Item 2.02 Results of Operations and Financial Condition

On April 26, 2007, The Southern Company (Southern Company) issued a press release regarding its earnings for the three months ended March 31, 2007. A copy of this release is being furnished as Exhibit 99.01 to this Current Report on Form 8-K. In addition, certain additional information regarding the financial results for the three months ended March 31, 2007 is being furnished as Exhibits 99.02 through 99.06 to this Current Report on Form 8-K.

Use of Non-GAAP Financial Measures

Exhibits 99.01, 99.02 and 99.03 to this Current Report on Form 8-K, in addition to including earnings and earnings per share in accordance with generally accepted accounting principles (GAAP) for the quarters ended March 31, 2007 and March 31, 2006, also include earnings and earnings per share for such periods excluding the results of Southern Company s synthetic fuel investments. Southern Company s synthetic fuel investments generate tax credits as a result of synthetic fuel production. These tax credits will no longer be available after December 31, 2007. Southern Company management uses earnings per share, excluding synthetic fuel earnings, to evaluate the performance of Southern Company s ongoing business activities. Southern Company believes the presentation of earnings and earnings per share excluding the results of the synthetic fuel investments also is useful for investors because it provides investors with additional information for purposes of comparing Southern Company s performance for such periods. The presentation of this additional information is not meant to be considered a substitute for financial measures prepared in accordance with GAAP.

Exhibits

The exhibits hereto contain business segment information for Alabama Power Company, Georgia Power Company, Gulf Power Company, Mississippi Power Company and Southern Power Company. Accordingly, this report is also being furnished on behalf of each such registrant.
