The registrant requires additional time to complete its financial review of first quarter operations principally as a result of the management time and attention required to integrate the Filene's Basement business after the registrant's acquisition of that business on June 18, 2009.

(2) Have all other periodic reports required under Sections 13 or 15(d) of the Securities Exchange Act of 1934 or Section 30 of the Investment Company Act of 1940 during the preceding 12 months or for such shorter period that the registrant was required to file such report(s) been filed? If answer is no, identify report(s).

Yes       No

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Yes       No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

It is anticipated that the registrant will report a pre-tax loss of approximately \$2.0 million for the quarter ended May 30, 2009, as compared with pre-tax income of \$2.1 million for the quarter ended May 31, 2008. This change principally reflects a decline in sales, which the registrant believes is reflective of the impact of the economic downturn on retail clothing stores, as well as transactional costs associated with the registrant's recently acquisition of the assets of Filene's Basement, Inc.
