**Item 1.01. Entry into a Material Definitive Agreement.**

On May 29, 2007, Forest Oil Corporation ( Forest ) announced the execution of two agreements pertaining to the sale of its Alaska business unit. The agreements, which were executed on May 28, 2007, include (i) a membership interest purchase agreement (the Membership Purchase Agreement ) dated as of May 24, 2007, among Forest Alaska Holding LLC, as seller ( Forest Holding ), Forest Alaska Operating LLC ( Forest Alaska Operating ) and together with Forest Holding, Forest Alaska ), Forest for certain limited purposes, and Pacific Energy Resources Ltd., as buyer ( PERL ), and (ii) an asset sales agreement (the Asset Sales Agreement ) dated as of May 24, 2007, between Forest and PERL.

*Membership Purchase Agreement.* Pursuant to the terms and conditions of the Membership Purchase Agreement, Forest Holding will sell to PERL all of the outstanding membership interests in Forest Alaska Operating and PERL will purchase such membership interests, for a total cash purchase price of \$420 million, subject to adjustment (the base purchase price, as adjusted, the Purchase Price ). Under the terms of the Membership Purchase Agreement, PERL will pay Forest Holding a deposit equal to \$4.2 million. Forest expects the closing to occur on or about June 30, 2007, subject to satisfaction or waiver of the closing conditions. At the closing, the Purchase Price will be adjusted downward to reflect the payment of the cash deposit, upward by working capital at December 31, 2006 (agreed by the parties to equal approximately \$18 million), downward if certain title or environmental defects exist, downward by \$380 million to pay off Forest Alaska Operating debt under existing credit agreements (including a put premium that arises due to the transaction), upward by the amount of any equity contributions that Forest Holding or Forest make to Forest Alaska Operating, and upward or downward due to the apportionment of real and personal property taxes. Following the closing, the Purchase Price will be further adjusted to reflect gas imbalances, as warranted. The effective date for the transaction is January 1, 2007. Forest will continue to operate the oil and gas properties held by Forest Alaska Operating after the closing until such time as PERL receives the required approvals to operate.

*Asset Sales Agreement.* Pursuant to the terms and conditions of the Asset Sales Agreement, Forest will sell to PERL substantially all of its remaining assets located in Alaska including, without limitation, oil and gas leases, and the associated lands, wells, contracts, equipment, easements, permits, seismic data, and all of Forest's stock in the Cook Inlet Pipeline Company (collectively, the Assets ). The purchase price for the Assets consists of \$10 million in cash and 5.5 million shares of PERL common stock (the cash and shares together, the Purchase Price ). Under the terms of the Asset Sales Agreement, PERL will pay Forest a deposit equal to \$1 million. The Purchase Price is subject to adjustment. In the event PERL is not able to issue the shares as a result of an inability to obtain necessary approvals from the Toronto Stock Exchange, PERL will be required to pay Forest an additional cash amount that will be determined based on the trading price of PERL. The effective date for the sale of the Assets is January 1, 2007, and the Purchase Price will be adjusted to reflect activities between the effective date and the closing date. Forest expects the closing to occur on or about June 30, 2007, subject to the closing of the transactions contemplated by the Membership Purchase Agreement and satisfaction or waiver of the other closing conditions.

## Edgar Filing: FOREST OIL CORP - Form 8-K

If PERL is unable to close the Membership Purchase Agreement and the Asset Sales Agreement because PERL fails to obtain necessary acquisition financing, Forest's sole remedy is the retention of the \$5.2 million in deposits.

Each of the Membership Purchase Agreement and Asset Sales Agreement are attached to and incorporated in this Current Report on Form 8-K as exhibits 10.1 and 10.2, respectively.
