PROXY STATEMENT

**Annual Meeting of Shareholders to be held
on May 14, 2004**

We have prepared this proxy statement on behalf of our Board of Directors for use in soliciting proxies for our Annual Meeting of Shareholders to be held Friday, May 14, 2004. The annual meeting will be held on the 15th floor of the offices of Dorsey & Whitey LLP, 50 South Sixth Street, Minneapolis, Minnesota at 3:00 p.m. We will bear the cost of soliciting proxies, including the cost of preparing and mailing

Edgar Filing: CYBEROPTICS CORP - Form DEF 14A

the Notice of Annual Meeting of Shareholders and this Proxy Statement. We have not retained a proxy solicitation agent or any other consulting firm to assist us with the proxy process. Instead, our officers or other regular employees may solicit proxies in person, by mail, telephone or facsimile, but will not receive any special compensation for these services.

The only matter that our Board of Directors knows will be presented at the annual meeting is the election of directors. **THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE IN FAVOR OF THE ELECTION OF EACH DIRECTOR WHO HAS BEEN NOMINATED.** Should any other matter properly come before the meeting, it is intended that the persons named in the enclosed proxy will have authority to vote such proxy in accordance with their judgment on such matter.

VOTING RIGHTS AND PROCEDURES

If you return a proxy in the form solicited with this proxy statement, we will vote your shares in the manner that you have directed in the proxy form. If you complete the proxy form but do not direct us how to vote, your shares will be voted for the election of the nominees for director named in this proxy statement and in the manner the named proxies decide on any other matters properly brought before the meeting. If you withhold vote for one or more directors, we will consider your shares present and entitled to vote for purposes of determining the presence of a quorum at the meeting and as unvoted, although present and entitled to vote, for purposes of the election of the directors for whom you have abstained. If a broker submits a proxy that indicates the broker does not have discretionary authority to vote shares, those shares will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum at the meeting, but will not be considered as present and entitled to vote on the matters voted on at the meeting. You may revoke your proxy at any time before the meeting by delivering to our corporate secretary a written notice of termination of the proxies authority or a signed proxy bearing a later date.

You must be a holder of record of our Common Stock at the close of business on April 1, 2004, to be entitled to receive notice of and to vote at the meeting. On April 1, 2004, we had 8,419,364 shares of common stock outstanding. Each outstanding share is entitled to one vote on all matters presented at the meeting.

We are providing a copy of our Annual Report to Shareholders for the year ended December 31, 2003, with this Proxy Statement. We are mailing this Proxy Statement and a form of proxy on or about April 7, 2004.

INFORMATION ABOUT OUR BOARD OF DIRECTORS AND ITS COMMITTEES, AND OTHER CORPORATE GOVERNANCE MATTERS

Our Board

Under the Minnesota Business Corporation Act, and our Articles of Incorporation and Bylaws, our business and affairs are managed under the direction of our Board of Directors. Our Board currently consists of seven members, six of whom are standing for reelection at the annual meeting. We require that a majority of the members of our Board of Directors be independent within the meaning of the requirements of the Nasdaq Stock Market listing standards. Based on information contained in questionnaires completed by each director and otherwise available to us, our Board of Directors has concluded that each of Mr. Cimochowski, Mr. Kelen, Ms. Qualters and Mr. Selzer, constituting a majority of our Board, is independent not only within the meaning of the Nasdaq Marketplace Rules, but within the meaning of the heightened standards applicable to members of an audit committee contained in Section 301 of The Sarbanes Oxley Act of 2002 and Rule 4350(d) of the Nasdaq Marketplace Rules.

Our Board has long strived to maintain sound corporate governance, consistent with the scope of our operations and the integrity of our personnel. Accordingly, attendance by our Board members at all meetings has been a continuing goal and we devote considerable effort to scheduling meetings so that all directors may attend and may review financial information regarding our quarterly and annual results prior to public release. During the year ended December 31, 2003, we had four regular meetings of the Board and each director attended 100% of the meetings. Our Board also acted by written consent twice during 2003. Our independent directors meet in separate, executive session without management or management directors as part of each regular meeting of the Board and met in executive session four times during 2003.

Edgar Filing: CYBEROPTICS CORP - Form DEF 14A

We require that all Board members use their best efforts to attend our annual shareholder meeting. All of our directors attended the annual meeting held on May 16, 2003.

Committees of our Board

Our Board has three committees: An Audit Committee, a Compensation Committee and a Nominating Committee, each of which has a written charter. A copy of the charter for the Audit Committee is attached to this proxy statement, and copies of the charters for all three committees may be reviewed on our website at www.cyberoptics.com.

Audit Committee. Our Audit Committee assists our Board in overseeing and monitoring our accounting and financial reporting processes, audits of our financial statements, the independence and performance of our independent auditors and our compliance with legal and regulatory requirements. The Audit Committee reviews all interested party transactions and oversees our Code of Conduct. The Audit Committee has sole authority to appoint, determine funding for, retain and oversee our independent auditors and to pre-approve all audit services and permissible non-audit services. It is our policy to

-3-

present to the entire committee proposals for all audit services and permissible non-audit services prior to engagement.

Our Audit Committee currently consists of Mr. Cimochofski (Chair), Ms. Qualters and Mr. Selzer, each of whom is an independent director within the meaning of Section 301 of The Sarbanes Oxley Act of 2002 and Nasdaq listing standards applicable to audit committees. Our Board of Directors has identified Mr. Cimochofski and Mr. Selzer as audit committee financial experts within the definition recently established by the Securities and Exchange Commission. The Audit Committee held five meetings and acted once by written consent during 2003. All members of the committee attended 100% of the meetings. The report of the Audit Committee is contained on pages 13 of this proxy statement.

Compensation Committee. Our Compensation Committee establishes the compensation of our executive officers, including our Chief Executive Officer, administers our stock-based benefit plans, including our Restated Stock Option Plan, 1998 Stock Incentive Plan and our Employee Stock Purchase Plan, and makes recommendations to our Board regarding director compensation. The Compensation Committee currently consists of Mr. Selzer (Chair), Mr. Kelen and Mr. Cimochofski, each of whom is an independent director under Nasdaq listing standards. During 2003, the Compensation Committee held four meetings, and each member of the committee attended each meeting held while a member of the Committee. The report of the Compensation Committee on executive compensation is contained on page 6 of this proxy statement.

Nominating Committee. We formed a nominating committee, consisting of Mr. Cimochofski, Mr. Kelen, Ms. Qualters and Mr. Selzer, each of whom is an independent director within the meaning of the Nasdaq listing standards, in December 2003. The Nominating Committee identifies individuals qualified to become Board members and recommends to the Board nominees to fill vacancies in membership of the Board as they occur and, prior to each Annual Meeting of Shareholders, recommends a slate of nominees for election as Directors at such meeting. We generally require that each Director be an individual of the highest character and integrity, have substantial experience which is of particular relevance to CyberOptics, have sufficient time available to devote to our affairs, and represent the best interests of all our stakeholders, including our shareholders. The Nominating Committee has discretion as to the determination of which individuals will best fit these criteria.

Although most nominations have originated from recommendations of officers or board members, and all of the nominees for the 2004 annual meeting are currently directors and are being re-nominated as such, the Nominating Committee will consider suggestions from other stakeholders, including shareholders, for nominees for the 2005 annual meeting. Any shareholder who wishes to recommend that a specific individual (other than the shareholder and other than someone who would not be independent under Nasdaq listing standards) be considered for nomination for the 2005 meeting should contact the Board with specific information about the proposed nominee, including an appropriate resume, prior to December 6, 2004. Methods of communicating with our Board are described on our website at www.cyberoptics.com. The Nominating Committee will consider these recommendations, but has absolute discretion as to whether to recommend any individual for nomination. Our Nominating Committee has not established minimum standards for directors, nor has it pre-established objective procedures or processes, other than as described above, for nominations. For the 2004 annual meeting, our Nominating Committee concluded that members of our Board of Directors meet the criteria set forth above, and that, given the current scope of our operations, there is not currently a need for additional expertise on the Board that would justify the expense of additional directors.

Other Corporate Governance Matters: Our Code of Conduct and Means of Shareholder Communications With the Board

Although many of the principles relating to our corporate governance have been in place for years, we have adopted several new policies in response to regulatory and legal developments. In February 2003, we formalized our ethical code by adopting a formal Code of Conduct that is applicable to all of our officers, directors and employees, including our senior financial officers. A copy of our Code of Conduct may be found on our website at www.cyberoptics.com.

We have also established procedures for communication by our shareholders with our directors. Shareholders may send communications by mail to the attention of:

Ethics Officer
CyberOptics Corporation
5900 Golden Hills Drive
Golden Valley, MN 55416

You may also send communications by e-mail to board@cyberoptics.com. Our Ethics Officer will review all communications received and provide copies, or summaries, of those communications which are not frivolous or vexatious to the Chair of our Audit Committee for consideration. These procedures may also be found at our website at www.cyberoptics.com.

Compensation of Our Independent Directors

None of Mr. Cimochoowski, Mr. Kelen, Ms. Qualters or Mr. Selzer receive any compensation from us for services other than services in their capacities as members of our Board of Directors or of a committee of our Board of Directors. Each of Mr. Cimochoowski, Mr. Kelen, Ms. Qualters and Mr. Selzer is independent under the rules of the Nasdaq and the SEC. Our independent directors receive directors' fees of \$1,000 per meeting attended, and \$500 per meeting held by conference call. Each of our independent directors also receives an option to purchase 4,500 shares, which is exercisable from the date of grant, at each annual meeting at which the director is elected or reelected. Dr. Case and Ms. Iverson, who are also employees and not independent directors, do not receive any additional compensation for service as Board members.

Executive Officers

Our current executive officers include Ms. Iverson, Dr. Case and Scott G. Larson, 43, who started as our Controller in October 1995, was promoted to Director of Financial Reporting in February 2000, and was promoted to Vice President Finance and Chief Financial Officer in August 2000. Before joining CyberOptics, Mr. Larson was Controller of Medisys, Inc., a publicly traded medical device company.

EXECUTIVE COMPENSATION

Compensation Committee Report of the Board of Directors

Our executive compensation policies are recommended and administered by the Compensation Committee of our Board of Directors. The members and duties of the Compensation Committee are described on page 4 of this proxy statement.

The principal objective of our compensation policy is to increase shareholder value by providing an incentive to our officers and employees to maximize our performance. Although the Compensation Committee normally reviews and resets base salary, annual incentive compensation and long-term equity incentives annually, our Compensation Committee did not increase salaries of our two most senior executives in either 2002 or 2003 because of the continued depressed market for suppliers of inspection equipment to the electronics market and continued losses we incurred. The Compensation Committee reviewed executive salaries in June 2003, and increased Mr. Larson's base salary but because of a continued desire to conserve expense, did not increase the salaries of Ms. Iverson and Dr. Case. Further Ms. Iverson and Dr. Case voluntarily

Edgar Filing: CYBEROPTICS CORP - Form DEF 14A

instituted a 10% reduction in salaries in September 2003 to help reduce expenses. As a result, the annual base salary of Ms. Iverson, as Chief Executive Officer, declined slightly from 2002 to 2003 (2002 base salary in the compensation table on page 7 reflects partial year salary for Ms. Iverson).

We annually establish a bonus program that pays bonuses based on a matrix that is dependent on both increases in revenue and in net income before income taxes and assign approximately 70% of an executive's overall bonus target through this program. We created such a matrix in early 2003. Although we have often based the remaining 30% on personal objectives for executives, because of continued market difficulties, the need to continue to provide incentive to management and a desire to align management's incentives with those of all employees, we based the remaining 30% of executive bonuses for 2003 on a revenue milestone. We substantially exceeded our revenue goals during the last six months of 2003, and although we were not profitable for the full year, were profitable during the last quarter. Based on the revenue milestone, each of management received a bonus. Ms. Iverson received a bonus of \$18,000 based on this milestone for the year ended December 31, 2003.

We use stock options as our primary long-term incentive. We granted Dr. Case a 50,000 share option to encourage his efforts when he again became a full time employee in February 2003. For most of our employees, we used stock options during 2003 primarily as a retention mechanism and as mechanism to improve moral. In December 2003, we granted stock options to substantially all of our employees, except Dr. Case and Ms. Iverson, in recognition of their efforts during a difficult business period in 2002 and 2003. Ms. Iverson and Dr. Case, in part because of the substantial option grants they had received in 2002 and 2003, respectively, voluntarily agreed to forgo additional grants in 2003.

The Compensation Committee believes that the compensation program for executive officers during the year 2003 achieved the principal objectives for which it was designed.

Edwin A. Kelen
Michael M. Selzer, Jr.

CERTAIN TRANSACTIONS

Avanti Optics Corporation. On August 7, 2000, we entered into an organization agreement with Avanti Optics Corporation (Avanti), a newly formed entity for which Dr. Steven K. Case, our Chairman, served as Chairman and Chief Executive Officer, and for which Erwin A. Kelen, a director of CyberOptics, served as a director. Avanti was formed to pursue the development of products for the photonics markets. Dr. Case and his family members acquired 13,500,000 shares, or approximately 65% of the outstanding shares, of Avanti for \$1,350,000 cash. We acquired 3,833,250 shares, or approximately 12% of the outstanding shares, of Avanti for approximately \$190,000 cash, the right to hire specified CyberOptics employees, title to equipment we had used in photonics research, a potential business agreement with a telecommunications company for a photonics inspection system, and a license to use some of the intellectual property we had developed for the electronics markets. We also agreed to partially fund development of a photonics inspection system that Avanti was pursuing in return for rights to the technology that was developed. We provided Avanti with a total of \$224,516 of funding under this arrangement in 2000, but terminated funding when the development effort was terminated.

Between August 2000 and April 2002, Avanti completed a venture capital financing in which it sold preferred stock and completed several smaller sales of common stock, raising \$3,400,000 to finance operations. We determined not to invest in these financings because we obtained no commercial advantage through the financings and because we had determined to focus our development efforts on our core business.

After considerable negotiation, on April 30, 2002, we loaned an additional \$1.5 million to Avanti under a convertible promissory note that was secured by all of Avanti's intellectual property and accompanied by warrants and exclusive rights to manufacture and distribute manual and semi-automated equipment that Avanti was developing. The note bore interest at 3% above the prime rate of interest and was repayable on April 30, 2003, or upon an earlier event of default. The loan and any accrued interest was to automatically convert to the type of equity shares Avanti issued at the closing of the next qualifying equity financing occurring on or before the maturity date of the loan at 80% of the price in that equity round, and if there was a change of control prior to conversion, we were entitled to receive twice the principal and interest then outstanding on the loan. In consideration of the loan, we also received a five-year warrant to purchase the number of shares of Avanti equity securities as was equal to \$450,000 (30% warrant coverage) divided by the price per share in the next equity financing of Avanti. The exercise price of the warrant was equal to the price in such next equity financing. The loan was made in part to acquire the exclusive rights to manufacture and distribute manual and semi-automated equipment for the assembly of surface mountable optical components that were then under development by Avanti. Our Board of Directors, with Dr. Case and Mr. Kelen not participating, concluded that there was substantial potential for these manual and semi-automated assembly machines and that the transaction was on as good, or better, terms as could be obtained from other companies in Avanti's industry.

Although Avanti met its development objectives, primarily because of the dramatic disintegration of markets and financing for photonics equipment companies and equipment manufacturers, Avanti was unable to locate additional financing. By December 31, 2002, it had virtually depleted its funds, significantly curtailed operations and notified us that it was unlikely to be able to repay its obligations under the loan. In February 2003, Avanti completely ceased business operations. By settlement agreement dated February 14, 2003, we foreclosed on the intellectual property assets of Avanti, and accepted capital equipment and cash as partial payment for the interest accrued under its loan. Three of Avanti's employees, including Dr. Case, became full-time employees of CyberOptics.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

Our management is responsible for our internal controls and our financial reporting process. Our independent accountants are responsible for performing an independent audit of our consolidated financial statements in accordance with generally accepted auditing standards and to issue a report on those financial statements. The Audit Committee's responsibility is to monitor and oversee these processes.

Our Audit Committee has met and held discussions with our management and our independent accountants. Management represented to the Audit Committee that our consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and our independent accountants. The Audit Committee discussed with the independent accountants matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees).

Our independent accountants also provided to the Audit Committee the written disclosure required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with the independent accountants the accounting firm's independence. The Committee also considered whether non-audit services provided by the independent accountants during the last fiscal year were compatible with maintaining the independent accountants' independence.

Based upon the Audit Committee's discussion with management and the independent accountants and the Audit Committee's review of the representation of management and the report of the independent accountants to the Audit Committee, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2003 filed with the Securities and Exchange Commission.

Representatives of PricewaterhouseCoopers LLP, which has served as our independent accountants since July 1994, are expected to be present at the Annual Meeting, will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from shareholders.
