Section 2

Item 2.01 Completion of Acquisition or Disposition of Assets

Acquisition of Pleasant Valley Energy Corporation

On May 6, 2005, Tri-Valley Corporation completed the acquisition of Pleasant Valley Energy Corporation, a recently formed corporation. The acquisition was accomplished by means of a merger of Pleasant Valley Energy into a new, wholly owned subsidiary of Tri-Valley which was created for the purpose of completing the merger. After the merger, Pleasant Valley Energy continues its existence as a wholly owned subsidiary of Tri-Valley.

The consideration for the merger consisted of 200,000 shares of Tri-Valley common stock, which was exchanged for all of the outstanding equity securities of Pleasant Valley. The closing market price of Tri-Valley's common stock on the American Stock Exchange on May 6, the date of the merger, was \$12.32 per share. In addition, on the closing date, Tri-Valley, through Pleasant Valley, paid \$500,000 to the sole shareholder of Petrawest as consideration for assignment to Pleasant Valley of a net profits interest in certain oil and gas properties.

Prior to the merger, Pleasant Valley Energy was a wholly owned subsidiary of Petrawest Ltd., a Nevada limited liability company. Prior to the merger, neither Petrawest nor any of its officers, directors or shareholders had any relationship with Tri-Valley or any of its officers, directors or shareholders, and the merger terms and consideration were determined in arms' length negotiations between the parties.

Pleasant Valley's sole business is to own non-producing oil and gas properties in California that Tri-Valley intends to develop. It has no employees and no operations. Tri-Valley acquired the company in order to develop Pleasant Valley's properties. Under the terms of an assignment of oil and gas leases to Pleasant Valley by Petrawest, Pleasant Valley has agreed to invest at least \$5,000,000 over the next two years in oil and gas operations on the property assigned to Pleasant Valley by Petrawest. Tri-Valley expects that any funds to be used by

Edgar Filing: TRI VALLEY CORP - Form 8-K/A

Pleasant Valley to fulfill its operating expenditure commitment will come from investments by Tri-Valley or Tri-Valley's venture partners.

Tri-Valley is attempting to acquire additional oil and gas leases in the area of interest where Pleasant Valley's properties are located, and therefore Tri-Valley has not released any information on the location or other characteristics of Pleasant Valley's properties.

In connection with the merger, Tri-Valley has entered into a consulting agreement with the owner of Petrawest. The consulting agreement provides for Tri-Valley to pay a total of \$75,000 to the consultant for services over an 18 month period.

The shares of Tri-Valley's common stock that were issued to Petrawest in the exchange offer are all restricted securities as that term is defined in Rule 144 of the Securities and Exchange Commission. These shares were issued in reliance on the exemption from securities registration requirements contained in Section 4(2) of the Securities Act of 1933.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors and Stockholders of

Tri-Valley Corporation

Bakersfield, California

We have audited the accompanying balance sheet of Pleasant Valley Energy Corporation, as described in Note 1, for the year ended December 31, 2004. These financial statements are the responsibility of management. Our responsibility is to express an opinion on the balance sheet based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the balance sheet referred to above presents fairly, in all material respects, the financial position of Pleasant Valley Energy Corporation, for the year ended December 31, 2004, in conformity with accounting principles generally accepted in the United States of America.

TRI-VALLEY CORPORATION

PLEASANT VALLEY ENERGY CORPORATION

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2004

NOTE 1 - THE PROPERTIES

The accompanying balance sheet represents the financial position attributable to the properties acquired by the Company from Pleasant Valley Energy Corporation (PVCO). Tri-Valley acquired the properties for approximately \$1.7 million with an effective date of May 7, 2005. At the time of purchase, PVCO had not developed the property and all reserve estimates on the property are undeveloped. The Company intends to use the property for exploration, development and production of oil. The acquired properties and their related operations are included in Tri-Valley's financial statements from the date of closing.

NOTE 2 - BASIS OF PRESENTATION

The historical financial statements reflecting the results of operations and cash flows required by accounting principles generally accepted in the United States of America are not presented, since such information is neither readily available on an individual property basis nor meaningful for the properties acquired because the entire acquisition cost is being assigned to oil and gas properties. Furthermore, the Company omitted the statements of revenues and direct operating expenditures as the property purchased was non-producing and has not yet been developed.

NOTE 3 - CONTINGENT LIABILITIES

Given the nature of the properties acquired and as stipulated in the purchase agreement, Tri-Valley is subject to loss contingencies, if any, pursuant to existing or expected environmental laws, regulations and leases covering the acquired properties.

NOTES TO SUPPLEMENTARY INFORMATION

DECEMBER 31, 2004

NOTE 1 - BASIS OF PRESENTATION

The accompanying unaudited pro forma balance sheets and statements of operations for the year ended December 31, 2004 and the three months ended March 31, 2005 present the operating results of the Company as if the acquisition had occurred at the beginning of each respective period. The pro forma results are based on the Company's historical balance sheet and statement of operations for each period presented. The unaudited pro forma statements may not be indicative of the results that actually would have occurred if the acquisition had been effective during the prior periods presented or of any future results. The pro forma financial statements should be reviewed in conjunction with the Company's historical financial statements for the respective periods.

NOTE 2 - PRO FORMA ADJUSTMENTS

The accompanying unaudited pro forma balance and statement of operations for the year ended December 31, 2004 and the quarter ended March 31, 2005 reflect the following adjustments.

- A) To record the acquisition of properties based on the purchase price paid for the acquired properties.

- B) To record shares of Pleasant Valley Energy Corporation that were converted into Tri-Valley common stock. The Company issued 10 shares for every share of Pleasant Valley common stock. This resulted in a \$200 dollar increase in par value and a \$1,655,800 increase in additional paid in capital.
