Explanation of Responses:

* If the form is filed by more than one reporting person, see Instruction 4(b)(v).

** Intentional misstatements or omissions of facts constitute Federal Criminal Violations. See 18 U.S.C. 1001 and 15 U.S.C. 78ff(a).

Restricted Stock Unit vesting in four equal annual installments commencing on 3/10/2020. The number of RSUs to be awarded is a function of base pay, a long-term incentive (LTI) percentage and the fair value of an RSU. The fair value of an RSU is calculated as the

(1) stock price as of the effective date less the present value of Company stock dividends over the vesting period. This calculation requires the input of certain assumptions, including the risk-free interest rate and the expected Company stock dividends. The formula for determining the number of RSUs granted is: number of RSUs = (base pay x LTI%) / RSU fair value.

(2) Reflects an amended amount to correct a clerical error. 132 ESPP shares, purchased on 9/30/18, were not previously reported.

(3) This Form 4 is being amended to report the number of options granted, calculated pursuant to a formula approved by the Compensation Committee. The number was unknown at the time of original filing.

(4)

Edgar Filing: Worzel Ken - Form 4/A

Granted under the issuer's 2010 Equity Incentive Plan, exercisable over four years, with 50% vesting on each of March 10, 2022 and March 10, 2023

- (5) Each Performance Share Unit (PSU) represents a contingent right to receive one share of the Company's common stock. The percentage of PSUs granted that will actually be earned at the end of the three-year period is based upon the Company's free cash flow growth, earnings before interest and tax (EBIT) margin percent, and market share results over that same period.

Note: File three copies of this Form, one of which must be manually signed. If space is insufficient, *see* Instruction 6 for procedure.

Potential persons who are to respond to the collection of information contained in this form are not required to respond unless the form displays a currently valid OMB number.
