Melbourne, Florida 32919

September 7, 2017

Dear Fellow Shareholder:

On behalf of your Board of Directors, I am pleased to invite you to attend the 2017 Annual Meeting of Shareholders of Harris Corporation. The meeting will be held at the Harris Global Innovation Center located at 1025 West NASA Boulevard, Melbourne, Florida, on Friday, October 27, 2017, starting at 1:00 p.m. local time.

The accompanying Notice of 2017 Annual Meeting of Shareholders and Proxy Statement describe the matters to be acted on at the meeting, which include:

- election of the 12 nominees for director named in the accompanying Proxy Statement for a one-year term;
- an advisory vote to approve the compensation of our named executive officers;
- an advisory vote on the frequency of future advisory votes to approve the compensation of our named executive officers;

- ratification of the appointment of our independent registered public accounting firm for fiscal year 2018; and
- such other business as may properly come before the meeting or any adjournments or postponements thereof.

Your Board of Directors unanimously recommends a vote FOR election of its nominees for director, FOR advisory approval of the compensation of our named executive officers, for advisory approval of EVERY YEAR as the frequency of future advisory votes to approve the compensation of our named executive officers and FOR ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2018. These matters are discussed in greater detail in the accompanying Proxy Statement.

The attendance of shareholders at our annual meetings has been helpful in maintaining communication and understanding. We hope you will be able to join us. Whether or not you plan to attend, it is important that your shares be represented and voted at the meeting. You can ensure that your shares are represented and voted at the meeting by submitting your proxy/voting instruction over the Internet or by telephone. If you received your proxy materials by mail, you can also submit your proxy/voting instruction by mail by using the traditional proxy/voting instruction card that was included. Instructions for these convenient ways to vote are set forth on both the Notice of Internet Availability of Proxy Materials and the proxy/voting instruction card.

Sincerely,

William M. Brown
Chairman, President and Chief Executive Officer

VOTING YOUR SHARES IS IMPORTANT. PLEASE SUBMIT YOUR PROXY/VOTING INSTRUCTION OVER THE INTERNET OR BY TELEPHONE.

YOU CAN ALSO COMPLETE, SIGN, DATE AND PROMPTLY RETURN YOUR PROXY/VOTING INSTRUCTION CARD IF YOU RECEIVED PROXY MATERIALS BY MAIL.

**TO THE HOLDERS OF COMMON STOCK
OF HARRIS CORPORATION:**

NOTICE IS HEREBY GIVEN that the 2017 Annual Meeting of Shareholders of Harris Corporation will be held at the Harris Global Innovation Center located at 1025 West NASA Boulevard, Melbourne, Florida, on Friday, October 27, 2017, starting at 1:00 p.m. local time, for the following purposes:

1. to elect as directors the 12 nominees named in the accompanying Proxy Statement for a one-year term expiring at the 2018 Annual Meeting of Shareholders;
2. to hold an advisory vote to approve the compensation of our named executive officers as disclosed in the accompanying Proxy Statement;
3. to hold an advisory vote on the frequency of future advisory votes to approve the compensation of our named executive officers;
4. to ratify the appointment by our Audit Committee of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2018; and
5. to consider and act upon such other business as may properly come before the Annual Meeting or any adjournments or postponements thereof.

The accompanying Proxy Statement more fully describes these matters. We have not received notice of other matters that may be properly presented at the Annual Meeting.

Only holders of common stock of record at the close of business on September 1, 2017 are entitled to notice of and to vote at the Annual Meeting and any adjournments or postponements thereof. No ticket is required for admission to the Annual Meeting. For security purposes, however, you may be required to present evidence of your share ownership and a valid, government-issued photo identification, such as a driver's license or passport, to gain admission to the Annual Meeting. Packages, boxes, handbags, briefcases and other items are subject to inspection.

Please submit your proxy/voting instruction over the Internet or by telephone by following the instructions about how to view the proxy materials on your Notice of Internet Availability of Proxy Materials. If you received your proxy materials by mail, you may submit your proxy/voting instruction over the Internet or by telephone or by completing, signing, dating and promptly mailing your proxy/voting instruction card that was included. If you attend the Annual Meeting, you may vote in person.

By Order of the Board of Directors

Proxy Statement
for
2017 Annual Meeting of Shareholders
to be held on October 27, 2017

GENERAL INFORMATION ABOUT THE ANNUAL MEETING

Why am I receiving this
proxy statement?

We are making this proxy statement available to you over the Internet or delivering this proxy statement to you by mail in connection with the solicitation of proxies by the Board of Directors (our “Board”) of Harris Corporation (which we refer to as “Harris,” “Company,” “we,” “our” or “us”) and the solicitation of voting instructions by the trustee of the Harris Corporation Retirement Plan (“Retirement Plan”), in each case for use at the 2017 Annual Meeting of Shareholders to be held on October 27, 2017, and at any adjournments or postponements thereof.

On September 11, 2017, we will commence mailing the Notice of Internet Availability of Proxy Materials to most of our shareholders, and we also will commence mailing to some of our shareholders, and make available electronically over the Internet to all of our shareholders: (1) the Notice of 2017 Annual Meeting of Shareholders and this proxy statement, and (2) our 2017 Annual Report to Shareholders, which includes our Annual Report on Form 10-K for the fiscal year ended June 30, 2017 and our audited financial statements. If you receive your proxy materials by mail, a proxy/voting instruction card will be included.

What is a proxy?

A proxy is your legal designation of another person to vote the shares you own. That other person is called a proxy. If you designate someone as your proxy, the document in which you make that designation also is called a proxy.

What is a proxy statement?

This document is a proxy statement. It is a document that we are required by law to provide to you when we ask you to name a proxy to vote your shares. We encourage you to read this proxy statement carefully.

Why did I receive a Notice of Internet
Availability of Proxy Materials instead of a
paper copy of the proxy materials?

The rules of the Securities and Exchange Commission (“SEC”) permit us to furnish proxy materials over the Internet. As a result, we are mailing to most of our shareholders a Notice of Internet Availability of Proxy Materials instead of a paper copy of our proxy materials. All shareholders receiving the Notice of Internet Availability of Proxy Materials will have the ability to access our proxy materials over the Internet and, if desired, to request to receive a paper copy of our proxy materials by mail. Instructions on how to access our proxy materials over the Internet or to request a paper copy may be found in the Notice of Internet Availability of Proxy Materials. In addition, the Notice of Internet Availability of Proxy Materials contains instructions on how you may elect to receive future proxy materials electronically on an ongoing basis.

Why didn’t I receive a notice in the mail about
the Internet availability of the proxy materials?

We are providing paper copies of our proxy materials instead of a Notice of Internet Availability of Proxy Materials to our shareholders who have previously requested to receive paper copies of our proxy materials. In addition, we are providing notice of the availability of our proxy materials by e-mail to our shareholders who have previously elected to receive proxy materials electronically. Those shareholders should have received an e-mail containing instructions and links to the website where our proxy materials are available and to the proxy voting website.

Table of Contents

How can I access the proxy materials over the Internet?

Your Notice of Internet Availability of Proxy Materials or proxy/voting instruction card contains instructions on how to (1) view our proxy materials for the 2017 Annual Meeting of Shareholders over the Internet and (2) elect to receive future proxy materials electronically by e-mail. Our proxy materials also are available on our website at harris.com/about/corporate-governance.

Electing to receive future proxy materials electronically will help us conserve natural resources and reduce the cost of delivering our proxy materials. If you elect to receive future proxy materials electronically, you will receive an e-mail containing instructions and links to the website where our proxy materials are available and to the proxy voting website. Your election to receive proxy materials electronically by e-mail will remain in effect until you terminate it.

How may I obtain a paper copy of the proxy materials?

If you receive a Notice of Internet Availability of Proxy Materials, you will find instructions about how to obtain a paper copy of our proxy materials on the Notice of Internet Availability of Proxy Materials. If you receive notice of the availability of our proxy materials by e-mail, you will find instructions about how to obtain a paper copy of our proxy materials included in that e-mail. Shareholders who do not receive a Notice of Internet Availability of Proxy Materials or an e-mail regarding the availability of our proxy materials will receive a paper copy of our proxy materials by mail.

What is the purpose of the meeting?

The purpose of the 2017 Annual Meeting of Shareholders is to obtain shareholder action on the matters outlined in the notice of meeting included with this proxy statement. These matters include: (1) election of the 12 nominees for director named in this proxy statement for a one-year term expiring at the 2018 Annual Meeting of Shareholders; (2) an advisory vote to approve the compensation of our named executive officers as disclosed in this proxy statement; (3) an advisory vote on the frequency of future advisory votes to approve the compensation of our named executive officers; and (4) ratification of the appointment by our Audit Committee of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2018. This proxy statement provides detailed information about each of these matters.

What is a record date and who is entitled to vote at the meeting?

A record date is the date, as of the close of business on which, shareholders of record are entitled to notice of and to vote at a meeting of shareholders. The record date for the 2017 Annual Meeting is September 1, 2017 and was established by our Board as required under the laws of

Delaware, our state of incorporation. Thus, owners of record of shares of Harris common stock as of the close of business on September 1, 2017 are entitled to receive notice of and to vote at the 2017 Annual Meeting and at any adjournments or postponements thereof.

How many shares can be voted and what is a quorum?

You are entitled to one vote for each share of Harris common stock that you owned as of the close of business on September 1, 2017, and you may vote all of those shares. Only our common stock has voting rights. On the record date, there were 119,109,614 shares of our common stock outstanding and entitled to vote at the 2017 Annual Meeting and approximately 13,060 holders of record and approximately 199,500 beneficial owners.

A quorum is the minimum number of shares that must be represented in person or by proxy for us to conduct the 2017 Annual Meeting. The attendance in person or by proxy of holders of a majority of the shares of common stock entitled to vote at the 2017 Annual Meeting, or 59,554,808 shares of our common stock based on the record date of September 1, 2017, will constitute a quorum to hold the 2017 Annual Meeting. If you grant your proxy over the Internet, by telephone or by your proxy/voting instruction card, your shares will be considered present at the 2017 Annual Meeting and counted toward the quorum.

What different methods can I

use to vote my shares?

You have a choice of voting your shares:

Over the Internet;

By telephone;

By mail; or

In person at the Annual Meeting.

Even if you plan to attend the Annual Meeting, we encourage you to vote your shares over the Internet, by telephone or by mail. Please carefully read the instructions below on how to vote your shares. Because the instructions vary depending on how you own your shares and the method you use to vote your shares, it is important that you follow the instructions that apply to your particular situation.

If you vote your shares over the Internet or by telephone, you should not return a proxy/voting instruction card.

What is the difference between a

“record holder” and a “beneficial owner”

holding shares in “street name”?

You are a “record holder” if your shares are registered in your name, in which case you either hold a stock certificate or have an account directly with our transfer agent, Computershare Shareowner Services. Your shares are held in “street name” if your shares are registered or held in the name of your broker, bank or other

Table of Contents

nominee, in which case you are considered the “beneficial owner” of such shares.

How do I vote my shares if I am a “record holder” (shares registered in my name)?

Voting over the Internet

Voting over the Internet is easy, fast and available 24 hours a day. If you receive a Notice of Internet Availability of Proxy Materials by mail, you may submit your proxy/voting instruction over the Internet by following the instructions on the Notice of Internet Availability of Proxy Materials. If you receive notice of the availability of our proxy materials by e-mail, you may submit your proxy/voting instruction over the Internet by following the instructions included in that e-mail. If you receive a proxy/voting instruction card by mail, you may submit your proxy/voting instruction over the Internet by following the instructions on the proxy/voting instruction card. You will be able to confirm that the Internet voting system has properly recorded your vote, which will be counted immediately, and there is no need to return a proxy/voting instruction card.

Voting by telephone

Voting by telephone also is easy, fast and available 24 hours a day. If you live in the United States or Canada, you may vote by telephone by calling toll-free 1-800-690-6903. If you receive a Notice of Internet Availability of Proxy Materials by mail, you must have the control number that appears on the notice when voting. If you receive notice of the availability of our proxy materials by e-mail, you must have the control number included in that e-mail when voting. If you receive a proxy/voting instruction card by mail, you must have the control number that appears on the proxy/voting instruction card when voting. You will be able to confirm that the telephone voting system has properly recorded your vote, which will be counted immediately, and there is no need to return a proxy/voting instruction card.

Voting by mail

You can save us expense by voting over the Internet or by telephone. Alternatively, if you received a proxy/voting instruction card by mail, you can vote by mail by completing, signing, dating and promptly mailing your proxy/voting instruction card in the accompanying postage-paid return envelope.

Voting in person at the meeting

If you plan to attend the Annual Meeting, you can vote in person. To vote in person at the Annual Meeting, you will need to bring with you to present at the Annual Meeting evidence of your share ownership and a valid, government-issued photo identification, such as a driver’s license or passport.

How do I vote my shares if I am a “beneficial owner” (shares held in “street name”)?

Voting over the Internet, by telephone or by mail

If your shares are registered or held in the name of your broker, bank or other nominee (“street name”), you have the right to direct your broker, bank or other nominee on how to vote your shares by using the method specified by your broker, bank or other nominee. In addition to voting by mail, a large number of brokerage firms and banks are participating in Internet or telephone voting programs. These programs provide eligible “street name” shareholders the opportunity to vote over the Internet or by telephone. Voting forms will provide instructions for shareholders whose brokerage firms or banks are participating in these programs.

Voting in person at the meeting

If your shares are registered or held in the name of your broker, bank or other nominee and you plan to attend the Annual Meeting to vote in person, you should contact your broker, bank or other nominee to obtain a broker’s proxy and bring it with you to the Annual Meeting, together with a valid, government-issued photo identification, such as a driver’s license or passport, and your account statement or other evidence of your share ownership.

Can I revoke my proxy or change my vote?

If your shares are registered in your name (“record holder”), you may revoke your proxy or change your vote at any time before your shares are voted at the Annual Meeting. There are several ways you can do this:

• By sending a written notice of revocation to our Secretary at Harris Corporation, Attention: Secretary, 1025 West NASA Boulevard, Melbourne, Florida 32919;

• By duly signing and delivering a proxy/voting instruction card that bears a later date;

• By subsequently voting over the Internet or by telephone as described above; or

By attending the Annual Meeting and voting in person by ballot.

If your shares are held in “street name,” you may revoke your proxy or change your vote by submitting new voting instructions to your broker, bank or other nominee.

What are my voting choices and what is the required vote on the matters proposed?

By giving us your proxy, you authorize our management to vote your shares at the 2017 Annual Meeting or at any adjournments or postponements thereof in the manner you indicate in your voting instructions.

Table of Contents

Proposal 1: Election of Directors

With respect to the proposal to elect the 12 nominees for director named in this proxy statement for a one-year term expiring at the 2018 Annual Meeting of Shareholders, you may:

- Vote “For” election of one or more of the nominees for director named in this proxy statement;
- Vote “Against” election of one or more of the nominees for director named in this proxy statement; or
- “Abstain” from voting as to the election of one or more of the nominees for director named in this proxy statement.

Pursuant to our By-Laws and Corporate Governance Guidelines, the voting standard for the election of our directors is a majority voting standard in uncontested elections and a plurality voting standard in contested elections. The 2017 election of directors is an uncontested election. To be elected in an uncontested election under a majority voting standard, a director nominee must receive more “For” votes than “Against” votes. Abstentions and any broker non-votes will have no effect on the election of directors because only votes cast “For” or “Against” a nominee will be counted. If an incumbent director nominee does not receive a greater number of “For” votes than “Against” votes, then he or she must promptly offer to tender his or her resignation following certification of the vote. Our Governance and Corporate Responsibility Committee shall make a recommendation to our Board regarding action to be taken with respect to such offer to resign. If our Board does not accept the resignation, then the nominee will continue to serve as a director until the next Annual Meeting and until his or her successor shall be duly elected and qualified, or until his or her prior death, resignation, retirement or removal from office. For additional information regarding the majority voting standard, see “Majority Voting for Directors” beginning on page 24.

Proposal 2: Advisory Vote to Approve the Compensation of our Named Executive Officers

With respect to the non-binding, advisory vote to approve the compensation of our named executive officers as disclosed in this proxy statement, you may:

- Vote “For” approval of the compensation of our named executive officers as disclosed in this proxy statement;
- Vote “Against” approval of the compensation of our named executive officers as disclosed in this proxy statement; or
- “Abstain” from voting on this proposal.

The affirmative vote of a majority of the shares present or represented at the Annual Meeting and entitled to vote on this proposal will be required to approve, on a non-binding, advisory basis, the compensation of our named executive officers as disclosed in this proxy statement. Abstaining from voting on this proposal will have the effect of a vote against approval of the compensation of our named executive officers as disclosed in this proxy statement. Any broker non-votes will have no effect on the approval of the compensation of our named executive officers as disclosed in this proxy statement.

The vote on this proposal is advisory, and the result of the vote on this proposal is not binding on Harris, our Management Development and Compensation Committee or our Board. However, our Management Development and Compensation Committee and our Board will consider the voting results when making future decisions regarding compensation for our named executive officers.

Proposal 3: Advisory Vote on the Frequency of Future Advisory Votes to Approve the Compensation of our Named Executive Officers

With respect to the non-binding, advisory vote on the frequency of future advisory votes to approve the compensation of our named executive officers, you may:

- Vote for every year, every 2 years or every 3 years as the frequency of future advisory votes to approve the compensation of our named executive officers; or
- “Abstain” from voting on this proposal.

The affirmative vote of a majority of the shares present or represented at the Annual Meeting and entitled to vote on this proposal will be required to approve, on a non-binding, advisory basis, any particular frequency of future advisory votes to approve the compensation of our named executive officers. Because the vote on this proposal is non-binding, advisory and intended to indicate the preference of our shareholders, if no particular frequency receives a majority vote, then the particular frequency receiving the greatest number of votes will be deemed the preference of our shareholders. Abstaining from voting on this proposal will have the effect of a vote against each particular frequency. Any broker non-votes will have no effect on the approval of a particular frequency of future advisory votes to approve

the compensation of our named executive officers.

The vote on this proposal is advisory, and the result of the vote on this proposal is not binding on us, our Board or its committees. However, our Board and its applicable committees will consider the voting results when determining the frequency of future advisory votes to approve the compensation of our named executive officers.

Proposal 4: Ratification of the Appointment of Independent Registered Public Accounting Firm

With respect to the proposal to ratify the appointment by our Audit Committee of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2018, you may:

- Vote “For” ratification;
- Vote “Against” ratification; or
- “Abstain” from voting on this proposal.

The affirmative vote of a majority of the shares present or represented at the Annual Meeting and entitled to vote on this proposal will be required to ratify our Audit Committee’s appointment of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2018. Abstaining from voting on this proposal will have the effect of a vote against ratification of the appointment of our independent registered public accounting firm. Because brokers, banks and other nominees are permitted under New York Stock Exchange (“NYSE”) rules to vote on this routine proposal even if such broker, bank or other nominee does not receive voting instructions, we do not expect broker non-votes on this routine proposal.

How do I vote my shares held in the Harris Corporation Retirement Plan?

If you are a participant in our Retirement Plan and you own shares of Harris common stock through our Retirement Plan, your voting instruction covers the shares of Harris common stock you own through our Retirement Plan. You may provide voting instructions for those shares to the trustee of our Retirement Plan over the Internet, by telephone or by mail as described above. If you do not timely provide voting instructions for those shares, then as directed by the terms of our Retirement Plan, those shares will be voted by the trustee in the same proportion as the shares for which other participants in our Retirement Plan have timely provided voting instructions, except as otherwise required by the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

How do I vote my shares held in the Harris Dividend Reinvestment Plan?

If you are a participant in the Harris Dividend Reinvestment Plan (“DRIP”) administered by Computershare Trust Company, N.A., your voting instruction covers the shares of Harris common stock held in your DRIP account. Computershare Trust Company, N.A., as the DRIP administrator, is the shareholder of record of Harris common stock owned through the DRIP and will not vote those shares unless you provide it with voting instructions, which you may do over the Internet, by telephone or by mail as described above.

What are the Harris Board’s voting recommendations and what happens if I return an unmarked proxy/voting instruction card?

If you properly execute and return a proxy/voting instruction card with no votes marked, your shares will be voted as recommended by our Board. Our Board’s recommendations, together with the description of each proposal, are set forth below in this proxy statement. In summary, our Board unanimously recommends you vote:

- FOR election of all 12 of the nominees for director named in this proxy statement for a one-year term expiring at the 2018 Annual Meeting of Shareholders (see Proposal 1);
- FOR approval, on a non-binding, advisory basis, of the compensation of our named executive officers as disclosed in this proxy statement (see Proposal 2);
- for approval, on a non-binding, advisory basis, of EVERY YEAR as the frequency of future advisory votes to approve the compensation of our named executive officers (see Proposal 3); and
- FOR ratification of the appointment by our Audit Committee of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2018 (see Proposal 4).

Could other matters be decided at the meeting?

At the date of this proxy statement, our Board did not know of any matters to be raised at the Annual Meeting other than those referred to in this proxy statement and did not intend to bring before the Annual Meeting any matter other than the proposals described in this proxy statement. With respect to other matters that may properly be brought before the Annual Meeting or any adjournments or postponements thereof, your shares will be voted at the discretion

of the proxy holders.

How will my shares be voted if I do not provide instructions to my broker?

It is possible for a proxy to indicate that some of the shares represented are not being voted with respect to certain proposals. This occurs, for example, when a broker, bank or other nominee does not have discretion under NYSE rules to vote on a matter without instructions from the beneficial owner of the shares and has not received such instructions. In these cases, non-voted shares will not be considered present and entitled to vote with respect to that matter, although they may be considered present and entitled to vote for other purposes and will be counted in determining the presence of a quorum. Under NYSE rules, brokers, banks and other nominees have discretionary voting power to vote without receiving voting instructions from the beneficial owner on “routine” matters, but not on “non-routine” matters. Under NYSE rules as currently in effect, “routine” matters include, among other things, ratification of the appointment of an independent registered

5

Table of Contents

public accounting firm. The proposal to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2018 is the only proposal set forth in this proxy statement that is considered “routine” under NYSE rules. This means that if you hold your shares through a broker, bank or other nominee, and you do not provide voting instructions by the 10th day before the Annual Meeting, your broker, bank or other nominee has the discretion to vote your shares on the proposal to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2018. Under NYSE rules, the proposal to elect the 12 nominees for director named in this proxy statement, the proposal to approve, on an advisory basis, the compensation of our named executive officers as disclosed in this proxy statement and the proposal to vote, on an advisory basis, on the frequency of future advisory votes to approve the compensation of our named executive officers are not “routine” and your broker, bank or other nominee will not have the discretion to vote your shares on these proposals.

What does it mean if I receive more than one

Notice of Internet Availability of Proxy Materials or more than one proxy/voting instruction card?

If you receive more than one Notice of Internet Availability of Proxy Materials or more than one proxy/voting instruction card, you own shares of Harris common stock in multiple accounts with your broker(s) and/or our transfer agent. Please vote all of these shares. We recommend that you contact your broker(s) and/or our transfer agent to consolidate as many accounts as possible under the same name and address. Our transfer agent is Computershare Shareowner Services, which may be reached by telephone at 1-888-261-6777 or over the Internet at www.computershare.com/investor.

Who pays for the solicitation of proxies?

We actively solicit proxy participation by Internet, by telephone, by e-mail, by letter or in person. We will bear the cost of soliciting proxies, including the cost of preparation, assembly, printing and mailing of proxy and solicitation materials. In addition, we request and encourage brokers and other custodians, nominees and fiduciaries to make available, forward or supply proxy and solicitation materials to our shareholders, and, upon request, we will reimburse them for their expenses in accordance with the fee schedule approved by the NYSE, as applicable. Our officers, directors and employees may,

by telephone, e-mail or letter, or in person, make additional requests for the return of proxies, although we do not reimburse our own officers, directors or employees for soliciting proxies. We also have engaged Georgeson LLC to assist in the solicitation of proxies for a fee not to exceed \$10,000 plus reimbursement of out-of-pocket expenses.

Will there be a webcast of the Annual Meeting of Shareholders?

Our 2017 Annual Meeting of Shareholders will be webcast live on October 27, 2017. To access the webcast, you may visit the Investors section of our website at harris.com/investors. The webcast will enable you only to listen. You will not be able to ask questions or vote your shares via the webcast. A replay of the webcast will be available on our website through November 27, 2017. The information contained on our website is not incorporated by reference into this proxy statement.

Who will tabulate and oversee the vote?

Representatives of Broadridge Investor Communication Solutions, Inc. will tabulate and oversee the vote.

Do I need an admission ticket to attend the Annual Meeting?

All shareholders are welcome to attend the Annual Meeting. Because seating is limited, admission will be on a first-come, first-served basis. No ticket is required for admission to the Annual Meeting. For security purposes, however, you may be required to present evidence of your share ownership and a valid, government-issued photo identification, such as a driver’s license or passport, to gain admission to the Annual Meeting. Additionally, packages, boxes, handbags, briefcases and other items are subject to inspection.

Where can I find the voting results of the Annual Meeting?

We intend to announce the preliminary voting results at the Annual Meeting and to disclose final results in a Current Report on Form 8-K, which we will file with the SEC and make available through the Investors section of our website

at harris.com/investors/financial-reports within four business days of the Annual Meeting (or, if final results are not available at that time, within four business days of the date on which final results become available).

PROPOSAL 1: ELECTION OF DIRECTORS

Our Restated Certificate of Incorporation provides that our Board shall consist of not less than eight or more than 13 directors, the exact number of directors to be determined from time to time by our Board. The authorized number of directors is presently fixed at 12. Our entire Board is elected annually by our shareholders. In accordance with our Restated Certificate of Incorporation, a director holds office until the Annual Meeting of Shareholders for the year in which that director's term expires, and until that director's successor is elected and qualified, subject, however, to his or her prior death, resignation, retirement or removal from office. Vacancies may be filled by a majority of the remaining directors.

All 12 of our incumbent directors are standing for election for a new one-year term expiring at the 2018 Annual Meeting of Shareholders. Based on the recommendation of our Governance and Corporate Responsibility Committee, our Board has nominated our 12 incumbent directors (Ms. Kenne and Messrs. Albaugh, Brown, Chiarelli, Dattilo, Fradin, Growcock, Hay, Joshi, Stoffel, Swienton and Tookes) for a new one-year term expiring at the 2018 Annual Meeting of Shareholders.

Mr. Albaugh was originally appointed to our Board and nominated for a one-year term expiring at the 2017 Annual Meeting of Shareholders pursuant to a process set forth in a Cooperation Agreement, dated July 29, 2016, between us and JANA Partners LLC (the "Cooperation Agreement"). Mr. Fradin was originally nominated to become a member of our Board for a one-year term expiring at the 2017 Annual Meeting of Shareholders pursuant to the process set forth in the Cooperation Agreement. The Cooperation Agreement expired in July 2017. Our Board's nomination of Messrs. Albaugh and Fradin for a new one-year term expiring at the 2018 Annual Meeting of Shareholders was pursuant to our director nomination process and criteria, and not the Cooperation Agreement.

Proxies will be voted for the election of each of Ms. Kenne and Messrs. Albaugh, Brown, Chiarelli, Dattilo,

Fradin, Growcock, Hay, Joshi, Stoffel, Swienton and Tookes to serve for a one-year term expiring at the 2018 Annual Meeting of Shareholders, unless otherwise specified in the proxy/voting instructions. Proxies cannot be voted for more than the 12 nominees for director named in this proxy statement. Each of the nominees has consented to stand for election. If any nominee becomes unavailable for election, which we do not currently anticipate, proxies instructing a vote for that nominee may be voted for a substitute nominee selected by our Board or, in lieu thereof, our Board may determine to leave the vacancy temporarily unfilled or reduce the number of directors in accordance with our By-Laws.

None of our directors (including each of the nominees) is related to any other director or nominee or to any executive officer of Harris or its subsidiaries, by blood, marriage or adoption.

Biographical summaries of the nominees, as well as information on their experience, qualifications, attributes and skills that our Board has determined support their nomination and service as a director of Harris, appear on subsequent pages. Summary information regarding each of the nominees, including age; whether independent with respect to Harris; year in which service as a Harris director commenced; standing committees of our Board on which such nominee currently serves; and number of public company boards of directors, other than our Board, on which such nominee currently serves is set forth in the table on page 8. Data with respect to the number of shares of our common stock beneficially owned by each of our directors as of September 1, 2017 is set forth in the table on page 29.

Under NYSE rules, brokers, banks and other nominees are prohibited from voting for or against director nominees without receiving voting instructions from the beneficial owner of the shares. We, therefore, urge you to vote your shares, or, if your shares are held in "street name," to provide voting instructions to your broker, bank or other nominee.

Recommendation Regarding Proposal 1

To be elected in an uncontested election of directors, a nominee must receive more “For” votes than “Against” votes. Abstentions and any broker non-votes will have no effect on the election of directors because only votes cast “For” or “Against” a nominee will be counted.

Our Board of Directors unanimously recommends that you vote “FOR” election of each of the nominees in this uncontested election of directors. If not otherwise specified, proxies will be voted “FOR” election of each of the nominees as recommended by our Board.

CORPORATE GOVERNANCE AND BOARD MATTERS

Board of Directors

Our business, property and affairs are managed under the direction of our Board. Members of our Board are kept informed of our business through discussions with our Chief Executive Officer (sometimes referred to herein as “CEO”) and other officers, by reviewing materials provided to them or requested by them, by visiting our offices and facilities and by participating in meetings of our Board and its committees.

Corporate Governance Guidelines

Our Board has long been focused on and committed to responsible and effective corporate governance. Our Board has adopted Corporate Governance Guidelines that trace their history to 1960 and have evolved and been revised over time. Our Governance and Corporate Responsibility Committee is responsible for overseeing our Corporate Governance Guidelines and reporting and making recommendations to our Board concerning corporate governance matters. Our Board regularly reviews our Corporate Governance Guidelines and updates them periodically in response to changing regulatory requirements and evolving governance practices. Our Corporate Governance Guidelines address matters including:

- Board composition
- Director independence
- Selection of Chairman
- Designation and responsibilities of Lead Independent Director
- Selection of Board nominees
- Board membership criteria
- Majority voting for directors
 - Director retirement policy
- Other directorships
- Director compensation
- Stock ownership guidelines
- Prohibitions on hedging
- Prohibition on margin accounts and pledging transactions
- Meeting schedules and agenda
- Executive sessions of independent directors
- Access to management
- Board committees and membership
- Board and director responsibilities
- Director orientation and continuing education
- Succession planning
- CEO performance evaluation and compensation
- Board and committee self-evaluations

A copy of our Corporate Governance Guidelines is available on the Corporate Governance section of our website at harris.com/about/corporate-governance.

Director Independence

Our Corporate Governance Guidelines require us to have a board of directors with at least two-thirds of independent directors. Our Board is, and for many years has been, comprised of at least two-thirds of independent directors. Our Board has adopted Director Independence Standards to assist in the evaluation of the independence of each of our directors. Our Board assesses the independence of our directors and examines the nature and extent of any relationships between us and our directors, their families and their affiliates. A copy of our Director Independence Standards is available on the Corporate Governance section of our website at harris.com/about/corporate-governance.

For a director to be considered independent, our Board must affirmatively determine that the director does not have any direct or indirect material relationship with us, other than as a director. A director will not be considered independent if, within the preceding three years:

The director was an employee, or an immediate family member of the director was employed as an executive officer, of Harris, provided that serving as an interim chairman, chief executive officer or other executive officer does not disqualify a director from being considered independent after that employment relationship has ended; or

The director, or an immediate family member of the director, received more than \$120,000 during any 12-month period in direct compensation from Harris, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided that such compensation is not contingent in any way on continued service with Harris); except that compensation received by an immediate family member of the director for services as a non-executive employee of Harris or compensation received by the director for service as an interim chairman, chief executive officer or other executive officer need not be considered in determining independence under this test; or

The director was a partner with or employed by a present or former internal or external auditor of Harris, or an immediate family member of the director is a current partner of such a firm, or the director has an immediate family member who is a current employee of such a firm and personally worked on the Harris audit within the last three years; or

Table of Contents

The director, or an immediate family member of the director, is or was employed as an executive officer of another company where any of Harris' present executive officers at the same time served on that company's compensation committee; or

The director currently is an executive officer of or employed by another company, or an immediate family member of the director currently is employed as an executive officer of such other company, that has made payments to, or received payments from, Harris for property or services (not including contributions to tax exempt organizations) in an amount which, in any single fiscal year of such other company, exceeds the greater of (a) \$1 million or (b) 2% of such other company's consolidated gross revenues.

Our Board has determined that the following relationships will not be considered to be material relationships that would impair a director's independence:

If a director of Harris is an executive officer or an employee, or an immediate family member of a director of Harris is an executive officer, of another company that makes payments to, or receives payments from, Harris for property or services in an amount which, in any single fiscal year of such other company, does not exceed the greater of (a) \$1 million or (b) 2% of the consolidated gross annual revenues of such other company; or

If a director of Harris or an immediate family member of a director of Harris is an executive officer of another company that is indebted to Harris, or to which Harris is indebted, and the total amount of the borrower company's indebtedness to the other company is less than 2% of the consolidated assets of the company of which the director or immediate family member serves as an executive officer; or

If a director of Harris is an executive officer of another company in which Harris owns an equity interest, and the amount of the equity interest is less than 5% of the total equity of such other company; or

If a director of Harris, or the spouse of a director of Harris, serves as a director, officer or trustee of a tax exempt organization, and within the preceding three years, Harris' or the Harris Foundation's discretionary contributions to such organization in any single fiscal year of such organization are less than the greater of (a) \$1 million or (b) 2% of such organization's consolidated gross annual revenues; or

If a director or a director's immediate family members own Harris shares.

Pursuant to our Corporate Governance Guidelines, our Board undertook a review of director independence in

August 2017, which included a review of the responses of the directors to questions regarding each director's commercial, industrial, banking, consulting, legal, accounting, charitable and family relationships, and discussions with the directors. Based on the NYSE listing standards and our Director Independence Standards, our Board has affirmatively determined in its business judgment that each of our directors (which includes each nominee for election as director), with the exception of Mr. Brown, our Chairman of the Board, President and Chief Executive Officer, is independent and has no direct or indirect material relationship with Harris, other than as a director, that impairs the director's independence.

Related Person Transaction Policy

Our Board has adopted a written policy and procedures for the review, approval and ratification of transactions among Harris and our directors and executive officers and their related interests. The policy supplements the conflicts of interest policies set forth in our Code of Conduct and our other internal policies and procedures. Under the related person transaction policy, all related person transactions (as defined in the policy) are to be reviewed by our Governance and Corporate Responsibility Committee. Our Governance and Corporate Responsibility Committee may approve or ratify related person transactions if, in its business judgment, it determines that the transaction is in, or is not inconsistent with, the best interests of Harris and our shareholders. This may include situations where we provide to or receive from related persons products or services on an arm's-length basis on terms comparable to those provided to or received from unrelated third parties. Any director who participates in or is the subject of an existing or potential related person transaction may not participate in the approval or ratification decision-making process of our Governance and Corporate Responsibility Committee.

Under the policy and consistent with SEC rules, a related person transaction is any transaction, arrangement or relationship in which Harris was, is or will be a participant, where the amount involved exceeds \$120,000 and in which a related person had, has or will have a direct or indirect material interest. A related person includes any of our

directors, nominees for director or executive officers, any person who is known to be the beneficial owner of more than 5% of any class of our common stock, an immediate family member of any person described above and any firm, corporation or other entity controlled by any person described above. The policy requires that each director and executive officer annually complete a questionnaire to identify his or her related interests and persons and notify us of changes in that information. Before entering into a proposed related person transaction, the related person or involved business area of Harris is requested to notify our Secretary of the facts and circumstances of the proposed transaction. If the Secretary determines that the proposed transaction is a related person transaction, it shall be submitted to our Governance and

16

Table of Contents

Corporate Responsibility Committee for review and consideration. A related person transaction entered into without our Governance and Corporate Responsibility Committee’s prior approval will not violate this policy or be unenforceable, so long as the transaction is brought to our Governance and Corporate Responsibility Committee promptly after it is entered into or after it becomes apparent that the transaction is covered by this policy and is ratified by our Governance and Corporate Responsibility Committee.

Based on its holdings as reported on a Schedule 13G/A filed with the SEC, each of T. Rowe Price Associates, Inc. and BlackRock, Inc. beneficially owned more than 5% of our common stock as of September 1, 2017. T. Rowe Price Associates, Inc. and certain of its affiliates provided asset management services in fiscal 2017 for our Retirement Plan, for which participants paid or will pay approximately \$1,993,000. BlackRock, Inc. and certain of its affiliates provided asset management services in fiscal 2017 for certain of our defined contribution and defined benefit plans, for which participants paid or will pay approximately \$1,887,000 and we paid or will pay approximately \$208,000. The agreements with each of T. Rowe Price Associates, Inc. and BlackRock, Inc. were negotiated on an arm’s-length basis and the ownership of our common stock plays no role in the business relations between us and T. Rowe Price Associates, Inc. or BlackRock, Inc. In addition, we believe that the agreements represent standard terms and conditions for asset management services. In accordance with our related person transaction policy, our Governance and Corporate Responsibility Committee reviewed, ratified and approved such agreements.

Board Leadership Structure and

Lead Independent Director

Board Leadership Structure. Our Board’s leadership is currently structured as follows:

- a combined position of Chairman of the Board (“Chairman”) and CEO;
- a Lead Independent Director with well-defined duties that support our Board’s oversight responsibilities;
- a robust standing committee structure comprised solely of independent directors; and
- engaged Board members who are independent (other than our current Chairman, President and CEO) and who conduct candid and constructive discussions and deliberations.

Our Board elects a Chairman from among the directors. Our Board combines or separates the positions of Chairman and CEO based on what its members believe best serves the needs of Harris and our shareholders at any particular time based on then-existing facts and circumstances. Although our Board generally has combined the positions of Chairman and CEO and

designated a Lead Independent Director, our Board determined to separate the positions of Chairman and CEO in connection with the CEO transition to Mr. Brown in November 2011 and appointed Mr. Dattilo as non-executive Chairman, effective January 1, 2012, to provide our Board with independent leadership during the CEO transition and enable Mr. Brown as incoming CEO to concentrate on our business operations. In April 2014, our Board determined to adopt its current structure by combining the positions of Chairman and CEO and electing Mr. Brown as Chairman and CEO, and designating Mr. Dattilo as Lead Independent Director. Mr. Dattilo served as Lead Independent Director until our Board designated Mr. Growcock as Lead Independent Director in October 2016.

Our Board believes that its current leadership structure provides independent board leadership and oversight while also benefiting from having Mr. Brown also serve as Chairman following his transition as incoming CEO, during which he demonstrated the strong leadership and vision necessary to drive Harris’ strategies and achieve Harris’ objectives. Our independent directors believe Mr. Brown’s in-depth knowledge of our businesses and their challenges and opportunities, as well as his extensive understanding of our day-to-day operations and his ability to provide insight and direction on important strategic initiatives, make him well positioned to chair regular Board meetings and to bring key business and stakeholder issues to our Board’s attention.

Our Board believes the following are certain key factors providing it appropriate opportunities for oversight, discussion and evaluation of Harris’ decisions and direction:

- the Lead Independent Director structure;
- the independence of each director, other than Mr. Brown;
- the ability of independent directors to participate in the agenda-setting process for our Board and committee meetings;
- regularly scheduled executive sessions of independent directors; and

our directors' access to management.

The actions by our Board in changing its leadership structure in connection with the CEO transition process, without a mandated separation of the Chairman and CEO positions or a requirement for an independent Chairman, evidence our Board's proactive commitment to strong corporate governance and appropriate independent oversight of management. Our Board believes it is fundamentally wrong, however, to permanently and inflexibly separate or combine the positions of Chairman and CEO and remove our Board's ability to evaluate and change the structure of our Chairman and CEO positions, as and when appropriate, to best serve the needs of Harris and our shareholders based on then-existing facts and

17

Table of Contents

circumstances. Our Board believes that its members possess considerable experience and unique knowledge of the challenges and opportunities Harris faces, and therefore, are in the best position to evaluate the needs of Harris and how best to organize the capabilities of our directors and senior management to meet those needs.

Lead Independent Director. At all times while our Chairman is not independent, our independent directors, by the affirmative vote of a majority of all independent directors, will designate one of our independent Board members to serve as Lead Independent Director. The responsibilities and authority of our Lead Independent Director include:

- Presiding at all meetings of our Board at which our Chairman is not present, including executive sessions of our independent directors;
- Serving as liaison between our Chairman and our independent directors;
- Approving the information sent to our Board and the meeting agendas for our Board;
- Approving our Board meeting schedules to assure sufficient time for discussion of all agenda items;
- Calling meetings of our independent directors;
- Ensuring that he or she is available, when appropriate, for consultation and direct communication consistent with our policies regarding shareholder communications, if requested by major shareholders;
- Providing timely feedback from executive sessions of our independent directors to our CEO or other members of senior management;
- Playing a key role in the annual CEO evaluation process, together with the Chairperson of our Management Development and Compensation Committee (or the Chairperson of our Governance and Corporate Responsibility Committee if the same individual is serving as Lead Independent Director and Chairperson of our Management Development and Compensation Committee);
- Playing a key role in our Board's annual self-evaluation process and related matters, together with the Chairperson of our Governance and Corporate Responsibility Committee (or the Chairperson of our Management Development and Compensation Committee if the same individual is serving as Lead Independent Director and Chairperson of our Governance and Corporate Responsibility Committee);
- Guiding and playing a key role in the CEO succession planning process;
- Assisting with the recruitment of director candidates, when applicable;
- Serving as spokesperson for our Board, when appropriate, it being understood that our CEO is the primary spokesperson for our Board and us; and

• Other responsibilities and authority as our Board may determine from time to time.

The designation of a Lead Independent Director is not intended to inhibit communications among our directors or between any of them and our Chairman. Our Lead Independent Director will serve a two-year term that generally will commence on the date of our annual meeting of shareholders. Unless our independent directors shall determine otherwise due to particular circumstances, no independent director will serve as Lead Independent Director for more than two consecutive two-year terms. Our Lead Independent Director may be removed from the position by the affirmative vote of a majority of all independent directors.

Our Lead Independent Director currently is Mr. Growcock, whom our Board designated in October 2016, as noted above.

Board Meetings and Attendance

General. In fiscal 2017, our Board held 10 meetings, and the committees of our Board held a total of 26 meetings. Each director attended at least 93% of the meetings of our Board and committees on which he or she served. All of the directors taken together attended an average of 99% of such meetings of our Board and committees on which they served. In addition to meetings at our corporate headquarters, our Board periodically holds meetings at other facilities and locations.

Attendance at Annual Meetings of Shareholders. We typically schedule a Board meeting in conjunction with our Annual Meeting of Shareholders. In the absence of unavoidable conflict, all Board members are expected to attend each Annual Meeting of Shareholders. All of our then-serving Board members attended our 2016 Annual Meeting of Shareholders.

Executive Sessions of Independent Directors

Our Board and its standing committees meet throughout the year on a set schedule and also hold special meetings and may act by written consent from time to time as appropriate. Executive sessions of independent directors are provided for in the agenda for each regularly scheduled Board meeting. Our Lead Independent Director chairs these executive sessions of independent directors. Executive sessions of independent directors also are provided for in the agenda for each regularly scheduled standing committee meeting (other than quarterly earnings review meetings of our Audit Committee).

Board Committees and Committee Charters

Our Board currently has 4 standing committees to assist in discharging its responsibilities:

• Audit Committee;

• Governance and Corporate Responsibility Committee;

• Finance Committee; and

• Management Development and Compensation Committee.

The committees regularly report their activities and actions to our full Board, generally at the next Board meeting following the committee meeting. Our Board has adopted a written charter for each committee. The charter of each of our Audit Committee, Governance and Corporate Responsibility Committee and Management Development and Compensation Committee complies with the NYSE corporate governance requirements. There are no NYSE requirements with respect to our Finance Committee charter. Copies of all such charters and our Corporate Governance Guidelines are available on the Corporate Governance section of our website at harris.com/about/corporate-governance and also are available to shareholders free of charge upon written request to our Secretary at Harris Corporation, 1025 West NASA Boulevard, Melbourne, Florida 32919. The principal functions of each standing committee are summarized below.

Audit Committee

Our Audit Committee oversees our independent registered public accounting firm and accounting and internal control matters. Our Audit Committee also assists our Board in fulfilling its responsibilities to oversee, among other things:

• The integrity of our financial statements;

• Our compliance with relevant legal and regulatory requirements;

• Our internal control over financial reporting;

• Our independent registered public accounting firm's qualifications and independence; and

• The performance of our internal audit function and our independent registered public accounting firm.

The purposes and responsibilities of our Audit Committee also include:

• Directly appointing, compensating, retaining, terminating and overseeing the work of our independent registered public accounting firm;

• Pre-approving, or adopting appropriate procedures to pre-approve, all audit services, internal control-related services and non-audit services to be provided by our independent registered public accounting firm;

• Reviewing and discussing with our independent registered public accounting firm, our internal audit department and our management (i) any major issues regarding accounting principles and financial statement presentations, including any significant changes in the selection or application of accounting principles, (ii) the effect of regulatory and accounting initiatives or actions applicable to us, as well as off-balance sheet structures, on our financial statements, and (iii) any major issues concerning the adequacy of our internal controls and any special steps adopted in light of any material control deficiencies;

• Discussing guidelines and policies governing the process by which our management assesses and manages exposure to risk, including key credit risks, liquidity risks, market risks, financial risks and operational risks;

• Reviewing and discussing our earnings press releases, including the use of "pro forma," "adjusted" or other non-GAAP financial measures, and the types of financial information and earnings guidance provided, and the types of presentations made, by us to analysts and rating agencies; and

• Reviewing and discussing with our independent registered public accounting firm, our internal audit department and our management quarterly and year-end operating results, reviewing our interim financial statements prior to their inclusion in our Quarterly Reports on Form 10-Q, and recommending to our Board the inclusion of our annual financial statements in our Annual Reports on Form 10-K.

A more detailed description of our Audit Committee's purposes and responsibilities is contained in its charter.

Our Board has determined in its business judgment that each member of our Audit Committee is independent within the meaning of the NYSE listing standards, the Sarbanes-Oxley Act of 2002 and related SEC rules and our Director Independence Standards.

Our Board also has determined in its business judgment that each of the members of our Audit Committee satisfies the “financial literacy” requirements of the NYSE listing standards and has “accounting or related financial management expertise” and that Gregory T. Swinton, Chairperson of our Audit Committee, and each of Messrs. Chiarelli, Dattilo and Growcock satisfy the “audit committee financial expert” criteria, as that term is defined by SEC rules, and is independent of Harris.

Our Audit Committee held 9 meetings in fiscal 2017, including meeting regularly with Ernst & Young LLP and our internal auditors, both privately and with management present.

Governance and Corporate Responsibility Committee

The purposes and responsibilities of our Governance and Corporate Responsibility Committee include:

- Identifying individuals determined by the Committee to be qualified to become a Board member consistent with criteria approved by our Board, and recommending that our Board select the nominees for election or re-election, as applicable, and fill vacancies on our Board;
- Adopting a policy and procedure for consideration of each candidate to serve as a director recommended by our shareholders;
- Developing and recommending to our Board our Corporate Governance Guidelines and monitoring trends and evolving practices in corporate governance;
- Periodically assessing the adequacy of our corporate governance framework, including our Restated Certificate of Incorporation and By-Laws, and recommending changes to our Board for approval, as appropriate;
- Developing, reviewing and recommending to our Board director compensation and benefit plans;
- Reviewing and making recommendations to our Board concerning the structure, size, composition and operation of our Board and its committees;
- Recommending establishment or elimination of committees of our Board and committee assignments;
- In consultation with each committee chairperson and our Lead Independent Director, if one has been designated, setting meeting schedules for our Board and developing, reviewing and recommending to our Board the schedule of regular meetings of our Board and its committees;
- Reviewing and approving or ratifying related person transactions in accordance with relevant policies;
- Reviewing and making recommendations to our Board regarding shareholder proposals and a process for shareholder communications with our Board;
- Facilitating our Board's annual self-evaluation of its performance and effectiveness;
- Retaining (after considering the independence and any potential conflicts of interest of director compensation consultants) and terminating director compensation consultants, including approving such consultants' fees and other retention terms;
- Assisting our Board in overseeing the goals and objectives of our ethics and business conduct program consistent with sound, ethical business practices and legal requirements;
- Assisting our Board in overseeing the goals and objectives of our environmental, health and safety programs;
- Assisting our Board in overseeing the goals and objectives of our charitable, civic, educational and philanthropic activities; and
- Reviewing and taking appropriate action concerning strategic issues and trends relating to corporate citizenship and responsibility, including social and political trends and public policy issues that may have an impact on our operations, financial performance or public image.

A more detailed description of our Governance and Corporate Responsibility Committee's purposes and responsibilities is contained in its charter and our Corporate Governance Guidelines.

For additional information regarding the role of our Governance and Corporate Responsibility Committee and our director compensation process and procedures, including the role of compensation consultants relating to director compensation, see the "Director Compensation and Benefits" section of this proxy statement beginning on page 25. Our Board has determined in its business judgment that each member of our Governance and Corporate Responsibility Committee is independent within the meaning of the NYSE listing standards and our Director Independence Standards. Our Governance and Corporate Responsibility Committee held 6 meetings in fiscal 2017.

Finance Committee

Our Finance Committee is authorized to review periodically our financial position, capital structure, working capital, capital transactions, debt ratings, and bank and lender relationships, and the financial and investment aspects of our benefit plans, including our defined contribution and defined benefit plans. Our Finance Committee annually reviews and approves our capital investment plan and capital expenditures. Our Finance Committee also reviews our dividend policy and share repurchase policy and makes recommendations to our Board relating to such policies, and reviews and oversees our benefit plan funding policy. A more detailed description of our Finance Committee's purposes and

responsibilities is contained in its charter. Our Board has determined in its business judgment that each member of our Finance Committee is independent within the meaning of the NYSE listing standards and our Director Independence Standards. Our Finance Committee held 3 meetings in fiscal 2017.

Management Development and Compensation Committee

The purposes and responsibilities of our Management Development and Compensation Committee include:

- Reviewing plans for our management training, development, organizational structure and succession, and recommending to our Board for its approval individuals for election as executive officers and other corporate officers;
- Overseeing and reviewing our overall compensation philosophy and establishing the compensation and benefits of our executive officers;

- Reviewing and approving corporate goals and objectives relevant to the compensation of our CEO, evaluating our CEO's performance in light of those goals and objectives, and together with all independent directors of our Board, determining and approving our CEO's annual salary, cash and equity incentives and other benefits based on this evaluation;

- Reviewing and approving the annual salary, cash and equity incentives and other benefits of our other executive officers;

- Reviewing and approving the use and the terms of employment, separation, severance and change in control agreements and any special arrangements in the event of termination of employment, death or retirement of executive officers (together, in the case of our CEO, with all independent directors of our Board);

- Administering our equity-based compensation plans;

- Determining stock ownership guidelines for our CEO, executive officers and other corporate officers and overseeing compliance with such guidelines;

- Reviewing and discussing the "Compensation Discussion and Analysis" section in this proxy statement with our management and making a recommendation to our Board on the inclusion of the "Compensation Discussion and Analysis" section in this proxy statement; and

- Retaining (after considering the independence and any potential conflicts of interest of compensation consultants) and terminating executive compensation consultants, including approving such consultants' fees and other retention terms. A more detailed description of our Management Development and Compensation Committee's purposes and responsibilities is contained in its charter.

Our Management Development and Compensation Committee has delegated to our CEO the authority to grant equity awards to employees who are not executive officers,

subject to an annual maximum number of shares underlying the awards that may be granted, and annually reviews these awards.

For additional information regarding the role of our Management Development and Compensation Committee and our executive compensation process and procedures, including the role of executive officers and compensation consultants in recommending the amount or form of executive compensation, see the "Compensation Discussion and Analysis" section of this proxy statement beginning on page 30.

Our Board has determined in its business judgment that each member of our Management Development and Compensation Committee is independent within the meaning of the NYSE listing standards, SEC rules and our Director Independence Standards. Our Management Development and Compensation Committee held 6 meetings in fiscal 2017.

The Board's Role in Risk Oversight

The responsibility for the day-to-day management of risk lies with our management, and our management continually monitors the material risks facing Harris, including strategic risk, financial risk, operational risk, and legal and compliance risk. We have an enterprise risk management ("ERM") process that, among other things, is designed to identify material risks across Harris with input from each business segment and function. Under our ERM process, which is coordinated through a cross-functional management committee, various material business risks are regularly identified, assessed and prioritized. The top risks to Harris and any mitigation plans associated with those risks are reported to our Board. In addition, in order to ensure dissemination of information about identified risks to management and throughout Harris, our management ERM committee regularly provides reports to our senior executives. Our ERM process has been reviewed by our Board and is the subject of oversight and regular review by

our Audit Committee. We also manage risk through numerous controls and processes embedded in our operations, and such controls and processes are reviewed from time to time with our Board and/or its relevant committees. Risk considerations also are raised in the context of a range of matters that are reported by management to our Board or one of its committees for review. For example, elements of risk are discussed by our full Board in presentations concerning Company-wide and business unit annual operating plans, three-year strategic plans, merger and acquisition opportunities, market environment updates, regular financial and operations updates and other strategic discussions. Elements of risk related to financial reporting, internal audit, internal control over financial reporting, auditor independence and related areas of accounting, taxation, law and regulation are regularly reviewed by our Audit Committee. Elements of risk related to corporate governance issues and various aspects of U.S. and

21

Table of Contents

international regulatory compliance, ethics, business conduct, social responsibility, environmental, health and safety matters and export/import controls are regularly reviewed by our Governance and Corporate Responsibility Committee. Elements of risk related to liquidity, financial arrangements, capital structure, ability to access capital markets and the financial and investment aspects of our defined contribution and defined benefit plans are regularly reviewed by our Finance Committee. Elements of risk related to compensation policies and practices and talent management and succession planning are regularly reviewed by our Management Development and Compensation Committee. Each committee also regularly provides reports regarding such risks to our full Board.

Director Retirement Policy

We do not impose term limits for directors. It is our policy that a director who would be age 72 or older at the time of election shall not stand for re-election. A director also is expected to offer to tender automatically his or her resignation in the event of retirement or other significant change in employment position or employer, and our Board then will determine whether such director's continued Board membership under the new circumstances is in the best interests of Harris and our shareholders, free from conflicts of interest and otherwise appropriate.

Communications with Members of our Board of Directors

General. Shareholders and other persons who wish to communicate with a member or members of our Board, including our Chairman, our Lead Independent Director, if one has been designated, the chairperson of any standing committee of our Board or the independent directors as a group, may send an e-mail to the intended recipient(s) c/o our Secretary at corporate.secretary@harris.com or may write to the intended recipient(s) c/o our Secretary, Harris Corporation, 1025 West NASA Boulevard, Melbourne, Florida 32919. Our Secretary will review each such communication and, if it is related to the duties and responsibilities of our Board and its committees, it will be forwarded to the appropriate recipient(s).

Our Board has instructed our Secretary not to forward communications the Secretary deems unduly hostile, threatening, illegal or similarly inappropriate (such as surveys, spam, junk mail, resumes, service or product inquiries or complaints, solicitations or advertisements). Our Secretary will periodically provide our Board a summary of all communications received that were not forwarded to the intended recipient(s) (other than surveys, spam, junk mail, resumes, service or product inquiries or complaints, solicitations or advertisements) and will make those communications available to any director upon request.

Our Chairman, our Lead Independent Director, if one has been designated, or other director in receipt of a communication for which he or she was the intended

recipient will determine whether it will be sent to our full Board or a committee. If a communication is determined to be a complaint or concern pertaining to accounting, internal control or auditing matters, it will be handled in accordance with the procedures discussed below under "Accounting, Internal Control, Auditing and Certain Other Matters."

Accounting, Internal Control, Auditing and Certain Other Matters. Our Audit Committee has established procedures for the receipt, retention and treatment of complaints and concerns regarding accounting, internal accounting controls or auditing matters, financial reporting or disclosure matters, and other matters relating to actual, alleged or potential violations of any law, rule or regulation relating to securities or to fraud against shareholders. Any of our employees may communicate concerns about any of these matters to such employee's supervisor, manager or ethics advisor, or to the Vice President, Internal Audit and Compliance or the Director, Ethics and Compliance or certain other individuals, or on a confidential and anonymous basis by way of e-mail or our toll-free hotline numbers listed on our website and in our Code of Conduct. Other persons with such complaints or concerns may contact our Vice President, Internal Audit and Compliance or Director, Ethics and Compliance at 1025 West NASA Boulevard, Melbourne, Florida 32919. Upon receipt of a complaint or concern, a determination will be made whether it pertains to accounting, internal control, auditing, financial reporting or disclosure matters, and if it does, it will be handled in accordance with the procedures established by our Audit Committee. A copy of these procedures is available on the Corporate Governance section of our website at harris.com/about/corporate-governance.

Code of Conduct

All Harris directors and employees, including our CEO, Chief Financial Officer, Principal Accounting Officer and other senior officers, are required to abide by our Code of Conduct, originally adopted as our Standards of Business Conduct in 1987, to help ensure that our business is conducted consistently in an ethical and legal manner. Our Code of Conduct is an important component of a comprehensive business conduct program that includes compliance with all laws and corporate policies and procedures, an open relationship among employees that contributes to good business conduct, and an abiding belief that we should conduct all business dealings with integrity, honesty and responsibility. Our Code of Conduct policies cover many topics, including:

- Respect in the workplace
- Health and safety
- Privacy of personally identifiable information
- Avoiding conflicts of interest
- Working with governments
- Commitment to quality

Director Nomination Process and Criteria,
and Board Diversity

Our Board is responsible for approving nominees to stand for election as directors. Our Governance and Corporate Responsibility Committee assists our Board in this process and identifies individuals it determines are qualified to become Board members and recommends nominees.

It is a long-standing policy of our Board to consider director nominees recommended by shareholders. A shareholder who wishes to recommend a nominee for our Governance and Corporate Responsibility Committee's consideration must include at least the following information about the proposed nominee: name, age, business or residence address, principal occupation or employment, and the written consent of the nominee to be named in the proxy statement as a nominee and to serve as a director if elected. The required information should be sent to our Secretary at 1025 West NASA Boulevard, Melbourne, Florida 32919. Our Secretary will forward properly submitted shareholder-recommended nominations to the Chairperson of our Governance and Corporate Responsibility Committee for consideration at a future Governance and Corporate Responsibility Committee meeting. Individuals recommended by shareholders in accordance with these procedures will be evaluated and considered by our Governance and Corporate

Responsibility Committee in the same manner as it evaluates other proposed nominees.

In addition to recommending nominees for consideration to our Governance and Corporate Responsibility Committee, shareholders also may directly propose nominees for consideration at an annual meeting of our shareholders. The requirements and procedures to be followed by shareholders for directly nominating directors are discussed beginning on page 76 under "Shareholder Proposals for the 2018 Annual Meeting of Shareholders."

Our Governance and Corporate Responsibility Committee also has a process for considering, reviewing and evaluating incumbent directors as potential nominees for re-election. Pursuant to this process, prior to each annual meeting of shareholders, each current director discusses participation on our Board and its committees and other relevant matters with our Chairman or Lead Independent Director, if one has been designated. Each current director also is requested to discuss any concerns or issues regarding continued membership on our Board with the Chairperson of our Governance and Corporate Responsibility Committee. In addition, our Governance and Corporate Responsibility Committee reviews each current director's experience, qualifications, attributes, skills, tenure, contributions, other directorships, meeting attendance record, any changes in employment status and other information it deems helpful in considering and evaluating the director for nomination.

Our Corporate Governance Guidelines contain Board membership criteria that apply to all nominees for a position on our Board. Our Board, based on the recommendation of our Governance and Corporate Responsibility Committee (which will be based on the criteria set forth below, regardless of whether the nominee is recommended by shareholders or is identified by our Governance and Corporate Responsibility Committee or otherwise), will select nominees considering the following criteria:

- Demonstrated ability and sound judgment that usually will be based on broad experience;
- Personal qualities and characteristics, accomplishments and reputation in the business community, professional integrity, educational background, business experience and related experience;
- Willingness to objectively appraise management performance;
- Current knowledge and contacts in the businesses in which we participate and in our industry or other industries relevant to our businesses, giving due consideration to potential conflicts of interest;
- Ability and willingness to commit adequate time to Board and committee matters, including attendance at Board, committee and annual shareholder meetings;

•directors and potential directors in building a Board that is effective, collegial and responsive to the needs of Harris
and the interests of our shareholders; and

•Diversity of viewpoints, background, experience, gender, race, ethnicity and similar demographics.

Our Board values diversity as a factor in selecting nominees to serve on our Board. Although we have adopted no specific policy on diversity, our Governance and Corporate Responsibility Committee considers our Board membership criteria in selecting nominees for directors, including “diversity of viewpoints, background, experience, gender, race, ethnicity and similar demographics.” Such considerations also may include personal characteristics, functional background, executive or professional experience, and international experience. As a general matter, our Board considers diversity in the context of our Board as a whole and takes into account the personal characteristics and experience of current and prospective directors to facilitate Board deliberations and decisions that reflect a broad range of perspectives.

As described above under “Proposal 1: Election of Directors,” Mr. Albaugh was originally appointed to our Board and nominated for a one-year term expiring at the 2017 Annual Meeting of Shareholders pursuant to the process set forth in the Cooperation Agreement. Mr. Fradin was originally nominated to become a member of our Board for a one-year term expiring at the 2017 Annual Meeting of Shareholders pursuant to the process set forth in the Cooperation Agreement. The Cooperation Agreement expired in July 2017. Our Board’s nomination of Messrs. Albaugh and Fradin for a new one-year term expiring at the 2018 Annual Meeting of Shareholders was pursuant to our director nomination process and criteria, and not the Cooperation Agreement.

Our Governance and Corporate Responsibility Committee has as a general matter retained a third-party search firm to assist in identifying and/or evaluating potential nominees, and all of our current independent directors have been identified and/or evaluated using this process.

Majority Voting for Directors

Pursuant to our By-Laws and Corporate Governance Guidelines, the voting standard applicable for the election of our directors in uncontested elections is a majority voting standard. An uncontested election of directors is an election in which the number of properly nominated nominees does not exceed the number of director positions to be filled. In contested director elections, the plurality voting standard will apply, which means the nominees receiving the greatest numbers of votes will be elected to serve as directors.

To be elected in an uncontested election under the majority voting standard, a director nominee must receive more “For” votes than “Against” votes. Abstentions and any broker non-votes will have no effect in an uncontested election of directors because only votes cast “For” or “Against” a nominee will be counted. If an incumbent director nominee does not receive a greater number of “For” votes than “Against” votes, he or she must promptly offer to tender his or her resignation following certification of the vote. Our Governance and Corporate Responsibility Committee shall consider the resignation offer and shall recommend to our Board the action to be taken. Our Board shall take action within 90 days following certification of the vote, unless such action would cause us to fail to comply with NYSE independence or other legal requirements, in which event our Board shall take action as promptly as practicable while continuing to meet such requirements. Our Board also will promptly publicly disclose its decision and the reasons therefor. If our Board does not accept the resignation, the nominee will continue to serve as a director until the next annual meeting and until his or her successor shall be duly elected and qualified, or until his or her prior death, retirement, resignation or removal from office. If our Board accepts the resignation, then a majority of our Board, in its sole discretion, may fill any resulting vacancy or may choose not to fill the vacancy and to decrease the size of our Board.

The election of directors at the 2017 Annual Meeting of Shareholders is an uncontested election and thus the majority voting standard applies.

DIRECTOR COMPENSATION AND BENEFITS

Our Board compensation program is intended to attract and retain directors with demonstrated ability, integrity, judgment and experience to fulfill their responsibility to oversee management and to develop and oversee the implementation of strategies aimed at creating sustainable, long-term value for our shareholders. The program also is intended to recognize the time commitments and potential liability associated with serving on the board of a public company.

The form and amount of director compensation is periodically reviewed and assessed by our Governance and Corporate Responsibility Committee. Our Governance and Corporate Responsibility Committee reviews our compensation comparison peer group data and broad survey data concerning director compensation practices, levels and trends for companies comparable to us in revenue, businesses and complexity, which data is requested by or on behalf of our Governance and Corporate Responsibility Committee from independent compensation consultants, including Pearl Meyer & Partners. Changes to director compensation, if any, are recommended by our Governance and Corporate Responsibility Committee to our Board for action. Employee directors are not separately compensated for service as a director.

Cash Retainer and Attendance Fees

Directors who are not employees of Harris currently receive the following fees, as applicable, for their service on our Board and its committees:

\$80,000 annual cash retainer, payable on a quarterly basis, for service as a member of our Board;

\$150,000 annual cash retainer, payable on a quarterly basis, for service as non-executive Chairman of the Board;

\$25,000 annual cash retainer, payable on a quarterly basis, for service as Lead Independent Director;

\$20,000 annual cash retainer, payable on a quarterly basis, for service as Chairperson of our Audit Committee;

\$15,000 annual cash retainer, payable on a quarterly basis, for service as Chairperson of each committee of our Board other than our Audit Committee; and

\$2,000 cash attendance fee for each meeting or telephonic meeting of our Board or of each committee of our Board or for attendance at any other meeting or event for or on our behalf.

Each cash retainer payable for a quarter is pro-rated based on period of service if a director does not serve on our Board or as Chairperson of a committee, non-executive Chairman of the Board or Lead Independent Director for

the entire quarter. Independent directors may not receive, directly or indirectly, any consulting, advisory or other compensatory fees from us.

Deferred Compensation and Equity Awards

Deferred Compensation

We maintain the Harris Corporation 2005 Directors' Deferred Compensation Plan, as amended (the "Directors' Deferred Compensation Plan"), an unfunded, non-qualified deferred compensation plan for the benefit of our non-employee directors. Under the Directors' Deferred Compensation Plan, quarterly on January 1, April 1, July 1 and October 1 of each year, we credit each non-employee director's account with a number of Harris stock equivalent units (each unit is equivalent in value to one share of our common stock) having an aggregate fair market value equal to \$33,750 (representing an annual rate of \$135,000), which amount may be changed from time to time by our Board. The number of Harris stock equivalent units credited to a non-employee director's account for a quarter is pro-rated, based on period of service, if the director does not serve on our Board for the entire quarter.

In addition, under the Directors' Deferred Compensation Plan, prior to the commencement of a calendar year, each non-employee director may make an irrevocable election to defer all or a portion of his or her cash director compensation for the subsequent year or years. The Directors' Deferred Compensation Plan replaced the Harris Corporation 1997 Directors' Deferred Compensation and Annual Stock Unit Award Plan (the "1997 Directors' Plan"). Effective December 31, 2004, no further deferrals of director compensation were permitted and no further annual awards of Harris stock equivalent units were made under the 1997 Directors' Plan.

Amounts deferred at the election of a non-employee director under such plans are deemed to be invested, at the non-employee director's discretion, in investment alternatives that mirror those available under our Retirement Plan or in Harris stock equivalent units. A non-employee director may not transfer or reallocate deferred amounts deemed

invested in other investments into Harris stock equivalent units, but may reallocate (provided director minimum stock ownership guidelines are satisfied) deferred amounts deemed invested in Harris stock equivalent units into any other available investment alternative. Each Harris stock equivalent unit is credited with dividend equivalents equal to the dividends paid on our common stock, which are deemed reinvested in additional Harris stock equivalent units on the dividend payment date. Deferred amounts deemed invested in Harris stock equivalent units will be appropriately adjusted in the event of any stock dividend or split, recapitalization, merger, spin-off, extraordinary dividends or other similar events.

Table of Contents

A non-employee director may elect to receive deferred amounts either in a cash lump sum on a date certain within 5 years after his or her resignation or retirement, or in annual substantially equal cash installments over a designated number of years beginning on a date certain within 5 years after his or her resignation or retirement, provided that all amounts are fully paid within 10 years of resignation or retirement. Within 90 days following a non-employee director's death, a lump sum cash payment equal to the then-remaining balance in his or her account will be made to his or her beneficiary. Within 90 days following a change in control (as defined in the director deferred compensation plans) and to the extent permitted by Federal tax laws, each non-employee director (or former non-employee director) will receive a lump sum cash payment equal to the then-remaining balance in his or her account. If payment within 90 days following a change in control is not permitted by Federal tax laws, then payment will be made at the time and in the form that payment would have been made if a change in control had not occurred.

Amounts credited to non-employee directors' accounts under the director deferred compensation plans may be partially or fully funded by a grantor trust, also known as a "rabbi trust." Upon a change in control, we are required to fund such "rabbi trust" in an amount equal to the amounts credited to the directors' accounts, as well as anticipated trust and trustee fees and expenses. In all cases, the assets in such trust are subject to the claims of our creditors, and directors are treated as our unsecured general creditors.

Equity Awards to New Non-Employee Directors

Effective January 1, 2016, when a new non-employee director first becomes a member of our Board, such non-employee director will be granted a restricted share award for a number of shares of our common stock having an aggregate grant date fair value approximately equal to 50% of the then-current annual rate of non-elective deferrals of Harris stock equivalent units (currently \$135,000) under our Directors' Deferred Compensation Plan. Such restricted share award will be granted on the first NYSE trading day of the calendar month following the calendar month in which such non-employee director's election or appointment to our Board becomes effective and in accordance with our equity grant policy.

Such restricted share awards were granted to Messrs. Albaugh and Fradin in connection with joining our Board in fiscal 2017. Each restricted share award vests ratably over three years, provided the non-employee director continuously serves as a director on our Board through the applicable vesting date. Unvested restricted shares may not be sold or otherwise transferred; will be immediately forfeited in the event the non-employee director's service as a director on our Board terminates for any reason other than death or permanent disability following the 1-year anniversary of the grant date; and will become fully vested upon the non-employee director's service as a director on our Board terminating due to death or permanent disability following the 1-year anniversary of the grant date or upon a change in control of Harris.

For further information related to these restricted share awards see the Fiscal 2017 Compensation of Non Employee Directors Table on page 27 and related notes.

Reimbursement, Insurance and Charitable Gift Matching

We pay or reimburse each non-employee director for travel and out-of-pocket expenses incurred in connection with attending Board and committee meetings and other meetings on our behalf and for the costs and expenses of attending director education programs. Spouses or guests are invited occasionally to accompany directors to Board-related events, for which we pay or reimburse travel and related expenses.

In addition, we provide each non-employee director with accidental death and dismemberment insurance of up to \$200,000 and business travel insurance of up to an additional \$200,000 in the event that he or she is involved in an accident while traveling on business relating to our affairs. We pay the premiums for such insurance, and the premiums for coverage during fiscal 2017 for all non-employee directors collectively was less than \$150. We also provide liability insurance coverage for all of our directors and officers.

Non-employee directors may participate in the Harris Foundation charitable gift matching program available to our employees, under which the Harris Foundation matches contributions to eligible educational institutions and tax exempt organizations up to an annual maximum of \$10,000 per director and per employee.

* Ms. Katen and Mr. Rickard retired from our Board effective at the 2016 Annual Meeting of Shareholders in October 2016.

(1) Reflects total cash compensation earned in fiscal 2017 for Board, committee Chairperson and Lead Independent Director retainers and Board and committee meeting attendance fees and includes amounts that may have been deferred at the director's election and credited to such director's account under our Directors' Deferred Compensation Plan, as described above.

(2) Reflects the aggregate grant date fair value computed in accordance with the Financial Accounting Standards Board's Accounting Standards Codification Topic 718, Compensation — Stock Compensation ("ASC 718"), with respect to: (a) Harris stock equivalent units awarded in fiscal 2017 and credited to the director's account under our Directors' Deferred Compensation Plan and (b) one-time restricted share awards granted to Messrs. Albaugh and Fradin in connection with joining our Board in fiscal 2017 for a number of shares of our common stock having an aggregate grant date fair value approximately equal to \$67,500 (725 shares for each of Messrs. Albaugh and Fradin granted on November 2, 2016), which awards vest ratably over three years, in each case as described above under "Equity Awards to New Non-Employee Directors."

Under ASC 718, the fair value of the Harris stock equivalent unit awards was determined as of the grant date using the closing market price of Harris common stock on the grant date. The aggregate grant date fair value of each of these awards credited on October 1, 2016 (pro-rated in the case of Mr. Albaugh to reflect his appointment to our Board effective September 1, 2016), January 1, 2017 (pro-rated in the case of Mr. Fradin to reflect his election to our Board effective October 28, 2016), April 1, 2017 and July 1, 2017, was \$33,750. These amounts reflect our accounting for these awards and do not necessarily correspond to the actual values that may be realized by directors.

As of June 30, 2017, our non-employee directors had the following aggregate number of Harris stock equivalent units accumulated in their deferred accounts for all years of service as a director from deferrals of cash compensation and awards of Harris stock equivalent units, including additional Harris stock equivalent units credited as a result of dividend equivalents earned with respect to such Harris stock equivalent units and any restricted units: Mr. Albaugh —

1,071 units; Gen. Chiarelli — 8,460 units; Mr. Dattilo — 46,098 units; Mr. Fradin — 836 units; Mr. Growcock — 30,153 units; Mr. Hay — 44,478 units; Mr. Joshi — 5,648 units; Ms. Katen — 0 units; Ms. Kenne — 16,153 units; Mr. Rickard — 66,658 units; Dr. Stoffel — 19,467 units; Mr. Swienton — 83,903 units; and Mr. Tookes — 30,479 units.

Under ASC 718, the fair value of the restricted share awards was determined as of the grant date of November 2, 2016 using the closing market price of Harris common stock on the grant date. The aggregate grant date fair value of each of these awards was \$67,500. These amounts reflect our accounting for these awards and do not necessarily correspond to the actual values that may be realized by directors. As of June 30, 2017, each of Messrs. Albaugh and Fradin held 725 restricted shares under these awards.

(3) Use of stock options as an element of compensation for our non-employee directors was discontinued in December 2004, and consequently, our non-employee directors hold no Harris stock options.

(4) There were no above-market or preferential earnings in our director deferred compensation plans.

As noted above, non-employee directors may participate in the Harris Foundation gift matching program up to an annual maximum of \$10,000 per director. Although our directors participate on the same basis as our employees, (5) SEC rules require disclosure of the amount of a director's participation in a gift matching program. The amounts shown for Messrs. Growcock and Hay include \$10,000 of gift matching payments made during fiscal 2017.

Table of ContentsStock Ownership Guidelines for
Non-Employee Directors

To further align the interests of our non-employee directors and shareholders, our Board has adopted stock ownership guidelines for our non-employee directors. Our non-employee directors are expected to own, within five years after election or appointment to our Board, Harris stock or stock equivalent units having a minimum value of \$500,000. As of August 31, 2017, all of our non-employee directors met the stock ownership guidelines or were on track to achieve such ownership within the applicable compliance timeframe. Directors who are retiring and will not be standing for re-election at the next Annual Meeting are no longer subject to the guidelines.

Indemnification Agreements

We have entered into indemnification agreements with each of our directors and Board-elected officers, including the executive officers named in the Fiscal 2017

Summary Compensation Table on page 52. These agreements require us to indemnify these directors and officers with respect to their activities as a director, officer or employee of Harris, or when serving at our request as a director, officer or in any other capacity for another corporation, joint venture, trust or other enterprise, against expenses (including attorneys' fees, judgments, fines, penalties and amounts paid in settlement) actually and reasonably incurred by them in connection with any threatened, pending or completed action, suit or other proceeding, whether civil, criminal, administrative or investigative, to which they were, are or are threatened to be made, parties as a result of their service to us.

Under the indemnification agreements, each director or officer will continue to be so indemnified with respect to his or her service to or for us, even after ceasing to occupy a position as an officer, director, employee or agent of Harris.

(1) Includes shares over which the individual or his or her immediate family members hold or share voting and/or investment power and excludes shares listed under the “Shares Under Exercisable Options” and “Stock Equivalent Units” columns. For each non-employee director other than Messrs. Albaugh and Fradin, also includes 666 unvested restricted units in respect of an award of 1,000 restricted units granted on February 10, 2016 that vest ratably over three years, provided the non-employee director continuously serves as a director on our Board through the applicable vesting date, and are payable in shares of our common stock. Unvested restricted units may not be sold or otherwise transferred; will be immediately forfeited in the event the non-employee director’s service as a director on our Board terminates for any reason other than death, disability, retirement, resignation or failure to be re-nominated or elected to our Board (excluding, in the case of such failure to be re-nominated or elected, a termination of service due to cause or misconduct); and will become fully vested upon a change in control of Harris. For Messrs. Albaugh and Fradin, also includes 725 restricted shares granted on November 2, 2016 that vest ratably over three years, as discussed above under “Director Compensation and Benefits.” For our named executive officers and other executive officers, includes shares owned through our retirement plan.

(2) Includes shares underlying options granted by us that are exercisable as of September 1, 2017 and shares underlying options that become exercisable within 60 days thereafter.

(3) Represents the total of shares listed under the “Shares Owned” and “Shares Under Exercisable Options” columns.

For non-employee directors, represents stock equivalent units credited under our 1997 Directors’ Plan and our Directors’ Deferred Compensation Plan discussed above under “Director Compensation and Benefits.” Stock

(4) equivalent units deferred under our 1997 Directors’ Plan and our Directors’ Deferred Compensation Plan are settled in cash following a director’s resignation, retirement or death, may not be voted and may be reallocated into other investment alternatives, as discussed above under “Director Compensation and Benefits.”

For named executive officers and other executive officers, includes amounts deferred in the form of stock equivalent units under our Supplemental Executive Retirement Plan (“SERP”), which are settled in cash following, or under certain circumstances prior to, retirement, may not be voted and may be reallocated into other investment alternatives. For named executive officers and other executive officers, also includes performance share units and restricted stock units that have been granted and for which the performance period or restricted period has not ended and which have not vested and are subject to adjustment, including as follows for our named executive officers: Mr. Brown — 150,568 performance share units and 18,414 restricted stock units; Mr. Ghai — 15,104 performance share units and 2,920 restricted stock units; Mr. Fox — 19,475 performance share units and 2,583 restricted stock units; Mr. Mehnert — 19,475 performance share units and 2,583 restricted stock units; and Mr. Mikuen — 17,386 performance share units and 2,471 restricted stock units. Amounts in this column are not included in the “Total Shares Beneficially Owned” column.

(5) The shares reported as beneficially owned by certain named executive officers include shares of restricted stock for which the restriction period had not expired and as to which the named individuals have sole voting power, but no investment power, as follows: Mr. Ghai — 7,376 shares of restricted stock; Mr. Fox — 4,879 shares of restricted stock; and Mr. Mikuen — 2,441 shares of restricted stock.

(6) The shares reported as beneficially owned by all directors and executive officers, as a group, include 61,561 shares of restricted stock awarded to certain directors and executive officers for which the restriction period had not expired and as to which such directors and executive officers have sole voting power, but no investment power. No directors or executive officers have pledged any shares of our common stock, nor are any such persons permitted to make any such pledge under our policies.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

The “Compensation Discussion and Analysis” section of this proxy statement is intended to help shareholders understand our overall executive compensation program, objectives, framework and elements and discusses and analyzes the basis for the compensation paid with respect to fiscal 2017 to our named executive officers shown in the Fiscal 2017 Summary Compensation Table on page 52 and other tables and narrative discussion that follow. The focus of this Compensation Discussion and Analysis is to provide background and information relevant to decisions of our Management Development and Compensation Committee (our “Compensation Committee”) and Board about compensation for such named executive officers. Our named executive officers for fiscal 2017 were:

- William M. Brown, Chairman, President and Chief Executive Officer;
- Rahul Ghai, Senior Vice President and Chief Financial Officer;
- Sheldon J. Fox, Senior Vice President, Integration and Engineering (effective August 25, 2017, Mr. Fox was named Senior Vice President, Operations and Information Technology);
- Dana A. Mehnert, Senior Vice President, Chief Global Business Development Officer; and
- Scott T. Mikuen, Senior Vice President, General Counsel and Secretary.

In this proxy statement, “other named executive officers” refers to Messrs. Ghai, Fox, Mehnert and Mikuen.

Executive Summary

Overall Objective and Guiding Principles of Our Executive Compensation Program

The overall objective of our executive compensation program is to encourage and reward the creation of sustainable, long-term shareholder value. The following guiding principles provide a framework for our executive compensation program:

- Alignment with Shareholders’ Interests — We believe an executive’s interests are more directly aligned with our shareholders’ interests when compensation programs appropriately balance short- and long-term financial performance, are impacted by our stock price performance and require meaningful ownership of our stock.
- Competitiveness — We believe an executive’s total compensation should be competitive at the target performance level to attract qualified executives, motivate performance and retain, develop and reward executives who possess the abilities and skills needed to build long-term shareholder value.

Motivate Achievement of Financial Goals and Strategic Objectives — We believe an effective way to incentivize an executive to create long-term shareholder value is to make a significant portion of an executive’s overall compensation dependent on the achievement of our short- and long-term financial goals and strategic objectives and on the value of our stock.

Align Realized Pay with Performance — We believe that although an executive’s total compensation should be tied to achievement of financial goals and strategic objectives and should be competitive at the target performance level, performance that exceeds target should be appropriately rewarded. We also believe there should be downside risk of below-target compensation if our financial performance is below target and if we do not achieve our financial goals and strategic objectives.

Key Aspects of Our Executive Compensation Program

We believe our executive compensation and governance practices reflect the overall objective and guiding principles of our executive compensation program, and the following summarizes key aspects of what we do and what we don’t do in order to encourage and reward the creation of sustainable, long-term shareholder value:

What We Do

- Our executive compensation decisions are made by the independent members of our Board or by our Compensation Committee, which is made up exclusively of independent members;
- Our Compensation Committee has retained an independent executive compensation consulting firm to provide objective analysis, advice and information;

Our Compensation Committee periodically reviews the composition of our compensation comparison peer group and makes changes it determines are appropriate;

We address each element of our executive compensation program in the context of competitive practices. We generally set an executive officer's target direct annual compensation (the total of base salary rate, target annual cash incentives and target long-term equity-based incentive compensation granted as part of our annual cycle for grants to executive officers) within 20% below to 20% above the median for comparable positions, where available, at companies in our compensation comparison peer group, using discretion after also considering the executive officer's experience, position, responsibilities, tenure and contributions. An

Table of Contents

executive officer’s realized compensation is substantially dependent on our performance;

We make a significant portion of each executive’s overall compensation dependent on our performance as measured against pre-determined targets for short- and long-term financial performance measures, which targets we believe are challenging yet achievable;

We design our incentive programs to drive annual operating performance as well as sustainable profitable growth over the longer term. Our Annual Incentive Plan is aligned with our annual operating plan’s key measures of annual financial performance such as operating income, free cash flow and revenue, and the related targets. Our long-term incentive compensation uses a balanced portfolio of compensation elements, generally including stock options and performance share units, and in certain circumstances, performance stock options, restricted stock units or shares of restricted stock, and our long-term incentive compensation financial performance measures such as cumulative operating income, earnings per share compound annual growth rate, return on invested capital (“ROIC”) and run rate net synergies from the Exelis acquisition, and the related targets, are aligned with our long-term strategic plan;

We provide a significant portion of each executive’s overall compensation opportunity in the form of equity to establish a strong relationship between an executive’s compensation and our stock price performance;

We align performance share unit award payouts with our stock price performance by including a relative total shareholder return (“TSR”) adjustment metric (TSR is a measure of stock price appreciation or depreciation, plus dividend payouts, during a measurement period);

We have meaningful stock ownership guidelines that are designed to maintain alignment of executives’ interests with those of our shareholders and we don’t permit executives to sell Harris stock until such stock ownership guidelines are satisfied;

We review and evaluate plans for management development and succession;

We will pay cash severance payments under executive change in control severance agreements only on a “double trigger” basis (i.e., only on both a change in control and a qualifying termination of employment);

- We have a “clawback” policy that entitles us to recover cash and equity incentive payments from executives in the event of a restatement of our financial statements as a result of errors, omissions or fraud;

Our Compensation Committee retains the prerogative to change, adjust or modify our compensation and benefits programs to reflect prevailing economic, market or company financial conditions; and

We seek the input of our large shareholders on key aspects of our executive compensation program.

What We Don’t Do

We do not provide excessive perquisites, with few remaining after eliminating virtually all executive perquisites;

We do not permit repricing or back-dating of options;

We do not provide excise tax gross-ups under executive change in control severance agreements;

We do not pay dividend equivalents on performance share unit awards unless, and only to the extent, the performance share unit awards ultimately are earned at the end of the performance period;

We do not permit executives (or directors or other employees) to engage in short sales with respect to our stock or enter into hedging, puts, calls or other “derivative” transactions with respect to our securities; and

We do not permit executives (or directors) to hold or purchase our stock on margin or in a margin account or otherwise pledge our stock as collateral for margin accounts, loans or any other purpose.

Business Environment; Exelis Acquisition; and Divestitures to Optimize our Business Portfolio

We are a leading technology innovator, solving our customers’ toughest mission-critical challenges by providing solutions that connect, inform and protect. We support government and commercial customers in more than 100 countries, with our largest customer being various departments and agencies of the U.S. Government and their prime contractors. Our products, systems and services have defense and civil government applications, as well as commercial applications. As of the end of fiscal 2017, we had approximately \$5.9 billion in annual revenue and about 17,000 employees. In fiscal 2017, we derived approximately 74% of our revenue from sales to U.S. Government customers, including foreign military sales funded through the U.S. Government, whether directly or through prime contractors. Our common stock is listed on the NYSE under the symbol “HRS.”

On May 29, 2015 (late fiscal 2015), we acquired Exelis Inc. (“Exelis”). Based on that day’s closing price of \$79.22 per share of our common stock on the NYSE, the aggregate implied value of the consideration paid to former Exelis shareholders was approximately \$4.7 billion, including approximately \$1.5 billion of our common stock and approximately \$3.2 billion of cash principally from third-party debt financing.

Table of Contents

The Exelis acquisition was transformative for us, creating significantly greater scale and bringing together two engineering-driven companies that value technology leadership. The two companies' complementary technologies and capabilities strengthened core franchises and provide new opportunities for innovation to solve our customers' most complex challenges.

As part of our portfolio optimization strategy, we completed two significant divestitures in fiscal 2017: the divestiture of our government IT services business ("IT Services"), which primarily provided IT and engineering managed services to U.S. Government agencies, and the divestiture of our Harris CapRock Communications commercial business ("CapRock"), which provided wireless, terrestrial and satellite communications services to energy and maritime customers. These divestitures represented a strategic shift away from non-core markets served by those businesses and enable us to focus on technology-differentiated, high-margin businesses. Consequently, our fiscal 2017 reported financial results (for current and prior periods) reflect IT Services and CapRock as discontinued operations, and except for discussions related to our cash flows, or unless otherwise specified, discussions in this proxy statement relate solely to our continuing operations.

In addition, we completed the divestiture in fiscal 2016 of our composite aerostructures business, which was part of our company as a result of the Exelis acquisition, for \$187 million in cash at closing and the assumption of a \$23 million capitalized lease (and used the cash proceeds for debt repayment).

Key Fiscal 2017 Financial Results

Fiscal 2017 was another year of solid overall financial results for us, and we believe we executed well against the key priorities we set for fiscal 2017, which were:

- Rebalance our portfolio to focus on our core technology-differentiated businesses;
- Drive operational excellence, including flawless execution on Exelis integration;
- Generate strong free cash flow with balanced capital deployment; and
- Continue to invest in differentiated technology to position us for long-term growth.

We completed the divestiture of IT Services on April 28, 2017 for net cash proceeds of approximately \$646 million (subject to post-closing adjustments) and the divestiture of CapRock on January 1, 2017 for net cash proceeds of approximately \$370 million. We used the proceeds from those divestitures, along with our free cash flow, to deleverage, repurchase shares of our common stock, pay dividends and pre-fund our pension plans, as described below in more detail.

Our key fiscal 2017 financial results (including comparisons with fiscal 2016 financial results, in certain

cases), on a continuing operations basis, reflected our execution against our key priorities and included:

- Revenue of \$5.90 billion, compared with \$5.99 billion in fiscal 2016;
- Income from continuing operations per diluted common share of \$5.12, compared with \$4.87 in fiscal 2016 (impacted by \$.41 and \$.27, respectively, per diluted common share for Exelis acquisition-related and other items);
- Operating cash flow of \$569 million (reflecting the \$400 million voluntary, advance pension contribution described below); excluding that contribution, adjusted operating cash flow of \$969 million and adjusted free cash flow of \$850 million (reflecting \$119 million of net capital expenditures), compared with operating cash flow of \$924 million and free cash flow of \$772 million (reflecting \$152 million of net capital expenditures) in fiscal 2016. We believe free cash flow and adjusted free cash flow, which we use to measure operating performance and for some management compensation purposes, is useful to investors in understanding period-over-period operating results and analyzing trends in our business;
- Reducing our significant level of long-term debt outstanding (term loans and debt securities), the majority of which we incurred in connection with our acquisition of Exelis, by using \$575 million of cash to retire debt, bringing our total long-term debt repayments since the closing of our acquisition of Exelis to approximately \$1.3 billion, or approximately 35% of the principal amount of long-term debt we incurred in connection with our acquisition of Exelis;
- Using \$710 million of cash (our largest amount in a single fiscal year) to repurchase shares of our common stock in fiscal 2017;

Increasing our quarterly cash dividend from \$.50 per share to \$.53 per share in the first quarter of fiscal 2017, for an annualized cash dividend rate of \$2.12 per share, and paying \$262 million in total dividends to our shareholders in fiscal 2017. Further, in the first quarter of fiscal 2018, our Board increased our quarterly cash dividend from \$.53 per share to \$.57 per share, for an annualized cash dividend rate of \$2.28 per share;

Using \$400 million of cash for a voluntary, advance contribution to our qualified defined benefit pension plans, which created flexibility for future cash flow; and

Continuing significant investment in our Company-sponsored research and development — \$310 million, compared with \$305 million in fiscal 2016 and \$276 million in fiscal 2015.

Table of Contents

Based on these results and results from prior periods, we delivered strong 1-year, 3-year and 5-year cumulative TSR (based on our fiscal year periods ending June 30, 2017) relative to companies in the Standard & Poor's 500 and to the median of our compensation comparison peer group for fiscal 2017 (excluding B/E Aerospace, Inc. due to its acquisition in fiscal 2017 and excluding Science Applications International Corporation for 5-year cumulative TSR because it was not spun off from its former parent company until after the beginning of the 5-year cumulative TSR period), as reflected in the following graph (TSR results reflect reinvestment of dividends):

Summary of Fiscal 2017 Compensation Actions

The following summarizes the named executive officer compensation actions taken by our Compensation Committee and independent directors of our Board for fiscal 2017:

• We increased base salary rates for our named executive officers as follows:

	Fiscal 2016		Fiscal 2017		Reason for Increase
	Base Salary Rate	% Increase	Base Salary Rate		
Mr. Brown	\$ 1,200,000	4.2 %	\$ 1,250,000	Merit	
Mr. Ghai	\$ 450,000	11.1 %	\$ 500,000	Merit and market adjustment	
Mr. Fox	\$ 525,000	2.9 %	\$ 540,000	Merit	
Mr. Mehnert	\$ 525,000	2.9 %	\$ 540,000	Merit	
Mr. Mikuen	\$ 500,000	5.0 %	\$ 525,000	Merit	

We maintained annual cash incentive targets under our Annual Incentive Plan as a percentage of base salary rates for our named executive officers at essentially the same level for fiscal 2017 as for fiscal 2016, which targets were as follows:

	Fiscal 2016			Fiscal 2017			Reason for Change
	Cash Incentive Target as % of Base Salary Rate	% Change		Cash Incentive Target as % of Base Salary Rate			
Mr. Brown	167 %	1 %		168 %		n/a - result of rounding to a dollar value	
Mr. Ghai	75 %	0 %		75 %		n/a	
Mr. Fox	75 %	0 %		75 %		n/a	
Mr. Mehnert	75 %	0 %		75 %		n/a	
Mr. Mikuen	70 %	0 %		70 %		n/a	

Table of Contents

We established a high percentage for the performance-based, at-risk (tied to our performance) portion of fiscal 2017 total target direct compensation (the total of base salary rate, target annual cash incentive award and target value of performance share units and stock options granted as part of our annual cycle of grants to executive officers): 89% for Mr. Brown and 74% for our other named executive officers on average;

Fiscal 2017 annual cash incentive payouts for our named executives officers averaged 98.1% of target, based on a thorough assessment of our consolidated operating income, free cash flow (defined as cash flow from operations less net capital expenditures) and revenue performance relative to pre-determined targets and an assessment of individual performance against other objectives; and

We paid out an above-target performance share unit award to Messrs. Brown, Fox, Mehnert and Mikuen for the three-year performance period of fiscal 2015-2017 — at 112.8% of target, principally because our average annual ROIC performance exceeded target and because our TSR performance ranked in the second quintile compared with companies in the Standard & Poor's 500, resulting in a 15% upward adjustment in the payout calculation.

Our Executive Compensation Process

The philosophy, objectives, elements, policies and practices of compensation for our executive officers are set by our Compensation Committee. In approving compensation levels and targets, individual objectives and financial performance measure targets for our named executive officers, our Compensation Committee reviews the relationship between our executive compensation program and the achievement of our financial goals and strategic objectives, with an emphasis on creating a “pay for profitable growth” environment.

Our Compensation Committee has the authority to retain compensation consultants and other advisors to assist in fulfilling its duties and responsibilities. In recent years, our Compensation Committee has directly retained Pearl Meyer & Partners (“PM”), a nationally recognized, independent executive compensation consulting firm, to provide objective analysis, plan design recommendations, advice and information, including competitive market data, to our Compensation Committee related to our CEO compensation and the compensation of our other executive officers. Our Governance and Corporate Responsibility Committee also has directly retained PM to provide objective analysis, plan design recommendations, advice and information to our Governance and Corporate Responsibility Committee related to the compensation of our directors. PM performs these services at the direction and under the supervision of our Compensation Committee or our Governance and Corporate Responsibility

Committee, as applicable, and does not provide any other services for, or receive other fees from, us. With regard to PM's services related to our CEO compensation and the compensation of our other executive officers, our Compensation Committee has the sole authority to modify or approve PM's compensation, determine the nature and scope of its services, evaluate its performance, terminate the engagement and engage a replacement or additional consultant at any time. Our Compensation Committee also has assessed the independence of PM and whether its work raised any conflicts of interest, taking into consideration the independence factors set forth in the NYSE listing standards and SEC rules. Based on that assessment, our Compensation Committee determined in its business judgment that PM was independent and that its work did not raise any conflicts of interest.

Our Compensation Committee considers recommendations from our CEO in making decisions regarding our executive compensation program and the compensation of our other executive officers. As part of our annual compensation planning process, our CEO recommends targets for our incentive compensation programs. As part of our annual performance review process, which includes an assessment of each executive officer's performance with respect to individual objectives, our CEO presents his evaluation of each executive officer's contributions during the previous year, including strengths and development needs, reviews succession plans for each of the executive positions and recommends specific compensation for our executive officers, including base salary rate adjustments and annual cash incentive and equity awards.

After considering input from our CEO, as well as from PM, and following the assessment of compensation trends and competitive market data, our Compensation Committee determines what changes, if any, should be made to the executive compensation program and sets the level of compensation for our executive officers, other than our CEO. As part of this process, our Compensation Committee reviews each executive officer's three-year compensation history, including base salary rate and annual cash incentive and equity awards, and also reviews the types and levels

of other benefits, such as change in control severance agreements. In the case of our CEO, the review and final compensation decisions are made by the independent directors of our Board.

In setting the levels of compensation early in the fiscal year, our Compensation Committee also establishes the short- and long-term financial performance measures and associated weighting and targets for performance-based, at-risk elements of compensation. For our CEO, such measures, weighting and targets are established by the independent directors of our Board. The specific financial performance measures, weighting and targets are intended to encourage and reward the creation of sustainable, long-term value for our shareholders and be aligned with our

Table of Contents

Board-approved annual operating plan and long-term strategic plan.

At the end of each fiscal year, the independent directors of our Board meet in executive session without our CEO or other members of management present under the leadership of the Chairperson of our Compensation Committee to conduct a performance review of our CEO. During such review, the independent directors evaluate our CEO's achievement of agreed-upon objectives established early in the fiscal year, our overall performance, our CEO's self-evaluation of his performance for the fiscal year and our CEO's other accomplishments. Also at the end of each fiscal year, our Compensation Committee receives a specific compensation recommendation from our CEO for our other executive officers, which is based on our CEO's assessment of each executive's performance, achievement of objectives established early in the fiscal year for the executive and his or her business unit or organization within our Company, contribution to our performance and other accomplishments.

Although compensation levels may differ among our named executive officers based on competitive factors and the role, responsibilities and performance of each named executive officer, there are no material differences in our compensation policies or the manner in which total target direct compensation is determined for any of our named executive officers. The material elements of our executive compensation program applicable to our named executive officers also apply to our other executive officers.

Information regarding consideration of elements of our risk related to our compensation policies and practices is set forth below in the "Relationship Between Compensation Plans and Risk" section of this proxy statement beginning on page 51.

Consideration of Advisory "Say-on-Pay" and "Say-on-Frequency" Voting Results

At our 2016 Annual Meeting of Shareholders, we presented our shareholders with a proposal to approve on an advisory basis the compensation of our named executive officers as disclosed in our 2016 proxy statement.

Approximately 95% of the shares voted on this proposal were cast in support of our 2016 executive compensation and related disclosures. Our Compensation Committee viewed the results of this vote as broad shareholder support for our executive compensation program. Our Compensation Committee did not make changes to our executive compensation program or policies as a result of the advisory vote. Our Compensation Committee and Board will continue to consider the advisory shareholder voting results on executive compensation when making future decisions relating to the compensation of our named executive officers and our executive compensation program and policies.

At our 2011 Annual Meeting of Shareholders, our shareholders strongly supported a frequency of "every year" for holding future advisory votes to approve the compensation of our named executive officers, consistent with the recommendation of our Board. As a result, our Board decided to hold annual "Say-on-Pay" votes, and we are presenting a proposal to our shareholders to approve on an advisory basis the compensation of our named executive officers as disclosed in this proxy statement. See Proposal 2 beginning on page 70 of this proxy statement.

At our 2017 Annual Meeting of Shareholders, we also are presenting a proposal to our shareholders to vote on an advisory basis on the frequency of future advisory votes to approve the compensation of our named executive officers. Our Board has recommended that shareholders vote to continue a frequency of "every year" for holding such future advisory "Say-on-Pay" votes, and our Board and its applicable committees will consider the advisory shareholder voting results when determining the frequency of such future advisory "Say-on-Pay" votes. See Proposal 3 beginning on page 72 of this proxy statement.

Shareholder Outreach

As part of our shareholder engagement, we have sought shareholder views and input on our executive compensation program. We have considered the input received from our large shareholders, which was one of the factors influencing our Compensation Committee's determination to adjust the weighting of the financial performance measures under our annual cash incentive compensation plan for fiscal 2016 (increasing free cash flow weighting to 40% and decreasing revenue weighting to 20%) and its selection of financial performance measures for our performance share unit awards for the fiscal 2016-2018 performance period (including earnings per share compound annual growth rate in lieu of cumulative operating income, and retaining ROIC). We expect to continue to seek the views and input of our large shareholders regarding our executive compensation program on a regular basis.

Competitive Considerations

Each element of our executive compensation program is addressed in the context of competitive practices. In general, our Compensation Committee sets total target direct compensation for our CEO and other executives to be within 20% below to 20% above the median of total target direct compensation for comparable positions, where available, at companies in our compensation comparison peer group. Our Compensation Committee also reviews other applicable market data surveys. Although our Compensation Committee reviews compensation comparison peer group data and survey data, it uses discretion in setting an executive's compensation after

35

Table of Contents

considering experience, position, responsibilities, tenure and contributions. For fiscal 2017, our Human Resources Department performed a comprehensive assessment and benchmarking of the competitive compensation positioning of our CEO and other executive officers and the mix and elements of such compensation. Although the primary focus of such assessment and benchmarking was our compensation comparison peer group, such assessment and benchmarking also included other broad compensation surveys to provide additional data points for our Compensation Committee. For fiscal 2017, our Compensation Committee also engaged PM to assess the composition of our compensation comparison peer group and to review, assess and validate our Human Resources Department's assessment and benchmarking of the median pay levels for our CEO and other executive officers, the competitive position of the compensation for our CEO and other executive officers, and the mix and elements of such compensation.

We seek to include in our compensation comparison peer group used for assessing the compensation of our CEO and other executive officers companies with one or more of the following attributes: similarity to us in industry, business model, revenue and/or market capitalization; and businesses that compete with us for executive talent. For fiscal 2017, our compensation comparison peer group consisted of the following 15 companies:

- B/E Aerospace, Inc.
- Booz Allen Hamilton Holding Corporation
- CACI International Inc.
- General Dynamics Corporation
- Huntington Ingalls Industries, Inc.
- L-3 Technologies, Inc.
- Leidos Holdings, Inc.
- Motorola Solutions, Inc.
- Northrop Grumman Corporation
- Raytheon Company
- Rockwell Automation, Inc.
- Rockwell Collins, Inc.
- Science Applications International Corporation
- Spirit AeroSystems Holdings, Inc.
- Textron Inc.

Our Compensation Committee periodically reviews the composition of our compensation comparison peer group and makes changes it determines are appropriate based on changes to our businesses and changes to the attributes of each company in such group and whether it continues to make its compensation data available. PM, our CEO and management provide input to our Compensation Committee as to changes to the attributes of companies in our compensation comparison peer group.

The only change to our compensation comparison peer group for fiscal 2017 versus fiscal 2016 was the removal of Precision Castparts Corp., which was acquired in fiscal 2016. Our Compensation Committee previously made significant changes to our compensation comparison peer group for fiscal 2016 versus fiscal 2015, primarily as a result of our acquisition of Exelis.

In addition, after our divestitures of IT Services and CapRock, our Compensation Committee has made the following changes to our compensation comparison peer group for fiscal 2018, effective as of July 1, 2017:

Removed

• B/E Aerospace, Inc. (acquired)

• Booz Allen Hamilton Holding Corporation (evolving business disparity)

• CACI International, Inc. (evolving business disparity)

• General Dynamics Corporation (evolving revenue and market capitalization disparity)

• Science Applications International Corporation (evolving business disparity)

Added

• Curtiss-Wright Corporation

• Orbital ATK, Inc.

• Parker Hannifin Corporation

• Teledyne Technologies Incorporated

• TransDigm Group Incorporated

The additions were made on the basis of similarity to us in industry, business model, revenue and/or market capitalization, and businesses that we believe compete with us for executive talent.

CEO Employment Agreement

On October 8, 2011, we entered into an employment agreement with Mr. Brown pursuant to which he became our President and Chief Executive Officer effective November 1, 2011. Mr. Brown's compensation arrangement under his employment agreement was the result of arm's-length negotiation. In negotiating such arrangement, our Compensation Committee received information, analysis and advice from PM, from independent legal counsel and from the national executive search firm retained by our Board's CEO Search Committee. In developing the compensation arrangement for Mr. Brown, our Compensation Committee and Board also considered the same executive compensation objectives and competitive positioning used for our other executives and the substantial amount of long-term compensation that he would forfeit to join us. As a result, Mr. Brown's compensation arrangement addressed both "ongoing" compensation and benefits as well as "transition" compensation. Elements of Mr. Brown's "ongoing" compensation and benefits provided under his employment agreement that continued in fiscal 2017 included:

- base salary;
- annual cash incentive opportunity under our Annual Incentive Plan;
- eligibility for annual grants of equity-based long-term incentives; and
- eligibility to participate in our retirement and employee welfare and benefit plans in accordance with their terms.

Table of Contents

A description of the material terms of Mr. Brown’s employment agreement, including payments and benefits to be provided to Mr. Brown in the event his employment is terminated by us without “cause” or by Mr. Brown as a result of a “constructive termination” is set forth in the “Potential Payments Upon Termination or a Change in Control” section of this proxy statement beginning on page 62. We also entered into an Executive Change in Control Severance Agreement with Mr. Brown, which is described in the “Executive Change in Control Severance Agreements” section of this proxy statement beginning on page 63.

Chief Financial Officer Offer Letter Agreement

Mr. Ghai was promoted to our Senior Vice President and Chief Financial Officer effective February 11, 2016, from his previous role as our Vice President, Finance-Integration. In connection with the promotion, we and Mr. Ghai entered into an amendment to the offer letter agreement entered into by us and Mr. Ghai in January 2015 pursuant to which he joined us (such offer letter agreement, as amended, is referred to as his “offer letter agreement”). Mr. Ghai’s compensation arrangement under his offer letter agreement was the result of arm’s-length negotiation. In developing the compensation arrangement for Mr. Ghai, our Compensation Committee considered the same executive compensation objectives and competitive positioning used for our other executives. Mr. Ghai’s compensation arrangement addressed both “ongoing” compensation and benefits as well as “transition” compensation. Elements of Mr. Ghai’s “ongoing” compensation and benefits provided under his offer letter agreement that continued in fiscal 2017 included:

- base salary;
- annual cash incentive opportunity under our Annual Incentive Plan with a target value of 75% of his base salary rate;
- eligibility for annual grants of equity-based long-term incentives, with a fiscal 2017 target value of not less than \$1,000,000; and

• eligibility to participate in our retirement and employee welfare and benefit plans in accordance with their terms. For more information regarding the elements of Mr. Ghai’s “ongoing” compensation and benefits and “transition” compensation, see the Fiscal 2017 Summary Compensation Table on page 52 and the related footnotes. We also entered into an Executive Change in Control Severance Agreement with Mr. Ghai, which is described in the “Executive Change in Control Severance Agreements” section of this proxy statement beginning on page 63.

Elements of Our Executive Compensation Program

During fiscal 2017, the compensation program for our executive officers consisted of the following elements:

- base salary;
- annual cash incentive award compensation;
- equity-based long-term incentives, including stock options and performance share units;
- health, welfare and other personal benefits; and
- change in control, severance, retirement and other post-employment pay and benefits.

Our Compensation Committee believes that the elements of our executive compensation program directly align the interests of our executives and shareholders, are competitive, motivate achievement of our short- and long-term financial goals and strategic objectives and align realized pay with performance, in furtherance of our overall objective of encouraging and rewarding the creation of sustainable, long-term shareholder value. We do not have a formal policy relating to the mix among the various elements of our compensation program. However, we believe the greater an executive’s responsibility level and ability to influence results, the greater the portion of the executive’s overall compensation that should be performance-based, at-risk compensation.

Table of Contents

CEO Annual Target Direct Compensation

The following chart sets forth Mr. Brown's target direct compensation (including each major element thereof) for each of fiscal 2015 through fiscal 2017, as determined at the time of our annual cycle for approval of compensation levels and awards early in each such fiscal year, relative to 1-year, 2-year and 3-year cumulative TSR performance based on our fiscal year periods ending with fiscal 2015, 2016 and 2017, respectively, for Harris, companies in the Standard & Poor's 500 and our compensation comparison peer group for fiscal 2017 (excluding B/E Aerospace, Inc. for the fiscal year period ending with fiscal 2017 due to its acquisition in fiscal 2017) (TSR results reflect reinvestment of dividends). Our annual compensation cycle includes approval of an executive's base salary rate, target value of at-risk performance-based annual cash incentive award and target value of at-risk performance-based performance share units and stock options, which comprise the major elements of target direct compensation. Target direct compensation does not include retirement benefits, severance benefits or health, welfare or other personal benefits or the special one-time share-based retention and Exelis integration award granted in fiscal 2016 and discussed in more detail below.

In recognition of the key role Mr. Brown played in our 3-year cumulative TSR performance for fiscal 2013 through fiscal 2015 of approximately twice that of companies in the Standard & Poor's 500 and in recognition of the significant increase in the scope of Mr. Brown's role as CEO following our acquisition of Exelis and the key role we expect Mr. Brown to play in achieving the long-term success of that transformative acquisition, Mr. Brown's target direct compensation for fiscal 2016 increased accordingly compared with fiscal 2015. Mr. Brown's increased target direct compensation for fiscal 2016 reflected alignment with the new compensation comparison peer group for fiscal 2016 and included annual cash incentive compensation based on metrics that incorporated investor feedback. Mr. Brown's increased target direct compensation for fiscal 2016 included long-term incentive compensation in the form of equity awards, comprised of stock options and a performance share unit award as part of our annual cycle for grants to executive officers. Mr. Brown's overall compensation for fiscal 2016 also included a special one-time share-based retention and Exelis integration award (not depicted in the chart above) granted at the same time as the annual cycle grants. This award had a target value of \$3,600,000 at the time of approval (and a grant date fair value of \$3,295,246 included as fiscal 2016 compensation in the Fiscal 2017 Summary Compensation Table on page 52) and consisted of 132,550 stock options with three-year cliff vesting and 22,700 performance share units that vest only on achievement of full-year run rate net synergies from the Exelis acquisition, as measured at the end of a three-year performance period against target full-year run rate net synergies established as part of our acquisition business case.

Named Executive Officer Fiscal 2017 Target Direct Compensation Mix

The following charts set forth, for Mr. Brown and for our other named executive officers on average, respectively, the percentage of fiscal 2017 total target direct compensation represented by each major element of target direct compensation, indicating the percentage of fiscal 2017 total target direct compensation that was at risk in the form of performance-based cash incentive and equity awards. Total target direct compensation does not include retirement benefits, severance benefits or health, welfare or other personal benefits. The percentages are based on fiscal 2017 base salary rate (annualized), target annual cash incentive awards and the target value of long-term equity incentive awards at the time of approval. A description of the valuation and how each major element is determined is discussed below.

Base Salary and

How Base Salary Rate is Determined

General Considerations

We provide executives with a base salary for services rendered during the year. Our Compensation Committee reviews executive base salary rates on an annual basis as well as any time there is a substantial change in an executive's responsibilities or in market conditions. Our Compensation Committee generally targets an executive officer's base salary rate to be within 20% below to 20% above the median of the market for base salary rates for comparable positions, where available, at companies in our compensation comparison peer group. Our Compensation Committee also reviews other applicable market data surveys. However, the specific base salary rate for an executive also is influenced by the executive's experience, position, changes in responsibilities, tenure and contributions, and individual performance, and by current market conditions and our outlook. The base salary rate reflects a fixed portion of the overall compensation package and generally is the base amount from which other compensation elements are determined, such as target annual cash incentive awards and the target value of long-term equity incentive awards at the time of approval. The base salary rate represents a relatively small percentage of total target direct compensation. In general, executive

officers with higher levels of responsibility and ability to influence results have a lower percentage of compensation fixed as base salary and a higher percentage of performance-based, at-risk compensation.

2017 Base Salary Rates for Named Executive Officers

In August 2016, our Compensation Committee conducted its annual base salary rate review for our CEO and other executive officers at that time. Our Compensation Committee, and in the case of our CEO, the independent directors of our Board, approved increases for fiscal 2017 base salary rates for our CEO and other named executive officers from fiscal 2016 base salary rates as follows:

	Fiscal 2016			Fiscal 2017
	Base Salary	% Increase		Base Salary
	Rate			Rate
Mr. Brown	\$ 1,200,000	4.2	%	\$ 1,250,000
Mr. Ghai	\$ 450,000	11.1	%	\$ 500,000
Mr. Fox	\$ 525,000	2.9	%	\$ 540,000
Mr. Mehnert	\$ 525,000	2.9	%	\$ 540,000
Mr. Mikuen	\$ 500,000	5.0	%	\$ 525,000

The increases were for merit, and in the case of Mr. Ghai, also included a market adjustment, and were effective October 1, 2016. Information regarding actual base salary amounts paid for fiscal 2017 is set forth in the Fiscal 2017 Summary Compensation Table on page 52 under the "Salary" column.

Annual Cash Incentive Pay and
How Annual Cash Incentive Pay is Determined
Annual Incentive Plan

Under the Harris Corporation Annual Incentive Plan, which was effective as of July 4, 2015 and approved by our shareholders in October 2015 (our “Annual Incentive Plan”), early in each fiscal year our Compensation Committee sets an annual cash incentive compensation target for each executive officer other than our CEO and recommends to the independent directors of our Board the target to set for our CEO. Our Compensation Committee and the independent directors of our Board, as applicable, also establish specific financial performance measures and associated targets early in each fiscal year, including the relative weighting and thresholds, as well as individual performance objectives for each executive officer, against which performance is measured and payouts are determined under our Annual Incentive Plan. In certain instances, as permitted under our Annual Incentive Plan, financial performance measure targets and our actual results are adjusted by our Compensation Committee, and in the case of our CEO, by the independent directors of our Board, in recognition of unusual or nonrecurring events affecting us or our financial statements, such as items that are determined not to be reflective of normal, ongoing business operations. Our Compensation Committee believes the annual cash incentive motivates our executives to focus on achieving or exceeding the fiscal year financial performance measure targets and individual objectives.

Determination of Participant Incentive Compensation Targets — We set annual cash incentive compensation targets for our named executive officers early in each fiscal year using our compensation comparison peer group data as a reference point, if available for a comparable position, or broad survey data. Annual cash incentive awards provide executives the potential

to achieve above-target payouts if our financial performance is above target. However, there is downside risk of below-target payouts if our financial performance is below target. Payouts can range from 0% to 200% of annual cash incentive compensation targets depending on our financial performance and named executive officer performance against individual objectives. Annual cash incentive compensation targets for our named executive officers generally are set as a percentage of base salary rate.

Financial Performance Measures and Associated Weighting and Targets — The financial performance measures for annual cash incentives for fiscal 2017 for our named executive officers were Harris’ consolidated operating income, free cash flow (defined as cash flow from operations less net capital expenditures) and revenue, weighted 40%, 40% and 20%, respectively. In setting these financial performance measures, we considered the input received from our large shareholders, which was one of the factors influencing our Compensation Committee’s determination to adjust the weighting of the financial performance measures in fiscal 2016 from the prior fiscal year (increasing free cash flow weighting to 40% and decreasing revenue weighting to 20%). As a general principle, we seek to establish targets for financial performance measures that are aligned with our annual operating plan and are challenging yet achievable. Targets are set at levels we believe require significant effort on the part of executives, yet also represent a reasonable expectation of financial results based on prior-year performance, existing business conditions, the markets in which we participate and our outlook.

For each of the operating income, free cash flow and revenue financial performance measures for fiscal 2017, we make no payout for results below the threshold, which was 80% of the associated target. Payout percentages for adjusted financial results as a percentage of each performance measure’s associated adjusted target were based on the following table, which was established early in fiscal 2017:

Financial Performance Results as % of Target	Operating Income Payout %	Free Cash Flow Payout %	Revenue Payout %
Below 80%	0 %	0 %	0 %
80%	50 %	50 %	50 %

85%	63	%	63	%	63	%

2017 Annual Cash Incentive Awards for Named Executive Officers

In August 2016, our Compensation Committee reviewed the annual cash incentive targets for our CEO and other executive officers at that time as a percentage of base salary rates for our executive officers. Our Compensation Committee, and in the case of our CEO, the independent directors of our Board, determined to maintain annual cash incentive targets as a percentage of base salary rates for our CEO and other named executive officers at essentially the same level for fiscal 2017 as for fiscal 2016 (the 1% change for Mr. Brown is the result of rounding to a dollar value), which targets were as follows:

	Fiscal 2016			Fiscal 2017			Fiscal 2017
	Cash Incentive		% Change	Cash Incentive			Cash Incentive
	Target as % of			Target as % of			Target in
	Base Salary			Base Salary			Target in
	Rate			Rate			Dollars
Mr. Brown	167	%	1 %	168	%		\$ 2,100,000
Mr. Ghai	75	%	0 %	75	%		\$ 375,000
Mr. Fox	75	%	0 %	75	%		\$ 405,000
Mr. Mehnert	75	%	0 %	75	%		\$ 405,000
Mr. Mikuen	70	%	0 %	70	%		\$ 367,500

Fiscal 2017 approved financial performance measures and associated weighting and targets (original and adjusted), reported financial results, adjusted financial results, adjusted financial results as a percentage of adjusted target, resulting payout percentage for adjusted financial results and the weighted adjusted financial performance measure achievement under our Annual Incentive Plan were as follows:

Financial Performance Measures and Weighting	Original Targets (in millions)	Adjusted Targets* (in millions)	Reported Financial Results (in millions)	Adjusted Financial Results** (in millions)	Adjusted Financial Results as % of Adjusted Target	Resulting Payout % For Adjusted Financial Results	Weighted Adjusted Financial Measure Achievement Under Annual Incentive Plan (%)	
Harris Corporation								
Operating Income – 40%	\$ 1,204	\$ 1,108	\$ 1,073	\$ 1,073	96.8 %	93.6 %		
Free Cash Flow – 40%	\$ 825	\$ 790	\$ 450	\$ 725	91.8 %	81.5 %	89.8 %	
Revenue – 20%	\$ 7,310	\$ 5,936	\$ 5,900	\$ 5,900	99.4 %	98.8 %		

As a result of our divestitures of IT Services and CapRock (which are reported as discontinued operations), our original operating income, revenue and free cash flow targets were adjusted in late fiscal 2017 to be reflective of our continuing operations, which had the effect of (i) excluding from our operating income target and revenue target the full fiscal 2017 amounts for operating income and revenue, respectively, for IT Services and CapRock, based on our original fiscal 2017 annual operating plan; and (ii) excluding from our free cash flow target the pro-rata amounts for free cash flow for IT Services and CapRock attributable to the remainder of fiscal 2017 following the applicable divestiture dates, based on our original fiscal 2017 annual operating plan.

* Our reported free cash flow result was increased by \$275 million, reflecting (i) an increase of \$286 million for cash flow in respect of the \$400 million voluntary, advance contribution to our qualified defined benefit pension plans in fiscal 2017, net of related tax benefits; and (ii) a decrease of \$11 million for cash flow related to certain accounts receivable.

These financial performance measures and associated targets and results represent internal measurements of performance, and although the calculations are based on our financial results calculated in accordance with generally accepted accounting principles in the United States (“GAAP”), our original targets and actual GAAP results were adjusted as permitted under our Annual Incentive Plan by our Compensation Committee, and in the case of our CEO,

by the independent directors of our Board, in recognition of unusual or nonrecurring events affecting us or our financial statements. As noted above, adjustments for fiscal 2017 were made in respect of items that occurred during the fiscal year that were both unplanned and determined not to be reflective of normal, ongoing business operations. Our Compensation Committee has adopted guidelines in making specific decisions for these purposes on which items to include or exclude from our targets and financial results, including that any adjustment must be objectively measurable under GAAP.

Table of Contents

Fiscal 2017 approved weighted adjusted financial measure achievement under our Annual Incentive Plan, named executive officer Annual Incentive Plan compensation targets, actual payouts and actual payouts as a percentage of incentive compensation target for our named executive officers were as follows:

Named Executive Officer	Organization Financial Performance Measures	Weighted Adjusted Financial Measure Achievement Under Annual Incentive Plan	Participant's Annual Incentive Plan Target in Dollars	Participant's Actual Annual Incentive Plan Payout	Participant's Actual Payout as % of Target in Dollars
William M. Brown Chairman, President and Chief Executive Officer	Harris	89.8%	\$2,100,000	\$2,100,000	100%
Rahul Ghai Senior Vice President and Chief Financial Officer	Harris	89.8%	\$375,000	\$400,000	106.7%
Sheldon J. Fox Senior Vice President, Integration and Engineering	Harris	89.8%	\$405,000	\$365,000	90.1%
Dana A. Mehnert Senior Vice President, Chief Global Business Development Officer	Harris	89.8%	\$405,000	\$365,000	90.1%
Scott T. Mikuen Senior Vice President, General Counsel and Secretary	Harris	89.8%	\$367,500	\$380,000	103.4%

Payouts under our Annual Incentive Plan were subject to an upward or downward adjustment for individual performance of the pre-established individual objectives as well as the individual's contribution to our overall results. Pursuant to the terms of our Annual Incentive Plan, annual cash incentive payouts for participants may not exceed 200% of the participant's annual cash incentive target. For fiscal 2017, payouts under our Annual Incentive Plan for our named executive officers, as calculated based on the weighted adjusted financial measure achievement under our Annual Incentive Plan, were adjusted from 0.3 to 16.9 percentage points higher based on achievement of pre-established individual objectives and contribution to our overall results. The adjustments for our other named executive officers were approved by our Compensation Committee based on our CEO's recommendation as a result of his assessment of individual performance of pre-established individual objectives and contribution to our overall results. The adjustment for Mr. Brown was approved by the independent directors of our Board based on an assessment of his individual performance of pre-established individual objectives and contribution to our overall results.

The payouts under our Annual Incentive Plan for fiscal 2017 also are set forth in the note to the "Non-Equity Incentive Plan Compensation" column of the Fiscal 2017 Summary Compensation Table on page 52.

Broad-Based Performance Reward Plan

We maintain a broad-based annual cash incentive plan available to many of our U.S.-based employees, including our executive officers. Pursuant to our "self-funding" Performance Reward Plan in effect for fiscal 2017, if our fiscal 2017 consolidated operating income exceeded a target set early in fiscal 2017, we would have created a pool for eligible employees in an amount equal to 50% of such excess, and cash payouts from the pool would have been made among eligible employees based on their eligible compensation, which is generally paid wages and earned incentives during fiscal 2017. For eligible compensation above the Social Security wage base, we would have made a supplemental payment to be determined by us. For fiscal 2017, target Performance Reward Plan payouts, as a percentage of an

eligible employee's eligible compensation, were based on the following formula and various headcount and salary assumptions as of September 2016, subject to adjustment to reflect the actual number of eligible employees and their eligible compensation as of the end of fiscal 2017:

Consolidated Operating Income	Performance Reward Plan Payout Percentage
Below Target	0%
\$0-40 million over Target	0% - 1%
\$40-85 million over Target	1% - 2%
\$85-125 million over Target	2% - 3%
\$125-170 million over Target	3% - 4%

Table of Contents

Our target consolidated operating income for fiscal 2017 under our Performance Reward Plan was \$1.108 billion (after adjustment from our original \$1.204 billion target, for the same reasons described above for adjustment to our original operating income target under our Annual Incentive Plan), and we achieved adjusted consolidated operating income of \$1.073 billion for fiscal 2017. Consequently, we made no payouts under our Performance Reward Plan for fiscal 2017.

Long-Term Compensation — Equity Awards and How Long-Term Compensation is Determined

We provide long-term incentive compensation to our executive officers through a combination of stock options and performance share unit awards. As part of long-term compensation, as discussed below, we also may grant shares of restricted stock and restricted stock unit awards primarily to facilitate recruitment, retention and succession planning. In more limited circumstances, we also may grant performance stock options to better align compensation with execution against certain strategic initiatives. The long-term compensation elements of our executive compensation program are designed to motivate our executives to focus on achievement of our long-term financial goals and strategic objectives. Our Compensation Committee awards different types of equity-based compensation because it believes that each type incentivizes and rewards shareholder value creation in a different way. Although the value of all forms of equity-based compensation is directly impacted by both increases and decreases in the price of our common stock, performance share unit awards motivate our executives to achieve our multi-year financial and operating goals because the number of units ultimately earned depends on the level of our performance against internal and external financial measures, generally over a three-year period. Under such awards, each new fiscal year begins a new three-year performance cycle for which our Compensation Committee establishes financial performance measures and associated weighting and targets, as well as long-term incentive compensation targets. Stock options motivate our executives to increase shareholder value because the options have value only to the extent the price of our common stock on the date of exercise exceeds our stock price on the grant date, and thus compensation is realized only if our stock price increases over the term of the award and the option is exercised by the executive. Equity awards also are intended to retain executives, encourage share ownership and maintain a direct link between our executive compensation program and the value and appreciation in value of our stock.

Equity-Based Compensation Mix

In determining the appropriate mix of equity-based compensation elements, our Compensation Committee, and with respect to our CEO, the independent directors of our Board, consider the mix of such elements for our compensation comparison peer group, the retention value of each element and other factors important to us, including tax and accounting treatment, linking incentive compensation to performance and the recommendation of PM. The total value of long-term equity-based incentive compensation for each of our executive officers is typically set by assessing our compensation comparison peer group, where available, and/or other applicable market data surveys. For fiscal 2017 annual cycle awards, our Compensation Committee, and with respect to our CEO, the independent directors of our Board, targeted that the total value of an executive officer's long-term equity-based compensation at the time of award would be allocated as follows:

50% as stock options; and

50% as performance share units.

This is the same long-term equity-based incentive compensation target mix approved by our Compensation Committee for annual cycle awards the past several fiscal years. From the total values of the stock option and performance share unit components of such awards, we determined the number of stock options and performance share units to be granted to our named executive officers under such awards based on the 60-day average closing market price of our common stock ending August 1, 2016 (prior to the grant date), which valuation methodology differs from the grant date fair value method required for the calculation of amounts presented for fiscal 2017 in the "Stock Awards" and "Option Awards" columns of the Fiscal 2017 Summary Compensation Table on page 52.

For fiscal 2018 annual cycle awards, our Compensation Committee, and with respect to our CEO, the independent directors of our Board, targeted that the total value of an executive's long-term equity-based compensation at the time of award would be allocated as follows:

25% as stock options;

50% as performance share units; and

25% as restricted stock units.

This change to the mix of long-term equity-based compensation elements was determined to be appropriate based on the retention value of each element, equity-based compensation trends within our compensation comparison peer group and in other market data surveys and the recommendation of PM.

Stock Options

Stock options granted to our named executive officers during fiscal 2017 were made pursuant to the Harris Corporation 2015 Equity Incentive Plan, which our shareholders approved in October 2015 (our “Equity Incentive Plan”). Stock options granted in fiscal 2017 have the following terms:

- An exercise price equal to the closing price of our stock on the grant date;
- Vest in equal installments of one-third each on the first, second and third anniversary of the grant date, subject to the recipient’s continued employment through the applicable vesting date;
- Expire 10 years from the grant date; and
- Accelerated vesting upon a change in control or other events as discussed below.

A listing of the stock options granted to our named executive officers in fiscal 2017 and information relating to the terms and conditions of such stock options appears in the Grants of Plan-Based Awards in Fiscal 2017 Table on page 55 and the related notes. For additional information relating to the terms and conditions of stock options and performance stock options, see the notes to the Outstanding Equity Awards at 2017 Fiscal Year End Table on page 57. Without prior approval of our shareholders, stock options, including performance stock options, granted by us may not be repriced, replaced, regranted through cancellation or modified by us if the effect thereof would be to reduce the exercise price of such stock options, other than in connection with a change in our capitalization, including spin-offs.

Performance Share Unit Awards

Grants of Fiscal 2017 Awards for Fiscal 2017-2019 Performance Period

In fiscal 2017, our Compensation Committee, and with respect to our CEO, the independent directors of our Board, approved grants to our named executive officers of performance share unit awards covering the fiscal 2017-2019 performance period as set forth in the Grants of Plan-Based Awards in Fiscal 2017 Table on page 55 and related notes.

Financial performance measures for those awards include the following, weighted equally:

- three-year earnings per share compound annual growth rate for the fiscal 2017-2019 performance period; and
- average annual ROIC for the fiscal 2017-2019 performance period.

Financial results relative to those performance measures’ associated targets are subject to possible adjustment upward or downward by as much as 33% based on our percentile ranking for our TSR performance over the fiscal 2017-2019 performance period compared with companies in the Standard & Poor’s 500. Actual payouts for fiscal 2017 performance share unit awards will be made in shares of our common stock and can range from 0% to 200% of the target number of performance share units granted under such awards. Our Compensation Committee believes that the earnings per share compound annual growth rate and ROIC measures motivate financial performance that management can influence directly and should improve earnings per share and capital management over the long term and create long-term shareholder value, while the relative TSR measure promotes further alignment with shareholders. In selecting the performance measures for the performance share unit awards for the fiscal 2017-2019 performance period, we considered the input received from our large shareholders, which was one of the factors influencing our Compensation Committee’s determination in fiscal 2016 to include the earnings per share compound annual growth rate measure in lieu of the cumulative operating income measure used in previous fiscal years and to retain the ROIC measure.

For additional information relating to the terms and conditions of performance share unit awards, see the notes to the Grants of Plan-Based Awards in Fiscal 2017 Table on page 55 and the notes to the Outstanding Equity Awards at 2017 Fiscal Year End Table on page 57.

Payouts for Fiscal 2015 Awards for Fiscal 2015-2017 Performance Period

In fiscal 2015, our Compensation Committee, and with respect to our CEO, the independent directors of our Board, approved grants of performance share unit awards covering the fiscal 2015-2017 performance period to executive officers then employed by us, including Messrs. Brown, Fox, Mehnert and Mikuen. Financial performance measures for those awards include the following, weighted equally:

- three-year cumulative operating income for the fiscal 2015-2017 performance period; and
- average annual ROIC for the fiscal 2015-2017 performance period.

Financial results relative to those performance measures' associated targets were subject to possible adjustment upward or downward by as much as 33% based on our quintile ranking for our TSR performance over the fiscal 2015-2017 performance period compared with companies in the Standard & Poor's 500.

44

Table of Contents

Payout percentages for adjusted financial results as a percentage of each performance measure's associated adjusted target were based on the following table, which was established early in the fiscal 2015-2017 performance period:

3-Year Cumulative Operating Income		Average Annual ROIC		Payout %	
% of Target	Payout %	% ROIC	Target %	Payout %	
< 80	0	% < Target	% -5 points	0	%
80	50	% Target	% -5 points	50	%
90	75	% Target	% -2.5 points	75	%
100	100	% Target	%	100	%
110	125	% Target	% +2.5 points	125	%
≥ 120	150	% ≥ Target	% +5 points	150	%

For each financial performance measure, we make no payout for financial results below the threshold, which thresholds were:

• three-year cumulative operating income: 80% of the associated target; and

• average annual ROIC: the associated target percentage minus 5 percentage points.

The possible relative TSR performance adjustment for purposes of the calculation of the performance share unit award payout, based on financial results relative to the financial performance measures' associated adjusted targets, was dependent on the quintile ranking for our TSR performance compared with companies in the Standard &

Poor's 500, based on the following table, which was established early in the fiscal 2015-2017 performance period:

Relative TSR Payout Adjustment	Quintile	Payout Adjustment
Top	+33%	
2 nd	+15%	
3 rd	0%	
4 th	-15%	
Bottom	-33%	

Our TSR performance over the fiscal 2015-2017 performance period compared with companies in the Standard & Poor's 500 was in the second quintile and resulted in an upward payout adjustment of 15%.

In determining the performance share unit award payouts for the fiscal 2015-2017 performance period, our original targets and actual results were adjusted as permitted under the Equity Incentive Plan by our Compensation Committee, and in the case of our CEO, by the independent directors of our Board, as set forth in the table below and related notes. These adjustments were made in accordance with the same guidelines for adjusting targets and actual results adopted by our Compensation Committee with respect to the Annual Incentive Plan, as discussed above.

For grants of performance share unit awards in fiscal 2015 for the fiscal 2015-2017 performance period, approved financial performance measures and associated weighting and targets (original and adjusted), GAAP financial results, adjusted financial results, adjusted financial results as a percentage of adjusted target, resulting payout percentages for adjusted financial results, relative TSR payout adjustments, relative TSR adjusted payout percentages and approved weighted adjusted payout percentages were as follows:

Financial Performance Measures And Weighting	Original Targets	Adjusted Targets*	GAAP Financial Results	Adjusted Financial Results**	Adjusted Financial Results as % of Adjusted Target	Relative Resulting Payout %	Relative TSR Payout Adjustments	Relative TSR Adjusted Payout %
Cumulative Operating Income –	\$2,777 million	\$3,247 million	\$2,568 million	\$3,001 million	92.4%	81.1%	+15.0%	93.3%

50%								
Average Annual ROIC – 50%	14.0%	12.2%	11.3%	13.7%	112.3%	115.0%	+15.0%	132.3%
Approved Weighted Adjusted Payout %								112.8%

As a result of our acquisition of Exelis, our original cumulative operating income target was increased early in fiscal 2016 by including operating income in respect of Exelis operations for fiscal 2016 and 2017 based on our fiscal 2016–2018 strategic plan, and our original annual average ROIC target was decreased early in fiscal 2016 by including new ROICs for fiscal 2016 and 2017 based on our fiscal 2016–2018 strategic plan. As a result of our divestitures of IT Services and CapRock (which are reported as discontinued operations), our cumulative operating income target and our annual average ROIC target were further adjusted in late fiscal 2017 to be reflective of our continuing operations, but only in respect of fiscal 2017, which had the effect of (i) excluding from our cumulative operating income target only the amounts for operating income for IT Services and CapRock for fiscal 2017, based on our original fiscal 2015–2017 strategic plan; and (ii) increasing our annual average ROIC target by including a new ROIC for fiscal 2017 based on our original fiscal 2015–2017 strategic plan.

Our GAAP cumulative operating income, for purposes of such results and calculating our average annual ROIC results, was increased by excluding Exelis acquisition-related costs of \$136 million in fiscal 2015, partially offset by excluding Exelis operating income of \$37 million for the period of May 29, 2015 through July 3, 2015, and by **excluding \$335 million for a non-cash charge in fiscal 2016 for impairment of goodwill and certain other assets related to CapRock due to the unexpected significant downturn in the energy market and its impact on customer operations; and for purposes of calculating our average annual ROIC results, invested capital for fiscal 2015 excluded the debt and equity we issued late in fiscal 2015 primarily related to our acquisition of Exelis.

The following table shows grants of performance share unit awards in fiscal 2015 for the fiscal 2015-2017 performance period and the fiscal 2017 payout in respect of such performance share unit awards, as approved by the independent members of our Board for Mr. Brown and by our Compensation Committee for Messrs. Fox, Mehnert and Mikuen:

Named Executive Officer	Performance Share Units Granted	Weighted Relative TSR Adjusted Payout %	Shares Paid Out
William M. Brown Chairman, President and Chief Executive Officer	30,100	112.8%	33,953
Sheldon J. Fox Senior Vice President, Integration and Engineering	7,700	112.8%	8,686
Dana A. Mehnert Senior Vice President, Chief Global Business Development Officer	6,700	112.8%	7,558
Scott T. Mikuen Senior Vice President, General Counsel and Secretary	6,700	112.8%	7,558

See the Option Exercises and Stock Vested in Fiscal 2017 Table on page 59 and related notes for additional information regarding these payouts for Messrs. Brown, Fox, Mehnert and Mikuen.

The following table shows performance share unit award payout percentage(s) for the five most recently completed three-year performance periods as approved by the independent members of our Board or our Compensation Committee, as applicable, for our applicable named executive officers for the final year of the applicable performance period (for performance periods with multiple percentages, different percentages were approved based on different circumstances applicable among such named executive officers):

Performance Period	Approved Payout Percentage(s)
Fiscal 2011-2013	37.1% (former CFO; former COO); 63.2% (1 former segment President) 67.4% (former CFO);
Fiscal 2012-2014	80.7% (2 former segment Presidents); 117.6% (CEO)

Restricted Stock and Restricted Stock Unit Awards

As part of long-term compensation, we also may grant restricted stock or restricted stock unit awards, primarily to facilitate retention and succession planning and as a recruitment mechanism to replace the value of equity awards that may have been forfeited as a result of leaving a former employer. The restrictions on these awards typically expire at the end of a three-year period. The restrictions provide that the shares or units may not be sold or otherwise transferred, and the shares or units will be immediately forfeited in the event of the recipient's termination of employment for any reason other than involuntary termination, death, disability or retirement.

For further information related to shares of restricted stock and restricted stock units granted to our named executive officers, see the Outstanding Equity Awards at 2017 Fiscal Year End Table on page 57 and related notes. As discussed above, for fiscal 2018 annual cycle awards, our Compensation Committee changed the mix of equity-based compensation elements to include restricted stock units with a corresponding reduction in the target value of stock options.

Recovery of Executive Compensation
("Clawback")

Our executive compensation program permits us to recover all or a portion of any performance-based compensation, both cash and equity, if our financial statements are restated as a result of errors, omissions or fraud. The amount that may be recovered shall be the amount by which the affected compensation exceeded the amount that would have been payable had the financial statements been initially filed as restated, or any greater or lesser amount that our Compensation Committee or the independent members of our Board shall determine. In no case shall the amount to be recovered by us be less than the amount required to be repaid or recovered as a matter of law. Recovery of such amounts by us would be in addition to any actions imposed by law, enforcement agencies, regulators or other authorities. We will review the terms of our recovery policy in light of the requirements under the Dodd-Frank Act and will make any necessary changes to be in compliance with those requirements after final regulations have been issued.

Treatment of Cash Incentive and Equity Awards Upon Change in Control

Under our Annual Incentive Plan and equity incentive plans, upon a change in control and irrespective of employment status:

• Annual cash incentive awards are fully earned and to be paid out promptly following the change in control or, in certain instances, following the end of the fiscal year, in each case at not less than target level;

• Unvested options immediately vest (in the case of performance stock options, at target level or at such greater level as our Board or our Compensation Committee may authorize) and become exercisable until their regularly scheduled expiration date;

• Performance share units are deemed fully earned and fully vested immediately and to be paid at the end of the applicable performance period at not less than target level, subject to accelerated payout or forfeiture in certain circumstances; and

• Restricted stock units and shares of restricted stock immediately vest and are to be paid as soon as practicable but not later than 60 days following the change in control, or in certain events, promptly following the expiration of the initial restriction period.

Information regarding severance payments and obligations to our named executive officers for termination of employment following a change in control is set forth below in the “Change in Control Severance Agreements” section of this Compensation Discussion and Analysis and the “Potential Payments Upon Termination or a Change in Control” section of this proxy statement beginning on page 62.

Post-Employment Compensation

Severance Arrangements

As a general matter, most of our employees are “employees at-will” and only a limited number of our executive officers have contracts requiring us to pay amounts to them upon termination of employment. Mr. Brown’s employment and payments upon termination of employment are governed by his employment agreement discussed elsewhere in this proxy statement.

While Messrs. Ghai, Fox, Mehnert and Mikuen do not have severance agreements, we have a long-standing practice of providing severance compensation for terminating an executive’s employment without cause. Historically, in determining severance compensation, we have considered the reason for termination, length of employment and other factors.

Employment Agreement with our CEO

As discussed above, we are party to an employment agreement with Mr. Brown. The agreement provides for his continued employment as our President and Chief Executive Officer and provides for certain benefits if Mr. Brown’s employment is terminated by us without “cause” or by Mr. Brown as a result of a “constructive termination” (as defined in the agreement). Our obligations in the event of a termination following a change in control will be governed by Mr. Brown’s change in control severance agreement, which is among those agreements summarized below. Our Compensation Committee and the independent directors of our Board approved Mr. Brown’s employment agreement in the belief that such agreement was critical to Mr. Brown’s decision to accept employment with us and assists in retaining Mr. Brown’s valued service. In addition, his employment agreement also binds Mr. Brown to certain non-compete and non-solicitation undertakings that are valuable to us.

Change in Control Severance Agreements

Each of our named executive officers is party to a change in control severance agreement with us. We believe that these agreements align the interests of our officers and shareholders during the period of an actual or rumored change in control and are necessary in some cases to attract and retain executives. Under these agreements, an executive is provided severance benefits if the executive’s employment is terminated without “cause,” or by the executive for “good reason,” within two years following a change in control. These agreements are designed with a “double trigger,” so that benefits are provided only if there is both a change in control and a termination of employment. Such severance benefits are designed to preserve the focus and productivity of our executive officers, avoid disruption and prevent attrition during a period of uncertainty. We also believe these agreements facilitate the objectiveness of an executive’s assessment of a potential transaction that may be in our shareholders’ best interests, notwithstanding the potential

negative impact of a transaction on an executive's future employment.

If triggered, the lump-sum cash severance benefit payable to an executive under the change in control severance agreement consists of:

• Unpaid base salary through the date of termination;

• A pro-rated annual bonus (as determined under the change in control severance agreement);

• Any unpaid accrued vacation pay;

To the extent permitted under Section 409A of the Internal Revenue Code of 1986, as amended (the "Internal Revenue Code"), any other benefits or awards that have been earned or became payable pursuant to the terms of any compensation plan but that have not been paid to the executive;

Table of Contents

Two times the executive's highest annual rate of base salary during the 12-month period prior to the date of termination; and

Two times the greatest of the executive's: (1) highest annual bonus in the three years prior to the change in control, (2) target bonus for the year in which the change in control occurred or (3) target bonus for the year in which the executive's employment is terminated.

Change in control severance agreements entered into with our executive officers, including our named executive officers, do not provide for any tax gross-ups for excise taxes to the executive in the event that payout of any benefits is subject to excise taxes imposed by the Internal Revenue Service ("IRS") under Section 4999 of the Internal Revenue Code. The agreements do provide for a "best net after-tax" payment approach that reduces payments and benefits to an executive if the reduction would result in the executive receiving higher payments and benefits on a net after-tax basis. Our Compensation Committee has determined, in its business judgment, that the substantive terms of these change in control severance agreements are competitive and reasonable.

A description of the material terms of the change in control severance agreements and Mr. Brown's employment agreement, as well as a summary of potential payments upon termination or a change in control for our named executive officers, are set forth in the "Potential Payments Upon Termination or a Change in Control" section of this proxy statement beginning on page 62.

Retirement Programs

Tax-Qualified Retirement Plans

We maintain our Retirement Plan, which is a tax-qualified, defined contribution retirement plan available to many of our U.S.-based employees, including our named executive officers. Subject to applicable Internal Revenue Code limits, employees may generally contribute up to 70% of eligible compensation, with our named executive officers and certain other highly compensated employees limited to contributing 12% of eligible compensation. In general, after one year of service, we will make a matching contribution of up to 6% of eligible compensation that is contributed by a participant.

Non-Qualified Supplemental Retirement Plans

To the extent contributions by participants to our Retirement Plan are subject to certain limitations under the Internal Revenue Code, certain of our salaried employees, including our named executive officers, may elect to participate in our SERP, which is an unfunded, non-qualified defined contribution plan. In addition, our Compensation Committee may, in its discretion, provide for the deferral of other compensation under our SERP, including equity awards.

The value of our contributions credited to our named executive officers' accounts under our Retirement Plan and SERP is set forth in the Fiscal 2017 Summary Compensation Table on page 52 under the "All Other Compensation" column and related notes. Additional information regarding our SERP and credits to accounts under our SERP is set forth in the "Nonqualified Deferred Compensation" section of this proxy statement beginning on page 60.

Health, Welfare and Other Benefits

We maintain health, welfare and other benefit programs for our U.S.-based employees, including medical coverage, prescription coverage, dental and vision programs, short-term disability insurance, basic, supplemental and dependent life insurance, basic and supplemental accidental death and dismemberment insurance and business travel insurance, as well as paid time-off, leave of absence and other similar policies. Our executive officers are eligible to participate in these programs on the same basis as many of our other salaried employees. We also offer a long-term disability plan to many of our U.S.-based employees, including our named executive officers. The plan is fully insured and provides a benefit of 60% of eligible compensation before offsets for Social Security and certain other Company- or government-provided disability or other benefits. Eligible compensation for purposes of the long-term disability plan is currently limited to \$400,000 per year. For executives with annual eligible compensation in excess of \$400,000, we provide a Company-paid supplemental long-term disability benefit of 50% of eligible compensation above \$400,000 up to \$800,000, for a maximum annual supplemental disability benefit of up to \$200,000. We also provide liability insurance coverage to our officers and offer our executive officers the option to participate in a group excess liability umbrella policy at the executive's cost.

Perquisites

We provide few perquisites, after eliminating virtually all executive perquisites. Currently, we provide eligibility for annual physical examinations for Board-elected officers, for which we pay if such an officer elects to have such an examination. We believe this practice is in the best interest of our Company because the health of an executive officer is critical to his or her performance. For our CEO, we also provide limited personal use of Company-owned aircraft. In very limited instances as approved by our CEO, we also may provide limited personal use of Company-owned aircraft for other executives. For Mr. Ghai, we provided payment or reimbursement of relocation, commuting and related temporary living expenses and allowances, in accordance with our relocation policy. We do not provide tax reimbursement or gross-up payments with respect to any perquisites provided solely to executive officers.

Table of Contents

Tax gross-up payments made pursuant to a plan, policy or arrangement applicable to a broad base of management employees, such as a relocation or tax equalization policy, are permitted.

In consideration of the time demands on our CEO and to minimize and more effectively utilize his travel time, our Compensation Committee has authorized the personal use of Company-owned aircraft by our CEO and his family and guests. Such personal use is subject to limits on the number of hours, which are set by our Compensation Committee and reviewed annually. In fiscal 2017, Mr. Brown's personal use of Company-owned aircraft was below the limits set by our Compensation Committee. Our CEO is responsible for paying the tax on income imputed for such personal use of Company-owned aircraft.

Perquisites provided in fiscal 2017, namely annual physical examinations, limited personal use of Company-owned aircraft and, for Mr. Ghai, payment or reimbursement of relocation, commuting and related temporary living expenses and allowances, in accordance with our relocation policy, represent a small portion of the total compensation of the applicable named executive officer. The dollar values ascribed to these perquisites in fiscal 2017 are set forth in the Fiscal 2017 Summary Compensation Table on page 52 under the "All Other Compensation" column and related notes.

Policies Relating to Our Common Stock

Stock Ownership Guidelines

To further promote ownership of shares by management and to more closely align management and shareholder interests, our Compensation Committee has established stock ownership guidelines for our Board-elected officers. Executives are expected to own Harris stock having a minimum value, denominated as a multiple of their annual base salary rates, which can be accumulated over a five-year period from the date of hire or promotion into a covered position. Our Compensation Committee annually reviews our stock ownership guidelines, including reviewing the stock ownership guidelines of our compensation comparison peer group.

Our current stock ownership guidelines are as follows:

• CEO — five times base salary rate;

• Senior corporate officers and segment Presidents (including the other named executive officers) — three times base salary rate; and

• Other corporate officers — two times base salary rate.

Shares that count toward our stock ownership guidelines include shares owned outright or jointly by the executive, shares credited in our Retirement Plan, share equivalents represented by amounts deferred in the Harris stock fund account of our SERP, and restricted stock and restricted stock unit awards (on an after-tax basis). Stock options, including performance stock options, and unearned

performance share units do not count for the purpose of measuring compliance with the ownership guidelines.

Executive officers are not permitted under our stock ownership guidelines to sell Harris shares (other than the sale of shares to pay the exercise price and related taxes upon the exercise of stock options) until such executive has satisfied the applicable stock ownership guidelines. Executives age 62 or older are not subject to the guidelines. An annual review is conducted by our Compensation Committee to assess compliance with the guidelines. As of September 1, 2017, our named executive officers met their applicable ownership guidelines or were on track to achieve their ownership guidelines within the applicable compliance timeframe.

Our Equity-Based Compensation Award Practices

As described above, our annual cycle for grants to executive officers of stock option and other equity awards typically occurs at the same time as decisions relating to base salary rate increases and annual cash incentive awards. This occurs early in the fiscal year, typically in late August, following the release of our financial results for the preceding fiscal year and the completion of the audit of our financial statements. The dates for the meetings at which such grants typically are made are set well in advance of such meetings, usually one year or more. We typically make annual equity grants to our other eligible employees on the same date as the grants to executive officers. Our Compensation Committee also may make grants of equity awards to executive officers at other times during the year due to special circumstances, such as new hires or promotions or for retention or recognition. We have not repriced options and, if our stock price declined after the grant date, we have not replaced options. The exercise price of stock options is the closing market price of our common stock on the grant date or, if the grant is made on a weekend or holiday, the

closing market price of our common stock on the prior business day. Our Compensation Committee or Board also has the discretion to set the exercise price of stock options higher than the closing market price of our common stock on the grant date.

Pursuant to our policy on equity grant practices previously adopted by our Compensation Committee, the grant date of equity awards made outside of the annual grant cycle, whether for new hires, promotions, retention or recognition, will be the first trading day of the month following the new hire date or promotion, retention or recognition, provided if such trading day is during a “quiet period” under our insider trading policy, the grant will be made on the first trading day following the end of such period. We do not time equity grants to take advantage of information, either positive or negative, about us that has not been publicly disclosed.

As permitted by the terms of our equity incentive plans, our Board has delegated to our CEO the authority to grant equity awards to employees who are not executive officers. Such grants are subject to our equity grant policy. The annual maximum number of shares underlying the

Table of Contents

awards that may be granted pursuant to this delegation is set by our Compensation Committee, which reviews these awards annually.

Insider Trading Policy and Policy Against Hedging and Pledging

Our insider trading policy prohibits directors, employees and certain of their family members from purchasing or selling any type of security, whether issued by us or another company, while such person is aware of material non-public information relating to the issuer of the security (except pursuant to an approved 10b-5 trading plan) or from providing such material non-public information to any person who may trade while aware of such information. This policy also prohibits directors and employees from engaging in short sales with respect to our securities and from entering into hedging, puts, calls or other “derivative” transactions with respect to our securities. Our policies also prohibit directors and executives from purchasing Harris stock on margin, holding Harris stock in a margin account or otherwise pledging Harris stock as collateral for margin accounts, loans or any other purpose. Use of “cashless exercise” procedures to exercise stock options granted by us is permitted by this policy if such exercise complies with our insider trading and other relevant policies. None of our directors or executive officers pledged our stock during fiscal 2017. We also have procedures that require trades by directors and executive officers to be pre-cleared by our General Counsel or his staff.

Tax and Accounting Considerations

Tax Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code generally prohibits a public company from deducting compensation paid in any year in excess of \$1 million to its CEO or any of its three other most highly compensated executive officers (other than the chief financial officer) as of the end of the year. Certain compensation is specifically exempt from the deduction limit to the extent it is “performance-based” under Section 162(m). In evaluating whether to structure executive compensation components as performance-based and thus exempt from the deduction limit, our Compensation Committee considers the net cost to us and its ability to effectively administer executive compensation in the long-term interest of shareholders. Our Compensation Committee believes that it is important to preserve flexibility in administering compensation programs in a manner designed to promote corporate goals. Accordingly, our Compensation Committee may approve elements of compensation that it believes are consistent with the objectives of our executive compensation program, but that may not be fully deductible. For example, sign-on bonuses and time-based restricted stock or restricted stock units granted without performance conditions may not be performance-based under Section 162(m) and, in certain instances, deductibility of such compensation may be limited.

Nonqualified Deferred Compensation

Section 409A of the Internal Revenue Code requires that “nonqualified deferred compensation” be deferred and paid under plans or arrangements that satisfy the requirements of the law with respect to the timing of deferral elections, timing of payments and certain other matters. If such requirements are not complied with, amounts that are deferred under compensation arrangements that are subject to Section 409A will be currently includable in income to the employee and subject to an excise tax to be assessed on the employee. In general, it is our intention to design and administer our compensation and benefits plans and arrangements for all of our employees so that they either are exempt from, or satisfy the requirements of, Section 409A.

Accounting for Equity-Based Compensation

Before we grant equity-based compensation awards, we consider the accounting impact of the award as structured and other scenarios in order to analyze the expected impact of the award.

MANAGEMENT DEVELOPMENT AND COMPENSATION COMMITTEE REPORT

The following Report of our Compensation Committee does not constitute soliciting material and the Report should not be deemed filed or incorporated by reference into any other previous or future filings by us under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that we specifically incorporate this Report by reference therein.

The Management Development and Compensation Committee has reviewed and discussed with management the “Compensation Discussion and Analysis” section of this proxy statement. Based on its review and discussion, the Management Development and Compensation Committee has recommended to the Board, and the Board has

approved, that this Compensation Discussion and Analysis be included in this proxy statement for the 2017 Annual Meeting of Shareholders and incorporated by reference in Harris' Annual Report on Form 10-K for the fiscal year ended June 30, 2017.

RELATIONSHIP BETWEEN COMPENSATION
PLANS AND RISK

In fiscal 2017, our Compensation Committee and management, with the assistance of Aon Hewitt Associates LLC, conducted a review of our compensation strategies, plans, programs, policies and practices, including executive compensation and major broad-based compensation programs in which salaried and hourly employees at various levels of our organization participate. The goal of this review was to assess whether any of our compensation strategies, plans, programs, policies or practices, either individually or in the aggregate, would encourage executives or employees to undertake unnecessary or excessive risks that were reasonably likely to have a material adverse impact on us.

We reviewed our variable pay, sales commission and other compensation plans and considered the number of participants in each plan, the participants' levels within the organization, the target and maximum payment potential and the performance criteria under each plan, and the type of plan. Management and our Compensation Committee also applied a risk assessment to those plans that were identified as having the potential to deliver a material amount of compensation, which included the annual incentive and long-term compensation plans that are described in the "Compensation Discussion and Analysis" section of this proxy statement. Based on the review, management and our Compensation Committee concluded that our compensation strategies, plans, programs, policies and practices do not pose material risk due to a variety of mitigating factors. These factors include:

- An emphasis on long-term compensation that utilizes a balanced portfolio of compensation elements, such as cash and equity, and delivers rewards based on sustained performance over time;

- Our Compensation Committee's power to set short- and long-term performance objectives for our incentive plans, which we believe are appropriately correlated with shareholder value and which use multiple financial metrics to measure performance;

- Our performance share unit awards focus on financial performance measures over overlapping three-year performance periods. This creates a focus on driving sustained performance over multiple performance periods, which mitigates the potential for executives to take excessive risks to drive one-time, short-term performance spikes in any one performance period;

- The use of equity awards with vesting periods to foster retention and align our executives' interests with those of our shareholders;

- Capping potential payouts under both short- and long-term incentive plans to eliminate the potential for any windfalls;

- A "clawback" policy that allows us to recover all or a portion of any performance-based compensation if our financial statements are restated as a result of errors, omissions or fraud;

- Share ownership guidelines; and

- A broad array of competitive benefit programs that offer employees and executives an opportunity to build meaningful retirement assets and benefit protections throughout their careers.

As a result of this review, both management and our Compensation Committee concluded that our compensation strategies, plans, programs, policies and practices are not reasonably likely to have a material adverse effect on us.

FISCAL 2017 SUMMARY COMPENSATION TABLE

The following table summarizes the compensation paid to, or accrued on behalf of, our named executive officers for the fiscal years ended June 30, 2017, July 1, 2016 and July 3, 2015. Our named executive officers are our Chief Executive Officer, our Chief Financial Officer and our three other most highly compensated executive officers serving at the end of the fiscal year ended June 30, 2017. The following table and the Grants of Plan-Based Awards in Fiscal 2017 Table on page 55 should be viewed together for a more complete representation of both the annual and long-term incentive compensation elements of our executive compensation program.

*Effective August 25, 2017, Mr. Fox was named Senior Vice President, Operations and Information Technology.

The "Salary" column reflects the base salary amount (not base salary rate) for each of our named executive officers for the fiscal year. The amounts shown include any portion of base salary deferred and contributed by our named (1) executive officers to our Retirement Plan or our SERP. See the Fiscal 2017 Nonqualified Deferred Compensation Table on page 61 and related notes for information regarding contributions by our named executive officers to our SERP.

(2) The "Stock Awards" column reflects the aggregate grant date fair value computed in accordance with ASC 718 for the respective fiscal year with respect to performance share units, restricted stock units, shares of restricted stock and immediately vested shares granted to our named executive officers. Amounts reflect our accounting for these awards and do not necessarily correspond to the actual values that may be realized by our named executive officers. The grant date fair values of performance share units, except the 22,700 performance share units granted to Mr. Brown in fiscal 2016 as part of his special one-time share-based retention and Exelis integration award, were calculated based on a multifactor Monte Carlo valuation model that simulates our stock price and TSR relative to companies in the Standard & Poor's 500. The grant date fair value of the 22,700 performance share units

granted to Mr. Brown in fiscal 2016 as part of his special one-time share-based retention and Exelis integration award was determined as of the grant date using the closing market price of our common stock on the grant date, less a discount because dividends are not paid on performance share units during the performance period. The grant date fair values of restricted stock units, shares of restricted stock and immediately vested shares were determined as of the grant date using the closing market price of our common stock on the grant date.

The assumptions used for the valuations are set forth in Note 15 to our audited consolidated financial statements in our respective Annual Reports on Form 10-K for fiscal 2017, 2016 and 2015. Pursuant to SEC rules, we disregarded the estimates of forfeitures related to service-based vesting conditions. The valuations reflect the following discounts per share, because dividends are not paid on performance share units during the performance period: (a) \$6.68 per share for fiscal 2017 performance share units granted in August 2016; (b) \$6.01 per share for fiscal 2016 performance share units granted in August 2015; and (c) \$5.29 per share for fiscal 2015 performance share units granted in August 2014. The grant date fair values of performance share units were computed based on the probable outcome of the performance conditions as of the grant date of such awards, which was at target. See the Grants of Plan-Based Awards in Fiscal 2017 Table on page 55 and related notes and the “Compensation Discussion and Analysis” section of this proxy statement for information with respect to equity awards granted in fiscal 2017 and the Outstanding Equity Awards at 2017 Fiscal Year End Table on page 57 and related notes for information with respect to equity awards granted prior to fiscal 2017.

The respective grant date fair values of the performance share units granted in fiscal 2017, 2016 or 2015, as applicable, assuming at such grant date the maximum payment of 200% of target, are as follows: Mr. Brown — \$8,985,102, \$10,217,597 and \$3,999,086; Mr. Ghai — \$1,351,596 and \$349,798; Mr. Fox — \$1,351,596, \$1,148,322 and \$1,023,022; Mr. Mehnert — \$1,351,596, \$1,148,322 and \$890,162; and Mr. Mikuen — \$1,175,344, \$998,746 and \$890,162.

Each performance share unit earned at the end of the applicable multi-year performance period and paid out receives accrued dividend equivalents in an amount equal to the cash dividends or other distributions, if any, which are paid with respect to an issued and outstanding share of our common stock during the performance period. Payment of such dividend equivalents is made in cash at the time of the actual payout of performance share units ultimately earned as determined after completion of the performance period. Dividends declared with respect to issued and outstanding shares of our common stock were \$2.12, \$2.00 and \$1.88 per share in fiscal 2017, 2016 and 2015, respectively. The dollar value of dividend equivalents on vested performance share units is included in the “All Other Compensation” column.

The “Option Awards” column reflects the aggregate grant date fair value computed in accordance with ASC 718 for the respective fiscal year with respect to stock options and performance stock options granted to our named executive officers. Amounts reflect our accounting for these option grants and do not necessarily correspond to the actual values that may be realized by our named executive officers. The grant date fair values of these option

Table of Contents

grants were calculated at the grant date using the Black-Scholes-Merton option-pricing model. The grant date fair values per share of our common stock underlying these option grants were as follows: (a) \$13.82 per share for fiscal 2017 stock option grants in August 2016; (b) \$12.67 per share for fiscal 2016 stock option grants in August 2015; (c) \$12.17 per share for fiscal 2015 stock option grants in August 2014; and (d) \$13.49 per share for fiscal 2015 performance stock option grants to Messrs. Fox and Mikuen in June 2015. The assumptions used for the valuations are set forth in Note 15 to our audited consolidated financial statements in our respective Annual Reports on Form 10-K for fiscal 2017, 2016 and 2015. Pursuant to SEC rules, we disregarded the estimates of forfeitures related to service-based vesting conditions. The grant date fair values of performance stock options were computed based on the probable outcome of the performance conditions as of the grant date of the performance stock options, which was at target. The respective grant date fair values of performance stock options granted in fiscal 2015, assuming at such grant date the maximum number of options of 200% of target, are as follows: Mr. Fox — \$778,388 and Mr. Mikuen — \$389,194. See the Grants of Plan-Based Awards in Fiscal 2017 Table on page 55 and related notes and the “Compensation Discussion and Analysis” section of this proxy statement for information with respect to stock options granted in fiscal 2017 and the Outstanding Equity Awards at 2017 Fiscal Year End Table on page 57 and related notes for information with respect to stock options and performance stock options granted prior to fiscal 2017.

The “Non-Equity Incentive Plan Compensation” column reflects payouts to our named executive officers of (a) cash amounts earned under our Annual Incentive Plan for services performed in fiscal 2017, 2016 and 2015, respectively, and (b) cash amounts earned under our Performance Reward Plan in fiscal 2015 (there were no payouts under our Performance Reward Plan in fiscal 2017 or 2016). Payouts were determined by our independent directors, in the case of Mr. Brown, and our Compensation Committee, in the case of our other named executive officers, in August 2017, August 2016 and August 2015, respectively, and paid shortly thereafter. The amounts (4) shown include any portion of these payouts deferred and contributed by the recipient to our Retirement Plan or our SERP. See the Fiscal 2017 Nonqualified Deferred Compensation Table on page 61 and related notes for information regarding contributions by our named executive officers to our SERP. For additional information about our Annual Incentive Plan and Performance Reward Plan and these payouts, see the “Compensation Discussion and Analysis” section of this proxy statement and the Grants of Plan-Based Awards in Fiscal 2017 Table on page 55 and related notes.

Fiscal 2015 amounts are comprised of the following amounts: Mr. Brown — \$1,600,000 under our Annual Incentive Plan and \$80,567 under our Performance Reward Plan; Mr. Fox — \$425,000 under our Annual Incentive Plan and \$26,439 under our Performance Reward Plan; Mr. Mehnert — \$227,000 under our Annual Incentive Plan and \$21,715 under our Performance Reward Plan; and Mr. Mikuen — \$425,000 under our Annual Incentive Plan and \$26,368 under our Performance Reward Plan.

(5) The following table describes the components of the “All Other Compensation” column for fiscal 2017:

(a) Reflects the dollar value of premiums paid by us on life insurance for our named executive officers under our broad-based group basic life insurance benefit.

(b) Reflects our contributions credited to accounts of our named executive officers under our Retirement Plan, which is a tax-qualified, defined contribution plan.

(c)

Reflects our credits to accounts of our named executive officers under our SERP, which is an unfunded, nonqualified defined contribution retirement plan. For additional information regarding our SERP, see the Fiscal 2017 Nonqualified Deferred Compensation Table on page 61 and related notes.

The amount for Mr. Brown was for personal use of Harris-owned aircraft. The incremental cost to us of personal use of Harris-owned aircraft is calculated based on the average variable operating costs to us. Variable operating costs include fuel, maintenance, weather-monitoring, on-board catering, trip-related hangar/parking, landing/ramp fees and other miscellaneous variable costs. The total annual variable costs are divided by the annual number of miles the Harris-owned aircraft flew to derive an average variable cost per mile. This average variable cost per mile is then multiplied by the miles flown for personal use to derive the incremental cost. The methodology (d) excludes fixed costs that do not change based on usage, such as pilots' and other employees' salaries, purchase costs of the aircraft and non-trip related hangar expenses. The taxable benefit associated with personal use of Harris-owned aircraft is imputed to the applicable named executive officers at "Standard Industry Level" rates and such named executive officers do not receive any gross-up for payment of taxes for such imputed income. The amount related to the loss of tax deduction to us due to the personal use of Harris-owned aircraft under the Internal Revenue Code is not included.

The amount for Mr. Ghai was for payment or reimbursement of relocation, commuting and related temporary living expenses and allowances valued based on amount paid or reimbursed directly to Mr. Ghai or the service provider, as applicable. No amount for Mr. Fox is reported because the total incremental cost to us was less than \$10,000.

Amounts for Messrs. Mehnert and Mikuen were \$0.

As noted above, we also offer a supplemental long-term disability benefit to employees with eligible compensation in excess of \$400,000. No premiums are payable by us for this benefit and there is no incremental cost reflected for our named executive officers.

Additionally, as noted above, we also offer our executives the option to participate in a group excess liability umbrella policy. No premiums are payable by us for this benefit and there is no incremental cost reflected for our named executive officers.

Certain Harris-related events may include meetings and receptions with our customers, executive management or Board attended by the named executive officer and a spouse or guest. If the Harris-owned aircraft is used and a spouse or guest travels with the named executive officer, no amounts are included because there is no incremental cost to us. We also have Harris-purchased tickets to athletic or other events generally for business purposes. In limited instances, executives, including our named executive officers, may have personal use of Harris-purchased event tickets. No amounts are included because there is no incremental cost to us of such personal use. For a discussion of perquisites and other personal benefits provided to our named executive officers, see the "Compensation Discussion and Analysis" section of this proxy statement.

(e) Reflects reimbursement for taxes on imputed income associated with relocation-related benefits, in accordance with our relocation policies for salaried employees.

Table of Contents

Reflects the dollar value of dividend equivalents paid in cash to our named executive officers with respect to (f) performance share units ultimately earned for the fiscal 2015-2017 three-year performance period. The value of such dividend equivalents was not factored into the grant date fair value of the underlying performance share units.

(6) Mr. Ghai joined us on March 2, 2015 and was not a named executive officer in fiscal 2015. Mr. Ghai was named Senior Vice President and Chief Financial Officer effective February 11, 2016.

Salary and Bonus as a Proportion of Fiscal 2017 Total Compensation

Using the amounts shown under the “Salary” and “Bonus” and “Total” columns in the Fiscal 2017 Summary Compensation Table, the salary and bonus of each of our named executive officers as a proportion of such named executive officer’s fiscal 2017 total compensation was as follows: Mr. Brown-9.92%; Mr. Ghai-20.23%; Mr. Fox-23.15%; Mr. Mehnert-23.22%; and Mr. Mikuen-24.31%.

(1) The “Estimated Possible Payouts Under Non-Equity Incentive Plan Awards” column shows the range of cash payouts that were possible in respect of awards under our Annual Incentive Plan (for performance below threshold, no amount is paid) and our Performance Reward Plan in respect of fiscal 2017 performance (for performance at or below target, no amount is paid). Amounts actually earned for fiscal 2017 were determined by our independent directors, in the case of Mr. Brown, and our Compensation Committee, in the case of our other named executive officers, in August 2017 and paid shortly thereafter and are reported under the “Non-Equity Incentive Plan Compensation” column in the Fiscal 2017 Summary Compensation Table on page 52. For additional information related to our Annual Incentive Plan and our Performance Reward Plan, including financial performance measures and associated weighting and targets, see the “Compensation Discussion and Analysis” section of this proxy statement.

(2) The “Estimated Future Payouts Under Equity Incentive Plan Awards” column shows the range of shares that may be earned in respect of grants under performance share unit awards under our Equity Incentive Plan in fiscal 2017 for the three-year performance period of fiscal 2017-2019.

With respect to grants under performance share unit awards in fiscal 2017, the number of shares that may be earned will range from 0% to a maximum of 200% of the target number of performance share units and will be based on the extent of weighted achievement of targets for three-year earnings per share compound annual growth rate for the performance period and average annual ROIC for the same period, subject to possible adjustment based on our relative TSR compared with companies in the Standard & Poor’s 500. For additional information related to the performance measures and associated weighing and targets, see the “Compensation Discussion and Analysis” section of this proxy statement. Cash dividend equivalents are not paid during the performance period on performance share units. The performance share units granted in fiscal 2017 provide that each performance share unit earned and paid out will receive accrued dividend equivalents in an amount per share equal to the cash dividends or other distributions, if any, which are paid with respect to an issued and outstanding share of our common stock during the performance period, and that payment of such dividend equivalents will be made in cash at the time of the actual payout of performance share units ultimately earned as determined after completion of the performance period. For performance share units granted in fiscal 2017, an executive officer must remain employed with us through the last day of the performance period to earn an award, although, subject to a minimum holding period ending on the last day of the first fiscal year of the three-year performance period, a pro-rata portion of the award will be earned if employment terminates as a result of death, disability or retirement after age 55 with 10 or more years of full-time

Table of Contents

service. For employment termination as a result of death or disability, performance share units granted in fiscal 2017 are pro-rated based on target and the period worked during the performance period and paid out promptly. See the “Potential Payments Upon Termination or a Change in Control” section of this proxy statement beginning on page 62 for the treatment of performance share units in these situations and upon a change in control.

(3) The “All Other Option Awards: Number of Securities Underlying Options” column shows the number of shares of our common stock underlying stock options granted in fiscal 2017. Stock options granted in fiscal 2017 vest in equal installments of one-third each on the first, second and third anniversary of the grant date, subject to the recipient’s continued employment through the applicable vesting date. In the case of death or disability, subject to a minimum one-year holding period, or in the case of a change in control, stock options granted in fiscal 2017 will immediately vest and become exercisable. Stock options granted in fiscal 2017 expire no later than 10 years from the grant date. For additional information related to the terms and conditions of the stock options granted by us, see the Outstanding Equity Awards at 2017 Fiscal Year End Table on page 57 and related notes.

(4) The “Exercise or Base Price of Option Awards” column shows the exercise price per share for the stock options at the time of grant, which was the closing market price per share of our common stock on the grant date or, if the grant is made on a weekend or holiday, the closing market price per share of our common stock on the preceding business day.

(5) The “Grant Date Fair Value of Stock and Option Awards” column shows the aggregate grant date fair value computed in accordance with ASC 718 of performance share units (at target) and stock options granted in fiscal 2017. In accordance with SEC rules, the amounts in this column reflect the grant date fair value without reduction for estimates of forfeitures related to service-based vesting conditions.

The grant date fair values of performance share units were computed based on the probable outcome of the performance conditions as of the grant date of such awards, which was at target. The grant date fair values of performance share units granted in fiscal 2017 were calculated based on a multifactor Monte Carlo valuation model that simulates our stock price and TSR relative to other companies in the Standard & Poor’s 500, and the resulting grant date fair value per share was \$102.47 less a discount of \$6.68 per share, because dividends are not paid on performance share units during the performance period, for a grant date fair value of \$95.79 per share.

The grant date fair values of stock option grants were calculated at the grant date using the Black-Scholes-Merton option-pricing model. The grant date fair value per share of our common stock underlying stock options granted to our named executive officers in fiscal 2017 was \$13.82 per share.

The assumptions used for the valuations are set forth in Note 15 to our audited consolidated financial statements in our Annual Report on Form 10-K for the fiscal year ended June 30, 2017. These amounts reflect our accounting for these grants and do not necessarily correspond to the actual values that may be realized by our named executive officers.

(1) All options granted are nonqualified stock options. The exercise price for all stock option grants is the closing market price of a share of our common stock on the grant date, except that the grants made to Mr. Brown by the independent directors of our Board on August 25, 2012, August 23, 2014 and August 27, 2016 were annual grants made on a Saturday using the closing market price on the prior business day in accordance with the terms of our equity incentive plan. The exercise price may be paid in cash and/or shares of our common stock, or an option holder may use “broker assisted cashless exercise” procedures. If an option holder’s employment is terminated as a result of death, then subject to a minimum one-year vesting period, such option holder’s unvested options immediately fully vest (at target, in the case of performance stock options) and all options will be exercisable by such option holder’s beneficiaries for up to 12 months following the date of death but not later than the regularly scheduled expiration date. If an option holder’s employment is terminated as a

Table of Contents

result of disability, then subject to a minimum one-year vesting period, such option holder's unvested options immediately fully vest (at target, in the case of performance stock options) and all options will be exercisable until the regularly scheduled expiration date. If an option holder's employment is terminated as a result of retirement after age 62 with 10 or more years of full-time service, then subject to a minimum one-year vesting period, such option holder's options shall continue to vest in accordance with their vesting schedule and continue to be exercisable until the regularly scheduled expiration date, except unvested performance stock options, which are forfeited. If an option holder's employment is terminated as a result of retirement before age 62, but after age 55 with 10 or more years of full-time service, then subject to a minimum one-year vesting period, such option holder's options shall cease vesting and options exercisable at the time of such retirement continue to be exercisable until the regularly scheduled expiration date, but unvested options (including unvested performance stock options) are forfeited. If an option holder's employment is terminated by us other than for misconduct, then such option holder's unvested options are forfeited and, subject to a minimum one-year vesting period, vested options may be exercised until the sooner of 90 days following such involuntary termination or the regularly scheduled expiration date. If an option holder's employment is terminated by us for misconduct, then such option holder's vested and unvested options are automatically forfeited. If an option holder voluntarily terminates or resigns employment (other than due to retirement or for good reason), then such option holder's unvested options are automatically forfeited and, subject to a minimum one-year vesting period, vested options may be exercised until the sooner of 30 days following such voluntary termination or resignation or the regularly scheduled expiration date. Upon a change in control, outstanding unvested options immediately vest (in the case of performance stock options, at target or at such greater level of performance as our Board or Compensation Committee may authorize) and become exercisable until the regularly scheduled expiration date.

(2) The following table details the regular vesting schedule for all unvested stock options for each named executive officer. In general, options expire 10 years from the grant date.

These are performance stock options granted on June 1, 2015, shown at target. Performance stock options vest on June 1, 2018, as to a number of shares of common stock to be issued upon exercise that is contingent upon our achievement of full-year run rate net synergies from the Exelis acquisition, as measured at the end of the three-year (3) performance period against target full-year run rate net synergies established as part of our acquisition business case, subject to a threshold achievement of 80% of target full-year run rate synergies and a maximum of 200% of the target number of shares of common stock for our achievement at or above 133% of target full-year run rate synergies.

These are grants under restricted stock and restricted stock unit awards, as follows: (a) in the case of Mr. Ghai, 14,600 shares of restricted stock granted on May 6, 2015, of which one-third (4,867) vested on May 6, 2016, one-third (4,867) vested on May 6, 2017 and the remaining one-third (4,866) will vest on May 6, 2018 if Mr. Ghai (4) is employed by us on such date, and 2,510 shares of restricted stock granted on June 1, 2015 that will vest on June 1, 2018 if Mr. Ghai is employed by us on such date; (b) in the case of Mr. Fox, 6,275 shares of restricted stock granted on June 1, 2015 that will vest on June 1, 2018 if Mr. Fox is employed by us on such date, from which 1,396 were surrendered to satisfy income tax withholding requirements pursuant to retirement

eligibility criteria; and (c) in the case of Mr. Mikuen, 3,140 shares of restricted stock granted on June 1, 2015 that will vest on June 1, 2018 if Mr. Mikuen is employed by us on such date, from which 699 were surrendered to satisfy income tax withholding requirements pursuant to retirement eligibility criteria. During the restriction period of restricted stock units and shares of restricted stock, the holder may not vote, sell, exchange, assign, transfer, pledge or otherwise dispose of such units or shares. Dividend equivalents are paid on restricted stock units and shares of restricted stock in an amount equal to the dividends paid on our common stock. In the event of involuntary termination other than for misconduct or retirement after age 55 with 10 or more years of full-time service prior to full vesting, subject to a minimum one-year holding period, restricted stock units and shares of restricted stock will be pro-rated based on the period worked during the restriction period and paid out promptly (but subject to any delay required by U.S. Federal tax law). In the event of death or disability prior to full vesting, subject to a minimum one-year holding period, restricted stock units and shares of restricted stock immediately fully vest. Upon a change in control, restricted stock units and shares of restricted stock immediately vest and will be paid as soon as reasonably practicable, but not later than 60 days following the change in control, or in certain events, promptly following the expiration of the initial restriction period.

The market value shown was determined by multiplying the number of restricted stock units and shares of (5) restricted stock that have not vested by the \$109.08 closing market price per share of our common stock on June 30, 2017, the last trading day of our fiscal 2017.

These are grants under performance share unit awards in: (a) fiscal 2016 for the three-year performance period of fiscal 2016-2018 and (b) fiscal 2017 for the three-year performance period of fiscal 2017-2019. For all of our named executive officers, the numbers of performance share units and related values as of June 30, 2017 represent the maximum possible payouts of the performance share units (200% of target), rather than payouts of the performance share units at target, in accordance with SEC rules requiring reporting of these amounts in this manner because our performance exceeded target during the last completed fiscal year or years over which performance is measured. Actual performance may cause our named executive officers to earn from 0% to 200% of the target award for such performance share units. Each performance share unit earned and paid out will receive accrued dividend equivalents in an amount per share equal to the cash dividends or other distributions, if any, paid with respect to an issued and outstanding share of our common stock during the performance period, and that payment of such dividend equivalents will be made at the time of the actual payout of performance share units ultimately earned as determined after completion of the performance period. In the event of death or disability, in each case, (6) prior to full vesting, subject to a minimum holding period ending on the last day of the first fiscal year of the three-year performance period, performance share units are paid pro-rata based on target and the period worked during the performance period, and paid out promptly. Upon a change in control, performance share units are deemed fully earned and fully vested immediately and will be paid at the end of the performance period at not less than the target level, subject to accelerated payout or forfeiture in certain circumstances. For more information regarding performance share units, see the Grants of Plan-Based Awards in Fiscal 2017 Table on page 55 and related notes and the “Compensation Discussion and Analysis” section of this proxy statement. This Outstanding Equity Awards at 2017 Fiscal Year End Table does not include the performance share units granted to Messrs. Brown, Fox, Mehnert and Mikuen in fiscal 2015 for the three-year performance period of fiscal 2015-2017, because these performance share units became fully vested at the end of the performance period on June 30, 2017 and consequently are included in the Option Exercises and Stock Vested in Fiscal 2017 Table on page 59 under the “Stock Awards” column.

The market value shown was determined by multiplying the number of unearned performance share units (at (7) maximum) by the \$109.08 closing market price per share of our common stock on June 30, 2017, the last trading day of our fiscal 2017.

OPTION EXERCISES AND STOCK VESTED IN FISCAL 2017 TABLE

The following table provides information for each of our named executive officers regarding (1) stock option exercises during fiscal 2017, including the number of shares acquired and value realized on exercise, and (2) vesting of stock awards during or in respect of fiscal 2017, including the number of shares acquired and value realized on vesting.

Name	Option Awards		Stock Awards	
	Number of Shares Acquired on Exercise	Value Realized on Exercise (\$)(1)	Number of Shares Acquired on Vesting (#)(2)	Value Realized on Vesting (\$)(2)
William M. Brown	0	\$ 0	37,453(3)	\$ 4,023,283
Rahul Ghai	0	\$ 0	4,867(4)	\$ 538,874
Sheldon J. Fox	17,700	\$ 955,446	10,082(5)	\$ 1,094,049
Dana Mehnert	126,400	\$ 7,400,056	7,558(6)	\$ 824,427
Scott T. Mikuen	30,000	\$ 1,849,818	9,757(7)	\$ 1,034,832

(1) Value realized on exercise of stock options was determined by multiplying the number of options exercised by the difference between the weighted-average selling price of the shares of our common stock sold on the date of exercise and the exercise price, irrespective of any taxes owed upon exercise.

(2) Consists of shares earned and acquired on vesting of performance share unit awards and shares acquired on vesting of restricted stock or restricted stock unit awards, as described further in the notes below, with value realized on vesting of performance share unit awards determined by multiplying the number of shares earned and vested by the \$109.08 closing market price of our common stock on June 30, 2017, the last trading day of our fiscal 2017, and with value realized on vesting of restricted stock or restricted stock unit awards determined by multiplying the number of shares acquired on vesting by the closing market price of our common stock on the date of vesting, as described further in the notes below. Upon the vesting and release of performance share unit, restricted stock and restricted stock unit awards, shares are surrendered to satisfy income tax withholding requirements. Amounts shown for number of shares acquired and value realized on vesting, however, do not give effect to the surrender of shares to cover such tax withholding obligations. The number of shares earned and acquired on vesting in fiscal 2017 in respect of performance share unit awards granted in fiscal 2015 for the three-year performance period of fiscal 2015-2017, as a percentage of the target number of units under such awards as granted in fiscal 2015, was 112.8%. For additional information with respect to payouts to Messrs. Brown, Fox, Mehnert and Mikuen in respect of performance share unit awards granted in fiscal 2015 for the three-year performance period of fiscal 2015-2017, see the "Compensation Discussion and Analysis" section of this proxy statement.

(3) Consists of (a) 33,953 shares earned and vested in fiscal 2017 in respect of a performance share unit award granted in fiscal 2015 for the three-year performance period of fiscal 2015-2017, as described further in note (2) above; and (b) 3,500 shares acquired on vesting of a restricted stock unit award granted on August 23, 2013, with value realized on vesting of \$319,690 (3,500 shares multiplied by the \$91.34 closing market price of our common stock on August 23, 2016).

(4) Shares acquired on ratable vesting on May 6, 2017 of a restricted stock award of 14,600 shares granted on May 6, 2015, with value realized on vesting determined using the \$110.72 closing market price of our common stock on the date of vesting.

Table of Contents

- Consists of (a) 8,686 shares earned and vested in fiscal 2017 in respect of a performance share unit award granted in fiscal 2015 for the three-year performance period of fiscal 2015-2017, as described further in note (2) above; and
- (5) (b) 1,396 shares surrendered on December 15, 2016 to satisfy income tax withholding requirements pursuant to retirement eligibility criteria in respect of a restricted stock award of 6,275 shares granted on June 1, 2015, with value realized on vesting of \$146,580 (1,396 shares multiplied by the \$105.00 closing market price of our common stock on December 15, 2016).
- (6) Shares earned and vested in fiscal 2017 in respect of a performance share unit award granted in fiscal 2015 for the three-year performance period of fiscal 2015-2017, as described further in note (2) above.
 Consists of (a) 7,558 shares earned and vested in fiscal 2017 in respect of a performance share unit award granted in fiscal 2015 for the three-year performance period of fiscal 2015-2017, as described further in note (2) above; (b) 1,500 shares acquired on vesting of a restricted stock unit award granted on August 23, 2013, with value realized on vesting of \$137,010 (1,500 shares multiplied by the \$91.34 closing market price of our common stock on August 23, 2016); and (c) 699 shares surrendered on December 15, 2016 to satisfy income tax withholding requirements pursuant to retirement eligibility criteria in respect of a restricted stock award of 3,140 shares granted on June 1, 2015, with value realized on vesting of \$73,395 (699 shares multiplied by the \$105.00 closing market price of our common stock on December 15, 2016).

NONQUALIFIED DEFERRED COMPENSATION

Retirement Plan

Our Retirement Plan is a tax-qualified, 401(k) defined contribution retirement plan available to many of our U.S.-based employees. Under our Retirement Plan, participants may contribute from 1% to 70% of eligible compensation, the most significant components of which are base salary and annual incentive payments, with contributions by named executive officers and certain other highly compensated employees limited to 12% of eligible compensation. In general, following one year of service, we match up to the first 6% of eligible compensation that is contributed by a participant. In addition, at our discretion, we may make a profit sharing contribution to our Retirement Plan, but in recent years we have not done so. Instead, participants were eligible to receive incentive payments under our Performance Reward Plan (if any), which were in cash unless participants elected to defer either half or all of such payments to our Retirement Plan, subject to Internal Revenue Code limitations. The Internal Revenue Code caps certain contributions to a participant's Retirement Plan account and also caps the amount of compensation that may be considered when determining benefits under our Retirement Plan.

Participants in our Retirement Plan are immediately vested in contributions they make and are fully vested in the remainder of their account (including contributions we make) upon termination of employment on or after the attainment of age 55 or due to their disability or death. In general, participants also become fully vested in the remainder of their account when they have provided four years of service to us (contributions we make generally are subject to four-year graduated vesting).

Supplemental Executive Retirement Plan

To the extent contributions by participants to our Retirement Plan are limited by the Internal Revenue Code, certain of our salaried employees, including our named executive officers, are eligible to participate in our SERP, provided the employee timely elects to participate. The SERP is an unfunded, nonqualified defined contribution retirement plan intended to make up the difference between the amount actually credited to a participant's account under our Retirement Plan and the amount that, in the

absence of certain Internal Revenue Code limits, would have been credited to the participant's account. In addition, our Compensation Committee may, at its discretion, provide for the deferral of other compensation to executive officers under our SERP, including equity awards.

Deferred compensation under our SERP generally will be paid or commence being paid to a participant in January of the calendar year following the later of the year in which such participant reaches age 55 and the year in which such participant's employment terminates. Participants select the form in which payment will be made, typically a lump sum or annual payments over a three-, five-, seven-, ten- or fifteen-year period. Deferred amounts generally may not be withdrawn prior to their payment date, except to meet an "unforeseeable financial emergency," as defined under U.S.

Federal tax law, or in the event of a change in control of Harris that satisfies certain requirements of U.S. Federal tax law. Payments to “specified employees,” as defined under U.S. Federal tax law, are delayed at least six months after termination of employment (this six-month delay generally does not apply to amounts deferred prior to 2005).

The vesting provisions of our SERP are generally the same as the vesting provisions of our Retirement Plan. Participants in our SERP are immediately vested in contributions they make and are fully vested in the remainder of their account upon termination of employment on or after the attainment of age 55 or due to their disability or death. Participants also generally become fully vested in the remainder of their account when they have provided four years of service to us.

Earnings on amounts credited to a participant’s account in our SERP are based on participant selections among investment choices, which mirror the investment choices available to participants in our Retirement Plan. Participants may elect that a portion of their account be deemed invested in the Harris stock fund. Amounts deemed invested in the Harris stock fund are credited with dividend equivalents equal to the dividends paid on our common stock, which are deemed reinvested in the Harris stock fund. No above-market or preferential earnings are paid or guaranteed on investment choices.

Table of Contents

Amounts credited to a participant's account in our SERP may be partially or fully funded by a grantor trust, also known as a "rabbi trust," and are required to be fully

funded upon a change in control of Harris. The assets in such trust are subject to the claims of our creditors, and participants are treated as our unsecured general creditors.

Fiscal 2017 Nonqualified Deferred Compensation Table

The following table summarizes the amounts credited, earnings or losses and account balances for our named executive officers under our SERP. For additional information related to our SERP, see the "Nonqualified Deferred Compensation" section of this proxy statement beginning on page 60.

Name	Executive Contributions in Last Fiscal Year \$(1)	Registrant Contributions in Last Fiscal Year \$(2)	Aggregate Earnings in Last Fiscal Year \$(3)	Aggregate Withdrawals/ Distributions (\$)	Aggregate Balance at Last Fiscal Year End \$(4)
William M. Brown	\$ 370,385	\$ 184,846	\$ 420,813	\$ 0	\$ 2,574,890
Rahul Ghai	\$ 28,735	\$ 27,966	\$ 9,194	\$ 0	\$ 65,895
Sheldon J. Fox	\$ 91,315	\$ 45,381	\$ 267,555	\$ 0	\$ 1,510,392
Dana A. Mehnert	\$ 93,739	\$ 45,381	\$ 362,028	\$ 0	\$ 2,664,481
Scott T. Mikuen	\$ 84,992	\$ 41,977	\$ 377,303	\$ 0	\$ 2,318,035

(1) Represents contributions to our SERP of salary, annual cash incentives or other eligible compensation that have been deferred and credited during fiscal 2017. The portion representing deferral of base salary is included in the Fiscal 2017 Summary Compensation Table on page 52 in the "Salary" column for fiscal 2017. The portion representing deferral of annual cash incentives relates to deferred Annual Incentive Plan payments for fiscal 2016 performance, the amount of which is included in the Fiscal 2017 Summary Compensation Table on page 52 in the "Non-Equity Incentive Plan Compensation" column for fiscal 2016. Any contributions by our named executive officers to our SERP of deferred Annual Incentive Plan payments for fiscal 2017 performance will be contributions in fiscal 2018.

(2) Represents contributions by us to our SERP credited during fiscal 2017, which are included in the Fiscal 2017 Summary Compensation Table on page 52 in the "All Other Compensation" column.

(3) None of the earnings in this column are included in the Fiscal 2017 Summary Compensation Table on page 52 because no preferential or above-market amounts are paid on balances in our SERP.

(4) Includes amounts reported as compensation in the Fiscal 2017 Summary Compensation Table for fiscal 2016 and 2015 as follows: Mr. Brown — \$976,241; Mr. Fox — \$283,056; Mr. Mehnert — \$119,373; and Mr. Mikuen — \$272,202.

POTENTIAL PAYMENTS UPON TERMINATION OR A CHANGE IN CONTROL

This section of the proxy statement sets forth information regarding compensation and benefits that each of our named executive officers would receive in the event of termination of employment of such named executive officer under several different circumstances, including: (1) termination by us for cause; (2) a voluntary termination (resignation) by such named executive officer; (3) termination by such named executive officer for good reason (constructive involuntary termination); (4) involuntary termination by us without cause; (5) death; (6) disability; (7) retirement or (8) termination by us without cause or by such named executive officer for good reason following a change in control of Harris, as well as in the event of a change in control of Harris without termination of employment of such named executive officer.

Employment Agreement — William M. Brown

In October 2011, our Board approved, and Harris and Mr. Brown entered into, an employment agreement providing for Mr. Brown's employment as our Chief Executive Officer and President. Mr. Brown's employment agreement provides for an initial employment term that commenced on November 1, 2011 and ended on October 31, 2016. As of November 1, 2016, the employment term automatically extends for successive one-year periods unless we or Mr. Brown provide prior written notice that the employment term will not be so extended. We have agreed to provide Mr. Brown with certain benefits in the event of termination of Mr. Brown's employment by us without "cause" or by Mr. Brown for a "constructive termination" (as such terms are defined in the agreement).

Under Mr. Brown's employment agreement, "cause" generally means:

• A substantial and continual failure or refusal by him to perform his material duties under his employment agreement (other than any failure resulting from illness or disability);

• A willful breach by him of any material provision of his employment agreement;

• Any reckless or willful misconduct (including action or failures to act) by him that causes material harm to our business or reputation;

• Any unexcused, repeated or prolonged absence from work by him (other than as a result of, or in connection with, sickness, injury or disability) during a period of 90 consecutive days;

• A conviction of him for the commission of a felony (including entry of a nolo contendere plea) or an indictment of him for the commission of a felony under the U.S. Federal securities laws;

• Embezzlement or willful misappropriation by him of our property;

• A willful and substantial violation by him of a material Harris policy that is generally applicable to all employees or all of our officers (including our Code of Conduct); or

• A failure by him to cooperate in an internal investigation after being instructed by our Board to cooperate.

"Constructive termination" generally means, without Mr. Brown's consent:

• A reduction in his annual base salary or current annual cash incentive target award, other than a reduction also applicable in a substantially similar manner and proportion to our other senior executive officers;

• Our removal of him from his position as Chief Executive Officer or President;

• Our assignment to him of duties or responsibilities that are materially inconsistent with his positions with us;

• Any requirement by us that he relocate his principal place of employment to a location other than our principal headquarters;

• Our failure to nominate him for reelection to our Board upon expiration of his term at any annual meeting of our shareholders during the term of his employment;

• Our failure to obtain an assumption of his employment agreement by a successor of Harris;

• Our delivery of a notice not to renew his employment term pursuant to his employment agreement; or

• Our termination of the indemnification agreement we have entered into with him without entering into a replacement or successor agreement, or making other appropriate indemnification arrangements in favor of him, on terms reasonably acceptable to him and no less favorable to him than to our other senior executives.

If Mr. Brown's employment is terminated by us without cause (other than by reason of death or disability) or by Mr. Brown as a result of a constructive termination, then Mr. Brown will be entitled to receive from us compensation that has accrued but not yet been paid and, subject to his execution and delivery of a release of claims against us:

• Pro-rated annual cash incentive compensation for the fiscal year of termination based on the achievement of performance objectives;

- Severance payments, paid in substantially equal monthly installments over a 24-month period, in an aggregate amount equal to two times the sum of his then-current base salary and target annual

Table of Contents

cash incentive compensation for the year of termination;

• COBRA continuation medical benefits for a period of 18 months following the termination date;

• The stock options forming part of his “transition-related” equity awards will remain outstanding for the one-year period following termination, but in no event beyond the normal expiration period;

• Each other time-based vesting stock option will continue to vest in accordance with its ordinary vesting schedule for the two-year period following the date of termination, at which time any remaining unvested portion of the stock options will be forfeited, and to the extent vested, will remain outstanding for the 27-month period following the termination date, but in no event beyond the normal expiration period;

• Each performance share unit will remain outstanding and eligible to vest for the remainder of the applicable performance period if the termination date is prior to the end of the applicable performance period, with vesting subject to attainment of the applicable performance goals and to pro-rata based on the portion of the applicable performance period which has elapsed as of the termination date (with the remainder of the award forfeited); and

• Each other equity award will be treated in the manner set forth in the applicable plan and award agreement.

If Mr. Brown’s employment is terminated by us for cause or due to Mr. Brown’s death or disability, or upon Mr. Brown’s retirement or resignation, then Mr. Brown (or his estate or legal representative, as appropriate) will be entitled to receive from us:

• Accrued but unpaid base salary and unpaid vacation time through the date of termination;

• Earned but unpaid annual cash incentive compensation under our Annual Incentive Plan (or any successor plan) for the prior fiscal year;

• Reimbursement of reasonable business expenses incurred prior to the date of termination; and

• Other or additional compensation benefits, if any, in accordance with the terms of our applicable plans or employee benefit programs for terminated employees.

If Mr. Brown’s employment is terminated due to death or disability, then Mr. Brown (or his estate or legal representative, as appropriate) also will be entitled to receive from us the vesting of any equity-based awards then held by him, if and to the extent provided in the applicable plan and award agreements. We may, at our option, terminate Mr. Brown’s employment in the event of his disability.

Mr. Brown’s employment agreement also provides that he may not for a two-year period following termination of his employment for any reason, without our prior written consent, directly or indirectly:

• Hold a 5% or greater equity, voting or profit participation interest in, or associate with, an enterprise that competes with us; or

• Solicit any customer or any employee to leave us.

Mr. Brown’s employment agreement also contains a non-disparagement clause applicable during the term of his employment and for a period of two years thereafter.

If there is a change in control of Harris and Mr. Brown’s employment terminates under circumstances provided under his change in control severance agreement discussed below under “Executive Change in Control Severance Agreements,” then Mr. Brown will be entitled to the compensation and benefits provided under his change in control severance agreement in lieu of any compensation or benefits receivable under his employment agreement.

Executive Change in Control

Severance Agreements

Our Board has approved change in control severance agreements for our Board-elected or appointed officers to provide continuity of management and ensure dedication of our executives in the event of a threatened or actual change in control. Under these agreements, we provide severance benefits to our Board-elected or appointed officers, including our named executive officers, if, within two years following a “change in control:”

• The executive terminates employment for “good reason;” or

• We terminate the executive’s employment for any reason other than for “cause” (all terms as defined in the change in control severance agreement and summarized below).

Under these agreements, a “change in control” generally means the occurrence of any one of the following events:

•

Any person becomes the beneficial owner of 20% or more of the combined voting power of our outstanding common stock;

• A change in the majority of our Board not approved by two-thirds of our incumbent directors;

The consummation of a merger, consolidation or reorganization, unless immediately following such transaction:

(1) more than 60% of the total voting power resulting from the transaction is represented by shares that were our voting securities immediately prior to the transaction; (2) no person becomes the beneficial owner of 20% or more of the total voting power of our outstanding voting securities as a result of the transaction; and (3) at least a majority of the

Table of Contents

members of the board of directors of the company resulting from the transaction were our incumbent directors at the time of our Board's approval of the execution of the initial agreement providing for the transaction;

• Our shareholders approve a plan of complete liquidation or dissolution of Harris; or

• We consummate a sale or disposition of all or substantially all of our assets.

Under these agreements, "good reason" generally means:

• A reduction in the executive's annual base salary or current annual incentive target award;

• The assignment of duties or responsibilities that are inconsistent in any material adverse respect with the executive's position, duties, responsibility or status with us immediately prior to the change in control;

• A material adverse change in the executive's reporting responsibilities, titles or offices with us as in effect immediately prior to the change in control;

Any requirement that the executive: (1) be based more than 50 miles from the facility where the executive was located at the time of the change in control or (2) travel on Harris business to an extent substantially greater than the travel obligations of the executive immediately prior to the change in control; or

• Failure by us to continue in effect any employee benefit or compensation plans or provide the executive with employee benefits as in effect for the executive immediately prior to the change in control.

Under these agreements, the term "cause" generally means:

• A material breach by the executive of the duties and responsibilities of the executive's position; or

• The conviction of the executive of, or plea of nolo contendere by the executive to, a felony involving willful misconduct that is materially injurious to us.

If triggered, the lump-sum cash severance benefit payable to an executive under the executive's change in control severance agreement consists of:

• Unpaid base salary through the date of termination;

• A pro-rated annual bonus (as determined under the change in control severance agreement);

• Any unpaid accrued vacation pay;

• To the extent permitted under Section 409A of the Internal Revenue Code, any other benefits or awards that have been earned or became payable

pursuant to the terms of any compensation plan but that have not yet been paid to the executive;

• Two times the executive's highest annual rate of base salary during the 12-month period prior to the date of termination; and

• Two times the greatest of the executive's (1) highest annual bonus in the three years prior to the change in control, (2) target bonus for the year in which the change in control occurred or (3) target bonus for the year in which the executive's employment is terminated.

In addition, if triggered, severance benefits to an executive under the executive's change in control severance agreement include:

• Receipt of the same level of medical, dental, accident, disability and life insurance and any similar benefits as are in effect on the date of termination (or the highest level of coverage provided to active executives immediately prior to the change in control, if more favorable), for the two years following the date of termination, but in no event later than age 65;

• Reimbursement for any relocation expense related to the pursuit of other business opportunities incurred within two years following the date of termination;

• Reimbursement for recruitment or placement services of up to \$4,000; and

• Reimbursement for professional financial or tax planning services of up to \$5,000 per year for the calendar year in which the termination occurs and the next calendar year.

Further, these agreements:

• Do not provide for a tax gross-up of excise taxes;

• Do provide for a "best net after-tax" payment approach that reduces payments and benefits to an executive if the reduction would result in the executive receiving higher payments and benefits on a net after-tax basis;

•

Do provide that we will reimburse the executive for any legal fees and costs with respect to any dispute arising under the agreement; and

Do provide that, not later than the date on which a change in control occurs, we are required to contribute to an irrevocable “rabbi trust” in cash or other liquid assets, an amount equal to the total payments expected to be paid under the agreements, assuming that the employment of the executives is terminated, plus the amount of trust administration and trustee fees reasonably expected to be incurred (in recognition that in certain situations payments under the agreements will be required to be deferred for up to six months following the triggering event to comply with Section 409A of the Internal Revenue Code).

Payments and Benefits Upon Any Termination

Many of our salaried employees, including our named executive officers, are entitled to receive certain elements of compensation on a non-discretionary basis upon termination of employment for any reason. Subject to the exceptions noted below, these include:

- Accrued salary and pay for unused vacation;
- Distributions of vested plan balances under our Retirement Plan or SERP; and
- Earned but unpaid bonuses.

The amounts shown in the “Tables of Potential Payments Upon Termination or Change in Control” section of this proxy statement beginning on page 67 do not include these elements of compensation or benefits. For a description of our SERP and the account balances credited to our named executive officers under our SERP as of June 30, 2017, see the Fiscal 2017 Nonqualified Deferred Compensation Table on page 61.

Termination for Cause

A named executive officer whose employment is terminated by us for cause is not entitled to any compensation or benefits other than those generally paid to all of our salaried employees upon any termination of employment as described above. In addition, as noted under “Recovery of Executive Compensation (“Clawback”)” in the “Compensation Discussion and Analysis” section of this proxy statement, depending on the circumstances giving rise to such termination, we may be entitled to recover all or a portion of any performance-based compensation if our financial statements are restated as a result of errors, omissions or fraud. Annual incentive awards, vested and unvested options, performance share units, restricted stock units and shares of restricted stock are automatically forfeited following a termination for cause or misconduct.

Involuntary Termination Without Cause

In the case of termination of employment by us without cause, Mr. Brown is entitled to the compensation and benefits described above under the description of his employment agreement, and our other named executive officers are not contractually entitled to any compensation or benefits other than those that are generally paid to all salaried employees upon any termination of employment as described above. However, as discussed in the “Compensation Discussion and Analysis” section of this proxy statement, we have a long-standing practice of providing reasonable severance compensation for involuntary termination of an executive’s employment without cause. The specific amount would be based on the relevant circumstances, including consideration of the reason for termination, length of employment and other factors.

Under our Annual Incentive Plan, following an involuntary termination by us without cause, subject to

being employed a minimum of 180 days during the fiscal year, annual incentive compensation awards are paid pro-rata based on the period worked during such fiscal year, with payment continuing to be made following the fiscal year end based on our performance.

Under our equity incentive plans, following an involuntary termination by us other than for misconduct, subject to a minimum one-year vesting or holding period:

• Unvested options are forfeited and vested options may be exercised until the sooner of 90 days following such termination or the regularly scheduled expiration date;

• Performance share units are forfeited; and

• Restricted stock units and shares of restricted stock will be pro-rated based on the period worked during the restriction period and paid out promptly following involuntary termination (but subject to any delay required by U.S. Federal tax laws).

Voluntary Termination/Resignation

A named executive officer who voluntarily terminates or resigns employment (other than due to retirement or for good reason) is not entitled to any compensation or benefits other than those generally paid to all of our salaried employees upon any termination of employment as described above. Annual incentive awards and unvested options, performance share units, restricted stock units and shares of restricted stock are automatically forfeited following a voluntary termination or resignation. Subject to a minimum one-year vesting period, vested options may be exercised until the sooner of 30 days following a voluntary termination or resignation or the regularly scheduled expiration date.

Death

If a named executive officer's employment is terminated as a result of death, the beneficiaries of such named executive officer are eligible for benefits under the death benefit programs generally available to many of our U.S.-based employees, including basic group life insurance paid by us and supplemental group life insurance if elected and paid for by the employee. In addition, for such named executive officer:

• Account balances in our Retirement Plan and SERP become fully vested;

• Subject to being employed a minimum of 180 days during the fiscal year, annual incentive compensation awards are paid pro-rata based on the period worked during the fiscal year, with payment continuing to be made following the fiscal year end based on our performance;

• Subject to a minimum one-year vesting period, options immediately fully vest (at target, in the case of performance stock options) and will be exercisable by the beneficiaries for up to

Table of Contents

12 months following the date of death but not later than the regularly scheduled expiration date;
Subject to a minimum holding period ending on the last day of the first fiscal year of the three-year performance period, performance share units are paid pro-rata based on target and on the period worked during the performance period and paid out promptly; and
Subject to a minimum one-year holding period, restricted stock units and shares of restricted stock immediately fully vest.

Disability

If a named executive officer's employment is terminated as a result of disability, such named executive officer is eligible for benefits under the disability programs generally available to many of our U.S.-based employees. These include a long-term disability income benefit and, in most cases, continuation of health and survivor and accident life insurance coverage applicable to active employees for specified periods, while disabled. In addition, for such named executive officer:

Account balances in our Retirement Plan and SERP become fully vested;
Subject to being employed a minimum of 180 days during the fiscal year, annual incentive compensation awards are paid pro-rata based on the period worked during the fiscal year, with payment continuing to be made following the fiscal year end based on our performance;
Subject to a minimum one-year vesting period, options immediately fully vest (at target, in the case of performance stock options) and will be exercisable until the regularly scheduled expiration date;
Subject to a minimum holding period ending on the last day of the first fiscal year of the three-year performance period, performance share units are paid pro-rata based on target and on the period worked during the performance period and paid out promptly; and
Subject to a minimum one-year holding period, restricted stock units and shares of restricted stock immediately fully vest.

Retirement

Among our named executive officers, as of June 30, 2017, Messrs. Fox, Mehnert and Mikuen were retirement-eligible for purposes of our Retirement Plan, SERP, Annual Incentive Plan, Performance Reward Plan and our equity incentive plans. If a named executive officer's employment is terminated as a result of retirement, such named executive officer would receive retirement benefits generally available to our retirement-eligible salaried employees. In addition, for such named executive officer:

Account balances in our Retirement Plan and SERP become fully vested;
Subject to being employed a minimum of 180 days during the fiscal year, annual incentive compensation awards are paid pro-rata based on the period worked during the fiscal year, with payment continuing to be made following the fiscal year end based on our performance;
After age 55 with 10 or more years of full-time service, but before age 62, subject to a minimum one-year vesting period, options cease vesting and options exercisable at the time of retirement continue to be exercisable until the regularly scheduled expiration date, but unvested options (including unvested performance stock options) are forfeited;
After age 62 with 10 or more years of full-time service, subject to a minimum one-year vesting period, options continue to vest in accordance with their vesting schedule and continue to be exercisable until the regularly scheduled expiration date, except unvested performance stock options, which are forfeited;
After age 55 with 10 or more years of full-time service, subject to a minimum holding period ending on the last day of the first fiscal year of the three-year performance period, performance share units are paid pro-rata based on the period worked during the performance period, with payment continuing to be made at the end of the performance period based on our performance; and
After age 55 with 10 or more years of full-time service, subject to a minimum one-year holding period, restricted stock units and shares of restricted stock are paid pro-rata based on the period worked during the restriction period, promptly following retirement (but subject to any delay required by U.S. Federal tax law).

Change in Control

Each of our named executive officers has entered into a “double trigger” change in control severance agreement with us providing for benefits only upon both a change in control and a subsequent qualifying termination of employment in accordance with the terms of the agreement. For additional information regarding the terms of such agreements, see “Executive Change in Control Severance Agreements” beginning on page 63. In addition, upon a change in control and irrespective of employment status:

Annual cash incentive compensation awards under our Annual Incentive Plan are fully earned and paid out promptly following the change in control or, in certain instances, following the end of the fiscal year, in each case at not less than the target level;

Table of Contents

All options immediately vest (in the case of performance stock options, at target or at such greater level of performance as our Board or Compensation Committee may authorize) and become exercisable until the regularly scheduled expiration date;

All performance share units are deemed fully earned and fully vested immediately and will be paid at the end of the performance period at not less than the target level, subject to accelerated payout or forfeiture in certain circumstances; and

All restricted stock units and shares of restricted stock immediately vest and will be paid as soon as practicable, but not later than 60 days following the change in control, or in certain events, promptly following the expiration of the initial restriction period.

Tables of Potential Payments

Upon Termination or Change in Control

The following tables set forth on an executive-by-executive basis, the amounts of the estimated incremental compensation and benefits that would be provided to each of our named executive officers if such executive's employment with us is terminated for any reason, including termination by us for cause, voluntary termination (resignation), termination by the executive for good reason or for constructive termination, involuntary termination by us without cause, death, disability, retirement (to the extent the named executive officer is retirement-eligible), or termination by us without cause or by the executive for good reason following a change in control of Harris. The tables also set forth the amounts of the estimated incremental compensation and benefits that would be provided to each of our named executive officers in the event of a change in control of Harris without termination of employment of such executive. These amounts are estimates of the amounts that would be paid to the named executive officer upon such termination of employment or change in control. The actual amounts to be paid are determinable only at the time of a named executive officer's termination of employment or a change in control. The amounts included in the tables also are based on the following:

The applicable provisions in the agreements and other arrangements between the named executive officer and us, which are summarized in the "Potential Payments Upon Termination or a Change in Control" section of this proxy statement beginning on page 62;

We have assumed that the termination event occurred as of June 30, 2017, the last day of our fiscal 2017, and that the value of our common

stock was \$109.08 per share based on the closing market price on such date;

Cash severance includes multiples of salary and annual incentive compensation, but does not include paid or unpaid salary or annual incentive compensation or cash incentives earned for fiscal 2017 because a named executive officer is entitled to annual incentive compensation if employed on June 30, 2017;

We have not included the value of any options that were vested prior to June 30, 2017;

We have assumed that all unvested, in-the-money options that were not automatically forfeited on June 30, 2017 vested (at target, in the case of performance stock options) and were exercised on such day;

The value of accelerated performance share units is based on the target number of performance share units previously granted and does not include performance share units for the performance period ended June 30, 2017 because a named executive officer is entitled to such performance share units if employed on June 30, 2017 (see the Option Exercises and Stock Vested in Fiscal 2017 Table on page 59 of this proxy statement for the value associated with such performance share units);

We have not included any payment of the aggregate balance shown in the Fiscal 2017 Nonqualified Deferred Compensation Table on page 61 of this proxy statement;

We have included the estimated value of continuation of health and welfare benefits and perquisites, where applicable; and

For a termination by us without cause or by the named executive officer for good reason following a change in control, the "Other Benefits" line includes \$4,000 for placement services, \$10,000 (\$5,000 per year for two years) for financial or tax planning services, \$300,000 for estimated relocation assistance and an estimate of reimbursement for taxes associated with relocation assistance, in each case pursuant to the change in control severance agreement.

With respect to a named executive officer over the age of 55 and who has completed at least 10 years of full-time service (Messrs. Fox, Mehnert and Mikuen as of June 30, 2017), a termination of such executive's employment with us that is within such executive's control would be expected to be designated as retirement, as opposed to voluntary termination (resignation) or termination by such executive for good reason.

Under the terms of Mr. Brown's employment agreement, if his employment is terminated by us without cause or by Mr. Brown for constructive termination, (a) each time-based vesting stock option held by Mr. Brown will continue to vest in accordance with its ordinary vesting schedule for the two-year period following the date of termination, and * (b) the performance share units are subject to vesting based on achievement of performance goals and pro-ration.

The amounts shown represent the value of such unvested options and unvested performance share units that would vest during such 24-month period or be pro-rated based on the \$109.08 closing market price of our common stock on June 30, 2017, the last trading day of our fiscal 2017.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors and executive officers, as well as persons who own more than 10% of our outstanding shares of common stock, to file reports of ownership and changes in ownership of our securities with the SEC. We have procedures in place to assist our directors and executive officers in preparing and filing these reports on a timely basis.

Based solely on a review of the forms furnished to us, or written representations from certain persons that no Forms 5 were required, we believe that all required forms have been timely filed for fiscal 2017.

PROPOSAL 2: ADVISORY VOTE TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

In accordance with the requirements of Section 14A of the Securities Exchange Act of 1934, as amended, and the related rules of the SEC, we are providing our shareholders with the opportunity to vote, on a non-binding, advisory basis, to approve the compensation of our named executive officers as disclosed in this proxy statement pursuant to the compensation disclosure rules of the SEC (including the "Compensation Discussion and Analysis" section, the Fiscal 2017 Summary Compensation Table and other related tables and accompanying footnotes and narratives). As described in the "Compensation Discussion and Analysis" section of this proxy statement beginning on page 30, the overall objective of our executive compensation program is to encourage and reward the creation of sustainable,

long-term shareholder value.

As set forth more fully under “Overall Objective and Guiding Principles of Our Executive Compensation Program” on page 30 of this proxy statement, the guiding principles of our executive compensation program include the following:

• Compensation programs must directly align the interests of our executives with those of our shareholders.

• Compensation and benefits must be competitive within the market to attract, motivate and retain executives that drive our desired business results.

• To motivate achievement of our financial goals and strategic objectives, a significant portion of compensation will be at-risk and based on our financial performance and the executive’s personal performance.

• An executive’s realized pay will be aligned with the executive’s performance through above-target compensation for above-target performance and below-target compensation for below-target performance.

In furtherance of this objective and guiding principles, our executive compensation program includes a number of features intended to reflect sound practices and ensure that our program reinforces pay-for-performance and the creation of sustainable, long-term shareholder value. These

70

Table of Contents

features are described in more detail in the “Compensation Discussion and Analysis” section of this proxy statement and include the following:

• Our executive compensation decisions are made by the independent members of our Board or by our Management Development and Compensation Committee, which is made up exclusively of independent members.

• Our Management Development and Compensation Committee has retained an independent executive compensation consulting firm to provide objective analysis, advice and information.

• Our Management Development and Compensation Committee periodically reviews the composition of our compensation comparison peer group and makes changes it determines are appropriate.

We address each element of our executive compensation program in the context of competitive practices. We generally set an executive officer’s target direct annual compensation (the total of base salary rate, target annual cash incentives and target long-term equity-based incentive compensation granted as part of our annual cycle for grants to executive officers) within 20% below to 20% above the median for comparable positions, where available, at companies in our compensation comparison peer group, using discretion after also considering the executive officer’s experience, position, responsibilities, tenure and contributions. An executive officer’s realized compensation is substantially dependent on our performance.

We make a significant portion of each executive’s overall compensation dependent on our performance as measured against pre-determined targets for short- and long-term financial performance measures, such as operating income, free cash flow, revenue, earnings per share compound annual growth rate, ROIC, run rate net synergies from the Exelis acquisition and other financial metrics. In fiscal 2017, 89% of total target direct compensation of our CEO was tied to Company and individual performance. We believe our financial performance measure targets are challenging yet achievable.

• We have established a strong relationship between an executive’s compensation and our stock price performance because a significant portion of an executive’s overall compensation opportunity is in the form of equity.

• We have meaningful stock ownership guidelines that are designed to maintain alignment of executives’ interests with those of our shareholders.

• Our equity plans prohibit option repricing and back-dating.

• We provide few perquisites, after eliminating virtually all executive perquisites.

• We have a “clawback” policy that entitles us to recover cash and equity incentive payments from executives in the event of a restatement of our financial statements as a result of errors, omissions or fraud.

• We will pay cash severance payments under executive change in control severance agreements only on a “double trigger” basis (i.e., only on both a change in control and a qualifying termination of employment).

• We do not provide excise tax gross-ups under executive change in control severance agreements.

• We do not pay dividend equivalents on performance share unit awards unless, and only to the extent, the performance share unit awards ultimately are earned at the end of the performance period.

• We do not permit executives (or directors or other employees) to engage in short sales with respect to our stock or enter into hedging, puts, calls or other “derivative” transactions with respect to our securities.

• We do not permit executives (or directors) to hold or purchase our stock on margin or in a margin account or otherwise pledge our stock as collateral for margin accounts, loans or any other purpose.

We believe that the features of our executive compensation program align with our pay-for-performance philosophy and further align the interests of our executive officers with the long-term interests of our shareholders, while appropriately balancing risk and reward.

Our Board recommends that our shareholders approve the compensation of our named executive officers as disclosed in this proxy statement by voting in favor of the following resolution:

“RESOLVED, that the shareholders of Harris Corporation hereby approve, on an advisory basis, the compensation of the named executive officers as disclosed in the Harris Corporation proxy statement pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the Fiscal 2017 Summary Compensation Table and other related tables and accompanying footnotes and narratives.”

The vote on this proposal is not intended to address any specific element of compensation; rather, the vote relates to the compensation of our named executive officers as disclosed in this proxy statement in accordance with the compensation disclosure rules of the SEC. The vote is advisory, which means that the vote is not binding

on us, our Board and our Management Development and Compensation Committee. However, our Board and our Management Development and Compensation Committee, which is responsible for designing and administering our executive officer compensation program, value the opinions expressed by our shareholders and will consider the voting results when making future decisions regarding compensation for our named executive officers.

We currently hold our advisory vote to approve the compensation of our named executive officers (“Say-on-Pay vote”) annually. Shareholders have an opportunity to cast an advisory vote on the frequency of Say-on-Pay votes at least every six years, and the next advisory vote on the frequency of the Say-On-Pay vote will be at our 2017 Annual Meeting of Shareholders pursuant to Proposal 3 below.

Vote Required and Related Matters

The affirmative vote of a majority of the shares present or represented at the 2017 Annual Meeting of

Shareholders and entitled to vote on this proposal will be required to approve, on a non-binding, advisory basis, the compensation of our named executive officers as disclosed in this proxy statement. Abstaining from voting on this proposal will have the effect of a vote against approval of the compensation of our named executive officers as disclosed in this proxy statement. Any broker non-votes will have no effect on the approval of the compensation of our named executive officers as disclosed in this proxy statement.

Recommendation Regarding Proposal 2

Our Board of Directors unanimously recommends that you vote “FOR” approval of the compensation of our named executive officers as disclosed in this proxy statement. If not otherwise specified, proxies will be voted “FOR” approval of this proposal.

PROPOSAL 3: ADVISORY VOTE ON FREQUENCY OF FUTURE ADVISORY VOTES TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

In accordance with the requirements of Section 14A of the Securities Exchange Act of 1934, as amended, and the related rules of the SEC, we also are providing our shareholders with the opportunity to vote, on a non-binding, advisory basis, on the frequency of future advisory votes to approve the compensation of our named executive officers (similar to the non-binding, advisory vote in Proposal 2 of this proxy statement). Shareholders may vote for every year, every 2 years or every 3 years as the frequency of future Say-on-Pay votes or may abstain from voting on this proposal.

At our 2011 Annual Meeting of Shareholders, our shareholders strongly supported a frequency of “every year” for holding future Say-on-Pay votes, consistent with the recommendation of our Board. As a result, our Board decided to hold annual Say-on-Pay votes. Our Board continues to believe that holding an advisory Say-on-Pay vote every year is the most appropriate alternative for us at this time. Our Board believes that an annual advisory Say-on-Pay vote enables our shareholders to provide regular input on our executive compensation philosophy, policies and practices and the continuing focus of our executive compensation program on driving sustainable, long-term shareholder value. Our Board recommends that shareholders vote for approval, on a non-binding, advisory basis, of “every year” as the frequency of future advisory votes to approve the compensation of our named executive officers.

The vote on this proposal is advisory, and the result of the vote on this proposal is not binding on us, our Board or

its committees. However, our Board and its applicable determining the frequency of future advisory votes to approve the compensation of our named executive officers.

Vote Required and Related Matters

The affirmative vote of a majority of the shares present or represented at the 2017 Annual Meeting of Shareholders and entitled to vote on this proposal will be required to approve, on a non-binding, advisory basis, any particular frequency of future advisory votes to approve the compensation of our named executive officers. Because the vote on this proposal is non-binding, advisory and intended to indicate the preference of our shareholders, if no particular frequency receives a majority vote, then the particular frequency receiving the greatest number of votes will be deemed the preference of our shareholders. Abstaining from voting on this proposal will have the effect of a vote against each particular frequency of future advisory votes to approve the compensation of our named executive officers. Any broker non-votes will have no effect on the approval of a particular frequency of future advisory votes to

approve the compensation of our named executive officers.

Recommendation Regarding Proposal 3

Our Board of Directors unanimously recommends that you vote “EVERY YEAR” as the frequency of future advisory votes to approve the compensation of our named executive officers. If not otherwise specified, proxies will be voted for the “EVERY YEAR” voting option with respect to this proposal.

REPORT OF THE AUDIT COMMITTEE

The following Report of our Audit Committee does not constitute soliciting material and the Report should not be deemed filed or incorporated by reference into any other previous or future filings by us under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent we specifically incorporate this Report by reference therein.

The role of the Audit Committee is, among other things, to assist the Board in its oversight of:

- The integrity of Harris' financial statements;
- Harris' compliance with relevant legal and regulatory requirements;
- Harris' internal control over financial reporting;
- The qualifications and independence of Harris' independent registered public accounting firm; and
- The performance of Harris' internal audit function and independent registered public accounting firm.

The Board has determined that, in its business judgment, all members of the Audit Committee are independent within the meaning of the listing standards of the NYSE, the Sarbanes-Oxley Act of 2002 and related rules of the SEC and Harris' Director Independence Standards.

Harris' management is responsible for the preparation, presentation and integrity of Harris' financial statements and the effectiveness of Harris' system of internal control over financial reporting and disclosure controls and procedures.

Management and the Internal Audit department are responsible for maintaining and evaluating appropriate accounting and financial reporting practices and internal controls and procedures designed to ensure compliance with accounting standards and applicable laws and regulations. Harris' independent registered public accounting firm for fiscal 2017, Ernst & Young LLP ("EY"), is responsible for auditing Harris' consolidated financial statements and expressing an opinion as to whether such financial statements are presented fairly, in all material respects, in conformity with accounting principles generally accepted in the United States. EY also is responsible for auditing the effectiveness of Harris' internal control over financial reporting. Representatives of EY attended all regularly scheduled meetings of the Audit Committee during fiscal 2017. The Audit Committee has met and held discussions with management, the head of Internal Audit and EY. The Audit Committee discussed with the internal auditors and EY the overall scope of, and plans for, their respective audits and the identification of audit risks. The Audit Committee also met with EY, the head of Internal Audit, the Principal Accounting Officer and the Chief Financial Officer, with and without

management present, to discuss the results of their respective examinations, the reasonableness of significant judgments, the evaluations of Harris' internal control over financial reporting and the overall quality of Harris' financial reporting. Management has represented to the Audit Committee that Harris' consolidated financial statements were prepared in accordance with U.S. generally accepted accounting principles.

In the performance of its oversight function, the Audit Committee has:

Reviewed and discussed with management and EY Harris' internal control over financial reporting, including a review of management's report on its assessment and EY's audit of the effectiveness of Harris' internal control over financial reporting and any significant deficiencies or material weaknesses;

Considered, reviewed and discussed the audited financial statements with management and EY, including a discussion of the quality of the accounting principles, the reasonableness thereof, significant adjustments, if any, and the clarity of disclosures in the financial statements, as well as critical accounting policies and other financial accounting and reporting principles and practices;

Discussed with EY the matters required to be discussed under the Public Company Accounting Oversight Board Auditing Standard No. 1301, Communications with Audit Committees, and No. 2410, Related Parties;

Received, reviewed and discussed the written disclosures and the letter from EY required by applicable requirements of the Public Company Accounting Oversight Board regarding EY's communications with the Audit Committee concerning independence, and has discussed with EY its independence;

Reviewed the services provided by EY other than its audit services and considered whether the provision of such other services by EY is compatible with maintaining its independence, discussed with EY its independence, and concluded that EY is independent from Harris and its management; and

Reviewed the contents of SEC-required certification statements from the CEO and Chief Financial Officer and also discussed and reviewed the process and internal controls for providing reasonable assurances that the financial statements included in the Harris Annual Report on Form 10-K for the fiscal year ended June 30, 2017 are true in all important respects, and that the report contains all appropriate material information of which they are aware.

Table of Contents

In reliance on the reports, reviews and discussions described in this Report, the Audit Committee has recommended to the Board, and the Board has approved, that the audited financial statements be included in Harris' Annual Report on Form 10-K for the fiscal year ended June 30, 2017, for filing with the SEC. The Audit Committee also has appointed, and has requested shareholder ratification of the appointment of, EY as Harris' independent registered public accounting firm for the fiscal year ending June 29, 2018.

PROPOSAL 4: RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Fees Paid to Independent Registered

Public Accounting Firm

EY served as our independent registered public accounting firm for the fiscal year ended June 30, 2017. In addition to the engagement to audit our financial statements and internal control over financial reporting and to review the financial statements included in our quarterly reports on Form 10-Q, EY also was engaged by us during fiscal 2017 to perform certain audit-related and tax services.

The following table presents fees for professional audit services rendered by EY for the audit of our annual financial statements for the fiscal years ended June 30, 2017 and July 1, 2016 and fees for other services rendered by EY during those periods.

	Fiscal 2017	Fiscal 2016
Audit Fees	\$12,595,427	\$13,647,000
Audit-Related Fees	2,500,000	0
Tax Fees	3,606,000	3,698,000
All Other Fees	0	0
Total	\$18,701,427	\$17,345,000

Audit Fees. Audit fees included fees associated with the annual audit and the audit of internal control over financial reporting, including purchase accounting and audit procedures relating to our acquisition of Exelis, as well as reviews of our quarterly reports on Form 10-Q, SEC registration statements and other filings, comfort letter procedures, accounting and reporting consultations and statutory audits required internationally for certain of our subsidiaries.

Audit-Related Fees. Audit-related fees for fiscal 2017 primarily related to audit services for a "carve-out" audit required in connection with a divestiture in fiscal 2017. No audit-related services were rendered or fees billed for fiscal 2016.

Tax Fees. Tax fees for fiscal 2017 consisted of \$1,226,000 related to tax compliance, including foreign and domestic return preparation and transfer pricing studies, and \$2,380,000 related to tax planning and tax

advisory services. Tax fees for fiscal 2016 consisted of \$2,865,000 related to tax compliance, including foreign and domestic return preparation and transfer pricing studies, and \$833,000 related to tax planning and tax advisory services.

All Other Fees. For fiscal 2017 and fiscal 2016, no professional services were rendered or fees billed for services not included within Audit Fees, Audit-Related Fees or Tax Fees.

EY did not perform any professional services related to financial information systems design and implementation for us in fiscal 2017 or fiscal 2016.

Our Audit Committee has determined in its business judgment that the provision of the services described above is compatible with maintaining EY's independence.

Pre-Approval of Audit and Non-Audit Services

Under our Audit Committee Pre-Approval Policy and Procedures, as adopted by our Audit Committee, our Audit Committee must pre-approve all audit and non-audit services provided by our independent registered public accounting firm to ensure that the provision of such services does not impair the firm's independence. The policy utilizes a framework of both general pre-approval for certain specified services and specific pre-approval for all other services.

Early in each fiscal year, our Audit Committee reviews and, as it deems appropriate, pre-approves the audit services and any audit-related services, tax services and other services to be performed by our independent registered public accounting firm, together with specific details regarding such services anticipated to be required for such fiscal year including, when available, estimated fees. Our Audit Committee periodically reviews the services provided to date and the actual fees against the estimates, and such fee amounts may be updated to the extent appropriate at regularly scheduled meetings of our Audit Committee. Additional pre-approval is required before actual fees for any service can exceed the originally pre-approved amount. Our Audit Committee also may revise the list of pre-approved services and related fees from time to time. All of the services described above under the captions "Audit Fees," "Audit-Related Fees" and

Table of Contents

“Tax Fees” were pre-approved in accordance with this policy.

If we seek to engage our independent registered public accounting firm for other services that are not considered subject to general pre-approval as described above, then our Audit Committee must approve such specific engagement as well as the estimated fees. Such engagement will be presented to our Audit Committee for pre-approval at its next regularly scheduled meeting. If the timing of the project requires an expedited decision, then we may ask the Chairperson of our Audit Committee to pre-approve such engagement. Any such pre-approval by the Chairperson is then presented to our full Audit Committee for ratification at the next Audit Committee meeting. In any event, pre-approval of any engagement by our Audit Committee or the Chairperson of our Audit Committee is required before our independent registered public accounting firm may commence any engagement. Additional pre-approval is required before any fees can exceed approved fees for any such specifically approved services.

Appointment of Independent Registered Public Accounting Firm for Fiscal 2018

Our Audit Committee has appointed EY to audit our books and accounts and internal control over financial reporting for the fiscal year ending June 29, 2018.

Although applicable law does not require shareholder ratification of the appointment, our Board believes that obtaining shareholder ratification of the appointment is a sound corporate governance practice. If our shareholders do not ratify the appointment of EY, our Audit Committee will reconsider whether to retain EY and may retain EY or hire another firm without resubmitting the matter to shareholders for approval. We expect that a representative of EY will be present at the 2017 Annual Meeting to respond to appropriate questions from shareholders and to make a statement if he or she desires to do so.

As provided in our Audit Committee’s charter and as discussed above, our Audit Committee is responsible for directly appointing, compensating, retaining, terminating and overseeing our independent registered public

accounting firm. Although we have a very long-standing relationship with EY, our Audit Committee frequently evaluates the independence and effectiveness of our independent registered public accounting firm and its personnel, and the cost and quality of its audit and audit-related services. In accordance with sound corporate governance practices and in order to ensure that our Audit Committee and our shareholders are receiving the best and most cost-effective audit services available, our Audit Committee periodically considers issuing a request for proposal from EY and other large nationally recognized accounting firms with regard to our audit engagement. A determination to use a request for proposal process could result in a firm other than EY providing audit engagement services to us in later years. Our Audit Committee retains the discretion at any time to appoint a different independent registered public accounting firm.

Vote Required and Related Matters

The affirmative vote of a majority of the shares present or represented at the 2017 Annual Meeting of Shareholders and entitled to vote on this proposal will be required to ratify our Audit Committee’s appointment of EY as our independent registered public accounting firm for fiscal year 2018. Abstaining from voting on this proposal will have the effect of a vote against ratification of the appointment of our independent registered public accounting firm. Any broker non-votes will have no effect on the ratification of the appointment of our independent registered public accounting firm; however, because brokers, banks and other nominees are permitted under NYSE rules to vote on this routine proposal even if such broker, bank or other nominee does not receive voting instructions, we do not expect broker non-votes on this routine proposal.

Recommendation Regarding Proposal 4

Our Board of Directors unanimously recommends that you vote “FOR” ratification of our Audit Committee’s appointment of EY as our independent registered public accounting firm for the fiscal year ending June 29, 2018. If not otherwise specified, proxies will be voted “FOR” approval of this proposal.

SHAREHOLDER PROPOSALS FOR 2018 ANNUAL MEETING OF SHAREHOLDERS

Pursuant to applicable requirements of the Securities Exchange Act of 1934, as amended, in order to be considered for inclusion in our proxy statement and form of proxy/voting instruction for the 2018 Annual Meeting of Shareholders, we must receive any proposals that shareholders wish to present no later than May 14, 2018. Such proposals will need to be in writing and comply with SEC regulations regarding the inclusion of shareholder proposals in Harris-sponsored proxy materials.

In addition, our By-Laws provide that, for any shareholder proposal or director nomination to be properly presented at the 2018 Annual Meeting of Shareholders, but not for inclusion in our proxy statement and form of proxy/voting instruction, the shareholder proposal or director nomination must comply with the requirements set forth in our By-Laws and we must receive notice of the matter not less than 90 nor more than 120 days prior to October 27, 2018. Thus, to be timely, notice of a shareholder proposal or director nomination for the 2018 Annual Meeting of Shareholders must be received by our Secretary no earlier than June 29, 2018 and no later than July 30, 2018.

However, if the 2018 Annual Meeting of Shareholders is not scheduled to be held within a period that commences on September 27, 2018 and ends on November 26, 2018, and instead, such meeting is scheduled to be held on a date outside that period, notice of a shareholder proposal or director nomination, to be timely, must be received by our Secretary by the close of business on the later of 90 days prior to such other meeting date or 10 days following the date such other meeting date is first publicly announced or disclosed.

Notwithstanding the foregoing notice deadlines under our By-Laws, if the number of directors to be elected to our Board of Directors at the 2018 Annual Meeting of Shareholders is increased and either all of the nominees for director at the 2018 Annual Meeting of Shareholders or the size of the increased Board of Directors is not publicly announced or disclosed by us by July 19, 2018, notice will be considered timely, but only with respect to nominees for any new positions created by such increase, if the notice is delivered to our Secretary no later than the close of business 10 days following the first date all of such nominees or the size of the increased Board of Directors is publicly announced or disclosed.

Further, any proxy granted with respect to the 2018 Annual Meeting of Shareholders will confer discretionary authority to vote with respect to a shareholder proposal or director nomination if notice of such proposal or nomination is not received by our Secretary within the applicable timeframe provided above.

Each notice of a shareholder proposal or director nomination must contain all of the information required by our By-Laws, including, as applicable:

- Whether the shareholder is providing the notice at the request of a beneficial holder of our stock;
- Whether the shareholder, any beneficial holder on whose behalf the notice is being delivered or any nominee has any agreement, arrangement or understanding with, or has received any financial assistance, funding or other consideration from, any other person with respect to the investment by the shareholder or such beneficial holder in us or the matter the notice relates to, and the details thereof;
- The name and address of the shareholder, any beneficial holder on whose behalf the notice is being delivered, any nominees listed in the notice and any persons with whom such agreement, arrangement or understanding exists or from whom such assistance has been obtained (each, an “Interested Person” or collectively, “Interested Persons”);
- A description of all equity securities and debt instruments of us or any of our subsidiaries beneficially owned by all Interested Persons;
- Whether and the extent to which any hedging, derivative or other transaction is in place or has been entered into by or for the benefit of any Interested Person with respect to us or our subsidiaries, the effect or intent of which is to increase or decrease the economic risk or voting power of such Interested Person;
- A representation that the shareholder is a holder of record of our stock that would be entitled to vote at the meeting and intends to appear in person or by proxy at the meeting to propose the matter set forth in the notice;
- The information regarding each nominee required by paragraphs (a), (e) and (f) of Item 401 of Regulation S-K adopted by the SEC;
- Each nominee’s signed consent to serve as a director of Harris if elected; and

Information as to whether each nominee is eligible for consideration as an independent director under the relevant standards contemplated by Item 407(a) of Regulation S-K.
