PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS
MAY 17, 2011

INTRODUCTION

This proxy statement is furnished in conjunction with the solicitation by the Board of Directors of American National Bankshares Inc. (the "Company") of the accompanying proxy to be used at the Annual Meeting of Shareholders of the Company (the "Annual Meeting") and at any adjournment thereof. The meeting will be held on Tuesday, May 17, 2011, 9:00 a.m., at The Wednesday Club, 1002 Main Street, Danville, Virginia, 24541, for the purposes set forth below and in the Notice of Annual Meeting of Shareholders. The approximate mailing date of this proxy statement and the enclosed proxy is April 15, 2011.

Voting Rights of Shareholders

Only shareholders of record at the close of business on April 1, 2011, are entitled to notice of and to vote at the Annual Meeting or any adjournment thereof. As of the close of business on April 1, 2011, there were 5,889,635 shares of the Company's common stock outstanding and entitled to be voted at the Annual Meeting. For the reasons explained below, the number of shares entitled to be voted is less than the number of shares of the Company's common stock outstanding on such date. The Company has no other class of stock outstanding. Each share of common stock entitles the record holder thereof to one vote upon each matter to be voted upon at the Annual Meeting.

A majority of the votes entitled to be cast, represented in person or by proxy, will constitute a quorum for the transaction of business. Shares for which the holder has elected to abstain or to withhold the proxy's authority to vote on a matter, and broker non-votes, will count toward a quorum but will not be included in determining the number of votes cast with respect to such matter.

Ambro and Company, the nominee name that the Company's banking subsidiary, American National Bank and Trust Company (the "Bank"), uses to register the securities it holds in a fiduciary capacity for customers, held 263,798 shares of the Company's common stock as sole fiduciary (with no qualifying co-fiduciary having been appointed) as of the record date for the Annual Meeting, which constituted 4.3% of the issued and outstanding shares of the Company's common stock on that date. Under Virginia law, such shares cannot be voted at the Annual Meeting and are not deemed to be outstanding and entitled to vote for purposes of determining a quorum. Accordingly, as of the record date for the Annual Meeting, there are 5,889,635 shares deemed outstanding and entitled to vote at the meeting.

Revocation and Voting of Proxies

Execution of a proxy will not affect a shareholder's right to attend the Annual Meeting and to vote in person. Any shareholder who has executed and returned a proxy may revoke it by attending the Annual Meeting and requesting to vote in person. A shareholder may also revoke his or her proxy at any time before it is exercised by filing a written notice with the Company or by submitting a proxy bearing a later date. Proxies will extend to, and will be voted at, any adjourned session of the Annual Meeting.

Solicitation of Proxies

The cost of solicitation of proxies will be borne by the Company. Solicitation is being made by mail, and if necessary, may be made in person or by telephone or special letter by officers and employees of the Company or the Bank, acting on a part-time basis and for no additional compensation.

PROPOSAL ONE – ELECTION OF DIRECTORS

The Company's Board of Directors currently consists of thirteen persons. The Board is divided into three classes (I, II and III), each class as nearly equal in number as possible. The term of office for the Class III directors will expire at the Annual Meeting and the nominees to serve as Class III directors are set forth below. Three of the Class III nominees currently serve as Class III directors of the Company. The Board has also nominated Dan M. Pleasant to serve as a Class III director. In December 2010, the Board appointed Mr. Pleasant as a director to serve from January 2011 until the Annual Meeting, at which time he is subject to election by the shareholders. If elected, the Class III nominees will serve until the 2014 Annual Meeting of Shareholders and until their respective successors are duly elected and qualified.

E. Budge Kent, Jr. and H. Dan Davis will retire from the Board of Directors pursuant to the Company's retirement policy for directors. Their retirement will be effective at the Annual Meeting. The Company's Governance and Nominating Committee will be recommending to the full Board that both be elected a Director Emeritus at the Organizational Meeting subsequent to the Annual Meeting.

Pursuant to the Agreement and Plan of Reorganization, dated as of December 15, 2010, by and between the Company and MidCarolina Financial Corporation ("MidCarolina"), three current members of the Board of Directors of MidCarolina will be appointed to the Company's Board of Directors following the merger of MidCarolina into the Company (the "Merger"). Pending required approvals, the Merger is expected to close during the latter part of the second quarter 2011. After consummation of the Merger, the Company's Board will increase in size to 14 persons. MidCarolina directors F. D. Hornaday, III, Robert W. Ward and John H. Love are expected to be named as directors of the Company. Mr. Hornaday is President and Chief Executive Officer of Knit Wear Fabrics, Inc. (circular knit manufacturer, Burlington, NC), Mr. Ward is retired Executive Vice President and Chief Financial Officer of Unifi, Inc. (textile company, Greensboro, NC) and Mr. Love is President of W. E. Love & Associates, Inc. (insurance brokerage firm, Burlington, NC). In addition, after consummation of the Merger, the Company's Governance and Nominating Committee will be recommending to the full Board that James R. Copland, III, current Chairman of the Board of MidCarolina, be elected a Director Emeritus. Mr. Copland is a founding director of MidCarolina Bank and Chairman of Copland Industries, Inc. and Copland Fabrics, Inc. (textile companies, Burlington, NC).

The persons named in the accompanying proxy will vote for the election of the nominees named below unless authority is withheld. If for any reason the persons named as nominees below should become unavailable to serve, an event that management does not anticipate, proxies will be voted for such other persons as the Board of Directors may designate.

The Board of Directors recommends the nominees, as set forth below, for election. The Board of Directors recommends that shareholders vote FOR these nominees. The election of each nominee requires the affirmative vote of a plurality of the shares of the Company's common stock cast in the election of directors.

Executive Officers

Information on the Company's executive officers who are not directors is disclosed in Part I, Item 1, of the Company's Annual Report on Form 10-K for the year ended December 31, 2010, which was mailed with this proxy statement.

Board Independence

The Company's Board of Directors has determined that, except for Messrs. Majors and Kent, each director is independent within the director independence standard of the NASDAQ Stock Market LLC ("NASDAQ"), as currently in effect, and within the Company's director independence standards, as established and monitored by the Company's

Corporate Governance and Nominating Committee.

Michael P. Haley is not related to Jeffrey V. Haley, Executive Vice President of the Company and President of the Bank. In order to avoid any confusion, Michael P. Haley will be referred to as Michael Haley and Jeffrey V. Haley will be referred to as Jeffrey Haley in this proxy statement.

Board Members Serving on Other Publicly Traded Company Boards of Directors

Certain of the Company's directors are also directors of other publicly traded companies. Dr. Hudson has been a director of American Electric Power Company, Inc. since 1987. Michael Haley has been a director of Stanley Furniture Company, Inc. since 2003, and LifePoint Hospitals, Inc. since 2005. Michael Haley has also served as a director of Ply Gem Holdings, Inc. since 2006.

Board of Directors and Committees

Directors are expected to devote sufficient time, energy, and attention to ensure diligent performance of their duties, including attendance at board, committee, and shareholder meetings. The Board of Directors of the Company met thirteen times during 2010. In accordance with the Company's Corporate Governance Guidelines, the independent directors held eight executive sessions during 2010. The Chairman of the Corporate Governance and Nominating Committee presides at such sessions. The Board of Directors of the Bank, which consists of all members of the Company's Board and Jeffrey Haley, President of the Bank, met eleven times during 2010.

All incumbent directors and director nominees attended at least 75% of the aggregate total number of meetings of the boards of directors and committees on which they served in 2010. Eleven directors attended the 2010 Annual Meeting of Shareholders. The Boards of Directors of the Company and the Bank have established various committees, including the Audit and Compliance Committee, the Operational Risk and Security Committee, the Corporate Governance and Nominating Committee, and the Human Resources and Compensation Committee. Membership and other information on these committees are detailed below.

The Audit and Compliance Committee met four times in 2010. This Committee currently consists of Messrs. Blair, Maddux, and Michael Haley. Dr. Maddux serves as the Chairman. The Committee reviews significant audit, accounting and compliance principles, policies and practices; is directly responsible for engaging and monitoring the independent auditors of the Company; and provides oversight of the internal auditing and compliance functions. A more detailed description of the functions of this Committee is contained under the heading "Report of the Audit and Compliance Committee." All of the members of this Committee are considered independent within the meaning of Securities and Exchange Commission ("SEC") regulations, the listing standards of NASDAQ, and the Company's Corporate Governance Guidelines. Michael Haley, a member of the Committee, is qualified as an audit committee financial expert within the meaning of SEC regulations and the Board has determined that he has accounting and related financial management expertise within the meaning of the listing standards of NASDAQ.

The Operational Risk and Security Committee met two times in 2010. This Committee currently consists of Messrs. Davis, Blair, and Harris. Mr. Davis serves as the Chairman. The Committee reviews significant operational risk and security related matters, previously under the purview of the Audit and Compliance Committee. These risks include, but are not limited to, information security, fraud, physical security, insurance, and vendor management. In effect, this Committee focuses on operational and physical risk and the Audit and Compliance Committee focuses on financial and regulatory risk.

The Corporate Governance and Nominating Committee met two times in 2010. Current members of the Committee are Messrs. Crist, Maddux, and Owen. Mr. Owen serves as the Chairman. The Committee is responsible for developing and implementing policies and practices relating to corporate governance, including reviewing and monitoring implementation of the Company's Corporate Governance Guidelines. In addition, the Committee develops and reviews background information on candidates for the Board and makes recommendations to the Board regarding such candidates. The Committee also supervises the Board's annual review of director independence and oversees the Board's performance self-evaluation. All the members of this Committee are considered independent within the meaning of SEC regulations, the listing standards of NASDAQ, and the Company's Corporate Governance Guidelines.

The Human Resources and Compensation Committee met five times in 2010. The Committee currently consists of Messrs. Davenport, Michael Haley, and Hudson. Dr. Hudson serves as the Chairman. This Committee is responsible for establishing and approving the compensation of executive officers of the Company, except for the compensation of the Chief Executive Officer. The compensation of the Chief Executive Officer is reviewed, discussed, and approved by the independent members of the Board of Directors, upon recommendation of the Committee. The Committee also makes recommendations to the Board of Directors regarding promotions, director compensation, and related personnel matters. The Committee oversees succession planning for the Chief Executive Officer and makes recommendations

to the Board of Directors regarding such activities. The Committee also reviews and approves the travel related expenses of the Chief Executive Officer. Reference is made to the “Compensation Discussion and Analysis” section of this proxy statement for further information on the duties and responsibilities of this Committee. No member of the Human Resources and Compensation Committee is a current officer or employee of the Company. All members of this Committee are considered independent within the meaning of SEC regulations, the standards of NASDAQ, and the Company’s Corporate Governance Guidelines.

The charters of the Board Committees are available on the Company's website, www.amnb.com. For access to the charters, select the "American National Bankshares Investor Relations" icon, then select "Governance Documents."

Compensation Committee Interlocks and Insider Participation

No member of the Human Resources and Compensation Committee or executive officer of the Company has a relationship that would constitute an interlocking relationship with executive officers or directors of another entity.

Director Nominations Process

The Company's Board of Directors has adopted, as a component of its Corporate Governance Guidelines, a process related to director nominations (the "Nominations Process"). The purpose of the Nominations Process is to describe the manner by which candidates for possible inclusion in the Company's recommended slate of director nominees are selected. The Nominations Process is administered by the Corporate Governance and Nominating Committee of the Board.

The Committee considers candidates for Board membership suggested by its members, other Board members, management, and shareholders. A shareholder who wishes to recommend a prospective nominee for the Board may, at any time, notify the Company's President and Chief Executive Officer or any member of the Committee in writing with supporting material the shareholder considers appropriate. The Committee will consider the shareholder's recommendation and will decide whether to recommend to the Board the nomination of any person recommended by a shareholder pursuant to the provisions of the Company's bylaws relating to shareholder proposals, as described in the "Shareholder Communications and Proposals" section of this proxy statement.

Once the Committee has identified a candidate, it makes an initial determination whether to conduct a full evaluation of the candidate based on information accompanying the recommendation and the Committee members' knowledge of the candidate, which may be supplemented by inquiries to the person making such recommendation or to others. The preliminary determination is based primarily on the need for additional Board members to fill vacancies or expand the size of the Board and the likelihood that the candidate can satisfy the evaluation factors established in the Corporate Governance Guidelines. The Committee may seek additional information about the candidate's background and experience. The Committee then evaluates the candidate against the criteria in the Company's Corporate Governance Guidelines, including, but not limited to, independence, availability for time commitment, skills such as an understanding of the financial services industry, general business knowledge and experience, all in the context of an assessment of the perceived needs of the Board at that point in time. The Committee does not have a formal policy with respect to diversity on the Board. However, it considers diversity as a prerequisite for adequately representing the interests of the various stakeholders in the Company – shareholders, customers, and employees. The Committee seeks diversity in overall board composition. In the Committee's nominee considerations, diversity is a much broader concept than just the traditional racial and gender dimensions, as it also includes education, geography, business and professional experience and expertise, and civic involvement and responsibility, especially within the Company's market area. In connection with this evaluation process, the Committee determines whether to interview the candidate, and if warranted, one or more members of the Committee will conduct such interview. After completing the evaluation, the Committee makes a recommendation to the Board of Directors as to the persons who should be nominated by the Board, and the Board determines the nominees after considering the recommendation of the Committee.

Corporate Governance and Risk Oversight Practices

In a financial institution, the role of the Board is critical to the success or failure of the enterprise. The Board of the Company is led by the Company's Chief Executive Officer, Mr. Majors, who functions as the de facto Chairman of the Board. The Chairman of the Corporate Governance and Nominating Committee, Mr. Owen, functions as the lead independent director. He chairs the Board in the absence of the Chief Executive Officer or when the Board's independent directors meet in executive session without the Chief Executive Officer. Mr. Owen is a retired Chairman and Chief Executive Officer of a publicly traded tobacco company, and a former non-executive board chairman of another public company, and his background and experience prepares him well for this role. Meetings of the independent directors are held numerous times throughout the year.

This structure has evolved over the past 17 years, during the tenure of Mr. Majors as Chief Executive Officer. In the opinion of the Board, it has served the interests of the shareholders, customers, employees and regulators well, as vouched by the Company's consistently higher than peer average asset quality, earnings, and total return to shareholders.

The Board of Directors of a financial institution is the strategic linchpin in the risk oversight process. Financial institutions deal with credit risk, liquidity risk, interest rate risk, operational risk, reputation risk, and regulatory risk in the day to day conduct of business. In order to better manage the risk oversight process, in 2009 the Board created an Operational Risk and Security Committee, which assumed some of the oversight duties previously addressed by the Audit and Compliance Committee. In effect, the Board has one committee to address the financial and regulatory related risks, the Audit and Compliance Committee, and a second committee to address the physical and operational risks, the Operational Risk and Security Committee. Both committees receive information frequently from the Chief Executive Officer, Chief Financial Officer, internal auditor, compliance officer, other key officers, external auditors, and regulators. In the opinion of the Board, this structure provides for an improved approach to risk oversight.

Corporate governance is, or should be, a constantly evolving and improving process. Companies have to be prepared to adjust to changing circumstances and react appropriately. During 2009, Mr. Majors and the Board began planning for his retirement on an orderly schedule. In December 2009, the Board engaged an outside firm to assist in the succession planning process and the selection of a successor. This process was directed by a Board committee of independent directors, with the final selection determined by the entire Board. This selection process, which concluded in mid-2010, resulted in the selection of Jeffrey Haley, to serve as President of the Bank. Mr. Majors retains the position of President and Chief Executive Officer of the Company, remains as Chief Executive Officer of the Bank and is now Chairman of the Bank. Mr. Jeffrey Haley will work directly with Mr. Majors and, as appropriate, will assume more responsibility in the operations of the Company and the Bank. The Board believes this strategy should make for an effective transition.

Board Tenure Policy

The Board of the Company has a long-standing policy for the Company and the Bank with respect to the tenure of directors. In summary, it provides for the following:

- ü No director will allow himself to be nominated for reelection to the Board of the Company after reaching the age of 72;
- ü No director will allow himself to be nominated for reelection to the board of the Bank, unless at the time of such reelection he was eligible to serve as a director of the Company;
- ü Any director who retires or resigns from or severs his current employment, or relocates outside the market area of the Bank, will tender his resignation. The Board may accept it, delay acceptance, or decline to accept it;
- ü No inside director will continue to serve as a director after his retirement, resignation or other severance of employment status. However, the Board may waive this requirement if it is deemed in the best interests of the Company or the Bank;
- ü No director will be eligible for reelection if he is absent from all meetings for the 12 month period preceding the Annual Meeting of Shareholders at which such election would be held;
- ü Any former director may be elected as a Director Emeritus for a one year term, but may not serve more than three years or after reaching age 75. A Director Emeritus will be entitled to attend and participate in Board meetings, but will not be eligible to vote and his presence will not be considered in the determination of a quorum.

At the 2010 Annual Meeting, Fred B. Leggett, Jr. retired as a director under the Company's director retirement policy and was elected by the Board as a Director Emeritus for a one-year term, which expires at the Annual Meeting. Messrs. Davis and Kent, having reached the age of 73 and 72, respectively, did not allow their names to be placed in nomination for reelection at the Annual Meeting. The Company's Corporate Governance and Nominating Committee has recommended to the Board that both be elected to a one-year term as Director Emeritus at the Organizational Meeting subsequent to the Annual Meeting.

COMPENSATION COMMITTEE REPORT

The Human Resources and Compensation Committee of the Board of Directors has reviewed and discussed with management the Company's Compensation Discussion and Analysis. Based upon this review and discussion, the Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's definitive proxy statement on Schedule 14A for its Annual Meeting, which is incorporated by reference in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2010, as filed with the Securities and Exchange Commission.

COMPENSATION DISCUSSION AND ANALYSIS

The Company's Executive Compensation Philosophy

The Human Resources and Compensation Committee of the Board of Directors is responsible for establishing and approving the compensation of the executive officers of the Company, except for the compensation of the Chief Executive Officer, which is approved by the independent members of the Board of Directors. The Committee considers a variety of factors and criteria in arriving at its decisions and recommendations for compensation. The Committee's objective is to attract and retain qualified executive officers and to align their interests with those of the Company and its shareholders. Accordingly, a portion of the executive compensation program is designed to motivate and reward achievements that make a positive impact on the Company's profitability and total shareholder return.

Each director who served on the Committee during 2010 qualifies as a "non-employee director" as such term is defined in Rule 16b-3 promulgated under the Securities Exchange Act of 1934 and is an "independent director" as such term is defined in NASDAQ Marketplace Rule 5605(a)(2).

Salary

The base salary of each executive officer named in the Summary Compensation Table (the "named executive officers") is designed to be competitive with that of the Company's peer banks and bank holding companies. In establishing the base salaries for the named executive officers, the Committee relies upon an evaluation of each officer's level of responsibility and performance and on comparative information, including the Virginia Bankers Association's Salary Survey of Virginia Banks and the SNL Bank Compensation Review. In establishing base salaries for named executive officers other than the Chief Executive Officer, the Committee also receives and takes into account the individual compensation recommendations of the Chief Executive Officer. The independent directors collectively evaluate the performance of the Chief Executive Officer in executive session. Subsequently, the Chairman of the Committee meets individually with the Chief Executive Officer to review the results of the evaluation. The salary of the Chief Executive Officer is reviewed, discussed, and approved by the independent members of the Board of Directors in executive session, upon recommendation of the Committee.

Profit Sharing and Performance Compensation Programs

The Company has a profit sharing program that is designed to recognize and reward the efforts of eligible full-time employees for their contribution toward the attainment of the Company's financial goals. Also, there is a performance compensation program that is designed to recognize and reward Company officers, including the named executive officers, whose achievements resulted in a positive impact to the Company.

Both the profit sharing program and performance compensation program were active during 2010. In recognition of the aggregate efforts of the Company's employees, the Board approved in late December 2010 an across the board profit sharing distribution to full-time employees equal to 3.0% of their earned income for the year ended December 31, 2010, which was paid in January 2011. The named executive officers received payments under the profit sharing program on the same basis as other full-time employees. The named executive officers did not participate in the performance compensation program, but received restricted stock grants as discussed below.

For 2011 and future years, the Company will establish annually the criteria necessary to determine what awards can be earned under the profit sharing and performance compensation programs.

In the opinion of the Committee and the Board of Directors, the Company's compensation practices do not encourage excessive or inappropriate risk taking and are not reasonably likely to have a material adverse effect on the Company.

Stock Compensation Plans

The Company maintains the 2008 Stock Incentive Plan ("2008 Plan"), which is designed to attract and retain qualified key personnel, provide employees with a proprietary interest in the Company as an incentive to contribute to the success of the Company, and reward employees for outstanding performance and the attainment of targeted goals. The 2008 Plan was adopted by the Board of Directors of the Company on February 19, 2008 and approved by the shareholders on April 22, 2008 at the Company's 2008 Annual Meeting. The 2008 Plan provides for the granting of restricted stock awards and incentive and non-statutory options to employees and directors on a periodic basis, at the discretion of the Board or a Board designated committee. The 2008 Plan authorized the issuance of up to 500,000 shares of common stock. The 2008 Plan replaced the Company's stock option plan that was approved by the shareholders at the 1997 Annual Meeting, which plan terminated in 2006 (the "1997 Option Plan").

The 2008 Plan is administered by a Committee of the Board of Directors of the Company comprised of independent directors. Under the 2008 Plan, the Committee determines which employees will be granted restricted stock awards and options, whether such options will be incentive or non-statutory options, the number of shares subject to each option, whether such options may be exercised by delivering other shares of common stock, and when such options become exercisable. In general, the per share exercise price of an incentive stock option must be at least equal to the fair market value of a share of common stock on the date the option is granted. Restricted stock is granted under terms and conditions established by the Committee.

Stock options become vested and exercisable in the manner specified by the Committee. Each stock option or portion thereof shall be exercisable at any time on or after it vests and is exercisable until ten years after its date of grant. No stock options have been backdated or repriced. As of December 31, 2010, 103,999 shares remain exercisable under the 1997 Option Plan and 40,250 shares are exercisable under the 2008 Plan. There were no stock options awarded in 2010.

The Company from time-to-time grants shares of restricted stock to key employees and non-employee directors. The Company believes the awards help align the interests of these employees and directors with the interests of the shareholders of the Company by providing economic value directly related to increases in the value of the Company's stock. The value of the stock awarded is based on the fair market value of the Company's common stock at the time of the grant, which is the closing price of the stock on the NASDAQ Global Select Market. The Company recognizes expense, equal to the total value of such awards, ratably over the vesting period of the stock grants.

The Company made its first restricted stock grant to executive officers under the 2008 Plan in the first quarter 2010. The grants vest 24 months after the date of issue. On January 19, 2010, the Company issued 8,712 shares of restricted stock to its six executive officers and three regional executives.

Nonvested restricted stock for the year ended December 31, 2010 is summarized in the following table.

Restricted Stock	Shares	Grant date fair value per share
Nonvested at January 1, 2010		- -
Granted	8,712	\$21.36
Vested		- -
Forfeited		- -
Nonvested at December 31, 2010	8,712	\$21.36

As of December 31, 2010, there was \$93,000 of total unrecognized compensation cost related to nonvested restricted stock granted under the 2008 Plan. This cost is expected to be recognized in 2011.

The summary stock option plan table is included in Part II, Item 5 of the Company's Annual Report on Form 10-K for the year ended December 31, 2010.

Deferred Compensation

The Bank entered into a deferred compensation agreement with Charles H. Majors, Chief Executive Officer, initially as of February 22, 1993, and most recently amended and restated as of December 31, 2008. The agreement requires an annual payment of \$50,000 for a period of ten years to Mr. Majors or his designated beneficiary, commencing within three months of his termination of employment or death, whichever occurs first. The amount of this payment is fixed and the funds for this payment are not established in an account that allows for additional contributions or earnings growth. Payments under this agreement are independent of, and in addition to, those under any other plan, program, or agreement between Mr. Majors and the Company or the Bank. There are no deferred compensation arrangements with any of the other named executive officers.

Retirement Plan

Through December 31, 2009, the Company's retirement plan was a non-contributory defined benefit pension plan that covered all full-time employees of the Company who were 21 years of age or older and who had at least one year of service. Advanced funding of the plan was accomplished by using the actuarial cost method known as the collective aggregate cost method.

The plan was closed to new participants at December 31, 2009. On that date, the Company converted the plan to a cash balance plan. Participant balances at that date reflected the net present value of the plan's then existing obligation to the participants. Beginning January 1, 2010, participants will earn each year, with some adjustments, income based on the ten year U. S. Treasury note yield established at December 31 of the prior year. The Company expects this

change will reduce the on-going cost of the program.

401(k) Employee Savings Plan

The Company sponsors a 401(k) Employee Savings Plan in which all full-time employees (age 21 and older) are eligible to participate. Effective January 1, 2010, the Company matches 100% of employee contributions on the first 3% of earned compensation and 50% of employee contributions of the second 3% of earned compensation. Perquisites received by executive officers are not included as earned compensation under this plan. While employee contributions are immediately vested, the Company's contributions at or prior to December 31, 2009 are subject to a stated vesting schedule. Effective January 1, 2010, the Company's contributions are not subject to a vesting schedule.

Perquisites

The Company provides the Chief Executive Officer with an automobile and reimburses him for the cost of fuel and maintenance for the vehicle. Additionally, the Company reimburses him for the estimated amount of personal income tax on his personal use of the vehicle. The value of this perquisite is included in the Summary Compensation Table.

Other Benefit Plans

Executive officers participate in the Company's benefit plans on the same terms as other employees. These plans include medical, dental, life, and disability insurance. The Company provides life insurance coverage equal to four times the employee's salary for all eligible employees. Coverage in excess of \$50,000 is subject to taxation based on Internal Revenue Service guidelines.

Executive Severance Agreements

The Company recognizes that, as a publicly held company in the financial services industry, there exists the possibility of a change in the control of the Company. In order to protect the interests of the shareholders, to promote continuity in the event of a change in control and to minimize uncertainty among executive management, the Company has entered into change in control agreements with each of the named executive officers.

In general, "change in control" is defined in the agreements as a change in the majority composition of the Board of Directors over a 24-month period; a change in the ownership of a majority of the Company's voting stock, or a sale of a majority of the Company's assets. The terms of each agreement generally reflect provisions used in current industry practice for executive officers of financial institutions. The terms of the agreements are effective upon a change in control and for three years thereafter. The agreements provide that each executive officer's base salary and profit sharing and incentive compensation cannot be reduced during such three-year period.

Each agreement also provides for the executive officer to receive continued salary and benefits if his employment is terminated "without cause" (as such term is defined in the agreement) during the term of the agreement. If employment is terminated during the first year after a control change, the Chief Executive Officer will receive continued salary and benefits for 24 months after such termination and the other executive officers will receive continued salary and benefits until the second anniversary of the change in control. If the termination of employment occurs more than 12 months after the control change, the Chief Executive Officer will receive continued salary and benefits until the third anniversary of the control change and the other executive officers will receive continued salary and benefits until the earlier of the first anniversary of termination of employment or the third anniversary of the control change.

The agreements also provide for continued salary and benefits if the executive officer resigns under certain circumstances. Beginning in the fourth month after a control change, and through the twelfth month after the transaction, each executive officer may resign for any reason and receive continued salary and benefits for 24 months (in the case of the Chief Executive Officer) or 12 months (in the case of the other executives). After the first anniversary of the control change, an executive officer may resign and receive continued salary and benefits for the same period (but not beyond the third anniversary of the control change) if his resignation is on account of a reduction in the executive's compensation, a required relocation of his office more than thirty miles from Danville, Virginia, or a reduction in the duties or title assigned to him as of the first anniversary of the control change.

The agreements are governed by two limitations. First, the agreement for any executive terminates after the executive attains age 65. Two of the Company's current named executive officers, Mr. Majors and Mr. Dudley, both attained age 65 in 2010 and, consequently, their agreements have terminated. Second, no amounts are payable and no benefits will be provided under the agreements to the extent that such payments or benefits, together with other payments or benefits under other plans, agreements or arrangements, would make the executive liable for the payment of an excise tax under Section 4999 of the Internal Revenue Code of 1986. The amounts otherwise payable and the benefits otherwise to be provided under the agreements would be reduced to the extent necessary to avoid the imposition of the excise tax liability; provided, however, that the executive would have the right to direct which payments or benefits under the agreement is to be reduced in order to avoid any excise tax liability.

Potential Payments upon Termination or Change in Control

Of the named executive officers, only Mr. Majors would receive payments in the event of retirement or termination unrelated to a change in control. If Mr. Majors' employment had terminated on December 31, 2010, due to a change in control or otherwise, he would receive annual payments of \$50,000 for ten years under the terms of the deferred compensation agreement discussed in the "Deferred Compensation" section of this proxy statement.

If a change in control had occurred on December 31, 2010, and the named executive officers were terminated on that same date, the benefits that would be payable to each of the named executive officers under the terms of their executive severance agreements are identified in the following table. This hypothetical scenario would require payment of salary and bonus and coverage under the Company's healthcare, other insurance benefits, and pension plans through December 31, 2012. The benefits payable under any other change in control termination scenario would be less than or equal to the amounts shown.

Name	Salary (24 months) \$	Non-Equity Incentive Plan Compensation (24 months) \$	Stock Awards (24 months) \$	Other (24 months) \$	Change in Pension Value (Lump sum) \$
Charles H. Majors	-	-	-	-	-
Jeffrey V. Haley	400,000	-	40,000	2,768	12,978
William W.	297,840	-	40,000	4,328	-

Traynham					
R. Helm Dobbins	286,418	-	40,000	5,284	9,462
S. Cabell Dudley, Jr.	-	-	-	-	-
Dabney T.P. Gilliam, Jr.	259,708	-	40,000	4,748	9,236

The salary calculations are based on annualized salary amounts in effect as of December 31, 2010, which are then multiplied by two to reflect the continuation of such amounts for a period of 24 months. The information in the Stock Awards column is estimated as twice the value of the stock award granted to the executive officers in 2010. The information in the Other column is estimated as twice the amount provided to the executive officer in 2010 for healthcare and other insurance benefits. The Change in Pension Value is estimated as twice the 2010 amount reflected in the "Summary Compensation Table."

Tax and Accounting Considerations

The Company's practice is to expense salary, bonus and incentive compensation, and benefit costs as they are incurred for tax and accounting purposes. Salary, bonus and incentive compensation, and some benefit payments are taxable to the recipient as ordinary income. The tax and accounting treatment of the various elements of compensation is not a major factor in the Company's decision making with respect to executive compensation. To maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals, the Committee has not adopted a policy requiring all compensation to be deductible.

Security Ownership Guidelines and Hedging of Securities

The Company does not have any formal security ownership guidelines for executive officers, but all of our executive officers own a number of shares with some having substantial ownership. The Committee has recently adopted a policy which requires that any grants of restricted stock to executive officers be held by the grantee as long as he is employed by the Company. The Company does not have any policies regarding our executive officers' hedging the economic risk of ownership of our shares.

Financial Restatement

The Board of Directors does not have a policy with respect to adjusting retroactively any cash or equity based incentive compensation paid to the Company's executive officers where payment was conditioned on achievement of certain financial results that were subsequently restated or otherwise adjusted in a manner that would reduce the size of an award or payment, or with respect to recovery of any amount determined to have been inappropriately received by an individual executive. If such a restatement were ever to occur, the Board would expect to address such matters on a case-by-case basis in light of all of the relevant circumstances.

COMPENSATION TABLES

The following table reflects total compensation paid to or earned by the named executive officers for the periods indicated below. The Company had no executive officers other than those named in the table. In accordance with SEC rules, the amounts in the columns for stock and option awards reflect the grant date fair market value of the stock and option awards. Assumptions made in the calculation of these amounts are contained in Note 13 to the Company's audited financial statements for the year ended December 31, 2010, included in the Company's 2010 Annual Report on Form 10-K.

-
- (1) Salary totals in 2009 were based on 27 biweekly pay periods instead of a typical 26 period.
- (2) Since the pension plan was converted to a cash balance plan and frozen effective December 31, 2009, the assumptions used to determine the present value of accumulated benefit for each participant were changed so that the present value of accumulated benefit shown as of the end of that year was equal to the opening balance under the cash balance plan. This is the same amount that would have been payable under the prior plan had the participant terminated employment and elected a lump sum payment. There were no benefit increases for any participant attributable to the cash balance plan conversion.
- (3) Mr. Traynham joined the Company in April 2009.

All other compensation includes the use of an automobile with tax gross-ups for commuting expense for the Chief Executive Officer, company contributions to the 401(k) Employee Savings Plan for all named executive officers, and company paid insurance premiums for all named executive officers. It also includes a profit sharing distribution of 1.5% of their earned income in 2009.

Grants of Plan-Based Awards

The following table provides information on the restricted stock awards granted to the named executive officers during the year ended December 31, 2010. The amounts in the column for the grant date fair value of the stock awards reflect the grant date fair market value of the stock awards. Assumptions made in the calculation of these amounts are contained in Note 13 to the Company's audited financial statements for the year ended December 31, 2010, included in the Company's 2010 Annual Report on Form 10-K. There were no stock options granted in 2010.

(1) Mr. Traynham is not eligible for the pension plan.

There were no payments made from the pension plan to any of the named executive officers during 2010.

Nonqualified Deferred Compensation

The Nonqualified Deferred Compensation Table is not presented since the Company does not offer a deferred compensation plan that requires or allows any named executive officer to make annual contributions, nor does it have a fund of monies established for any named executive officer that increases in value due to earnings on that fund.

Director Compensation

During 2010, non-employee directors could elect to receive their monthly retainer in the form of either (i) \$1,000 cash or (ii) restricted stock with a market value of \$1,250 issued quarterly. In addition, they received an attendance fee of \$400 for each committee meeting and Bank board meeting attended. The Board of Directors sets the retainer and attendance fee based upon recommendation from the Human Resources and Compensation Committee. The retainer was changed in 2010 and the attendance fee was last changed in 2000. In making its recommendation, the Committee reviews the director compensation of peer banks. Non-employee directors living outside the Danville area are reimbursed for meeting-related travel and lodging expenses. Non-employee directors were excluded from the Company's retirement plan and, therefore, do not qualify for pension benefits. Directors who are employees of the Company do not receive any director compensation. The following table reflects the director compensation earned or paid during 2010.

Name	Fees Earned or Paid in Cash (\$)	Stock Awards (3) (\$)	Total (\$)
Fred A. Blair	8,000	14,984	22,984

Claude B. Owen, Jr.	10,800	14,984	25,784
Total	144,000	119,875	263,875

(1) Beginning in November 2008, Mr. Kent has served as a non-employee member of the Bank's Trust Investment Committee. He receives \$200 per monthly meeting attended and received a total of \$2,400 in 2010.

(2) In accordance with the Company's retirement policy for directors, Mr. Leggett retired from the Board at the 2010

Annual Meeting and was elected Director Emeritus for a one-year term.

(3) Restricted stock was awarded with a market value of \$1,250 per month issued quarterly based on the closing price of the Company's common stock on the first market day of the third month of the quarter. For those directors electing to receive restricted stock, each received 743 shares during the year ended December 31, 2010.

In 2011, directors of the Company continue to be eligible for \$1,000 in cash or \$1,250 in restricted stock as their monthly retainer. These amounts are paid on a quarterly basis. The attendance fee for each committee meeting or Bank board meeting is \$400 in cash or \$500 in restricted stock, also paid quarterly. Board policy requires the directors to retain ownership of any shares received under this arrangement as long as they are on the Board of Directors. All dividends paid on the shares are reinvested. The purpose of the stock for fees payment option is to encourage greater equity ownership in the Company and, thereby, further align the interests of the Board of Directors with the interests of the shareholders at large.

Beginning in 2006, Mr. Kent has received \$25,000 annually under a deferred compensation agreement that was entered into with the Company in June 1997. This deferred compensation agreement entitles him or his designated beneficiary to annual payments of \$25,000 for ten years. The payments relate to Mr. Kent's previous service as an employee of the Bank and not as a director of the Company and, accordingly, the amount is not reflected in the above table.

RELATED PARTY TRANSACTIONS

In the ordinary course of its business, the Bank makes loans to, accepts deposits from, and provides other banking services to, certain directors and executive officers of the Company, their associates, and members of their immediate families. Loans are made on substantially the same terms, including interest rates, collateral and repayment terms, as those prevailing at the time for comparable loans with persons not affiliated with the Bank, and do not involve more than the normal risk of collectibility or present other unfavorable features. Such loans are processed through the Bank's normal credit approval procedures, but ultimate approval authority rests with the Board of Directors of the Bank. Rates paid on deposits and fees charged for other banking services and other terms of these transactions, are also the same as those prevailing at the time for comparable transactions with persons not affiliated with the Bank. The Bank expects to continue to enter into transactions in the ordinary course of business on similar terms with the directors, officers, principal shareholders, their associates, and members of their immediate families. Loans outstanding to such persons at December 31, 2010 and 2009 totaled \$21,151,000 and \$18,543,000, respectively. None of such loans have been on non-accrual status, 90 days or more past due, or restructured at any time.

From time to time the Company may also enter into other types of business transactions or arrangements for services with the Company's directors, officers, principal shareholders or their associates. These types of transactions or services might include, among others, purchases of equipment or provision of legal services. The Company will only enter into such arrangements if it is determined that the prices or rates offered are comparable to those available to us from unaffiliated third parties. Management approves such transactions on a case by case basis. The Company does not have written policies or procedures with respect to such approvals. As of December 31, 2010, the Company has no such reportable transactions.

REPORT OF THE AUDIT AND COMPLIANCE COMMITTEE

The Audit and Compliance Committee assists the Board of Directors in its oversight of (1) the integrity of the Company's financial statements and its financial reporting and disclosure practices, (2) the appointment, compensation, retention and oversight of the independent accountants engaged to prepare or issue an audit report on the financial statements of the Company, (3) the soundness of the Company's systems of internal controls regarding finance and accounting compliance, (4) the independence and performance of the Company's internal audit staff, and

(5) compliance with significant applicable legal, ethical, and regulatory requirements. The Committee strives to provide an open avenue of communication between the Board of Directors, management, the internal auditor, the compliance officer, and the independent accountants.

All of the members of this Committee are considered independent within the meaning of SEC regulations, the listing standards of NASDAQ, and the Company's Corporate Governance Guidelines. Additionally, each member is considered an "independent director," as that term is defined by NASDAQ Marketplace Rule 5605(a)(2).

Mr. Michael Haley, a member of the Committee, is qualified as an audit committee financial expert within the meaning of SEC regulations and the Board has determined he has accounting and related financial management expertise within the meaning of the listing standards of NASDAQ.

The Audit and Compliance Committee has reviewed and discussed with management the Company's audited consolidated financial statements as of and for the year ended December 31, 2010. The Committee has discussed with Yount, Hyde and Barbour, P.C., the Company's independent accountants during fiscal year 2010, the matters required to be discussed by Statement of Auditing Standards No. 61, Communications with Audit Committees, as amended, by the Auditing Standards Board of the American Institute of Certified Public Accountants. The Committee received from Yount, Hyde and Barbour, P.C. and reviewed the written disclosures and the letter required by Auditing Standards Board Standard No. 1, Independence Discussions with Audit Committees, and has discussed with Yount, Hyde and Barbour, P.C. the auditing firm's independence.

Based on these reviews and discussions, the Audit and Compliance Committee recommended to the Board of Directors that the Company's audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2010, and be filed with the SEC.

The Audit and Compliance Committee pre-approves all audit, audit-related, and tax services on an annual basis, and, in addition, authorizes individual engagements that exceed pre-established thresholds. Any additional engagement that falls below the pre-established thresholds must be reported by management at the Audit and Compliance Committee meeting immediately following the initiation of such an engagement.

A copy of the Audit and Compliance Committee charter is available on the Company's website, www.amnb.com. For access to the charter, select the "American National Bankshares Inc." icon, then select "Governance Documents."

PROPOSAL TWO – ADVISORY VOTE ON EXECUTIVE COMPENSATION

In accordance with recent legislation, the Company is providing shareholders with an advisory (non-binding) vote on the compensation programs for the named executive officers (sometimes referred to as "say on pay"). Accordingly, shareholders may vote on the following resolution at the Annual Meeting:

"Resolved, that the shareholders approve, on an advisory basis, the compensation of the Company's named executive officers as disclosed in the Compensation Discussion and Analysis, the accompanying compensation tables, and the related narrative disclosure in this proxy statement."

This vote is nonbinding. The Board and the Human Resources and Compensation Committee, which is comprised of independent directors, expect to take into account the outcome of the vote when considering future executive compensation decisions to the extent they can determine the cause or causes of any significant negative voting results.

As described in detail under "Compensation Discussion and Analysis" the Company's compensation programs are designed to attract and retain qualified executive officers and to align their interests with those of the Company and its shareholders. Accordingly, a portion of the executive compensation program is designed to motivate and reward achievements that make a positive impact on the Company's profitability and total shareholder return. The Company

believes that its compensation program, with its balance of short-term and long-term incentives and share ownership guidelines, rewards sustained performance that is aligned with long-term shareholder interests. Shareholders are encouraged to read the Compensation Discussion and Analysis, the accompanying compensation tables, and the related narrative disclosure in the proxy statement.

The Board of Directors unanimously recommends that shareholders vote FOR the approval, on an advisory basis, of the compensation of the Company's named executive officers as disclosed in the Compensation Discussion and Analysis, the accompanying compensation tables, and the related narrative disclosure in the proxy statement.

**PROPOSAL THREE –
ADVISORY VOTE ON THE FREQUENCY OF AN ADVISORY VOTE
ON EXECUTIVE COMPENSATION**

In addition to providing shareholders with the opportunity to cast an advisory vote on executive compensation, the Company this year is providing shareholders with an advisory vote on whether the advisory vote on executive compensation should be held every one, two or three years.

The Board believes that a frequency of "every one year" for the advisory vote on executive compensation is the optimal interval for conducting and responding to a "say on pay" vote. Shareholders who have concerns about executive compensation during the interval between "say on pay" votes are welcome to bring their specific concerns to the attention of the Board. Please refer to "Shareholder Communications and Proposals" in this proxy statement for information about communicating with the Board.

The proxy card provides shareholders with the opportunity to choose among four options (holding the vote every one, two or three years, or abstaining) and, therefore, shareholders will not be voting to approve or disapprove the Board's recommendation.

Although this advisory vote on the frequency of the "say on pay" vote is non-binding, the Board and the Human Resources and Compensation Committee will take into account the outcome of the vote when considering the frequency of future advisory votes on executive compensation.

The Board of Directors unanimously recommends that you vote for the option of "every one year" for future advisory votes on executive compensation.
