NEWS RELEASE

INDEPENDENCE HOLDING COMPANY ANNOUNCES

2005 THIRD QUARTER AND NINE MONTHS RESULTS

Stamford, Connecticut, November 9, 2005. Independence Holding Company (NYSE: IHC) today reported 2005 third quarter and nine months results.

Financial Results

Revenues increased 34% to \$78,435,000 for the three months ended September 30, 2005 compared to three months ended September 30, 2004 revenues of \$58,672,000 largely as a result of an increase in net premiums due to the Company's new Strategic Health segment and an increase in net retained premiums in the Medical Stop-Loss lines of business. Net income amounted to \$4,788,000, or \$.34 per share, diluted, for the three months ended September 30,

2005 compared to \$5,546,000, or \$.38 per share, diluted, for the three months ended September 30, 2004, a decrease of 11% per share. The three months ended September 30, 2005 included after tax realized and unrealized securities gains of \$624,000, or \$.04 per share, diluted, versus \$658,000, or \$.04 per share, diluted, for the three months ended September 30, 2004.

Revenues increased 26% to \$213,090,000 for the nine months ended September 30, 2005 compared to nine months ended September 30, 2004 revenues of \$169,217,000. Net income remained relatively constant at \$16,406,000, or \$1.15 per share, diluted, for the nine months ended September 30, 2005 compared to \$16,596,000, or \$1.16 per share, diluted, for the nine months ended September 30, 2004. The nine months ended September 30, 2005 included after tax realized and unrealized securities gains of \$1,290,000, or \$.09 per share, diluted, versus \$1,520,000, or \$.11 per share, diluted, for the nine months ended September 30, 2004.

IHC increased its ownership of the common stock of American Independence Corp. (NASDAQ: AMIC) by 6% to 48% during the third quarter of 2005. IHC's ownership of AMIC is accounted for on the equity method and had a carrying value, including goodwill, of \$43,599,000 (4.0 million shares) at September 30, 2005. IHC's interest in AMIC's earnings is burdened twice: (i) by a non-cash provision for taxes recorded by AMIC and (ii) by a deferred tax charge at the IHC level. This burden amounted to \$1,340,000 and \$1,639,000 for the nine months ended September 30, 2005 and 2004, respectively.

Chief Executive Officer's Comments

Roy T.K. Thung, Chief Executive Officer, commented, "While we are pleased that our revenues increased by 34%, we are disappointed that net income declined modestly during the third quarter and was relatively flat for the nine months. We attribute this decrease primarily to the same factors as we reported last quarter: (i) a continuing generally "soft" market for employer medical stop-loss, our largest line of business; (ii) start-up costs associated with our expansion into multiple new lines of health insurance; and (iii) a significant reduction in investment income due to lower yields in 2005 as compared to 2004. On a more positive note, the Company has recently announced the appointment of three new Medical Stop-Loss MGUs which are expected to produce approximately \$60 million of gross annualized premium in 2006. This new production should more than offset the reduction in premiums from this line of business due to the tightening of our underwriting guidelines and should position the Company to benefit when and if the

Medical Stop-Loss market hardens. We are also delighted to report that we have made significant progress in our new strategic health products: high deductible group health, short-term medical, dental, limited medical, high deductible individual health, and vision. These products have been very well received and we continue to explore multiple new distribution relationships. We remain optimistic as to our outlook as a result of our diversification into these strategic health products and the acquisition of a significant block of life policies in mid-2005, although we will not recognize the full benefit of these initiatives until 2006 or later."

NEWS RELEASE

INDEPENDENCE HOLDING COMPANY ANNOUNCES

APPOINTMENT OF NEW MANAGING GENERAL UNDERWRITERS

Stamford, Connecticut, November 8, 2005. Independence Holding Company (NYSE: IHC) today announced the appointment of two new employer medical stop-loss managing general underwriters (MGUs) by Standard Security Life and Madison National Life.

Roy T.K. Thung, Chief Executive Officer, commented, "We are pleased to announce the appointment of two additional MGUs. As a result of our underwriting discipline in a continuing soft medical stop-loss market, our in-force block has declined to approximately \$250 million. With the expected production from these MGUs and from the MGU appointed in June of this year, we anticipate that IHC will have approximately \$310 million of annualized gross medical stop-loss premiums in 2006. In addition, we are delighted with our success in entering the first dollar health market in 2005 through various distribution channels and multiple product filings in most states. We continue to be committed to increasing the distribution of our core line of medical stop-loss, while actively expanding distribution of

our first dollar health products. The full benefit of these new appointments and products will be largely realized starting in 2006.

IHC is a holding company principally engaged in the life and health insurance business and the acquisition of blocks of policies through its insurance company subsidiaries (Standard Security Life Insurance Company of New York and Madison National Life Insurance Company, Inc.), its affiliate American Independence Corp.
