PROXY STATEMENT

This Proxy Statement is furnished by the Board of Directors of Chesapeake Utilities Corporation (the “Company”) in connection with the solicitation by the Board of Directors of proxies to be voted at the Annual Meeting of Stockholders to be held at 9:00 a.m. EST on Tuesday, May 2, 2006, in the King Sejong Room of The Hotel du Pont, 11th and Market Streets, Wilmington, Delaware 19801, and at any adjournment thereof, for the purposes set forth in the accompanying notice of Annual Meeting of Stockholders. All stockholders of record at the close of business on March 15, 2006 (the “Record Date”) will be entitled to vote.

Solicitation of Proxies. Solicitation of proxies also may be made by personal interview, mail, telephone or e-mail by directors, officers and regular employees of the Company. The Company also will request banking institutions, brokerage firms, custodians, trustees, nominees and fiduciaries that are holders of record to forward the solicitation material to the beneficial owners of the shares and the Company will reimburse such entities for reasonable expenses incurred. In addition, the Company may engage professional proxy solicitors, although it has no present plans to do so. All costs of preparing, printing, assembling and mailing the form of proxy and the material used in the solicitation thereof, and all clerical and other expenses of solicitation will be borne by the Company. Regular employees of the Company and members of the Board of Directors will not receive additional compensation for soliciting proxies. This proxy statement and enclosed form of proxy are being first sent or given to stockholders on or about March 29, 2006.

Signature of Proxies. If you complete, properly sign and mail the accompanying proxy card, it will be voted as you direct. If you are a registered stockholder and attend the meeting, you may deliver your completed card in person. “Street name” stockholders who wish to vote at the meeting will need to obtain a valid proxy card from the institution that holds their shares.

If a stockholder is a corporation, an authorized officer should sign the accompanying proxy in its corporate name, and his or her title should be indicated. If stock is registered in the name of two or more trustees or other persons, the proxy should be signed by each of them. If stock is registered in the name of a decedent, the proxy should be signed by an executor or an administrator, there should be appropriate instruments attached to the proxy showing his or her qualification and authority, and his or her title as such should follow the signature. Proxies signed by a person as an agent, attorney, administrator, executor, guardian or trustee should indicate such person’s title following his or her signature.

Revocation of Proxies. Any proxy, if received in time, properly signed and not revoked, will be voted at the meeting in accordance with the directions of the stockholder. If no directions are specified, the proxy will be voted **FOR** the election of each of the nominees to serve as directors of the Company and pursuant to the discretion of the appointed proxies for any other action properly brought before the meeting. Any stockholder giving a proxy has the power to revoke it at any time before it is exercised. A proxy may be revoked (i) by delivery of a written statement to the Corporate Secretary of the Company stating that the proxy is revoked, (ii) by delivery of a subsequent proxy executed by the person executing the prior proxy, or (iii) by attendance at the Annual Meeting of Stockholders and voting in person.

Voting Required for Approval; Quorum. As of the Record Date, 5,930,020 shares of the common stock of the Company (the “Common Stock”), the only outstanding class of voting or equity securities of the Company, were outstanding. Each share of common stock is entitled to one vote on each matter submitted to a vote of stockholders. As of the Record Date, the Company’s executive officers and directors had the power to vote approximately 3.44% of

the outstanding shares of Common Stock. The Company's executive officers and directors have advised the Company that they intend to vote their shares of Common Stock **FOR** the proposal contained herein and to vote pursuant to the discretion of the appointed proxies for any other action properly brought before the meeting.

A quorum for the transaction of business at the Annual Meeting of Stockholders requires the presence, in person or represented by proxy, of the holders of a majority of the shares of Common Stock outstanding on the Record Date. Votes cast in person or by proxy at the Annual Meeting will be tabulated and a determination will be made as to whether a quorum is present. The Company will treat abstentions as shares that are present and entitled to vote for purposes of determining the presence or absence of a quorum, but as unvoted for purposes of determining the approval of any matter submitted to the stockholders. If a broker submits a proxy indicating that it does not have discretionary authority as to certain shares to vote on a particular matter (i.e., "broker non-votes"), those shares will not be considered as entitled to vote with respect to such matter. Broker non-votes with respect to the election of directors will have no effect on the outcome of the vote on this proposal.

Annual Report. The Annual Report to Stockholders, covering the Company's fiscal year ended December 31, 2005, is enclosed herewith. The Annual Report, which includes financial statements, is not part of the proxy solicitation materials.

PROPOSAL 1 - ELECTION OF DIRECTORS

The entire Board of Directors of the Company consists of 10 directors. The Board is divided into three classes, with the Directors of each class elected to serve three-year terms.

At the 2006 Annual Meeting, three Class I Directors will be elected to serve until the 2009 Annual Meeting of Stockholders, and until their successors are elected and qualified. The Board of Directors has nominated the following candidates for election to the Board: Calvert A. Morgan, Jr., Eugene H. Bayard and Thomas P. Hill, Jr. Mr. Morgan was elected to the Board in 2000 and re-elected to the Board in 2003 to serve until this Annual Meeting. Messrs. Bayard and Hill are new candidates for election by stockholders at this Annual Meeting. In February, the Corporate Governance Committee reviewed the background and experience of Mr. Hill and Mr. Bayard, as well as the existing size and composition of the Board, and consistent with the general criteria set forth in the Company's Corporate Governance Guidelines, the Corporate Governance Committee recommended each of these two new candidates to the Board. Mr. Bayard was also recommended by the Chairman of the Company's Corporate Governance Committee. Messrs. Peins and Rider will retire from the Board at the Annual Meeting in accordance with the Company's retirement policy for the Board of Directors.

Directors are elected by a plurality of the votes cast by the holders of the shares present in person or represented by proxy at the meeting and entitled to vote for the election of directors. A proxy that withholds authority to vote for a particular nominee will not count either for or against the nominee.

*THE BOARD OF DIRECTORS RECOMMENDS A VOTE **FOR** EACH OF THE NOMINEES.*

CORPORATE GOVERNANCE

General. The Company's Board of Directors has adopted a set of corporate governance guidelines, which, along with the written charters for Board committees described below, provide the framework for the Board's governance of the Company.

Independence. The New York Stock Exchange (NYSE) rules governing independence require that a majority of the members of the Company's Board of Directors be independent as defined by the NYSE. Members of the Board are independent if the Company determines that the director has no material relationship with the Company except in his or her capacity as a director. To assist in making the determination of independence for each director, the Company adopted its "Corporate Governance Guidelines on Director Independence" (the "Independence Guidelines"). The Independence Guidelines adopted by the Board are set forth as Appendix A to this Proxy Statement and are also available on the Company's website at chpk.com.

In accordance with the Independence Guidelines, the Board of Directors on February 23, 2006 conducted its annual review of director independence. During this review, the Board of Directors examined all direct and indirect material transactions or relationships between the Company or any of its subsidiaries and each director and any immediate family member of such director and determined that no such relationship existed during 2005.

On the basis of this review, the Board of Directors determined that in accordance with the standards set forth in the Independence Guidelines, each of the following directors qualifies as an independent director as defined by the NYSE listing standards: Richard Bernstein, Thomas J. Bresnan, Walter J. Coleman, J. Peter Martin, Joseph E. Moore, Calvert A. Morgan, Jr., and Robert F. Rider. The Board of Directors also determined that Eugene H. Bayard and Thomas P. Hill, Jr., the two new director nominees, each qualify as independent directors. The Board of Directors determined that each of the following directors did not qualify as independent: Ralph J. Adkins, the Company's non-management Chairman, is disqualified as an independent director because he served as an executive officer of the Company within the last three years; John R. Schimkaitis, President and Chief Executive Officer of the Company, is disqualified as an independent director because he is presently an executive officer of the Company; and Rudolph M. Peins, Jr., a director of the Company who is retiring at the Annual Meeting, is disqualified as an independent director because his son-in-law is employed as a tax manager by the Company's independent accountants.

Code of Ethics and Corporate Governance Guidelines. The Board has adopted a Business Code of Ethics and Conduct, which applies to the Company's directors, officers and employees generally, as well as a Code of Ethics for Financial Officers, which is applicable to the Company's Chief Executive Officer, Chief Financial Officer, Corporate Controller, and Treasurer. The Board has also adopted Corporate Governance Guidelines, which consists of a series of policies and principles regarding the governance of the Company. These documents may be viewed on the Company's website at chpk.com. Each of these documents is also available in print to any stockholder upon request.

Common Stock Ownership Guidelines for Non-Management Directors. The Company's Board has adopted common stock ownership guidelines for each non-management director. These guidelines provide for each director to own at least 4,000 shares of the Company's common stock within three years after the effective date of the stock ownership guidelines or after five years of their date of appointment to the Board.

Executive Sessions of the Non-Management Directors. The Company's directors who are not officers of the Company ("non-management directors") meet regularly without the presence of any of the management directors. These meetings are presided over by the Company's Chairman, who is not an officer of the Company. Mr. Adkins does not qualify as an independent director according to the criteria established by the NYSE and the Company's Independence Guidelines, therefore, the independent directors meet at least once a year in executive session with the Chairman of the Corporate Governance Committee presiding over such meeting(s).

Meetings of the Board of Directors and Committees. The Board of Directors met eight times during 2005. Each director attended 75% or more of the aggregate of (i) the total number of meetings of the Board of Directors, and (ii) the total number of meetings held by each committee of the Board on which he served.

Directors are strongly encouraged to attend the Company's Annual Meetings of Stockholders. Nine of the ten incumbent directors attended the 2005 Annual Meeting of Stockholders.

Stockholder Communications with the Board. Stockholders and other parties interested in communicating directly with the Board of Directors or any individual director or with the director who presides at executive sessions of the non-management directors or the non-management directors as a group may do so by sending written communications to the attention of the intended recipient(s) in care of the Company's Corporate Secretary at Chesapeake Utilities Corporation, 909 Silver Lake Boulevard, Dover, Delaware 19904.

The Corporate Secretary will forward all communications to the appropriate person or persons. Communications relating to accounting, internal controls or auditing matters are handled in accordance with procedures established by the Audit Committee with respect to such matters. These communications procedures have been approved by a majority of the independent directors.

NOMINATION OF DIRECTORS

The Company's bylaws permit stockholders to nominate candidates for election as directors. Other than the Company's bylaws and the guidance provided under the Corporate Governance Committee Charter, the Company has no formal policy with regards to the consideration of directors nominated by stockholders.

The Corporate Secretary of the Company must receive director nominations by stockholders not less than 14 days nor more than 80 days prior to the meeting at which directors are to be elected. Each nomination must be in writing and set forth: (i) as to each nominee, (a) the name, age, business address and, if known, residential address of the nominee; (b) the principal occupation or employment of the nominee; (c) the number of shares of the Company's stock beneficially owned by the nominee; (d) the consent of the nominee to serve as a director of the Company if elected; (e) a description of all arrangements or understandings among the stockholder and the nominee and any other person or persons pursuant to which the nomination is to be made by the stockholder; and (f) any other information relating to the nominee required to be disclosed in solicitations of proxies for election of directors, or otherwise required pursuant to Schedule 14A under the Securities Exchange Act of 1934, as amended, and (ii) as to the stockholder giving the notice, (a) the name and address of the stockholder, as they appear on the Company's books, and (b) the number of shares of the Company stock beneficially owned by the stockholder.

The Corporate Governance Committee, whose duties include that of a nominating committee, will consider a recommendation from a stockholder only if the information specified above is complete. The process followed by the Corporate Governance Committee to identify and evaluate candidates includes: requests to Board members, management and others for recommendations; meetings from time to time to evaluate the biographical information and other background material relating to potential candidates; and interviews of selected candidates by members of the Corporate Governance Committee.

In considering whether to recommend any candidate, including any candidate recommended by a stockholder, for inclusion in the Board's slate of recommended director nominees for election by the stockholders, the Corporate Governance Committee will consider the existing size and composition of the Board and apply the general criteria set forth in the Corporate Governance Guidelines as well as any specific director selection criteria adopted by the Corporate Governance Committee based on the Company's circumstances at the time. The criteria specified by the Corporate Governance Guidelines relate to a candidate's character, judgment, business experience or professional background, knowledge of the Company's business, community involvement, and availability and commitment to carry out the responsibilities as a director of the Company (generally directors may not be directors of more than two public companies in addition to the Company). The specific director selection criteria include, but may not in all instances be limited to, the following:

- A proven track record of leadership in the person's particular field of expertise
- Prior education or experience that enables the person to exercise sound business judgment on issues typically encountered by the Company
- A record of accomplishments that reflects a high level of achievement in the person's profession. In this regard, the Board generally requires that a nominee shall be: currently serving, or shall previously have served, as a chief executive officer, chief operating officer or chief financial officer of a substantial company; a distinguished member of academia; a partner in a law firm or accounting firm; a successful entrepreneur; or hold a similar position of

significant responsibility

- A background or experience that enables the person to represent or present differing points of view

6

- Willingness to listen and work together in a collegial manner
 - Meet the qualifications as set forth by the NYSE
- Possession of knowledge, experience and skills that will enhance the Board's mix of core competencies

The Corporate Governance Committee does not assign specific weights to these criteria and not all of the criteria are necessarily applicable to all prospective nominees. The Company believes that the backgrounds and qualifications of the directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities.

COMMITTEES OF THE BOARD OF DIRECTORS

The standing committees of the Company are the Audit Committee, Compensation Committee and Corporate Governance Committee.

Audit Committee. The Audit Committee was established in 1976. The Company's Board adopted the written charter of the Audit Committee on February 23, 2006. The Charter is included as Appendix B to this Proxy Statement, and can also be viewed on the Company's website at chpk.com. The Charter is also available in print to any stockholder upon request. As reflected in its Charter, the Committee's responsibilities include: (i) the appointment, retention, termination, compensation, and oversight of the Company's independent auditors, (ii) approval of all non-audit engagements of the Company's independent auditors, (iii) review, along with management and the independent auditors, of the annual and quarterly financial statements, and (iv) supervision of the annual audit and the Company's internal audit function. The Audit Committee held five meetings during 2005. The current members of the Audit Committee are: Walter J. Coleman, J. Peter Martin and Thomas J. Bresnan, Chairman.

The composition of the Audit Committee is subject to independence and other requirements of the Securities Exchange Act of 1934, as amended, and the rules and regulations promulgated by the Securities and Exchange Commission (the "SEC") thereunder, and the NYSE listing standards. The Board of Directors, upon the unanimous recommendation of the Corporate Governance Committee, has determined that all current members of the Audit Committee meet the audit committee composition requirements of the SEC and the NYSE listing standards. Mr. Bresnan qualifies as an "audit committee financial expert" under the rules of the SEC based on his previous experience and knowledge. He currently serves as Chief Executive Officer and President of New Horizons Worldwide, Inc. and previously served as principal financial officer of Capital American Financial, a subsidiary of Capital American Financial. Mr. Bresnan also has six years of public accounting experience. Mr. Bresnan satisfies the independence requirements for audit committee members under the NYSE listing standards. None of the members of the Audit Committee serve on audit committees of more than two other public companies.

Compensation Committee. The Compensation Committee was established in 1979. The Company's Board has adopted the written charter of the Compensation Committee, which can be viewed on the Company's website at chpk.com. The Charter is also available in print to any stockholder upon request. As reflected in its Charter, the Committee's responsibilities include: (i) the design, recommendation to the Board of Directors for approval, and administration of the Company's executive compensation practices, (ii) administration of the Company's principal employee benefit plans, (iii) annual review and approval of the compensation arrangements of the Chief Executive Officer, and (iv) if requested by the Board of Directors, evaluation of the Company's director compensation arrangements. The Compensation Committee held three meetings during 2005. The current members of the Compensation Committee are: Joseph E. Moore, Calvert A. Morgan, Jr. and Richard Bernstein, Chairman.

The NYSE listing standards require that the Compensation Committee consist solely of independent directors. The Board of Directors, upon the unanimous recommendation of the Corporate Governance Committee, has determined

that all current members of the Compensation Committee are “independent” as that term is defined in the NYSE listing standards.

7

Corporate Governance Committee. The Corporate Governance Committee was established in 1994 for the purpose of reviewing and advising the Board on general corporate governance and structural issues. In 1998, this Committee assumed the functions of the Nominating Committee. The Company's Board has adopted the written charter of the Corporate Governance Committee, which can be viewed on the Company's website at *chpk.com*. The Charter is also available in print to any stockholder upon request. As reflected in its Charter, the Committee's responsibilities include: (i) periodic review of the Company's Corporate Governance Guidelines, (ii) evaluation of the size and composition of the Board of Directors, (iii) development and recommendation to the Board of Directors of director eligibility guidelines, (iv) evaluation of director candidates, and (v) annual evaluation of the Board of Director's performance. The Corporate Governance Committee held five meetings during 2005. The current members of the Corporate Governance Committee are: Joseph E. Moore, Calvert A. Morgan, Jr. and Robert F. Rider, Chairman. Mr. Rider will retire from the Board at the Annual Meeting in accordance with the retirement policy for the Board. Mr. Morgan will act as interim Chairman until such time as a successor is duly appointed and qualified.

The NYSE listing standards require that the Corporate Governance Committee consist solely of independent directors. The Board of Directors, upon the unanimous recommendation of the Corporate Governance Committee, has determined that all current members of the Corporate Governance Committee are "independent" as that term is defined in the NYSE listing standards.

DIRECTOR COMPENSATION

Mr. Schimkaitis receives no additional compensation for serving as a director of the Company. All other directors are paid under compensation arrangements approved by the Compensation Committee. The Compensation Committee reviews director compensation annually and reports the results of its review to the Board of Directors, who approves all director compensation arrangements. The components of the current director compensation program are described below. The Compensation Committee will conduct its annual compensation review in April 2006 and the Board of Directors may modify director compensation as it deems appropriate at that meeting or any time thereafter.

For 2005, the Chairman of the Board, a non-employee director, was paid an annual cash retainer of \$120,000 for his services in that capacity. Each of the Company's non-employee directors received an annual cash retainer of \$12,000 for his services as a director. Each non-employee director, including the Chairman, was also paid \$1,000 for each board or committee meeting attended in person or by telephone, however, if a director attended more than one meeting on the same day, the director was paid \$1,000 for the first meeting and an additional \$500 for each additional meeting attended on that same day.

Under the Company's Directors Stock Compensation Plan ("DSCP"), each non-employee director received in 2005 an annual award of 600 shares of common stock and an additional award of 150 shares of common stock for service as a committee chairman, subject to adjustment in future years consistent with the terms of the DSCP. The shares were issued at the time of the Annual Meeting as compensation for service to be performed during the period between the Company's 2005 and 2006 Annual Meetings of Stockholders.

Long-Term Incentive Plans - Awards in 2005. The following table provides information regarding the number and terms of performance shares granted to the named executive officers in 2005. In 2005, the Compensation Committee granted performance awards to each of Messrs. Schimkaitis, Barbas and McMasters for 9,600, 6,820, and 5,120 shares, respectively. Forty percent of these shares can be earned if the Company achieves specified performance goals relating to growth in earnings per share in 2006. To the extent that any portion of the forty percent is not earned during 2006, those performance shares may be earned in 2007 or 2008, if in either of the two succeeding years cumulative pre-established performance goals are achieved over, respectively, the three-year period ending in that year. The remaining sixty percent of the performance awards will only be awarded if certain pre-established performance goals are achieved in 2006. In 2005, the Compensation Committee also granted performance awards to each of Messrs. Thompson and Zola. Under the terms of the awards: (i) Mr. Thompson will be entitled to earn up to 2,240 shares of restricted stock if the Company's natural gas segment achieves at least 90% of the target pre-tax return on investment for the performance period beginning January 1, 2006, and ending December 31, 2008; and (ii) Mr. Zola will be entitled to earn up to 2,240 shares of restricted stock if the Company's propane distribution operations income exceeds the income target for the performance period beginning January 1, 2006 and ending December 31, 2008. Both Messrs. Thompson and Zola will also be entitled to earn up to 960 shares of restricted stock for 2006 if the Company achieves specified performance goals relative to the Industry Peer Group relating to stockholder value performance. In the event of a change in control during the performance period, the total number of performance shares granted, prorated based on the proportion of the calendar year that has elapsed, would be deemed earned. Performance shares, once earned and issued, may not be sold for a three-year period. During the three-year period, the holder is entitled to receive all dividends paid on the shares.

Pension Plan. As of December 31, 1998, the Company amended the Chesapeake Utilities Corporation Pension Plan (the "Pension Plan") to close the Pension Plan to new participants. At that time, the Pension Plan also was amended to allow current participants, including executive officers, to make a one-time election either (i) to continue participation in the Pension Plan, or (ii) to have their entire benefit under the Pension Plan transferred to a new pension plan (known as the "Chesapeake Utilities Corporation New Retirement Program Plan") from which they would receive a distribution of their entire benefit upon approval by the Internal Revenue Service of the Pension Plan's proposed termination, coupled with an increase in the Company's rate of matching contributions to the employee's account in the Chesapeake Utilities Corporation Retirement Savings Plan. None of the named executive officers participating in the Pension Plan - Messrs. Schimkaitis, McMasters and Thompson - elected the second option, and accordingly all three of the named executive officers continued to participate in the Pension Plan. Effective January 1, 2005, the Pension Plan was further amended (i) to freeze any further benefit accruals after December 31, 2004, (ii) to increase the years of credited service for each participant by the lesser of (a) two years or (b) such additional credited service as would increase the participant's years of credited service to 35, (iii) to fully vest any benefits not then vested, and (iv) to

provide for a lump sum distribution option. Benefits from the Pension Plan are paid from the Pension Plan's trust, which is funded solely by the Company. Benefits normally are paid in the form of a straight life annuity or joint and survivor annuity, although other forms of distribution (including a lump sum) are available. Benefits under the Pension Plan are not subject to any deduction for Social Security or other offset amounts.

After giving effect to the freezing of the Pension Plan effective January 1, 2005, the calculation of benefits under the Pension Plan will be based on average earnings for the highest five consecutive years of the ten years ending December 31, 2004. (Because the Pension Plan is now frozen, changes in participants' earnings after 2004 will not affect their Pension Plan benefits.) Compensation for 2004 used to compute final average earnings was as follows: Mr. Schimkaitis - \$326,250; Mr. McMasters - \$227,500 and Mr. Thompson - \$225,250. After giving effect to the two additional years of credited service, as of December 31, 2004, the number of years of credited service under the Pension Plan for each of the participating named executive officers is as follows: Mr. Schimkaitis - 23 years; Mr. McMasters - 25 years and Mr. Thompson - 24 years. (Because the Pension Plan is now frozen, service after 2004 will not affect these participants' Pension Plan benefits.)

The Internal Revenue Code of 1986, as amended, generally limits the annual benefits that may be paid under the Pension Plan (\$165,000 for 2004) and limits the amount of annual compensation that may be taken into account in determining final average earnings (\$205,000 in 2004). Effective January 1, 1995, the Company adopted Chesapeake Utilities Corporation Executive Excess Retirement Plan (the “Excess Plan”), in which each of the named executive officers, who are participants in the Pension Plan, also participate. Under the Excess Plan, which is not a tax-qualified plan, the Company provides to Pension Plan participants the benefits that would have been provided under the Pension Plan but for these limits. The Excess Plan is unfunded, but is required to be funded in the event of a change in control of the Company. The Excess Plan was amended as of December 31, 2004 (i) to freeze any further benefit accruals after December 31, 2004, (ii) to increase the years of credited service for each participant by the lesser of (a) two years or (b) such additional credited service as would increase the participant’s years of credited service to 35, (iii) to fully vest any benefits not then vested, and (iv) not to permit lump sum distributions of benefit amounts over \$5,000.

The following table shows the estimated combined annual benefits that the named executive officers in the Summary Compensation Table would receive under the Pension Plan and the Excess Plan, assuming they retire at age 65:

<u>Name</u>	<u>Estimated Combined</u>	
	<u>Present Age</u>	<u>Annual Benefit</u>
John R. Schimkaitis	59	\$142,155
Michael P. McMasters	48	\$97,814
Stephen C. Thompson	46	\$91,859

Employment Agreements. The Company has entered into employment agreements with Messrs. Schimkaitis, Barbas, McMasters, Thompson, and Zola. These agreements include “change in control” provisions which are designed to help retain the officers whom the Board of Directors believes are essential to the proper supervision of the Company’s business by assuring them of equitable treatment in the event of a termination of employment following a change in control of the Company. Under the agreements, if a change in control occurs, the failure to elect or re-elect the officer to, or the removal of the officer from, the office held by the officer, or the failure to re-elect the officer to, or the removal of the officer from, the Board of Directors of the Company (if the officer was a member of the Board immediately prior to a change in control) would entitle the officer to terminate his employment and to receive certain termination payments as described below. An officer’s good faith determination that the nature or scope of his duties has been significantly altered subsequent to a change in control also would entitle the officer to elect to terminate his employment and to receive the termination payments provided in the agreement.

The employment agreement with Mr. Schimkaitis provides for his employment in his current position through March 25, 2007 at a salary determined by the Board of Directors. For 2006, the Board has fixed Mr. Schimkaitis’ salary at \$360,000. The agreement provides that if a change in control occurs prior to March 25, 2007, the agreement will be automatically extended for up to five years commencing on the date the change in control occurs.

The employment agreement with Mr. Barbas provides for his employment as Executive Vice President through August 3, 2006 at a salary determined by the Board of Directors. For 2006, the Board has fixed Mr. Barbas’ salary at \$290,000.

The employment agreements with Messrs. McMasters and Thompson provide for their employment as Senior Vice President and Chief Financial Officer, and Senior Vice President, respectively, of the Company through March 25,

2006, each at salaries determined by the Board of Directors. For 2006, the Board has fixed their respective salaries at \$246,000 and \$243,000.

12

The employment agreement with Mr. Zola provides for his employment as President of Sharp Energy, Inc., the Company's propane distribution subsidiary, through December 31, 2006, at a salary determined by the Board of Directors. For 2006, the Board has fixed Mr. Zola's salary at \$135,000.

The employment agreements of each of Messrs. Barbas, McMasters, Thompson and Zola provide that if a change in control occurs prior to the expiration of its term, it will be automatically extended for a period of three years commencing on the date the change in control occurs.

Each employment agreement is intended to maintain the compensation and benefits of the executive following a change in control at levels generally comparable to those that such officers could reasonably have expected in the absence of a change in control. The agreements provide for the payment of compensation during the extension period following a change in control at a level equal to the rate existing immediately prior to the change in control, adjusted throughout such period to reflect increases in the consumer price index. Each agreement also provides for the officer's continued eligibility and participation in the Company's employee benefit plans during such extension period. In the event of a termination of employment other than for cause, the officer would receive under his agreement a termination payment equal to an amount approximating the compensation and the value of certain benefits under the Company's retirement plans that he would have received had he continued to be employed by the Company for the lesser of 12 months (24 months for Mr. Schimkaitis) or the number of months remaining under the extended term of the agreement. However, such termination payment could not exceed the maximum amount that the Company could pay the officer without some part of the amount being nondeductible by the Company under Section 280G of the Internal Revenue Code. Each agreement also provides that the Company will indemnify the officer for any expenses he incurs in successfully enforcing his right to payments or benefits under his agreement following a change in control and that the Company, upon the request of the officer, will provide the officer with an irrevocable letter of credit from a bank in the amount of \$100,000 against which the officer may draw to pay any expenses he incurs in attempting to enforce his rights under his agreement.

REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors hereby provides the following report on executive compensation for the year ended December 31, 2005.

Policies and Goals. The Company's compensation goal is to enhance the profitability of the Company and thus increase stockholder value by attracting high-quality executive talent and closely aligning the financial interests of its senior executives with those of the Company's stockholders. To this end, the Company's executive compensation program has been designed to provide competitive compensation levels based upon the successful achievement of specific annual and long-term objectives drawn from the Company's strategic plan.

Components. The Company's executive compensation program relies on three interrelated components, consisting of base salary, annual cash bonus and long-term equity-based rewards.

Base Salary. The base salary structure for the Chief Executive Officer and the other named executives was determined by means of a study prepared by an independent compensation consultant, using comparison data from the same group of diversified natural gas organizations (the "Industry Peer Group") that the Company uses in the preparation of its Stock Performance Graph, as shown herein, and from the general industry using companies of a similar size and nature to the Company. The midpoints of the recommended salary structure are set at or reasonably close to comparison averages, thereby providing marketplace priced compensation guidelines for executives. Annual salary adjustments are made after giving consideration to the individual's performance and contributions to the overall success of the Company. Executive base salaries generally fall close to the comparison averages. Salaries for the Chief Executive Officer, Chief Operating Officer, Chief Financial Officer and other executive officers named in the Summary Compensation Table are originally set by employment agreements as set forth in the "Employment Agreement" section above, but are adjusted annually pursuant to the process described herein.

Annual Cash Bonus. In February 2005, the Board of Directors adopted the Chesapeake Utilities Corporation Cash Bonus Incentive Plan (the "2005 Plan") under which cash bonuses are payable to participating executives, including the Company's executive officers, and based on the attainment of financial and non-financial objectives relative to pre-established performance targets. Prior to February 2005, the Company had awarded cash bonuses to participating executives, including the Company's executive officers, based on performance results, under the 1992 Cash Bonus Incentive Plan (the "1992 Plan").

Under both the 2005 Plan and its predecessor, the 1992 Plan, prior to the beginning of each year, the Committee selects the executives eligible to receive bonuses based on the executives' seniority and responsibilities. The Committee generally designates a target bonus amount for each executive, which is a percentage of that executive's base salary ranging from 12.5% to 60%. Target bonus amounts are determined separately for the Chief Executive Officer and other selected executives to conform slightly below or close to the median prevailing practices for individuals in similar positions in a peer group of companies similar in industry and target markets, as well as published survey data for companies of similar size and scope. Because size rather than line of business is the primary consideration in choosing this group, it includes some but not all of the companies in the Industry Peer Group. The Committee also identifies performance goals for the year for each selected executive, relating to one or more business segments, to the Company as a whole, or both, and an aggressive earnings per share target and/or aggressive target income ranges for designated segments. Bonus awards for the year are made to each selected executive based on successful attainment of the relevant performance goals, adjusted by applying a payout factor (which may vary for each executive) that is determined by the relationship between the actual results of the Company or relevant segments and the aggressive income related targets. In the case of the Chief Executive Officer, 25% of his bonus award is based on the achievement of performance goals and the other 75% is directly proportionate to the attainment of the aggressive earnings per share target. Excluding Mr. Thompson, whose bonus arrangement is slightly different, no

payout has been made to any other participating executive unless the earnings per share target or target income range applicable to the executive is achieved.

14

For 2005, the performance goals, which varied depending on the responsibilities of the executive, included: (i) growth and expansion of existing service territories; (ii) development of energy-related business opportunities; (iii) implementation of strategic rate, regulatory and environmental initiatives; and (iv) continued refinement and achievement of performance improvements. The Committee determined that (i) the achievement of the performance goals ranged from 90% to 100%, depending upon the individual, and (ii) in the case of each executive, except Mr. Barbas, the respective income target was achieved. In terms of Mr. Barbas, 10% of his bonus award is based on the achievement of a target income for the Company's newly-formed distributed energy business, OnSight Energy, LLC, which was not achieved in 2005 and 65% of his bonus award is based on the achievement of the aggressive earnings per share target which was achieved in 2005. The balance of Mr. Barbas' potential cash award is tied to the achievement of certain individual performance goals, which were met in 2005.

For 2005, Mr. Zola also had a cash bonus arrangement under which he could earn an additional cash bonus equal to 10% of actual propane distribution income in excess of the upper end of the target income range. Based upon 2005 results, Mr. Zola did not receive the additional cash bonus under this arrangement.

Performance Incentive Plan. In 1992, the Company adopted the Chesapeake Utilities Corporation Performance Incentive Plan which, as modified in 1998, permitted the Compensation Committee to provide different forms and levels of equity-based awards, including stock options, stock appreciation rights and performance share awards to key employees that are intended to align the interests of the executives with those of the Company's stockholders. In 2005, the Company's stockholders approved a new Performance Incentive Plan (the "PIP") that replaced the 1992 plan effective January 1, 2006. Under the PIP, the Compensation Committee is authorized to grant to key employees of the Company awards of shares of the Company's common stock, contingent upon the achievement of established performance goals.

For 2005, the Committee, for a performance period beginning January 1, 2005 and ending December 31, 2005, made performance awards to Messrs. Schimkaitis, Barbas and McMasters of 9,600, 5,120 and 5,120 shares, respectively, of the Company's common stock. At the end of the performance period, the recipient was entitled to earn, in the form of restricted stock, the entire allotment of performance shares, or a portion thereof, depending on the extent to which the Company achieves specified performance goals relative to the Industry Peer Group relating to stockholder value performance, return on regulated investment, growth in non-regulated income, execution of the Company's long-term strategy and overall corporate performance, with a portion of the performance shares allocated to the achievement of each goal. Alternatively, the recipient was entitled under the terms of the award to elect, on or before September 30, 2005, to receive, in lieu of the number of performance shares that he was entitled to earn, a number of shares of restricted stock equal to 25% of his allotment of performance shares without regard to whether the performance objectives were achieved. In 2005, Chesapeake achieved the performance goals relating to stockholder value performance, return on regulated investment, execution of the long-term strategy, and overall corporate performance. The performance goal relating to the achievement of the growth in non-regulated income was not achieved. As a result, Messrs. Schimkaitis, Barbas and McMasters, none of whom selected the non-performance election, received respectively, 8,400, 4,480, and 4,480 shares of restricted stock. These awards are reflected in the "Restricted Stock Awards" column of the Summary Compensation Table.

For 2005, the Committee made performance awards of 3,200 shares of the Company's common stock each to Messrs. Thompson and Zola, each consisting of two components. For a performance period beginning January 1, 2005 and ending December 31, 2005, the recipient was entitled to earn, in the form of shares of restricted stock, up to 960 shares if the Company achieved specified performance goals relative to the Industry Peer Group relating to stockholder value performance. The second component consisted of performance awards pursuant to which: (i) Mr. Thompson was entitled to earn up to 2,240 shares of restricted stock if the Company's natural gas segment achieved at least 90% of the target pre-tax return on investment over the three-year period January 1, 2003 to December 31, 2005 and (ii) Mr. Zola was entitled to earn up to 2,240 shares of restricted stock if the Company's propane distribution income exceeded the income target for the three-year period January 1, 2003 to December 31, 2005. Alternatively,

under the terms of the awards, either executive was entitled to elect, on or before September 30, 2005, to receive, in lieu of the number of performance shares that he otherwise would have been entitled to earn, 800 shares of restricted stock without regard to whether the performance objectives were achieved. In 2005, the stockholder value performance goal was achieved and Messrs. Thompson and Zola each received 960 shares, respectively. Additionally, both the target natural gas segment pre-tax return on investment and the propane distribution income target were achieved, resulting in 6,720 shares being awarded to each of Messrs. Thompson and Zola (the Committee had made annual performance awards for each of 2003, 2004 and 2005, each year in the amount of 2,240 shares, contingent upon the three-year income target for the respective individual being achieved). These awards are reflected in the "Restricted Stock Awards" column of the Summary Compensation Table.

For 2006, the Committee, for a performance period beginning January 1, 2006 and ending December 31, 2006, made performance awards to Messrs. Schimkaitis, Barbas and McMasters of 9,600, 6,820 and 5,120 shares, respectively, of the Company's common stock. At the end of the performance period, the recipient is entitled to earn, in the form of restricted stock, the entire allotment of performance shares, or a portion thereof, depending on the extent to which the Company achieves specified performance goals relative to the Industry Peer Group relating to stockholder value performance, growth in earnings per share and execution of the long-term strategic plan, with a portion of the performance shares allocated to the achievement of each goal. To the extent any performance awards associated with the growth in earnings per share target are not earned by the applicable executive officer during the 2006 award year because the target is not achieved, those performance shares may be earned in 2007 or 2008, if in either of the two succeeding years cumulative pre-established performance goals are achieved over, respectively, the three-year period ending in that year. Alternatively, the recipient is entitled under the terms of the award to elect, on or before September 30, 2006, to receive, in lieu of the number of performance shares that he is entitled to earn, a number of shares of restricted stock equal to 25% of his allotment of performance shares without regard to whether the performance objectives are achieved. Performance shares, once earned and issued, may not be sold for a three-year period. During the three-year period, the holder is entitled to receive all dividends paid on the shares.

For 2006, the Committee made performance awards of 3,200 shares of the Company's common stock each to Messrs. Thompson and Zola, each consisting of two components. For a performance period beginning January 1, 2006 and ending December 31, 2006, the recipient is entitled to earn, in the form of shares of restricted stock, up to 960 shares if the Company achieves specified performance goals relative to the Industry Peer Group relating to stockholder value performance. The second component consists of performance awards pursuant to which: (i) Mr. Thompson will be entitled to earn up to 2,240 shares of restricted stock if the Company's natural gas segment achieves at least 90% of the target pre-tax return on investment over the three-year period January 1, 2006 to December 31, 2008 and (ii) Mr. Zola will be entitled to earn up to 2,240 shares of restricted stock if the Company's propane distribution income exceeds the income target for the three-year period January 1, 2006 to December 31, 2008. Alternatively, under the terms of the awards, either executive is entitled to elect, on or before September 30, 2006, to receive, in lieu of the number of performance shares that he otherwise would be entitled to earn, 800 shares of restricted stock without regard to whether the performance objectives are achieved. Performance shares, once earned and issued, may not be sold for a three-year period. During the three-year period, the holder is entitled to receive all dividends paid on the shares.

Compensation of the Chief Executive Officer. The compensation of the Company's Chief Executive Officer, John R. Schimkaitis, was determined pursuant to the three-part program described previously:

- His base salary was fixed under the terms of his employment agreement to approximate the midpoint of chief executive salaries paid by companies in the Industry Peer Group. His salary was increased by \$15,000 in both 2006 and 2005, respectively. The increase was based upon several factors, including the study of the Industry Peer Group described previously and the Committee's assessment of the executive's performance and contribution to the Company.
- Mr. Schimkaitis' target bonus range in 2005 was \$69,000 to \$207,000, representing 20% to 60% of his annual salary. As more fully described under "Annual Incentive Bonus" above, the Committee determined that substantially all of his individual performance goals were completed, which represented 25% of the award, and the target net income goal was achieved, which represented 75% of the award. Obtaining a bonus of more than 40% of his annual salary would require the Company to exceed the income target and generate income in the upper end of the pre-established range. The combined effect of these two components was an annual cash bonus of \$134,703 for 2005.
- As more fully described under "Performance Incentive Plan" above, the performance incentive component of Mr. Schimkaitis' compensation consisted of the receipt of 8,400 shares of restricted stock. This represents 100% achievement of the performance goals relating to stockholder value performance, return on regulated investment, execution of the long-term strategy, and overall corporate performance, which represented 87.5% of the overall

award; and 0% achievement of the performance goal relating to the achievement of growth in non-regulated income, which represented 12.5% of the overall award.

- For 2006, Mr. Schimkaitis was granted performance awards for a performance period beginning January 1, 2006 and ending December 31, 2006. He may earn a maximum total of 9,600 shares of the Company's common stock upon the Company's achievement of certain performance goals. The goals relate to stockholder value performance, growth in earnings per share and execution of the long-term strategic plan. These goals are designed to focus Mr. Schimkaitis on driving both growth and continuous operational improvements, which the Committee believes are critical to the future sustained success of the Company.

Compliance with Internal Revenue Code Section 162(m). Internal Revenue Code Section 162(m) precludes any public corporation from taking a deduction for compensation in excess of \$1 million paid in any taxable year to its Chief Executive Officer or to any one of its four other most highly compensated executive officers. Compensation that qualifies as "performance-based compensation" within the meaning of Section 162(m) is exempted from the deduction limit. Awards under the PIP will qualify as "performance-based compensation" that is exempt from the deduction limit in Section 162(m). Awards under the Company's annual Cash Bonus Incentive Plan will not qualify as "performance-based compensation." Even though the awards under the Cash Bonus Incentive Plan do not qualify under Section 162(m) of the Code, the Company does not anticipate that compensation paid to any of its executive officers in 2006 will exceed the \$1 million dollar deduction limit.

Turner industry index are as follows: AGL Resources Inc., Atmos Energy Corporation, Cascade Natural Gas Corporation, Chesapeake Utilities Corporation, Delta Natural Gas Company, Inc., El Paso Corporation, Energen Corporation, Energy West, Incorporated, EnergySouth, Inc., Equitable Resources, Inc., KeySpan Corporation, Kinder Morgan, Inc., The Laclede Group, Inc., National Fuel Gas Company, New Jersey Resources Corporation, NICOR, Inc., Northwest Natural Gas Company, ONEOK, Inc., Peoples Energy Corporation, Piedmont Natural Gas Co., Inc., Questar Corporation, RGC Resources, Inc., SEMCO Energy, Inc., South Jersey Industries, Inc., Southern Union Company, Southwest Gas Corporation, Southwestern Energy Company, UGI Corporation, WGL Holdings, Inc. and The Williams Companies, Inc.

Such persons also are required by SEC regulations to furnish the Company with copies of such reports. To the Company's knowledge, based solely on its review of the copies of such reports furnished to the Company and on the written representations made by such persons that no other reports were required, the Company believes that during the year ending December 31, 2005 all directors and executive officers filed on a timely basis the reports required by Section 16(a), except that the Company was late in filing year-end Form 5 reports on behalf of three directors and one officer. CORPORATE GOVERNANCE GUIDELINES ON DIRECTOR INDEPENDENCE
Adopted December 9, 2005

It is the policy of the Board of Directors that a substantial majority of directors be “independent” as that term is defined by the Listing Standards of the New York Stock Exchange (“NYSE”). In order to qualify as “independent” under the NYSE Listing Standards:

(i) the Board of Directors must affirmatively determine that a director has no material relationship with the listed company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the listed company); and

(ii) neither the director, nor any member of the director’s immediate family (as defined by the NYSE Listing Standards), may have any of the disqualifying relationships set forth in Section 303A.02(b) of the Listed Company Manual.

In accordance with the NYSE Listing Standards, material relationships can include, but are not limited to, commercial, industrial, banking, consulting, legal, accounting, charitable and family relationships. Where a director has such a relationship, or the company employing the director has such a relationship, with Chesapeake or any of its subsidiaries, the Board of Directors has adopted for purposes of the application of clause (i) above the following categorical standards to determine whether the director’s relationship with the listed company is “material”:

· **Commercial Relationships.** A director of Chesapeake who is associated with another company that has a commercial relationship with Chesapeake or any of its subsidiaries will not be deemed to have a material relationship with Chesapeake unless:

(i) the director is an executive officer of the other company or the director, alone or in combination with members of the director’s immediate family, owns in excess of a 10% equity interest in the other company; and

(ii) either:

a. total sales to (other than sales in the ordinary course of business at published rates), or purchases from, the other company by Chesapeake and its subsidiaries in any of the other company’s last three fiscal years exceeded (i) 3% of such other company’s consolidated revenues, if the other company’s consolidated revenues were less than \$20 million, or (ii) the greater of (x) \$600,000 and (y) 2% of the other company’s consolidated revenues, if the entity’s consolidated revenues were equal to or greater than \$20 million; or

b. any of the commercial transactions between the other company and Chesapeake or any of its subsidiaries within the preceding three fiscal years were not entered into on an arm’s length basis.

· **Banking Relationships.** A director of Chesapeake who is associated with a bank or other financial institution that provides loans or other financial services to Chesapeake or any of its subsidiaries will not be deemed to have a material relationship with Chesapeake unless:

(i) the director is an executive officer of the bank or other financial institution or the director, alone or in combination with members of the director’s immediate family, owns in excess of a 10% equity interest in the bank or other financial institution; and

(ii) either:

- a. the average outstanding balance on loans from the bank or other financial institution to Chesapeake and its subsidiaries in any of the bank's or other financial institution's last three fiscal years exceeded 3% of the outstanding loans of the bank or other financial institution as of the end of that fiscal year; or
 - b. total payments by Chesapeake and its subsidiaries to the bank or other financial institution for services in any of the bank's or other financial institution's last three fiscal years exceeded (i) 3% of the bank's or other financial institution's consolidated revenues, if its consolidated revenues were less than \$20 million, or (ii) the greater of (x) \$600,000 and (y) 2% of the bank's or other financial institution's consolidated revenues, if its consolidated revenues were equal to or greater than \$20 million.
- Legal Relationships. A director of Chesapeake who is an attorney will not be deemed independent if, in any of Chesapeake's preceding three fiscal years, Chesapeake and its subsidiaries made aggregate payments for legal services to that attorney, or to any law firm of which that attorney was a partner or of counsel, in excess of \$100,000.
 - Charitable Relationship. If a director of Chesapeake or a member of the director's immediate family is a director, officer, trustee or employee of a foundation, college or university or other not-for-profit organization, the director will not be deemed independent if, in any of Chesapeake's preceding three fiscal years, Chesapeake and its subsidiaries made aggregate charitable contributions to that entity in excess of the lesser of (I) \$25,000 and (ii) 2% of such entity's total receipts, unless the contribution was approved in advance by the Board of Directors, but in no event will the director be deemed independent if the aggregate charitable contributions to that entity by Chesapeake's and its subsidiaries in any of the three preceding fiscal years exceeded \$50,000.

For purposes of these Guidelines, the terms:

- "Immediate family" means spouse, parents, children, siblings, mothers- and fathers-in-law, sons- and daughters-in-law, brothers- and sisters-in-law and anyone (other than domestic employees) sharing a person's home, but excluding any person who is no longer an immediate family member as a result of legal separation or divorce, or death or incapacitation.
