We have not authorized anyone to provide you with information different from that contained in this prospectus. You should assume that the information appearing in this prospectus is accurate as of the date on the front cover of this prospectus only, regardless of the time of delivery of this prospectus or of any sale of the common stock. In this prospectus, "SYSCO," "we," "us," and "our" refer to Sysco Corporation and its subsidiaries.

Edgar Filing: SYSCO CORP - Form S-3

SYSCO CORPORATION

Sysco Corporation, together with its subsidiaries and divisions, is the largest North American distributor of food and related products to the foodservice or "food-prepared-away-from-home" industry. SYSCO provides its products and services to approximately 356,000 customers, including:

- o restaurants;
- o healthcare and educational facilities;
- o lodging establishments; and
- o other foodservice customers.

Since SYSCO's formation in 1969, annual sales have grown from approximately \$115 million to over \$19 billion in fiscal 2000. SYSCO's innovations in food technology, packaging and transportation provide customers with quality products delivered on time, in excellent condition and at reasonable prices.

Products distributed by SYSCO include:

- o a full line of frozen foods, such as meats, fully prepared entrees, fruits, vegetables and desserts;
- o a full line of canned and dry foods;
- o fresh meats;
- o imported specialties; and
- o fresh produce.

SYSCO also supplies a wide variety of nonfood items, including:

- o paper products, such as disposable napkins, plates and cups;
- o tableware, such as china and silverware;
- o restaurant and kitchen equipment and supplies;
- o medical and surgical supplies;
- o cleaning supplies; and
- o personal care guest amenities, housekeeping supplies, room accessories and textiles to the lodging industry.

SYSCO distributes both nationally-branded merchandise and products packaged under its own private brands.

Our principal executive offices are located at 1390 Enclave Parkway, Houston, Texas 77077-2099, and our telephone number is (281) 584-1390.

Edgar Filing: SYSCO CORP - Form S-3

In addition to the other information in this prospectus, the following risk factors should be considered carefully in evaluating an investment in the common stock offered hereby.

SYSCO Is In A Low Margin Business and Its Profitability May Be Negatively Impacted By Food Price Deflation and Other Factors

The foodservice distribution industry is characterized by relatively high inventory turnover with relatively low profit margins. SYSCO makes a significant portion of its sales at prices that are based on the cost of products it sells plus a percentage markup. As a result, SYSCO's profit levels may be negatively impacted during periods of food price deflation, even though SYSCO's gross profit percentage may remain relatively constant. The foodservice industry is sensitive to national and economic conditions. SYSCO's operating results also are sensitive to, and may be adversely affected by, other factors, including difficulties with the collectability of accounts receivable, inventory control, competitive price pressures, severe weather conditions and unexpected increases in fuel or other transportation-related costs. Although such factors have not had a material adverse impact on SYSCO's past operations, there can be no assurance that one or more of these factors will not adversely affect future operating results.

SYSCO's Significant Indebtedness Could Increase Its Vulnerability to Competitive Pressures, Negatively Affect Its Ability to Expand and Decrease the Market Value of Its Common Stock

As of July 1, 2000, SYSCO had approximately \$1.02 billion of long-term indebtedness outstanding. Because historically a substantial part of SYSCO's growth has been the result of acquisitions and capital expansion, SYSCO's continued growth depends, in large part, on its ability to continue this expansion. As a result, its inability to finance acquisitions and capital expenditures through borrowed funds could restrict its ability to expand. Moreover, any default under the documents governing the indebtedness of SYSCO could have a significant adverse effect on the market value of SYSCO's common stock. Further, SYSCO's leveraged position may also increase its vulnerability to competitive pressures.

Because SYSCO Sells Food Products, It Faces the Risk of Exposure to Product Liability Claims

SYSCO, like any other seller of food, faces the risk of exposure to product liability claims in the event that the use of products sold by it causes injury or illness. With respect to product liability claims, SYSCO believes it has sufficient primary or excess umbrella liability insurance. However, this insurance may not continue to be available at a reasonable cost, or, if available, may not be adequate to cover liabilities. SYSCO generally seeks contractual indemnification and insurance coverage from parties supplying its products, but this indemnification or insurance coverage is limited, as a practical matter, to the creditworthiness of the indemnifying party and the insured limits of any insurance provided by suppliers. If SYSCO does not have adequate insurance or contractual indemnification available, product liability relating to defective products could materially reduce SYSCO's net income and earnings per share.

Because SYSCO Has Few Long-Term Contracts with Suppliers and Does Not Control the Actual Production of the Products it Sells, SYSCO May Be Unable to Obtain Adequate Supplies of Its Products

SYSCO obtains substantially all of its foodservice products from other suppliers. For the most part, SYSCO does not have long-term contracts with any supplier committing it to provide products to SYSCO. Although SYSCO's purchasing volume can provide leverage when dealing with suppliers, suppliers may not

Edgar Filing: SYSCO CORP - Form S-3

provide the foodservice products and supplies needed by SYSCO in the quantities requested. Because SYSCO does not control the actual production of the products it sells, it is also subject to delays caused by interruption in production based on conditions outside its control. These conditions include:

- o job actions or strikes by employees of suppliers;
- o weather;
- o crop conditions;
- o transportation interruptions; and
- o natural disasters or other catastrophic events.

SYSCO's inability to obtain adequate supplies of its foodservice products as a result of any of the foregoing factors or otherwise, could mean that SYSCO could not fulfill its obligations to customers, and customers may turn to other distributors.

If SYSCO Cannot Renegotiate Its Union Contracts, Its Profitability May Decrease Because of Work Stoppages

As of July 1, 2000, approximately 8,000 SYSCO employees at 34 operating companies were members of 48 different local unions associated with the

3

International Brotherhood of Teamsters and other labor organizations. In fiscal 2001, 14 agreements covering approximately 2,500 employees will expire. Failure to effectively renegotiate these contracts could result in work stoppages. Although SYSCO has not experienced any significant labor disputes or work stoppages to date, and believes it has satisfactory relationships with its unions, a work stoppage due to failure to renegotiate a union contract, or otherwise, could have a material adverse effect on SYSCO.

If SYSCO Cannot Integrate Acquired Companies with Its Business, Its Profitability May Decrease

If SYSCO is unable to integrate acquired businesses successfully and realize anticipated economic, operational and other benefits in a timely manner, its profitability may decrease. Integration of an acquired business may be more difficult when SYSCO acquires a business in a market in which it has limited or no expertise, or with a corporate culture different from SYSCO's. If SYSCO is unable to integrate acquired businesses successfully, it may incur substantial costs and delays in increasing its customer base. In addition, the failure to integrate acquisitions successfully may divert management's attention from SYSCO's existing business and may damage SYSCO's relationships with its key customers and suppliers.

Provisions in SYSCO's Charter and Stockholder Rights Plan May Inhibit a Takeover of SYSCO

Under its Restated Certificate of Incorporation, SYSCO's Board of Directors is authorized to issue up to 1.5 million shares of preferred stock without stockholder approval. No shares of preferred stock are currently outstanding. Issuance of these shares would make it more difficult for anyone to acquire SYSCO without approval of the Board of Directors because more shares would have to be acquired to gain control. If anyone attempts to acquire SYSCO without approval of the Board of Directors of SYSCO, the stockholders of SYSCO have the

Edgar Filing: SYSCO CORP - Form S-3

right to purchase preferred stock of SYSCO, which also means more shares would have to be acquired to gain control. Both of these devices may deter hostile takeover attempts that might result in an acquisition of SYSCO that would have been financially beneficial to SYSCO's stockholders.

Forward Looking Statements

Some of the information contained or incorporated by reference in this prospectus contains forward-looking statements that involve substantial risks and uncertainties. You can identify these statements by forward-looking words such as "may," "will," "expect," "anticipate," "believe," "estimate," "could" and "continue" or similar words. You should read statements that contain these words carefully for the following reasons:

- o the statements discuss our future expectations;
- o the statements contain projections of our future results of operations or of our financial condition; and
- o the statements state other "forward-looking" information.

We believe it is important to communicate our expectations to our investors. There may be events in the future, however, that we are not accurately able to predict or over which we have no control. The risk factors listed in this section, as well as any cautionary language in this prospectus, provide examples of risks, uncertainties and events that may cause our actual results to differ materially from the expectations we describe in our forward-looking statements. Before you invest in our common stock, you should be aware that the occurrence of any of the events described in these risk factors and elsewhere in this prospectus could have a material adverse effect on our business, financial condition and results of operations. In such case, the trading price of our common stock could decline and you may lose all or part of your investment.

USE OF PROCEEDS

This prospectus relates to the offer and sale of our common stock by the selling shareholders. We will not receive any proceeds from the sale of the common stock. We will pay all expenses related to the registration of the common stock except underwriting discounts and commissions and fees and expenses of counsel for the selling shareholders.

SELLING SHAREHOLDERS

Of the 169,997 shares of SYSCO common stock to which this prospectus relates, 58,000 shares are being offered by former shareholders of HRI Supply Ltd. and/or their permitted transferees. On May 4, 2001, certain former shareholders of HRI Supply received shares in a Canadian subsidiary of SYSCO in connection with the acquisition of all of the issued and outstanding shares of HRI Supply by such subsidiary. We entered into a registration rights agreement with such former shareholders of HRI Supply, under which we agreed to register for sale certain shares of SYSCO common stock into which shares of such subsidiary of SYSCO are exchangeable on a one for one basis. On June 25, 2001, 58,000 shares held by the former shareholders of HRI Supply were exchanged for shares of SYSCO common stock.

This prospectus also relates to 111,997 shares of SYSCO common stock being offered by former shareholders of North Douglas Distributors Ltd. and/or their

permitted transferees. On December 7, 2000, former shareholders of North Douglas Distributors received shares in a Canadian subsidiary of SYSCO in connection with the acquisition of all of the issued and outstanding shares of North Douglas Distributors by such subsidiary. We entered into a registration rights agreement with such former shareholders of North Douglas Distributors, under which we agreed to register for sale certain shares of SYSCO common stock into which shares of such subsidiary of SYSCO are exchangeable on a one for one basis. On July 19, 2001, 111,997 shares held by the former shareholders of North Douglas Distributors were exchanged for shares of SYSCO common stock.

The following table states the name of each of the selling shareholders, the number of shares of common stock of SYSCO beneficially owned by each selling shareholder as of July 20, 2001, the number of shares which may be sold for the account of each selling shareholder, the number of shares of common stock that will be beneficially owned by each selling shareholder after the completion of the offering assuming the sale of all shares offered, the percentage of SYSCO common stock owned by each selling shareholder as of July 20, 2001, and the percentage of SYSCO common stock owned by each selling shareholder after the completion of the offering, assuming the sale of all shares offered.

PLAN OF DISTRIBUTION

The selling shareholders may offer and sell shares of common stock offered by this prospectus during the 90-day period beginning on the date of this prospectus, unless such period is extended, in one or more of the following transactions:

- o on the New York Stock Exchange or any other securities exchange that

Edgar Filing: SYSCO CORP - Form S-3

- lists the common stock for trading;
- o in the over-the-counter market; o in transactions other than on such exchanges or in the over-the-counter market;
- o in negotiated transactions;
- o in short sales of the common stock, in transactions to cover short sales or otherwise in connection with short sales;
- o by pledge to secure debts and other obligations or on foreclosure of a pledge;
- o through put or call options, including the writing of exchange-traded call options, or other hedging transactions related to the common stock; and
- o in a combination of any of the above transactions.

The selling shareholders may sell their shares at market prices prevailing at the time of sale, at prices related to such prevailing market prices, at negotiated prices or at fixed prices. The transactions listed above may include block transactions. We have been advised by the selling shareholders that they have not made any arrangements with any underwriters or broker-dealers relating to the distribution of the shares covered by this prospectus.

The selling shareholders may sell their shares directly to purchasers, use broker-dealers to sell their shares or may sell their shares to broker-dealers acting as principals. If this happens, broker-dealers may either receive discounts or commissions from the selling shareholders, or they may receive commissions from purchasers of shares for whom they acted as agents, or both. If a broker-dealer purchases shares as a principal, it may resell the shares for its own account under this prospectus. We will pay all registration fees and expenses for the common stock offered by this prospectus.

The selling shareholders and any agent, broker or dealer that participates in sales of common stock offered by this prospectus may be deemed "underwriters" under the Securities Act of 1933 and any commissions or other consideration received by any agent, broker or dealer may be considered underwriting discounts or commissions under the Securities Act. We have agreed to indemnify the selling shareholders against certain liabilities arising under the Securities Act from sales of common stock. Selling shareholders may agree to indemnify any agent, broker or dealer that participates in sales of common stock against liabilities arising under the Securities Act from sales of common stock.

Because selling shareholders may be deemed to be "underwriters" within the meaning of Section 2(11) of the Securities Act, the selling shareholders will be subject to the prospectus delivery requirements of the Securities Act, which may include delivery through the facilities of the New York Stock Exchange pursuant to Rule 153 under the Securities Act. We have informed the selling shareholders that the anti-manipulation provisions of Regulation M under the Securities Exchange Act of 1934 may apply to their sales of common stock.

Instead of selling common stock under this prospectus, selling shareholders may sell common stock in compliance with the provisions of Rule 144 under the Securities Act, if available.

Upon SYSCO being notified by a selling shareholder that any material arrangement has been entered into with a broker-dealer for the sale of shares through a block trade, special offering, exchange distribution or secondary distribution or a purchase by a broker or dealer, a supplement to this prospectus will be filed, if required, pursuant to Rule 424(b) under the

Edgar Filing: SYSCO CORP - Form S-3

Securities Act, disclosing:

- o the name of each such selling shareholder and of the participating broker-dealer;
- o the number of shares involved;
- o the price at which such shares were sold;
- o the commissions paid or discounts or concessions allowed to such broker-dealer, where applicable;
- o that such broker-dealer did not conduct any investigation to verify the information set out or incorporated by reference in this prospectus; and
- o other facts material to the transaction.

In addition, upon SYSCO being notified by a selling shareholder that a permitted transferee to which the right to utilize this prospectus, as determined in accordance with the registration rights agreement, has been transferred intends to sell more than 500 shares, a supplement to this prospectus will be filed.

The term "selling shareholders" may also include persons who obtain common stock from selling shareholders as a gift, for no consideration upon dissolution of a corporation, partnership or limited liability company, on foreclosure of a pledge or in another private transaction; provided, however, that if a permitted transferee intends to sell more than 500 shares of such SYSCO common stock, the filing of a supplement to this prospectus will be required.

LEGAL MATTERS

The validity of the shares of common stock offered by this prospectus will be passed upon for SYSCO by Arnall Golden Gregory LLP, Atlanta, Georgia. Jonathan Golden, a partner of Arnall Golden Gregory LLP, is a director of SYSCO. As of July 20, 2001, attorneys with Arnall Golden Gregory LLP beneficially owned an aggregate of approximately 170,000 shares of SYSCO's common stock.

EXPERTS

The consolidated balance sheets of SYSCO and subsidiaries as of July 1, 2000 and July 3, 1999, and the related statements of consolidated results of operations, shareholders' equity and cash flows and financial statement schedule for each of the three years in the period ended July 1, 2000, incorporated by reference in this prospectus and elsewhere in the registration statement have been audited by Arthur Andersen LLP, independent public accountants, as indicated in their report with respect thereto, and are incorporated herein in reliance upon the authority of said firm as experts in giving said report.

With respect to the unaudited interim financial information of SYSCO and subsidiaries for the quarters ended September 30, 2000, December 30, 2000 and March 31, 2001 incorporated herein by reference, Arthur Andersen LLP has applied limited procedures in accordance with professional standards for a review of that information. However, their separate report thereon states that they did not audit and they do not express an opinion on that interim financial information. Accordingly, the degree of reliance on their report on that information should be restricted in light of the limited nature of the review procedures applied. In addition, the accountants are not subject to the

Edgar Filing: SYSCO CORP - Form S-3

liability provisions of Section 11 of the Securities Act of 1933 for their reports on the unaudited interim information because that report is not a "report" or a "part" of the registration statement prepared or certified by the accountants within the meaning of Sections 7 and 11 of the Act.

ITEM 17. Undertakings

(a) The undersigned Registrant hereby undertakes as follows:

1. To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii) To reflect in the prospectus any facts or events arising

Edgar Filing: SYSCO CORP - Form S-3

after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

II-2

2. That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

3. To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

4. That, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Exchange Act that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered herein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

5. Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
