INDEPENDENT AUDITORS' REPORT

American Electric Power Service Corporation, as Plan Administrator:

We have audited the accompanying statement of net assets available for benefits of the Central and South West Corporation Retirement Savings Plan (the "Plan") as of December 31, 2000, and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

Edgar Filing: AMERICAN ELECTRIC POWER COMPANY INC - Form 11-K

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by Plan management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2000, and the changes in net assets available for benefits for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules listed in the Table of Contents are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Report of Independent Public Accountants

To American Electric Power Service Corporation, as Plan Administrator:

We have audited the accompanying statement of net assets available for benefits of the Central and South West Corporation Retirement Savings Plan ("the Plan") as of December 31, 1999, and the related statement of changes in net assets available for benefits for the year ended December 31, 1999. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes

Edgar Filing: AMERICAN ELECTRIC POWER COMPANY INC - Form 11-K

assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 1999 and the changes in its net assets available for benefits for the year ended December 31, 1999, in conformity with accounting principles generally accepted in the United States.

CENTRAL AND SOUTH WEST CORPORATION
RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2000 AND 1999

1. PLAN DESCRIPTION

The following description of the Central and South West Corporation Retirement Savings Plan is provided for general information purposes only. Participants should refer to the Plan documents for more complete information.

The Central and South West Corporation (CSW or the Corporation) Employees' Thrift Plan (Thrift Plan), a defined contribution plan, was adopted by the Corporation effective December 22, 1959, and was renamed "Central and South West Corporation Thrift Plus" (Thrift Plus), effective January 1, 1991. It was renamed "Central and South West Corporation Retirement Savings Plan" (the "Plan"), effective July 1, 1997.

Edgar Filing: AMERICAN ELECTRIC POWER COMPANY INC - Form 11-K

On June 15, 2000 American Electric Power, Inc (AEP) merged with CSW so that CSW became a wholly-owned subsidiary of AEP. The merger agreement provides that the CSW qualified plans will remain in effect until July 1, 2002. The effect on the Plan subsequent to July 1, 2002 has not yet been determined.

The following former Central and South West System companies are participating employers in the Plan as of December 31, 2000:

- Central Power and Light Company (CPL)
- Public Service Company of Oklahoma (PSO)
- Southwestern Electric Power Company (SWEPCO)
- West Texas Utilities Company (WTU)
- Central and South West Services, Inc. (CSWS)
- CSW Energy, Inc. (CSWE)
- CSW Energy Services, Inc.
- C3 Communications, Inc.
- EnerShopSM Inc.

Effective May 15, 2000, Fidelity Management Trust Company (Fidelity) was appointed Trustee and Recordkeeper for the Plan and all Plan assets were transferred to Fidelity's custody as of that date. Prior to that date, Mellon Bank was the Trustee and Hewitt Associates was the Recordkeeper for the Plan. Some enhancements were made to the Plan in conjunction with the change to Fidelity, including immediate vesting by participants in employer contributions, thereby making them not subject to forfeiture. In addition, participants who terminate employment with the Corporation and have outstanding loans may elect the option of paying off the balance under the existing terms over the remaining life of the loan.

Any employee of the participating employers is eligible to become a voluntary participant once they have completed 1 hour of service. At December 31, 2000 and 1999, there were 8,509 and 7,917 participants in the Plan, respectively.

Generally, eligible employees electing to participate in the Plan may make contributions in 1% increments up to 20% of their salary. The employers contribute to the Plan, on behalf of each participant, an amount equal to 75% of the participant's contribution up to 6% of the participant's compensation for each payroll period, subject to certain limitations. All contributions are participant directed. All contributions are deposited to the trust after each pay period. The Tax Reform Act of 1986 restricts the amount that certain participants who are deemed highly compensated may contribute to the Plan. Participants are allowed to change investment elections, change contribution percentages, or move existing fund balances on a daily basis. Prior to May 15, 2000, forfeitures of the employer contributions without a fully vested interest resulting from termination of participation in the Plan were used by the

8

employers to reduce their future contributions. Forfeitures were reinstated if the participant was re-employed by a participating employer and returned to the Plan within five years. The forfeitures for the years ended December 31, 2000, and 1999, were \$78,151, and \$380,746, respectively.

Netcontributions made to the Plan by the employers and the

Edgar Filing: AMERICAN ELECTRIC POWER COMPANY INC - Form 11-K

participants for the years ended December 31, 2000, and 1999, were \$46,010,649, and \$44,025,105, respectively.

A participant's account shall be distributed at the option of the participant, to the participant or the participant's designated beneficiary, upon termination of employment or death. In the event of termination of a participant's employment before reaching age 55, other than by death, there shall be available to the participant for distribution the vested interest in the participant's account as a lump sum. A participant may make withdrawals at any time from any remaining contributions previously made, but not exceeding the entire balance in the account. Participants may elect to receive the funds either by lump sum, equal to market value at time of withdrawal, or an actuarially determined annuity payment, or by rolling the funds into another qualified plan of the participant's choice. Additionally, employees may direct that their contributions be made on an after-tax basis and/or a pre-tax basis in accordance with Section 401(k) of the Internal Revenue Code (Code). An employee's taxable income for federal income tax is reduced by any pre-tax contribution. Certain restrictions, as defined by the Code, are placed on the availability of those pre-tax accumulated funds.

American Electric Power Service Corporation has been the Plan Administrator since May 15, 2000. Prior to that time, the Plan was administered by CSW's Benefits Advisory Committee. Fidelity is the Trustee and Recordkeeper for all funds in the Plan at December 31, 2000.

Subsequent to May 15, 2000, participants may direct the investments of their contributions to any of the following funds:

The Fixed Income Fund, the objective of which is to invest in the Fidelity Retirement Government Money Market Portfolio and investment contracts from a wide variety of providers at varying annual interest rates.

The AEP Stock Fund, the objective of which is to invest in AEP common stock and temporary investments in the Fidelity Institutional Cash Portfolio Money Market Fund.

The Fidelity Puritan Fund, the objective of which is to invest in a broadly diversified portfolio of domestic and foreign common stocks, and preferred stocks and bonds, including lower-quality, high-yield debt securities. The prospectus for the Puritan Fund indicates that the Puritan Fund is a growth and income fund.

The Fidelity OTC Portfolio, the objective of which is to invest in common stocks, preferred stocks, securities convertible into common stocks, and debt securities that are traded on the over-the-counter (OTC) securities market. The prospectus for the OTC Portfolio indicates that the OTC Portfolio is a growth fund.

The Fidelity Overseas Fund, the objective of which is to invest in foreign securities, including common stocks and securities convertible into common stocks, as well as debt instruments. The prospectus for the Overseas Fund indicates that the Overseas Fund is an international growth fund.

The Fidelity Blue Chip Growth Fund, the objective of which is to invest in a diversified portfolio of common stocks of

well-known and established domestic and foreign companies. The prospectus for the Blue Chip Growth Fund indicates that the Blue Chip Growth Fund is a growth fund.

9

The Fidelity Equity-Income Fund, the objective of which is to seek reasonable income and also to consider the potential for capital appreciation. The fund seeks a yield that exceeds the yield on the securities comprising the Standard and Poor's 500 index and normally invests at least 65% of its total assets in income-producing equity securities, while potentially investing in other types of equity securities and debt securities, including lower-quality debt securities.

The Fidelity Low-Priced Stock Fund, the objective of which is to seek capital appreciation by normally investing at least 65% of total assets in low-priced common stocks (\$35 or less at time of purchase), which can lead to investments in small and medium-sized companies.

The Fidelity Freedom Income Fund, the objective of which is to seek high current income and, secondarily, to seek capital appreciation. The fund invests in a combination of Fidelity equity, fixed-income, and money market funds (underlying Fidelity Funds) and allocates its assets among these funds according to a stable asset allocation strategy designed for investors already in retirement.

The Fidelity Freedom 2000 Fund, the objective of which is to seek high total return, by investing in a combination of Fidelity equity, fixed-income, and money market funds (underlying Fidelity funds) and allocating its assets among these funds according to an asset allocation strategy that becomes increasingly conservative as Freedom 2000 approaches its target retirement date. Targeted to investors expected to retire around the year 2000.

The Fidelity Freedom 2010 Fund, the objective of which is to seek high total return, by investing in a combination of Fidelity equity, fixed-income, and money market funds (underlying Fidelity funds) and allocating its assets among these funds according to an asset allocation strategy that becomes increasingly conservative as Freedom 2010 approaches its target retirement date. Targeted to investors expected to retire around the year 2010.

The Fidelity Freedom 2020 Fund, the objective of which is to seek high total return, by investing in a combination of Fidelity equity, fixed-income, and money market funds (underlying Fidelity funds) and allocating its assets among these funds according to an asset allocation strategy that becomes increasingly conservative as Freedom 2020 approaches its target retirement date. Targeted to investors expected to retire around the year 2020.

The Fidelity Freedom 2030 Fund, the objective of which is to seek high total return, by investing in a combination of Fidelity equity, fixed-income, and money market funds (underlying Fidelity funds) and allocating its assets among these funds according to an asset allocation strategy that

Edgar Filing: AMERICAN ELECTRIC POWER COMPANY INC - Form 11-K

becomes increasingly conservative as Freedom 2030 approaches its target retirement date. Targeted to investors expected to retire around the year 2030.

The Fidelity Freedom 2040 Fund, the objective of which is to seek high total return, by investing in a combination of Fidelity equity, fixed-income, and money market funds (underlying Fidelity funds) and allocating its assets among these funds according to an asset allocation strategy that becomes increasingly conservative as Freedom 2040 approaches its target retirement date. Targeted to investors expected to retire around the year 2040.

10

The Fidelity Spartan U.S. Equity Index Portfolio, the objective of which is to invest in a group of common stocks. The prospectus for the Spartan U.S. Equity Index Portfolio indicates that the Spartan U.S. Equity Index Portfolio is a growth and income fund which is designed to approximate the composition and total return of the S&P 500.

During 1999 and prior to May 15, 2000, participants could direct the investment of their contributions to any combination of the following funds:

Fixed Income Fund, the objective of which is to invest in fixed income securities such as guaranteed investment contracts, temporary cash investments, government obligations and other fixed income securities that have been selected by the Investment Committee.

CSW Corporation Stock Fund, the objective of which is to invest in Central and South West Corporation common stock. In 1994, the fund enrolled in the CSW PowerShare Dividends Reinvestment and Stock Purchase Plan with the intention of reducing the administrative expenses of the Plan associated with the payment of dividends.

Asset Allocation Fund, the objective of which is to invest in equity mutual funds and a fixed income corporate bond fund. The allocation between equity mutual funds and the fixed income corporate bond fund may be shifted from time to time based on the attractiveness of the stock market.

Capital Appreciation Fund, the objective of which is to invest in mutual funds that have a goal of long-term growth with no emphasis on current income. The mutual funds purchase stocks of rapidly growing companies or companies with the potential for exceptional growth.

Growth and Income Fund, the objective of which is to invest in mutual funds whose goal is a combination of both growth and current income. These mutual funds purchase stocks of growing companies as well as those whose share price has increased while paying steady dividends.

Participants may transfer the value of their own cumulative contributions, in any whole percentage or dollar amount, among investments, change their investment elections, and change their contribution percentage as often as they like. Except for their pre-tax

Edgar Filing: AMERICAN ELECTRIC POWER COMPANY INC - Form 11-K

contributions, participants may withdraw their interest in the Plan twice a year, including company matching contributions which are immediately vested. Pre-tax contributions are not eligible for withdrawal by participants not yet age 59-1/2.

Participants may borrow from their savings plan accounts, a minimum of \$1,000 (\$500 prior to May 2000) up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from one year to 60 months, except for certain loans to purchase a home for which the maximum term is 15 years. Interest rates, fixed for the life of the loan, are established by the Plan Administrator in accordance with the requirements of law. Active employees make principal and interest payments through payroll deductions. Retirees/surviving spouses make monthly payments using a coupon book.

2. ACCOUNTING POLICIES

The accompanying financial statements are prepared on the accrual basis of accounting. Certain reclassifications have been made in the 1999 financial statements to conform with the 2000 presentation.

11

Investments have been recorded based on the trade-date and are reported in the Statements of Net Assets Available for Benefits at fair value or contract value. The AEP and CSW Stock Fund investments are valued at year-end quoted closing prices. The year-end valuations for the various Fidelity funds are based on the closing market prices for the underlying securities as provided by the Trustee.

Dividends and interest income are recorded as earned. These amounts are reinvested by the Trustees in the same funds which generated such income. Investment management fees are accounted for as a reduction in net investment income. Beginning in May 2000, all other Plan administration expenses are paid by the employer with the exception of per transaction charges for withdrawals and minimum required distributions which are borne by the participants.

Distributions are recorded when paid. There were no amounts due to participants who requested distributions from the Plan at December 31, 2000 and 1999.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

3. INVESTMENTS EXCEEDING 5% OF PLAN NET ASSETS

Edgar Filing: AMERICAN ELECTRIC POWER COMPANY INC - Form 11-K

Investments exceeding five percent of net assets were:

	Fair Value	
	December 31, 2000	1999
AEP Common Stock	\$230,499,010	\$ -
FMTC US Govt. Reserve	177,623,922	-
Fidelity Blue Chip Growth Fund	159,127,794	-

CSW Common Stock	-	175,648,048
LaSalle Income Plus Fund	-	93,235,466
Harbor Fund	-	57,466,938
Twentieth Century Investors Ultra Fund	-	64,250,636
Janus Fund	-	57,645,322
Waddell & Reed United Income Fund	-	47,400,479
ICAP Funds Equity Portfolio	-	43,915,398

12

4. NET APPRECIATION (DEPRECIATION) IN FAIR VALUE OF INVESTMENTS

During 2000 and 1999, the Plan's investments (including investments bought, sold as well as held during the year) appreciated (depreciated) in value by \$26,663,750 and \$(23,127,249), respectively, as follows:

	Appreciation (Depreciation) In Fair Value	
	Year Ended December 31, 2000	1999
Investments at Fair Value:		
Central and South West Corporation		
Common Stock	\$ 10,125,387	\$(63,117,410)
American Electric Power Company		
Common Stock	59,184,228	-
Registered Investment Companies	(42,605,337)	42,586,397
Investments at Estimated Fair Value:		
Bank Investment and		
Other Fixed Income Contracts	(40,528)	(2,596,236)
Total	\$ 26,663,750	\$(23,127,249)

Edgar Filing: AMERICAN ELECTRIC POWER COMPANY INC - Form 11-K

5. FEDERAL INCOME TAX

The Internal Revenue Service (IRS) has determined that the Plan meets the requirements of Section 401(a) of the Code; therefore, the Plan is exempt from federal income tax pursuant to Section 501(a) of the Code.

The Plan obtained its latest determination letter on August 17, 1999, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Under current income tax laws and regulations, participants are not subject to federal income tax on the employer contributions to their accounts or on the accumulated earnings on employee and employer contributions until such amounts are distributed to participants. Employees have the option to make contributions to the Plan on a pre-tax basis, in which case federal income tax is deferred until pre-tax contributions and earnings are distributed.

6. RECONCILIATION OF THE 1999 FINANCIAL STATEMENTS TO FORM 5500

A reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 1999, is as follows:

	1999

Net assets available for benefits, per the financial statements	\$753,191,511
Amounts allocated to withdrawing participants	(1,796,815)

Net assets available for benefits, per the Form 5500	\$751,394,696
	=====

13

A reconciliation of benefits distributed to participants per the financial statements to the Form 5500 at December 31, 1999, is as follows:

	1999

Benefits distributed per the financial statements	\$ 56,682,066
Amounts allocated to withdrawing participants, at December 31	1,796,815
Amounts allocated to withdrawing participants, at December 31 (1998)	(1,142,357)

Benefits paid to participants per the Form 5500	\$ 57,336,524
	=====

Amounts allocated to withdrawing participants are recorded on the Form

Edgar Filing: AMERICAN ELECTRIC POWER COMPANY INC - Form 11-K

5500 for benefit claims that have been processed and approved for payment prior to December 31 but not yet paid as of that date.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, AEP has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants remain 100 percent vested in their accounts.

8. RELATED-PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest.
