PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON MAY 17, 2007

APRIL 16, 2007

INFORMATION REGARDING PROXIES

This Proxy Statement is being furnished in connection with the solicitation of proxies by and on behalf of the Board of Directors of Berkshire Bancorp Inc. (the "Company") for use at the Company's 2006 Annual Meeting of Stockholders (the "Annual Meeting") to be held on Thursday, May 17, 2007, at 10:00 A.M. (eastern time), at the offices of Blank Rome LLP, The Chrysler Building, 24th Floor, 405 Lexington Avenue, New York, New York 10174 and at any adjournment(s) or postponement(s) thereof for the purposes set forth in the accompanying Notice of Meeting. This Proxy Statement and the accompanying proxy card are first being mailed to stockholders of the Company on or about April 20, 2007.

The principal executive offices of the Company are located at 160 Broadway, New York, New York 10038.

The cost of solicitation of proxies will be borne by the Company. In addition to the solicitation of proxies principally by the use of the mail, directors, officers and other employees of the Company, acting on its behalf and without special compensation, may solicit proxies by telephone, facsimile, email or personal interview. The Company will, at its expense, request brokers and other custodians, nominees and fiduciaries to forward proxy soliciting material to the beneficial owners of shares held of record by such persons. It is estimated that said solicitation costs will be nominal.

OUTSTANDING STOCK AND VOTING RIGHTS

The Board of Directors has fixed the close of business on April 6, 2007 as the record date (the "Record Date") for the determination of stockholders of the Company who are entitled to receive notice of, and to vote at, the Annual Meeting. Only stockholders of record on the Record Date shall be entitled to notice of, and to vote at, the Annual Meeting. At the close of business on the Record Date, an aggregate of 6,898,206 shares of the Company's common stock were outstanding, each of which is entitled to one vote on each matter to be voted upon at the Annual Meeting. The Company's stockholders do not have cumulative voting rights. The Company has no other class of securities entitled to vote at the Annual Meeting.

VOTING PROCEDURES; REVOCATIONS

When a proxy card in the form enclosed with this Proxy Statement is returned properly executed, the shares represented thereby will be voted at the Annual Meeting in accordance with the directions indicated thereon. If a proxy card is properly executed but no directions are indicated thereon, the shares will be voted FOR the election of each of the nominees for director named herein as shown on the form of proxy card.

The Board of Directors does not know of any other business to come before

Edgar Filing: BERKSHIRE BANCORP INC /DE/ - Form DEF 14A

the Annual Meeting. However, if any other matters should properly come before the Annual Meeting or any adjournment or postponement thereof for which specific authority has not been solicited from the stockholders, then, to the extent permissible by law, the persons named in the proxies will vote the proxies (which confer authority upon them to vote on any such matters) in accordance with their judgment. A stockholder who executes and returns the enclosed proxy card may revoke it at any time prior to its exercise by giving written notice of such revocation to the Secretary or Assistant Secretary of the Company, by executing a subsequently dated proxy card or by voting in person at the Annual Meeting. Attendance at the Annual Meeting by a stockholder who has executed and returned a proxy card does not alone revoke such proxy. Votes will be counted and certified by one or more Inspectors of Election who are expected to be employees of American Stock Transfer & Trust Company, the Company's transfer agent. If your shares are held in the name of a bank or broker, you must obtain a legal proxy from the bank or broker to attend the Annual Meeting and vote in person.

Proxies in the accompanying form are being solicited by, and on behalf of, the Company's Board of Directors. The persons named in the proxy have been designated as proxies by the Company's Board of Directors. Pursuant to Delaware corporate law, the presence of the holders of a majority of the outstanding shares of the Company's Common Stock entitled to vote, represented at the Annual Meeting in person or by proxy, will constitute a quorum.

Directions to withhold authority, abstentions and broker non-votes, if any, will be counted for purposes of determining the existence of a quorum at the Annual Meeting. The Company does not expect to receive any broker non-votes because the uncontested election of directors is the only matter to be presented for action at the Annual Meeting. Broker non-votes occur when a broker or other nominee that holds shares for a beneficial owner does not vote on a proposal because the broker or other nominee does not have discretionary authority to vote on the proposal and has not received voting instructions from the beneficial owner.

If a quorum is present at the Annual Meeting, the nominees for director shall be elected by a plurality of the votes present (in person or by proxy) at the Annual Meeting and entitled to vote thereon, meaning that the six nominees receiving the highest vote totals will be elected as Directors of the Company; and all other matters will be approved by a majority of votes cast and entitled to vote at the meeting.

PROPOSAL 1 - ELECTION OF DIRECTORS

The entire Board of Directors is to be elected at the Annual Meeting. The Company's by-laws presently limits the size of the Board of Directors to not less than three (3) nor more than eleven (11) persons. The Board currently has been set at six (6) persons. Accordingly, at the Annual Meeting, six (6) nominees will be elected to hold office as directors. The six persons listed below have been nominated to serve as directors of the Company until the next annual meeting of stockholders and until their respective successors have been duly elected and qualified. Five of the nominees are currently directors of the Company. The sixth, Mr. Moses Krausz, has been identified by Mr. Moses Marx, a non-management member of the Board of Directors of the Company, and recommended by the independent members of the Board of Directors of the Company, as a nominee. In the unexpected event that any of such nominees should become unable or decline to serve, proxies may be voted for the election of substitute nominees as are designated by the Company's Board of Directors.

The names of the nominees for election as directors are listed below, together with certain personal information, including the present principal occupation and recent business experience of each nominee (based solely upon information furnished by such persons). Each of the persons named below has

Edgar Filing: BERKSHIRE BANCORP INC /DE/ - Form DEF 14A

indicated to the Board of Directors of the Company that he will be able to serve as a director if elected and each has consented to be named in this Proxy Statement.

2

Proxies in the accompanying form will be voted at the Annual Meeting in favor of the election of each of the nominees listed below, unless authority to do so is specifically withheld as to an individual nominee or nominees or all nominees as a group. Proxies cannot be voted for a greater number of persons than the number of nominees named. Directors will be elected by a plurality of the votes present at the Annual Meeting in person or by proxy and entitled to vote thereon (assuming a quorum exists).

CORPORATE GOVERNANCE

We have an ongoing commitment to good governance and business practices. In furtherance of this commitment we regularly monitor developments in the area of corporate governance, and review our processes and procedures in light of such developments. We review changes in federal law and the rules and regulations promulgated by the Securities and Exchange Commission ("SEC") and NASDAQ regulations applicable to companies whose securities are quoted on NASDAQ. We comply with new laws and rules and implement other corporate governance practices which we believe to be in the best interest of the Company and its stockholders. We believe that we have in place policies which are designed to enhance our stockholders' interests.

The Company qualifies as a Controlled Company under applicable NASDAQ rules by virtue of more than 50% of the voting power of the Company being controlled by one individual as set forth below in "Securities Held By Management," and therefore is exempt from the requirement of NASD Rule 4350(c) that a majority of the Board of Directors must be comprised of independent directors as well as the requirements of Rule 4350(c) regarding determination of compensation of officers and nomination of directors. We have complied with these rules through the date hereof. In the future, inasmuch as the Company is a controlled company, compensation will be determined by the independent members of the Board and approved by the disinterested members of the Board, and nominations to the Board will be made by the Board, in each case including both directors who qualify and directors who do not qualify as independent directors.

Corporate Code of Ethics. We have adopted a Corporate Code of Ethics, copies of which are available without cost upon written request to the Company's Chief Executive Officer at the Company's principal executive office. All of our employees, officers, and directors, including the Chief Executive Officer and Chief Financial Officer, are required to adhere to our Corporate Code of Ethics in discharging their work-related responsibilities. Employees are required to report any conduct that they believe in good faith to be an actual or apparent violation of the Ethics Policy.

We also have a confidential hotline through which our employees may report concerns about the Company's business practices. In keeping with the Sarbanes-Oxley Act of 2002, the Audit Committee has established procedures for receipt and handling of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and to allow for the confidential, anonymous submission by our employees of concerns regarding accounting or auditing matters.

BOARD COMMITTEES, MEETINGS AND COMPENSATION

Our Board of Directors has established two Committees, the Audit Committee and the Stock Incentive Committee. Committee membership is determined by the Board, and all committee members are independent directors as determined by the Board in accordance with the independence requirements under corporate governance rules for companies whose securities are quoted on NASDAQ. Audit Committee members also meet the independence requirements under Section 10A(m) of the Securities Exchange Act of 1934, as amended (the "Exchange Act") and the rules thereunder. Where appropriate, each Committee maintains a written charter detailing its authority and responsibilities that is adopted by the Board of Directors. Charters are reviewed periodically as legislative and regulatory developments and business circumstances warrant. Charters are available without cost to any stockholder requesting a copy in writing to the attention of Mr. Steven Rosenberg at the Company's executive offices. The Audit Committee charter is attached as Exhibit A to this proxy statement.

- (i) The Audit Committee is responsible for (a) the quality and integrity of

Edgar Filing: BERKSHIRE BANCORP INC /DE/ - Form DEF 14A

the Company's financial statements, (b) the Company's compliance with legal and regulatory requirements regarding accounting matters, (c) the selection, qualification and monitoring of independence of the independent accounting firm serving as auditors of the Company and (d) the performance of the Company's

5

internal audit function and the work of the independent auditors. The Committee advises and makes recommendations to the Board of Directors regarding the financial, investment and accounting procedures and practices followed by the Company. The members of the Committee are Messrs. Stockwell (Chair), Cohen and Fischer. The Board has determined that Messrs. Stockwell and Cohen are both deemed to be financial experts under applicable rules of the SEC.

(ii) The Stock Incentive Committee is responsible for the administration of our 1999 Stock Incentive Plan. The members of the Committee are Messrs. Cohen (Chair), Fischer and Stockwell.

We do not have a nominating committee. In accordance with NASDAQ Marketplace rules, nominations of persons to serve on our Board of Directors for the coming year were made by the Board based upon the recommendation of at least a majority of the independent members of the Board.

Considering the regulatory requirements and taking into account its limited size, our Board believes that it is appropriate for the Board, acting as a whole, to identify, and screen, all nominees for Directors of the Company for selection and to fulfill all of the functions of a formal nominating committee. The Board has adopted the following formal procedures for the consideration by the Board members responsible for identifying, screening and recommending Director nominees, to receive and consider any such nominees that may be made by stockholders of the Company.

Stockholders must submit their recommendations in writing to the Company at its executive offices within the time period and in accordance with the procedure specified below. The Board will consider nominees recommended by the Company's stockholders provided that the recommendation contains sufficient information for them to assess the suitability of the candidate, including the candidate's qualifications. Candidates recommended by stockholders that comply with these procedures will receive the same consideration that candidates recommended by members of the Board receive. Each recommendation for nomination is required to set forth:

- * the name and address of the stockholder making the nomination and the person or persons nominated;
- * a representation that the stockholder is a holder of record of capital stock of the Company entitled to vote at such a meeting and intends to appear in person or by proxy at the meeting to vote for the person or persons nominated and the number of shares owned of record or beneficially owned by the stockholder;
- * a description of all arrangements and understandings between the stockholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination was made by the stockholder;
- * such other information regarding each nominee proposed by such stockholder as would be required to be included in a proxy statement filed pursuant to the proxy rules of the SEC had the nominee been nominated by the Board; and

Edgar Filing: BERKSHIRE BANCORP INC /DE/ - Form DEF 14A

- * the written consent of each nominee to serve as a director of the Company if so elected.

Each recommendation must also include information regarding the recommended candidate relevant to a determination of whether the recommended candidate would be barred from being considered independent under NASDAQ Marketplace Rule 4200 or, alternatively, a statement that the recommended candidate would not be so barred. Moreover, no candidate will be considered if the candidate (i) is

6

involved as a plaintiff in on-going litigation with the Company or any of its subsidiaries or is employed by an entity which is involved as a plaintiff in on-going litigation with the Company or any of its subsidiaries or (ii) is the subject of any on-going criminal investigation or any investigation of any regulatory authority, including any investigations for fraud or financial misconduct or (iii) is affiliated with a competitor of the Company or any of its subsidiaries. A nomination which does not comply with the above requirements or is not submitted within the time period specified below will not be considered.

A stockholder wishing to nominate a candidate for election to the Board at a meeting of stockholders at which directors are to be elected is required to give the written notice containing the required information specified above and addressed to the Chief Executive Officer/President of the Company so that it is received by the Company's Chief Executive Officer/President no later than (i) the latest date upon which stockholder proposals must be submitted to the Company for inclusion in its proxy statement relating to such meeting pursuant to Rule 14a-8 under the Exchange Act or other applicable rules or regulations under the federal securities laws or, if no such rules apply, at least 90 days prior to the date one year from the date of the immediately preceding annual meeting of stockholders, and (ii) with respect to an election to be held at a special meeting of stockholders, 30 days prior to the printing of the Company's proxy materials with respect to such meeting or if no proxy materials are being distributed to stockholders, at least the close of business on the fifth day following the date on which notice of such meeting is first given to stockholders.

The qualities and skills sought in prospective members of the Board generally require that director candidates be qualified individuals who, if added to the Board, would provide the mix of director characteristics, experience, perspectives and skills appropriate for the Company. Criteria for selection of candidates include, but are not limited to: (i) business and financial acumen, as determined by the Board in its discretion, (ii) qualities reflecting a proven record of accomplishment and ability to work with others, (iii) knowledge of the Company's industry, (iv) relevant experience and knowledge of corporate governance practices, and (v) expertise in an area relevant to the Company. Such persons should not have commitments that would conflict with the time commitments of a Director of the Company. Such persons shall have other characteristics considered appropriate for membership on the Board of Directors, as determined by the Board.

We do not have a compensation committee. It is the view of the Board of Directors that it is appropriate for us not to have a compensation committee because we are a "Controlled Company" under the applicable rules of the NASDAQ Marketplace. Executive compensation, except compensation governed by the terms of an employment agreement, is determined by the independent members of the Board and for fiscal 2007 such determination was made by Messrs. William L. Cohen, Martin A. Fischer and Randolph B. Stockwell, the independent members of the Board and approved by the disinterested members of the Board, which is comprised of all the members of the Board, except for Mr. Steven Rosenberg's

Edgar Filing: BERKSHIRE BANCORP INC /DE/ - Form DEF 14A

compensation, in which case the disinterested members were all of the members of the Board except Mr. Rosenberg.

During the fiscal year ended December 31, 2006, the Board met one time and acted four times by unanimous written consent. The Audit Committee met six times during fiscal year 2006. The Stock Incentive Committee did not meet during fiscal year 2006. Each director attended all of the total number of meetings of the Board and not less than 75% of the meetings of the committees of the Board on which he served. The Company does not have a policy requiring the directors to attend Annual Meetings of Stockholders. However, each director attended the Company's 2006 Annual Meeting of Stockholders.

For a description of compensation paid to Directors, see "Management Compensation - Compensation of Directors."

7

THE BOARD OF DIRECTORS

Our Board is elected annually, and each director stands for election every year. We do not have a classified or staggered board. Our Board is comprised of six Directors, of which two are employees, one is a significant stockholder of the Company and three have been affirmatively determined by the Board to be independent, meeting the objective requirements set forth by NASDAQ and the SEC, and having no other relationship to the Company other than their service on the Board of Directors.

Stockholders wishing to communicate with the Board of Directors or with a specific Board member may do so by writing to the Board, or to the particular Board member, and delivering the communication in person or mailing it to: Steven Rosenberg, Chief Executive Officer, Berkshire Bancorp Inc., 160 Broadway, New York, New York 10038.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In January 2000, the Bank entered into a lease agreement with Bowling Green Associates, LP, the principal owner of which is Mr. Moses Marx, a director of the Company, for commercial space to open a bank branch. We obtained an appraisal of the market rental value of the space from an independent appraisal firm and management believes that the terms of the lease, including the annual rent of \$328,000 paid in fiscal 2006, is comparable to the terms and annual rent that would be paid to non-affiliated parties in a similar commercial transaction for similar commercial space. We currently pay an annual rent of \$353,000 pursuant to this lease.

POLICY REGARDING APPROVAL OF TRANSACTIONS BETWEEN BERKSHIRE AND RELATED PARTIES

It is the policy of the Board of Directors of the Company that the Company, acting by its independent directors, shall on an ongoing basis conduct an appropriate review of all related party transactions required to be disclosed pursuant to SEC Regulation S-K Item 404 for potential conflict of interest situations and that all such related party transactions must be approved by the Company's Audit Committee.

COMPENSATION DISCUSSION AND ANALYSIS

Our Board of Directors has delegated primary authority for executive compensation to the three independent members of the Board, or Independent Directors, who, though not a formal compensation committee of the Board, act in such capacity.

PHILOSOPHY ON EXECUTIVE COMPENSATION

Edgar Filing: BERKSHIRE BANCORP INC /DE/ - Form DEF 14A

It is our philosophy to compensate executive officers in a manner that promotes the recruitment, motivation and retention of exceptional employees who will help us achieve our strategic business objectives and increase stockholder value. Our executive compensation philosophy is implemented through compensation programs based upon the following principles:

- * Targeted total compensation (salary, bonus, and long-term incentives) and benefits package for executives should be set near the median levels of compensation for corporate executives delivered by certain peer companies, taking into account the relative responsibilities of the executive officers involved. Actual total compensation in any given year may be above or below the target level based on individual and corporate performance.

- * Our total compensation package should provide an appropriate mix of fixed and variable compensation to support a meaningful pay-for-performance relationship for our executive officers.

10

- * Performance-based compensation should be tied to performance measures believed to enhance future stockholder value.

- * Our long-term incentive program should be designed to encourage executive retention and link executive compensation directly to long-term stockholder interests.

- * Compensation plans should be easy to understand and administer.

OVERVIEW OF COMPANY POLICY ON EXECUTIVE COMPENSATION

Our executive compensation policy and practice is established by the Independent Directors. Specific policies and practices relating to each element of named executive officers' compensation are described below. The objective of our compensation policy is to provide an overall compensation opportunity that is competitive with that offered for similar positions by similar organizations in our industry. Executive compensation may be above or below this general level at times for a variety of reasons, including performance, recruiting or retention requirements and market conditions.

Actual compensation against this generally median target is designed to be commensurate with our corporate performance and the individual performance of our executives. We generally structure our benefits based on a review of the typical practices within our industry and our business strategy.

Our approach to the total pay package for our executive officers is to view the various elements of the package as a portfolio of rewards, designed to achieve different specific purposes but to balance each other in motivating appropriate behavior, rewarding different aspects of performance or meeting corporate objectives for attracting and retaining the talent needed to successfully lead our company and increase stockholder value.

THE ROLE OF THE INDEPENDENT DIRECTORS AND MANAGEMENT IN DETERMINING EXECUTIVE COMPENSATION

For compensation purposes, our executive officers consist of the three executive officers named in the Summary Compensation Table. The Independent Directors approve all key elements of our executive compensation and benefit

Edgar Filing: BERKSHIRE BANCORP INC /DE/ - Form DEF 14A

programs for the named executive officers. In addition, they assess our financial performance and capital position compared to our plan in determining future awards under the plans. Finally, the Independent Directors approve all salary increases, cash bonus amounts, equity grants, employment, severance, or change of control agreements and all benefit programs as they apply to the named executive officers.

COMPENSATION POLICY REGARDING NAMED EXECUTIVE OFFICERS

Each element of compensation is described below. Generally, the mix of pay elements, including salary and annual cash bonus, long-term incentive and equity opportunity, benefits and perquisites, are designed to address the needs of our company and reflect the competitive marketplace. We review the mix and allocation to individuals regularly, but maintain a flexible policy to deliver compensation that motivates, retains and rewards our executives. In executing this policy, the Independent Directors consider a variety of factors, applying its collective judgment where appropriate, against a frame of reference that the total pay opportunity should be generally competitive.

11

BASE SALARIES

In general, we target base salaries at competitive levels relative to executive officers in comparable positions in our industry, taking into account the comparable responsibilities of the executive officers involved. Where the responsibilities of executive positions are different from those typically found among other bank holding companies or banks, or where executives are new to their responsibilities or play a particularly critical role, base salaries may be targeted above or below median competitive levels. In determining salaries, the Independent Directors also take into account individual leadership, integrity and vision, experience and performance relative to other executive officers in comparable positions. We believe the named executive officers' salaries reported in the Summary Compensation Table are in keeping with this philosophy.

ANNUAL NON-EQUITY INCENTIVE AWARDS

For 2006, the Independent Directors determined the cash awards for the named executive officers which represent, in their view, a generally competitive level of bonus for corporate and individual performance. This amount is set for each individual and position so that, along with base salary, the executive's total cash pay would be comparable to the cash compensation of executives of similarly sized companies in our industry.

ANNUAL INCENTIVE PERFORMANCE GOALS AND MEASURES

At the beginning of each year, the Independent Directors review our business plan and budgets for the coming year. Historically and in 2006, the targets for performance are measured by the (i) management of our loan portfolio, loan products and underwriting standards, (ii) management of our investment activities and portfolio of investment securities, (iii) integration of new bank branches, (iv) integration of new technologies and information systems, (v) safety and soundness of the bank, (vi) financial performance to budget, and (vii) growth in stockholders' equity. The annual incentive portion of total compensation is designed to reward executives for meeting these

Edgar Filing: BERKSHIRE BANCORP INC /DE/ - Form DEF 14A

objectives which we believe are the important drivers for the long-term success of our company.

At year end, the Independent Directors review performance against these objectives and apply more judgmental factors, which reflect actual achievements in such areas as the quality of earnings, risk positioning and strategic positioning of our portfolio of loans and investment securities. The effect of market and industry conditions, interest rates and the economy in general on performance is also considered. Total payouts may be adjusted up or down based on this assessment.

Based on their assessment of each executive officer's performance for the year relative to our plan, their judgment on the appropriate effect of any of the factors discussed above and any individual performance adjustments, the Independent Directors make a decision on the actual bonus to be paid to such executive officer for the year. The decision is based in part upon recommendations made by the Chief Executive Officer and the named executive officer's immediate superior, if not the Chief Executive Officer.

Further detail on individual annual bonus payments made to the named executive officers is provided in the Summary Compensation Table and its accompanying narrative.

LONG-TERM AND INCENTIVE AWARDS

We provide periodic, but not annual, long-term equity incentives through our 1999 Stock Incentive Plan which was approved by our stockholders. Equity incentives in past years provided for long-term compensation opportunities for the named executive officers in the form of a fair market value stock option grant.

12

STOCK OPTIONS

We intend that the value of any future stock options we grant be measured by the fair value of the option at grant date under Financial Accounting Standard No. 123(R) ("FAS 123(R)"). We believe that periodic, not annual, stock option grants best link executive compensation to the interests of our stockholders. The value realizable from this type of award is solely dependent on the increase in our stock price over the term of the options, after which the options expire. Our practice in regard to stock options and other equity grants is that such grants are typically made to existing executives on a periodic basis, with possible exceptions for new hires, promotions or special retention awards. The Independent Directors review management recommendations as to stock option grants to employees below the named executive officer level.

Typically, stock option awards are approved in advance and they are effective on a future pre-selected date. We do not select stock option grant dates for executives in coordination with the release of material, non-public information, or time the release of such information because of option grant dates. Historically, we have awarded non-qualified stock options which vest in full one year from the date of the award and expire five years thereafter.

RESTRICTED STOCK

We have not used restricted stock grants in the past, though we may do so in the future. Restricted stock, unlike a stock option, is an outright grant of

Edgar Filing: BERKSHIRE BANCORP INC /DE/ - Form DEF 14A

common stock in which ownership vests over a period of time. If restricted stock is granted, then, throughout the vesting period holders of restricted stock would have the right to vote their restricted shares and to receive dividends.

POLICY ON POST-TERMINATION BENEFITS

Our policy on executive post-termination benefits is to review each situation as it arises. We seek to provide fair and appropriate treatment to all of our employees depending upon the termination situation.

CHANGE OF CONTROL TERMINATION POLICIES

We have no change of control agreements with any of our employees.

RETIREMENT PLAN

Substantially all full-time employees are eligible to participate in the Berkshire Bancorp Inc. Retirement Income Plan after one year of employment. We believe that retirement plan benefits are an integral part of compensation of our executive officers and other employees. We provide these benefits in order to make an income stream available to the recipients that will assist in meeting their post-retirement needs. Benefits are determined by compensation and years of service. Further detail regarding the retirement plan is provided in the Pension Benefits Table and accompanying discussion.

DEFERRED COMPENSATION

Certain named executives are eligible to participate in the Deferred Compensation Plan of The Berkshire Bank. This plan, adopted in July 2006, is designed to allow executives to defer base salary and annual incentives until a future date. The interest rates at which these deferrals accrue are not guaranteed and we believe are in line with competitive practice in our industry. Further detail on the interest rates we pay is provided in the Nonqualified Deferred Compensation Table and accompanying discussion.

13

PERQUISITES AND OTHER BENEFITS

We do not provide perquisites of any kind to our named executive officers. However, our executives are eligible to participate in the benefit plans available to all of our employees.

NON-EMPLOYEE DIRECTOR COMPENSATION

In 2006, the Independent Directors reviewed the components of our non-employee director compensation program and recommended to the Board that it remain unchanged. A further review will be undertaken in 2007 to assure that director pay remains appropriate. Details regarding director compensation is provided in the Director Compensation Table and accompanying discussion.

TAX CONSIDERATIONS

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code") disallows a tax deduction for compensation in excess of \$1 million paid to our Chief Executive Officer or any of our other named executive officers whose total compensation is required to be reported. However, performance-based compensation that satisfies the requirements of Section 162(m) is deductible. We intend to establish and administer executive officer compensation programs that

Edgar Filing: BERKSHIRE BANCORP INC /DE/ - Form DEF 14A

are deductible. However, we may award compensation from time to time that is not fully tax deductible if we determine that such awards are consistent with our philosophy and in the best interests of our stockholders.

Section 409A of the Code provides that amounts deferred under nonqualified deferred compensation plans are included in an employee's income when they vest unless specified requirements are met. If these requirements are not met, employees are also subject to an additional income tax and interest penalties. Our nonqualified deferred compensation plans are intended to meet, and will be amended to meet, these requirements. As a result, our employees will be taxed when the deferred compensation is actually paid to them and we will be entitled to a tax deduction at that time.

Section 280G of the Code disallows a company's tax deduction for what are defined as "excess parachute payments," and Section 4999 imposes a 20% excise tax on any person who receives excess parachute payments. None of our named executive officers are entitled to such payments upon termination of their employment, including termination following a change of control of our company. We do not have change of control agreements with any of our named executive officers.

Our stock awards generally accelerate in the event of a change of control and qualifying termination of employment. This acceleration could contribute to potential excess parachute payments.

ACCOUNTING CONSIDERATIONS

Stock options, restricted stock, and performance shares are accounted for based on their grant date fair value, as determined under FAS 123R. We consider the accounting expense as well as the cash expense of all programs as part of our design and review criteria.

REPORT ON EXECUTIVE COMPENSATION

The independent directors have reviewed and discussed the Compensation Discussion and Analysis set forth in this Proxy Statement with our management; and

Based on such review and discussions the Independent Directors recommended to our Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement.

Steven Rosenberg	Retirement Income Plan	15.7	1,063,312	--
David Lukens	Retirement Income Plan	6.0	57,953	--

RETIREMENT INCOME PLAN. Our Retirement Income Plan is a noncontributory defined benefit plan covering substantially all of our full-time, non-union United States employees. Under the Retirement Income Plan, our benefits were based upon a combination of employee compensation and years of service. We paid the entire cost of the plan for our employees and funded such costs as they accrued. Our funding policy was to make annual contributions within minimum and maximum levels required by applicable regulations. Our customary contributions were designed to fund normal cost on a current basis and fund over 30 years the estimated prior service cost of benefit improvements (15 years of annual gains and losses). The projected unit cost method was used to determine the annual cost. Plan assets consist principally of equity and fixed income mutual funds.

Benefit accruals were frozen as of September 15, 1988, resulting in a plan curtailment. As a result of such curtailment, we did not accrue benefits for future services; however, we did continue to contribute as necessary for any unfunded liabilities. In 2000, we reinstated the Retirement Income Plan to cover substantially all of our full-time, non-union United States employees.

Except for Mr. Rosenberg whose benefit is subject to the laws governing the Retirement Income Plan, a participant in the Retirement Income Plan accumulates a balance in his or her retirement account by receiving: (i) an annual retirement credit of 5% of gross wages paid during the year, but not in excess of the applicable annual maximum compensation permitted to be taken into account under Internal Revenue Service guidelines for each year of service; and (ii) an annual interest credit based upon the 30-year U. S. Treasury securities rate. We pay the entire cost of the Retirement Income Plan for our employees and fund such costs as they accrue.

Our plan provides for a normal retirement age of 65. However, the estimated annual unreduced benefits payable under the Retirement Income Plan upon earlier retirement at age 62 for Messrs. Rosenberg and Lukens are approximately \$160,000 and \$16,000, respectively. In accordance with the laws currently governing the Retirement Income Plan, the estimated annual benefit payable to Mr. Rosenberg is

Edgar Filing: BERKSHIRE BANCORP INC /DE/ - Form DEF 14A

not expected to increase. Mr. Krausz is not a participant in the Retirement Income Plan.

DEFERRED COMPENSATION PLAN. The Bank's deferred compensation plan was established in July 2006 to provide for a systematic method by which key employees of the Bank may defer payment of not less than 3% and not more than 50% of his or her compensation that would otherwise be payable during the year. The Deferred Compensation Plan is intended to be a nonqualified and unfunded plan maintained primarily for the purpose of providing deferred compensation for a select group of management or highly compensated employees pursuant to Sections 201(2), 301(a)(3) and 401(a)(1) of the Employee Retirement Income Security Act of 1974, as amended.

On June 30 and December 31 of each year, account balances are credited with the applicable earnings rate, the highest deposit rate paid by the Bank on its generally available interest bearing deposit accounts (excluding time deposits), in effect at that time. Distributions from the Deferred Compensation Plan may be made upon (i) termination of employment, (ii) an unforeseeable emergency, (iii) death, (iv) disability, as defined under Section 409A of the Code and (v) a Change in Control Event, to the extent such Change in Control Event constitutes permissible payment under Section 409A of the Code.
