Section 2 Financial Information

Item 2.06. Material Impairments

On December 8, 2004, RARE Hospitality International, Inc. (the Company) concluded that a non-cash impairment charge would be recorded in the quarter ending December 26, 2004, in the amount of approximately \$2.7 million (\$1.8 million, or \$0.05 per share after tax) for two LongHorn Steakhouse restaurants and one Bugaboo Creek Steak House, located in three separate markets.

Edgar Filing: RARE HOSPITALITY INTERNATIONAL INC - Form 8-K

During the annual earnings and cash flow budgeting process, the Company determined that a partial impairment charge might be required under SFAS No. 144 Accounting for the Impairment or Disposal of Long-Lived Assets . While none of the Company's restaurants are expected to generate negative cash flow, three of the restaurant location's future cash flows are not expected to exceed the restaurant's carrying value. The impairment charge of approximately \$2.7 million represents the sum of the differences between the estimated fair value, using discounted estimated future cash flows, and the carrying value of each of these restaurants.

The conclusion that an impairment charge would be required was reached upon finalization of the Company's budgeting process and discussions with the Audit Committee of the Company's Board of Directors. This impairment will not result in the closure of any restaurant or additional cash expenditure by the Company.
