Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

#### 2017 Annual Incentive Plan

On January 23, 2017, the Dominion Resources, Inc. (Dominion) Compensation, Governance and Nominating Committee (CGN Committee) approved the 2017 Annual Incentive Plan (the "Plan"). Under the Plan, Dominion's officers are eligible for an annual performance-based cash award. Each officer has a target incentive award under the Plan based on a percentage of base salary. For 2017, the target percentages of base salary for Dominion's named executive officers are as follows: Chairman, President and Chief Executive Officer – 125%; Executive Vice President and Chief Financial Officer – 100%; Executive Vice President and President and Chief Executive Officer – Dominion Generation Group – 90%; Senior Vice President and President and Chief Executive Officer – Dominion Virginia Power – 90%; and Senior Vice President and President and Chief Executive Officer – Dominion Energy – 90%.

The Plan is funded based on the achievement of consolidated financial operating earnings goals, with potential funding ranging from 0% to 200% of the target funding with the CGN Committee retaining negative discretion with respect to funding for current and future named executive officers. For most officers, payout of the amount funded under the Plan is subject to achievement of applicable consolidated financial, business unit financial, and operating and stewardship goals, including safety goals and diversity and inclusion goals. For the named executive officers, payout of incentives under the Plan will be based solely on the achievement of the funding goals, subject to the CGN Committee's negative discretion, in order to preserve the deductibility pursuant to Internal Revenue Code Section 162(m) of any payouts they receive under the Plan.

#### 2017 Long-Term Incentive Program

On January 23, 2017, the CGN Committee approved the 2017 Long-Term Incentive Program (the "Program") for its officers, including its named executive officers. The Program is being awarded pursuant to Dominion's 2014 Incentive Compensation Plan and consists of two components: restricted stock and cash-based performance grants.

The restricted stock is subject to a three-year cliff vesting period, while payout of the performance grants will be based on the achievement of two performance metrics: total shareholder return relative to a group of peer companies selected by the CGN Committee (weighted 50%) and return on invested capital (weighted 50%).

For performance grants under the 2017 Program, the CGN Committee decided to change from a two-year to a three-year performance period, in order to better align the awards with the committee's objective of incentivizing employees to achieve long-term performance goals. The three-year performance grant will have a performance period ending December 31, 2019, with payment made by March 15, 2020.

The most recent performance grant previously awarded in February 2016 has a two-year performance period ending December 31, 2017, with payment made by March 15, 2018. In order to bridge the gap year in 2019, in which participants would not have the opportunity to earn any performance grant payout due to the change to a three-year performance period, the CGN Committee also approved a one-time transition performance grant under the 2017 Program, with a two-year performance period ending December 31, 2018, and payment by March 15, 2019. The transition grant preserves each officer's opportunity to maintain the same annual performance grant payout opportunity through the Program's transition to a three-year performance period.

The target values for the two- and three-year performance grants are each equal to the grant date value of the restricted stock portion of the Program. Payout of the cash-based performance grants will vary depending on the level of achievement of the performance metrics. The CGN Committee retains authority to exercise negative discretion to

lower payouts as it may deem appropriate, in its sole discretion.
