## Section 8 - Other Events

### Item 8.01 Other Events.

On December 30, 2009, George Karfunkel elected to purchase an additional 3,000,000 shares of common stock of our subsidiary OncoCyte Corporation for \$2,000,000 in cash under the terms of a Stock Purchase Agreement. Mr. Karfunkel now owns 6,000,000 shares of OncoCyte common stock, representing 26% of the outstanding shares of OncoCyte. Mr. Karfunkel beneficially owns more than 10% of the outstanding common shares of BioTime.

The OncoCyte shares were sold in reliance upon an exemption from registration under Section 4(2) of the Securities Act of 1933, as amended (the “Securities Act”). As previously disclosed, OncoCyte has granted Mr. Karfunkel certain rights to have his OncoCyte shares registered for sale under the Securities Act after OncoCyte completes an initial public offering of its common stock.

We organized OncoCyte for the purpose of developing novel therapeutics for the treatment of cancer based on stem cell technology. OncoCyte’s new therapeutic strategy and goal will be to utilize human embryonic stem cell technology to create genetically modified stem cells capable of homing to specific malignant tumors while carrying genes that can cause the destruction of the cancer cells. There is no assurance that OncoCyte will be successful in developing any such new technology or stem cell products, or that any technology or products that may be developed will be proven safe and effective in treating cancer in humans or be successfully commercialized.
