Management's discussion of**Fund performance**

By John Hancock Asset Management a division of Manulife Asset Management (US) LLC

In the broad market, stocks managed positive returns during a volatile 12-month period ended October 31, 2011. Equities initially benefited from stimulative monetary and fiscal policies. But an escalating series of crises — including the European sovereign debt crisis, the U.S. Treasury debt downgrade and worries about the pace of the economic recovery — meant stocks endured some very difficult months. Equity markets finished the fiscal year with a sharp rebound in October. In that environment, bank stocks had negative returns and lagged the market. For the 12 months, the S&P Composite 1500 Banks Index returned -1.86%. By comparison, the S&P 500 Stock Index gained 8.09%. For the year ended October 31, 2011, John Hancock Bank and Thrift Opportunity Fund posted total returns of -1.81% at net asset value and 0.76% at market value. The difference in the Fund's net asset value (NAV) performance and its market performance stems from the fact that the market share price is subject to the dynamics of secondary market trading, which could cause it to trade at a discount or premium to the Fund's NAV share price at any time. The average open-end specialty-financial fund tracked by Morningstar, Inc. returned -6.80%.

The leading detractors from performance were the large, diversified financial services firms in the Fund's portfolio: Bank of America Corp. and JPMorgan Chase & Company. These two businesses were big enough to have exposure to several different challenges or currents buffeting the sector simultaneously. It also hurt performance to hold stakes in several mid- to smaller-sized banks that underperformed, including Comerica, Inc., Zions Bancorporation, SunTrust Banks, Inc. and TCF Financial Corp. Many of the leading contributors to performance were positions in smaller, high-quality regional lenders in healthier local economies. Pursuant to a managed distribution plan adopted in March 2010, the Fund makes quarterly distributions equal to 1.25% of the Fund's net asset value, based upon an annual rate of 5.00% as of the measuring date. In accordance with this plan, the Fund announced quarterly distributions of \$0.2113, \$0.2380, \$0.2384, and \$0.2191 to shareholders of record as of December 13, 2010, March 11, 2011, June 13, 2011 and September 12, 2011, respectively.

This commentary reflects the views of the portfolio managers through the end of the Fund's period discussed in this report. The managers' statements reflect their own opinions. As such, they are in no way guarantees of future events, and are not intended to be used as investment advice or a recommendation regarding any specific security. ³ Total returns would have been lower had certain expenses not been reduced during the periods shown.

⁴ Total return based on net asset value reflects changes in the Fund's net asset value during each period. Total return based on market value reflects changes in market value. Each figure assumes that dividend and capital gain distributions, if any, were reinvested. These figures will differ depending upon the level of any discount from or premium to net asset value at which the Fund's shares traded during the period.

Notes to financial statements

Note 1 — Organization

John Hancock Bank and Thrift Opportunity Fund (the Fund) is a closed-end diversified management investment company organized as a Massachusetts business trust and registered under the Investment Company Act of 1940,

as amended (the 1940 Act).

Note 2 — Significant accounting policies

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America, which require management to make certain estimates and assumptions at the date of the financial statements. Actual results could differ from those estimates. Events or transactions occurring after the end of the fiscal period through the date that the financial statements were issued have been evaluated in the preparation of the financial statements. The following summarizes the significant accounting policies of the Fund:

Security valuation. Investments are stated at value as of the close of regular trading on the New York Stock Exchange (NYSE), normally at 4:00 P.M., Eastern Time. The Fund uses a three-tier hierarchy to prioritize the pricing assumptions, referred to as inputs, used in valuation techniques to measure fair value. Level 1 includes securities valued using quoted prices in active markets for identical securities. Level 2 includes securities valued using significant observable inputs. Observable inputs may include quoted prices for similar securities, interest rates, prepayment speeds and credit risk. Prices for securities valued using these inputs are received from independent pricing vendors and brokers and are based on an evaluation of the inputs described. Level 3 includes securities valued using significant unobservable inputs when market prices are not readily available or reliable, including the Fund's own assumptions in determining the fair value of investments. Factors used in determining value may include market or issuer specific events, changes in interest rates and credit quality. The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

Changes in valuation techniques may result in transfers into or out of an assigned level within the disclosure hierarchy. During the year ended October 31, 2011, there were no significant transfers into or out of Level 1 or Level 2 assets.

The following is a reconciliation of Level 3 assets for which significant unobservable inputs were used to determine fair value. Transfers into or out of Level 3 represent the beginning value of any security or instrument where a change in the level has occurred from the beginning to the end of the period.

Change in unrealized at period end*	\$1,366,018	\$435,762	\$1,801,780

*Change in unrealized appreciation (depreciation) attributable to Level 3 securities held at the period end. This balance is included in the change in unrealized appreciation (depreciation) on the Statement of operations.

In order to value the securities, the Fund uses the following valuation techniques. Equity securities held by the Fund are valued at the last sale price or official closing price on the principal securities exchange on which they trade. In the event there were no sales during the day or closing prices are not available, then securities are valued using the last quoted bid or evaluated price. Debt

obligations are valued based on the evaluated prices provided by an independent pricing service, which utilizes both dealer-supplied and electronic data processing techniques, taking into account factors such as institutional-size trading in similar groups of securities, yield, quality, coupon rate, maturity, type of issue, trading characteristics and other market data. Certain securities traded only in the over-the-counter market are

valued at the last bid price quoted by brokers making markets in the securities at the close of trading. Certain short-term securities are valued at amortized cost. Other portfolio securities and assets, where market quotations are not readily available, are valued at fair value, as determined in good faith by the Fund's Pricing Committee, following procedures established by the Board of Trustees.

Repurchase agreements. The Fund may enter into repurchase agreements. When the Fund enters into a repurchase agreement, it receives collateral which is held in a segregated account by the Fund's custodian. The collateral amount is marked-to-market and monitored on a daily basis to ensure that the collateral held is in an amount not less than the principal amount of the repurchase agreement plus any accrued interest. In the event of a default by the counterparty, realization of the collateral proceeds could be delayed, during which time the collateral value may decline.

Security transactions and related investment income. Investment security transactions are accounted for on a trade date plus one basis for daily net asset value calculations. However, for financial reporting purposes, investment transactions are reported on trade date. Interest income is accrued as earned. Interest income includes coupon interest and amortization/accretion of premiums/discounts on debt securities. Debt obligations may be placed in a non-accrual status and related interest income may be reduced by stopping current accruals and writing off interest receivable when the collection of all or a portion of interest has become doubtful. Dividend income is recorded on the ex-date. Gains and losses on securities sold are determined on the basis of identified cost and may include proceeds from litigation.

Overdrafts. Pursuant to the custodian agreement, the Fund's custodian may, in its discretion, advance funds to the Fund to make properly authorized payments. When such payments result in an overdraft, the Fund is obligated to repay the custodian for any overdraft, including any costs or expenses associated with the overdraft. The custodian has a lien, security interest or security entitlement in any Fund property that is not segregated, to the maximum extent permitted by law, to the extent of any overdraft.

Expenses. The majority of expenses are directly attributable to an individual fund. Expenses that are not readily attributable to a specific fund are allocated among all funds in an equitable manner, taking into consideration, among other things, the nature and type of expense and the fund's relative net assets. Expense estimates are accrued in the period to which they relate and adjustments are made when actual amounts are known.

Federal income taxes. The Fund intends to continue to qualify as a regulated investment company by complying with the applicable provisions of the Internal Revenue Code and will not be subject to federal income tax on taxable income that is distributed to shareholders. Therefore, no federal income tax provision is required.

As of October 31, 2011, the Fund had no uncertain tax positions that would require financial statement recognition, derecognition or disclosure. The Fund's federal tax returns are subject to examination by the Internal Revenue Service for a period of three years.

Managed distribution plan. On March 12, 2010, the Board of Trustees approved the adoption of a new managed distribution plan (the Distribution Plan). Under the Distribution Plan, the Fund will make quarterly distributions of an amount equal to 1.25% of the Fund's net asset value, based upon an annual rate of 5%, as of each measuring date. The amount of each quarterly distribution will be

determined based on the net asset value of the Fund at the close of the NYSE on the last business day of the month ending two months prior to each quarterly declaration date.

Distributions under the Distribution Plan may consist of net investment income, net realized capital gains and, to the extent necessary, return of capital. Return of capital distributions may be necessary when the Fund's net investment income and net capital gains are insufficient to meet the minimum percentage dividend. In addition, the Fund may also make additional distributions to avoid federal income and excise taxes. The final determinations of tax characteristics of the Fund's distributions will occur at the end of the year, at which time it

will be reported to shareholders.

The Board of Trustees may terminate or reduce the amount distributed under the Distribution Plan at any time. The termination or reduction may have an adverse effect on the market price of the Fund's shares.

Distribution of income and gains. Distributions to shareholders from net investment income and net realized gains, if any, are recorded on the ex-date. The Fund generally declares and pays dividends quarterly through its managed distribution plan described above. The tax character of distributions for the years ended October 31, 2011 and October 31, 2010 was as follows:

	OCTOBER 31, 2011	OCTOBER 31, 2010
Ordinary Income	\$3,365,012	\$1,294,703
Long-Term Capital Gain	14,413,306	13,723,010

As of October 31, 2011, the components of distributable earnings on a tax basis included \$63,693 of undistributed ordinary income.

Such distributions and distributable earnings, on a tax basis, are determined in conformity with income tax regulations, which may differ from accounting principles generally accepted in the United States of America. Material distributions in excess of tax basis earnings and profits, if any, are reported in the Fund's financial statements as a return of capital.

Capital accounts within the financial statements are adjusted for permanent book-tax differences. These adjustments have no impact on net assets or the results of operations. Temporary book-tax differences, if any, will reverse in a subsequent period. The Fund had no material book-tax differences at October 31, 2011.

New accounting pronouncement. In May 2011, Accounting Standards Update 2011-04 (ASU 2011-04), *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*, was issued and is effective during interim and annual periods beginning after December 15, 2011. ASU 2011-04 amends Financial Accounting Standards Board (FASB) Topic 820, *Fair Value Measurement*. The amendments are the result of the work by the FASB and the International Accounting Standards Board to develop common requirements for measuring fair value and for disclosing information about fair value measurements in accordance with GAAP. Management is currently evaluating the application of ASU 2011-04 and its impact, if any, on the Fund's financial statements.

Note 3 — Guarantees and indemnifications

Under the Fund's organizational documents, its Officers and Trustees are indemnified against certain liabilities arising out of the performance of their duties to the Fund. Additionally, in the normal course of business, the Fund enters into contracts with service providers that contain general indemnification clauses. The Fund's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Fund that have not yet occurred. The risk of material loss from such claims is considered remote.

Note 4 — Fees and transactions with affiliates

John Hancock Advisers, LLC (the Adviser) serves as investment adviser for the Fund. The Adviser is an indirect, wholly owned subsidiary of Manulife Financial Corporation (MFC).

Management fee. The Fund has an investment advisory agreement with the Adviser under which the Fund pays a daily management fee to the Adviser at an annual rate of 1.15% of the Fund's average daily net assets. The Adviser has a subadvisory agreement with John Hancock Asset Management a division of Manulife Asset Management (US) LLC (formerly MFC Global Investment Management (U.S.), LLC), an indirectly owned subsidiary of MFC and an affiliate of the Adviser. The Fund is not responsible for payment of the subadvisory fees.

Administrative services. The Fund has an administration agreement with the Adviser under which the Adviser provides certain administrative services to the Fund and oversees operational activities of the Fund. The compensation for the year was at an annual rate of 0.25% of the average weekly net assets of the Fund. The Adviser agreed to limit the administrative services fee to 0.10% of the Fund's average weekly net assets. Accordingly, the expense reductions related to accounting and legal services fees amounted to \$517,989 for the year ended October 31, 2011. The Adviser reserves the right to terminate this limitation in the future with the Trustees' approval. The accounting and legal services fees incurred for the year ended October 31, 2011 amounted to an annual rate of 0.10% of the Fund's average daily net assets.

Trustee expenses. The Fund compensates each Trustee who is not an employee of the Adviser or its affiliates. These Trustees may, for tax purposes, elect to defer receipt of this compensation under the John Hancock Group of Funds Deferred Compensation Plan (the Plan). Deferred amounts are invested in various John Hancock funds and remain in the funds until distributed in accordance with the Plan. The investment of deferred amounts and the offsetting liability are included within Other receivables and prepaid expenses and Payable to affiliates — Trustees' fees, respectively, in the accompanying Statement of assets and liabilities.

Note 5 — Fund share transactions

In May 2009, the Board of Trustees approved a share repurchase plan, which was subsequently reviewed and approved by the Board of Trustees each year in December. Under the share repurchase plan, the Fund may purchase in the open market up to 10% of its outstanding common shares. The plan will remain in effect between January 1, 2012 and December 31, 2012.

During the years ended October 31, 2011 and October 31, 2010, the Fund repurchased 1,016,051 and 803,485, respectively (5.08% and 3.86% of shares outstanding), of its common shares under the share repurchase plan. The corresponding dollar amounts of the shares repurchased amounted to \$15,062,318 and \$12,088,382 for the years ended October 31, 2011 and October 31, 2010, respectively. The weighted average discount per share on these repurchases amounted to 10.4% and 13.5% for the years ended October 31, 2011 and 2010, respectively.

Note 6 — Purchase and sale of securities

Purchases and sales of securities, other than short-term securities, aggregated \$76,314,403 and \$106,201,503, respectively, for the year ended October 31, 2011.

Note 7 — Sector risk

Fund performance will be closely tied to a single sector of the economy, which may underperform other sectors over any given period of time. Financial services companies can be hurt by economic declines, changes in interest rates, regulatory and market impacts. Accordingly, the concentration may make the Fund's investment performance more volatile and investment values may rise and fall more rapidly.

Auditor's report

Report of Independent Registered Public Accounting Firm

**To the Board of Trustees and Shareholders of
John Hancock Bank and Thrift Opportunity Fund:**

In our opinion, the accompanying statement of assets and liabilities, including the schedule of investments, and the related statements of operations and of changes in net assets and the financial highlights present fairly, in all material respects, the financial position of John Hancock Bank and Thrift Opportunity Fund (the "Fund") at October 31, 2011, and the results of its operations, the changes in its net assets and the financial highlights for each of the periods indicated, in conformity with accounting principles generally accepted in the United States of America. These financial statements and financial highlights (hereafter referred to as "financial statements") are the responsibility of the Fund's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits, which included confirmation of securities as of October 31, 2011 by correspondence with the custodian, transfer agents and brokers, and the application of alternative auditing procedures where securities purchased confirmations had not been received, provide a reasonable basis for our opinion.

Investment objective and policy

The Fund is a closed-end diversified management investment company, shares of which were initially offered to the public on August 23, 1994, and are publicly traded on the New York Stock Exchange. On December 7, 2010, the Fund's Trustees approved the following new investment objective for the Fund: The Fund's investment objective is to provide a high level of total return consisting of long-term capital appreciation and current income. The prior investment objective was long-term capital appreciation. On November 20, 2001, the Fund's Trustees approved the following investment policy changes effective December 15, 2001: Under normal circumstances, the Fund will invest at least 80% of its net assets in equity securities of U.S. regional banks and thrifts and holding companies that primarily own or receive a substantial portion of their income from regional banks or thrifts. "Net assets" is defined as net assets plus borrowings for investment purposes. "Primarily owned" means that the bank or financial holding company derives a substantial portion of its business from U.S. regional banks or thrifts as determined by the Adviser, based upon generally accepted measures such as revenues, asset size and number of employees. U.S. regional banks or thrifts are ones that provide full-service banking (i.e., savings accounts, checking accounts, commercial lending and real estate lending) and whose assets are primarily of domestic origin. The Fund will notify shareholders at least 60 days prior to any change in this 80% investment policy.

The Fund may invest in investment-grade debt securities as well as debt securities rated BB or below by Standard & Poor's Ratings group (Standard & Poor's) or Ba or below by Moody's Investors Service, Inc. (Moody's) or, if unrated by such rating organizations, determined by the Adviser to be of comparable quality.

On December 7, 2010, the Fund's Trustees approved certain investment policy changes, as summarized below:

(i) investment policy stating that "Under normal market conditions, the Fund may invest up to 25% of its total assets in the equity securities of financial services companies, companies with significant lending operations, foreign banking, lending and financial services companies, "money center" banks and debt securities issued by U.S. regional banks, thrifts or their holding companies selected primarily for capital appreciation potential." was replaced with the following: "Under normal market conditions, the Fund may invest up to 20% of its net assets in the equity securities of financial services companies, companies with significant lending operations, foreign banking, lending and financial services companies, "money center" banks and debt securities issued by U.S. regional banks, thrifts or their holding companies.";

(ii) investment policy stating that "The equity securities in which the Fund may invest are common stocks, preferred stocks, warrants, stock purchase rights, securities convertible into other equity securities. Although the Fund will purchase equity securities principally for capital appreciation, such investments may also produce dividends and other income." was replaced with the following: "The equity securities in which the Fund may invest are common stocks, preferred stocks, warrants, stock purchase rights, securities convertible into other equity securities.";

(iii) investment policy stating that "The Fund intends to invest primarily in the equity securities of U.S. regional banks, thrifts and holding companies with assets of less than \$30 billion and to emphasize over time investments in U.S. regional banks, thrifts and their holding companies with assets of \$3 billion or less. The Adviser believes that such small to medium size banks

Annual report | Bank and Thrift Opportunity Fund 23

and thrifts offer better opportunity for longer-term capital appreciation than do larger banks, thrifts and their holding companies. Over time, the Fund may change its investment emphasis in response to, among other factors, consolidations in the banking and thrift industry and the Adviser's view as to opportunities for capital appreciation." was replaced with the following: "The Fund intends to invest in the equity securities of U.S. regional banks, thrifts and holding companies of any size."; and

(iv) investment policy stating that "The Fund may write and purchase call and put options on securities and securities indices provided that the value of options purchased by the Fund, together with the obligations of the Fund under options written by the Fund, other than options written or purchased for hedging purposes and call options written "against-the box," does not exceed 5% of the Fund's total assets at the time of such purchase or writing." was replaced with the following: "The Fund may write and purchase call and put options on securities and

securities indices. The Fund typically will limit notional exposure of the options to 5% of the value of the Fund's portfolio securities, although this amount is expected to vary over time based upon U.S. equity market conditions and other factors."

On March 9, 2011, the Board of Trustees approved certain investment policy changes, as summarized below:

(i) investment policy stating that "Under normal market conditions, the Fund may invest up to 20% of its net assets in the equity securities of financial services companies, companies with significant lending operations, foreign banking, lending and financial services companies, "money center" banks and debt securities issued by U.S. regional banks, thrifts or their holding companies." was replaced with the following: "Under normal market conditions, the Fund may invest up to 20% of its net assets in the common and preferred equity securities and other preferred securities of financial services companies, companies with significant lending operations, foreign banking, lending and financial services companies, "money center" banks and debt securities issued by U.S. regional banks, thrifts or their holding companies."; and

(ii) investment policy stating that "The Fund may invest up to 20% of its total assets in equity securities of foreign banking, lending and financial services companies, including securities quoted in foreign currencies." was replaced with the following: "The Fund may invest up to 20% of its total assets in common and preferred equity securities and other preferred securities of foreign banking, lending and financial services companies, including securities quoted in foreign currencies."

Dividends and distributions

During the year ended October 31, 2011, dividends from net investment income totaling \$0.09 per share and long-term capital gains totaling \$0.82 per share were paid to shareholders. The dates of payments and the amounts per share were as follows:

PAYMENT DATE	DISTRIBUTIONS
December 31, 2010	\$0.2113
March 31, 2011	0.2380
June 30, 2011	0.2384
September 30, 2011	0.2191
Total	\$0.9068

Dividend reinvestment plan

The Board of Trustees approved certain amendments to the Fund's Dividend Reinvestment Plan. The Dividend Reinvestment Plan that is in effect as of July 1, 2011 is described below.

The Fund's Dividend Reinvestment Plan (the Plan) provides that distributions of dividends and capital gains are automatically reinvested in common shares of the Fund by The Bank of New York Mellon (the Plan Agent). Every shareholder holding at least one full share of the Fund is entitled to participate in the Plan. In addition, every shareholder who became a shareholder of the Fund after June 30, 2011 and holds at least one full share of the Fund will be automatically enrolled in the Plan. Shareholders may withdraw from the Plan at any time and shareholders who do not participate in the Plan will receive all distributions in cash.

If the Fund declares a dividend or distribution, participants will receive shares purchased by the Plan Agent on participants' behalf on the New York Stock Exchange (the NYSE) or otherwise on the open market. Whenever

shares are purchased or sold on the NYSE or otherwise on the open market, each participant will pay a pro rata portion of brokerage trading fees, currently \$0.05 per share purchased or sold. Brokerage trading fees will be deducted from amounts to be invested.

The reinvestment of dividends and net capital gains distributions does not relieve participants of any income tax that may be payable on such dividends or distributions.

Shareholders participating in the Plan may buy additional shares of the Fund through the Plan at any time in amounts of at least \$50 per investment, up to a maximum of \$10,000, with a total calendar year limit of \$100,000. Shareholders will be charged a \$5 transaction fee plus \$0.05 per share brokerage trading fee for each order. Purchases of additional shares of the Fund will be made on the open market. Shareholders who elect to utilize monthly electronic fund transfers to buy additional shares of the Fund will be charged a \$2 transaction fee plus \$0.05 per share brokerage trading fee for each automatic purchase. Shareholders can also sell Fund shares held in the Plan account at any time by contacting the Plan Agent by telephone, in writing or by visiting the Plan Agent's Web site at www.bnymellon.com/shareowner/equityaccess. The Plan Agent will mail a check to you (less applicable brokerage trading fees) on settlement date, which is three business days after your shares have been sold. If you choose to sell your shares through your stockbroker, you will need to request that the Plan Agent electronically transfer your shares to your stockbroker through the Direct Registration System.

Shareholders participating in the Plan may withdraw from the Plan at any time by contacting the Plan Agent by telephone, in writing or by visiting the Plan Agent's Web site at www.bnymellon.com/shareowner/equityaccess. Such termination will be effective immediately if the notice is received by the Plan Agent prior to any dividend or distribution record date; otherwise, such termination will be effective on the first trading day after the payment date for such dividend or distribution, with respect to any subsequent dividend or distribution. If you withdraw, your shares will be credited to your account; or, if you wish, the Plan Agent will sell your full and fractional shares and send you the proceeds, less a transaction fee of \$5.00 and less brokerage trading fees of \$0.05 per share. If a shareholder does not maintain at least one whole share of common stock in the Plan account, the Plan Agent may terminate such shareholder's participation in the Plan after written notice. Upon termination, shareholders will be sent a check for the cash value of any fractional share in the Plan account, less any applicable broker commissions and taxes.

Shareholders who hold at least one full share of the Fund may join the Plan by notifying the Plan Agent by telephone, in writing or by visiting the Plan Agent's Web site at www.bnymellon.com/shareowner/equityaccess. If received in proper form by the Plan Agent before the record date of a dividend, the election will be effective with respect to all dividends

paid after such record date. If you wish to participate in the Plan and your shares are held in the name of a brokerage firm, bank or other nominee, please contact your nominee to see if it will participate in the Plan for you. If you wish to participate in the Plan, but your brokerage firm, bank or other nominee is unable to participate on your behalf, you will need to request that your shares be re-registered in your own name, or you will not be able to participate. The Plan Agent will administer the Plan on the basis of the number of shares certified from time to time by you as representing the total amount registered in your name and held for your account by your nominee.

Experience under the Plan may indicate that changes are desirable. Accordingly, the Fund and the Plan Agent reserve the right to amend or terminate the Plan. Participants generally will receive written notice at least 90 days before the effective date of any amendment. In the case of termination, participants will receive written notice at least 90 days before the record date for the payment of any dividend or distribution by the Fund.

All correspondence or additional information about the Plan should be directed to The Bank of New York Mellon, c/o BNY Mellon Shareowner Services, c/o Mellon Investor Services, P.O. Board Consideration of and Continuation of Investment Advisory Agreement and Subadvisory Agreement

The Board of Trustees (the Board, the members of which are referred to as Trustees) of John Hancock Bank and Thrift Opportunity Fund (the Fund) met in-person on May 1–3 and June 5–7, 2011 to consider the approval of the Fund’s investment advisory agreement (the Advisory Agreement) with John Hancock Advisers, LLC (the Adviser), the Fund’s investment adviser. The Board also considered the approval of the investment subadvisory agreement (the Subadvisory Agreement) among the Adviser, Manulife Asset Management (US) LLC (the Subadviser) and the Fund. The Advisory Agreement and the Subadvisory Agreement are referred to as the Agreements.

Activities and composition of the Board

The Board consists of eleven individuals, nine of whom are Independent Trustees. Independent Trustees are generally those individuals who are not employed by or have any significant business or professional relationship with the Adviser or the Subadviser. The Trustees are responsible for the oversight of operations of the Fund and perform various duties required of directors of investment companies by the Investment Company Act of 1940, as amended (the 1940 Act). The Independent Trustees have hired independent legal counsel to assist them in connection with their duties. The Board has appointed an Independent Trustee as Chairperson. The Board has established four standing committees that are composed entirely of Independent Trustees: the Audit Committee; the Compliance Committee; the Nominating, Governance and Administration Committee; and the Contracts/Operations Committee. Additionally, Investment Performance Committee A is a standing committee of the Board that is composed of Independent Trustees and one Trustee who is affiliated with the Adviser. Investment Performance Committee A oversees and monitors matters relating to the investment performance of the Fund. The Board has also designated an Independent Trustee as Vice Chairperson to serve in the absence of the Chairperson. The Board also designates working groups or ad hoc committees as it deems appropriate.

The approval process

Under the 1940 Act, the Board is required to consider the continuation of the Agreements each year. Throughout the year, the Board, acting directly and through its committees, regularly reviews and assesses the quality of the services that the Fund receives under these Agreements. The Board reviews reports of the Adviser at least quarterly, which include Fund performance reports and compliance reports. In addition, the Board meets with portfolio managers and senior investment officers at various times throughout the year. The Board considers at each of its meetings factors that are relevant to its annual consideration of the renewal of the Agreements, including the services and support provided by the Adviser and Subadviser to the Fund and its shareholders.

Prior to the May 1–3, 2011 meeting, the Board requested and received materials specifically relating to the Agreements. The materials provided in connection with the May meeting included information compiled and prepared by Morningstar, Inc. (Morningstar) on Fund fees and expenses, and the investment performance of the Fund. This Fund information is assembled in a format that permits comparison with similar information from a Peer Group, as determined by Morningstar, and with the Fund’s benchmark index. The Peer Group represents funds that invest similarly to the way the Fund invests and funds of similar size, excluding passively managed

funds and funds-of-funds. The Fund's benchmark index is an unmanaged index of securities that is provided as a basis for comparison with the Fund's performance. Other material provided for the Fund review included (a) information on the profitability of the Agreements to the Adviser and a discussion of any additional benefits to the Adviser or Subadviser or their affiliates that result from being the Adviser or Subadviser to the Fund; (b) a general analysis provided by the Adviser and the Subadviser concerning investment advisory fees charged to other clients, such as institutional clients and other investment companies, having similar investment mandates, as well as the performance of those other clients and a comparison of the services provided to those other clients and the services provided to the Fund; (c) the impact of

economies of scale; (d) a summary of aggregate amounts paid by the Fund to the Adviser; and (e) sales and redemption data regarding the Fund's shares.

At an in-person meeting held on May 1-3, 2011, the Board reviewed materials relevant to its consideration of the Agreements. As a result of the discussions that occurred during the May 1-3, 2011 meeting, the Board asked the Adviser for additional information on certain matters. The Adviser provided the additional information and the Board also considered this information as part of its consideration of the Agreements.

At an in-person meeting held on June 5-7, 2011, the Board, including the Independent Trustees, formally considered the continuation of the Advisory Agreement between the Adviser and the Fund and the Subadvisory Agreement among the Fund, the Adviser and the Subadviser, each for an additional one-year term. The Board considered what it believed were key relevant factors that are described under separate headings presented below.

The Board also considered other matters important to the approval process, such as payments made to and by the Adviser or its affiliates relating to the distribution of Fund shares and other services. The Board reviewed services related to the valuation and pricing of Fund portfolio holdings. Other important matters considered by the Board were the direct and indirect benefits to the Adviser, the Subadviser and their affiliates from their relationship with the Fund and advice from independent legal counsel with respect to the review process and materials submitted for the Board's review.

Nature, extent and quality of services

The Board reviewed the nature, extent and quality of services provided by the Adviser and the Subadviser, including the investment advisory services and the resulting performance of the Fund.

The Board considered the ability of the Adviser and the Subadviser, based on their resources, reputation and other attributes, to attract and retain qualified investment professionals, including research, advisory and supervisory personnel. It considered the background and experience of senior management and investment professionals responsible for managing the Fund. The Board considered the investment philosophy, research and investment decision-making processes of the Adviser and the Subadviser responsible for the daily investment activities of the Fund, including, among other things, portfolio trading capabilities, use of technology, commitment to compliance and approach to training and retaining portfolio managers and other research, advisory and management personnel.

The Board considered the Subadviser's history and experience providing investment services to the Fund. The Board considered the Adviser's execution of its oversight responsibilities. The Board further considered the culture of compliance, resources dedicated to compliance, compliance programs, record of compliance with applicable laws and regulation, with the Fund's investment policies and restrictions and with the applicable Code of Ethics, and the responsibilities of the Adviser's and Subadviser's compliance departments.

In addition to advisory services, the Board considered the quality of the administrative and non-investment advisory services provided to the Fund by the Adviser under separate agreements. The Board noted that the Adviser and its affiliates provide the Fund with certain administrative services (in addition to any such services provided to the Fund by third parties) and officers and other personnel as are necessary for the operations of the Fund. The Board reviewed the structure and duties of the Adviser's administration, accounting, legal and

compliance departments and considered the Adviser's and its affiliate's policies and procedures for assuring compliance with applicable laws and regulations.

The Board also received information about the nature, extent and quality of services provided by and fee rates charged by the Adviser and Subadviser to their other clients, including other registered investment companies, institutional investors and separate accounts. The Board reviewed a general analysis provided by the Adviser and the Subadviser concerning investment advisory fees charged

28 Bank and Thrift Opportunity Fund | **Annual report**

to other clients having similar investment mandates, the services provided to those other clients as compared to the services provided to the Fund, the performance of those other clients as compared to the performance by the Fund and other factors relating to those other clients. The Board considered the significant differences between the Adviser's and Subadviser's services to the Fund and the services they provide to other clients. For other clients that are not closed-end funds, the differences in services relate to the more burdensome regulatory and legal obligations of closed-end funds, the enhanced management and oversight arising from the public trading of Fund shares on an exchange and the generally higher turnover of closed-end fund portfolio holdings. When compared to all clients including mutual funds, the Adviser has greater oversight and supervisory responsibility for the Fund and undertakes greater entrepreneurial risk as the sponsor of the Fund.

Fund performance

The Board was provided with reports, independently prepared by Morningstar, which included a comprehensive analysis of the Fund's performance. The Board also examined materials provided by the Fund's portfolio management team discussing Fund performance and the Fund's investment objective, strategies and outlook. The Board also reviewed a narrative and statistical analysis of the Morningstar data that was prepared by the Adviser, which analyzed various factors that may affect the Morningstar rankings. The Board reviewed information regarding the investment performance of the Fund as compared to its Morningstar Peer Group as well as its benchmark index (see chart below). The Board was provided with a description of the methodology used by Morningstar to select the funds in the Peer Group. The Board also considered updated performance information provided by the Adviser at its May and June 2011 meetings. The Board regularly reviews the performance of the Fund throughout the year and attaches more importance to performance over relatively longer periods of time, typically three to five years.

Set forth below is the performance of the Fund (based on net asset value) over certain time periods ended December 31, 2010 and that of its Peer Group and benchmark index over the same periods:

	1 YEAR	3 YEAR	5 YEAR	10 YEAR
Bank and Thrift Opportunity Fund	17.19%	-3.63%	-3.76%	4.05%
Financial Peer Group Median	16.51%	-5.61%	-3.76%	4.18%
S&P 1500 Bank Index TR	19.20%	-15.47%	-13.32%	—

The Board noted that the Fund's performance compared favorably to the median performance of its Peer Group over multiple periods shown. The Board noted that, although the Fund had underperformed its benchmark index's performance over the one-year period, the Fund had outperformed its benchmark index's performance over all other periods.

Expenses and fees

The Board, including the Independent Trustees, reviewed the Fund's contractual advisory fee rate payable by the Fund to the Adviser as compared with the other funds in its Peer Group. The Board also received information about the investment subadvisory fee rate payable by the Adviser to the Subadviser for investment subadvisory

services. The Board considered the services provided and the fees charged by the Adviser and the Subadviser to other clients with similar investment mandates, including separately managed institutional accounts.

In addition, the Board considered the cost of the services provided to the Fund by the Adviser. The Board received and considered expense information regarding the Fund's various components, including advisory fees, distribution fees and fees other than advisory and distribution fees, including transfer agent fees, custodian fees, administration fees and other miscellaneous fees (*e.g.*, fees for accounting and legal services). The Board considered comparisons of these expenses to the Peer Group median. The Board also considered expense information regarding the Fund's total operating expense ratio (Gross Expense Ratio) and total operating expense ratio after taking the fee limitation arrangement by the Adviser into account (Net Expense Ratio). The Gross Expense Ratio is based on

Annual report | Bank and Thrift Opportunity Fund 29

common assets and includes interest expense and the Net Expense Ratio is based on common assets but excludes interest expense. The Board considered information comparing the Gross Expense Ratio and Net Expense Ratio of the Fund to that of the Peer Group median. As part of its analysis, the Board reviewed the Adviser's methodology in allocating its costs to the management of the Fund and the Fund complex.

The Board noted that the Fund's advisory fee ratio was forty basis points above the Peer Group median advisory fee ratio. The Board noted the following information about the Fund's Gross and Net Expense Ratios contained in the Fund's financial statements in relation with the Fund's Peer Group median provided by Morningstar in April 2011:

	FUND	PEER GROUP MEDIAN
Advisory Fee Ratio	1.15%	0.75%
Gross Expense Ratio	1.51%	1.55%
Net Expense Ratio	1.36%	1.50%

The Board viewed favorably the Adviser's agreement to limit its fees to maintain the accounting and legal services fees to 0.10% of the Fund's average weekly assets.

The Board received and reviewed statements relating to the Adviser's financial condition and was also provided with a profitability analysis that detailed the revenues earned and the expenses incurred by the Adviser for services under the Advisory Agreement, as well as from other relationships between the Fund and the Adviser and its affiliates. The Board reviewed the Adviser's profitability with respect to the Fund and other funds the Board currently oversees for the year ended December 31, 2010 compared to available aggregate profitability data provided for the year ended December 31, 2009. The Board reviewed the Adviser's profitability with respect to other fund complexes managed by the Adviser and/or its affiliates. The Board reviewed the Adviser's assumptions and methodology of allocating expenses in the profitability analysis, noting the inherent limitations in allocating costs among various advisory products.

The Board also considered a comparison of the Adviser's profitability to that of other similar investment advisers whose profitability information is publicly available. The Board recognized that profitability may be affected by numerous factors including, among other things, fee waivers and expense reimbursements by the Adviser, the types of funds managed, expense allocations and business mix, and therefore comparability of profitability is somewhat limited.

The Board considered the profitability information with respect to the Subadviser, which is affiliated with the Adviser. In addition, as noted above, the Board considered the assumptions and methodology for allocating expenses in the Subadviser's profitability analysis.

Economies of scale

The Board, including the Independent Trustees, considered the extent to which economies of scale might be realized as the assets of the Fund increase. Possible changes in the advisory fee rate or structure in order to enable the Fund to participate in these economies of scale (*e.g.*, through the use of breakpoints in the advisory fee at higher asset levels) are periodically discussed. The Board also considered the Adviser's overall operations and its ongoing investment in its business in order to expand the scale of, and improve the quality of, its operations that benefit the Fund.

The Board recognized the inherent limitations of any analysis of economies of scale, stemming largely from the Board's understanding that most of the Adviser's costs are not specific to individual funds, but rather are incurred across a variety of products and services.

30 Bank and Thrift Opportunity Fund | **Annual report**

Other benefits to the Adviser and the Subadviser

The Board understands that the Adviser, the Subadviser or their affiliates may derive other ancillary benefits from their relationship with the Fund, both tangible and intangible, such as their ability to leverage investment professionals who manage other portfolios, an increase in their profile in the investment advisory community and the engagement of their affiliates and/or significant shareholders as service providers to the Fund, including for administrative and distribution services. The Board believes that certain of these benefits are difficult to quantify. The Board also was informed that the Subadviser may use third-party research obtained by soft dollars generated by certain mutual fund transactions to assist itself in managing all or a number of its other client accounts.

Board determination

The Board unanimously approved the continuation of the Advisory Agreement between the Adviser and the Fund for an additional one-year term. The Subadvisory Agreement among the Fund, the Adviser and the Subadviser was also approved for an additional one-year term. Based upon its evaluation of relevant factors in their totality, the Board was satisfied that the terms of the Agreements, including the advisory and subadvisory fee rates, were fair and reasonable and in the best interest of the Fund and its shareholders. In arriving at its decision to approve the Agreements, the Board did not identify any single factor or any group of factors as all-important or controlling, but considered all factors together. Different Trustees may have attributed different weights to the various factors considered. The Independent Trustees were also assisted by independent legal counsel in making this determination. The Trustees' conclusions may be based in part on their consideration of these arrangements in prior years and on their ongoing regular review of Fund performance and operations throughout the year.

ITEM 4. PRINCIPAL ACCOUNTANT FEES AND SERVICES.

(a) Audit Fees

The aggregate fees billed for professional services rendered by the principal accountant(s) for the audit of the registrant's annual financial statements or services that are normally provided by the accountant(s) in connection with statutory and regulatory filings or engagements amounted to \$28,087 for the fiscal year ended October 31, 2011 and \$27,349 for the fiscal year ended October 31, 2010. These fees were billed to the registrant and were approved by the registrant's audit committee.

(b) Audit-Related Services

There were no audit-related fees during the fiscal years ended October 31, 2011 and October 31, 2010 billed to the registrant or to the registrant's investment adviser (not including any sub-adviser whose role is primarily portfolio management and is subcontracted with or overseen by another investment adviser), and any entity controlling, controlled by, or under common control with the adviser that provides ongoing services to the registrant ("control affiliates").

(c) Tax Fees

The aggregate fees billed for professional services rendered by the principal accountant(s) for the tax compliance, tax advice and tax planning ([tax fees]) amounted to \$2,938 for the fiscal year ended October 31, 2011 and \$2,798 for the fiscal year ended October 31, 2010. The nature of the services comprising the tax fees was the review of the registrant's tax returns and tax distribution requirements. These fees were billed to the registrant and were approved by the registrant's audit committee.

(d) All Other Fees

Other fees amounted to \$73 for the fiscal year ended October 31, 2011 and \$20 for the fiscal year ended October 31, 2010 billed to the registrant.

(e)(1) Audit Committee Pre-Approval Policies and Procedures:

The trust's Audit Committee must pre-approve all audit and non-audit services provided by the independent registered public accounting firm (the [Auditor]) relating to the operations or financial reporting of the funds. Prior to

Edgar Filing: JOHN HANCOCK BANK & THRIFT OPPORTUNITY FUND - Form N-CSR

the commencement of any audit or non-audit services to a fund, the Audit Committee reviews the services to determine whether they are appropriate and permissible under applicable law.

The trust's Audit Committee has adopted policies and procedures to, among other purposes, provide a framework for the Committee's consideration of audit-related and non-audit services by the Auditor. The policies and procedures require that any audit-related and non-audit service provided by the Auditor and any non-audit service provided by the Auditor to a fund service provider that relates directly to the operations and financial reporting of a fund are subject to approval by the Audit Committee before such service is provided. Audit-related services provided by the Auditor that are expected to exceed \$25,000 per instance/per fund are subject to specific

pre-approval by the Audit Committee. Tax services provided by the Auditor that are expected to exceed \$30,000 per instance/per fund are subject to specific pre-approval by the Audit Committee.

All audit services, as well as the audit-related and non-audit services that are expected to exceed the amounts stated above, must be approved in advance of provision of the service by formal resolution of the Audit Committee. At the regularly scheduled Audit Committee meetings, the Committee reviews a report summarizing the services, including fees, provided by the Auditor.

(e)(2) Services approved pursuant to paragraph (c)(7)(i)(C) of Rule 2-01 of Regulation S-X:

Audit-Related Fees, Tax Fees and All Other Fees:

There were no amounts that were approved by the Audit Committee pursuant to the de minimis exception under Rule 2-01 of Regulation S-X.

(f) According to the registrant's principal accountant, for the fiscal year ended October 31, 2011, the percentage of hours spent on the audit of the registrant's financial statements for the most recent fiscal year that were attributed to work performed by persons who were not full-time, permanent employees of principal accountant was less than 50%.

(g) The aggregate non-audit fees billed by the registrant's accountant(s) for services rendered to the registrant and rendered to the registrant's control affiliates for each of the last two fiscal years of the registrant were \$1,674,789 for the fiscal year ended October 31, 2011 and \$3,066,607 for the fiscal year ended October 31, 2010.

(h) The audit committee of the registrant has considered the non-audit services provided by the registrant's principal accountant(s) to the control affiliates and has determined that the services that were not pre-approved are compatible with maintaining the principal accountant(s)' independence.

ITEM 5. AUDIT COMMITTEE OF LISTED REGISTRANTS.

Other accounts the portfolio managers are managing

The table below indicates for each portfolio manager information about the accounts over which the portfolio manager has day-to-day investment responsibility. All information on the number of accounts and total assets in the table is as of October 31, 2011. For purposes of the table, "Other Pooled Investment Vehicles" may include investment partnerships and group trusts, and "Other Accounts" may include separate accounts for institutions or individuals, insurance company general or separate accounts, pension funds and other similar institutional accounts.

<i>PORTFOLIO MANAGER</i>	<i>OTHER ACCOUNTS MANAGED BY THE PORTFOLIO MANAGERS</i>
Lisa A. Welch	Other Investment Companies: 3 accounts with assets of approximately \$1.8 billion Other Pooled Investment Vehicles: None Other Accounts: None
Susan A. Curry	Other Investment Companies: 2 accounts with assets of approximately \$730.7 million Other Pooled Investment Vehicles: None

Other Accounts: None

Neither the Adviser nor Subadviser receives a fee based upon the investment performance of any of the accounts included under "Other Accounts Managed by the Portfolio Managers" in the table above.

When a portfolio manager is responsible for the management of more than one account, the potential arises for the portfolio manager to favor one account over another. For the reasons outlined below, the Fund does not believe that any material conflicts are likely to arise out of a portfolio manager's responsibility for the management of the Fund as well as one or more other accounts. The Adviser and the Subadviser have adopted procedures, overseen by the Chief Compliance Officer, that are intended to monitor compliance with the policies referred to in the following paragraphs:

- The Subadviser has policies that require a portfolio manager to allocate investment opportunities in an equitable manner and generally to allocate such investments proportionately among all accounts with similar investment objectives.
 - When a portfolio manager intends to trade the same security for more than one account, the policies of the Subadviser generally require that such trades for the individual accounts are aggregated so each account receives the same price. Where not possible or may not result in the best possible price, the Subadviser will place the order in a manner intended to result in as favorable a price as possible for such client.
 - The investment performance on specific accounts is not a factor in determining the portfolio manager's compensation. See "Compensation of Portfolio Managers" below. Neither the Adviser nor the Subadviser receives a performance-based fee with respect any accounts managed by the Fund's portfolio manager.
-

- The Subadviser imposes certain trading restrictions and reporting requirements for accounts in which a portfolio manager or certain family members have a personal interest in order to confirm that such accounts are not favored over other accounts.
- The Subadviser seeks to avoid portfolio manager assignments with potentially conflicting situations. However, where a portfolio manager is responsible for accounts with differing investment objectives and policies, it is possible that the portfolio manager will conclude that it is in the best interest of one account to sell a portfolio security while another account continues to hold or increase the holding in such security.

Compensation of portfolio managers

The Subadviser has adopted a system of compensation for portfolio managers and others involved in the investment process that is applied systematically among investment professionals. At the Subadviser, the structure of compensation of investment professionals is currently comprised of the following basic components: base salary and an annual investment bonus plan as well as customary benefits that are offered generally to all full-time employees of the Subadviser. A limited number of senior investment professionals, who serve as officers of both the Subadviser and its parent company, may also receive options or restricted stock grants of common shares of Manulife Financial. The following describes each component of the compensation package for the individuals identified as a portfolio manager for the Funds.

Base salary. Base compensation is fixed and normally reevaluated on an annual basis. The Subadviser seeks to set compensation at market rates, taking into account the experience and responsibilities of the investment professional.

Investment Bonus Plan. Only investment professionals are eligible to participate in the Investment Bonus Plan. Under the plan, investment professionals are eligible for an annual bonus. The plan is intended to provide a competitive level of annual bonus compensation that is tied to the investment professional achieving superior investment performance and aligns the financial incentives of the Subadviser and the investment professional. Any bonus under the plan is completely discretionary, with a maximum annual bonus that may be well in excess of base salary. Payout of a portion of this bonus may be deferred for up to five years. While the amount of any bonus is discretionary, the following factors are generally used in determining bonuses under the plan:

Edgar Filing: JOHN HANCOCK BANK & THRIFT OPPORTUNITY FUND - Form N-CSR

- **Investment Performance:** The investment performance of all accounts managed by the investment professional over one- and three-year periods are considered. The pre-tax performance of each account is measured relative to an appropriate peer group benchmark (for example a Morningstar large cap growth peer group if the fund invests primarily in large cap stocks with a growth strategy). With respect to fixed income accounts, relative yields are also used to measure performance.
- **The Profitability of the Subadviser:** The profitability of the Subadviser and its parent company are also considered in determining bonus awards.
- **Non-Investment Performance:** To a lesser extent, intangible contributions, including the investment professional's support of client service and sales activities, new fund/strategy idea generation, professional growth and development, and management, where applicable, are also evaluated when determining bonus awards.

Options and Stock Grants. A limited number of senior investment professionals may receive options to purchase shares of Manulife Financial stock. Generally, such option would permit the investment professional to purchase a set amount of stock at the market price on the date of grant. The option can be exercised for a set period (normally a number of years or until termination of employment) and the investment professional would exercise the option if the market value of Manulife Financial stock increases. Some investment professionals may receive restricted stock grants, where the investment professional is entitled to receive the stock at no or nominal cost, provided that the stock is forgone if the investment professional's employment is terminated prior to a vesting date.

The Subadviser also permits investment professionals to participate on a voluntary basis in a deferred compensation plan, under which the investment professional may elect on an annual basis to defer receipt of a portion of their compensation until retirement. Participation in the plan is voluntary.

*In May 2009, the Board of Trustees approved a share repurchase plan, which was subsequently renewed in December 2009, December 2010 and December 2011. Under the share repurchase plan the Fund may purchase in the open market up to 10% of its outstanding common shares. The plan renewed by the Board in December 2011 will remain in effect between January 1, 2012 and December 31, 2012.

ITEM 10. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.

The registrant has adopted procedures by which shareholders may recommend nominees to the registrant's Board of Trustees. A copy of the procedures is filed as an exhibit to this Form N-CSR. See attached "John Hancock Funds" Nominating, Governance and Administration Committee Charter.

ITEM 11. CONTROLS AND PROCEDURES.

(a) Based upon their evaluation of the registrant's disclosure controls and procedures as conducted within 90 days of the filing date of this Form N-CSR, the registrant's principal executive officer and principal financial officer have concluded that those disclosure controls and procedures provide reasonable assurance that the material information required to be disclosed by the registrant on this report is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms.

(b) There were no changes in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal half-year (the registrant's second fiscal half-year in the case of an annual report) that have materially affected, or are reasonably likely to materially affect, the registrant's internal control over financial reporting.

ITEM 12. EXHIBITS.

(a)(1) Code of Ethics for Senior Financial Officers is attached.

(a)(2) Separate certifications for the registrant's principal executive officer and principal financial officer, as required by Section 302 of the Sarbanes-Oxley Act of 2002 and Rule 30a-2(a) under the Investment Company Act of 1940, are attached.

(b)(1) Separate certifications for the registrant's principal executive officer and principal financial officer, as required by 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, and Rule 30a-2(b) under the Investment Company Act of 1940, are attached. The certifications furnished pursuant to this paragraph are not deemed to be "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, or otherwise subject to the liability of that section. Such certifications are not deemed to be incorporated by reference into any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that the Registrant specifically incorporates them by reference.

(c)(1) Proxy Voting Policies and Procedures are attached.

(c)(2) Submission of Matters to a Vote of Security Holders is attached. See attached "John Hancock Funds" Nominating, Governance and Administration Committee Charter.
