Caution Regarding Forward-Looking Statements

This Report may contain or incorporate by reference information that includes or is based on forward-looking statements within the meaning of the safe-harbor provisions of the Private Securities Litigation Reform Act of 1995. Forward-looking statements give expectations or forecasts of future events, and can be identified by the fact that they relate to future actions, performance or results rather than strictly to historical or current facts.

Any or all forward-looking statements may turn out to be wrong, and, accordingly, readers are cautioned not to place undue reliance on such statements, which speak only as of the date of this filing. Forward-looking statements involve a number of risks and uncertainties that are difficult to predict, and are not guarantees of future performance. Among the general factors that could cause actual results to differ materially from estimated results are those listed in periodic reports filed by Kemper with the Securities and Exchange Commission (the "SEC"). No assurances can be given that the results contemplated in any forward-looking statements will be achieved or will be achieved in any particular timetable. Kemper assumes no obligation to publicly correct or update any forward-looking statements as a result of events or developments subsequent to the date of this press release. The reader is advised, however, to consult any further disclosures Kemper makes on related subjects in its filings with the SEC.
