Cautionary Statement Regarding Forward-Looking Statements

The current report on Form 8-K and the exhibit hereto contain certain statements that may be deemed to be forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Such forward-looking statements are based on the Company's current plans, expectations, estimates and management's beliefs about the Company's future performance. Words such as "anticipates," "expects," "intends," "plans," "believes," "seeks," "estimates" or variations of such words and similar expressions are intended to identify such forward-looking statements. These statements are not guarantees of future performance and are subject to risks and uncertainties that are difficult to predict and which may cause the Company's actual results and performance to differ materially from those expressed or forecasted in any such forward-looking statements. Some of these risks and uncertainties are discussed in the Company's Annual Report on Form 10-K/A for the fiscal year ended December 31, 2007 under "Factors that May Affect Future Results." These risks include, among other factors, changes in business, economic and market conditions, changes in government regulation, and changes in the competitive environment in which the Company operates. Other risks that the Company faces include, but are not limited to, the following: (i) the Company's ability to obtain court approval with respect to motions in the Chapter 11 proceeding prosecuted by it from time to time; (ii) risks associated with third parties seeking and obtaining court approval to convert the case to a Chapter 7 case; and (iii) the potential adverse impact of the Chapter 11 case on the Company's liquidity or results of operations. Unless required by law, the Company undertakes no obligation to update publicly any forward-looking statements. However, readers should carefully review the statements set forth in the reports, which the Company files from time to time with the Securities and Exchange Commission, particularly its Current Reports on Form 8-K.
