EMPLOYMENT AGREEMENTS

On October 1, 2001, the Company entered into employment agreements with Michael J. Hagan (\$150,000 salary), James W. McKenzie, Jr. (\$250,000 salary) and David Kostman (\$250,000 salary). The agreements have a term of two years, with automatic renewal unless either party gives at least one-year advance notice of nonrenewal. The agreements have a target bonus of 35% of salary for Messrs. McKenzie and Kostman and 50% of salary for Mr. Hagan, which is not guaranteed. If the executive is terminated without cause (with one month advance notice of termination without cause), then the executive will receive, in exchange for a mutual general release: a lump sum payment equal to salary for six months (one year for Mr. Hagan), but if the executive has been employed by the company at least one year, then equal to salary for one year (two years for Mr. Hagan); healthcare coverage paid by the company for one year; unvested options granted in 2001 are accelerated for a period equal to six months plus one additional month for each month that the executive has been employed by the company; all vested options granted in 2001 will be exercisable for five years after termination of employment. Upon a "change of control" the employment agreement term would automatically restart for two years. If within two years after a change of control, the executive is terminated without cause or chooses to leave for "good reason," then the executive will receive, in addition to the termination without cause benefits above, a lump sum payment equal to salary for an additional six months, but if the executive has been employed by the company at least one year, then equal to salary for an additional one year; a lump sum payment equal to the target bonus (three times the target bonus for Mr. Hagan) for the year in which termination occurs. The agreement prevents excess parachute payments under sections 280G and 4999 of the Internal Revenue Code, by applying a cap to the executive's compensation if it produces a greater net benefit than an uncapped award would after accounting for the increased tax

## Edgar Filing: VERTICALNET INC - Form 10-K/A

obligation resulting from being an excess parachute payment. The agreement defines "good reason" after a change of control as (1) the executive is transferred more than 50 miles without consent; or (2) a material reduction of authority, duties or responsibilities after reasonable notice and a chance to cure; or (3) any failure of the company materially to comply with and satisfy the terms of the agreement; or (4) non-renewal of the agreement by the company.

Mr. Larsen entered into a letter agreement upon the commencement of his employment with the company on April 25, 2001. The agreement provided for a \$300,000 salary, a \$25,000 signing bonus, a 2001 guaranteed bonus of \$200,000, and a target bonus thereafter of 50% of salary. The agreement provided for the following severance benefits, in exchange for a general release, if Mr. Larsen terminated his employment with the company for "good reason," which he did in April 2002: salary continuation payments for six months; a severance payment equal to \$150,000, representing his 2002 target bonus; accelerated vesting of 25% of his options granted in 2001; and all vested options remain exercisable for 180 days after termination of employment.

- (4) 50% of Mr. Larsen's options expired unvested upon his separation of employment in April 2002.
- (5) These columns show gains that may exist for the respective options, assuming that the market price for the common stock appreciates from the date of grant over a period of 10 years at annual rates of growth of 5% and 10%, respectively. These rates of growth are mandated by rules of the Securities and Exchange Commission. There can be no assurance that the actual stock price appreciation over the 10-year option term will be at the assumed 5% and 10% levels or at any other defined level. If the market price of the common stock does not appreciate over the option term, no value will be realized from the option grants.

### OPTION EXERCISES AND VALUES FOR FISCAL 2001

Does not necessarily reflect the value received if the individual sells the shares acquired by the option exercise, since the market price of the shares at the time of sale may be higher or lower than the market price on the date of exercise.

plans; and approving certain employment arrangements. In fiscal 2001, the compensation committee met five times. The compensation committee consists of Messrs. Ballowe and Ross.

### BOARD OF DIRECTORS COMPENSATION

Verticalnet does not pay its directors cash compensation for regular service on the board. However, they are reimbursed for expenses they incur in attending meetings. Additionally, each non-employee, non-investor director is eligible to receive options to purchase Verticalnet common stock. New non-employee, non-investor directors receive an option to purchase 50,000 shares upon joining the board for the first time. Continuing non-employee, non-investor directors receive an option to purchase 50,000 shares on the date of the annual meeting if they remain directors after the meeting ends. Therefore, retiring directors would not get a new grant. The options are non-qualified stock options for 50,000 shares of common stock, granted at the closing price per share on the date of grant. Options are fully vested on the date of grant. Options have a maximum term of 10 years, except that a director has 90 days to exercise after leaving the board. Options can be exercised at any time, but there is a sale restriction on the underlying shares as follows: 12,500 shares can be sold starting on the grant date, and an additional 12,500 shares can be sold after each additional three month period. This sale restriction lapses on the set dates irrespective of the person's continuing status as a director. In fiscal 2001, Verticalnet granted its three non-employee, non-investor directors an aggregate of 150,000 shares.

Verticalnet pays the members of its audit committee \$3,500 for each fiscal quarter that they serve on the committee. Verticalnet pays the members of its compensation committee \$1,500 for each fiscal quarter that they serve on the committee.

### ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

On April 7, 2000, Microsoft Corporation and Verticalnet completed Microsoft's purchase of 100,000 shares of Verticalnet's Series A 6.00% convertible redeemable preferred stock, which are initially convertible into 1,151,080 shares of Verticalnet's common stock, for \$100 million in cash. In addition, Microsoft also received warrants entitling Microsoft to purchase 1,500,000 shares of Verticalnet's common stock at an exercise price of \$69.50. Under the terms of this investment, Microsoft received registration rights and the right to nominate one member of Verticalnet's board of directors. Microsoft's right to designate one board nominee continues for so long as Microsoft and its affiliates own at least 25% of the shares of common stock that remain issued and outstanding following, or that are issuable upon, the conversion of the Series A preferred stock and that have not been sold pursuant to a registration statement or Rule 144 under the Securities Act of 1933, as amended. Microsoft currently has no nominee named to Verticalnet's board of directors.

Robert F. Bernstock had an employment agreement as President and Chief Executive Officer of Atlas Commerce, Inc., dated January 1, 2001. As a result of the merger of Atlas Commerce, Inc. with Verticalnet on December 28, 2001, Mr. Bernstock terminated the Atlas Commerce employment agreement for "good reason" and received under the terms of the employment agreement a termination payment of \$1.05 million equal to two times his salary and bonus, a bonus payment of \$225,000 for 2001, and full acceleration of his outstanding options. In addition, in exchange for a mutual general release, Mr. Bernstock entered into an agreement to be a part-time employee of Verticalnet and advisor to the Chairman of the Board through January 2, 2003, at \$5,000 per month, to receive a grant on January 2, 2003 of 148,047 shares of fully vested shares of Verticalnet restricted stock at a price of \$0.01 per share, of which 35,825 shares are subject to the escrow agreement entered into by Atlas Commerce shareholders in the merger, and to be a member of the Verticalnet board of directors at least until the 2003 annual meeting of shareholders.
