Item 1.01 Entry into a Material Definitive Agreement.

Indenture

On June 6, 2017, Chesapeake Energy Corporation (the “Company”) and certain subsidiary guarantors named therein (collectively, the “Guarantors”) entered into a seventh supplemental indenture (the “Supplemental Indenture”) to an Indenture dated as of April 24, 2014 (the “Base Indenture” and, together with the Supplemental Indenture, the “Indenture”), each among the Company, the Guarantors and Deutsche Bank Trust Company Americas, as trustee (the “Trustee”), under which the Company issued \$750,000,000 aggregate principal amount of 8.00% Senior Notes due 2027 (the “Notes”) in a private placement (the “Private Placement”) conducted pursuant to Rule 144A and Regulation S under the Securities Act of 1933, as amended (the “Securities Act”).

The Notes will initially be guaranteed on a senior, unsecured basis by all of the Company’s subsidiaries that guarantee its revolving credit facility, secured term loan, senior secured second lien notes and other unsecured notes. In the future, the guarantees may be released and terminated under certain circumstances.

The Notes bear interest at a rate of 8.00% per year, payable semi-annually in arrears on each June 15 and December 15 of each year, beginning on December 15, 2017. The Notes will mature on June 15, 2027. The Company may redeem some or all of the Notes at any time prior to June 15, 2022 at a price equal to 100% of the principal amount of the Notes to be redeemed plus a “make-whole” premium. At any time prior to June 15, 2020, the Company also may redeem up to 35% of the aggregate principal amount of the Notes with an amount of cash not greater than the net cash proceeds of certain equity offerings at a redemption price of 108.00% of the principal amount of the Notes, if at least 65% of the aggregate principal amount of the Notes issued under the Indenture remains outstanding immediately after such redemption and the redemption occurs within 180 days after the closing date of such equity offering. In addition, the Company may redeem some or all of the Notes at any time on or after June 15, 2022 at the redemption prices set forth in the Supplemental Indenture. In connection with any redemption, the Company will also pay any accrued and unpaid interest to, but not including, the redemption date. If the Company or certain of its subsidiaries enter into certain sale-leaseback transactions and do not reinvest the proceeds or repay certain senior debt, the Company must offer to repurchase the Notes.

The Indenture contains customary events of default. If an event of default occurs and is continuing, the Trustee or the holders of at least 25% in principal amount of the outstanding Notes may declare the unpaid principal of, and any premium and accrued and unpaid interest, on all the Notes then outstanding to be due and payable. In case of certain events of bankruptcy, insolvency or reorganization involving the Company or the Guarantors, all of the principal of and accrued and unpaid interest on the Notes will automatically become due and payable. Upon such a declaration of acceleration, such principal and accrued and unpaid interest, if any, will be due and payable immediately.

The foregoing description of the Base Indenture, the Supplemental Indenture and the Notes does not purport to be complete and is qualified in its entirety by reference to the full text of the Base Indenture, the Supplemental Indenture and the form of Note, copies of which are filed as Exhibits 4.1, 4.2 and 4.3 hereto, respectively.

Registration Rights Agreement

In connection with the issuance of the Notes, the Company and Citigroup Global Markets Inc., for itself and on behalf of the several initial purchasers of the Notes, entered into a Registration Rights Agreement, dated as of June 6, 2017 (the “Registration Rights Agreement”), which will give holders of the Notes certain exchange and registration rights with respect to the Notes. Pursuant to the Registration Rights Agreement, the Company and the Guarantors have agreed to use commercially reasonable efforts to file an exchange offer registration statement with the Securities and Exchange Commission and to have the registration statement declared effective and to complete an exchange offer on or prior to November 28, 2018. Further, under certain circumstances, in lieu of, or in addition to, a registered exchange offer, the Company and the Guarantors are required to use commercially reasonable efforts to cause to become effective a shelf registration statement

relating to the resale of the Notes. The Company and the Guarantors are required to pay additional interest if they fail to comply with their obligations to register the Notes within the specified time periods.

The foregoing description of the Registration Rights Agreement does not purport to be complete and is qualified in its entirety by reference to the full text of the Registration Rights Agreement, a copy of which is filed as Exhibit 4.4 hereto.
