LCNB CORP. REPORTS FINANCIAL RESULTS FOR

THE YEAR ENDED DECEMBER 31, 2006

LCNB Corp. today announced its financial results for the year ended December 31, 2006. These results included growth in total loans of \$30.6 million, from \$359.8 million at December 31, 2005 to \$390.4 million at December 31, 2006. The loan growth was primarily due to growth in the commercial loan portfolio and secondarily to growth in the residential real estate mortgage loan portfolio.

The loan growth was funded primarily through a \$14.3 million increase in short-term borrowings and a \$22.2 million decrease in investment securities.

Assets under management include LCNB s total assets, the trust and brokerage businesses, mortgage loans serviced for others, and business cash management accounts. Total assets under management grew \$25.7 million, from \$844.6 million at December 31, 2005 to \$870.3 million at December 31, 2006. In addition to an \$8.7 million increase in LCNB s total assets, trust assets grew by \$5.2 million and assets managed in brokerage accounts grew by \$14.6 million. Brokerage accounts are offered through a partnership with UVEST Financial Services, Inc.

Net income for the year ended December 31, 2006 was \$6,514,000 or \$2.01 diluted earnings per share, compared to \$6,705,000, or \$2.03 diluted earnings per share, for 2005. Return on average assets for 2006 and 2005 was 1.19% and 1.25%, respectively. Return on average equity for the 2006 period was 12.48%, compared to 12.80% for the 2005 period.

Net interest income for 2006 was \$255,000 less than net interest income for 2005 primarily due to a decrease in the tax equivalent net interest margin from 3.99% at December 31, 2005 to 3.84% at December 31, 2006. A compressed yield curve, meaning that long-term market rates are not significantly above short-term rates, continued to put pressure on the margin. Also contributing to the change in net income from 2005 to 2006 was a \$595,000 increase in non-interest expense primarily resulting from increased salaries and benefits expense. Partially offsetting these decreases in net income was a \$389,000 increase in non-interest income. The increase in non-interest income was primarily due to a \$262,000 increase in trust and brokerage income and a \$231,000 increase in insurance agency income.
