Accordingly, the financial statements do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. The consolidated financial statements include the accounts of the Company and its subsidiaries. All significant intercompany accounts and transactions have been eliminated. In the opinion of management, all adjustments consisting of normal recurring accruals considered necessary for a fair presentation of the results for the interim periods presented have been included.

These results have been determined on the basis of generally accepted accounting principles and practices applied consistently with those used in the preparation of our Annual Financial Statements for the year ended June 30, 2000. Operating results for the three months and nine months ended March 31, 2001 are not necessarily indicative of the results that may be expected for the year ending June 30, 2001. NOTE 2 - GOODWILL IMPAIRMENT AND FORGIVENESS OF LOAN RECEIVABLE

Pursuant to SFAS No. 121 "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed of," we evaluated the recoverability of the long-lived assets, primarily the loan receivable from WRI and the goodwill recorded upon the acquisition of Lorilei. On January 26, 2001, we entered into a Superseder and Exchange Agreement with Yankees, WRI and Michael A. Caputa. In summary the agreement calls for Michael Caputa, WRI's

Edgar Filing: AMERINET GROUP COM INC - Form 10QSB

president, to return 500,380 shares of our common stock originally issued to him. In exchange for the common stock, we have forgiven the debt owed to us by WRI and for WRI to distribute to the stockholders of our company 20% of its common stock after its registration with the Commission. Upon completion of the transactions contemplated by the agreements, we will no longer have any equity interest in WRI. In connection with this agreement, we recorded a non-cash charge of \$222,983, adjusting the carrying value of the loan to its estimated fair value of \$-0-. Additionally, we recorded a non-cash charge of \$630,791, adjusting the carrying value of the unamortized portion of the goodwill recorded upon the acquisition of Lorilei to its estimated fair value of \$-0-.

Stock Options

On December 21, 2000, we adopted the "Amerinet Group.com, Inc. 2001 Officers' & Directors' Stock Option Plan" (the Plan). The Plan became effective on January 1, 2001. The purpose of this plan include attracting and retaining the best personnel and promoting the success of the Company by providing employees and directors the opportunity to acquire common stock. The Plan authorizes us to grant to each board member options to purchase 15,000 common shares during the twelve-month period commencing January 1, 2001 to December 31, 2001 at \$.27 per share. These options vest as at 1,000 options per month with all unvested options vesting on December 31, 2001. For services on a permanent committee, the option will increase by an additional 10,000 shares and will vest at a rate of 800 shares per month with all unvested options vesting on December 31, 2001. For service as the chair of a permanent committee, the option will increase by an additional 5,000 shares and will vest at a rate of 400 shares per month with all unvested options vesting on December 31, 2001. As of March 31, 2001, no options have been granted under this plan.

We have elected to account for the stock options under Accounting principles Board Opinion No. 25, "Accounting for Stock Issued to Employees," and related interpretations. Accordingly, no compensation expense has been recognized on the employee stock options. We account for stock options granted to consultants under Financial Accounting Standards Board Statement No. 123, "Accounting For Stock-Based Compensation".

We issued 223,440 stock options to Yankee during the quarter ended September 30, 2000. We recorded compensation expense of \$151,939.

We recognized \$129,505 in compensation expense for the three months ended December 31, 2000 in connection with an increase of 479,649 shares of common stock underlying the Yankee option to purchase up to 12 1/2% of the outstanding and reserved common shares of our company.

NOTE 7 - SUBSEQUENT EVENTS

During April 2001, we granted 83,000 options pursuant to the "Amerinet Group.com, Inc. 2001 Officers' & Directors' Stock Option Plan". The options can be exercised at \$.27 per share and expire on December 31, 2003.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Recent Developments Pertaining to Implementation of Plan of Operation

Our ability to continue as a going concern is dependent upon its ability to attain a satisfactory level of profitability and to continue to have access to suitable financing. Management believes that divesting our company of its unprofitable subsidiaries, Trilogy International, Inc. and Vista Vacations, Inc. at June 30, 2000, was a significant step towards accomplishing this goal.

AmeriCom

In September 2000, our company organized a new subsidiary, AmeriNet Communications, Inc., A Florida corporation ("AmeriCom") and assigned it most of Lorilei's assets, personnel and operations. AmeriCom's target markets were redirected and expanded. All business formerly conducted by our company's Lorilei subsidiary have been conducted by AmeriCom since October 1, 2000. Based on an operating plan developed by our company's chief financial officer and chief operating officer, it was expected that AmeriCom would produce net operating income for the three month period ended December 31, 2000 and that by the end of our fiscal year June 30, 2001 AmeriCom would significantly contribute to the earnings of our company.

Operations of AmeriCom did not produce the expected results and the subsidiary experienced significant operating losses for the three-month period ended December 31, 2000. Because of the disappointing operating results of AmeriCom and without assurances of an immediate turnaround, Yankees informed our company in early December 2000, that it was unwilling to lend any additional funds to our company for use in funding the operating deficit at AmeriCom. In as much as our company has no current financing available from sources other than Yankees it has been unable to provide any funds to AmeriCom since early December. AmeriCom has continued to operate by deferring payables, but without additional financing it is uncertain as to whether the company can continue in business. AmeriCom has made major management changes, and Edward C. Dmytryk, also the president of our company, was elected president of AmeriCom during February of 2001. In addition, in February, our AmeriCom subsidiary has ceased operations. AmeriCom is re-evaluating its market and is in the process of developing projects such as The GreenGrouper website and related businesses.

Page 11

Edgar Filing: AMERINET GROUP COM INC - Form 10QSB

WRI

Our company and the principals of WRI have entered into a superseder and exchange agreement. The agreement was filed with the Commission on Form 8-K on February 8, 2001. In summary the agreement calls for Michael Caputa, WRI's president, to return 500,380 shares of our company's common stock originally issued to him, for our company to forgive the debt owed to it by WRI and for WRI to distribute to the stockholders of our company 20% of its common stock after its registration with the Commission. Upon completion of the transactions contemplated by the agreements our company will no longer have any equity interest in WRI. The parties executed the final agreement on January 26, 2001, although we have not closed this transaction as of March 31, 2001.

Park City Group, Inc.

On March 12, 2001, we signed a letter of intent to acquire Park City Group, Inc. ("Park City"), a software developer headed by the co-founder of the internationally renowned Mrs. Fields' Cookies. Under the terms of the proposed agreement, Park City would receive 78% of all the issued and outstanding shares of AmeriNet in exchange for 100 percent of its common shares. AmeriNet shareholders would retain 18% of the company. AmeriNet will also raise up to \$1 million through a private placement, which will account for up to 4 % of the common stock to be outstanding after the acquisition. The funds will be used for Park City operations, future acquisitions, as well as research and development.

AmeriNet's existing operating subsidiaries, Wriwebs.com, Inc. and AmeriNet Communications, Inc., and all other investments in securities would be spun off to AmeriNet stockholders, or their successors in interest, as of a date preceding the Park City acquisition, or otherwise disposed of prior to closing.

Park City is a Park City, Utah-based provider of proprietary software applications primarily for multi-unit retail operations. Through its ActionManager Enterprise Application Suite, Park City offers management and staff solutions to a variety of operations issues and greatly reduces dependence on paper transactions. In its most recent fiscal year, Park City had un-audited revenues of just more than \$6 million with pretax profits of \$2.4 million. It currently has 56 employees servicing such major accounts as Victoria's Secret, The Home Depot, Pacific Sunwear, Crate & Barrel, Bath & Body Works, Universal Studios - Orlando, Bi-Lo Foods, William-Sonoma and Wawa.

The transaction is contingent upon, among other things, certain due diligence, board approval, shareholder consent and the execution of definitive agreements. As a result, there are no assurances that the transaction will be consummated.

RESULTS OF OPERATIONS

Edgar Filing: AMERINET GROUP COM INC - Form 10QSB

The condensed statement of operations for our company for the three months and nine months ended March 31, 2001 includes operations of our company at the holding company level and its wholly owned subsidiaries Lorilei and AmeriCom. In addition, 20% of the operating gains or losses of our company's affiliate WRI are included in our company's consolidated financials. For the three months and nine months ended March 31, 2000, the condensed statement of operations included our company for the entire period; our company's formerly wholly owned subsidiary AITC for the two months ended November 30, 1999; our formerly wholly owned subsidiary Trilogy for the four month ended March 31, 2000 and 20% of the operating losses of WRI for the four month ended March 31, 2000.

For the three and nine months ended March 31, 2001, we reported revenues of \$22,524 and \$367,793, respectively, all of which were generated by our subsidiary company AmeriCom. Revenues for the three and nine months ended March 31, 2000 were \$45,063 and \$249,941, respectively, and were generated by our former subsidiaries AITC and Trilogy. Due to our decision to close our unprofitable subsidiaries, our revenues have decreased substantially.

Cost of revenues for the three and nine months ended March 31, 2001, were \$2,355 and \$248,569, respectively, as compared to cost of revenues for the three and nine months ended March 31, 2000 of \$18,398 and \$176,476. Due to our decision to close our unprofitable subsidiaries, our cost of revenues have decreased substantially.

Our company as a whole reported a net loss applicable to common stock for the nine months ended March 31, 2001 of \$5,125,915. These losses were comprised of equity in the loss of WRI (20%) of \$19,710; net operating loss of our subsidiaries Lorilei and AmeriCom of \$1,015,862 which includes a writedown of the Lorilei's goodwill of \$630,791 and a net loss for the holding company of \$4,090,343.

For the three months ended March 31, 2000, our company's losses were \$1,539,544 based on the following factors: selling, general and administrative expenses for the three months ended March 31, 2001 were \$1,505,264 compared to \$522,096 for the three months ended March 31, 2000. \$51,249 of the expense for the current period was incurred by our subsidiary AmeriCom in the normal course of business. The remaining \$1,454,015 was incurred at the holding company level a large portion of which consisted of non-cash expenses. In connection with the issuance of our preferred stock for services and in exchange for debt, we recorded a charge of \$1,028,444 to reflect the beneficial conversion feature of the preferred stock issued to Yankees and other related parties. Certain employees and consultants to our company agreed to defer a total of \$92,873 in compensation earned by them during the period. The expense was recognized and a corresponding in subscriptions payable was added to stockholders' equity. Our company recognized a compensation expense of \$138,434 in connection with the increase of 516,545 shares of common stock underlying the Yankee option to purchase up to 12 1/2% of the outstanding shares of our company's common stock. Additionally, we issued preferred shares for services amounting to \$30,000. These non-cash expenses totaled \$1,289,751. The remaining \$164,264 of selling, general and administrative expense for the period was incurred at the holding company level in the normal course of conducting its business.

Depreciation and amortization expense for the three months ended March 31, 2001 was \$9,313 as compared to an expense of \$342,084 for the three months ended March 31, 2000. For the three months ended March 31, 2000, we recorded

Edgar Filing: AMERINET GROUP COM INC - Form 10QSB

amortization of goodwill attributable to our company's former wholly owned subsidiary, Trilogy.

Interest expense was \$10,684 for the three months ended March 31, 2001 compared to \$8,853 for the same period in 2000.

LIQUIDITY AND CAPITAL RESOURCES

At March 31, 2001 we had cash on hand of \$3,442 compared to \$119,785 at March 31, 2000. At March 31, 2001, we had a working capital deficit of \$793,739 compared to a working capital deficit at March 31, 2000 of \$_____. The deficit in working capital at March 31, 2001 was related principally to accounts payable and accrued expenses at the subsidiary level in excess of accounts receivable and the current portion of capital leases and loans payable at the subsidiary level. A similar situation existed at March 31, 2000; however, the subsidiary contributing to the deficit at that time was our former subsidiary Trilogy whereas at March 31, 2001 the deficit is principally attributable to our subsidiaries Lorieli and AmeriCom.

Our company and its subsidiaries have accumulated a net deficit of \$15,762,305 since inception. This gives rise to questions regarding the ability of our company to continue as a going concern. The deficit for the three months ended March 31, 2001 is \$1,539,544. Management has implemented significant cost reductions though our discontinuance of unprofitable operations. With the assistance of Yankees, we are actively exploring acquisitions of operating companies and related infusions of capital which would materially improve our cash flow, liquidity and profitability, however we can not assure that it will be successfully implemented.

Our company relies on Yankees for capital required to fund operating cash deficits and has a financing agreement with Yankees pursuant to which Yankees has granted our company a conditional \$1,000,000 revolving line of credit. As of March 31, 2001, Yankees had loaned our company an aggregate of \$_____. The loans are secured by all of our company's assets, including the capital stock in its subsidiaries. At our request, Yankees has converted all of its loans to date into shares of our company's common stock and Class A Preferred Stock. As of March 31, 2001, Yankees had converted \$_____ of its aggregate loans into equity. Our company's continuing liquidity and access to capital is totally reliant on Yankees and investors introduced to our company by Yankees.
