### Compensatory Arrangements of Certain Officers

Non-Equity Incentive Plan Compensation. At its meeting on June 8, 2010, the Personnel & Compensation Committee of the Kaman Corporation Board of Directors approved payment of long-term incentive program ("LTIP") awards to certain of the company's named executive officers for the completed three-year performance period January 1, 2007 – December 31, 2009 (the "completed performance period"). LTIP awards are made under the terms of the company's 2003 Stock Incentive Plan and in accordance with the plan, the Committee reviewed the company's actual financial performance compared to the average of the companies comprising the Russell 2000 index for the same performance period utilizing the following factors: three-year average return on investment (weighted 40%), average annual growth in earnings per share (weighted 40%), and total three-year return to shareholders (weighted 20%). Financial performance in the 1st quartile results in no award payment; performance at the median results in an award payment at 100% of target; and performance at the top of, or above, the 3rd quartile results in a maximum payment of 200% of target. Interpolation is used to determine payments for financial performance between the quartiles.

Based upon the results of that review, the Committee determined that the award percentage for the completed performance period was 200% of target and approved the following payments (which were made in cash because each individual meets his/her stock ownership guideline requirements) which are shown together with a new total compensation figure to update the Summary Compensation Table for Fiscal Year 2009 to include the LTIP payment:

Name	Principal Position	LTIP Payment (Non-Equity Incentive Plan Compensation) (\$)	Total (\$)
Candace A. Clark	Senior Vice President and Chief Legal Officer	619,400	1,711,761
Ronald M. Galla	Senior Vice President and Chief Information Officer	507,600	1,427,856

These award amounts are the same as the estimated amounts disclosed by the company in its 2010 proxy statement; the amounts were estimated at that time because it was not possible to compare the company's performance results to that of the Russell 2000 index companies as information for only a small percentage of index companies was available. All awards were paid in cash.

The company's other current named executive officers, Neal J. Keating, Chairman, President and Chief Executive Officer, William C. Denninger, Senior Vice President and Chief Financial Officer and Gregory L. Steiner, President of Kaman Aerospace Group, Inc. (a subsidiary of the company) did not participate in the completed performance period because they were not associated with the company when the performance period began on January 1, 2007.

### Non-Employee Director Compensation

On June 8, 2010, the Corporate Governance Committee of the Kaman Corporation Board of Directors recommended to the Board of Directors (the "Board") a revised annual compensation fee schedule for non-employee directors which was approved by the Board on the same date. The revised fee schedule, effective July 1, 2010, as compared to the current fee schedule, which has been in effect since January 1, 2008, is as follows:

The revised fee schedule is the result of a review undertaken by the Corporate Governance Committee in accordance with its charter, which contemplates a biennial review. The Committee was assisted in this process by Mr. Geoffrey Wiegman, an independent consultant who also assists the Board's Personnel & Compensation Committee. Mr. Wiegman provided recommendations, which were adopted by the Committee, based upon his review of director

compensation levels and practices for the group of Russell 2000 companies utilized for executive compensation analysis purposes and reflected in the Company's 2010 Proxy Statement and reports issued by the Conference Board, the National Association of Corporate Directors and Towers Watson. The changes in board compensation levels reflect the increased time commitment for directors during the past few years and current market practices.
