Notice of Annual Meeting of Shareholders
and Proxy Statement

To be Held on May 22, 2013

Dear Shareholder:

We invite you to attend our Annual Meeting of Shareholders on Wednesday, May 22, 2013, in Cincinnati, Ohio. In connection with the meeting, we will report on our operations and you will have an opportunity to meet your Company's directors and senior executives.

This booklet includes the formal notice of the meeting and the proxy statement. The proxy statement tells you more about the agenda and procedures for the meeting. It also describes how your Board of Directors operates and provides information about the director candidates.

We are pleased once again to take advantage of U.S. Securities and Exchange Commission rules that allow companies to furnish their proxy materials over the Internet. As a result, we are mailing to most of our shareholders a Notice of Internet Availability of Proxy Materials (the "Notice") instead of a paper copy of this proxy statement and our 2012 Annual Report. The Notice contains instructions on how to access and review those documents over the Internet. The Notice also instructs you on how to submit your proxy over the Internet. We believe that this process will allow us to provide our shareholders with the information they need in a more timely manner, while reducing the environmental impact and lowering the costs of printing and distributing our proxy materials. If you received a Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the Notice.

We want your shares to be represented at the meeting and urge you to vote using our Internet or telephone voting systems or by promptly returning a properly completed proxy card.

Sincerely,

Karl J. Grafe
Vice President & Secretary

GENERAL INFORMATION

Record Date; Shares Outstanding

As of March 25, 2013, the record date for determining shareholders entitled to notice of and to vote at the meeting, the Company had 89,783,620 shares of common stock outstanding and eligible to vote. This number does not include 14,940,627 shares held by subsidiaries of AFG which, under Ohio law, are not entitled to vote and are not considered to be outstanding for purposes of the meeting. Each share of outstanding common stock is entitled to one vote on each matter to be presented at the meeting. Abstentions (including instructions to withhold authority to vote for one or more nominees) and broker non-votes are counted for purposes of determining a quorum but will not be considered votes cast on a proposal. Broker non-votes occur when a broker returns a proxy card but does not have authority to vote on a particular proposal. Broker non-votes will not affect the outcome of any matter being voted on at the meeting.

Proxies and Voting Procedures

Shareholders of record can vote by mail, via the Internet or by telephone. Internet and telephone voting information is provided on the proxy card. If you vote via the Internet or by telephone, please do not return a signed proxy card. Shareholders who hold their shares through a bank or broker can vote by mail, or via the Internet or by telephone if these options are offered by the bank or broker. You may vote by telephone or Internet 24 hours a day, 7 days a week until 11:59 p.m., Eastern time, the day before the meeting. Your telephone or Internet vote authorizes the named proxies to vote your shares in the same manner as if you had executed a proxy card.

If voting by mail, please complete, sign, date and return your proxy card enclosed with the proxy statement in the accompanying postage-paid envelope.

If your shares are held in the name of your broker or bank and you wish to vote in person at the meeting, you should request your broker or bank to issue you a proxy covering your shares.

Solicitation of proxies through the mail, in person and otherwise, is being made by management at the direction of AFG's Board of Directors, without additional compensation. AFG will pay all costs of soliciting proxies. In addition, AFG will request brokers and other custodians, nominees and fiduciaries to forward proxy-soliciting material to the beneficial owners of shares held of record by such persons, and AFG will reimburse them for their expenses.

If a choice is specified on a properly executed proxy card, the shares will be voted accordingly. If a proxy card is signed without a preference indicated, those shares will be voted in accordance with the recommendations of our Board of Directors, namely:

- "FOR" the election of the 11 nominees proposed for the Board of Directors;
- "FOR" the ratification of the Company's independent registered public accounting firm;
- "FOR" the approval, on an advisory basis, of compensation of our named executive officers as disclosed in this proxy statement; and
- "AGAINST" the shareholder proposal, if properly presented.

If any other matters properly come before the meeting or any postponement or adjournment of the meeting, each properly executed proxy card will be voted in the discretion of the named proxies. Management has not received proper notice of any matters to be presented at the meeting other than those proposed in this proxy statement.

Banks or brokers holding shares for beneficial owners must vote those shares as instructed. If the bank or broker has not received instructions from you, the beneficial owner, the bank or broker generally has discretionary voting power

only with respect to the ratification of appointment of the independent registered public accountants. It is therefore important that you provide instructions to your bank or broker if your shares are held by such a bank or broker so that your vote with respect to all other matters is counted.

- 1 -

Votes Required

With respect to Proposal No. 1, the 11 nominees who receive the greatest number of votes will be elected. An abstention will not count as a vote for or against a nominee. Approval of all other matters at the meeting, including approval, on an advisory basis, of compensation of our named executive officers (Proposal No. 3), or of postponement or adjournment of the annual meeting, requires the affirmative vote of a majority of the votes cast. An abstention will not count as a vote for or against these proposals.

Beginning effective with the annual meeting, we have adopted majority voting procedures for the election of directors in uncontested elections. If one of our incumbent nominees fails to receive more votes in favor than votes withheld, our Regulations require the nominee to promptly tender his or her resignation to the Board. Our Corporate Governance Committee will then make a recommendation to the full Board of Directors as to whether to accept or reject the tendered resignation, or whether other action should be taken. Our Board of Directors will then decide whether to accept or reject the resignation, taking into account the Corporate Governance Committee's recommendation. The determination of our Board of Directors and the rationale behind the decision will be publicly disclosed (by a press release, a filing with the Securities and Exchange Commission or other broadly disseminated means of communication) within 90 days from the date of the certification of the election results of our meeting. If the incumbent director's resignation is not accepted by our Board of Directors, the director will continue to serve until his or her successor is duly elected, or his or her earlier resignation or removal. If a director's resignation is accepted by our Board of Directors, then our Board of Directors may fill any resulting vacancy or decrease the size of the Board of Directors.

Retirement and Savings Plan Participants

If you are a participant in the Company's retirement and savings plan with a balance in the AFG Common Stock Fund, the accompanying proxy card shows the number of shares of common stock attributed to your account balance, calculated as of the record date. In order for your plan shares to be voted in your discretion, you must vote at least two business days prior to the day of the meeting (by the end of the day on May 17, 2013) either by Internet, telephone, or returned properly signed proxy card. If you choose not to vote or if you return an invalid or unvoted proxy card, the Administrative Plan Committee, consisting of four senior executive officers of the Company, will vote your plan shares in the Committee's sole discretion. Plan participants' votes will be processed by the plan trustee, and will not be disclosed to the Company.

Revoking a Proxy

Whether you vote by mail, via the Internet or by telephone, you may revoke your proxy at any time before it is voted by submitting a new proxy with a later date, voting via the Internet or by telephone at a later time, delivering a written notice of revocation to the Company's Secretary, at the address set forth under "Communications with Directors" on page 39, or by voting in person at the meeting.

Cumulative Voting

Shareholders have cumulative voting rights in the election of directors and one vote per share on all other matters. Cumulative voting allows a shareholder to multiply the number of shares owned on the record date by the number of directors to be elected and to cast the total for one nominee or distribute the votes among the nominees as the shareholder desires. The 11 nominees who receive the greatest number of votes will be elected, subject to the tender of resignation and related procedures set forth above with respect to incumbent directors who fail to receive more votes in favor than votes withheld. In order to invoke cumulative voting, notice of cumulative voting must be

given in writing to the Company's corporate secretary not less than 48 hours before the time fixed for the holding of the meeting. The authority solicited by this proxy statement includes discretionary authority to cumulate votes in the election of directors.

MATTERS TO BE CONSIDERED

Proposal No. 1 Elect 11 Directors

The Board of Directors oversees the management of the Company on your behalf. The Board reviews AFG’s long-term strategic plans and exercises direct decision-making authority in key areas such as choosing the Co-Chief Executive Officers, setting the scope of their authority to manage the Company’s business day-to-day, and evaluating senior management performance.

Upon the recommendation of the Corporate Governance Committee, the Board of Directors has nominated 11 individuals to hold office until the next annual meeting of shareholders and until their successors are elected and qualified. If any of the nominees should become unable to serve as a director, the proxies will be voted for any substitute nominee designated by the Board of Directors but, in any event, no proxy may be voted for more than 11 nominees. Each nominee brings a strong and unique background and set of qualifications to the Board, giving the Board as a whole competence and experience in a wide variety of areas central to the Company’s businesses, including corporate governance and board service, executive management and entrepreneurial experience and insurance, finance, legal and accounting expertise.

Theodore H. Emmerich has advised the Board that he intends to retire from the Board when his current term expires at the 2013 annual meeting. Accordingly, he is not being nominated for re-election.

The nominees for election to the Board of Directors are:

The Board believes that Mr. Lindner’s familiarity with the Company as a whole, as well as his experience and expertise in its core property and casualty insurance businesses, makes his service on the Board of Directors extremely beneficial to the Company.
--	---

S. Craig Lindner Director since 1985	Mr. Lindner has been Co-Chief Executive Officer and Co-President since January 2005, and since 1996, he has served as Co-President of the Company. For more than ten years, Mr. Lindner has been President of our Great American Financial Resources, Inc. subsidiary, and has been principally responsible for the Company’s annuity operations. Until 2011, for over ten years, Mr. Lindner served as President, and since 2011, as Chairman, of American Money Management Corporation (“AMMC”), a subsidiary that provides investment services for the Company and certain of its affiliated companies, and Mr. Lindner continues to be primarily responsible for the Company’s investments. Until April 2007, Mr. Lindner was a director of National City Corp. (now a part of PNC Financial Services Group, Inc.). The Board believes that Mr. Lindner’s familiarity with the Company as a whole, as well as his experience and expertise in its core annuity operations and the Company’s investment portfolio, makes his service on the Board of Directors extremely beneficial to the Company.

Specifically, Mr. Jacobs’ position at Regent provided him with significant knowledge of and experience in capital management and allocation, public company financial statement preparation and strategic investment, the latter of which is also bolstered by Mr. Jacobs’ private equity experience. In his career, Mr. Jacobs has significant chief executive officer experience and has held board positions for 10 public companies, six private companies and nine charitable organizations. Through his professional memberships discussed above, Mr. Jacobs has developed significant experience in understanding and critically assessing risks in the property and casualty insurance industry, which the Board believes is valuable to the Company.

In his capacity as a certified public accountant and Chief Financial Officer of Midland, Mr. Von Lehman developed significant experience in preparing, auditing, analyzing and evaluating financial statements that present a breadth and level of complexity of accounting issues that compare to those of the Company and which qualify him as an “audit committee financial expert” under SEC guidelines. Carl H. Lindner III and S. Craig Lindner are brothers. See “Securities Ownership, “Corporate Governance” and “Executive Compensation—Director Compensation” below for additional information concerning the background, securities holdings, remuneration and other matters relating to the nominees.

The Board of Directors recommends that shareholders vote FOR the election of these 11 nominees as directors.

Proposal No. 2 Ratification of the Company's Independent Registered Public Accounting Firm

The Company's Audit Committee Charter requires that the Audit Committee appoint annually an independent registered public accounting firm to serve as auditors. In February 2013, the Audit Committee appointed Ernst & Young LLP to serve as the Company's registered public accounting firm for 2013.

Although the Audit Committee has the sole authority to appoint auditors, shareholders are being asked to ratify this appointment. If the shareholders do not ratify the appointment, the Audit Committee will take that fact into consideration but may, nevertheless, continue to retain Ernst & Young. However, the Audit Committee in its discretion may engage a different registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company whether or not the shareholders ratify the appointment.

Audit Fees and Non-Audit Fees

The following table presents fees for professional services performed by Ernst & Young for the years ended December 31, 2012 and December 31, 2011.

	2012	2011
Audit fees (1)	\$ 6,872,000	\$ 5,750,000
Audit related fees	2,000	20,000
Tax fees (2)	164,000	77,000
All other fees (3)	105,000	16,000
Total	\$ 7,143,000	\$ 5,863,000

1. These aggregate fees were for audits of the financial statements (including services incurred to render an opinion under Section 404 of the Sarbanes-Oxley Act of 2002), subsidiary insurance company audits, reviews of SEC filings, and quarterly reviews.
2. These fees relate primarily to tax compliance engagements for preparation and review of foreign tax returns and certain collateralized loan obligation structures, in addition to other tax advisory services.
3. In 2012, these fees relate primarily to agreed-upon procedure engagements for certain collateralized loan obligations managed by AFG.

Representatives of Ernst & Young are expected to be at the meeting and will be given the opportunity to make a statement if they so desire. They will also be available to respond to appropriate questions from shareholders.

The Board of Directors recommends that shareholders vote FOR the ratification of the Audit Committee's appointment of Ernst & Young as our independent registered public accounting firm for 2013.

Proposal No. 3 Advisory Vote on Compensation of our Named Executive Officers

The Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd Act”) requires that we provide our shareholders with the opportunity to vote to approve, on a non-binding, advisory basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the compensation disclosure rules of the SEC (“say-on-pay”). The Dodd Act also provides that, at least once every six years, shareholders must be given the opportunity to vote, on a non-binding, advisory basis, for their preference as to how frequently we should seek future advisory votes on the compensation of our named executive officers. We provided this opportunity to our shareholders at our 2011 annual meeting where over 90% of our shareholders voted to hold the “say-on-pay” advisory vote annually, in accordance with the recommendation of our Board of Directors.

As described in detail below under the heading “Compensation Discussion and Analysis” beginning on page 20 of this proxy statement, we seek to closely align the interests of our named executive officers with the interests of our shareholders. We structure our programs to discourage excessive risk-taking through a balanced use of compensation vehicles and metrics with an overall goal of delivering sustained long-term shareholder value while aligning our executives’ interests with those of our shareholders. Further, our programs require that a substantial portion of each named executive officer’s compensation be contingent on delivering performance results that benefit our shareholders. Our compensation programs are designed to reward our named executive officers for the achievement of short-term and long-term strategic and operational goals and the achievement of increased total shareholder return. Shareholders should note that, because the advisory vote on executive compensation occurs well after the beginning of the compensation year and because the different elements of our executive compensation programs are designed to operate in an integrated manner and to complement one another, in many cases it may not be appropriate or feasible to change our executive compensation programs in consideration of any one year’s advisory vote on executive compensation by the time of the following year’s annual meeting of shareholders.

The vote on this matter is not intended to address any specific element of compensation; rather, the vote relates to the compensation of our named executive officers, as described in this proxy statement in accordance with the compensation disclosure rules of the SEC. The vote is advisory, which means that the vote is not binding on the Company, our Board of Directors or the Compensation Committee. The Board and the Compensation Committee will review and consider the voting results when making future decisions regarding our executive compensation program.

Accordingly, we ask our shareholders to approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the this proxy statement pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosure.

The Board of Directors recommends that shareholders vote FOR the approval of the compensation of our named executive officers as disclosed in this proxy statement.

Proposal No. 4 Shareholder Proposal Regarding Certain Employment Matters

The Company has been informed that the proposal below will be presented at the 2013 annual meeting. We received Proposal No. 4 from one of our shareholders. If the proponent, or a representative who qualifies under state law, is present at the 2013 annual meeting to submit the proposal for a vote, then the proposal will be voted upon. The shareholder proposal, including the supporting statement, is included exactly as submitted to us by the proponent. The Board of Directors recommends voting "AGAINST" the proposal and asks you to review our response which follows the proponent's supporting statement. We will promptly provide you with the name, address and the number of voting securities held by the proponent, to our knowledge, upon receiving a written or oral request for such information.

Sexual Orientation Non-Discrimination Policy-2013

Whereas: American Financial Group does not explicitly prohibit discrimination based on sexual orientation and gender identity in its written employment policy;

Over 90% of the Fortune 500 companies have adopted written nondiscrimination policies prohibiting harassment and discrimination on the basis of sexual orientation, as have more than 95% of Fortune 100 companies, according to the Human Rights Campaign. Nearly 70% of the Fortune 100 and 43% of the Fortune 500 now prohibit discrimination based on gender identity or expression;

We believe that corporations that prohibit discrimination on the basis of sexual orientation and gender identity have a competitive advantage in recruiting and retaining employees from the widest talent pool;

According to an October, 2009 survey by Harris Interactive and Witeck-Combs, 44% of gay and lesbian workers in the United States reported an experience with some form of job discrimination related to sexual orientation; an earlier survey found that almost one out of every 10 gay or lesbian adults also stated that they had been fired or dismissed unfairly from a previous job, or pressured to quit a job because of their sexual orientation;

Twenty-one states, the District of Columbia and more than 160 cities and counties, have laws prohibiting employment discrimination based on sexual orientation; 12 states and the District of Columbia have laws prohibiting employment discrimination based on sexual orientation and gender identity.

Minneapolis, San Francisco, Seattle and Los Angeles have adopted legislation restricting business with companies that do not guarantee equal treatment for gay and lesbian employees;

Our company has operations in, and makes sales to institutions in states and cities that prohibit discrimination on the basis of sexual orientation;

National public opinion polls consistently find more than three quarters of the American people support equal rights in the workplace for gay men, lesbians and bisexuals; for example, in a Gallup poll conducted in May 2009, 89% of respondents favored equal opportunity in employment for gays and lesbians;

Resolved: The Shareholders request that American Financial Group amend its written equal employment opportunity policy to explicitly prohibit discrimination based on sexual orientation and gender identity and to substantially implement the policy.

Supporting Statement: Employment discrimination on the basis of sexual orientation and gender identity can diminish employee morale and productivity. Because state and local laws are inconsistent with respect to employment

discrimination, our company would benefit from a consistent, corporate wide policy to enhance efforts to prevent discrimination, resolve complaints internally, and ensure a respectful and supportive atmosphere for all employees. American Financial Group will enhance its competitive edge by joining the growing ranks of companies guaranteeing equal opportunity for all employees.

Board of Directors' Position

Your Board of Directors unanimously recommends that shareholders vote AGAINST this proposal.

The Company received nearly identical proposals in 2008, 2011 and 2012. In all years, the proposal was defeated by a substantial majority of the votes cast.

The Board of Directors continues to believe that this proposal is unnecessary. The Company is an equal opportunity employer. We are fully committed to complying with all applicable equal employment opportunity laws. Furthermore, we believe that our current policies adequately reflect our strong commitment to non-discrimination, that we have already substantially implemented the principles reflected in the above proposal and that our current policies and practices fully achieve the objectives of this proposal.

The Company's written employment policies prohibit discrimination on the basis of race, color, religion, sex, age, national origin, disability or any other legally protected status, and mirror the non-discrimination categories of federal law. Our non-discrimination policy applies to all areas of employment, including, but not limited to, hiring and recruitment, training, promotion, transfer, demotion, counseling and discipline, employee benefits and compensation and termination of employment.

We recognize the value of a diverse workforce. We are dedicated to ensuring that diversity helps our employees, customers, vendors and communities achieve their full potential. We continually strive to maintain a diverse workforce that meets the needs of our customers and the communities in which we work and live.

The Board of Directors recommends that shareholders vote AGAINST this proposal.

Leadership Structure

The Board does not currently have a Chairman. Additionally, the Board does not have a formal policy as to whether the same person may serve as both the principal executive officer of the Company and Chairman. At the present time, the Board does not believe that such a policy is necessary because of its determination that the current Board membership, together with the Company's management, possess the requisite leadership and industry skills, expertise and experiences to effectively oversee the business and affairs of the Company. Moreover, the Board prefers to retain the flexibility to select the appropriate leadership structure for the Company based upon the existence of various conditions, including, but not limited to, business, financial or other market conditions, affecting the Company at any given time.

The Company has two principal executive officers: Carl H. Lindner III and S. Craig Lindner, each of whom serves as a Co-Chief Executive Officer, Co-President and a director of the Company. Carl H. Lindner III also serves as Chairman of Great American Insurance Company and is primarily responsible for AFG's property and casualty insurance operations and investor relations. S. Craig Lindner also serves as President of Great American Financial Resources, Inc. and is primarily responsible for AFG's annuity operations and investments. While each Co-CEO functions within a clearly defined role with respect to the day-to-day operations of the Company, both Co-CEOs work closely with one another and are significantly involved in all aspects of Company management so that either could succeed the other in the event such a need arose.

The Board of Directors believes that the Company's leadership structure aids in succession planning and provides the Company with significant executive depth and leadership experience. The Board has determined that the Company's leadership structure is currently the most appropriate for the Company. To the extent it deems necessary, the Board intends to review the leadership structure of the Company from time to time and in the event of any potential change in the persons serving as executive officers, although no potential change is contemplated at this time.

Risk Oversight

The Company believes a role of management, including the named executive officers, is to identify and manage risks confronting the Company. The Board of Directors plays an integral part in the Company's risk oversight, particularly in reviewing the processes used by management to identify and report risk, and also in monitoring corporate actions so as to minimize inappropriate levels of risk. The Board of Directors and its committees discuss risks that the Company faces at each regularly-scheduled meeting of the Board of Directors and in many committee meetings.

The Company's leadership structure and overall corporate governance framework is designed to aid the Board in its oversight of management responsibility for risk. The Audit Committee serves a key risk oversight function in carrying out its review of the Company's financial reporting and internal reporting processes, as required by the Sarbanes-Oxley Act of 2002. Inherently, part of this review involves an evaluation of whether our financial reporting and internal reporting systems are adequately reporting the Company's exposure to certain risks. In connection with this evaluation, the Audit Committee has, from time to time, considered whether any changes to these processes are necessary or desirable. While it has concluded that no such changes are warranted at this time, the Audit Committee will continue to monitor the Company's financial reporting and internal reporting processes. In addition, pursuant to its charter, the Audit Committee is responsible for discussing with management the guidelines and policies related to enterprise risk assessment and risk management.

As more fully described under "Compensation Discussion and Analysis" in this proxy statement, the Compensation Committee takes an active role in overseeing risks relating to AFG's executive compensation programs, plans and practices. Specifically, the Compensation Committee reviews the risk profile of the components of the executive compensation program, including the performance objectives and target levels used in connection with incentive

awards, and considers the risks an executive officer might be incentivized to take with respect to such components with special attention given to establishing a mix among these components that does not encourage excessive risk taking.

The Corporate Governance Committee contributes to the Company's risk oversight process by reviewing the Company's Corporate Governance Guidelines and Board committee charters at least annually to ensure that they continue to comply with any applicable laws, regulations, and stock exchange or other listing standards, as each are subject to change from time to time. The Corporate Governance Committee also oversees the director nomination process, the overall Board reporting structure and the operations of the individual committees.

Meetings of the Board of Directors

The Company's Board of Directors held 10 meetings in 2012. The Board has a Compensation Committee, an Audit Committee and a Corporate Governance Committee. The charters for each of these Committees as well as the Company's Corporate Governance Guidelines are available at www.AFGinc.com and upon written request to the Company's Secretary, at the address set forth under "Communications with Directors" on page 39 of this proxy statement.

Compensation Committee

Responsibilities and Meetings

The Compensation Committee acts on behalf of the Board of Directors and, by extension, the shareholders to monitor adherence to the Company's compensation philosophy. The Committee ensures that the total compensation paid to the named executive officers is fair, reasonable and competitive.

The Compensation Committee also acts as the oversight committee with respect to the Company's deferred compensation plans, stock incentive plans, and bonus plans covering senior executive officers. In overseeing those plans, the Committee may delegate authority for day-to-day administration and interpretation of the plan, including selection of participants, determination of award levels within plan parameters, and approval of award documents, to officers of the Company. However, the Committee may not delegate any authority under those plans for matters affecting the compensation and benefits of the Company's Co-CEOs.

The Compensation Committee consulted among themselves and with management throughout the year and met four times in 2012. The primary processes for establishing and overseeing executive compensation can be found under "Compensation Discussion and Analysis" beginning on page 20 of this proxy statement.

Compensation Committee Interlocks and Insider Participation

None of the members of AFG's Compensation Committee was at any time during 2012 or at any other time an officer or employee of the Company, and none had any relationship with the Company requiring disclosure as a related-person transaction in the section "Related Person Transactions" on page 38 of this proxy statement. During 2012, none of our executive officers served on the compensation committee (or its equivalent) or board of directors of another entity as an executive officer of which served on our Compensation Committee.

Audit Committee

Meetings and Committee Composition

The Audit Committee met 11 times in 2012. The Audit Committee is comprised of four directors, each of whom is experienced with financial statements and has past accounting or related financial management experience. The Company's Board has determined that of the Audit Committee's members, Theodore H. Emmerich, Terry S. Jacobs, and John I. Von Lehman are each considered to be an "audit committee financial expert" as defined under SEC

Regulation S-K Item 407(d).

- 14 -

Audit Committee Report

The members of the Committee are Theodore H. Emmerich (Chairman), Terry S. Jacobs, Gregory G. Joseph and John I. Von Lehman. Each of the members of the Audit Committee is independent as defined by the NYSE and NASDAQ listing standards. The Board has determined that three of the four members of the Audit Committee are “audit committee financial experts” as defined in SEC regulations.

The primary function of the Audit Committee is to assist the Board in fulfilling its oversight responsibilities by reviewing the financial information which will be provided to shareholders and others, the systems of internal control which management has established and the audit process.

Management is responsible for the Company’s internal controls and the financial reporting process. The independent registered public accountants are responsible for performing an independent audit of the Company’s consolidated financial statements and internal control over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (US) (PCAOB) and issuing reports thereon. The Committee’s responsibility is to monitor and oversee these processes. Additionally, the Audit Committee engages the Company’s independent registered public accountants who report directly to the Committee.

The Committee has met and held discussions with management and the Company’s independent registered public accounting firm. Management represented to the Committee that the Company’s audited consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Committee has reviewed and discussed the audited consolidated financial statements and the audit of internal control over financial reporting with management and the independent registered public accountants. The Committee discussed with the independent registered public accountants the matters required to be discussed by the PCAOB and relevant listing standards.

The Company’s independent registered public accountants also provided to the Committee the written disclosures and the letter pursuant to applicable requirements of the PCAOB regarding the independent registered public accountant’s communications with the Committee concerning independence and the Committee discussed with the independent registered public accountants that firm’s independence. As part of its discussions, the Committee determined that Ernst & Young LLP was independent of AFG.

Based on the Committee’s discussions with management and the independent registered public accountants, the Committee’s review of the representation of management and the report of the independent registered public accountants to the Committee, the Committee recommended that the audited consolidated financial statements be included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2012 filed with the SEC.

Members of the Audit Committee
Theodore H. Emmerich, Chairman

Terry S. Jacobs
Gregory G. Joseph
John I. Von Lehman

Pre-Approval Policies

The Audit Committee has adopted policies that require its approval for any audit and non-audit services to be provided to AFG by Ernst & Young LLP. The Audit Committee delegated authority to the Committee Chairman to approve certain non-audit services. Pursuant to these procedures and delegation of authority, the Audit Committee was informed of and approved all of the audit and other services described above. No services were provided with respect

to the de minimis waiver process provided by rules of the SEC.

Corporate Governance Committee

Responsibilities and Meetings

The Corporate Governance Committee met five times in 2012. The Corporate Governance Committee is responsible for, among other things, establishing criteria for selecting new directors, identifying individuals qualified to be Board members, as needed, and recommending to the Board director nominees for the next annual meeting of shareholders. The Corporate Governance Committee also facilitates participation by directors in continuing education programs, including accredited director education programs and structured internal programs presented by management. The Committee is comprised solely of members who are “independent” as defined under NYSE and NASDAQ listing standards.

Director Nominee Qualifications; Nominations by Shareholders

Our Corporate Governance Guidelines identify some of the criteria used to evaluate prospective nominees for director. Our Corporate Governance Guidelines are available on the Company’s website at www.AFGinc.com.

Nominees for director will be recommended by the Corporate Governance Committee in accordance with the principles in its charter and the Corporate Governance Guidelines. When considering an individual candidate’s suitability for membership on the Board, the Corporate Governance Committee will evaluate each individual on a case-by-case basis. Although the Committee does not prescribe minimum qualifications or standards for directors, candidates for Board membership should have the highest personal and professional integrity, demonstrated exceptional ability and judgment, and availability and willingness to take the time necessary to properly discharge the duties of a director. Additionally, we consider it desirable for director candidates to have management experience, especially with public companies, and that a portion of such candidates have experience in the insurance and financial services industries. The Board seeks candidates with diverse experiences, qualifications, backgrounds and skills that the Board believes enable each candidate to make a significant contribution to the Board. The Board will also consider diverse Board candidates, including women and minorities, and individuals from both corporate positions and non-traditional environments such as government, academia, and nonprofit organizations.

The Corporate Governance Committee does not have a policy with regard to the consideration of director candidates recommended by shareholders because Ohio law and the Company’s Amended and Restated Code of Regulations (the “Regulations”) afford shareholders certain rights related to such matters. The Regulations provide that the only candidates eligible for election at a meeting of shareholders are candidates nominated by or at the direction of the Board of Directors and candidates nominated at the meeting by a shareholder who has complied with the procedures set forth in the Regulations. The Regulations provide that only candidates nominated by or at the direction of the Board of Directors and candidates nominated at the meeting by a shareholder who has complied with the procedures set forth in the Regulations will be considered by the Corporate Governance Committee and eligible for election at a meeting of shareholders. The Regulations require a shareholder wishing to nominate a director candidate to give the Secretary of the Company at least 90 and not more than 120 days prior written notice setting forth or accompanied by: (1) certain biographical, stock ownership and investment intent disclosures about the proposed nominee; (2) certain biographical, stock ownership and hedging or similar activity disclosures about the shareholder giving the notice and specified persons associated with such shareholder; (3) verification of the accuracy or completeness of any nomination information at the Company’s request; (4) a statement that a nomination that is inaccurate or incomplete in any manner shall be disregarded; (5) a representation that the shareholder was a record holder of the Company’s voting stock and intended to appear, in person or by proxy, at the meeting to make the nomination; and (6) the consent of each such nominee to serve as director if elected.

The Committee will make its determinations on whether to nominate an individual in the context of the Board as a whole based on the Board's then-current needs, the merits of each such candidate and the qualifications of other available candidates. The Committee will have no obligation to respond to shareholders who propose candidates that it has determined not to nominate for election to the Board, but the Committee may do so in its sole discretion. All director candidates are evaluated similarly, whether nominated by the Board or by a shareholder.

- 16 -

The Corporate Governance Committee did not seek, nor did it receive the recommendation of, any of the director candidates named in this proxy statement from any shareholder, independent director, executive officer or third-party search firm in connection with its own approval of such candidates. The Company has not paid any fee to a third party to assist it in identifying or evaluating nominees.

Executive Sessions

NYSE and NASDAQ rules require independent directors to meet regularly in executive sessions. Four of these sessions were held during 2012. The independent director presiding over each session rotates. Shareholders and other interested parties may communicate with any of the independent directors, individually or as a group, by following the procedures set forth on page 39 of this proxy statement.

Director Attendance Policy at Meetings

AFG expects its directors to attend meetings of shareholders. All of AFG's directors attended last year's shareholders' meeting. Each director attended at least 75% of the total meetings of the Board and committees of the Board of which the director was a member and in many cases attended meetings of committees on which the director did not serve.

Independence Determinations

In accordance with NYSE and NASDAQ rules, the Board affirmatively determines the independence of each director and nominee for election as a director in accordance with guidelines it has adopted, which guidelines comply with the listing standards set forth by the NYSE and NASDAQ. Where the NYSE and NASDAQ rules on director independence conflict, the Company's standards reflect the applicable rule which is more stringent to the director and the Company. Based on these standards, the Board determined that each of the following non-employee directors, namely Ms. Drosos and Messrs. Ambrecht, Emmerich, Jacobs, Joseph, Verity and Von Lehman, is independent and has no relationship with the Company, except as a director and shareholder of the Company, and the Board intends to make such a determination as to each of these directors at the Board of Directors meeting following the 2013 annual meeting.

In reaching its determinations, the Board considered the following factors: Mr. Ambrecht was a Managing Director with First Albany Capital from July 2004 until December 2005. For more than five years prior to that, Mr. Ambrecht was a Managing Director with Royal Bank Canada Capital Markets. From time to time, the Company has purchased or sold securities through these companies in the ordinary course of business, for which it paid customary commissions. The Company has acquired vehicles from, and had vehicles serviced by, automobile dealerships affiliated with a company of which Mr. Joseph is an executive and part owner. The amounts involved in these transactions were deemed by AFG's Board of Directors not to be material.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires AFG's executive officers, directors and persons who own more than ten percent of AFG's common stock to file reports of ownership with the SEC and to furnish AFG with copies of these reports. Like many companies, AFG assists its directors and officers by monitoring transactions and completing and filing Section 16 reports on their behalf. Based on the Company's involvement in the preparation and review of these reports, the Company believes that all filing requirements were met in 2012.

Stock Ownership Guidelines

AFG's Board has adopted executive stock ownership guidelines because it believes that it is in the best interests of AFG and its shareholders to align the financial interests of its executives and certain other officers of the Company and its principal subsidiaries with those of AFG's shareholders. AFG's Board also adopted such guidelines because it believes that the investment community values stock ownership by such officers and that share ownership demonstrates a commitment to and belief in the long-term profitability of AFG. Under the guidelines, AFG's Co-CEOs are required to own an amount of AFG common stock which is equal to or exceeds five times their annual base salary; other named executive officers and certain other senior officers of the Company and its major subsidiaries (in excess of 40 executives) are required to own an amount of AFG common stock which is equal to or exceeds their annual base salary. As of December 31, 2012, all executives to whom the guidelines apply had met their ownership target as of such date. The Co-CEOs own AFG common stock having a value well in excess of the guidelines indicated by their annual base salary.

The Directors Plan also sets forth stock ownership guidelines for the non-employee directors. Specifically, within three years after a non-employee director receives the first restricted stock award under the Directors Plan, the non-employee director, as a consideration in the determination of his or her future service to AFG's Board of Directors, must beneficially own shares of AFG common stock with a value of at least six times the then-current annual board retainer. All non-employee directors comply with the ownership requirements.

Code of Ethics

The Company's Board of Directors adopted a Code of Ethics applicable to the Company's directors, officers and employees. The Code of Ethics is available at www.AFGinc.com and upon written request to the Company's Secretary, at the address set forth under "Communications with Directors" on page 39.

COMPENSATION DISCUSSION AND ANALYSIS

Overview of Compensation Program

The Compensation Committee of the Board of Directors has responsibility for reviewing and approving the compensation paid to the Company's Co-CEOs, reviewing the compensation of the other Company senior executive officers and overseeing the executive compensation policies of the Company. The Compensation Committee ensures that the total compensation paid to the named executive officers is fair, reasonable and competitive.

Compensation Philosophy and Objectives

AFG's philosophy regarding executive compensation programs focuses on the balance of motivating, rewarding and retaining executives with a compensation package competitive among its peers, and maximizing shareholder value by designing and implementing programs that tie compensation earned to the performance of the Company. Guided by principles that reinforce the Company's pay-for-performance philosophy for the past several years, named executive officer compensation has included base salary and eligibility for annual cash bonuses and long-term incentives such as stock options, restricted stock and stock awards and other compensation, including certain perquisites. A significant portion of each senior executive officer's compensation is dependent upon the Company achieving business and financial goals and the executive achieving individual performance objectives.

At our 2012 annual meeting, AFG held an advisory vote on the compensation of its named executive officers, commonly referred to as a say-on-pay vote. Our shareholders overwhelmingly approved the compensation of our named executive officers, with almost 97% of votes cast in favor of our 2012 say-on-pay resolution. Based on the results of the 2012 say-on-pay vote, the Compensation Committee concluded that the compensation paid to the named executive officers and that AFG's overall pay practices received strong shareholder support and do not require substantial revision to address shareholder concerns.

Establishing Compensation Levels

As in prior years, compensation levels for the Co-CEOs were based primarily upon the Compensation Committee's assessment of their leadership performance and potential to enhance long-term shareholder value. The Compensation Committee relies upon a combination of judgment and guidelines in determining the amount and mix of compensation elements for the Co-CEOs. The compensation levels for the other named executive officers are similarly determined by the Co-CEOs, and reviewed by the Compensation Committee, again based primarily upon the assessment of each named executive officer's leadership performance and potential to enhance long-term shareholder value.

Key factors affecting the Compensation Committee's judgment with respect to the Co-CEOs include the nature and scope of their responsibilities and their effectiveness in leading initiatives to effectively manage capital and increase shareholder value, productivity, profitability and growth. The Compensation Committee also considers the compensation levels and performances of a comparison group of publicly-held insurance companies (collectively, the "Compensation Peer Group") in reviewing the appropriateness and competitiveness of the Company's compensation programs. The Compensation Committee believes, however, that the peer review should be simply a point of reference for measurement, not a determinative factor for executive compensation. The purpose of this research is not to supplant the analyses of the individual performance of the executive officers that the Compensation Committee considers when making compensation decisions, but rather to serve as additional data utilized by the Compensation Committee in its analysis. The Compensation Peer Group, which is periodically reviewed and updated by the Compensation Committee, consisted in 2012 of companies against which the Compensation Committee believes AFG competes for talent and for shareholder investment, and in the marketplace for business. The Compensation Peer Group is identical to the group utilized in 2011. In analyzing market pay levels among the Compensation Peer Group, the Compensation Committee factors into its analysis the large variance in size (both in terms of revenues and market

capitalization) among the companies.

- 20 -

The companies comprising the Compensation Peer Group during 2012 were as follows:

· ACE Limited	·	HCC Insurance Holdings, Inc.
· Arch Capital Group Ltd.	·	Markel Corporation
· The Chubb Corporation	·	RLI Corp.
· Cincinnati Financial Corporation	·	W. R. Berkley Corporation
· CNA Financial Corp.	·	XL Group plc
· The Hartford Financial Services Group, Inc.		

The Compensation Committee and the Co-CEOs analyze peer group and industry pay rates at least annually using relevant published survey sources available. In addition, the Compensation Committee and the Co-CEOs analyze information reported in the SEC filings of companies in the Compensation Peer Group and compiled by a service provider.

The Compensation Committee determined that the types of compensation paid to the Company's senior executives (i.e. annual salary, performance bonus, equity incentives, retirement plan contributions and perquisites) are similar to those paid to senior management at companies in the Compensation Peer Group. Although the Company seeks to offer a level of total compensation to our executive officers that is competitive with the compensation paid by companies in the Compensation Peer Group, we do not target or benchmark a particular percentile with respect to our executives' total pay packages or any individual components thereof. Rather, the Compensation Committee's consideration of the compensation levels and performances of the companies in the Compensation Peer Group constitutes just one of many of the factors described in this Compensation Discussion and Analysis, and such peer group data is considered generally and not as a substitute for the Compensation Committee's discharge of its fiduciary duties in making executive officer compensation decisions.

The Compensation Committee has also noted that, except for the acceleration of vesting of equity awards under the Company's shareholder approved equity incentive plans upon a change in control, which acceleration applies to all holders of awards under such plans, no amounts become payable to the named executive officers under severance or change in control arrangements, unlike many of the executive officers of the companies in the Compensation Peer Group.

Based upon all these factors, the Compensation Committee believes it is in AFG shareholders' best long-term interest for the Compensation Committee to ensure that the overall level of compensation, especially the aggregate total of salary, bonus and equity-based awards, is competitive with companies in the Compensation Peer Group. The Compensation Committee continues to believe that the quality, skills and dedication of executive leaders are critical factors affecting the long-term value of the Company. Therefore, the Compensation Committee and the Co-CEOs continue to try to maintain an executive compensation program that will attract, motivate and retain the highest level of executive leadership possible and align the interests of AFG's executives with those of AFG's shareholders.

The Compensation Committee's decisions concerning the specific 2012 compensation elements for the Co-CEOs were made within this framework. The Compensation Committee also considered each Co-CEO's performance and prior-year salary, bonus and other compensation. In all cases, specific decisions involving 2012 compensation were ultimately based upon the Compensation Committee's judgment about the Co-CEOs' performance, potential future contributions and about whether each particular payment or award would provide an appropriate incentive and reward for performance that sustains and enhances long-term shareholder value without subjecting the Company to inappropriate or unreasonable risk.

Tally Sheets

The Compensation Committee reviews a comprehensive tally sheet compiled internally to review all elements of the named executive officers' compensation. The tally sheets reviewed include all of the information that is reflected in the Summary Compensation Table as well as amounts and descriptions of perquisites not required to be specifically identified by SEC regulations, generally due to the fact that the amount of such items is not deemed material under applicable SEC regulations. The review by the Compensation Committee analyzes how changes in any element of compensation would impact other elements. Such analysis has become an important component in the Compensation Committee's review of named executive officer compensation as various components, including perquisites, are deemed by the Compensation Committee to be important elements of an executive's overall compensation. This also allows the Compensation Committee to make compensation decisions and evaluate management recommendations based upon a complete analysis of an executive's total compensation.

- 21 -

To get a clearer picture of the total amount of compensation paid to the Company's executive officers, the Compensation Committee annually reviews all components of the named executive officers' total compensation package. This review includes salary, bonus, equity and long-term incentive compensation, accumulated realized and unrealized stock option gains, the dollar value to the executive and cost to the Company of all perquisites and other personal benefits, and the contributions to and investment performance under the Company's retirement plans. A tally sheet totaling all the above components was prepared for and reviewed by the Compensation Committee. The Compensation Committee noted the annual limitations agreed upon by the Compensation Committee and the Co-CEOs with respect to personal use of corporate aircraft (120 occupied flight hours each) and the executive insurance program (\$300,000) and the fact that, if such limitations are exceeded, reimbursement is made based on the cost to the Company of providing those benefits.

Based on this review, the Compensation Committee found the named executive officers' total compensation in the aggregate to be reasonable and consistent with the objectives of the Company's compensation programs.

Wealth Accumulation

As part of its analysis and approval of the long-term equity incentive compensation, the Compensation Committee reviewed information relative to equity wealth accumulation of the named executive officers based on previous awards. The purpose of this analysis was to determine whether prior and proposed awards are likely to be effective for retention and as performance incentives to the named executive officers. The Compensation Committee was mindful of the substantial percentage ownership of the Company's common stock by the Co-CEOs, and the effect of such ownership in aligning their interests with those of all of our shareholders.

Internal Pay Equity

The Compensation Committee does not apply fixed ratios when conducting an analysis of the relative difference between the Co-CEOs' compensation and the compensation of the Company's other senior executives. However, the Compensation Committee believes that the Company's internal pay equity structure is appropriate based upon the contributions to the success of the Company and as a means of motivation to other executives and employees.

Outside Consultants

The Compensation Committee has the sole authority to retain and from time to time has considered the use of outside consultants to assist in evaluating the Company's executive compensation programs and practices. While the Compensation Committee did not formally engage such a compensation consultant during 2012, it has obtained and considered studies and reports containing comparative market and industry-wide data, which were generated by professional compensation research firms. The Company has also surveyed publicly available compensation data. As a result, the Compensation Committee believes that it has the necessary resources available to survey the compensation practices of the Company's Compensation Peer Group and receive current information regarding the compensation developments in the marketplace.

Tax Deductibility of Pay

Section 162(m) of the Internal Revenue Code places a limit of \$1,000,000 on the amount of compensation that AFG may deduct in any one year with respect to each of its five most highly paid executive officers. There is an exception to the \$1,000,000 limitation for performance-based compensation meeting certain requirements. The Compensation Committee attempts, to the extent practicable, to structure a significant portion of named executive officer compensation as "incentive-based." As a result, the incentive compensation paid to the named executive officers should

also satisfy the requirements for the “performance-based compensation” exception under Section 162(m), although no assurances can be made in this regard.

- 22 -

Section 409A

Section 409A of the Internal Revenue Code requires that “nonqualified deferred compensation” be deferred and paid under plans or arrangements that satisfy the requirements of the law with respect to the timing of deferral elections, timing of payments and certain other matters. In general, it is AFG’s intention to design and administer its compensation and benefits plans and arrangements for all of its employees so that they are either exempt from, or satisfy the requirements of, Section 409A. AFG believes it is currently operating such plans in compliance with Section 409A. However, no assurances can be made in this regard.

Compensation Components

For the fiscal year ended December 31, 2012, the principal components of compensation for named executive officers were:

- base salary;
- annual performance-based bonuses (including cash and stock awards);
- long-term equity incentive compensation;
- retirement and other related benefits; and
- perquisites and other personal benefits.

Each of these components has a different risk profile:

Element	Description	Examples	Risk Profile
Base Salary	Fixed based on level of responsibility, experience, tenure and qualifications	Cash	Low to moderate
Annual Performance-Based Bonuses	Variable based on achievement of certain objectives	Cash Performance-Based Stock Awards	High
Long-Term Equity Incentive Compensation	Variable based on responsibility and the achievement of longer term financial goals and shareholder value creation	Stock Options Restricted Stock Awards Performance-Based Stock Awards	Moderate to high
Retirement and Other Related Benefits	Satisfy employee retirement and tax planning needs	Retirement & Savings plans Deferred Compensation Plan	Low
Perquisites and Other Personal Benefits	Satisfy employee health and welfare needs	Health care Life, Auto, Home Insurance Security Aircraft Usage	Low

- Entertainment
- Lodging
- Administrative

The Compensation Committee has reviewed the risk profile of the components of AFG's executive compensation programs, including the performance objectives and target levels used in connection with incentive awards. We structure our programs to discourage excessive risk-taking through a balanced use of compensation vehicles and metrics with an overall goal of delivering sustained long-term shareholder value while aligning our executives' interests with those of our shareholders. Further, our programs make a substantial portion of each named executive officer's compensation contingent on delivering performance results that benefit our shareholders. The Compensation Committee believes that AFG's executive compensation programs incentivize the appropriate level of risk-taking behavior by its named executive officers needed to grow the business, while encouraging prudent decision-making that focuses on both short-term and long-term results.

The Compensation Committee continues to monitor and evaluate on an ongoing basis the mix of compensation, especially equity compensation, awarded to the named executive officers, and the extent to which such compensation aligns the interests of the named executive officers with those of AFG's shareholders. In connection with this practice, the Compensation Committee has, from time to time, reconsidered the structure of the Company's executive compensation program and the relative weighting of various compensation elements.

Our Co-CEOs determine the compensation for the named executive officers other than themselves. The Compensation Committee reviews the levels of compensation determined by the Co-CEOs, and annually reviews the performance of the other named executive officers with the Co-CEOs. The Compensation Committee makes recommendations to the Board with respect to general non-CEO compensation, incentive-compensation plans and equity-based plans.

Our Co-CEOs discuss with the Compensation Committee their thoughts on the Company's performance, their performance, their current and future compensation levels, and the reported compensation of senior executives at the Compensation Peer Group prior to the time that the Compensation Committee takes any action with respect to setting the compensation of the Co-CEOs. The Co-CEOs also make recommendations to the Compensation Committee with respect to the EPS and Company Performance Components of the incentive compensation arrangements applicable to them. Specifically, the Co-CEOs recommended that these components from AFG's business plan be considered in connection with 2012 compensation objectives and targets. The Compensation Committee considers this input in connection with its review and approval of corporate goals and objectives relevant to Co-CEO compensation, deliberation of Co-CEO performance in light of those goals and objectives, and determination of Co-CEO compensation levels based on this evaluation.

Base Salary

The Company pays salaries that are designed to attract and retain superior leaders. The Compensation Committee determines annual base salaries for the Co-CEOs that are appropriate, in its subjective judgment, based on each officer's responsibilities and performance and input from the Co-CEOs themselves. The Co-CEOs set salaries for the other named executive officers, which are reviewed by the Compensation Committee. The Co-CEOs believe that such salaries are appropriate in light of the levels of responsibility of such officers and their individual contributions to the Company's success. The base salaries for the Co-CEOs and Messrs. Jensen, Evans and Mischell for 2012 remained the same as 2009-2011, and the base salary of Mr. Berding was set at the time that he became an executive officer of the Company.

Annual Performance-Based Bonuses

Annual performance-based cash bonuses are designed to reward the current year performance of AFG as compared to AFG's performance in prior years and its current year performance versus other companies in its market segment. The Company believes that the overall performance of AFG is substantially related to the performance of its executives. If earned, cash bonuses, and with respect to the Co-CEOs, equity bonuses, are generally paid in the first quarter for the prior year's performance.

Consistent with prior years, under the Annual Senior Executive Bonus Plan, the Compensation Committee, working with management, develops an annual bonus plan providing that a substantial portion of annual compensation is dependent on AFG's performance. Participants in the Annual Senior Executive Bonus Plan include the Co-CEOs and the other named executive officers except for Mr. Berding.

As discussed below, the Compensation Committee considered AFG's business plan and budgeted targets in connection with its establishment of objectives in the EPS and Company Performance Components for 2012 applicable to the Co-CEOs under the Annual Senior Executive Bonus Plan. As in prior years, the Compensation Committee determined not to establish individual quantifiable measurements because the Compensation Committee believes that the Co-CEOs are ultimately jointly responsible for the achievement of such objectives. The Compensation Committee views the roles of the Co-CEOs as collaborative, as opposed to competitive, and thus does not seek to distinguish the performance of one from the other. Rather, the Compensation Committee scrutinized the Co-CEOs' collective role in AFG's achievement of EPS targets, developing management personnel, focus on investment portfolio performance and development and implementation of strategic transactions and initiatives to enhance shareholder value.

Individual areas of responsibility for named executive officers other than the Co-CEOs are assigned by the Co-CEOs as the year progresses. As discussed elsewhere in this Compensation Discussion and Analysis, bonuses for the other named executive officers are based on achievement with respect to an EPS Component, which is identical to the component used for Co-CEO bonus achievement, and an individual component determined by the Co-CEOs to address individual performance factors.

Annual Senior Executive Bonus Plan Components for 2012 and Bonus Amounts for Co-CEOs

The performance component for each Co-CEO equaled the sum of such Co-CEO's bonuses for the EPS Component and Company Performance Component, both of which are discussed below.

The EPS Component was based on "Operating EPS" which was determined consistent with prior years. Operating EPS differs from AFG's reported net earnings per share (determined in accordance with generally accepted accounting principles) by excluding realized gains and losses in the investment portfolio and certain other items that may not be indicative of AFG's ongoing core operations. Further, any special charge taken as a result of an internal review of asbestos and environmental reserves is to be considered a non-core item. The Company Performance Component consisted of seven distinct performance goals.

Each Co-Chief Executive Officer had a target bonus tied to the EPS Component of \$650,000 and could earn up to an additional \$1,137,500 based on the proportionate achievement of the seven performance goals under the Company Performance Component.

EPS Component

Under the 2012 Bonus Plan, each Co-CEO's EPS Component ranged from \$0 up to \$1,137,500 (175% of the dollar amount of the target bonus allocated to the EPS Component), based on the following levels of Operating EPS achieved by the Company and its consolidated subsidiaries for 2012:

Operating EPS	Percentage of Bonus Target to be paid for EPS Component
Less than \$3.20	0
\$3.50	100%
\$3.75 or more	175%

The Operating EPS target for 2012 was established by the Compensation Committee after reviewing the Company's 2012 business plan prepared by management and approved by the Co-CEOs. The 2012 target of \$3.50 per share equaled the 2012 Operating EPS target in the Company's business plan. While identical to the Operating EPS target

for 2011, the Compensation Committee considered the continued soft insurance market and lower investment returns expected in 2012 as principal factors in maintaining the target at the same level in effect for 2011. The Compensation Committee determined that achieving the 2012 Operating EPS target would require substantial efforts on behalf of the entire organization, including Company senior management, and gave consideration to factors which might impact ongoing earnings, including, but not limited to, competition, market influences, governmental regulation and the Board of Directors' desire to devote resources to other internal corporate objectives, such as acquisitions or start-ups.

- 25 -

One hundred percent of the EPS Component (\$650,000) was to be paid if Operating EPS were \$3.50 per share. If Operating EPS were above \$3.20 but less than \$3.50 or above \$3.50 but less than \$3.75, the EPS Component of the bonus was to be determined by straight-line interpolation. If Operating EPS was \$3.75 or more, 175% of the EPS Component of the bonus was to be paid.

For 2012, AFG reported Operating EPS of \$3.27. As a result, the Compensation Committee authorized the payment of a bonus of \$167,700 (25.8% of the \$650,000 bonus target allocated to the EPS Component) to each Co-CEO under the EPS Component.

Company Performance Component

Each Co-CEO could receive up to a maximum of \$1,137,500 in bonus based on AFG's overall performance after considering seven Company Performance Component goals determined by the Compensation Committee. The 2012 Company Performance Component metrics provided that each Co-CEO would receive one-seventh of the maximum bonus amount for each of the following Company Performance Component goals satisfied during 2012:

- Grow book value per share (excluding appropriated retained earnings and unrealized gains/losses on fixed maturity securities, non-core asbestos and environmental charges and the cumulative effects of accounting changes and the amount of any dividends and other capital distributions made on AFG common stock) of at least 7%.
- Achieve core return on equity of at least 9%.
- Achieve specialty property and casualty calendar year combined ratio of 93 or below.
- Achieve annuity and supplemental insurance pre-tax, pre-interest expense operating earnings of at least \$255 million.
- Achieve returns on fixed income portfolio that exceed those of a benchmark.
- Have AFG common stock outperform the S&P 500 Insurance Stock Index.
- Maintain debt-to-total capital ratio of less than 22% (calculated consistent with past practice).

The Company's performance in 2012 exceeded four of the seven performance goals, failing to achieve the goals in second, third and sixth bullet points above. As a result, the Co-CEOs received \$650,000 under the Company Performance Component, for a total of \$817,700 when added with the EPS Component.

2012 Bonuses for Other Named Executive Officers

As discussed above, the named executive officers other than the Co-CEOs and Mr. Berding participate in the Company's Annual Senior Executive Bonus Plan. The following table sets forth the bonus target amounts and performance criteria for 2012 for participants that were reviewed by the Compensation Committee.

Name	Total Bonus		Individual
	Target	EPS Component	Performance Component
James E. Evans	\$875,000	50%	50%
Keith A. Jensen	\$600,000	50%	50%

Thomas E. Mischell	\$400,000	50%	50%
--------------------	-----------	-----	-----

- 26 -

EPS Component

For the named executive officers other than the Co-CEOs and Mr. Berding, the EPS Component was set at a maximum of 125% of the eligible bonus, based on the following levels of reported Operating EPS, calculated the same as for the Co-CEOs, achieved by the Company and its consolidated subsidiaries for 2012:

Operating EPS	Percentage of Bonus Target to be paid for EPS Component
Less than \$3.20	0
\$3.50	100%
\$3.75 or more	125%

For 2012, AFG reported Operating EPS of \$3.27. As a result, under the EPS Component of the 2012 Bonus Plan, bonuses were paid as follows: \$112,875 to Mr. Evans; \$77,400 to Mr. Jensen; and \$51,600 to Mr. Mischell.

Individual Performance Component

For 2012, each named executive officer, other than Mr. Berding, was eligible to receive a bonus ranging from 0% up to 125% of the target amount allocated to the Individual Performance Component as determined by the Co-CEOs based on the Co-CEOs' subjective rating of the named executive officers relative to overall performance for 2012. The determination for each of the named executive officers includes a consideration of all factors deemed relevant, including, but not limited to: operational, qualitative measurements relating to the development and implementation of strategic initiatives and annual objectives; responses to unexpected developments; the development of management personnel; and the impact of any extraordinary transactions involving or affecting the Company and its subsidiaries. The Co-CEOs considered these factors, together with the respective roles of the named executive officers with respect to the consistent improvement in the Company's operating performance over the past several years, and determined that the named executive officers receive the following: \$503,125 to Mr. Evans (—115% of target); \$375,000 to Mr. Jensen (—125% of target); and \$250,000 to Mr. Mischell (—125% of target).

As a result, the total bonuses paid to the named executive officers under the 2012 Bonus Plan, combining the above amounts, \$616,000 to Mr. Evans; \$452,400 to Mr. Jensen; and \$301,600 to Mr. Mischell.

Other Bonus Amounts

Mr. Berding's bonus was subjectively determined by the Co-CEOs, taking into consideration Company profitability generally and the performance of the Company's investment portfolio, specifically, as well as Mr. Berding's performance for the year. Based on this subjective analysis, Mr. Berding was awarded a cash bonus of \$1,031,250 for 2012.

Long-Term Equity Incentive Compensation

The Compensation Committee believes long-term equity incentive compensation encourages management to focus on long-term Company performance and provides an opportunity for executive officers and certain designated key employees to increase their stake in the Company through stock option grants and restricted stock awards that vest over time. The Compensation Committee believes that stock options and stock awards represent an important part of AFG's performance-based compensation system. The Compensation Committee believes that AFG shareholders'

interests are well served by aligning AFG's senior executives' interests with those of its shareholders through the grant of stock options and stock awards. In determining the size of overall annual grants, the Compensation Committee takes into consideration the dilutive effect to shareholders of the additional shares which may be issued pursuant to stock-based awards as well as the expense to AFG as stock-based awards vest. The Compensation Committee believes that several features present in stock-based awards give recipients substantial incentive to maximize AFG's long term success. Specifically, the Compensation Committee believes that, because stock options vest at the rate of 20% per year and restricted stock "cliff" vests in four years, these awards promote executive retention due to the potential for forfeiture of options and restricted stock that have not fully vested upon departure from AFG.

Consistent with past practice, in February 2013, the Compensation Committee determined to award a portion of the long-term equity incentive compensation of several key executives, including each named executive officer, in restricted stock awards. The restricted stock awards vest in four years, or sooner upon the death or permanent disability of the recipient. The recipients are entitled to receive dividends on and vote the shares during the restriction period.

Equity award levels are determined based on award amounts for participants from previous years, market data, fair value of option grants, expense to AFG, the relative benefits to participants of such expense, and the overall compensation level of such participants. Equity grants vary among participants based on their positions within the Company, and AFG believes that the consideration of these factors results in reasonable grant levels to its named executive officers and other employees. Options and restricted shares granted to the named executive officers are set forth in the Grants of Plan-Based Awards Table on page 33 of this proxy statement.

Equity awards are generally granted at a regularly scheduled Compensation Committee meeting in February after AFG issues a press release announcing results of the recently ended fiscal year.

2011 Equity Bonus Plan

Under the 2011 Equity Bonus Plan, the Company may grant bonus awards in the form of shares of AFG common stock to the Co-CEOs and other senior executive officers of the Company and its subsidiaries, including the named executive officers, based upon the achievement of the performance goals set forth annually by the Compensation Committee. The Compensation Committee believes that payment in shares further aligns the interests of the participants with those of all shareholders.

For awards granted to date, including those payable in 2012, the Compensation Committee determined to utilize one performance criterion—book value per share growth over a specified period versus the book value per share growth over the same period of the peer group set forth below. The book value per share comparisons, for the Company and each peer group company, negate the effects of accounting changes, accumulated other comprehensive income and the impact of dividends and other capital distributions made on common shares. The Compensation Committee determined to adjust book value per share for the Company and the peer companies because it determined that failing to adjust for accounting changes could result in artificially inflating or decreasing book value per share and failing to adjust for other comprehensive income and the impact of distributions could influence Company decisions, like, for example, the timing and amount of dividends to be paid, in a manner not consistent with a goal of continuing to increase shareholder value. The peer group was designed to approximate the Company's business mix of property and casualty insurance and annuities.

The Compensation Committee currently intends that awards under the 2011 Equity Bonus Plan reward long-term Company performance and has adopted rolling three-year performance periods. In order to retain a performance equity compensation component for participants in the two years preceding the end of the initial three-year performance period, the Committee has, to date, approved performance goals based on one year and two year performance in addition to three year performance. After the initial grants to each participant, annual grants have been based on three year performance.

The only participants under the Equity Bonus Plan for awards payable in 2012 were the Co-CEOs, and the maximum amount payable to each Co-CEO was \$5,000,000. The actual amount payable was determined as follows. If the Company's growth from January 1, 2011 to December 31, 2012 in book value per share exceeded that of all of the other peer companies, then each Co-CEO would receive the maximum of \$5,000,000. If the Company's growth in book value per share placed it in the fourth (lowest) quartile of the peer companies, no bonus would be payable to

either Co-CEO. If the Company's growth in book value per share exceeded the fourth (lowest) quartile of the peer companies but did not exceed that of all peer companies, each Co-CEO would be entitled to a bonus amount calculated by applying straight line interpolation rounded to the nearest whole dollar amount for growth in book value per share between 0% (for being in the fourth (lowest) quartile of peer companies) and 100% (for growth in book value per share exceeding that of all other peer companies).

- 28 -

The Company's growth in book value per share as calculated under the 2011 Equity Bonus Plan placed it fourth in comparison to the peer companies. As a result, each Co-CEO received a bonus of \$4,210,526 for 2012, payable (after taxes withheld) through the issuance of 44,301 shares of AFG common stock.

The peer group for awards under the 2011 Equity Bonus Plan payable for 2012 was the same as for awards paid for 2011 except with respect to one company, which was eliminated because it was acquired in 2012, and consists of the following companies:

Ace Limited	The Hartford Financial Services Group, Inc.
Alleghany Corp.	HCC Insurance Holdings, Inc.
American Equity Investment Life Holding Co.	Horace Mann Educators Corp.
American National Insurance Co.	Lincoln National Corp.
Arch Capital Group Ltd.	Markel Corporation
Argo Group International Holdings, Ltd.	Metlife, Inc.
Baldwin & Lyons Inc.	National Western Life Insurance Co.
The Chubb Corporation	Protective Life Corp.
Cincinnati Financial Corp.	RLI Corp.
CNA Financial Corporation	Travelers Companies, Inc.
CNO Financial Group, Inc.	W.R. Berkley Corporation
Hanover Insurance Group, Inc.	XL Group plc

Recovery of Prior Awards

Other than as specifically provided with regard to awards paid under the 2011 Equity Bonus Plan and the Annual Senior Executive Bonus Plan, AFG does not have a policy with respect to adjustment or recovery of awards or payments if relevant company performance measures upon which previous awards were based are restated or otherwise adjusted in a manner that would reduce the size of such award or payment. Under those circumstances, we expect that the Compensation Committee and the Board would evaluate whether compensation adjustments were appropriate based upon the facts and circumstances surrounding the applicable restatement or adjustment. Nevertheless, the Company is subject to the provisions of Section 304 of the Sarbanes-Oxley Act, with its recoupment requirements. In addition, each of the 2011 Equity Bonus Plan and the Annual Senior Executive Bonus Plan contain specific provisions regarding recovery of awards in the event of restatement of materially inaccurate financial results.

Retirement and Other Related Benefits

The Company provides retirement benefits to named executive officers through a combination of qualified (under the Internal Revenue Code) and nonqualified plans. AFG provides retirement benefits to qualified employees through the 401(k) Retirement and Savings Plan ("401(k) RASP"), a defined contribution plan. AFG makes discretionary contributions to the retirement fund portion of the plan and matches a percentage of employee contributions to the savings fund. The amount of such contributions and matching payments are based on a percentage of the employee's salary up to certain thresholds. AFG also makes available to certain employees benefits in its Nonqualified Auxiliary RASP ("Auxiliary RASP"). The purpose of the Auxiliary RASP is to enable employees whose contributions in the retirement contribution portion of the 401(k) RASP are limited by IRS regulations to have an additional benefit to the

401(k) RASP.

The Company also maintains a Deferred Compensation Plan pursuant to which certain employees of AFG and its subsidiaries (currently those paid \$110,000 or more annually) may defer up to 80% of their annual salary and/or bonus. For 2012, participants could elect to have the value of deferrals earn a fixed rate of interest, set annually by the Board of Directors (3.75% in 2012); fluctuate based on the market value of AFG common stock, as adjusted to reflect stock splits, distributions, dividends; or earn interest as determined by one or more publicly traded mutual funds. A deferral term of either a fixed number of years or upon termination of employment must be elected at the time of deferral. Under the plan, no federal or state income taxes are paid on deferred compensation. Rather, such taxes will be due upon receipt at the end of the deferral period. The Nonqualified Deferred Compensation Table on page 36 of this proxy statement discloses 2012 compensation earned by the named executive officers in connection with the Deferred Compensation Plan.

Perquisites and Other Personal Benefits

Perquisites, such as insurance coverage, security services, certain entertainment expenses, administrative staff attending to occasional personal matters, and the personal use of corporate aircraft, are made available to AFG's executive officers. These benefits and the estimated costs to the Company of such benefits are included in the All Other Compensation table below on page 32. The Compensation Committee and the Co-CEOs have limited the benefit attributable to the Co-CEOs' personal use of corporate aircraft and insurance coverage. See "Tally Sheet" discussion above. The Company does not provide tax gross-up payments to named executive officers for any perquisites.

During 2012, as in prior years, the Company operated corporate aircraft used for the business travel of senior management of the Company and its subsidiaries. The Board has encouraged the use of corporate aircraft for the travel needs of the Company's Co-CEOs, including personal travel, in order to minimize and more efficiently utilize their travel time, protect the confidentiality of their travel and the Company's business, and enhance their personal security. Notwithstanding, the Compensation Committee and the Co-CEOs jointly acknowledge that such aircraft use is a personal benefit, and as such, the Compensation Committee considers the cost to the Company of such use to be an element of the total compensation paid to these individuals.

The Compensation Committee believes these perquisites to be reasonable, particularly as a part of total executive compensation, comparable with peer companies and consistent with the Company's overall executive compensation programs.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management. Based on these reviews and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's proxy statement on Schedule 14A.

(1) Amounts shown are not reduced to reflect the named executive officers' elections, if any, to defer receipt of salary into the Deferred Compensation Plan.

(2) Amount represents the dollar amount which will be expensed for financial statement reporting purposes over the vesting period of the award for compensation expense incurred by the Company in connection with discretionary restricted stock awards made by the Compensation Committee under the 2005 Stock Incentive Plan and, with respect to the Co-CEOs, bonuses under the 2011 Equity Bonus Plan in the form of AFG common stock (as further described in the Compensation Discussion and Analysis section beginning on page 20 of this proxy statement) in each fiscal year in accordance with FASB ASC 718 (Compensation – Stock Compensation), rather than an amount paid to or realized by the Co-CEO.

(3) Amount represents the grant date fair value which will be expensed for financial statement reporting purposes over the vesting period of the options in accordance with ASC 718, rather than an amount paid to or realized by the named executive officer. There can be no assurance that the amounts recognized in accordance with ASC 718 will ever be realized.

(4) Amount represents payment for performance in the year indicated, whenever paid, under the Senior Executive Annual Bonus Plan as further described in Compensation Discussion and Analysis section beginning on page 20 of this proxy statement. These bonus payments were made pursuant to a performance-based annual bonus plan and, therefore, do not appear in the bonus column.

(5) Amounts represent “above market” earnings on deferrals under the Deferred Compensation Plan.

(6) See All Other Compensation chart below for amounts, which include perquisites, Company or subsidiary contributions or allocations under the (i) defined contribution retirement plans and (ii) employee savings plan in which the named executive officers participate (and related accruals for their benefit under the Company's benefit equalization plan which generally makes up certain reductions caused by Internal Revenue Code limitations in the Company's contributions to certain of the Company's retirement plans) and Company paid group life insurance.

(7) Prior to his retirement in December, 2012, Mr. Mischell served as Senior Vice President of the Company for over five years.

(1) The Board of Directors has encouraged the Company's Co-CEOs to use corporate aircraft for all travel whenever practicable for productivity, security and confidentiality reasons. On certain occasions, an executive's spouse, other family members or guests may fly on the corporate aircraft. The value of the use of corporate aircraft is calculated based on the aggregate incremental cost to the Company, including fuel costs, trip-related maintenance, universal weather-monitoring costs, on-board catering, landing/ramp fees and other miscellaneous variable costs. Fixed costs which do not change based on usage, such as pilot salaries, the amortized costs of the company aircraft, and the cost of maintenance not related to trips, are excluded. Amounts for personal use of company aircraft are included in the table. The amounts reported utilize a different valuation methodology than used for income tax purposes, where the cost of the personal use of corporate aircraft has been calculated using the Standard Industry Fare Level (SIFL) tables found in the tax regulations.

(2) Includes a Company 4½% match on employee 401(k) contributions.

(3) Includes car, parking and related expenses; meals and entertainment and administrative/secretarial services. For C.H. Lindner III and S.C. Lindner, administrative/secretarial services were \$59,400 and \$67,100, respectively.

Potential Payments upon Termination or Change in Control

As described in the Compensation Discussion and Analysis section, the named executive officers do not have employment, severance or change in control agreements with the Company. In addition, any agreements, plans or arrangements that provide for payments to a named executive officer at, following, or in connection with any termination (including retirement) of such named executive officer, do not discriminate in scope, terms or operation in favor of the named executive officer, and are available generally to all salaried employees. All options and restricted shares granted under the Company's shareholder approved equity compensation plans provide for the acceleration of vesting upon a change in control.

(1) These columns show the range of payouts targeted for 2012 performance under the Annual Senior Executive Bonus Plan with respect to the Co-CEOs and the remaining named executive officers. These amounts, paid in 2013, are shown in the Summary Compensation Table in the column titled "Non-Equity Incentive Plan Compensation" because these awards were recognized in 2012 for financial statement reporting purposes.

(2) These columns represent grants made under the 2011 Equity Bonus Plan. Award recognition is based on the Company's growth in book value per share from January 1, 2012 to December 31, 2014 compared to peer companies. There is no threshold or target amount, and participants can receive up to 100% of maximum denominated in dollars but paid in shares of Company common stock.

(3) These employee stock options were granted pursuant to the Company's stock incentive plan and become exercisable as to 20% of the shares initially granted on the first anniversary of the date of grant, with an additional 20% becoming exercisable on each subsequent anniversary. The options become fully exercisable in the event of

death or disability or upon a change in control of the Company. More discussion regarding the Company's stock incentive plan can be found in the Compensation Discussion and Analysis section beginning on page 20 of this proxy statement.

- (4) Stock options are granted at an exercise price equal to the average of the high and low trading prices on the date of grant.
- (5) This column represents, with respect to stock options, the aggregate full grant date fair value in accordance with ASC 718 of options granted during the year. There can be no assurance that the options will ever be exercised (in which case no value will be realized by the executive) or that the amount received by the executive upon exercise will equal the ASC 718 value.

(1) Represents employee stock options that become exercisable as to 20% of the shares initially granted on the first anniversary of the date of grant, with an additional 20% becoming exercisable on each subsequent anniversary. They are generally exercisable for ten years. The options become fully exercisable in the event of death or disability or upon a change in control of the Company.

- (2) Represents restricted shares which vest in full four years following the award grant date. Shares vest in full in the event of death or disability or upon a change in control of the Company. The Compensation Committee accelerated the vesting of all restricted shares held by Mr. Mischell and Mr. Jensen in connection with their retirements from the Company.
- (3) Represents awards under the 2011 Equity Bonus Plan. Award payment based on the Company's growth in book value per share for the period beginning on the first day of the year award was granted compared to peer companies. For the awards granted in 2011, one award is based on a two year period, and one award is based on a three year period. The 2012 award is based on a three year period. Participants can receive up to a maximum of the amount shown denominated in dollars but paid in shares of Company common stock.
- (4) The Compensation Committee accelerated the vesting and modified the option expiration dates for all options held by Mr. Mischell and Mr. Jensen in connection with their retirements from the Company.

Nonqualified Defined Contribution and Other Nonqualified Deferred Compensation Plans

The Company provides retirement benefits to named executive officers through a combination of qualified (under the Internal Revenue Code) and nonqualified plans. AFG makes available to certain employees, including its named executive officers, benefits in its Nonqualified Auxiliary RASP (“Auxiliary RASP”). The purpose of the Auxiliary RASP is to enable employees whose contributions are limited by IRS regulations in the retirement contribution portion of the AFG Retirement and Savings Plan to have an additional benefit to the RASP.

The Company also maintains a Deferred Compensation Plan pursuant to which certain key employees of AFG and its subsidiaries may defer up to 80% of their annual salary and/or bonus. The deferral term of either a fixed number of years or upon termination of employment must be elected at the time of deferral. Under the plan, no federal or state income taxes are paid on deferred compensation. Rather, such taxes will be due upon receipt at the end of the deferral period.

The table below discloses information on the nonqualified deferred compensation of the named executives in 2012, including the Auxiliary RASP and the Deferred Compensation Plan. Any amounts deferred are included in compensation figures disclosed in the Summary Compensation Table on page 31 of this proxy statement.

Director Compensation

Directors receive compensation under the Company's Non-Employee Director Compensation Plan. During 2012, all directors who were not officers or employees of the Company were paid the following fees: an annual board retainer of \$40,000 and \$1,750 per each board meeting attended. The Audit Committee Chairman received an additional \$30,000 annual committee retainer. Other committee Chairmen received an additional \$12,000 annual committee retainer. Committee members (non-chairman) received an additional \$6,000 annual retainer for each committee served. All committee members received \$1,250 for each meeting attended. Non-employee directors who become directors during the year receive a pro rata portion of these annual retainers. The Company reimburses non-employee directors for travel and lodging expenses incurred in connection with meeting attendance. In addition, non-employee directors receive an annual award of restricted stock. In 2012, this award was \$100,000.

Compensation earned for director service in 2012 is set forth in the following table. Other than the annual restricted stock award, all amounts were paid in cash.

RELATED PERSON TRANSACTIONS

Stock exchange rules require the Company to conduct an appropriate review of all related party transactions (including those required to be disclosed by the Company pursuant to SEC Regulation S-K Item 404) for potential conflict of interest situations on an ongoing basis and that all such transactions must be approved by the Audit Committee or another committee comprised of independent directors. As a result, our Audit Committee Charter provides that the Audit Committee review and approve all related party transactions. In considering the transaction, the Committee may consider all relevant factors, including as applicable: the Company's business rationale for entering into the transaction; the alternatives to entering into a related person transaction; whether the transaction is on terms comparable to those available to third parties, or in the case of employment relationships, to employees generally; the potential for the transaction to lead to an actual or apparent conflict of interest and any safeguards imposed to prevent such actual or apparent conflicts; and the overall fairness of the transaction to the Company.

While the Company adheres to this policy for potential related person transactions, the policy is not in written form (other than as a part of listing agreements with stock exchanges). However, approval of such related person transactions is evidenced by Audit Committee resolutions in accordance with our practice of approving transactions in this manner.

Other than as follows, there were no such transactions in 2012 requiring disclosure under applicable rules. Subsidiaries of the Company employed a son of one of the Co-CEOs and a son-in-law of the other Co-CEO during 2012, and the individuals received compensation of \$190,000 and \$177,000 for 2012. A brother-in-law of S. Craig Lindner is a Senior Vice President with Raymond James Financial, Inc. During 2012, Raymond James received \$227,712 in commissions for equity transactions made by the Company. During 2012, the Company also traded approximately \$197 million principal amount of debt securities through Raymond James (including debt securities traded through Morgan Keegan & Co. after its combination with Raymond James in 2012).
