PROXY STATEMENT

This proxy statement is furnished to stockholders of Department 56, Inc., a Delaware corporation (the "Company"), in connection with the solicitation of proxies by the Board of Directors of the Company (the "Board" or "Board of Directors") for use at the Annual Meeting of Stockholders to be held at 11:00 a.m., local time, on Wednesday, May 8, 2002, at the Hilton Garden Inn, 6330 Point Chase, Eden Prairie, Minnesota, and any adjournments thereof.

Stockholders of record as of the close of business on March 18, 2002 will be entitled to vote at the meeting or any adjournments thereof. As of the record date, March 18, 2002, the Company had outstanding 12,936,682 shares of Common Stock, par value \$.01 per share ("Common Stock"), each entitled to one vote on all matters to be voted upon. This proxy statement, the accompanying form of proxy and the Company's annual report to stockholders for the fiscal year ended December 29, 2001 are being mailed on or about April 5, 2002 to each stockholder entitled to vote at the meeting.

Stockholders as of the record date are cordially invited to attend the meeting. If you are a registered stockholder as of the record date and plan to attend, please mail in your proxy indicating with an "X" in the space provided that you plan to attend and bring the enclosed Admission Ticket to the meeting. If you are a stockholder as of the record date whose shares are not registered in your own name and you plan to attend, please request an Admission Ticket by writing to the Office of the Secretary, Department 56, Inc., One Village Place, 6436 City West Parkway, Eden Prairie, Minnesota 55344. Evidence of your stock ownership, which you can obtain from your stockbroker, bank or other financial institution, must accompany your letter.

VOTING AND REVOCATION OF PROXIES

Voting

If the enclosed proxy is executed and returned in time and not revoked, all shares represented thereby will be voted; beneficial owners of shares held by or on behalf of brokerages, banks or financial institutions may also have facilities to vote by telephone and/or Internet means, as determined by the applicable financial institution. Each proxy will be voted in accordance with the stockholder's instructions. If no such instructions are specified, the proxies will be voted FOR the election of each person nominated for election as a director and FOR the ratification of the appointment by the Board of Directors of Deloitte & Touche LLP as auditors for the Company for the fiscal year ending December 28, 2002.

The holders of a majority of the shares of Common Stock entitled to vote at the meeting, present in person or by proxy, constitutes a quorum. Assuming a quorum is present, the affirmative vote by the holders of a plurality of the votes cast at the meeting will be required for the election of directors; and the affirmative vote of a majority of the shares present in person or by proxy at the meeting and entitled to vote thereon will be required to act on all other matters to come before the meeting, including the ratification of the appointment by the Board of Directors of Deloitte & Touche LLP as auditors for the Company. An automated system administered by the Company's transfer agent tabulates the votes. For purposes of determining the number of votes cast with respect to any voting matter, only those cast "for" or "against" are included; abstentions and broker non-votes are excluded. Accordingly, with respect to

Edgar Filing: DEPARTMENT 56 INC - Form DEF 14A

the election of directors, abstentions and broker non-votes will have no effect on the outcome. For purposes of determining whether the affirmative vote of a majority of the shares present at the meeting and entitled to vote has been obtained, abstentions will be included in, and broker non-votes will be excluded from, the number of shares present and entitled to vote. Accordingly, with respect to any matter other than the election of directors, abstentions will have the effect of a vote "against" the matter and broker non-votes will have the effect of reducing the number of affirmative votes required to achieve the majority vote.

Revocation

A stockholder giving a proxy may revoke it at any time before it is voted by delivery to the Company of a subsequently executed proxy or a written notice of revocation. In addition, returning your completed proxy will not prevent you from voting in person at the meeting should you be present and wish to do so.

In addition, from time to time, special committees may be established under the direction of the Board when necessary to address specific issues.

Committees of the Board Board Meetings

The Board of Directors of the Company held eight meetings in 2001. The Committee consists of Susan E. Engel (Chair) and Steven G. Rothmeier. The Executive Committee held no formal meetings in 2001.

The AUDIT COMMITTEE's principal functions and its activities during fiscal 2001 are described on page 5 under the heading Audit Committee Report. Non-employee members of Board committees receive a fee of \$750 (\$500 if telephone conference participation) for attendance at any committee meeting, and any non-employee chair of a Board committee receives an additional annual fee of \$1,500. Non-employee directors may elect to receive shares of Common Stock in lieu of all or a portion of their cash fees, in which case shares of Common Stock are issued having a fair market value on the date of issuance of 110% of the cash fees which would otherwise then be payable. Directors are reimbursed for their out-of-pocket expenses arising from attendance at meetings of the Company's Board of Directors or committees thereof.

For fiscal year 2001, each non-employee director received an annual grant of an option to purchase 5,000 shares of Common Stock at fair market value on the date of grant vesting over two years. AUDIT COMMITTEE REPORT

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report by reference therein.

During fiscal 2000, the Audit Committee of the Board of Directors approved and adopted a charter for the Committee, which was approved by the full Board on May 11, 2000.

The Audit Committee of the Board of Directors is responsible for assisting the Board in serving as an oversight to the Company's financial reporting, accounting and controls. Under the rules of the New York Stock Exchange all of the members of the Audit Committee are independent.

The Committee has implemented procedures to ensure that during the course of each fiscal year it devotes the attention that it deems necessary or appropriate to each of the matters assigned to it under the Committee's charter. To carry out its responsibilities, the Committee met five times during fiscal 2001.

In overseeing the preparation of the Company's financial statements, the Committee met with both management and the Company's outside auditors to review and discuss all financial statements prior to their issuance and to discuss significant accounting issues. Management advised the Committee that all financial statements were prepared in accordance with generally accepted accounting principles, and the Committee discussed the statements with both management and the outside auditors. The Committee's review included discussion with the outside auditors of matters required to be discussed pursuant to *Statement on Auditing Standards No. 61 (Communication With Audit Committees)*.

With respect to the Company's outside auditors, the Committee, among other things, discussed with Deloitte & Touche LLP matters relating to its independence, including the disclosures made to the

5

Committee as required by the *Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees)*.

Edgar Filing: DEPARTMENT 56 INC - Form DEF 14A

On the basis of these reviews and discussions, the Committee recommended to the Board of Directors that the Board approve (and the Board has approved) the inclusion of the Company's audited financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 29, 2001, for filing with the Securities and Exchange Commission. The Committee and the Board have also approved, and submitted for shareholder ratification, the selection of the Company's independent auditors for the fiscal year ending December 28, 2002.

Stock Options Granted in Last Fiscal Year

The following table sets forth information concerning individual grants of stock options made by the Company during the fiscal year ended December 29, 2001 to each of the Named Executive Officers.

OPTION GRANTS IN THE FISCAL YEAR ENDED DECEMBER 29, 2001

<i>Name</i>	<i>Number of Securities Underlying Options Granted</i>	<i>Percent of Total Options Granted to Employees in Fiscal Year(2)</i>	<i>Exercise Price (per share)</i>	<i>Expiration Date(3)</i>	<i>Hypothetical Value at Grant Date(4)</i>
Susan Engel	52,000(1)	18.1%	\$ 8.49	02/28/11	\$ 248,560
David Dewey	26,000(1)	9.1%	8.49	02/28/11	124,280
Andrew Melville	11,000(1)	3.8%	8.49	02/28/11	52,580
Tom Tomlinson	19,000(1)	6.6%	8.49	02/28/11	90,820
David Weiser	11,000(1)	3.8%	8.49	02/28/11	52,580

- (1) One-third of the total number of options granted will be cumulatively exercisable on December 31 of the calendar year of the grant and the first and second calendar years thereafter. Vesting may be accelerated in certain circumstances, including in the case of a "change in control" of the Company.
- (2) The Company granted a total of 286,817 options to employees in the fiscal year ended December 29, 2001.
- (3) The options generally expire on the earliest of (a) the tenth anniversary of the date of grant, (b) 12 months following termination of the optionee's employment or (c) the exercise in full of the option.
- (4) The hypothetical value of the options as of their date of grant calculated using the Black-Scholes option pricing model is permitted by SEC rules. It should be noted that this model is only one method of valuing options, and the Company's use of the model should not be interpreted as an endorsement of its accuracy. The actual value of the options may be significantly different, and the value actually realized, if any, will depend upon the excess of the market value of the common stock over the option exercise price at the time of the exercise.

The estimated present value at grant date of options granted during fiscal year 2001 has been calculated using the Black-Scholes option pricing model, based upon the following assumptions: estimated time until exercise of six years; a risk-free interest rate of 4.90%, representing the interest rate on a U.S. Government zero-coupon bond on the date of grant with a maturity corresponding to the estimated time until exercise; a volatility rate of 50.0% and a dividend yield of 0.0%. The approach used in developing the assumptions upon which the Black-Scholes valuations were calculated is consistent with the requirements of Statement of Financial Accounting Standards No. 123, "Accounting for Stock-Based Compensation."

Edgar Filing: DEPARTMENT 56 INC - Form DEF 14A

The following table sets forth information (on an aggregated basis) concerning exercises of options during the fiscal year ended December 29, 2001 by each of the Named Executive Officers and the fiscal year-end value of unexercised options.

AGGREGATED OPTION EXERCISES IN THE FISCAL YEAR ENDED DECEMBER 29, 2000 AND FISCAL YEAR-END OPTION VALUES

Name	Shares Acquired on Exercise	Value Realized	Number of Securities Underlying Unexercised Options at Fiscal Year-End		Value of Unexercised "In-the-Money" Options at Fiscal Year-End(1)	
			Exercisable	Unexercisable	Exercisable	Unexercisable
Susan Engel			116,591	69,334	\$	
David Dewey			59,240	34,675		
Andrew Melville			27,035	14,670		
Tom Tomlinson			42,680	25,340		
David Weiser			60,385	14,670	166,650	

(1)

Options are "in-the-money" at the fiscal year-end if the fair market value of the underlying securities on such date exceeds the exercise or base price of the option. The amounts set forth represent the difference between the fair market value of the securities underlying the options on December 29, 2001 (\$8.38) and the exercise price of the options, multiplied by the applicable number of options.

Employment Agreements

The Company has guidelines to provide severance to any Named Executive Officer in the event that her or his employment is terminated without cause other than for death or disability. The amount payable is governed by the individual's years of service with the Company, unless otherwise provided under the terms of any hire letter, change-in-control arrangement or employment agreement. Under these guidelines, severance which would be payable upon a qualifying termination is currently as follows: Ms. Engel 15 months' salary; Mr. Dewey 15 months' salary; Mr. Melville 9 months' salary; Mr. Weiser 13 months' salary.

The Compensation Committee and the Board of Directors have adopted a program providing for the payment to certain employees of cash incentives based upon the Company's attainment of a defined financial performance goal. The program provides that, upon the occurrence of any events specified as a "change of control" of the Company, the defined financial measure is deemed to have been fully (100%) achieved and the employee participants in the program vest in a specified cash incentive (prorated over the fiscal year in which the change of control occurs from the first day of the fiscal year through the date of the change of control).

The Company's 1992 Stock Option Plan, its 1993, 1995 and 1997 Stock Incentive Plans, and related stock option and performance share agreements, contain vesting acceleration provisions that are triggered upon a change-in-control of the Company.

The Company is party to change-in-control arrangements with each of the Named Executive Officers, as well as certain other executives of the Company. If, within 12 months following the occurrence of any event specified as a "change-in-control" (for executives other than Ms. Engel, the change-in-control must not have been approved by the Company's Board of Directors in force prior to the change-in-control), the employment of a covered executive is involuntarily or voluntarily terminated

for any reason (other than death, disability or retirement) the agreements provide for payment to the executive of a cash lump sum equal to (i) the executive's target pro rata bonus for the year of termination, plus (ii) 2.99 times (for Ms. Engel), or up to 2 times (for other executives), his/her base salary on the date of termination and her/his highest cash bonus during the past 3 years (for Ms. Engel, her maximum bonus opportunity in the year of termination). In addition, each covered executive's unvested stock options, restricted or deferred stock awards and non-qualified retirement benefits shall vest and all restrictions relating to any restricted or deferred stock shall lapse. The covered executive shall also have the right to continued participation in all of the Company's welfare benefit plans for the shorter of 36 months (for Ms. Engel), or

Edgar Filing: DEPARTMENT 56 INC - Form DEF 14A

24 months (for other covered executives) or until substantially equivalent benefits are received from a subsequent employer. The covered executives (other than Ms. Engel) also have the right to receive such payments and benefits if their employment is terminated without "cause" or the covered executive resigns for "good reason" within 24 months following any "change in control" that is approved by the Company's Board of Directors in force prior to the change-in-control. Except for the welfare benefits, the change-in-control payments are not subject to mitigation or offset. In the event that, after the imposition of any excise tax, a covered executive were to retain less than 100% (for Ms. Engel) or 80% (for other executives) of the total payments due her or him under the change-in-control agreements, the Company shall be obligated to pay a "gross up" amount to the executive.

Performance Graph

The following graph compares the cumulative total return on \$100 invested on December 28, 1996, in each of the Common Stock of the Company, Standard & Poor's SmallCap 600 Index and a peer line-of-business index.

The peer line-of-business index is composed of all issuers within the Standard & Poor's Consumer Goods (Jewelry, Novelties & Gifts) Industry Sector which also are contained in the Standard & Poor's SmallCap 600 Index. The issuers currently within this index are Action Performance Companies, Inc.; A. T. Cross Co., Inc.; Department 56, Inc.; Enesco Group, Inc.; Fossil Inc.; Franklin Covey Co.; Mayors Jewelers, Inc.; and Russ Berrie & Co.

In calculation of the peer index, each of the issuers is weighted to recognize its stock market capitalization. The returns of the Standard & Poor's index and the peer line-of-business index are calculated assuming reinvestment of dividends. The Company has not paid any dividends. The graph specifies data values for the preceding trading day nearest to each of the Company's fiscal year-ends during such period.

The stock price performance shown on the graph below is not necessarily indicative of future price performance. Data points below provided by Research Data Group, Inc., a licensee of Standard & Poor's.

**COMPENSATION COMMITTEE AND STOCK INCENTIVE COMMITTEE REPORT
ON EXECUTIVE COMPENSATION**

Overview

The Compensation Committee of the Board of Directors is responsible for establishing the compensation policy and specific individual compensation for the Company's executive officers. The Stock Incentive Committee awards grants under the Company's stock option and incentive plans and administers those plans, seeking the advice and reviewing recommendations of the Compensation Committee and management as the Stock Incentive Committee believes appropriate. The Committees engage independent compensation consultants from time to time to assist in their work. Each of the Compensation Committee and the Stock Incentive Committee is comprised entirely of non-employee directors.

The Committees recognize the \$1 million deduction limitation on individual executive compensation under Section 162(m) of the Internal Revenue Code. While the Company does not have a policy on qualifying officer compensation for deductibility under that Section and the Board and the Committees reserve the authority to award non-deductible compensation as they deem appropriate, the Committees do consider cost to the Company (including tax deductibility) in making overall compensation decisions.

Compensation Philosophy

Edgar Filing: DEPARTMENT 56 INC - Form DEF 14A

The approach taken to compensation for executive officers is designed to:

Emphasize company performance and place a substantial portion of officer compensation at risk

Align interests of management with those of stockholders and bring focus on long-term value creation by providing a significant portion of compensation in Company equity

Attract, motivate and retain executives of high caliber and ability

The principal compensation elements used in this approach during fiscal 2001 consisted of base salary, annual cash incentive bonus, and long-term equity incentives in the form of stock options and restricted shares. One-time awards based on project or other unique value-adding achievements are also considered on a discretionary basis.

In setting total compensation by individual, the Compensation Committee considers each current executive's responsibilities and experience in her or his specific area or a subjective evaluation of the appropriate overall compensation to induce an individual to join the Company as an officer. Compensation data in relevant executive labor markets, where available, has also been considered in determining executive salaries and opportunities for incentive compensation. No specific weights are assigned to these factors (although job position and subjective evaluation of appropriate overall compensation to attract or retain the executive are considered most important).

Base Salary

Consistent with the Company's entire philosophy, the executive team's most robust opportunities for additional compensation are to be found in corporate growth and performance-based incentives. The Compensation Committee therefore takes a market-based approach in its annual review of officer base salaries, primarily considering level and changes of responsibility and general executive salary

18

market trends. Owing to the Company's reduced revenues in fiscal 2001, Ms. Engel has declined any review to increase her base salary for the 2002 fiscal year.

Annual Cash Bonus

Executive officers are eligible for annual cash incentives under a pay-for-performance program. Officer bonuses were paid at individual target bonus opportunity for fiscal 2001 although in the case of Ms. Engel, constrained to 90% of her target bonus opportunity to reflect a higher individual standard for the Chief Executive Officer for the Company's 2001 financial performance.

Stock Options

Stock options are granted annually to executive officers based on pre-established grant guidelines. All grants are made at 100% of fair market value. To encourage executives to remain in the employ of the Company, the annual option grants vest over a three calendar-year period, with the first installment vesting at the close of the grant year.

Restricted Shares

Beginning in fiscal 2001, the Company granted restricted shares to executive officers based on established annual grant guidelines. Each restricted share awarded on this annual grant basis vests in equal installments over a five calendar year period, with the first installment vesting at the close of the grant year, and provides for partial acceleration in vesting upon achievement of specified diluted earnings per common share (EPS) for any year of the standard vesting cycle. The decision to commence annual awards of 5-year vesting restricted shares was taken in lieu of continuing the Company's prior practice of annual performance share awards based on 3-year performance cycles (PSPs), as the PSPs were not effective at retaining management or building its equity stake.

In addition to the restricted shares granted in 2001 as annual awards, the Company made the one-time issuance to officers of one restricted share in exchange for the surrender of every five PSPs then outstanding. Pursuant to this exchange, all 64,575 PSPs then outstanding were

surrendered and cancelled and 12,915 restricted shares were issued in this exchange. The restricted shares issued in this exchange vest in equal annual installments over two- and three-year vesting schedules, the schedules determined by adding an additional year to the duration of the performance cycle of the surrendered PSPs.

In September 2001, in exchange for stock purchase options then held by executive officers with an exercise price of \$18 per share or greater, the Company issued restricted shares at the ratio of 1 three-year vesting restricted share for the surrender of an option to purchase 100 shares of common stock. Outstanding options to purchase 1,035,833 shares of common stock were surrendered and cancelled, and 10,359 restricted shares were issued in the exchange. The exchange represented a range of 2% to 13% of Black-Scholes value, depending on exercise price and age of each option surrendered. In addition to building management's equity stake, this exchange advanced the goal of executive retention since vesting of the restricted shares issued in the exchange started anew irrespective whether an executive was vested in the surrendered options.

Compensation of Chief Executive Officer

The CEO's compensation is comprised of the same elements used to compensate other executive officers. Ms. Engel's base salary rate effective during 2001 was \$605,000, adjusted early in the year consistent with the executive salary review approach described above. Her bonus and equity incentive awards for 2001 were determined in the same manner as for other executive officers (except as noted above with respect to constraining her 2001 cash bonus), and the actual amounts are shown in the Summary Compensation Table preceding this Report.

Conclusion

Consistent with their compensation philosophy, the Committees believe their approach to executive officer compensation provides incentive to attain strong financial performance while also enhancing executive retention, and is tightly aligned to stockholder interests. The Committee's believe that this approach focuses the efforts of the Company's executive officers toward achieving fundamental growth and share price appreciation for the long-term benefit of stockholders.

In addition to the solicitation of proxies by use of the mails, some of the officers, directors, and regular employees of the Company and its subsidiaries, none of whom will receive additional compensation therefor, may solicit proxies in person or by telephone, telegraph or other means. Solicitation will also be made by employees of Mellon Investor Services, which firm will be paid a fee estimated not to exceed \$5,000, plus expenses. As is customary, the Company will, upon request, reimburse brokerage firms, banks, trustees, nominees and other persons for their out-of-pocket expenses in forwarding proxy materials to their principals.

STOCKHOLDER PROPOSALS FOR THE 2003 ANNUAL MEETING OF STOCKHOLDERS

Shareholder proposals for consideration at the Company's 2003 Annual Meeting must follow the procedures set forth in Rule 14a-8 under the Securities Exchange Act of 1934 and the Company's Restated By-Laws. To be timely under Rule 14a-8, shareholder proposals must be received by the Secretary of the Company by November 29, 2002 in order to be considered for inclusion in the Company's Proxy Statement. Under the Company's Restated By-Laws, if a shareholder plans to bring an item of business before a meeting of shareholders, the shareholder must notify the Company generally not less than 60 days nor more than 90 days prior to the meeting, provided, however, that if less than 70 days notice of the meeting date is given, notice by the shareholder to be timely must be received not later than the close of business on the 10th day following the earlier of the day on which notice of the meeting date is mailed or public disclosure of such date was made. If the Company does not receive notice of a shareholder proposal within the time requirements set forth in the Restated By-Laws, then the Company will not be required to present such proposal at the 2003 Annual Meeting of Shareholders. The proposals must also comply with all applicable statutes and regulations.
