Edgar Filing: IEC ELECTRONICS CORP - Form NT 10-K

Results of operations for the fiscal year ended September 30, 2002 are significantly higher than the same period in 2001. During fiscal 2001, an impairment write down of \$12.6 million and restructuring charge of \$1.4 million were recorded. These items did not repeat to the same extent in fiscal 2002 and accordingly the Company's earnings statements will reflect improved earnings for fiscal 2002. In addition, the Company will report \$1.2 million in income from a settled lawsuit with Acterna Corporation. This was offset by a charge to earnings of \$900,000 related to a write down of the Arab, Alabama facility. In addition, there was a write off of approximately \$3.9 million related to the sale of IEC-Mexico, and a \$337,000 write down of the Company's Texas facility. The fiscal 2002 financial statements will now reflect IEC-Mexico as discontinued operations.

As a result of the overall decline in the electronics manufacturing services industry and a change in the Company's business strategy, the Company will report lower sales for the 2002 fiscal year compared to the same period in 2001.
