SELLING SHAREHOLDERS

The selling shareholders acquired the shares of common stock offered by this prospectus, or the rights to acquire such shares upon exercise of warrants, in the transactions described below under the caption "Transactions with the Selling Shareholders." TRANSACTIONS WITH THE SELLING SHAREHOLDERS

Transactions with the Citigroup Selling Shareholder

On July 10, 2008, we and our wholly owned subsidiary Folio Funding II, LLC, as borrower, agreed with the Citigroup selling shareholder to amend and restate the agreements governing a pre-existing revolving residual credit facility. The Citigroup selling shareholder is the note purchaser and administrative agent of that credit facility.

Under the original residual facility, we sold eligible residual interests in securitizations to the borrower, which in turn pledged the residuals as collateral for floating rate borrowings from the note purchaser. The amount available

for borrowing was computed by the administrative agent using a valuation methodology of the residuals, and was subject to an overall maximum principal amount of \$120 million. The indebtedness of the borrower was represented by (i) a \$60 million Class A-1 Variable Funding Note, and (ii) a \$60 million Class A-2 Term Note. The facility's revolving feature was to expire by its terms on July 10, 2008, and the Class A-1 Note was to be due at that time. The Class A-2 Note was to be due on July 10, 2009.

With the amendments to this facility, we prepaid a portion of the outstanding notes, reducing the outstanding principal balance to \$70 million, and the notes have been re-designated as (i) a \$10 million Class A-1 Term Note, and (ii) a \$60 million Class A-2 Term Note. Approximately \$4 million of the principal prepayment represented the nominal purchase price of a warrant to purchase 2,500,000 shares of our common stock, which was issued directly to CGMI. The warrant was subsequently transferred to the Citigroup selling shareholder. The Class A-1 Term Note and Class A-2 Term Note provide for minimum required levels of amortization, and are due in June 2009. However, we also received an option, if certain conditions are met, to extend the maturity for an additional year to June 2010. The 2,500,000 shares issuable upon exercise of the warrant described above are the shares to be sold by the Citigroup selling shareholder in this offering.

On September 26, 2008, we sold approximately \$198.7 million in adjusted principal amount of automobile purchase receivables to our wholly owned subsidiary CALT SPE, LLC, which then transferred those receivables to Auto Loan Trust, a Delaware statutory trust. The purchase price was funded by Auto Loan Trust's issuance and sale of structured notes. An affiliate of the Citigroup selling shareholder purchased 95% of the notes, and we purchased the remaining 5%.

The Citigroup selling shareholder and certain of its affiliates have provided, and may in the future provide, investment banking, financial advisory or commercial banking services to us, for which they have received; and may in the future receive, compensation in such amounts and forms as may be determined by negotiation.

Transactions with the LLCP Selling Shareholder

On June 30, 2008, we entered into a Securities Purchase Agreement and related agreements with the LLCP selling shareholder, pursuant to which the LLCP selling shareholder purchased a \$10 million five-year note issued by us. The indebtedness to the LLCP selling shareholder is secured by substantially all of our assets, though not by the assets of our special-purpose financing subsidiaries. Certain other subsidiaries of ours (CPS Marketing, Inc., CPS Leasing, Inc., Mercury Finance Company LLC and TFC Enterprises LLC) have guaranteed our obligations to the LLCP selling shareholder.

In connection with the Securities Purchase Agreement, we paid to the LLCP selling shareholder a closing fee of \$1.1 million and issued to the LLCP selling shareholder (i) 1,225,000 shares of our common stock, (ii) a warrant that represented the right to purchase, at the time of issuance, 275,000 shares of our common stock, at a nominal exercise price, and (iii) a warrant that represented the right to purchase, at the time of issuance, 1,500,000 shares of our common stock, at an exercise price of \$2.573 per share. The number of shares subject to each warrant and the exercise price of each warrant are subject to certain adjustments contained in the warrants. Exercise of the warrants was contingent upon our obtaining the approval of our shareholders, which we obtained on September 16, 2008.

Pursuant to the anti-dilution provisions of the LLCP selling shareholder's warrants, our July 10 transactions with the Citigroup selling shareholder, described above, resulted in a change in the number of shares issuable upon exercise of the first warrant from 275,000 to 283,985, and upon exercise of the second warrant from 1,500,000 to 1,564,324. The exercise price of the second warrant was also adjusted, from \$2.573 per share to \$2.4672 per share.

The 3,073,309 shares issued or issuable as described above are the shares to be sold by the LLC selling shareholder in this offering.

Under the Securities Purchase Agreement, subject to the satisfaction of certain terms and conditions, the LLC selling shareholder also agreed to purchase an additional \$15 million note to be issued by us. That obligation was subject to a number of conditions being satisfied, including, without limitation, a successful amendment and restatement of our indebtedness to CGMI, described above. Those conditions were satisfied and the additional note was issued on July 10, 2008. The additional note has substantially the same terms as the \$10 million note.

In connection with the Securities Purchase Agreement, we entered into an Investor Rights Agreement with the LLC selling shareholder that granted the LLC selling shareholder certain monitoring and other rights, including the right to cause an individual designated by the LLC selling shareholder to be nominated and elected to our board of directors. In addition, the Investor Rights Agreement granted to the LLC selling shareholder rights of first

refusal with respect to future issuances of equity securities by us and contains restrictions on our ability (and the ability of our subsidiaries) to issue equity securities.

Affiliates of the LLC selling shareholder have purchased other senior secured debt securities from the Company, and have held as much as 4.5 million shares of the Company's common stock, at various times prior to the transactions described above. No such debt securities had been outstanding since July 2007, and no such shares had been held since December 2007. The LLC selling shareholder or its affiliates may in the future provide us with financial advisory or other services, for which it may receive compensation in such amounts and forms as may be determined by negotiation.

PLAN OF DISTRIBUTION

We have been advised that the shares may be offered and sold by or for the account of the selling shareholders (or their pledges, donees, transferees, or successors in interest), from time to time as market conditions permit, on the Nasdaq Global Market, any other exchange on which the shares may be listed, over the counter, or otherwise, at prices and on terms then prevailing or in negotiated transactions, and that the shares may be sold by one or more of the following methods, without limitation:

- purchases by underwriters, brokers, dealers, and agents who may receive compensation in the form of underwriting discounts, concessions, or commissions from the selling shareholders and/or the purchasers of the shares for whom they may act as agent;
- one or more block trades in which a broker or dealer so engaged will attempt to sell the shares as agent, but may position and resell a portion of the block as principal to facilitate the transaction or, in crosses, in which the same broker acts as agent on both sides;
- purchases by a broker or dealer (including a specialist or market maker) as principal and resale by such broker or dealer for its account pursuant to this prospectus;
- ordinary brokerage transactions and transactions in which the broker solicits purchasers;
- face-to-face transactions between sellers and purchasers without a broker-dealer;
- the pledge of shares as security for any loan or obligation, including pledges to brokers or dealers who may from time to time effect distributions of the shares or other interests in the shares;
- short sales or transactions to cover short sales relating to the shares;
- distributions to creditors, equity holders, partners, and members of the selling shareholders;
- transactions in options, swaps, or other derivatives (whether exchange listed or otherwise);
- sales in other ways not involving market makers or established trading markets, including direct sales to institutions or individual purchasers; and
- sales in other ways not involving market makers or established trading markets, including direct sales to institutions or individual purchasers; and
- any combination of the foregoing or by any other legally available means.

The selling shareholders may enter into sale, forward sale, and derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates, in connection with those sale, forward sale, or derivative transactions, the third

parties may sell securities covered by this prospectus and the applicable prospectus supplement, including in short sale transactions and by issuing securities that are not covered by this prospectus but are exchangeable for or represent beneficial interests in the shares. The third parties may use shares received under those sale, forward sale, or derivative arrangements or shares pledged by the selling shareholders or borrowed from the selling shareholders or others to settle such third party sales or to close out any related open borrowings of shares. The third parties may deliver this prospectus in connection with any such transactions. Any third party in such sale transactions will be an underwriter and will be identified in the applicable prospectus supplement (or a post-effective amendment to the registration statement of which this prospectus forms a part). In addition, the selling shareholders may enter into hedging transactions with broker-dealers in connection with distributions of shares or otherwise. In those transactions, broker-dealers may engage in short sales of shares in the course of hedging the positions they assume with the selling shareholders. The selling shareholders also may sell shares short and redeliver shares to close out

such short positions. The selling shareholders may also enter into option or other transactions with broker-dealers that require the delivery to such broker-dealers of the shares, which shares may be resold thereafter pursuant to this prospectus. The selling shareholders also may loan or pledge shares, and the borrower or pledgee may sell or otherwise transfer the shares so loaned or pledged pursuant to this prospectus. Such borrower or pledgee also may transfer those shares to investors in our securities or the shareholder's securities or in connection with the offering of other securities not covered by this prospectus. From time to time, selling shareholders may also transfer or donate their shares and each transferee or donee will be deemed to be a selling shareholder for purposes of this prospectus. Any pledgee, secured party, transferee, or donee that a selling shareholder intends to offer or sell shares to through this prospectus will be named in a prospectus supplement, if required.

In addition, any shares of the selling shareholders covered by this prospectus which qualify for sale pursuant to Rule 144 under the Securities Act may be sold in open market transactions under Rule 144 rather than pursuant to this prospectus.

Underwriters, brokers, dealers, or agents may receive compensation in the form of commissions, discounts, or concessions from the selling shareholders. Underwriters, broker-dealers, or agents may also receive compensation from the purchasers of shares for whom they act as agents or to whom they sell as principals, or both. Compensation as to a particular underwriter, broker-dealer, or agent might be in excess of customary commissions and will be in amounts to be negotiated in connection with transactions involving shares. In effecting sales, brokers or dealers engaged by the selling shareholders may arrange for other brokers or dealers to participate.

At the time a particular offer of shares is made by one or more of the selling shareholders, a prospectus supplement, if required, will be distributed to set forth the terms of the specific offering of the shares, including:

- the name of the selling shareholders and other participating broker-dealer(s);
- the number of shares offered;
- the price at which such shares are being sold;
- the proceeds to the selling shareholders from the sale of such shares;
- the specific plan of distribution for such shares;
- the names of the underwriters or agents, if any;
- any underwriting discounts, agency fees, or other compensation to underwriters or agents;
- any discounts or concessions allowed or paid to dealers; and
- any other facts material to the transaction.

In connection with the sale of the shares, the selling shareholders and such brokers and dealers and any other participating brokers or dealers may be deemed to be "underwriters" within the meaning of the Securities Act in connection with such sales. Accordingly, any profits realized by the selling shareholders and any compensation earned by such broker-dealers or agents may be deemed to be underwriting discounts and commissions. Because a selling shareholder may be deemed to be an "underwriter" within the meaning of Section 2(11) of the Securities Act, the selling shareholders will be subject to the prospectus delivery requirements of that act. We will make copies of this prospectus (as it may be amended or supplemented from time to time) available to the selling shareholders for the purpose of satisfying any prospectus delivery requirements.

The selling shareholders may sell the shares covered by this prospectus from time to time, and may also decide not to sell all or any of the shares they are allowed to sell under this prospectus. The selling shareholders will act independently of us in making decisions regarding the timing, manner, and size of each sale. There can be no assurance, however, that all or any of the shares will be offered by the selling shareholders. We know of no existing arrangements between any selling shareholders and any broker, dealer, finder, underwriter, or agent relating to the sale

or distribution of the shares.

We will not receive any of the proceeds of any sale of shares by the selling shareholders. We will bear all of the expenses of the registration of this offering under the Securities Act including, without limitation, registration and filing fees, printing expenses, fees and disbursements of our counsel, counsel for the selling shareholders and independent public accountants, transfer taxes, fees of transfer agents and registrars, and costs of insurance, if any. All underwriting discounts, selling commissions, and broker's fees applicable to the sale of any shares will be borne

by the selling shareholders or by such persons other than us as agreed by and among the selling shareholders and such other persons.

We and the selling shareholders have agreed to indemnify each other against certain liabilities under the Securities Act. In addition, we or the selling shareholders may agree to indemnify any underwriters, brokers, dealers or agents against, or contribute to any payments the underwriters, brokers, dealers or agents may be required to make with respect to, civil liabilities, including liabilities under the Securities Act. Underwriters, brokers, dealers and agents and their affiliates are permitted to be customers of, engage in transactions with, or perform services for us and our affiliates or the selling shareholders and their affiliates in the ordinary course of business.

The selling shareholders will be subject to applicable provisions of the Exchange Act and the associated rules and regulations under the Exchange Act, including Regulation M, which provisions may limit the timing of purchases and sales of shares by the selling shareholders. These restrictions may affect the marketability of such shares.

In order to comply with applicable securities laws of some states, the shares may be sold in those jurisdictions only through registered or licensed brokers or dealers. In addition, in certain states the shares may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirements is available.

In connection with an underwritten offering of shares under this prospectus, the underwriters may purchase and sell securities in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of securities than they are required to purchase in an offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of the securities while an offering is in progress.

The underwriters also may impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the underwriters have repurchased securities sold by or for the account of that underwriter in stabilizing or short-covering transactions.

These activities by the underwriters may stabilize, maintain or otherwise affect the market price of the shares offered under this prospectus. As a result, the price of the shares may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the underwriters at any time. These transactions may be effected on an automated quotation system or in the over-the-counter market or otherwise.

To the extent permitted by applicable law, this plan of distribution may be modified in a prospectus supplement or otherwise.

ITEM 15. INDEMNIFICATION OF DIRECTORS AND OFFICERS

Under California law, a California corporation may eliminate or limit the personal liability of a director of the corporation for monetary damages for breach of the director's duty of care as a director, provided that the breach does not involve certain enumerated actions, including, among other things, intentional misconduct or knowing and culpable violation of the law, acts or omissions which the director believes to be contrary to the best interests of the corporation or its shareholders or which reflect an absence of good faith on the director's part, the unlawful purchase or redemption of stock, payment of unlawful dividends, and receipt of improper personal benefits. The registrant's Board of Directors believes that such provisions have become commonplace among major corporations and are beneficial in attracting and retaining qualified directors, and the registrant's Articles of Incorporation include such provisions.

The registrant's Articles of Incorporation and Bylaws also impose a mandatory obligation upon the registrant to indemnify any director or officer to the fullest extent authorized or permitted by law (as now or hereinafter in effect), including under circumstances in which indemnification would otherwise be at the discretion of the registrant.

Under California law, a California corporation may purchase and maintain insurance on behalf of any agent, including any director, officer, employee or other agent of the corporation. The registrant's Bylaws permit the registrant to secure insurance on behalf of any director, officer, employee or other agent of the registrant.

The registrant provides liability insurance for its directors and officers, which provides for coverage against loss from claims made against directors and officers in their capacity as such, including, subject to certain exceptions, liabilities under the federal securities laws. Such coverage indemnifies the directors and officers of the registrant against certain liabilities, including certain liabilities arising under the Securities Act, which might be incurred by them in such capacities and against which they cannot be indemnified by the registrant.

ITEM 17. UNDERTAKINGS

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) (§230.424(b) of Title 17 of the Code of Federal Regulations) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in this registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) (§230.424(b) of Title 17 of the Code of Federal Regulations) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A (§230.430A of Title 17 of the Code of Federal Regulations), shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act 1933, each filing of the registrant's annual report pursuant to section 13(a) or 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Exchange Act) that is incorporated by reference in this registration statement shall be deemed to be a new registration statement relating to the securities offered herein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the provisions described under Item 15 above, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
