PROXY STATEMENT

Annual General Meeting of Shareholders

To Be Held June 4, 2007

PROXY SOLICITATION AND VOTING

General

This Proxy Statement is being furnished in connection with the Board of Director's solicitation of proxies from the shareholders of American Safety Insurance Holdings, Ltd. for use at the Annual General Meeting of Shareholders.

The Company is a specialty insurance holding company that provides through its operating subsidiaries and affiliates customized insurance products and solutions to small and medium-sized businesses in industries that we believe are underserved by the standard insurance market. For twenty years, we have developed specialized insurance coverages and alternative risk transfer products not generally available to our customers in the standard insurance market because of the unique characteristics of the risks involved and the associated needs of the insureds. We specialize in underwriting these products for insureds with environmental risks and construction risks, as well as in developing programs for other specialty classes of risk. Unless otherwise indicated by the context, the term Company or American Safety shall refer to American Safety Insurance Holdings, Ltd. and its subsidiaries.

The enclosed proxy is for use at the Annual General Meeting if a shareholder is unable to attend the Annual General Meeting in person or wishes to have his or her shares voted by proxy, even if he or she attends the Annual General Meeting. The person giving a proxy may revoke it an hour before the vote being taken, by notice to the Secretary of the Company, by submitting a proxy having a later date, or by appearing at the Annual General Meeting and voting in person. All shares represented by valid proxies received pursuant to this solicitation, and not revoked before their exercise, will be voted in the manner specified therein. If a proxy is signed and no specification is made, the shares represented by the proxy will be voted **FOR** the proposed nominees for election as directors, and **FOR** the other proposals described in this Proxy Statement and in accordance with the best judgment of the persons exercising the proxy with respect to any other matters presented for action at the Annual General Meeting.

This Proxy Statement and the enclosed proxy are first being mailed to the Company's shareholders on or about April 20, 2007.

Record Date and Outstanding Shares

The Board of Directors has set April 5, 2007 as the record date for the Annual General Meeting. Only shareholders of record at the close of business on the record date will be entitled to notice of and to vote at the Annual General Meeting. As of the record date, there were 10,556,449 common shares of the Company issued and outstanding.

Quorum and Voting Rights

A quorum for the transaction of business at the Annual General Meeting consists of the holders of at least one-third of the outstanding common shares of the Company entitled to vote at the Annual General Meeting present in person or represented by proxy.

Each holder of common shares of the Company is entitled to one vote per share on each matter to come before the Annual General Meeting, other than a holder subject to the 9.5% voting limitation as set forth in the Company's By-Laws. Each of the Proposals requires the affirmative vote of a majority of the common shares of the Company present in person or represented by proxy at the Annual General Meeting. The Company does not have cumulative voting.

Abstentions and broker non-votes are not counted in determining the number of votes cast in connection with the matters presented for action at the Annual General Meeting. A broker non-vote occurs when a broker, bank or other nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner.

Under New York Stock Exchange rules, brokers who are New York Stock Exchange members are expected to have discretionary voting power for the election of directors (Proposal 1), the ratification of the independent accountants (Proposal 2) and the increase in authorized capital shares (Proposal 3). Accordingly, abstentions and broker non-votes (if any) with respect to Proposals 1, 2 and 3 will not be counted as votes cast and will have no effect on the result of the vote, although they will count toward the presence of a quorum. The brokers who are New York Stock Exchange members may give a proxy to vote for the approval of the 2007 Incentive Stock Plan (Proposal 4) only with instructions from beneficial owners.

Solicitation of Proxies

In addition to this solicitation by mail, the officers and employees of the Company, without additional compensation, may solicit proxies in favor of the Proposals, if deemed appropriate, by personal contact, letter, telephone or other means of communication. Brokers, nominees and other custodians and fiduciaries will be requested to forward proxy solicitation material to the beneficial owners of the common shares of the Company where appropriate, and the Company will reimburse them for their reasonable expenses incurred in connection with such transmittals. The costs of solicitation of proxies for the Annual General Meeting will be borne by the Company.

The directorships of the Company are divided into three classes, with the members of each class serving three year terms, and the shareholders of the Company electing one class annually. Each nominee has agreed to his nomination and to serve as a director, if elected. Management of the Company has no reason to believe that any nominee will not serve, if elected.

Set forth below is information about each nominee for election as a director and each incumbent director whose term of office expires in 2008 or 2009. The ages indicated below are current as of the date hereof.

INCREASE AUTHORIZED CAPITAL

(Proposal 3)

Subject to shareholder approval, the Board of Directors adopted a resolution to increase the authorized share capital of the Company from US\$200,000 to US\$350,000 by the addition of 15,000,000 common shares, par value \$0.01 each, thereby increasing the aggregate total number of authorized shares of capital stock, including both preferred stock and Common Stock, from 20,000,000 to 35,000,000. While the proposed increase in the authorized capital shares would affect the number of common shares authorized to be issued, no rights, preferences, powers, qualifications, limitations or restrictions as currently exist for any of the classes of stock will be affected in any way by the proposed increase. No holder of Common Stock has any preemptive right to subscribe to any additional issue of shares of any class or series nor to any security convertible into those shares.

As of April 5, 2007, there were 10,556,449 common shares issued and outstanding. Of the authorized capital stock, 1,500,000 common shares have been reserved for issuance under the 1998 Incentive Stock Option Plan, as amended (the Option Plan), and an additional 100,000 common shares have been reserved for issuance under the 1998 Director Stock Award Plan, as amended (the Stock Award Plan). This leaves approximately 3,197,851 shares of authorized but unissued shares available for future use. Should the shareholders approve the proposed 2007 Incentive Stock Plan as described under Proposal 4, an additional 2,000,000 common shares shall be reserved for issuance under the new 2007 Incentive Stock Plan, which would then leave approximately 1,197,851 common shares available for future use.

The substantial increase in the number of outstanding common shares over the past year mainly is due to the Company's secondary public offering of 3,680,000 common shares in June and July 2006.

If the proposed increase of the authorized capital shares is approved by shareholders, additional common shares will be available for general corporate purposes. The Company's Board of Directors believes that the proposed increase in the authorized number of common shares is necessary to provide the Company with the flexibility to pursue opportunities and, where advantageous, to issue common shares, including, without limitation, to raise additional capital to improve its capital ratios for business and regulatory purposes, in connection with acquisitions or other business combinations, or for other corporate purposes.

The Company does not foresee any potential negative effect of the proposed increase, except as described below regarding dilution.

Unless otherwise required by applicable law or regulation and as stated in this proposal, all authorized but unissued and unreserved common shares will be issuable, without any further authorization by the shareholders, on the terms and for such consideration as the Board of Directors may determine. We do not expect that shareholder approval will be sought, unless required by applicable law, regulation or exchange listing standard as a condition to the issuance of common shares in any particular transaction.

7

Any issuance of additional common shares could have the effect of diluting the earnings per share and book value per share of existing Common Stock, and such additional common shares could be used to dilute the share ownership of a person seeking to obtain control of the Company. This proposal to increase the authorized capital shares is not in response to any effort of which the Company is aware to accumulate Common Stock or obtain control of the Company, nor is it part of a plan by management to recommend a series of similar amendments to the Board of Directors and shareholders.

It is proposed that at the Annual General Meeting, the shareholders adopt the following resolution:

RESOLVED, that the authorized share capital of the Company be increased from US\$200,000 divided into 15,000,000 common shares, par value \$0.01 each and 5,000,000 preferred shares, par value \$0.01 each to US\$350,000 divided into 30,000,000 common shares, par value \$0.01 each and 5,000,000 preferred shares, par value \$0.01 each.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE **FOR** PROPOSAL 3 ADOPTING THE RESOLUTION TO INCREASE THE AUTHORIZED SHARE CAPITAL.

AMERICAN SAFETY INSURANCE HOLDINGS, LTD.

2007 INCENTIVE STOCK PLAN

(Proposal 4)

The Compensation Committee of the Board of Directors adopted and recommended to the Board of Directors the 2007 Incentive Stock Plan (the Plan). The Board of Directors has approved the Plan, subject to shareholder approval. The following is a summary of the major provisions of the Plan, including a general discussion of the U.S. federal income tax aspects of the Plan to the Company and the recipients of awards. These U.S. federal income tax aspects are based upon the Internal Revenue Code of 1986, as amended (the Code), Treasury Regulations promulgated thereunder and current judicial and administrative interpretations, all of which are subject to change. This discussion does not address state, local or foreign tax considerations. For a complete description, please read the Plan in its entirety, a copy of which is attached to this Proxy Statement as [Appendix A](#). The Plan is to serve as successor to the Company's existing 1998 Incentive Stock Option Plan (the Predecessor Plan). All outstanding awards under the Predecessor Plan will remain outstanding awards under the Predecessor Plan. Each such outstanding award will continue to be governed by the express terms and conditions of the agreements evidencing such award. No provision of the Plan shall be deemed to affect or otherwise modify the rights or obligations of the holders of such awards under the Predecessor Plan with respect to their acquisition of common shares thereunder. However, no further awards shall be made under the Predecessor Plan following the date upon which the Plan becomes effective, which is dependent upon shareholder approval.

Plan Highlights

- Plan Limits. The Plan authorizes an aggregate of 2,000,000 shares for grant, subject to occurrence of certain corporate events. No participant may receive stock options, stock grants or other grants of stock in excess of 100,000 shares in any calendar year.
- Plan Administration. The Plan will be administered by the Compensation Committee or a committee as the Board may designate from time to time. However, any committee administering the Plan shall be composed entirely of independent directors.
- Shareholder Approval. Approval of the Company's shareholders is required for any amendment to the Plan.

increases the benefits accrued to participants under the Plan, increases the number of awards under the Plan, changes the eligibility requirements under the Plan or certain terms of awards under the Plan, or increases the number of shares available to the shareholders under the Internal Revenue Code of 1986, as amended.

- o Minimum Vesting Periods. The Plan contains minimum vesting or holding provisions for restricted stock awards) must have a minimum vesting period of three years and all awards must be subject to a minimum three year ratable vesting cycle, with appropriate exceptions for new hires and changes in control. Performance awards are subject to a performance period of no less than three years.
- o No Repricing or Discounted Awards. The Plan requires that all options and SARs be granted at a price not less than fair market value of the Company's common stock on the date of the grant and not less than the exercise price of the award.
- o No Liberal Share Counting. The Plan prohibits common shares tendered in payment of an award, withheld to satisfy a tax withholding obligation, or repurchased by the Company with proceeds from the sale of shares, from being counted as shares available under the Plan, thereby prohibiting liberal share counting.

Key Features of the Plan

Purpose of the Plan

The purpose of the Plan is to motivate key executives and employees who contribute to the profitability of the Company and the achievement of its strategic and financial goals. Stock-based awards are granted in order to give these individuals and members of the Board of Directors an ownership interest in the Company and a vested interest in the growth, profitability and success of the Company. The Board of Directors believes that the Plan will enhance the Company's ability to attract and retain the individuals with exceptional and proven professional, managerial, industry and technical skills necessary to the sustained growth and profitability of the Company.

Comparison with Existing Plan

The Plan is similar to the existing 1998 Incentive Stock Option Plan in continuing to provide for a variety of stock-based awards available for grant under the Plan to executives and key employees of the Company. The Plan does contain additional provisions designed to enhance the Compensation Committee's flexibility while providing for certain safeguards, as noted under *Plan Highlights*.

Administration of the Plan

The Plan will be administered by the Compensation Committee of the Company's Board of Directors or such other Board committee as the Board may designate. Any committee administering the Plan is required to be composed entirely of independent directors. The Committee will have the authority and responsibility to interpret, administer and apply the provisions of the Plan. The Committee has the authority to select employees to who awards may be granted, to determine the type of award and the number of shares covered by an award, to set the terms and conditions of the awards, subject to the limitations in the Plan, and to cancel or suspend awards. The Committee may delegate to the Chief Executive Officer the authority to grant awards, and to make any or all determinations reserved to the Committee with respect to awards that have been granted, to any individual who, at the time of such grant or other determination, (a) is not an officer or director of the Company required to file reports under Section 16 of the Securities Exchange Act of 1934, as amended, with respect to Common Stock of the Company and (b) is otherwise eligible to participate in the Plan under its terms.

Shares Subject to Plan

Edgar Filing: AMERICAN SAFETY INSURANCE HOLDINGS LTD - Form PRE 14A

A total of 2,000,000 common shares may be issued pursuant to the Plan. The common shares may be authorized but unissued common shares or common shares reacquired by the Company and held in its treasury. Grants of awards under the Plan will reduce the number of common shares available thereunder by the maximum number of common shares obtainable under such grants. If all or any portion of the common shares otherwise subject to any grant under the Plan are not delivered for any reason including, but not limited to, the cancellation, expiration or termination of any option right or unit, the settlement of any award in cash, the forfeiture of any restricted stock, or the repurchase of any common shares by the Company from a participant for the cost of the participant's investment in the common shares, such number of common shares shall be available again for issuance under the Plan. Common shares tendered (either actually or through attestation) to pay the option exercise price and common shares withheld for the payment of withholding taxes and common shares and other awards repurchased by the Company from a person using proceeds from the exercise of awards by that person shall not return to the share reserve, and the determination of the number of common shares used in connection with stock-settled stock appreciation rights shall be based on the number of common shares with respect to which the rights were based and not just the number of common shares delivered upon settlement. Common shares issued in connection with awards that are assumed, converted or substituted pursuant to a merger or an acquisition shall reduce the share reserve. The number of common shares covered by or specified in the Plan and the number of common shares and the purchase price for common shares under any outstanding awards, may be adjusted proportionately by the Committee for any increase or decrease in the number of issued common shares or any change in the value of the common shares resulting from a subdivision or consolidation of common shares, reorganization, recapitalization, spin-off, payment of stock dividends on the common shares, any other increase or decrease in the number of issued common shares made without receipt of consideration by the Company, or the payment of an extraordinary cash dividend.

Eligibility

All key employees, active consultants and directors of the Company and its subsidiaries are eligible for awards under the Plan. The approximate number of people eligible for awards under the Plan is 34. The maximum number of common shares with respect to which ISOs, nonqualified stock options and stock appreciation rights may be granted to any one person in any calendar year, shall not exceed 100,000.

Awards

The Committee may grant awards under the Plan to eligible persons in the form of ISOs, nonqualified stock options, stock grants, stock units, restricted stock, stock appreciation rights and performance shares and units. The Committee has discretion as to the number of shares subject to each grant and the terms thereof, subject to the provisions of the Plan.

The exercise price of any option or stock appreciation right shall not be less than the fair market value (as defined in the Plan) of a corresponding number of common shares as of the date of grant. The maximum term on options or stock appreciation rights shall not exceed ten (10) years.

11

No more than 1,000,000 of the common shares may be awarded in a form other than options or stock appreciation rights.

No option may be repriced by amendment, substitution or cancellation and regrant, unless authorized by the shareholders.

Common shares granted from the Plan may be used as a form of payment for compensation, grants or rights earned or due under other Company plans or arrangements.

Amendment of the Plan

The Board or the Committee may from time to time suspend, terminate, revise or amend the Plan or the terms of any grant in any respect whatsoever, provided that, without the approval of the shareholders of the Company, no such revision or amendment may increase the number of common shares subject to the Plan, increase the benefits accrued to participants under the Plan, change eligibility requirements or change certain provisions relating to the grants or terms of the awards.

New Plan Benefits

Edgar Filing: AMERICAN SAFETY INSURANCE HOLDINGS LTD - Form PRE 14A

To date, there have been no grants under the Plan. Any future awards under the Plan will be made at the discretion of the Committee as described above. Consequently, the Company cannot determine, with respect to any particular person or group, the number or value of the awards that will be granted in the future pursuant to the Plan.

Tax Consequences of the Plan

Generally, under present U.S. federal income tax laws, a grant of a stock option, a stock unit or a share of restricted stock subject to the required risk of forfeiture (within the meaning of Section 83 of the Code) under the Plan should create no federal income tax consequences for a participant or the Company at the time of grant. Generally, the Company will be entitled to tax deductions at the time and to the extent that participants recognize ordinary income.

Upon exercise of an option, which is not an ISO or an SAR, a participant realizes ordinary income, and the Company may take a tax deduction, equal to the difference between the fair market value of the common shares on the date of exercise and the exercise price of the option or SAR. The Plan permits participants to surrender common shares or to have common shares withheld from the shares otherwise exercisable under the award to satisfy any required withholding tax obligation.

In the case of ISOs, a participant generally will not realize income on the grant or the exercise of the option and the Company is not entitled to any deduction. If the participant does not dispose of common shares acquired pursuant to the exercise of an ISO within two years of the grant or one year of the exercise, any gain or loss realized on their subsequent disposition will be capital gain or loss, and the Company will not be entitled to a tax deduction. If such holding period requirements are not satisfied, the participant will generally realize ordinary income at the time of disposition in an amount equal to the difference between the fair market value of the common shares on the date of exercise (or, if less, the amount realized upon disposition) and the option price and the Company will be entitled to a tax deduction of equal amount. Any remaining gain is taxed as long or short-term capital gain. However, the amount by which the fair market value of the common shares on the date of exercise exceeds the exercise price is counted in determining the participant's alternative minimum tax income.

12

A participant who receives a grant of a stock unit or a share of restricted stock may make an election under Section 83(b) of the Code (Section 83(b) Election) within 30 days of the date of grant. If a Section 83(b) Election is timely made, then a participant will have compensation income equal to the value of the stock less the purchase price. When the stock is sold, the participant will have capital gain or loss equal to the difference between the sales proceeds and the value of the stock on the date of grant. If a participant does not make a timely Section 83(b) Election, the fair market value of a stock unit at the time it converts to stock and the fair market value of restricted stock at the time the restriction lapses are taxed as ordinary income to the participant.

The last reported sales price of the Common Stock on April 5, 2007 was **\$19.85**

CORPORATE GOVERNANCE

Meetings and Committees of the Board of Directors

The Board of Directors of the Company had three meetings and acted by unanimous written consent one time during 2006. All directors attended at least 75% of the meetings of the Board of Directors and the committees thereof on which they served during 2006.

Independence

The New York Stock Exchange listing standards require listed companies to have a board of directors with at least a majority of independent directors. The Board of Directors has determined that each current director and each nominee for election, with the exception of Mr. Crim (who is currently employed by the Company), qualifies as an independent director. In determining each director's independence, the Board of Directors did consider that Messrs. Brueggen, Mueller and Birdwell are directors of American Safety Risk Retention Group, Inc. This entity is consolidated with the Company for accounting purposes but, for purposes of independence analysis, is considered an affiliate of the Company rather than a subsidiary of the Company. The Board of Directors has determined that this relationship does not prevent these directors from being considered independent.

Committees of the Board of Directors

The Board of Directors has established five standing committees: the audit committee, the compensation committee, the executive committee, the finance committee and the nominating and corporate governance committee.

The audit committee is composed of independent directors and reviews the scope of the Company's audit, recommends to the shareholders the engagement of the independent registered public accounting firm, and reviews such firm's reports. The audit committee operates pursuant to a written charter, a copy of which is attached hereto as [Appendix B](#) and also available on our website, www.amsafety.com in the Committee Charting subsection, under Corporate Overview in the Investor Relations section. The current members of the audit committee are Messrs. Brueggen, Robbie (chairman) and Weaver. The Board of Directors has determined that each member of the audit committee is financially literate. The Board of Directors has determined that Mr. Robbie is qualified as an audit committee financial expert within the meaning of the Securities and Exchange Commission (SEC) regulations, and that he, therefore, meets the requirement under the New York Stock Exchange listing standards that at least one member of the audit committee have accounting or related financial management expertise. The audit committee held seven meetings during 2006.

The compensation committee is comprised of independent directors and recommends to the Board of Directors matters regarding executive compensation and stock options. The compensation committee operates pursuant to a written charter, a copy of which is available on our website, www.amsafety.com in the Committee Charting subsection, under Corporate Overview in the Investor Relations section. The current members of the compensation committee are Messrs. Geneen (chairman), Groot and Lackner. The compensation committee held three meetings during 2006.

The executive committee exercises the general power and authority of the Board of Directors between meetings of the Board of Directors. The current members of the executive committee are Messrs. Birdwell (chairman), Crim, Mueller and Robbie. The executive committee did not hold any meetings during 2006.

The finance committee is comprised of independent directors and is responsible for recommending portfolio allocations to the Board of Directors, approving the Company's guidelines that provide standards to ensure portfolio liquidity and safety, approving investment managers and custodians for portfolio assets, and considering other matters regarding the financial affairs of the Company. The current members of the finance committee are Messrs. Birdwell, Lackner (chairman) and Robbie. The finance committee held three meetings during 2006.

The nominating and corporate governance committee is comprised of independent directors. The committee has as its purposes identifying individuals qualified to become members of the Board of Directors and recommending to the Board of Directors candidates for election or reelection as directors; monitoring and recommending corporate governance and other Board of Directors practices; and overseeing performance reviews of the Board of Directors, its committees and the individual members of the Board of Directors. The committee operates pursuant to a written charter, which is available on our website, www.amsafety.com in the Committee Charting subsection, under Corporate Overview in the Investor Relations section. The current members of the nominating and corporate governance committee are Messrs. Brueggen (chairman), Geneen and Groot. The nominating and corporate governance committee held two meetings in 2006.

Shareholders may obtain a printed copy without charge of any of the committee charters referenced above upon written request to the Secretary of the Company, 31 Queen Street, Hamilton HM 11, Bermuda.

Executive Sessions

The independent directors meet in executive sessions, at which only independent directors are present at each meeting of the Board of Directors and as needed. Mr. Birdwell presides over the executive sessions of the Board of Directors.

Board of Directors Attendance at Annual General Meeting

It is the policy of the Company and the Board of Directors that all directors attend the Annual General Meeting and be available for questions from shareholders, except in the case of unavoidable conflicts. All but one of the Company's directors attended the 2006 Annual General Meeting of Shareholders.

Shareholder Communications to the Board of Directors

Shareholders and other parties interested in communicating directly with the Company's Board of Directors or any individual may contact them by writing c/o the Secretary of the Company, 31 Queen Street, Hamilton HM 11, Bermuda. The Secretary will receive the correspondence and forward it to the individual director or directors to whom the correspondence is directed or the chairman of the nominating and corporate governance committee. The Secretary will not forward any correspondence that is unduly hostile, threatening, illegal, not reasonably related to the Company or its business or similarly inappropriate correspondence.

15

Consideration of Director Nominees

The nominating and corporate governance committee has been delegated the task of seeking qualified candidates for directors and evaluating and recommending for subsequent ratification by the Board of Directors for nomination candidates for election or reelection as directors.

With respect to the committee's evaluation of director nominee candidates, the committee has no formal requirements or minimum standards for the individuals that it nominates. The committee evaluates each candidate for nomination to election to the Board of Directors based on certain minimum requisite qualifications set forth by the Board of Directors. Some factors that the committee generally views as relevant and is likely to consider in its evaluation of candidates include, but are not limited to:

- o Career experience, particularly experience germane to the Company's business;

Edgar Filing: AMERICAN SAFETY INSURANCE HOLDINGS LTD - Form PRE 14A

- o Personal and professional ethics;
- o Expertise that may serve the Company and complement the expertise of other Board of Directors;
- o Ability to devote significant time and effort to Board of Directors and Board of Directors;
- o Whether the candidate is independent; and
- o Whether a candidate is financially literate or an "audit committee financial expert" (as defined in the listing standards of the New York Stock Exchange).

The committee does not assign a particular weight to these individual factors. Rather, the committee looks for a mix of factors, when considered in combination with the expertise and credentials of the other candidates and the existing Board of Directors that will provide shareholders with an experienced and diverse Board of Directors.

With respect to the identification of nominee candidates, the committee does not have a formalized process. Instead, its members and the senior management of the Company generally recommend candidates of whom they are aware personally or by reputation. The Company historically has not utilized a recruiting firm to assist in the process, but may do so in the future.

The nominating and corporate governance committee welcomes recommendations from shareholders. The nominating and corporate governance committee evaluates a candidate for director recommended by a shareholder in the same manner that the committee evaluates a candidate recommended by other means. In order to make a recommendation, the nominating and corporate governance committee asks that a shareholder send the nominating and corporate governance committee:

- o A resume for the candidate, detailing the candidate's work experience and credentials;
- o A written confirmation from the candidate that he or she (1) would like to be considered for nomination and election, (2) consents to the disclosure of his or her name, (3) is, or is not, a director or officer of the Company, (4) is defined in the charter of the nominating and corporate governance committee, and (5) does not intend to influence the control of the Company;
- o The name of the recommending shareholder as it appears in the Company's books, the name of the recommending shareholder and written confirmation that the shareholder consents to the disclosure of his or her name, and if the recommending person is not a shareholder of record, he or she should provide proof of ownership;
- o Personal and professional references, including contact information; and
- o Any other information relating to the candidate required to be disclosed in a proxy statement under Regulation 14A of the Securities Exchange Act of 1934 (the "Exchange Act").

16

This information should be sent to the nominating and corporate governance committee, c/o Secretary, American Safety Insurance Holdings, Ltd., 31 Queen Street, Hamilton HM 11, Bermuda, who will forward the information to the chairman of the committee. In order to be considered at the 2008 Annual General Meeting of Shareholders, the Secretary must receive this information by December 31, 2007.

In addition to the procedures described above for recommending prospective nominees, shareholders may directly nominate directors for consideration at the Annual General Meeting of Shareholders.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Committee. As described on page 13 of this proxy statement, we have a Compensation Committee of the Board of Directors (the Committee) that consists of Messrs. Geneen, Groot and Lackner. The Committee operates pursuant to a written charter, which is available on our website, www.amsafety.com. The charter is reviewed annually by the Committee. The Board of Directors has determined that the members of the Committee are non-employee directors (within the meaning of Rule 16b-3 of the Securities Exchange Act of 1934, as amended), outside directors (within the meaning of Section 162(m) of the Internal Revenue Code) and independent directors (within the standards set forth by the New York Stock Exchange). In addition, no Committee member is a current or former employee of the Company or any of its subsidiaries. Generally, the Committee is responsible for recommending to the Board of Directors matters regarding executive compensation. The Committee generally meets semi-annually, and on an as-needed basis.

General Philosophy. We compensate our senior management through a combination of base salary, bonus and equity compensation that we design to be competitive with comparable employers and to align our management's incentives with the long-term interests of our shareholders. The purpose of our compensation program is to develop and implement a fair, consistent and competitive program, which will attract, motivate and retain highly qualified talent. The Committee views the compensation program as a management tool that, through the setting of goals and objectives, encourages management to achieve or exceed the Company's business objectives. We then determine what level, if any, of equity compensation is appropriate. At the senior management level, we design incentive compensation to reward company-wide performance by tying awards to the achievement of goals and objectives which relate to (i) our performance in such areas as return on equity, (ii) individual performance and (iii) business unit performance, as discussed below under **Annual Cash Bonuses** and **Equity Compensation**. The compensation for each of our named executive officers (NEOs) consists of a base salary, an annual bonus, stock options, health insurance and other benefits.

Committee Process. The Committee designs, evaluates and approves our executive compensation plans, policies and programs. The Committee annually reviews and evaluates the goals and objectives relevant to the compensation of our NEOs and annually evaluates the performance of our Chief Executive Officer in light of those goals and objectives. In addition, the Committee reviews and approves compensation levels and compensation awards for our other NEOs recommended by the Chief Executive Officer, who reviews individual and corporate performance for the other NEOs and makes recommendations to the Committee. These recommendations are generally approved. In all cases, however, the Committee is an active participant in establishing the goals for bonuses.

The Committee also administers our equity-based compensation plan, although it has delegated to our Chief Executive Officer the authority to make limited awards to newly-hired executives and other key employees as necessary or appropriate to attract and retain highly qualified individuals to the Company. The Committee is authorized to retain experts, consultants and other advisors to aid in the discharge of its duties. The Committee reports regularly to the Board of Directors on matters relating to the Committee's responsibilities, and it is common for all of our non-employee directors to attend Committee meetings. The Committee follows regulatory and legislative developments and considers corporate governance best practices in performing its duties.

20

Targeted Overall Compensation. With respect to Stephen R. Crim, our President and Chief Executive Officer, we considered Mr. Crim's responsibilities and his contributions to the Company's operating results during his tenure in establishing his targeted overall compensation for 2006. Although we do take into consideration compensation levels at similar or peer companies, we do not perform a formal survey of those levels nor do we retain a compensation consultant to advise us. Given our size and what we consider modest levels of compensation, we do not believe that the benefits of these processes justify the cost. Rather we subjectively assess the appropriate areas of compensation levels. We follow a similar process when establishing targeted compensation for our other NEOs, Joseph D. Scollo, Jr., our Executive Vice President and Chief Operating Officer, William C. Tepe, our Chief Financial Officer, Randolph Hutto, our General Counsel and Secretary and Steven B. Mathis, our Vice President-Planning and Treasurer. The Chief Executive Officer reviews the other NEO's performance and makes compensation recommendations to the Committee, which are reviewed by the Committee in light of the overall compensation.

Base Salaries. The base salaries for our non-NEO officers during the year ended December 31, 2006, were established by contract in the case of Messrs. Crim, Scollo and Tepe and by considering the performance and contribution of each of the other NEOs to the Company and to that officer's business responsibilities, as applicable. These amounts reflect levels that we concluded were appropriate based on our general experience. Our base salaries are intended to be competitive with base salaries paid by other similar insurance companies to executives with similar qualifications, experience and responsibilities, although we do not follow a formal practice in this regard. The Committee periodically discusses salary recommendations with the Chief Executive Officer with regard to other Company executive officers. These salary recommendations are generally based on an evaluation of the individual's performance of the position held, the Company's operating results, and the individual's contribution to the Company's operating results.

The compensation of our Chief Executive Officer, Stephen R. Crim, Executive Vice President and Chief Operating Officer, Joseph D. Scollo, Jr., and Chief Financial Officer, William C. Tepe, are governed primarily by employment agreements, the material terms of which are described below under **Employment Agreements**. Mr. Crim's employment agreement provides for a base salary in 2006 of \$380,000 and in 2007

Edgar Filing: AMERICAN SAFETY INSURANCE HOLDINGS LTD - Form PRE 14A

of \$400,000. Mr. Scollo's employment agreement, and amendments thereto, provide for a base salary in 2006 of \$325,000 and in 2007 of \$345,000. Mr. Tepe's employment agreement provides for a base salary of \$300,000 in each of 2006 and 2007, and provides that he is eligible for a merit increase at each annual performance evaluation, beginning April 1, 2007.

Compensation, including base salary and bonus opportunity, for Mr. Mathis was based on a determination by the Chief Executive Officer, discussed with and approved by the Committee. Mr. Hutto's compensation was set during the negotiations between the Chief Executive Officer and Mr. Hutto concerning his joining the Company based upon market levels for comparable positions. Mr. Hutto's compensation was approved by the Committee, acting on the recommendation of the Chief Executive Officer.

Annual Cash Bonuses. In addition to base salary, each NEO is eligible for an annual bonus and a stock option bonus, as discussed below, under the Company's Incentive Compensation Plan (the "Bonus Plan"). Pursuant to the Bonus Plan, participants are separated into 5 groups and the eligible bonus range target and maximum are determined by group. All Company employees are eligible for cash bonuses. All NEOs are within Group 1 (Crim, Scollo, Tepe) or Group 2 (Hutto and Mathis). The Bonus Plan is administered by our Human Resources Department, with input from the Chief Executive Officer and the Committee. The Bonus Plan is established each year and bonus awards under the Bonus Plan are based on the achievement of goals and objectives established by the Committee which relate to (i) our performance in such areas as return on equity, (ii) individual performance and (iii) business unit performance. As management responsibility increases, the bonus potential increases and goals and objectives are more heavily weighted toward overall Company performance. The goals and objectives were established by the Committee in January 2006 and consisted primarily of targets for profitability, return on equity, strategic planning and operational efficiency. The Committee established goals and objectives for 2007 in January 2007. These goals and objectives for 2007 are similar to those established for 2006, with components for return on equity, strategic planning and realization of certain operational efficiencies.

21

Pursuant to their employment agreements, Messrs. Crim, Scollo and Tepe are entitled to receive a yearly bonus, in an amount to be determined by the Board of Directors, of 0% to 75% of their base salaries pursuant to the Bonus Plan. For the year ended December 31, 2006, Messrs. Crim, Scollo and Tepe received bonuses in the amount of \$150,000, \$130,000 and \$120,000, respectively.

Bonus awards to Messrs. Hutto and Mathis were based upon recommendations by the Chief Executive Officer as to Mr. Hutto and the Chief Financial Officer as to Mr. Mathis which were reviewed and approved by the Committee. Messrs. Hutto and Mathis received bonuses in the amount of \$33,750 and \$38,303, respectively.

Equity Compensation. The Committee believes strongly that equity-based awards are an integral part of total compensation for employees with significant responsibility for our long-term results. Incentive stock options and nonqualified stock options that are tied to corporate performance provide an effective means of delivering incentive compensation and also encourage stock ownership on the part of management. As part of our compensation program, each NEO is eligible for a stock option bonus pursuant to the Company's 1998 Incentive Compensation Plan (the "Incentive Compensation Plan").

The Incentive Compensation Plan was approved by our shareholders in 1998. The Incentive Compensation Plan is intended to further the interests of the Company and its shareholders by attracting, retaining and motivating officers, employees, consultants and advisors to participate in the long-term development of the Company through stock ownership. The Incentive Compensation Plan defines the incentive arrangements for eligible participants and authorizes the granting of incentive stock options and nonqualified options, which may be made subject to the discretion of the Committee and, for annual awards, are generally made in conjunction with the achievement of the goals and objectives detailed in the Bonus Plan as discussed above. The Committee is authorized to determine the terms and conditions of all option grants, subject to the limitations set forth in the Incentive Compensation Plan. In accordance with the terms of the Incentive Compensation Plan, the option price per share will not be less than the fair market value of the common shares on the date of grant, the term of any options granted may be no longer than ten years and there may or may not be a vesting period before any recipient may exercise any of those options. The rights of recipients receiving these stock options generally vest equally over three years, beginning with the first anniversary date of grant, and expiring ten years from the date of grant. However, in some instances, particularly with initial option grants to new key employees, the options vest 100% on the fifth anniversary of the grant date.

22

In accordance with the Incentive Compensation Plan, the Committee also made incentive awards of stock options to certain members of management who were offered employment with us during 2006. Mr. Hutto received a grant of 10,000 shares, vesting 100% on the fifth anniversary of the date of grant, subject to acceleration in the event of a change in control. As of the date of grant, this award was valued at \$97,600, which was calculated based on fair market value.

With the exception of significant promotions and new hires, we generally make these types of awards at the January meeting of the Committee each year following the availability of the financial results for the prior year. The 2006 grant awards discussed below were made at the Committee's meeting of January 22, 2006. This timing was selected because it enables us to consider the Company's prior year performance and the performance of the potential recipients and our expectations for future years. The Committee's schedule is determined several months in advance, and the proximity of any awards to earnings announcements or other market events is coincidental. For the year ended December 31, 2006, 80,000 total options, valued at \$752,720 (calculated by using fair market value on date of grant), were granted pursuant to the Incentive Compensation Plan.

Pursuant to his employment agreement, Mr. Crim is eligible to participate in all Company stock option plans and is entitled to receive 20% of the total number of options granted each year by the Board of Directors under the Incentive Compensation Plan. The options will vest over a period of time set by the Board of Directors, generally ratably over a three year period. Mr. Scollo's employment agreement also contains a similar provision, such that Mr. Scollo is eligible to participate in all Company stock option plans and is entitled to receive 15% of the total number of options granted each year by the Board of Directors under the Incentive Compensation Plan. In 2006, Mr. Crim and Mr. Scollo were granted options valued at \$91,000 and \$68,250, respectively. These grants were made on March 15, 2006 at an exercise price of \$16.40 per share and vest ratably over three years. Mr. Tepe's employment agreement also provides that Mr. Tepe is eligible to participate in all Company stock option plans, but does not specify a percentage of options he is entitled to receive.

On September 6, 2006, Mr. Hutto received a grant of 10,000 shares under the Incentive Compensation Plan, valued at \$97,600, in connection with his initial employment by the Company. The exercise price is \$17.80 per share and the options vest 100% on the fifth anniversary of the date of grant. In the event of a change in control, the vesting of the option award to Mr. Hutto is accelerated.

As a part of his overall compensation package, Mr. Mathis received an annual grant with respect to 3,000 shares, under the Incentive Compensation Plan valued at \$27,300. This award has an exercise price of \$16.40 per share and vests ratably over a three year period.

Severance Benefits. We believe that companies should provide reasonable severance benefits to certain of their employees. With respect to senior management, these severance benefits should reflect the fact that it may be difficult for employees to find comparable employment within a short period of time. They should also disentangle the Company from the former employee as soon as possible. We do not have a general severance plan in place but for certain of our NEOs, severance benefits are outlined their respective employment agreement, as detailed in the section entitled "Potential Payments Upon Termination or Change-In-Control."

23

Retirement Plans The Company offers its employees a safe harbor 401(k) plan (the 401(k) Plan). All employees are eligible to participate in the 401(k) Plan. Participants in the 401(k) Plan may elect to defer up to 92% of their compensation each year in lieu of receiving such amount in cash. However, a participant's total deferral each year is subject to dollar limitations that are set by law. For 2006 the limit was \$15,000. This limit may be increased after 2006 for cost of living changes. In addition, participants over age 50 may elect to defer additional amounts, referred to as catch-up contributions, up to \$5,000 in 2006. In order to maintain the safe harbor status of the 401(k) Plan, the Company contributes the total amount of each participant's salary deferrals each Plan Year and makes a safe harbor matching contribution equal to 100% of the participant's salary deferrals that do not exceed 3% of the participant's compensation and 50% of the amount between 3% and 5% of the compensation. A participant is always 100% vested in amounts attributable to his or her salary deferrals. Matching contributions vest 20% per year of service beginning with the second year of service with the Company.

Change-in-Control. The Incentive Compensation Plan provides for the immediate vesting of all options in the event of a change-in-control of the Company. However the Company has no change in control program in place and none of the current employment agreements with senior executives provide for any separate benefits in connection with a change-in-control.

Perquisites and Other Benefits. The Committee annually reviews the perquisites that senior management receives. The primary perquisites for senior management are the payment of a monthly car allowance and the payment of annual insurance premiums. The Committee believes that these perquisites are modest and appropriate.

Senior management also participates in the Company's other benefit plans on the same terms as other employees. These plans include medical and dental insurance and life insurance.

Mr. Tepe received a bonus in a fixed amount of \$100,000 for the fiscal year ending December 31, 2005. Thereafter, Mr. Tepe is eligible to receive an annual bonus in such amount, from 0% to 75% of his base salary, as determined by the Company's Bonus Plan as established each year by the Board of Directors of the Company. On his initial date of employment, Mr. Tepe received a grant of 25,000 stock options with such grant vesting 100% on the fifth anniversary of the date of grant, but which will fully vest in the event of a sale of the Company. Under the agreement, Mr. Tepe is also eligible to participate in other long-term incentive award programs of the Company on a basis generally consistent with other employees of the Company. Under each of the employment agreements, either directly or through a separate Confidentiality and Non-Solicitation Agreement, Messrs. Crim, Scollo and Tepe have each agreed to protect any confidential, trade secret or proprietary information of the Company for up to two years following termination and has also agreed not to solicit any of the Company's customers or insureds for the purpose of providing any services competitive with the Company for a period of one year following termination and will not employ any person employed by the Company within the preceding six months for a period of one year following termination.

Potential Payments Upon Termination or Change-In-Control

The NEOs are eligible for certain benefits in the event of termination of their employment as more specifically discussed below. The amount of potential payments to each Named Executive Officer is dependent upon the nature of the termination as discussed below. The amounts of potential payments as referenced in the table assume that such event triggering was effective as of December 31, 2006. The actual amounts to be paid out upon termination or change-in-control can only be determined at the time of such event.

28

Termination For Cause:

Pursuant to their respective Employment Agreements, should any of Mr. Crim, Mr. Scollo or Mr. Tepe be terminated for cause, he will be entitled to receive up to 2 months salary following the date of termination in equal installments over a 2 month period. There are no specified payments accruing to the benefit of Messrs. Hutto and Mathis upon termination of employment for cause as a result of a contract, agreement, plan or arrangement between either Mr. Hutto or Mr. Mathis and the Company.

Termination Without Cause:

Should either of Messrs. Scollo or Tepe be terminated without cause, then he will be entitled to receive, as liquidated damages, 12 months salary in equal installments over a 12 month period and any bonus accrued to the end of the fiscal year in which the termination occurs, which shall be paid by March 15th of the following year. Additionally, the Company shall extend the exercise period on both Messrs. Scollo's and Tepe's stock option grants, which are vested at the time of termination, for a period of 12 months beyond the termination date. Should Mr. Crim's employment with the Company be terminated without cause, he would be entitled to receive 15 months salary in equal installments over a 15 month period and any bonus accrued to the end of the fiscal year in which termination occurs, which shall be paid by March 15th of the following year. His exercise period for stock option grants, which are vested at the time of termination, would also be extended for a period of 15 months beyond the termination date. The Company has further agreed, under each such Employment Agreements, to either continue each Employee's participation in its major medical and health insurance for a period of 6 months beyond the termination date, such policies permitting; or pay for the Employee's premiums for COBRA coverage for a period of 6 months beyond the termination date.

Termination Due to Death or Disability:

Should any of the Employee's employment terminate with the Company in the event of a disability for a period in excess of 120 days or death, his employment shall be deemed terminated at the end of the calendar month in which the event occurred. In such event, the salary and bonus, if any, accrued to the date of termination shall be payable to Employee or Employee's estate, whichever the case may be. There are no specified payments accruing to the benefit of Messrs. Hutto and Mathis upon termination due to death or disability as a result of a contract, agreement, plan or arrangement between either Mr. Hutto or Mr. Mathis and the Company.

Each of the NEOs has entered into a stock option agreement, in which their options cliff vest upon the fifth anniversary from the date of grant (the Cliff-Vesting Option Agreements). Pursuant to the Cliff-Vesting Option Agreements, if the employment of any of the NEOs is terminated due to death or disability, all the options which are not vested and exercisable shall become fully vested and exercisable as of such termination date. If all the options were vested before such termination date, then the options must be exercised prior to the first to occur of the following: (i) the close of the period of 12 months following the termination date; or (ii) the close of the option period.

29

Each of the NEOs also has stock option agreements, in which their options vest ratably over a 3 year period (the 3 Year Option Agreements). Under the 3 Year Option Agreements, the NEOs are only entitled to the options which have vested at the time of termination due to death or disability.

Voluntary Termination.

Edgar Filing: AMERICAN SAFETY INSURANCE HOLDINGS LTD - Form PRE 14A

In the event any of the NEOs voluntarily terminates his employment, all subsequent compensation and other benefits under the Employment Agreements shall cease and no accrued bonus shall be payable to him. There are no specified payments accruing to the benefit of Messrs. Hutto and Mathis upon voluntary termination of employment as a result of a contract, agreement, plan or arrangement between either Mr. Hutto or Mr. Mathis and the Company.

Under the 1998 Incentive Stock Option Plan, as amended (the "Stock Option Plan"), in the event of a Change of Control, all options which are not yet vested and exercisable shall become fully vested and exercisable as of the date of such Change of Control. For purposes of the plan, a Change of Control shall be deemed to have occurred on the earliest of the following dates:

- (ii) The date the shareholders of the Company approve a definitive agreement (A) to merge or consolidate the Company with or into another corporation, in which the Company is not the continuing or surviving corporation or pursuant to which any shares of Common Shares of the Company would be converted into cash, securities or other property of another corporation, other than a merger of the Company in which holders of Common Shares immediately prior to the merger have the same proportionate ownership of Common Shares of the surviving corporation immediately after the merger as immediately before, or (B) to sell or otherwise dispose of all or substantially all the assets of the Company; or
- (iii) The date there shall have been a change in a majority of the Board of Directors of the Company within a twenty four-month period unless the nomination for election by the Company's shareholders of each new director was approved by the vote of two-thirds of the directors then still in office who were in office at the beginning of the twenty four-month period.

30

The following table sets forth the estimated potential payments that would be made to each of the NEOs upon termination or change-in-control as described above, assuming termination of employment or the change-in-control took place on December 31, 2006:

(1) The bonuses are calculated assuming the maximum percentage allowable pursuant to each of the Employment Agreements upon termination without cause. The amount of the bonus is based on the employee's base salary for the date of termination. (2) Since our current major medical insurance does not permit continuation of coverages for employees who are not obligated to pay the Mr. Crim's, Mr. Scollo's or Mr. Tepe's premiums for COBRA coverage upon termination without cause, the amount of the bonus is based on the employee's base salary for the date of termination. The amount of the bonus is based on the employee's base salary for the date of termination. (3) The Stock Options dollar amount is calculated based on the closing stock price of the Company on December 31, 2006. The Stock Options dollar amount represents the dollar amount of the options unvested at the date of termination and the options become immediately exercisable, upon such termination or Change-In-Control pursuant to the stock option agreements or the 1998 Incentive Stock Option Plan. (4) The dollar amounts are calculated assuming a termination date of December 31, 2006. The dollar amounts are based on the Company's pay period which is on a semi-monthly basis (which is the 15th and the last day of the month). Mr. Tepe would be entitled to the amount accrued to the termination date which, in this case, would be the 16th to the 31st of December 2006 pursuant to the terms of their respective Employment Agreements. (5) The Company does not currently have an employment agreement with either Mr. Hutto or Mr. Mathis. The Company's policy is to make payments accruing to the benefit of Messrs. Hutto and Mathis upon termination of employment. There is no contract, agreement, plan or arrangement between Messrs. Hutto, Mathis and the Company.

APPENDIX A

AMERICAN SAFETY INSURANCE HOLDINGS, LTD.

2007 INCENTIVE STOCK PLAN

1. Purpose and Effective Date.

American Safety Insurance Holdings, Ltd. (the Company) has established this 2007 Incentive Stock Plan (the Plan) to facilitate the retention and continued motivation of key employees, consultants and directors of the Company and its subsidiaries and to align more closely their interests with those of the Company and its stockholders. The Plan shall be effective on the date it is approved by the stockholders of the Company (the Effective Date) and no further awards shall be made under the Plan subsequent to the tenth anniversary of the Effective Date.

The Plan will serve as the successor to the Company's existing 1998 Incentive Stock Option Plan, (the Predecessor Plan). All outstanding awards under the Predecessor Plan as of the Effective Date will remain outstanding awards under the Predecessor Plan. Each such outstanding award will continue to be governed by the express terms and conditions of the agreements evidencing such award. No provision of this Plan shall be deemed to affect or otherwise modify the rights or obligations of the holders of such awards under the Predecessor Plan with respect to their acquisition of shares of the Company's common stock thereunder. However, no further awards shall be made under the Predecessor Plan following the Effective Date.

2. Administration. The Plan shall be administered by the Compensation Committee of the Company's Board of Directors (the Committee) or such other committee consisting solely of independent directors as the Board may designate. The Committee has the authority and responsibility for the interpretation, administration and application of the provisions of the Plan, and the Committee's interpretations of the Plan, and all actions taken by it, and determinations made by it, shall be binding on all persons. No Board or Committee member shall be personally liable for any determination, decision or action made in good faith with respect to the Plan.

Subject to the terms of the Plan, the Committee may delegate to the Chief Executive Officer of the Company the authority to grant awards, and to make any or all of the determinations reserved to the Committee with respect to awards that have been granted, to any individual who, at the time of such grant or other determination, (a) is not an officer or director of the Company required to file reports under Section 16 of the Securities Exchange Act of 1934 with respect to Common Stock of the Company and (b) is otherwise eligible to participate in the Plan under Section 4 hereof.

3. Shares Subject to Plan. A total of 2,000,000 shares of Common Stock of the Company (Shares) may be issued pursuant to the Plan. Shares may be authorized but unissued Shares or Shares reacquired by the Company and held in its treasury. Grants of awards under the Plan will reduce the number of Shares available thereunder by the maximum number of Shares obtainable

A-1

under such grants. If all or any portion of the Shares otherwise subject to any grant under the Plan are not delivered or do not vest for any reason including, but not limited to, the cancellation, expiration or termination of any option right or unit, the settlement of any award in cash, the

Edgar Filing: AMERICAN SAFETY INSURANCE HOLDINGS LTD - Form PRE 14A

forfeiture of any restricted stock, or the repurchase of any Shares by the Company from a participant for the cost of the participant's investment in the Shares, such number of Shares shall be available again for issuance under the Plan.

Notwithstanding the foregoing, Shares tendered (either actually or through attestation) to pay the option exercise price, Shares withheld for the payment of withholding taxes and Shares and other awards repurchased by the Company from a person using proceeds from the exercise of awards by that person shall not return to the share reserve, and the determination of the number of Shares used in connection with stock-settled stock appreciation rights shall be based on the number of Shares with respect to which the rights were based and not just the number of Shares delivered upon settlement. Shares issued in connection with awards that are assumed, converted or substituted pursuant to a merger or an acquisition shall reduce the share reserve. The number of Shares covered by or specified in the Plan and the number of Shares and the purchase price for Shares under any outstanding awards, may be adjusted proportionately by the Committee for any increase or decrease in the number of issued Shares or any change in the value of the Shares resulting from a subdivision or consolidation of Shares, reorganization, recapitalization, spin-off, payment of stock dividends on the Shares, any other increase or decrease in the number of issued Shares made without receipt of consideration by the Company, or the payment of an extraordinary cash dividend.

4. Eligibility. All key employees, active consultants and directors of the Company and its subsidiaries are eligible to be selected to receive a grant under the Plan by the Committee. The Committee may condition eligibility under the Plan or participation under the Plan and any grant or exercise of an award under the Plan on such conditions, limitations or restrictions as the Committee determines to be appropriate for any reason. The maximum number of Shares with respect to which incentive stock options, nonqualified stock options and stock appreciation rights may be granted to any one person in any calendar year shall not exceed 100,000.

5. Awards. The Committee may grant awards under the Plan to eligible persons in the form of incentive stock options (within the meaning of section 422 of the Internal Revenue Code of 1986, as amended (the Code)), nonqualified stock options, stock grants, stock units, restricted stock, stock appreciation rights and performance shares and units. The Committee shall establish the number of Shares subject to each such grant and the terms thereof, including any adjustment for reorganization or dividends, subject to the following:

- (a) All awards granted under the Plan shall be evidenced by agreements in such form and containing such terms and conditions not inconsistent with the Plan as the Committee shall prescribe.
- (b) The exercise price of any option or stock appreciation right shall not be less than the fair market value of a corresponding number of Shares as of the date of grant. For purposes of the Plan, fair market value shall mean the closing price for a Share on the date of grant as reported by the principal securities exchange on which the Shares are traded or, if there is no such sale on the relevant date, then on the last previous day on

A-2

which a sale was reported. If the Shares are not listed for trading on a national securities exchange, the fair market value of the Shares shall be determined by the Committee in good faith and in accordance with a reasonable valuation method as determined under Section 409A of the Code and the rules and regulations promulgated thereunder. The maximum term on options or stock appreciation rights shall not exceed ten (10) years.

(c) Options and stock appreciation rights shall vest over a minimum of three years (and shall vest no more quickly than ratably), and all other awards shall have a minimum vesting or holding period of three years, provided that (i) awards that are issued in connection with mergers and acquisitions may have vesting and holding periods that are the same as any awards that they are replacing or otherwise as deemed appropriate by the Committee and (ii) a vesting or holding period may be reduced as a result of death, disability, retirement, a merger or sale, termination of employment or other extraordinary event. In the absence of an extraordinary event, the vesting and holding restrictions applicable to an award shall not be reduced or otherwise waived.

(d) No more than 1,000,000 of the Shares may be awarded in a form other than options or stock appreciation rights.

(e) No option may be repriced by amendment, substitution or cancellation and regrant, unless authorized by the stockholders. Adjustments pursuant to Section 3 above shall not be considered repricing.

(f) When issuing performance shares or units, performance measures may include: stock price, earnings per share, net earnings, operating earnings, return on assets, shareholder return, return on equity, growth in assets, revenue, cash flow, market share, relative performance to a group of companies comparable to the Company, and strategic business criteria consisting of one or more objectives based on the Company's meeting specified goals relating to revenue, market penetration, business expansion, costs or acquisitions or divestitures, subject to a performance period of no less than two calendar or fiscal years.

(g) All awards shall be settled on the effective date of the exercise of such award by one or a combination of the following means: (i) in cash, by certified check, bank cashier's check or wire transfer; (ii) in Shares owned by the award recipient for at least six months prior to the date of exercise and valued at their fair market value on the effective date of such exercise; or (iii) subject to the approval of the Committee, such other provision as the Committee may from time to time authorize.

(h) Shares granted from the Plan may be used as a form of payment for compensation, grants or rights earned or due under other Company plans or arrangements.

A-3

6. Amendment of the Plan. The Board or the Committee may from time to time suspend, terminate, revise or amend the Plan or the terms of any grant in any respect whatsoever, provided that, without the approval of the stockholders of the Company, no such revision or amendment may increase the number of Shares subject to the Plan, change the provisions of Section 5(a), (d) or (e) above, or expand those eligible for grants under the Plan.

7. Miscellaneous. It is intended that any compensation, benefits or other remuneration which is provided pursuant to or in connection with the Plan which is considered to be nonqualified deferred compensation subject to Section 409A of the Code shall be provided and paid in a manner, and at such time and in such form, as complies with the applicable requirements of Section 409A of the Code to avoid the unfavorable tax consequences provided therein for non-compliance. The Committee is authorized to amend any Agreement and to amend or declare void any election by a Participant as may be determined by it to be necessary or appropriate to evidence or further evidence required compliance with Section 409A of the Code. The Plan shall be governed by the laws of Bermuda.

Any independent auditor retained by the Company shall report directly to the Committee and is ultimately accountable to the Committee. The Committee shall review the adequacy of this Charter on an annual basis and recommend any appropriate changes to the Board for consideration.

Independence. The Committee members will each qualify as (1) an independent director under the rules of the New York Stock Exchange and (2) independent as defined by the rules and regulations of the Securities Exchange Act of 1934. These requirements as currently in effect are summarized in Annex A hereto. Accordingly, the members of the Committee will be directors who the Board affirmatively concludes have no material relationship to the Company, as determined by the Board, either directly or as a partner, shareholder or officer of any organization that has a relationship with the Company.

The failure of the Committee to satisfy the independence requirements set forth above or the financial literacy requirements set forth below shall not invalidate any actions taken by the Committee.

Additionally, the Board recognizes that the Company's financial management, as well as the independent auditors, have more time, knowledge and detailed information regarding the Company than do Committee members. As a result, in carrying out its oversight responsibilities, the Committee's role is not to provide expert or special assurance as to the Company's financial statements or any professional certification as to the independent auditors' work. As used in this Charter, the term independent auditor means any independent auditor, including one constituting a registered public accounting firm (as defined in Section 2(a)(12) of the Sarbanes-Oxley Act of 2002), engaged for the purpose of preparing or issuing an audit report or performing other audit review or attest services for the Company.
