FORWARD-LOOKING STATEMENTS

The Private Securities Litigation Reform Act of 1995 provides a “safe harbor” for forward-looking statements. This report contains information that may be deemed forward-looking that is based largely on our current expectations, and is subject to certain risks, trends and uncertainties that could cause actual results to differ materially from those anticipated. Among such risks, trends and other uncertainties, which in some instances are beyond our control, are our ability to generate cash flows and maintain liquidity sufficient to service our debt, comply with or obtain amendments or waivers of the financial covenants contained in our credit facilities, if necessary, and to refinance our debt as it comes due.

Other risks and uncertainties include the impact and duration of continuing adverse conditions in certain aspects of the economy affecting our business, changes in advertising demand, potential changes in newsprint and other commodity prices, energy costs, interest rates, labor costs, legislative and regulatory rulings, difficulties in achieving planned expense reductions, maintaining employee and customer relationships, increased capital costs, maintaining our listing status on the NYSE, competition and other risks detailed from time to time in our publicly filed documents.

Any statements that are not statements of historical fact (including statements containing the words “may”, “will”, “would”, “could”, “believe”, “expect”, “anticipate”, “intend”, “plan”, “project”, “consider” and similar expressions) generally should be considered forward-looking statements. Readers are cautioned not to place undue reliance on such forward-looking statements, which are made as of the date of this release. We do not undertake to publicly update or revise our forward-looking statements.

LEE ENTERPRISES, INCORPORATED
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

1 BASIS OF PRESENTATION

The Consolidated Financial Statements included herein are unaudited. In the opinion of management, these financial statements contain all adjustments (consisting of only normal recurring items) necessary to present fairly the financial position of Lee Enterprises, Incorporated and subsidiaries (the "Company") as of March 31, 2013 and their results of operations and cash flows for the periods presented. The Consolidated Financial Statements should be read in conjunction with the Consolidated Financial Statements and Notes thereto included in the Company's 2012 Annual Report on Form 10-K.

Because of seasonal and other factors, the results of operations for the 13 weeks and 26 weeks ended March 31, 2013 are not necessarily indicative of the results to be expected for the full year.

Certain amounts as previously reported have been reclassified to conform with the current period presentation. See Notes 2 and 4.

References to "we", "our", "us" and the like throughout the Consolidated Financial Statements refer to the Company. References to "2013", "2012" and the like refer to the fiscal years ended the last Sunday in September.

The Consolidated Financial Statements include our accounts and those of our subsidiaries, all of which are wholly-owned, except for our 50% interest in TNI Partners ("TNI"), 50% interest in Madison Newspapers, Inc. ("MNI"), and 82.5% interest in INN Partners, L.C.

On December 12, 2011, the Company and certain of its subsidiaries filed voluntary, prepackaged petitions in the U.S. Bankruptcy Court for the District of Delaware (the "Bankruptcy Court") for relief under Chapter 11 of the U.S. Bankruptcy Code (the "U.S. Bankruptcy Code") (collectively, the "Chapter 11 Proceedings"). Our interests in TNI Partners and Madison Newspapers, Inc., as discussed more fully below, were not included in the filings. During the Chapter 11 Proceedings, we, and certain of our subsidiaries, continued to operate as "debtors in possession" under the jurisdiction of the Bankruptcy Court and in accordance with the applicable provisions of the U.S. Bankruptcy Code. In general, as debtors-in-possession, we were authorized under the U.S. Bankruptcy Code to continue to operate as an ongoing business, but were not to engage in transactions outside the ordinary course of business without the prior approval of the Bankruptcy Court.

On January 23, 2012, the Bankruptcy Court approved our Second Amended Joint Prepackaged Plan of Reorganization (the "Plan") under Chapter 11 of the U.S. Bankruptcy Code and on January 30, 2012 (the "Effective Date") the Company emerged from the Chapter 11 Proceedings. On the Effective Date, the Plan became effective and the transactions contemplated by the Plan were consummated. Implementation of the Plan resulted primarily in a comprehensive refinancing of our debt. The Chapter 11 Proceedings did not adversely affect employees, vendors, contractors, customers or any aspect of Company operations. Stockholders retained their interest in the Company, subject to modest dilution. See Notes 5 and 12.

2 DISCONTINUED OPERATIONS

In March 2013, we sold The Garden Island newspaper and digital operations in Lihue, HI for \$2,000,000 in cash, plus an adjustment for working capital. The transaction resulted in a loss of \$2,170,000, after income taxes, and is recorded in discontinued operations in the Consolidated Statements of Operations and Comprehensive Income (Loss) in the 13 weeks ended March 31, 2013. Operating results of The Garden Island have been classified as discontinued operations

for all periods presented.

6

Edgar Filing: LEE ENTERPRISES, INC - Form 10-Q

Assets and liabilities of the The Garden Island at February 28, 2013 are summarized as follows:

(Thousands of Dollars)	February 28 2013
Current assets	433
Property and equipment, net	770
Goodwill	500
Other intangible assets, net	4,025
Current liabilities	(271)
Assets, net	5,457

In October 2012, we sold the North County Times in Escondido, CA for \$11,950,000 in cash, plus an adjustment for working capital. The transaction resulted in a gain of \$1,167,000, after income taxes, and is recorded in discontinued operations in the Consolidated Statements of Operations and Comprehensive Income (Loss) in the 13 weeks ended December 30, 2012. Operating results of the North County Times have been classified as discontinued operations for all periods presented.

Assets and liabilities of the North County Times at September 30, 2012 are summarized as follows:

(Thousands of Dollars)	September 30 2012
Current assets	2,093
Property and equipment, net	5,158
Goodwill	3,042
Other intangible assets, net	1,920
Current liabilities	(1,714)
Assets, net	10,499

Results of discontinued operations consist of the following:

(Thousands of Dollars)	13 Weeks Ended		26 Weeks Ended	
	March 31 2013	March 25 2012	March 31 2013	March 25 2012
Operating revenue	517	7,627	1,321	16,087
Costs and expenses	(698))(8,066)(1,697)(16,305)

Loss on sale of The Garden Island	(3,340)—	(3,340)—
Loss from discontinued operations, before income taxes	(3,521)(439)(1,916)(218)
Income tax benefit	(1,228)(154)(669)(77)
Net loss	(2,293)(285)(1,247)(141)

3INVESTMENTS IN ASSOCIATED COMPANIES

TNI Partners

In Tucson, Arizona, TNI, acting as agent for our subsidiary, Star Publishing Company (“Star Publishing”), and Citizen Publishing Company (“Citizen”), a subsidiary of Gannett Co. Inc., is responsible for printing, delivery, advertising, and circulation of the Arizona Daily Star as well as the related digital platforms and specialty publications. TNI collects all receipts and income and pays substantially all operating expenses incident to the partnership's operations and

publication of the newspapers and other media.

Income or loss of TNI (before income taxes) is allocated equally to Star Publishing and Citizen.

7

Summarized results of TNI are as follows:

(Thousands of Dollars)	13 Weeks Ended		27 Weeks	26 Weeks
	March 31 2013	March 25 2012	Ended March 31 2013	Ended March 25 2012
Operating revenue	15,922	15,201	33,466	31,723
Operating expenses, excluding workforce adjustments, depreciation and amortization	13,114	12,880	26,751	25,940
Workforce adjustments	—	—	—	(64
Operating income	2,808	2,321	6,715	5,847
Company's 50% share of operating income	1,404	1,161	3,358	2,924
Less amortization of intangible assets	181	181	361	361
Equity in earnings of TNI	1,223	980	2,997	2,563

Certain assets utilized by TNI are owned by Star Publishing and Citizen. Star Publishing's 50% share of TNI depreciation and certain general and administrative expenses associated with its share of the operation and administration of TNI are reported as operating expenses (benefit) in our Consolidated Statements of Operations and Comprehensive Income (Loss). These amounts totaled \$(108,000) and \$(207,000) in the 13 weeks ended March 31, 2013 and March 25, 2012, respectively, \$(276,000) in the 27 weeks ended March 31, 2013 and \$(312,000) in the 26 weeks ended March 25, 2012.

Annual amortization of intangible assets is estimated to be \$468,000 in the 52 week period ending March 2014 and \$418,000 in each of the 52 week periods ending March 2015, March 2016, March 2017 and March 2018.

Madison Newspapers, Inc.

We have a 50% ownership interest in MNI, which publishes daily and Sunday newspapers, and other publications in Madison, Wisconsin, and other Wisconsin locations, and operates their related digital platforms. Net income or loss of MNI (after income taxes) is allocated equally to us and The Capital Times Company ("TCT"). MNI conducts its business under the trade name Capital Newspapers.

Summarized results of MNI are as follows:

(Thousands of Dollars)	13 Weeks Ended		26 Weeks Ended	
	March 31 2013	March 25 2012	March 31 2013	March 25 2012
Operating revenue	15,474	16,173	34,038	35,630
Operating expenses, excluding workforce adjustments, depreciation and amortization	13,628	14,353	27,677	29,447
Workforce adjustments	(11)2	(11)28
Depreciation and amortization	381	423	764	847
Operating income	1,476	1,395	5,608	5,308
Net income	952	899	3,495	3,359
Equity in earnings of MNI	510	450	1,781	1,678

4 GOODWILL AND OTHER INTANGIBLE ASSETS

Changes in the carrying amount of goodwill are as follows:

(Thousands of Dollars)	26 Weeks Ended March 31 2013	
Goodwill, gross amount	1,536,000	
Accumulated impairment losses	(1,288,729)
Goodwill, beginning of period, as previously reported	247,271	
Goodwill allocated to discontinued operations	(3,542)
Goodwill, beginning of period, as reclassified	243,729	
Goodwill, end of period	243,729	

Identified intangible assets consist of the following:

(Thousands of Dollars)	March 31 2013	September 30 2012
Nonamortized intangible assets:		
Mastheads	28,605	28,605
Amortizable intangible assets:		
Customer and newspaper subscriber lists	855,773	855,773
Less accumulated amortization	456,458	437,366
	399,315	418,407
Noncompete and consulting agreements	28,524	28,524
Less accumulated amortization	28,520	28,519
	4	5
	427,924	447,017

In assessing the recoverability of goodwill and other nonamortized intangible assets, we annually assess qualitative factors affecting our business to determine if the probability of a goodwill impairment is more likely than not. Our assessment includes reviewing internal and external factors affecting our business such as cash flow projections, stock price and other industry or market considerations. This assessment is normally made in the last fiscal quarter of each year.

We analyze goodwill and other nonamortized intangible assets for impairment more frequently if impairment indicators are present. Such indicators of impairment include, but are not limited to, changes in business climate and operating or cash flow losses related to such assets.

Should we determine that a goodwill impairment is more likely than not, we make a determination of the fair value of our business. Fair value is determined using a combination of an income approach, which estimates fair value based upon future revenue, expenses and cash flows discounted to their present value, and a market approach, which estimates fair value using market multiples of various financial measures compared to a set of comparable public companies in the publishing industry. A non-cash impairment charge will generally be recognized when the carrying amount of the net assets of the business exceeds its estimated fair value.

Should we determine that a nonamortized intangible asset impairment is more likely than not, we make a determination of the individual asset's fair value. Fair value is determined using the relief from royalty method, which estimates fair value based upon appropriate royalties of future revenue discounted to their present value. The impairment amount, if any, is calculated based on the excess of the carrying amount over the fair value of such asset.

The required valuation methodology and underlying financial information that are used to determine fair value require significant judgments to be made by us. These judgments include, but are not limited to, long term

9

projections of future financial performance and the selection of appropriate discount rates used to determine the present value of future cash flows. Changes in such estimates or the application of alternative assumptions could produce significantly different results.

We review our amortizable intangible assets for impairment when indicators of impairment are present. We assess recoverability of these assets by comparing the estimated undiscounted cash flows associated with the asset or asset group with their carrying amount. The impairment amount, if any, is calculated based on the excess of the carrying amount over the fair value of those assets.

We also periodically evaluate our determination of the useful lives of amortizable intangible assets. Any resulting changes in the useful lives of such intangible assets will not impact our cash flows. However, a decrease in the useful lives of such intangible assets would increase future amortization expense and decrease future reported operating results and earnings per common share.

Annual amortization of intangible assets for the 52 week periods ending March 2014, March 2015, March 2016, March 2017 and March 2018 is estimated to be \$38,032,000, \$37,889,000, \$36,972,000, \$35,709,000 and \$35,119,000, respectively.

5DEBT

As discussed more fully below (and certain capitalized terms used below defined), in January 2012, in conjunction with the effectiveness of the Plan, we refinanced all of our debt. The Plan refinanced our then-existing credit agreement and extended the April 2012 maturity in a structure of first and second lien debt with the existing lenders. We also amended the Pulitzer Notes, and extended the April 2012 maturity with the existing Noteholders. In May 2013, we again refinanced the remaining balance of the Pulitzer Notes.

1st Lien Agreement

In January 2012, we entered into a credit agreement (the “1st Lien Agreement”) with a syndicate of lenders (the “1st Lien Lenders”). The 1st Lien Agreement consists of a term loan of \$689,510,000, and a new \$40,000,000 revolving credit facility under which we have not drawn. The revolving credit facility also supports issuance of letters of credit.

Interest Payments

Debt under the 1st Lien Agreement bears interest, at our option, at either a base rate or an adjusted Eurodollar rate (“LIBOR”), plus an applicable margin. The base rate for the facility is the greater of (a) the prime lending rate of Deutsche Bank Trust Company Americas at such time; (b) 0.5% in excess of the overnight federal funds rate at such time; or (c) 30 day LIBOR plus 1.0%. LIBOR loans are subject to a minimum rate of 1.25%. The applicable margin for term loan base rate loans is 5.25%, and 6.25% for LIBOR loans. The applicable margin for revolving credit facility base rate loans is 4.5%, and is 5.5% for LIBOR loans. At March 31, 2013, all borrowing under the 1st Lien Agreement is based on LIBOR at a total rate of 7.5%.

Principal Payments

At March 31, 2013, the balance outstanding under the term loan is \$624,000,000. We may voluntarily prepay principal amounts outstanding or reduce commitments under the 1st Lien Agreement at any time, in whole or in part, without premium or penalty, upon proper notice and subject to certain limitations as to minimum amounts of prepayments.

We are required to repay principal amounts, on a quarterly basis until maturity, under the 1st Lien Agreement. Principal payments are required quarterly beginning in June 2012, and total \$11,000,000 in 2013, \$12,750,000 in 2014, \$13,500,000 in 2015 and \$3,375,000 in 2016, prior to the final maturity.

In addition to the scheduled payments, we are required to make mandatory prepayments under the 1st Lien Agreement under certain other conditions, such as from the net proceeds from asset sales. The 1st Lien Agreement also requires us to accelerate future payments in the amount of our quarterly excess cash flow, as defined. The acceleration of such payments due to future asset sales or excess cash flow does not change the due dates of other 1st Lien Agreement payments prior to the December 2015 maturity.

2013 payments made under the 1st Lien Agreement, and required to be made for the remainder of the year, are summarized as follows:

(Thousands of Dollars)	13 Weeks Ended		13 Weeks Ending	
	December 30 2012	March 31 2013	June 30 2013	September 29 2013
Mandatory	2,500	2,500	3,000	3,000
Voluntary	9,750	15,350	—	—
Asset sales	7,750	—	—	—
Excess cash flow	—	—	—	—
	20,000	17,850	3,000	3,000

2012 payments made under the 1st Lien Agreement are summarized as follows:

(Thousands of Dollars)	13 Weeks Ended		14 Weeks Ended
	March 25 2012	June 24 2012	September 30 2012
Mandatory	—	2,500	2,500
Voluntary	12,600	3,850	3,000
Asset sales	2,410	150	650
Excess cash flow	—	—	—
	15,010	6,500	6,150

There were no net principal payments made in 2012 under the previous credit agreement.

Security

The 1st Lien Agreement is fully and unconditionally guaranteed on a joint and several basis by all of our existing and future, direct and indirect subsidiaries in which we hold a direct or indirect interest of more than 50% (the “Credit Parties”); provided however, that our wholly-owned subsidiary Pulitzer Inc. (“Pulitzer”) and its subsidiaries are not Credit Parties. The 1st Lien Agreement is secured by first priority security interests in the stock and other equity interests owned by the Credit Parties in their respective subsidiaries.

The Credit Parties have also granted a first priority security interest on substantially all of their tangible and intangible assets, and granted mortgages covering certain real estate, as collateral for the payment and performance of their obligations under the 1st Lien Agreement. Assets of Pulitzer and its subsidiaries, TNI and our ownership interest in, and assets of, MNI are excluded.

The revolving credit facility has a super-priority security interest over all of the collateral securing the term loan under the 1st Lien Agreement, superior to that of the term loan lenders.

Covenants and Other Matters

The 1st Lien Agreement contains customary affirmative and negative covenants for financing of its type. These financial covenants include a maximum total leverage ratio, as defined. The total leverage ratio is designed to assess the leverage of the Company, excluding Pulitzer, and does not reflect our overall leverage position due to the lower leverage of Pulitzer. It is based primarily on the sum of the principal amount of debt under the 1st Lien Agreement, plus debt under the 2nd Lien Agreement, as discussed more fully below, which totals \$799,000,000 at March 31, 2013, plus letters of credit and certain other factors, divided by a measure of trailing 12 month operating results, which includes distributions from MNI and other elements, but excludes the operating results of Pulitzer.

Our actual total leverage ratio at March 31, 2013 under the 1st Lien Agreement was 6.4:1. Our maximum total leverage ratio covenant will decrease, in stages, from 10.0:1 at March 31, 2013 to 9.1:1 in December 2015. On a consolidated basis, using the definitions in the 1st Lien Agreement, our leverage ratio is 5.5:1 at March 31, 2013. This consolidated measure is not the subject of a covenant in any of our debt agreements.

The 1st Lien Agreement also includes a minimum interest expense coverage ratio, as defined, which is based on the sum of interest expense, as defined, incurred under the 1st Lien Agreement and 2nd Lien Agreement, divided by the same measure of trailing 12 month operating results discussed above. The interest expense coverage ratio is similarly designed to assess the interest coverage of the Company, excluding Pulitzer, and does not reflect our overall interest coverage position. Our actual interest expense coverage ratio at March 31, 2013 was 1.62:1. Our minimum interest expense coverage ratio covenant is 1.08:1 at March 31, 2013.

The 1st Lien Agreement requires us to suspend stockholder dividends and share repurchases through December 2015. The 1st Lien Agreement also limits capital expenditures to \$20,000,000 per year, with a provision for carryover of unused amounts from the prior year. Further, the 1st Lien Agreement restricts our ability to make additional investments, acquisitions, dispositions and mergers without the consent of the 1st Lien Lenders and limits our ability to incur additional debt. Such covenants require that substantially all of our future cash flows are required to be directed toward debt reduction or accumulation of cash collateral and that the cash flows of the Credit Parties are largely segregated from those of Pulitzer.

2nd Lien Agreement

In January 2012, we entered into a second lien term loan (the "2nd Lien Agreement") with a syndicate of lenders (the "2nd Lien Lenders"). The 2nd Lien Agreement consists of a term loan of \$175,000,000.

The 2nd Lien Agreement bears interest at 15.0%, payable quarterly.

Principal Payments and Redemption

The 2nd Lien Agreement requires no principal amortization, except in March 2017 if required for income tax purposes.

From January 30, 2013 until January 30, 2014, the 2nd Lien Agreement may be redeemed at 102% of the principal amount, at 101% thereafter until January 30, 2015 and at 100% thereafter until the April 2017 final maturity. Terms of the 1st Lien Agreement also restrict principal payments under the 2nd Lien Agreement.

Security

The 2nd Lien Agreement is fully and unconditionally guaranteed on a joint and several basis by the Credit Parties and by Pulitzer and its subsidiaries, other than TNI (collectively, the "2nd Lien Credit Parties"). The 2nd Lien Agreement is secured by second priority security interests in the stock and other equity interests owned by the 2nd Lien Credit Parties.

The 2nd Lien Credit Parties have also granted a second priority security interest on substantially all of their tangible and intangible assets, and granted second lien mortgages or deeds of trust covering certain real estate, as collateral for the payment and performance of their obligations under the 2nd Lien Agreement. Assets of TNI and our ownership interest in, and assets of, MNI are excluded. However, assets of Pulitzer and its subsidiaries, excluding TNI, become subject to a first priority security interest of the 2nd Lien Lenders upon repayment in full of the Pulitzer Notes and any successor debt.

The 2nd Lien Lenders were granted a second priority security interest in our ownership interest in TNI under the New Pulitzer Notes, as discussed more fully below.

Covenants and Other Matters

The 2nd Lien Agreement has no affirmative financial covenants. Restrictions on capital expenditures, permitted investments, indebtedness and other provisions are similar to, but generally less restrictive than, those provisions under the 1st Lien Agreement.

2nd Lien Lenders shared in the issuance of 6,743,640 shares of our Common Stock valued at \$9,576,000 based on the closing stock price of \$1.42 on the date of issuance, an amount equal to 13% of outstanding shares on a pro forma basis as of January 30, 2012. 2nd Lien Lenders also received \$8,750,000 in the form of non-cash fees, which were added to and included in the principal amount of the second lien term loan.

Pulitzer Notes

In conjunction with its formation in 2000, St. Louis Post-Dispatch LLC ("PD LLC") borrowed \$306,000,000 (the "Pulitzer Notes") from a group of institutional lenders (the "Noteholders"). The Pulitzer Notes were guaranteed by Pulitzer pursuant to a Guaranty Agreement with the Noteholders. The aggregate principal amount of the Pulitzer Notes was payable in April 2009.

In February 2009, the Pulitzer Notes and the Guaranty Agreement were amended (the "Notes Amendment"). Under the Notes Amendment, PD LLC repaid \$120,000,000 of the principal amount of the debt obligation. The remaining debt balance of \$186,000,000 was refinanced by the Noteholders until April 2012.

In January 2012, in connection with the Plan, we entered into an amended Note Agreement and Guaranty Agreement, which amended the Pulitzer Notes and extended the maturity with the Noteholders. After consideration of unscheduled principal payments totaling \$15,145,000 (\$10,145,000 in December 2011 and \$5,000,000 in January 2012), offset by \$3,500,000 of non-cash fees paid to the Noteholders in the form of additional Pulitzer Notes debt, the amended Pulitzer Notes had a balance of \$126,355,000 in January 2012.

The Pulitzer Notes carried an interest rate at 10.55%, which increased 0.75% to 11.3% in January 2013 and was to increase in January of each year thereafter. Due to the increasing interest rate, interest on the Pulitzer Notes was charged to expense using a calculated effective interest rate during the period. This method increased financial expense from the amount actually payable to the Noteholders by \$317,000 in the 26 weeks ended March 31, 2013.

In May 2013, we refinanced the \$94,000,000 remaining balance of the Pulitzer Notes (the "New Pulitzer Notes") with a subsidiary of Berkshire Hathaway Inc. ("Berkshire"). The New Pulitzer Notes bear interest at a fixed rate of 9.0%, payable quarterly. Pulitzer is a co-borrower under the the New Pulitzer Notes, which eliminates the former Guaranty Agreement made by Pulitzer under the Pulitzer Notes.

Principal Payments

We may voluntarily prepay principal amounts outstanding under the New Pulitzer Notes at any time, in whole or in part, without premium or penalty (except as noted below), upon proper notice, and subject to certain limitations as to minimum amounts of prepayments. The New Pulitzer Notes provide for mandatory scheduled prepayments totaling \$6,400,000 annually, beginning in 2014.

In addition to the scheduled payments, we are required to make mandatory prepayments under the New Pulitzer Notes under certain other conditions, such as from the net proceeds from asset sales. The New Pulitzer Notes also require us to accelerate future payments in the amount of our quarterly excess cash flow, as defined. The acceleration of such payments due to future asset sales or excess cash flow does not change the due dates of other New Pulitzer Notes payments prior to the final maturity in April 2017.

The New Pulitzer Notes are subject to a 5% redemption premium if 100% of the remaining balance of the New Pulitzer Notes is again refinanced by lenders, the majority of which are not holders of the New Pulitzer Notes at the time of such refinancing. This redemption premium is not otherwise applicable to any of the types of payments noted above.

2013 payments made under the Pulitzer Notes are summarized below. No payments are required to be made for the remainder of the year under the New Pulitzer Notes.

(Thousands of Dollars)	13 Weeks Ended		13 Weeks Ending	
	December 30 2012	March 31 2013	June 30 2013	September 29 2013
Mandatory	3,800	2,600	—	—
Voluntary	—	1,500	—	—
Asset sales	5,200	1,900	—	—
Excess cash flow	—	—	—	—
	9,000	6,000	—	—

2012 payments made under the Pulitzer Notes are summarized as follows:

(Thousands of Dollars)	December 25 2011	13 Weeks Ended		14 Weeks Ended
		March 25 2012	June 24 2012	September 30 2012
Prior to refinancing	500	—	—	—
Pursuant to the Plan, net	10,145	1,500	—	—
Mandatory	—	1,400	—	—
Voluntary	—	8,955	3,000	4,000
Asset sales	—	—	—	—
Excess cash flow	—	—	—	—
	10,645	11,855	3,000	4,000

Security

Obligations under the New Pulitzer Notes are fully and unconditionally guaranteed on a joint and several basis by Pulitzer's existing and future subsidiaries other than PD LLC and TNI. The New Pulitzer Notes are also secured by first priority security interests in the stock and other equity interests owned by Pulitzer's subsidiaries including the 50% ownership interest in TNI. Also, Pulitzer, certain of its subsidiaries and PD LLC granted a first priority security interest on substantially all of its tangible and intangible assets, excluding the assets of Star Publishing leased to, or used in the operations or business of, TNI and granted deeds of trust covering certain real estate in the St. Louis area, as collateral for the payment and performance of their obligations under the New Pulitzer Notes.

Covenants and Other Matters

The New Pulitzer Notes contain certain covenants and conditions including the maintenance, by Pulitzer, of minimum trailing 12 month EBITDA (minimum of \$25,200,000 beginning June 30, 2013), as defined in the New Pulitzer Notes Agreement, and limitations on capital expenditures and the incurrence of other debt.

Further, the New Pulitzer Notes have limitations or restrictions on distributions, loans, advances, investments, acquisitions, dispositions and mergers. Such covenants require that substantially all future cash flows of Pulitzer are required to be directed first toward repayment of the New Pulitzer Notes or accumulation of cash collateral and that cash flows of Pulitzer are largely segregated from those of the Credit Parties.

Intercreditor Agreements

The 1st Lien Agreement, 2nd Lien Agreement and New Pulitzer Notes contain cross-default provisions tied to each of the various agreements. Intercreditor agreements and an intercompany subordination agreement are in effect.

Other

Cash payments to the Lenders, Noteholders and legal and professional fees related to the Plan totaled \$38,628,000, of which \$6,273,000 was paid in 2011, and the remainder of which was paid in 2012. \$720,000 of such costs were charged to expense in 2011. In addition, previously capitalized financing costs of \$4,514,000 at September 25, 2011 were charged to expense in 2012 as debt financing costs prior to consummation of the Plan, with the remainder classified as reorganization costs in the Consolidated Statements of Operations and Comprehensive Income (Loss) upon consummation of the Plan.

Debt under the Plan was considered compromised. As a result, the 1st Lien Agreement, 2nd Lien Agreement and Pulitzer Notes were recorded at their respective present values, which resulted in a discount to the stated principal amount totaling \$23,709,000. We used the effective rates of the respective debt agreements to discount the debt to its present value. In determining the effective rates, we considered all cash outflows of the respective debt agreements including: mandatory principal payments, interest payments, fees paid to lenders in connection with the refinancing as well as, in the case of the 2nd Lien Agreement, Common Stock issued. The present value is being amortized as a non-cash component of financial expense over the terms of the related debt.

The refinancing of the Pulitzer Notes with the New Pulitzer Notes will result in the acceleration of \$1,565,000 of the present value adjustment discussed above, which will be partially offset by eliminating deferred interest expense of \$1,189,000, the net amount of which will be recognized in the 13 weeks ending June 30, 2013. Expenses related to the issuance of the New Pulitzer Notes will be treated as debt issuance costs and capitalized and amortized until April 2017.

Amortization of the present value adjustment and other costs totaled \$4,085,000 in 2012. Amortization of such costs is estimated to total \$6,681,000 in 2013, \$4,779,000 in 2014, \$4,742,000 in 2015, \$2,297,000 in 2016 and \$1,125,000 in 2017.

As a result of the Plan, we recognized \$37,765,000 of reorganization costs in the 2012 Consolidated Statements of Operations and Comprehensive Income (Loss). The components of reorganization costs are summarized as follows:

(Thousands of Dollars)

Fees paid in cash to lenders, attorneys and others	38,628	
Unamortized loan fees from previous debt agreements	1,740	
Fair value of stock granted to 2 nd Lien Lenders	9,576	
Noncash fees paid in the form of additional debt	12,250	
Present value adjustment	(23,709))
	38,485	
Charged to expense in 2012	37,765	
Charged to expense in 2011 as other nonoperating expense	720	

Debt is summarized as follows:

(Thousands of Dollars)	March 31	September 30	Interest Rates (%)
	2013	2012	March 31 2013
Revolving credit facility	—	—	6.75
1 st Lien Agreement	624,000	661,850	7.50
2 nd Lien Agreement	175,000	175,000	15.00
Pulitzer Notes	94,000	109,000	11.30
Unamortized present value adjustment	(16,909)(19,624)
	876,091	926,226	
Less current maturities of debt	14,400	17,400	
Current amount of present value adjustment	(5,397)(5,418)
Total long-term debt	867,088	914,244	

At March 31, 2013, our weighted average cost of debt was 9.4%. The refinancing of the Pulitzer Notes in May 2013 reduces our weighted average cost of debt to 9.1% on a pro forma basis.

Aggregate maturities of debt, as adjusted for the Pulitzer Notes refinancing in May 2013, total \$6,000,000 for the remainder of 2013, \$19,150,000 in 2014, \$19,900,000 in 2015, \$598,150,000 in 2016 and \$249,800,000 in 2017.

Liquidity

At March 31, 2013, after consideration of letters of credit, we have approximately \$29,942,000 available for future use under our revolving credit facility. Including cash, our liquidity at March 31, 2013 totals \$52,389,000. This liquidity amount excludes any future cash flows. We expect all interest and principal payments due in the next twelve months will be satisfied by our continuing cash flows, which will allow us to maintain an adequate level of liquidity.

At March 31, 2013, the principal amount of our outstanding debt totals \$893,000,000. This amount is already less than the \$893,100,000 amount projected for September 2014 under the Plan. Lower cash balances and asset sales have contributed to the improvement in debt repayment compared to the Plan.

There are numerous potential consequences under the 1st Lien Agreement, 2nd Lien Agreement, and the New Pulitzer Notes, if an event of default, as defined, occurs and is not remedied. Many of those consequences are beyond our control. The occurrence of one or more events of default would give rise to the right of the 1st Lien Lenders, 2nd Lien Lenders and/or Berkshire, to exercise their remedies under the 1st Lien Agreement, 2nd Lien Agreement, and the New Pulitzer Notes, respectively, including, without limitation, the right to accelerate all outstanding debt and take actions authorized in such circumstances under applicable collateral security documents.

Our ability to operate as a going concern is dependent on our ability to remain in compliance with debt covenants and to refinance or amend our debt agreements as they become due, or earlier if available liquidity is consumed. We are in compliance with our debt covenants at March 31, 2013.

In 2010, we filed a Form S-3 shelf registration statement ("Shelf") with the SEC, which has been declared effective. The Shelf gives us the flexibility to issue and publicly distribute various types of securities, including preferred stock, common stock, secured or unsecured debt securities, purchase contracts and units consisting of any combination of such securities, from time to time, in one or more offerings, up to an aggregate amount of \$750,000,000. In July 2011, the SEC announced changes to the issuer eligibility rules which will require us to have a public float of at least \$75,000,000 in order to use the Shelf. Subject to maintenance of the minimum level of equity market float and the conditions of our existing debt agreements, the Shelf may enable us to sell securities quickly and efficiently when

market conditions are favorable or financing needs arise. Net proceeds from the sale of any securities must be used generally to reduce debt.

6 PENSION, POSTRETIREMENT AND POSTEMPLOYMENT DEFINED BENEFIT PLANS

We have several noncontributory defined benefit pension plans that together cover selected employees. Benefits under the plans were generally based on salary and years of service. Effective in 2012, all benefits are frozen and no additional benefits are being accrued. Our liability and related expense for benefits under the plans are recorded over the service period of active employees based upon annual actuarial calculations. Plan funding strategies are influenced by government regulations. Plan assets consist primarily of domestic and foreign corporate equity securities, government and corporate bonds, and cash.

In addition, we provide retiree medical and life insurance benefits under postretirement plans at several of our operating locations. The level and adjustment of participant contributions vary depending on the specific plan. In addition, PD LLC provides postemployment disability benefits to certain employee groups prior to retirement. Our liability and related expense for benefits under the postretirement plans are recorded over the service period of active employees based upon annual actuarial calculations. We accrue postemployment disability benefits when it becomes probable that such benefits will be paid and when sufficient information exists to make reasonable estimates of the amounts to be paid. Plan assets may also be used to fund medical costs of certain active employees.

We use a fiscal year end measurement date for all of our pension and postretirement medical plan obligations.

The net periodic cost (benefit) components of our pension and postretirement medical plans are as follows:

PENSION PLANS (Thousands of Dollars)	13 Weeks Ended		26 Weeks Ended	
	March 31 2013	March 25 2012	March 31 2013	March 25 2012
Service cost for benefits earned during the period	54	7	108	14
Interest cost on projected benefit obligation	1,882	1,994	3,764	3,988
Expected return on plan assets	(2,459)	(2,223)	(4,918)	(4,446)
Amortization of net loss	572	593	1,144	1,186
Amortization of prior service benefit	(34)	(34)	(68)	(68)
	15	337	30	674
POSTRETIREMENT MEDICAL PLANS (Thousands of Dollars)	13 Weeks Ended		26 Weeks Ended	
	March 31 2013	March 25 2012	March 31 2013	March 25 2012
Service cost for benefits earned during the period	182	182	364	364
Interest cost on projected benefit obligation	281	277	562	554
Expected return on plan assets	(368)	(532)	(736)	(1,064)
Amortization of net gain	(331)	(613)	(662)	(1,226)
Amortization of prior service benefit	(365)	(365)	(730)	(730)
	(601)	(1,051)	(1,202)	(2,102)

Based on our forecast at March 31, 2013, we expect to contribute \$5,000,000 to our pension plans for the remainder of 2013. Based on our forecast at March 31, 2013, we do not expect to make significant contributions to our postretirement plans for the remainder of 2013.

7 INCOME TAXES

The provision for income taxes includes deferred taxes and is based upon estimated annual effective tax rates in the tax jurisdictions in which we operate. Such annualization of effective tax rates can cause distortion in quarterly tax

rates.

17

Income tax expense related to continuing operations differs from the amounts computed by applying the U.S. federal income tax rate to income before income taxes. The reasons for these differences are as follows:

(Percent of Income Before Income Taxes)	13 Weeks Ended		26 Weeks Ended	
	March 31 2013	March 25 2012	March 31 2013	March 25 2012
Computed "expected" income tax expense (benefit)	(35.0) (35.0) 35.0	(35.0)
State income taxes (benefit), net of federal tax effect	(3.4) (3.2) 3.4	(3.2)
Dividends received deductions and credits	5.0	1.7	(5.2) (2.2)
Domestic production deduction	14.5	—	3.4	—
Reorganization costs	—	2.2	—	5.2
Valuation allowance	—	(1.4) 5.9	(0.6)
Resolution of tax matters	1.9	0.6	2.0	3.3
Other	(1.5) (0.3) 1.7	(0.8)
	(18.5) (35.4) 46.2	(33.3)

In connection with the refinancing of debt under the Chapter 11 Proceedings, we realized substantial cancellation of debt income ("CODI") for income tax purposes. However, this income was not immediately taxable for U.S. income tax purposes because the CODI resulted from our reorganization under the U.S. Bankruptcy Code. For U.S. income tax reporting purposes, we are required to reduce certain tax attributes, including any net operating loss carryforwards, capital losses, certain tax credit carryforwards, and the tax basis in certain assets and debt, in a total amount equal to the tax gain on the extinguishment of debt. As a result, in February 2012 we began recognizing additional interest expense deductions for income tax purposes. The reduction in the basis of certain assets results in reduced depreciation and amortization expense for income tax purposes, beginning in 2013.

Table of Contents

8 EARNINGS (LOSS) PER COMMON SHARE

The following table sets forth the computation of basic and diluted earnings (loss) per common share:

(Thousands of Dollars and Shares, Except Per Share Data)	13 Weeks Ended		26 Weeks Ended	
	March 31 2013	March 25 2012	March 31 2013	March 25 2012
Income (loss) attributable to Lee Enterprises, Incorporated:				
Continuing operations	(3,702)(26,340)9,822	(11,931)
Discontinued operations	(2,293)(285)(1,247)(141)
	(5,995)(26,625)8,575	(12,072)
Weighted average common shares	52,296	49,552	52,295	47,242
Less non-vested restricted Common Stock	500	—	500	—
Basic average common shares	51,796	49,552	51,795	47,242
Dilutive stock options and restricted Common Stock	—	—	71	—
Diluted average common shares	51,796	49,552	51,866	47,242
Earnings (loss) per common share:				
Basic:				
Continuing operations	(0.07)(0.53)0.19	(0.25)
Discontinued operations	(0.04)(0.01)(0.02)—
	(0.12)(0.54)0.17	(0.26)

Discontinued operations	(0.04)(0.01)(0.02)—
	(0.12)(0.54)0.17	(0.26)

For the 13 weeks ended March 31, 2013 and March 25, 2012, the weighted average shares not considered in the computation of diluted earnings (loss) per common share are 2,932,000 and 1,765,000, respectively. For the 26 weeks ended March 31, 2013 and March 25, 2012, the weighted average shares not considered in the computation of diluted earnings per common share are 2,985,000 and 1,781,000, respectively.

9 STOCK OWNERSHIP PLANS

A summary of stock option activity during the 26 weeks ended March 31, 2013 follows:

(Thousands of Dollars and Shares, Except Per Share Data)	Shares	Weighted Average Exercise Price	Weighted Average Remaining Contractual Term (Years)	Aggregate Intrinsic Value
Outstanding, September 30, 2012	3,102	3.18		
Exercised	(5)1.13		
Cancelled	(200)5.53		
Outstanding, March 31, 2013	2,897	3.02	7.9	174

Edgar Filing: LEE ENTERPRISES, INC - Form 10-Q

Exercisable, March 31, 2013	1,169	5.33	6.5	—
-----------------------------	-------	------	-----	---

Total unrecognized compensation expense for unvested stock options as of March 31, 2013 is \$1,364,000, which will be recognized over a weighted average period of 1.8 years.

Restricted Common Stock

The table summarizes restricted Common Stock activity during the 26 weeks ended March 31, 2013.

(Thousands of Shares, Except Per Share Data)	Shares	Weighted Average Grant Date Fair Value
Outstanding, September 30, 2012	500	1.31
Outstanding, March 31, 2013	500	1.31

Total unrecognized compensation expense for unvested restricted Common Stock at March 31, 2013 is \$504,000, which will be recognized over a weighted average period of 2.3 years.

10 FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") Topic 820 establishes a three-level hierarchy of fair value measurements based on whether the inputs to those measurements are observable or unobservable which consists of the following levels:

Level 1 - Quoted prices for identical instruments in active markets;

Level 2 - Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations in which all significant inputs are observable in active markets; and

Level 3 - Valuations derived from valuation techniques in which one or more significant inputs are unobservable.

The following methods and assumptions are used to estimate the fair value of each class of financial instruments for which it is practicable to estimate value. The carrying amounts of cash equivalents, accounts receivable and accounts payable approximate fair value because of the short maturity of those instruments. Investments totaling \$8,570,000, including our 17% ownership of the nonvoting common stock of TCT, are carried at cost. The fair value of floating rate debt cannot be determined as an active market for such debt does not exist. Our fixed rate debt at March 31, 2013 consists of the \$175,000,000 principal amount under the 2nd Lien Agreement and \$94,000,000 principal amount of Pulitzer Notes, as discussed more fully in Note 5, which are not traded on an active market and are held by small groups of investors. We are unable, as of March 31, 2013, to determine the fair value of such debt. The value, if determined, may be less than the carrying amount. The determination of the amount of the Herald Value (as discussed more fully in Note 11) is based on an estimate of fair value using both market and income-based approaches.

The following table summarizes the financial instruments measured at fair value in the accompanying Consolidated Balance Sheets:

(Thousands of Dollars)	March 31 2013	September 30 2012
Level 3 - Herald Value - liability	300	300

In December 2012, we recognized a gain of \$7,093,000 from a distribution related to the partial sale of assets in a private equity investment.

11 COMMITMENTS AND CONTINGENT LIABILITIES

Redemption of PD LLC Minority Interest

In February 2009, in conjunction with the Notes Amendment, PD LLC redeemed the 5% interest in PD LLC and STL Distribution Services LLC ("DS LLC") owned by The Herald Publishing Company, LLC ("Herald") pursuant to a Redemption Agreement and adopted conforming amendments to the Operating Agreement. As a result, the value of Herald's former interest (the "Herald Value") will be settled, based on a calculation of 10% of the fair market value of PD LLC and DS LLC at the time of settlement, less the balance, as adjusted, of the

20

Pulitzer Notes or the equivalent successor debt, if any. We recorded a liability of \$2,300,000 in 2009 as an estimate of the amount of the Herald Value to be disbursed. In 2011, we reduced the liability related to the Herald Value to \$300,000 based on the current estimate of fair value.

In April 2013, we received notice of Herald's intent to redeem the Herald Value in June 2013. The actual amount of the Herald Value will be based on a valuation of PD LLC and DS LLC as of March 31, 2013. Cash settlement of the Herald Value is limited by the terms of the Credit Agreement.

The redemption of Herald's interest in PD LLC and DS LLC may generate significant tax benefits to us as a consequence of the resulting increase in the tax basis of the assets owned by PD LLC and DS LLC and the related depreciation and amortization deductions. The increase in basis to be amortized for income tax purposes over a 15 year period beginning in February 2009 is approximately \$258,000,000.

Income Taxes

We file income tax returns with the IRS and various state tax jurisdictions. From time to time, we are subject to routine audits by those agencies, and those audits may result in proposed adjustments. We have considered the alternative interpretations that may be assumed by the various taxing agencies, believe our positions taken regarding our filings are valid, and that adequate tax liabilities have been recorded to resolve such matters. However, the actual outcome cannot be determined with certainty and the difference could be material, either positively or negatively, to the Consolidated Statements of Operations and Comprehensive Income (Loss) in the periods in which such matters are ultimately determined. We do not believe the final resolution of such matters will be material to our consolidated financial position or cash flows.

We have various income tax examinations ongoing which are at different stages of completion, but generally our income tax returns have been audited or closed to audit through 2007.

Legal Proceedings

In 2008, a group of newspaper carriers filed suit against us in the United States District Court for the Southern District of California, claiming to be our employees and not independent contractors. The plaintiffs seek relief related to alleged violations of various employment-based statutes, and request punitive damages and attorneys' fees. In July 2010, the trial court granted the plaintiffs' petition for class certification. We filed an interlocutory appeal which was denied. After concluding discovery, we filed a motion to reverse the class certification ruling. This motion is currently pending before the trial court. The Company denies the allegations of employee status, consistent with our past practices and industry standards, and will continue to vigorously contest the action, which is not covered by insurance. At this time we are unable to predict whether the ultimate economic outcome, if any, could have a material effect on our Consolidated Financial Statements, taken as a whole.

We are involved in a variety of other legal actions that arise in the normal course of business. Insurance coverage mitigates potential loss for certain of these other matters. While we are unable to predict the ultimate outcome of these other legal actions, it is our opinion that the disposition of these matters will not have a material adverse effect on our Consolidated Financial Statements, taken as a whole.

12COMMON STOCK

Under the Plan, the par value of our Common Stock was changed from \$2.00 per share to \$0.01 per share effective January 30, 2012. 2nd Lien Lenders shared in the issuance of 6,743,640 shares of our Common Stock, an amount equal to 13% of outstanding shares on a pro forma basis as of January 30, 2012.

As of July 1, 2011, our Common Stock traded at an average 30-day closing market price of less than \$1 per share. Under the NYSE listing standards, if our Common Stock fails to maintain an adequate per share price and total market capitalization of less than \$50,000,000, our Common Stock could be removed from the NYSE and traded in the over the counter market. In July 2011, the NYSE first notified us that our Common Stock did not meet the NYSE continued listing standards due to the failure to maintain an adequate share price. Under the NYSE rules, our Common Stock was allowed to continue to be listed during a cure period. In February 2012, after completing our debt refinancing, the NYSE notified us that we were again in compliance with the

Table of Contents

minimum closing price standard. In January 2013, the NYSE notified us that we had returned to full compliance with all continued listing standards.

13 IMPACT OF RECENTLY ISSUED ACCOUNTING STANDARDS

In 2012, the FASB issued an amendment to an existing accounting standard, which provides entities an option to perform a qualitative assessment to determine whether further impairment testing on indefinite-lived intangible assets is necessary. Specifically, an entity has the option to first assess qualitative factors to determine whether it is necessary to perform a quantitative impairment test. If an entity believes, as a result of its qualitative assessment, that it is more-likely-than-not that the fair value of an indefinite-lived intangible asset is less than its carrying amount, the quantitative impairment test is required. Otherwise, no further testing is required. This guidance is effective for annual and interim indefinite-lived intangible asset impairment tests performed for fiscal years beginning after September 15, 2012, and early adoption is permitted. The adoption of this amendment in 2013 did not have a material impact on our Consolidated Financial Statements.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion includes comments and analysis relating to our results of operations and financial condition as of and for the 13 weeks and 26 weeks ended March 31, 2013. This discussion should be read in conjunction with the Consolidated Financial Statements and related Notes thereto, included herein, and our 2012 Annual Report on Form 10-K.

NON-GAAP FINANCIAL MEASURES

No non-GAAP financial measure should be considered as a substitute for any related financial measure under accounting principles generally accepted in the United States of America ("GAAP"). However, we believe the use of non-GAAP financial measures provides meaningful supplemental information with which to evaluate our financial performance, or assist in forecasting and analyzing future periods. We also believe such non-GAAP financial measures are alternative indicators of performance used by investors, lenders, rating agencies and financial analysts to estimate the value of a publishing business or its ability to meet debt service requirements.

Table of Contents

Operating Cash Flow and Operating Cash Flow Margin

Operating cash flow is defined as operating income before depreciation, amortization, impairment of goodwill and other assets, curtailment gains and equity in earnings of associated companies. Operating cash flow margin is defined as operating cash flow divided by operating revenue. Both represent non-GAAP financial measures that are used in the analysis below. We believe these measures provide meaningful supplemental information because of their focus on results from operations excluding such non-cash factors.

Reconciliations of operating cash flow and operating cash flow margin to operating income and operating income margin, the most directly comparable measures under GAAP, are included in the tables below:

(Thousands of Dollars)	13 Weeks Ended			
	March 31 2013	Percent of Revenue	March 25 2012	Percent of Revenue
Operating cash flow	31,911	19.9	32,214	19.6
Depreciation and amortization	(14,983)(9.3)(16,718)(10.2
Equity in earnings of associated companies	1,733	1.1	1,430	0.9
Operating income	18,661	11.6	16,926	10.3
(Thousands of Dollars)	26 Weeks Ended			
	March 31 2013	Percent of Revenue	March 25 2012	Percent of Revenue
Operating cash flow	83,422	24.2	85,147	23.9
Depreciation and amortization	(30,024)(8.7)(33,487)(9.4
Equity in earnings of associated companies	4,778	1.4	4,241	1.2
Operating income	58,176	16.9	55,901	15.7

Adjusted Net Income (Loss) and Adjusted Earnings (Loss) Per Common Share

Adjusted net income (loss) and adjusted earnings (loss) per common share, which are defined as income (loss) attributable to Lee Enterprises, Incorporated and earnings (loss) per common share adjusted to exclude both unusual matters and those of a substantially non-recurring nature, are non-GAAP financial measures that are used in the analysis below. We believe these measures provide meaningful supplemental information by identifying matters that are not indicative of core business operating results or are of a substantially non-recurring nature.

Reconciliations of adjusted net income (loss) and adjusted earnings (loss) per common share to income (loss) attributable to Lee Enterprises, Incorporated and earnings (loss) per common share, respectively, the most directly comparable measures under GAAP, are set forth in Item 2, included herein, under the caption "Overall Results".

CRITICAL ACCOUNTING POLICIES

Our discussion and analysis of results of operations and financial condition are based upon our Consolidated Financial Statements, which have been prepared in accordance with GAAP. The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenue and expenses, and related disclosure of contingent assets and liabilities. On an on-going basis, we evaluate our estimates. We base our estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

Table of Contents

Our critical accounting policies include the following:

- Goodwill and other intangible assets;
- Pension, postretirement and postemployment benefit plans;
- Income taxes;
- Revenue recognition; and
- Uninsured risks.

Additional information regarding these critical accounting policies can be found under the caption “Management's Discussion and Analysis of Financial Condition and Results of Operations” in our 2012 Annual Report on Form 10-K and the Notes to Consolidated Financial Statements, included herein.

IMPACT OF RECENTLY ISSUED ACCOUNTING STANDARDS

In 2012, the FASB issued an amendment to an existing accounting standard, which provides entities an option to perform a qualitative assessment to determine whether further impairment testing on indefinite-lived intangible assets is necessary. Specifically, an entity has the option to first assess qualitative factors to determine whether it is necessary to perform a quantitative impairment test. If an entity believes, as a result of its qualitative assessment, that it is more-likely-than-not that the fair value of an indefinite-lived intangible asset is less than its carrying amount, the quantitative impairment test is required. Otherwise, no further testing is required. This guidance is effective for annual and interim indefinite-lived intangible asset impairment tests performed for fiscal years beginning after September 15, 2012, and early adoption is permitted. The adoption of this amendment in 2013 did not have a material impact on our Consolidated Financial Statements.

EXECUTIVE OVERVIEW

We are a leading provider of local news and information, and a major platform for advertising, in the markets we serve, which are located primarily in the Midwest, Mountain West and West regions of the United States. With the exception of St. Louis, Missouri, our 50 daily newspaper markets, across 22 states, are principally midsize or small. Through our print and digital platforms, we reach an overwhelming majority of adults in our markets.

Our platforms include:

- 50 daily and 38 Sunday newspapers with circulation totaling 1.2 million and 1.4 million, respectively, for the 13 weeks ended March 31, 2013, read by nearly four million people in print;
- Websites and mobile and tablet products in all of our markets that complement our newspapers and attracted 23.2 million unique visitors in March 2013 with 203.1 million page views; and
- Nearly 300 weekly newspapers and classified and niche publications.

Our markets have established retail bases, and most are regional shopping hubs. We are located in four state capitals. Six of our top ten markets by revenue include major universities, and seven are home to major corporate headquarters. Based on data from the Bureau of Labor of Statistics as of March 2013, the unemployment rate in eight of our top ten markets by revenue was lower than the national average. We believe that all of these factors have had a positive impact on advertising revenue.

We do not face significant competition from other local daily newspapers in most of our markets, although there is significant competition for audience in those markets from other media. In our top ten markets by revenue, only two have significant local daily print competition.

ECONOMIC CONDITIONS

According to the National Bureau of Economic Research, the United States economy was in a recession from December 2007 until June 2009. It is widely believed that certain elements of the economy, such as housing, auto sales and employment, were in decline before December 2007, and have still not recovered to pre-recession levels. Revenue, operating results and cash flows were significantly impacted by the recession and its aftermath. The duration and depth of an economic recession, and pace of economic recovery, in markets in which we operate may influence our future results.

Table of Contents

IMPAIRMENT OF GOODWILL AND OTHER ASSETS

Due primarily to the difference between our stock price and the per share carrying value of our net assets, we analyzed the carrying value of our net assets in 2008, 2009 and 2011. Continued deterioration in our revenue and the weak economic environment were also factors in the timing of the analyses. We concluded the fair value of our business did not exceed the carrying value of our net assets.

As a result, we recorded pretax, non-cash charges to reduce the carrying value of goodwill and nonamortized and amortizable intangible assets in 2008, 2009, and 2011. Additional pretax, non-cash charges were recorded to reduce the carrying value of TNI. We also recorded pretax, non-cash charges to reduce the carrying value of property and equipment in 2008, 2009, 2010, 2011 and 2012. We recorded deferred income tax benefits related to these charges.

DEBT AND LIQUIDITY

We have a substantial amount of debt, as discussed more fully (and certain capitalized terms used below defined) in Note 1 and Note 5 of the Notes to Consolidated Financial Statements, included herein. In February 2009, we completed a comprehensive restructuring of our then-existing credit agreement and a refinancing of our Pulitzer Notes debt, substantially enhancing our liquidity and operating flexibility. Since February 2009, we have satisfied all interest payments and substantially all principal payments due under our debt facilities with our cash flows.

Substantially all of our debt was scheduled to mature in April 2012. We used a voluntary, prepackaged petition under the U. S. Bankruptcy Code to accomplish a comprehensive refinancing that extended the maturity to December 2015 for most of our debt, with the remainder maturing in April 2017. Interest expense has increased as a result of the refinancing and mandatory principal payments were reduced. In May 2013, we again refinanced the remaining balance of the Pulitzer Notes. Our ability to make payments on our indebtedness will depend on our ability to generate future cash flows. This ability, to a certain extent, is subject to general economic, financial, competitive, business, legislative, regulatory and other factors that are beyond our control.

At March 31, 2013, after consideration of letters of credit, we have approximately \$29,942,000 available for future use under our revolving credit facility. Including cash, our liquidity at March 31, 2013 totals \$52,389,000. This liquidity amount excludes any future cash flows. We expect all interest and principal payments due in the next twelve months will be satisfied by our continuing cash flows, which will allow us to maintain an adequate level of liquidity.

At March 31, 2013, the principal amount of our outstanding debt totals \$893,000,000. This amount is already less than the \$893,100,000 amount projected for September 2014 under the Plan. Lower cash balances and asset sales have contributed to the improvement in debt repayment compared to the Plan.

There are numerous potential consequences under the 1st Lien Agreement, 2nd Lien Agreement, and the New Pulitzer Notes, if an event of default, as defined, occurs and is not remedied. Many of those consequences are beyond our control. The occurrence of one or more events of default would give rise to the right of the 1st Lien Lenders, 2nd Lien Lenders and/or Berkshire, to exercise their remedies under the 1st Lien Agreement, 2nd Lien Agreement, and the New Pulitzer Notes, respectively, including, without limitation, the right to accelerate all outstanding debt and take actions authorized in such circumstances under applicable collateral security documents.

Our ability to operate as a going concern is dependent on our ability to remain in compliance with debt covenants and to refinance or amend our debt agreements as they become due, or earlier if available liquidity is consumed. We are in compliance with our debt covenants at March 31, 2013.

EQUITY CAPITAL

As of July 1, 2011, our Common Stock traded at an average 30-day closing market price of less than \$1 per share. Under the NYSE listing standards, if our Common Stock fails to maintain an adequate per share price and total market capitalization of less than \$50,000,000, our Common Stock could be removed from the NYSE and traded in the over the counter market. In July 2011, the NYSE first notified us that our Common Stock did not meet the NYSE continued listing standards due to the failure to maintain an adequate share price. Under the NYSE rules, our Common Stock was allowed to continue to be listed during a cure period. In February 2012, after completing our debt refinancing, the NYSE notified us that we were again in compliance with the minimum closing price standard. In January 2013, the NYSE notified us that we had returned to full compliance with all continued listing standards.

Edgar Filing: LEE ENTERPRISES, INC - Form 10-Q

13 WEEKS ENDED MARCH 31, 2013

Operating results, as reported in the Consolidated Financial Statements, are summarized below. Certain prior period amounts have been reclassified to conform with the current year presentation.

References to the "2013 Quarter" refer to the 13 weeks ended March 31, 2013. Similarly, references to the "2012 Quarter" refer to the 13 weeks ended March 25, 2012.

Advertising Revenue

In the 2013 Quarter, combined print and digital advertising revenue decreased \$5,915,000, or 5.3%, compared to the 2012 Quarter. Retail advertising decreased 2.7%. Retail preprint insertion revenue increased 1.4%. Digital retail advertising increased 2.7%, partially offsetting print declines.

On a combined basis, print and digital classified revenue decreased 7.0% in the 2013 Quarter. Employment revenue decreased 3.0% while automotive advertising decreased 12.6%, real estate decreased 11.0% and other classified decreased 3.8%. Digital classified revenue increased 4.3%, partially offsetting print declines.

National advertising decreased \$1,398,000, or 20.1%. Advertising in niche publications decreased 8.8%.

On a stand-alone basis, digital advertising revenue decreased 0.1% in the 2013 Quarter, representing 14.1% of total advertising revenue. Year-over-year total digital advertising turned positive in the month of December 2009 and generally has been rising since that time. Print advertising revenue on a stand-alone basis decreased 6.1%.

Our total advertising results have benchmarked favorably to industry averages reported by the Newspaper Association of America in 44 of the last 48 quarters.

Circulation and Other Revenue

Circulation revenue increased \$1,465,000, or 3.4%, in the 2013 Quarter due to price increases and increases in digital subscribers, which were partially offset by decreases in print subscribers.

Our unaudited, average daily circulation, including TNI, MNI and digital subscribers, decreased 4.9% and Sunday circulation decreased 6.8% in the 2013 Quarter compared to the 2012 Quarter.

Our digital sites attracted 23.2 million unique visitors in the month of March 2013, a decrease of 1.0% from a year ago, with 203.1 million page views. The number of mobile page views grew 77.4% to 74.1 million in March 2013. Research in our larger markets indicates we are maintaining our share of audience through the combination of digital audience growth and strong newspaper readership.

Commercial printing revenue increased \$150,000, or 5.0%, in the 2013 Quarter. Other revenue increased \$271,000, or 4.0%, in the 2013 Quarter.

Operating Expenses

Operating expenses other than depreciation, amortization and unusual matters decreased \$3,770,000, or 2.9%, in the 2013 Quarter.

Compensation expense decreased \$4,217,000, or 6.2%, in the 2013 Quarter, driven by a decline in average full-time equivalent employees of 8.2%.

Newsprint and ink costs decreased \$1,532,000, or 12.5%, in the 2013 Quarter, primarily as a result of a reduction in newsprint volume of 10.5%. See Item 3, "Commodities", included herein, for further discussion and analysis of the impact of newsprint on our business.

Other operating expenses, which are comprised of all operating costs not considered to be compensation, newsprint, depreciation, amortization, or unusual matters, increased \$1,979,000, or 3.9%, in the 2013 Quarter.

Reductions in staffing resulted in workforce adjustment costs totaling \$512,000 and \$468,000 in the 2013 Quarter and 2012 Quarter, respectively.

We are engaged in various efforts to continue to contain future growth in operating expenses. We expect 2013 operating expenses, excluding depreciation, amortization and unusual matters, to decrease 3.5-4.5% from their 2012 level.

Operating Cash Flow and Results of Operations

As a result of the factors noted above, operating cash flow decreased 0.9%, to \$31,911,000, in the 2013 Quarter compared to \$32,214,000 in the 2012 Quarter. Operating cash flow margin increased to 19.9% from 19.6% a year ago, reflecting a smaller percentage decrease in operating revenue than the decrease in operating expenses.

Depreciation expense decreased \$504,000, or 8.5%, in the 2013 Quarter and amortization expense decreased \$1,231,000, or 11.4%, in the 2013 Quarter.

Equity in earnings in associated companies increased \$303,000 in the 2013 Quarter.

The factors noted above resulted in operating income of \$18,661,000 in the 2013 Quarter compared to \$16,926,000 in the 2012 Quarter. Operating income margin increased to 11.6% from 10.3% a year ago.

Nonoperating Income and Expense

Financial expense increased \$2,621,000, or 12.9%, to \$22,933,000 in the 2013 Quarter due primarily to higher interest rates, which were partially offset by lower debt balances. Our weighted average cost of debt was 9.4% at the end of the 2013 Quarter. The refinancing of the Pulitzer Notes in May 2013 reduces our weighted average cost of debt to 9.1% on a pro forma basis. Financial expense in the 2013 Quarter includes \$1,357,000 of non-cash amortization of a present value adjustment of debt compared to \$1,336,000 in the 2012 Quarter.

The increase in financial expense from the refinancing of our debt in January 2012 cycled in January 2013. Absent a significant increase in LIBOR, we expect financial expense to decrease in the 13 weeks ending June 30, 2013 due to lower debt balances, which decreased \$23,850,000 in the 2013 Quarter and have decreased \$102,865,000 since the January 2012 refinancing, and the lower interest rate on the New Pulitzer Notes.

Overall Results

We recognized a \$36,626,000 reduction of reorganization costs in the 2012 Quarter. We recognized income tax benefit of 18.5% of loss before income taxes in the 2013 Quarter and income tax benefit of 35.4% of loss before income taxes in the 2012 Quarter. See Note 7 of the Notes to Consolidated Financial Statements, included herein, for a reconciliation of the expected federal income tax rate to the actual tax rates.

As a result of the factors noted above, loss attributable to Lee Enterprises, Incorporated (which includes discontinued operations) totaled \$5,995,000 in the 2013 Quarter compared to a loss of \$26,625,000 in the 2012 Quarter. We recorded loss per diluted common share of \$0.12 in the 2013 Quarter and \$0.54 in the 2012 Quarter. Excluding unusual matters, as detailed in the table below, diluted loss per common share, as adjusted, was \$0.05 in the 2013 Quarter, compared to a loss of \$0.03 in the 2012 Quarter. Per share amounts may not add due to rounding.

References to the "2013 Period" refer to the 26 weeks ended March 31, 2013. Similarly, references to the "2012 Period" refer to the 26 weeks ended March 25, 2012.

Advertising Revenue

In the 2013 Period, combined print and digital advertising revenue decreased \$14,452,000, or 5.8%, compared to the 2012 Period. Retail advertising decreased 3.3%. Retail preprint insertion revenue increased 1.2%. Digital retail advertising increased 4.4%, partially offsetting print declines.

On a combined basis, print and digital classified revenue decreased 7.3% in the 2013 Period. Employment revenue decreased 5.8% while automotive advertising decreased 9.7%, real estate decreased 11.2% and other classified decreased 4.7%. Digital classified revenue increased 7.6%, partially offsetting print declines.

National advertising decreased \$3,875,000, or 22.5%. Advertising in niche publications decreased 5.1%.

On a stand-alone basis, digital advertising revenue increased 2.4% in the 2013 Period, representing 13.3% of total advertising revenue. Year-over-year total digital advertising turned positive in the month of December 2009 and has generally been rising since that time. Print advertising revenue on a stand-alone basis decreased 6.9%.

Our total advertising results have benchmarked favorably to industry averages reported by the Newspaper Association of America in 44 of the last 48 quarters.

Circulation and Other Revenue

Circulation revenue increased \$3,215,000, or 3.7%, in the 2013 Period due to price increases and increases in digital subscribers, which were partially offset by decreases in print subscribers.

Our average daily circulation, including TNI, MNI and digital subscribers, as measured by the Alliance for Audited Media, decreased 4.4% and Sunday circulation decreased 8.6% in the 2013 Period compared to the 2012 Period.

Our digital sites attracted 23.2 million unique visitors in the month of March 2013, a decrease of 1.0% from a year ago, with 203.1 million page views. The number of mobile page views grew 77.4% to 74.1 million in March 2013. Research in our larger markets indicates we are maintaining our share of audience through the combination of digital audience growth and strong newspaper readership.

Commercial printing revenue increased \$400,000, or 6.6%, in the 2013 Period. Other revenue increased \$363,000, or 2.6%, in the 2013 Period.

Operating Expenses

Operating expenses, other than depreciation, amortization and unusual matters, decreased \$9,298,000, or 3.4%, in the 2013 Period.

Compensation expense decreased \$7,598,000, or 5.5%, in the 2013 Period, driven by a decline in average full time equivalent employees of 8.4%.

Newsprint and ink costs decreased \$3,348,000, or 12.8%, in the 2013 Period, primarily as a result of a reduction in newsprint volume of 11.6%. See Item 3, "Commodities", included herein, for further discussion and analysis of the impact of newsprint on our business.

Other operating expenses, which are comprised of all operating costs not considered to be compensation, newsprint, depreciation, amortization, or unusual matters, increased \$1,648,000, or 1.6%, in the 2013 Period.

Reductions in staffing resulted in workforce adjustment costs totaling \$1,315,000 and \$766,000 in the 2013 Period and 2012 Period, respectively.

We are engaged in various efforts to continue to manage our operating expenses. We expect 2013 operating expenses, excluding depreciation, amortization and unusual matters, to decrease 3.5-4.5% from their 2012 level.

Operating Cash Flow and Results of Operations

As a result of the factors noted above, operating cash flow decreased 2.0%, to \$83,422,000, in the 2013 Period compared to \$85,147,000 in the 2012 Period. Operating cash flow margin increased to 24.2% from 23.9% a year ago reflecting a larger percentage decrease in operating expenses than the decrease in operating revenue.

Depreciation expense decreased \$1,012,000, or 8.5%, in the 2013 Period and amortization expense decreased \$2,451,000, or 11.4%, in the 2013 Period.

Equity in earnings in associated companies increased \$537,000 in the 2013 Period.

The factors noted above resulted in operating income of \$58,176,000 in the 2013 Period compared to \$55,901,000 in the 2012 Period. Operating income margin increased to 16.9% from 15.7% a year ago.

Nonoperating Income and Expense

Financial expense increased \$13,335,000, or 40.3%, to \$46,399,000 in the 2013 Period due primarily to higher interest rates, which were partially offset by lower debt balances. Our weighted average cost of debt was 9.4% at March 31, 2013. The refinancing of the Pulitzer Notes in May 2013 reduces our weighted average cost of debt to 9.1% on a pro forma basis. Financial expense in the 2013 Period also includes \$2,715,000 of non-cash amortization of a present value adjustment of debt compared to \$1,336,000 in the 2012 Period.

The increase in financial expense from the refinancing of our debt in January 2012 cycled in January 2013. Absent a significant increase in LIBOR, we expect financial expense to decrease in the 13 weeks ending June 30, 2013 due to lower debt balances, which decreased \$52,850,000 in the 2013 Period and have decreased \$102,865,000 since the January 2012 refinancing, and the lower interest rate on the New Pulitzer Notes.

In December 2012, we recognized a gain of \$7,093,000 from a distribution related to the partial sale of assets in a private equity investment.

Overall Results

We recognized \$37,867,000 of reorganization costs in the 2012 Period. We recognized income tax expense of 46.2% of income from continuing operations before income taxes in the 2013 Period and income tax benefit of 33.3% in the 2012 Period. See Note 7 of the Notes to Consolidated Financial Statements, included herein, for a reconciliation of the expected federal income tax rate to the actual tax rates.

As a result of the factors noted above, income attributable to Lee Enterprises, Incorporated (which includes discontinued operations) totaled \$8,575,000 in the 2013 Period compared to a loss of \$12,072,000 in the 2012 Period. We recorded earnings per diluted common share of \$0.17 in the 2013 Period and a loss of \$0.26 in the 2012 Period. Excluding unusual matters, as detailed in the table below, diluted earnings per common share, as adjusted, were \$0.15 in the 2013 Period, compared to \$0.33 in the 2012 Period. Per share amounts may not add due to rounding.

DISCONTINUED OPERATIONS

In March 2013, we sold The Garden Island newspaper and digital operations in Lihue, HI for \$2,000,000 in cash, plus an adjustment for working capital. The transaction resulted in a loss of \$2,170,000, after income taxes, and is recorded in discontinued operations in the Consolidated Statements of Operations and Comprehensive Income (Loss) in the 13 weeks ended March 31, 2013. Operating results of The Garden Island have been classified as discontinued operations for all periods presented.

In October 2012, we sold the North County Times in Escondido, CA for \$11,950,000 in cash, plus an adjustment for working capital. The transaction resulted in a gain of \$1,167,000, after income taxes, and is recorded in discontinued operations in the Consolidated Statements of Operations and Comprehensive Income (Loss) in the 13 weeks ended December 30, 2012. Operating results of the North County Times have been classified as discontinued operations for all periods presented.

LIQUIDITY AND CAPITAL RESOURCES

Operating Activities

Cash provided by operating activities of continuing operations was \$45,288,000 in the 2013 Period and \$62,685,000 in the 2012 Period. We recorded net income of \$8,832,000 in the 2013 Period and a net loss of \$11,919,000 in the 2012 Period. Increased financial expense accounts for the majority of the decline in cash provided by operating activities of continuing operations. We recognized a \$1,247,000 loss on sale of discontinued operations in the 2013 Period and incurred \$37,867,000 of reorganization costs in the 2012 Period. We also recognized a gain on sale of an investment of \$7,093,000 in the 2013 Period. Changes in deferred income taxes, operating assets and liabilities and the timing of

Table of Contents

income tax payments accounted for the bulk of the remainder of the change in cash provided by operating activities of continuing operations in both periods.

Investing Activities

Cash provided by investing activities of continuing operations totaled \$2,045,000 in the 2013 Period and \$4,196,000 in the 2012 Period. Capital spending totaled \$4,699,000 in the 2013 Period and \$2,962,000 in the 2012 Period. We received \$7,231,000 from sales of assets in the 2013 Period compared to \$1,542,000 in the 2012 Period. Restricted cash was reduced \$4,972,000 in the 2012 Period.

We anticipate that funds necessary for capital expenditures, which are expected to total up to \$12,000,000 in 2013, and other requirements, will be available from internally generated funds or availability under our revolving credit facility.

Financing Activities

Cash required for financing activities of continuing operations totaled \$52,944,000 in the 2013 Period and \$64,573,000 in the 2012 Period. Debt reduction accounted for the usage of funds in the 2013 Period. In connection with the Chapter 11 Proceedings, we paid \$23,563,000 of debt financing and reorganization costs in the 2012 Period. Debt reduction accounted for the remainder of the usage of funds in the 2012 Period.

The Plan requires us to suspend stockholder dividends and share repurchases through December 2015.

As discussed more fully in Note 1 and Note 5 of the Notes to Consolidated Financial Statements, included herein, in January 2012, in conjunction with the effectiveness of the Plan, we refinanced all of our debt. The Plan refinanced our then-existing credit agreement and extended the April 2012 maturity in a structure of first and second lien debt with the existing lenders. We also amended the Pulitzer Notes, and extended the April 2012 maturity with the existing Noteholders. In May 2013, we again refinanced the remaining balance of the Pulitzer Notes.

Debt is summarized as follows:

(Thousands of Dollars)	March 31 2013	September 30 2012	Interest Rates (%)
			March 31 2013
Revolving credit facility	—	—	6.75
1 st Lien Agreement	624,000	661,850	7.50
2 nd Lien Agreement	175,000	175,000	15.00
Pulitzer Notes	94,000	109,000	11.30
Unamortized present value adjustment	(16,909)	(19,624))
	876,091	926,226	
Less current maturities of debt	14,400	17,400	
Current amount of present value adjustment	(5,397)	(5,418))
Total long-term debt	867,088	914,244	

At March 31, 2013, our weighted average cost of debt was 9.4%. The refinancing of the Pulitzer Notes in May 2013 reduces our weighted average cost of debt to 9.1% on a pro forma basis.

Aggregate maturities of debt, as adjusted for the Pulitzer Notes refinancing in May 2013, total \$6,000,000 for the remainder of 2013, \$19,150,000 in 2014, \$19,900,000 in 2015, \$598,150,000 in 2016 and \$249,800,000 in 2017.

Liquidity

At March 31, 2013, after consideration of letters of credit, we have approximately \$29,942,000 available for future use under our revolving credit facility. Including cash, our liquidity at March 31, 2013 totals \$52,389,000. This liquidity amount excludes any future cash flows. We expect all interest and principal payments due in the next twelve months will be satisfied by our continuing cash flows, which will allow us to maintain an adequate level of liquidity.

At March 31, 2013, the principal amount of our outstanding debt totals \$893,000,000. This amount is already less than

the \$893,100,000 amount projected for September 2014 under the Plan. Lower cash balances and asset sales have contributed to the improvement in debt repayment compared to the Plan.

There are numerous potential consequences under the 1st Lien Agreement, 2nd Lien Agreement, and the New Pulitzer Notes, if an event of default, as defined, occurs and is not remedied. Many of those consequences are beyond our control. The occurrence of one or more events of default would give rise to the right of the 1st Lien Lenders, 2nd Lien Lenders and/or Berkshire, to exercise their remedies under the 1st Lien Agreement, 2nd Lien Agreement, and the New Pulitzer Notes, respectively, including, without limitation, the right to accelerate all outstanding debt and take actions authorized in such circumstances under applicable collateral security documents.

Our ability to operate as a going concern is dependent on our ability to remain in compliance with debt covenants and to refinance or amend our debt agreements as they become due, or earlier if available liquidity is consumed. We are in compliance with our debt covenants at March 31, 2013.

In 2010, we filed a Form S-3 shelf registration statement ("Shelf") with the SEC, which has been declared effective. The Shelf gives us the flexibility to issue and publicly distribute various types of securities, including preferred stock, common stock, secured or unsecured debt securities, purchase contracts and units consisting of any combination of such securities, from time to time, in one or more offerings, up to an aggregate amount of \$750,000,000. In July 2011, the SEC announced changes to the issuer eligibility rules which will require us to have a public float of at least \$75,000,000 in order to use the Shelf. Subject to maintenance of the minimum level of equity market float and the conditions of our existing debt agreements, the Shelf may enable us to sell securities quickly and efficiently when market conditions are favorable or financing needs arise. Net proceeds from the sale of any securities must be used generally to reduce debt.

CHANGES IN LAWS AND REGULATIONS

Energy Costs

Energy costs have become more volatile, and may increase in the future as a result of carbon emissions and other regulations being considered by the United States Environmental Protection Agency.

Health Care

The Affordable Care Act was enacted into law in 2010. As a result, in 2010 we wrote off \$2,012,000 of deferred income tax assets due to the loss of future tax deductions for providing retiree prescription drug benefits.

We expect the Affordable Care Act will be supported by a substantial number of underlying regulations, many of which have not been issued. Accordingly, a complete determination of the impact of the Affordable Care Act cannot be made at this time. However, we expect our future health care costs to increase more rapidly based on analysis published by the United States Department of Health and Human Services, input from independent advisors and our understanding of various provisions of the Affordable Care Act that differ from our previous medical plans, such as:

- Certain preventive services provided without charge to employees;
- Automatic enrollment of new employees;
- Higher maximum age for dependent coverage;
- Elimination of lifetime benefit caps; and
- Free choice vouchers for certain lower income employees.

Administrative costs are also likely to increase as a result of new compliance reporting and mandatory fees per participant. New costs being imposed on other medical care businesses, such as health insurers, pharmaceutical

companies and medical device manufacturers, may be passed on to us in the form of higher costs. We may be able to mitigate certain of these future cost increases through changes in plan design.

We do not expect the Affordable Care Act will have a significant impact on our postretirement medical benefit obligation liability.

Pension Plans

In July 2012, the Surface Transportation Extension Act of 2012 (“STEA”) was signed into law. STEA provides for changes in the determination of discount rates that result in a near-term reduction in minimum funding requirements for our defined benefit pension plans. STEA will also result in an increase in future premiums to be paid to the Pension Benefit Guarantee Corporation.

Income Taxes

Certain states in which we operate are considering changes to their corporate income tax rates. Until such changes are enacted, the impact of such changes cannot be determined.

INFLATION

Price increases (or decreases) for our products are implemented when deemed appropriate by us. We continuously evaluate price increases, productivity improvements, sourcing efficiencies and other cost reductions to mitigate the impact of inflation.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

We are exposed to market risk stemming from changes in interest rates and commodity prices. Changes in these factors could cause fluctuations in earnings and cash flows. In the normal course of business, exposure to certain of these market risks is managed as described below.

INTEREST RATES ON DEBT

Our debt structure and interest rate risk are managed through the use of fixed and floating rate debt. Our primary exposure is to LIBOR. A 100 basis point increase or decrease to LIBOR would, if in excess of LIBOR minimums discussed more fully below, decrease or increase, respectively, income before income taxes on an annualized basis by approximately \$6,240,000, based on \$624,000,000 of floating rate debt outstanding at March 31, 2013.

Our debt under the 1st Lien Agreement is subject to minimum interest rate levels of 1.25%. Based on the difference between interest rates in May 2013 and our 1.25% minimum rate, LIBOR would need to increase approximately 80 basis points for six month borrowing up to approximately 105 basis points for one month borrowing before our borrowing cost would begin to be impacted by an increase in interest rates.

At March 31, 2013, approximately 69.9% of the principal amount of our debt is subject to floating interest rates. We regularly evaluate alternatives to hedge the related interest rate risk.

Certain of our interest-earning assets, including those in employee benefit plans, also function as a natural hedge against fluctuations in interest rates on debt.

COMMODITIES

Certain materials used by us are exposed to commodity price changes. We manage this risk through instruments such as purchase orders and non-cancelable supply contracts. We are a participant in a buying cooperative with other publishing companies, primarily for the acquisition of newsprint. We are also involved in continuing programs to mitigate the impact of cost increases through identification of sourcing and operating efficiencies. Primary commodity price exposures are newsprint and, to a lesser extent, ink and energy costs.

North American newsprint producers continue to face significant declines in domestic demand as well as uncertainty, of export demand. Producers continue their efforts to manage available supply capacity through the use of extended production downtime or permanent closure of facilities.

Newsprint pricing has weakened since the beginning of 2013, after remaining relatively stable since mid-2010. Future price changes, if any, will be influenced primarily by the balance between supply capacity and demand, domestic and export, in addition to the producers' ability to mitigate input cost pressures. The export market to Asia, particularly India, may be strengthening, which could slow or reverse recent price reductions. The final extent of future price change announcements, if any, is subject to negotiations with each newsprint producer.

A \$10 per tonne price increase for 30 pound newsprint would result in an annualized reduction in income before income taxes of approximately \$775,000 based on anticipated consumption in 2013, excluding consumption of TNI and MNI and the impact of LIFO accounting. Such prices may also decrease. We manage significant newsprint inventories, which may help to mitigate the impact of future price increases.

SENSITIVITY TO CHANGES IN VALUE

Our fixed rate debt consists of the 2nd Lien Agreement which is not traded on an active market and is held by a small group of investors, and the New Pulitzer Notes. We are unable, as of March 31, 2013, to measure the maximum potential impact on fair value of fixed rate debt from adverse changes in market interest rates under normal market conditions. The change in value, if determined, could be significant.

Item 4. Controls and Procedures

EVALUATION OF DISCLOSURE CONTROLS AND PROCEDURES

Under the supervision and with the participation of our senior management, including our chief executive officer and chief financial officer, we conducted an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act, as of the end of the period covered by this Quarterly Report on Form 10-Q (the "Evaluation Date"). Based on this evaluation, our chief executive officer and chief financial officer concluded as of the Evaluation Date that our disclosure controls and procedures were effective such that the information relating to the Company, including our consolidated subsidiaries, required to be disclosed in our SEC reports (i) is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms, and (ii) is accumulated and communicated to our management, including our chief executive officer and chief financial officer, as appropriate to allow timely decisions regarding required disclosure.

CHANGES IN INTERNAL CONTROL OVER FINANCIAL REPORTING

There have been no changes in our internal control over financial reporting that occurred during the 13 weeks ended March 31, 2013 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II OTHER INFORMATION

Item 1. Legal Proceedings

In 2008, a group of newspaper carriers filed suit against us in the United States District Court for the Southern District of California, claiming to be our employees and not independent contractors. The plaintiffs seek relief related to alleged violations of various employment-based statutes, and request punitive damages and attorneys' fees. In July 2010, the trial court granted the plaintiffs' petition for class certification. We filed an interlocutory appeal which was denied. After concluding discovery, we filed a motion to reverse the class certification ruling. This motion is currently pending before the trial court. The Company denies the allegations of employee status, consistent with our past practices and industry standards, and will continue to vigorously contest the action, which is not covered by insurance. At this time we are unable to predict whether the ultimate economic outcome, if any, could have a material effect on our Consolidated Financial Statements, taken as a whole.

We are involved in a variety of other legal actions that arise in the normal course of business. Insurance coverage mitigates potential loss for certain of these other matters. While we are unable to predict the ultimate outcome of these

Edgar Filing: LEE ENTERPRISES, INC - Form 10-Q

other legal actions, it is our opinion that the disposition of these matters will not have a material adverse effect on our Consolidated Financial Statements, taken as a whole.

Item 6. Exhibits

Number	Description
31.1	Rule 13a-14(a)/15d-14(a) certification
31.2	Rule 13a-14(a)/15d-14(a) certification
32	Section 1350 certification
