Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

## Edgar Filing: BELLSOUTH CORP - Form 8-K

### Item 2.06 Material Impairments

On August 29, 2005, Hurricane Katrina caused catastrophic damage in areas of Louisiana, Mississippi and Alabama, particularly in the city of New Orleans and the Mississippi Gulf Coast. On September 6, 2005, the Company made an initial estimate of the future cost for network restoration, including capital and expense, of \$400 million to \$600 million. Since that time, full damage assessments have not been completed as access to certain areas remains limited. This estimate is subject to many uncertainties, the most significant of which include completion of physical surveys, the government's specific plans for reconstruction of the City of New Orleans and the resulting impact on our network design.

Based on preliminary damage assessments, on September 30, 2005 management reached a conclusion that the extent of damage to the Company's property, plant and equipment in these areas will require recognition of an asset impairment. In accordance with generally accepted accounting principles, management estimated the impairment based on the best available information utilizing damage assessments to date. As a result, the Company will record an after-tax charge of approximately \$100 million (\$0.06 cents per share) in the third quarter of 2005. This estimate is subject to revision as more information becomes available.

The Company is self-insured for its outside plant where the most significant damage was incurred. BellSouth does have a blanket insurance policy which covers Central Office equipment and buildings with a \$60 million deductible. As of the date of this filing, the Company is working with its insurance carriers to determine to what extent insurance proceeds will offset any losses. Accordingly, no offsetting benefit for insurance recoveries is expected to be recorded against the loss in the third quarter 2005 results.

### SIGNATURE

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.
