Ferring and JCR Pharmaceutical Company Ltd. and will continue to manufacture and supply the devices until the Completion Date pursuant to existing supply arrangements. During the completion period, Antares will continue to receive payment for ZOMAJET™ devices manufactured and supplied to its partners and a royalty on net product sales in accordance with the existing license and supply agreements.

The Asset Purchase Agreement contains customary terms and conditions for agreements of like type, including representations and warranties and non-competition restrictive covenants and indemnification provisions that are described further below.

Pursuant to the terms of the Asset Purchase Agreement, the Company and Ferring agreed to certain non-competition restrictive covenants through the second anniversary of the Completion Date. The Company agreed not to commercialize any needle-free auto injector device for administering HGH and Ferring agreed not to commercialize the Product for delivering methotrexate, testosterone or sumatriptan. Both Ferring and the Company have agreed to indemnify the other party for losses arising from certain breaches of the Asset Purchase Agreement, subject to certain limitations.

A copy of the press release announcing the entry into the Asset Purchase Agreement is attached hereto as Exhibit 99.1 and incorporated herein by reference.
