LAMAR ADVERTISING COMPANY AND
SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)
(IN THOUSANDS, EXCEPT FOR SHARE AND PER SHARE DATA)

1. Significant Accounting Policies

The information included in the foregoing interim condensed consolidated financial statements is unaudited. In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of the Company s financial position and results of operations for the interim periods presented have been reflected herein. The results of operations for interim periods are not necessarily indicative of the results to be expected for the entire year. These interim condensed consolidated financial statements should be read in conjunction with the Company s consolidated financial statements and the notes thereto included in the 2009 Combined Form 10-K. Subsequent events, if any, are evaluated through the date on which the financial statements are issued.

2. Stock-Based Compensation

Equity Incentive Plan. Lamar Advertising s 1996 Equity Incentive Plan has reserved 13 million shares of Class A common stock for issuance to directors and employees, including shares underlying granted options and common stock reserved for issuance under its performance-based incentive program. Options granted under the plan expire ten years from the grant date with vesting terms ranging from three to five years and include 1) options that vest in one-fifth increments beginning on the grant date and continuing on each of the first four anniversaries of the grant date and 2) options that cliff-vest on the fifth anniversary of the grant date. All grants are made at fair market value based on the closing price of our Class A common stock as reported on the NASDAQ Global Select Market on the date of grant.

We use a Black-Scholes-Merton option pricing model to estimate the fair value of share-based awards. The Black-Scholes-Merton option pricing model incorporates various and highly subjective assumptions, including expected term and expected volatility. The Company granted options for an aggregate of 13,500 shares of its Class A common stock during the six months ended June 30, 2010.

Stock Purchase Plan. Lamar s 2000 Employee Stock Purchase Plan has reserved 924,000 shares of Class A common stock for issuance to employees. The 2000 ESPP was terminated following the issuance of all shares that were subject to the offer that commenced under the 2000 ESPP on January 1, 2009 and ended June 30, 2009. In 2009 we adopted a new employee stock purchase plan, which reserved 500,000 additional shares of common stock for issuance to employees. Our 2009 Employee Stock Purchase Plan (2009 ESPP) was adopted by our Board of Directors in February 2009 and approved by our shareholders on May 28, 2009. The terms of the 2009 ESPP are substantially the same as the 2000 ESPP. The following is a summary of ESPP share activity for the six months ended June 30, 2010:

	Shares
Available for future purchases, January 1, 2010	480,858
Purchases	72,762
Available for future purchases, June 30, 2010	408,096

Performance-based compensation. Unrestricted shares of our Class A common stock may be awarded to key officers, employees and directors under our 1996 Equity Incentive Plan. The number of shares to be issued, if any, will be dependent on the level of achievement of performance measures for key officers and employees, as determined by the Company s Compensation Committee based on our 2010 results. Any shares issued based on the achievement of performance goals will be issued in the first quarter of 2011. The shares subject to these awards can range from a minimum of 0% to a maximum of 100% of the target number of shares depending on the level at which the goals are attained. For the six months ended June 30, 2010, the Company has recorded $3,300 as non-cash compensation expense related to performance based awards. In addition, each non-employee director automatically receives upon election or re-election a restricted stock award of our Class A common stock. The awards vest 50% on grant date and

50% on the last day of the directors one year term. The Company recorded a $201 non-cash compensation expense related to these awards for the six months ended June 30, 2010.

6. Summarized Financial Information of Subsidiaries

Separate financial statements of each of the Company s direct or indirect wholly owned subsidiaries that have guaranteed Lamar Media s obligations with respect to its publicly issued notes (collectively, the Guarantors) are not included herein because the Company has no independent assets or operations, the guarantees are full and unconditional and joint and several and the only subsidiaries that are not a guarantors are in the aggregate minor. Lamar Media s ability to make distributions to Lamar Advertising is restricted under both the terms of the indentures relating to Lamar Media s outstanding notes and by the terms of its senior credit facility. As of June 30, 2010 and December 31, 2009, Lamar Media was permitted under the terms of its outstanding subordinated notes to make transfers to Lamar Advertising in the form of cash dividends, loans or advances in amounts up to $1,251,354 and $1,156,267, respectively. Under its senior credit facility, however, if the total holdings debt ratio (as defined in the senior credit facility) is greater than 5.75 to 1 or its senior debt ratio (as defined in the senior credit facility) is greater than 3.25 to 1.0, or if under the indenture for the 9 3/4% senior notes Lamar Media s senior leverage ratio (as defined in the indenture for the 9 3/4% senior notes) is greater than or equal to 3.0 to 1, transfers to Lamar Advertising are subject to additional restrictions. As of June 30, 2010, the total holdings debt ratio was greater than 5.75 to 1 and, therefore, transfers to Lamar Advertising were restricted to the following: (a) payments to allow Lamar Advertising to pay dividends on its outstanding Series AA Preferred Stock and (b) payments in respect of Qualified Holdings Obligations (as defined in the senior credit facility), consisting of certain fees, costs and expenses incurred from time to time by Lamar Advertising on behalf of Lamar Media and its subsidiaries.

LAMAR ADVERTISING COMPANY AND
SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)
(IN THOUSANDS, EXCEPT FOR SHARE AND PER SHARE DATA)

As of June 30, 2010, Lamar Media s senior leverage ratio was greater than 3.0 to 1 and, therefore, transfers to Lamar Advertising were restricted to a series of baskets specified in the indenture governing the 9 3/4% senior notes, including payments of Lamar Media s operating expenses in an aggregate amount in any fiscal year not to exceed 5% of the total operating expenses of Lamar Media and its restricted subsidiaries and other restricted payments not in excess $500 in any fiscal year of Lamar Media.

7. Earnings Per Share

The calculation of basic earnings per share excludes any dilutive effect of stock options and convertible debt, while diluted earnings per share includes the dilutive effect of options and convertible debt. The number of dilutive shares excluded from this calculation resulting from the dilutive effect of options is 512,466 and 60,020 for the three months ended June 30, 2010 and 2009 and 511,335 and 153,902 for the six months ended June 30, 2010 and 2009. Diluted earnings per share should also reflect the potential dilution that could occur if the Company s convertible debt was converted to common stock. The number of potentially dilutive shares related to the Company s convertible debt excluded from the calculation because of their antidilutive effect is 49,125 and 3,428,386 for the three months ended June 30, 2010 and 2009, respectively and 57,646 and 4,647,367 for the six months ended June 30, 2010 and June 30, 2009, respectively.

8. Long-term Debt

On April 22, 2010 the Company completed an institutional private placement of $400,000 aggregate principal amount of 7 7/8% Senior Subordinated Notes due 2018 (the 7 7/8% Notes) of Lamar Media. The institutional private placement resulted in net proceeds to Lamar Media of approximately $392,000.

Lamar Media may redeem up to 35% of the aggregate principal amount of the Notes, at any time and from time to time, at a price equal to 107.875% of the aggregate principal amount so redeemed, plus accrued and unpaid interest thereon (including additional interest, if any), with the net cash proceeds of certain public equity offerings completed before April 15, 2013, provided that following the redemption at least 65% of the Notes that were originally issued remain outstanding. At any time prior to April 15, 2014, Lamar Media may redeem some or all of the Notes at a price equal to 100% of the principal amount plus a make-whole premium. On or after April 15, 2014, Lamar Media may redeem the Notes, in whole or part, in cash at redemption prices specified in the Indenture.

The Company used the proceeds of this offering, after the payment of fees and expenses, to repurchase all of its outstanding 7 1/4% Senior Subordinated Notes due 2013 (the 7 1/4% Notes), as described below.

On April 8, 2010, Lamar Media commenced a tender offer to purchase for cash any and all of its outstanding 7 1/4% Notes. In conjunction with the tender offer, Lamar Media also solicited consents from the holders of the 7 1/4% Notes to amend the 7 1/4% Notes to eliminate certain covenants and amend certain provisions of the indenture governing the 7 1/4% Notes. On April 22, 2010 Lamar Media accepted tenders for $365,390 in aggregate principal amount of the 7 1/4% Notes in connection with the early settlement date of the tender offer. The holders of accepted notes received a total consideration of $1,012.08 per $1,000 principal amount of the notes tendered (per note data not in thousands). The total cash payment to purchase the tendered 7 1/4% Notes, including accrued and unpaid interest up to but excluding April 22, 2010 was $377,972. Tendering holders also delivered the requisite consents authorizing Lamar Media to remove certain covenants in the 7 1/4% Notes. These consents authorized entry into a Supplemental Indenture, which reflects the amendments to the 7 1/4% Notes discussed above. On May 6, 2010, Lamar Media accepted tenders for an additional $169 in aggregate principal amount of 7 1/4% Notes in connection with the final settlement of the tender offer. On June 7, 2010, Lamar Media redeemed the remaining $19,441 in outstanding notes. The Company recognized a loss of $17,398 on the early extinguishment of debt resulting from its refinancing transactions for the six months ended June 30, 2010.

On April 28, 2010, Lamar Media Corp. refinanced its existing senior credit facility with a new senior credit facility. The new senior credit facility, for which JPMorgan Chase Bank, N.A. serves as administrative agent, consists of a

$250,000 revolving credit facility, a $270,000 term loan A-1 facility, a $30,000 term loan A-2 facility, a $575,000 term loan B facility and a $300,000 incremental facility, which may be increased by up to an additional $200,000, based upon our satisfaction of a senior debt ratio test (as described below, of less than or equal to 3.25 to 1. Lamar Media is the borrower under our new senior credit facility, except with respect to the $30,000 term loan A-2 facility for which Lamar Media s wholly-owned subsidiary, Lamar Advertising of Puerto Rico, Inc. is the borrower. We may also from time to time designate additional wholly-owned subsidiaries as subsidiary borrowers under the incremental loan facility that can borrow up to $110,000 of the incremental facility. Incremental loans may be in the form of additional term loan tranches or increases in the revolving credit facility. Our lenders have no obligation to make additional loans to us, or any designated subsidiary borrower, under the incremental facility, but may enter into such commitments in their sole discretion.

Lamar Media is required to comply with certain covenants and restrictions under its senior credit facility. If the Company fails to comply with these tests, the long term debt payments may be accelerated. At June 30, 2010, we must be in compliance with the following financial ratios:

a total holdings debt ratio, defined as total consolidated debt of Lamar Media and its restricted subsidiaries as of any date to EBITDA, as defined below, for the most recent four fiscal quarters then ended as set forth below:

Period	Ratio
April 28, 2010 through and including September 29, 2010	7.50 to 1.00
September 30, 2010 through and including March 30, 2011	7.25 to 1.00
March 31, 2011 through and including December 30, 2011	7.00 to 1.00

March 31, 2012 through and including March 30, 2013	6.25 to 1.00

a senior debt ratio, defined as total consolidated senior debt of Lamar Media and its restricted subsidiaries to EBITDA, as defined below, for the most recent four fiscal quarters then ended as set forth below:

Period	Ratio
April 28, 2010 through and including September 29, 2010	4.00 to 1.00

March 31, 2012 through and including March 30, 2013	3.00 to 1.00
From and after March 31, 2013	2.75 to 1.00

a fixed charges coverage ratio, defined as the ratio of EBITDA, (as defined below), for the most recent four fiscal quarters to the sum of (1) the total payments of principal and interest on debt for such period, plus (2) capital expenditures made during such period, plus (3) income and franchise tax payments made during such period, plus (4) dividends, of greater than 1.05 to 1.

The definition of EBITDA under the new senior credit agreement is as follows: EBITDA means, for any period, operating income for the Company and its restricted subsidiaries (determined on a consolidated basis without duplication in accordance with GAAP) for such period (calculated before taxes, interest expense, depreciation, amortization and any other non-cash income or charges accrued for such period, one-time cash restructuring and cash severance changes in the fiscal year ending December 31, 2009 of up to $2,500 aggregate amount, charges and expenses in connection with the credit facility transactions and the repurchase or redemption of our 7 1/4% senior subordinated notes due 2013, and (except to the extent received or paid in cash by us or any of our restricted subsidiaries) income or loss attributable to equity in affiliates for such period) excluding any extraordinary and unusual gains or losses during such period and excluding the proceeds of any casualty events whereby insurance or other proceeds are received and certain dispositions not in the ordinary course. For purposes of calculating EBITDA, the effect on such calculation of any adjustments required under Statement of Accounting Standards No. 141R is excluded.

9. Disclosures About Fair Value of Financial Instruments

At June 30, 2010, the Company s financial instruments included cash and cash equivalents, marketable securities, accounts receivable, investments, accounts payable and borrowings. The fair values of cash and cash equivalents, accounts receivable, accounts payable and short-term borrowings and current portion of long-term debt approximated carrying values because of the short-term nature of these instruments. Investments are reported at fair values. Fair values for investments held at cost are not readily available, but are estimated to approximate fair value. The following table provides fair value measurement information for liabilities reported in the accompanying Condensed Consolidated Balance Sheet as of June 30, 2010:

	As of June 30, 2010				
			Fair Value Measurements Using:		
	Carrying Amount	Total Fair Value	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Financial liabilities					
Long-term debt (including current maturities)	$2,546,967	$2,584,193	$2,584,193	$	$

Fair Value Measurements and Disclosures (formerly SFAS No. 157), established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. As presented in the table above, this hierarchy consists of three broad levels. Level 1 inputs on the hierarchy consist of unadjusted quoted prices in active markets for identical assets and liabilities and have the highest priority. Level 2 inputs are other than quoted prices in active markets included in Level 1, and Level 3 inputs have the lowest priority and include significant inputs that are generally less observable from objective sources. When available, we measure fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. We currently do not use Level 2 or Level 3 inputs to measure fair value.

The following methods and assumptions were used to estimate the fair values of the assets and liabilities in the table above.

Level 1 Fair Value Measurements

Long-term debt The Fixed Rate Notes and Floating Rate Notes are actively traded in an established market. The fair values of these debt instruments are based on quotes obtained through financial information services and/or major financial institutions.

10. Adjustments to Previously Reported Amounts

During the third quarter of 2009, the Company identified an error in accounting for lease escalations, resulting in an immaterial understatement of accrued expenses and direct advertising expense which effected periods beginning fiscal 2005 through June 30, 2009. In accordance with Staff Accounting Bulletin (SAB) No. 99, *Materiality,* and SAB No. 108, *Considering the Effects of Prior Year Misstatements when Quantifying Misstatements in Current Year Financial Statements*, management evaluated the materiality of the error from qualitative and quantitative perspectives, and concluded the error was immaterial to the current and prior periods. The correction of the immaterial error resulted in overstatement of net income of $18 and $423 for the three and six months ended June 30, 2009, respectively.

The Company revised its historical financial statements as published in our 2009 Combined Form 10-K for fiscal 2007 and 2008, and the three and six months ended June 30, 2009 contained herein.

ITEM 2. MANAGEMENT S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

This discussion contains forward-looking statements. Actual results could differ materially from those anticipated by the forward-looking statements due to risks and uncertainties described in the section of this combined quarterly report on Form 10-Q entitled Note Regarding Forward-Looking Statements and in Item 1A to the 2009 Combined Form 10-K filed on February 26, 2010, as supplemented by those risk factors contained in our combined Quarterly Reports on Form 10-Q. You should carefully consider each of these risks and uncertainties in evaluating the Company s and Lamar Media s financial conditions and results of operations. Investors are cautioned not to place undue reliance on the forward-looking statements contained in this document. These statements speak only as of the date of this document, and the Company undertakes no obligation to update or revise the statements, except as may be required by law.

Lamar Advertising Company

The following is a discussion of the consolidated financial condition and results of operations of the Company for the three and six months ended June 30, 2010 and 2009. This discussion should be read in conjunction with the consolidated financial statements of the Company and the related notes included in this Form 10-Q.

OVERVIEW

The Company s net revenues are derived primarily from the sale of advertising on outdoor advertising displays owned and operated by the Company. The Company relies on sales of advertising space for its revenues, and its operating results are therefore affected by general economic conditions, as well as trends in the advertising industry. Advertising spending is particularly sensitive to changes in general economic conditions which affect the rates the Company is able to charge for advertising on its displays and its ability to maximize occupancy on its displays.

Since December 31, 2005, the Company has completed strategic acquisitions of outdoor advertising assets and site easements for an aggregate purchase price of approximately $637.0 million. The Company has historically financed its acquisitions and intends to finance its future acquisition activity, if any, from available cash, borrowings under its senior credit facility and the issuance of Class A common stock. See Liquidity and Capital Resources below. As a result of acquisitions, the operating performances of individual markets and of the Company as a whole are not necessarily comparable on a year-to-year basis. Due to the ongoing economic recession, the Company reduced its acquisition activity during 2009 and expects to continue to limit its acquisition activity during 2010.

Growth of the Company s business requires expenditures for maintenance and capitalized costs associated with the construction of new billboard displays, the replacement of damaged billboard displays, the entrance into and renewal of logo sign and transit contracts, and the purchase of real estate and operating equipment. The following table presents a breakdown of capitalized expenditures for the three months and six months ended June 30, 2010 and 2009:

	Three months ended June 30, (in thousands)		Six months ended June 30, (in thousands)	
	2010	2009	2010	2009
Total capital expenditures:				
Billboard traditional	$ 873	$ 2,217	$ 2,509	$ 5,061
Billboard digital	2,937	3,929	4,670	8,247

Transit	38	2,022	674	3,010
Land and buildings			579	384
Operating equipment	1,518	1,836	3,188	2,698
Total capital expenditures	$ 7,347	$ 11,413	$ 15,688	$ 21,471

RESULTS OF OPERATIONS

Six Months ended June 30, 2010 compared to Six Months ended June 30, 2009

Net revenues increased $8.5 million or 1.6% to $530.5 million for the six months ended June 30, 2010 from $522.0 million for the same period in 2009. This increase was attributable primarily to an increase in billboard net revenues of $3.9 million or 0.8% over the prior period, an increase in logo sign revenue of $2.8 million, which represents an increase of 12.9% over the prior period, and a $1.8 million increase in transit revenue, which represents an increase of 7.4% over the prior period.

For the six months ended June 30, 2010, there was an $8.5 million increase in net revenues as compared to acquisition-adjusted net revenue for the six months ended June 30, 2009. The $8.5 million increase in revenue primarily consists of a $3.9 million increase in billboard revenue, a $2.3 million increase in logo revenue and a $2.4 million increase in transit revenue over the acquisition-adjusted net revenue for the comparable period in 2009. This increase in revenue represents an increase of 1.6% over the comparable period in 2009. See Reconciliations below.

Operating expenses, exclusive of depreciation and amortization and gain on sale of assets, decreased 0.2 million to $316.5 million for the six months ended June 30, 2010 from $316.7 million for the same period in 2009. There was a $1.3 million decrease in operating expenses related to the operations of our outdoor advertising assets and a $1.1 million increase in corporate expenses. The increase in corporate expenses is primarily a result of increases in non-cash compensation expense related to performance based stock awards as compared to the same period in 2009.

Depreciation and amortization expense decreased $12.8 million for the six months ended June 30, 2010 as compared to the six months ended June 30, 2009, primarily due to a reduction in the number of non performing structures dismantled as compared to the six months ended June 30, 2009.

Due to the above factors, operating income increased $22.2 million to $60.1 million for the six months ended June 30, 2010 compared to $37.9 million for the same period in 2009.

Interest expense increased approximately $3.0 million from $93.0 million for the six months ended June 30, 2009 to $96.0 million for the six months ended June 30, 2010, primarily resulting from the refinancing efforts during 2009 including the issuance of Lamar Media s 9 3/4% Notes in March 2009, offset by a reduction in the amortized debt issuance fees due to the early extinguishment of debt.

During the six months ended June 30, 2010, the Company recognized a $17.4 million loss on the early extinguishment of debt resulting from its refinancing transactions. Approximately $12.6 million is a non-cash expense attributable to the write off of unamortized debt issuance fees related to the tender offer to repurchase Lamar Media s 7 1/4% Notes and refinancing of its senior credit facility. The remaining $4.8 million represents the net cash loss related to the tender offer and extinguishment of the 7 1/4% Notes.

The increase in operating income offset by the increase in interest expense and the increase in the loss on extinguishment of debt, resulted in a $1.8 million increase in loss before income taxes. Income tax benefit remained relatively constant. The effective tax rate for the six months ended June 30, 2010 was 36.4%, which is lower than the statutory rate due to permanent differences resulting from non-deductible compensation expense related to stock options in accordance with ASC 718 and other non-deductible expenses and amortization.

As a result of the above factors, the Company recognized a net loss for the six months ended June 30, 2010 of $33.8 million, as compared to a net loss of $33.6 million for the same period in 2009.

Three Months ended June 30, 2010 compared to Three Months ended June 30, 2009

Net revenues increased $11.6 million or 4.2% to $286.4 million for the three months ended June 30, 2010 from $274.7 million for the same period in 2009. This increase was attributable primarily to an increase in billboard net revenues of $7.8 million or 3.1% over the prior period, an increase in logo revenue of $1.5 million or 13.5% increase and a $2.3 million increase in transit revenue over the prior period, which represents an increase of 18.9% over the prior period.

For the three months ended June 30, 2010, there was a $10.3 million increase in net revenues as compared to acquisition-adjusted net revenue for the three months ended June 30, 2009. The $10.3 million increase in revenue primarily consists of a $7.7 million increase in billboard revenue, a $1.3 million increase in logo revenue and a $1.3 million increase in transit revenue over the acquisition-adjusted net revenue for the comparable periods in 2009. This increase in revenue represents an increase of 3.7% over the comparable period in 2009. See Reconciliations below.

Operating expenses, exclusive of depreciation and amortization and gain on sale of assets, increased $1.9 million or 1.2% to $160.4 million for the three months ended June 30, 2010 from $158.5 million for the same period in 2009. While operating expenses related to the operations of our outdoor advertising assets remained relatively constant, there was a $1.5 million increase in corporate expenses. The increase in corporate expenses is primarily a result of increases in non-cash compensation expense related to performance based stock awards as compared to the same

period in 2009.

Depreciation and amortization expense decreased $5.3 million for the three months ended June 30, 2010, as compared to the three months ended June 30, 2009, primarily due to the reduction in dismantles related to non performing structures as compared to the same period ended in 2009.

Due to the above factors, operating income increased $15.3 million to $49.3 million for the three months ended June 30, 2010 compared to $34.0 million for the same period in 2009.
During the three months ended June 30, 2010, the Company recognized a $17.1 million loss on the early extinguishment of debt resulting from its refinancing transactions. Approximately $12.3 million is a non-cash expense attributable to the write off of unamortized debt issuance fees related to the tender offer to repurchase Lamar Media s 7 1/4% Notes and refinancing of its senior credit facility. The remaining $4.8 million represents the net loss related to the tender offer and extinguishment of the 7 1/4% Notes.
Interest expense decreased $10.0 million from $56.6 million for the three months ended June 30, 2009, to $46.6 million for the three months ended June 30, 2010, primarily due to a reduction in amortization of debt issuance fees as compared to the same period ended June 30, 2009.
The increase in operating income and decrease in interest expense, offset by the increase in loss on debt extinguishment described above, resulted in a $4.6 million decrease in loss before income taxes. This decrease in loss resulted in a decrease in income tax benefit of $1.7 million for the three months ended June 30, 2010 over the same period in 2009. The effective tax rate for the three months ended June 30, 2010 was 38.0%.
As a result of the above factors, the Company recognized a net loss for the three months ended June 30, 2010 of $8.9 million, as compared to a net loss of $11.8 million for the same period in 2009.
Reconciliations:
Because acquisitions occurring after December 31, 2008 (the acquired assets) have contributed to our net revenue results for the periods presented, we provide 2009 acquisition-adjusted net revenue, which adjusts our 2009 net revenue for the three and six months ended June 30, 2009 by adding to it the net revenue generated by the acquired assets prior to our acquisition of these assets for the same time frame that those assets were owned in the three and six months ended June 30, 2010. We provide this information as a supplement to net revenues to enable investors to compare periods in 2010 and 2009 on a more consistent basis without the effects of acquisitions. Management uses this comparison to assess how well we are performing within our existing assets.
Acquisition-adjusted net revenue is not determined in accordance with GAAP. For this adjustment, we measure the amount of pre-acquisition revenue generated by the assets during the period in 2009 that corresponds with the actual period we have owned the assets in 2010 (to the extent within the period to which this report relates). We refer to this adjustment as acquisition net revenue.

LIQUIDITY AND CAPITAL RESOURCES

Overview

Beginning in the fourth quarter of 2008, as a result of the economic recession, the Company took certain steps to reduce its overall operating expenses. These steps included reducing operating expenses and non-essential capital expenditures and significantly reducing its acquisition activity. The Company expects to continue its current cost saving strategies through the year ended December 31, 2010.

The Company has historically satisfied its working capital requirements with cash from operations and borrowings under its senior credit facility. The Company s wholly owned subsidiary, Lamar Media Corp., is the borrower under the senior credit facility and maintains all corporate cash balances. Any cash requirements of the Company, therefore, must be funded by distributions from Lamar Media.

Sources of Cash

Total Liquidity at June 30, 2010. As of June 30, 2010 we had approximately $190.0 million of total liquidity, which is comprised of approximately $26.9 million in cash and cash equivalents and the ability to draw approximately $163.1 million under our revolving bank credit facility.

Cash Generated by Operations. For the six months ended June 30, 2010 and 2009 our cash provided by operating activities was $93.2 million and $116.4 million, respectively. While our net loss was approximately $33.8 million for the six months ended June 30, 2010, we generated cash from operating activities of $93.2 million during that same period, primarily due to non-cash adjustments needed to reconcile net loss to cash provided by operating activities of $170.5 million, which primarily consisted of depreciation and amortization of $156.5 million partially offset by the recognition of deferred tax benefits of $20.4 million. In addition, there was an increase in working capital of $43.6 million. We expect to generate cash flows from operations during 2010 in excess of our cash needs for operations and capital expenditures as described herein. We expect to use this excess cash generated principally for reducing outstanding indebtedness. See Cash Flows for more information.

Note Offerings and Tender Offer. On April 22, 2010, Lamar Media completed an institutional private placement of $400 million aggregate principal amount of 7 7/8% Senior Subordinated Notes due 2018 (the 7 7/8% Notes). The institutional private placement resulted in net proceeds to Lamar Media of approximately $392 million.

The Company used the proceeds of this offering, after the payment of fees and expenses, to repurchase all of its outstanding 7 1/4% Senior Subordinated Notes due 2013 (the 7 1/4% Notes) as described below.

On April 8, 2010, Lamar Media commenced a tender offer to purchase for cash any and all of its outstanding 7 1/4% Notes. In conjunction with the tender offer, Lamar Media also solicited consents from the holders of the 7 1/4% Notes to amend the 7 1/4% Notes to eliminate certain covenants and amend certain provisions of the indenture governing the 7 1/4% Notes. On April 22, 2010 Lamar Media accepted tenders for approximately $365.4 million in aggregate principal amount of the 7 1/4% Notes in connection with the early settlement date of the tender offer. The holders of accepted notes received a total consideration of $1,012.08 per $1,000 principal amount of the notes tendered. The total cash payment to purchase the tendered 7 1/4% Notes, including accrued and unpaid interest up to but excluding April 22, 2010 was approximately $378 million. Tendering holders also delivered the requisite consents authorizing Lamar Media to remove certain covenants in the 7 1/4% Notes. These consents authorized entry into a Supplemental Indenture, which reflects the amendments to the 7 1/4% Notes discussed above. On May 6, 2010, Lamar Media accepted tenders for an additional $169 thousand in aggregate principal amount of 7 1/4% Notes in connection with the final settlement of the tender offer. On June 7, 2010, Lamar Media redeemed the remaining $19.4 million in outstanding 7 1/4% Notes.

Credit Facilities. As of June 30, 2010, Lamar Media had approximately $163.1 million of unused capacity under the revolving credit facility included in its senior credit facility and the aggregate balance outstanding under its senior credit facility was $948.6 million.

On April 28, 2010, Lamar Media Corp. refinanced its existing senior credit facility with a new senior credit facility. The new senior credit facility, for which JPMorgan Chase Bank, N.A. serves as administrative agent, consists of a $250 million revolving credit facility, a $270 million term loan A-1 facility, a $30 million term loan A-2 facility, a $575 million term loan B facility and a $300 million incremental facility, which may be increased by up to an additional $200 million, based upon our satisfaction of a senior debt ratio test (as described below, of less than or

equal to 3.25 to 1. Lamar Media is the borrower under the senior credit facility, except with respect to the $30 million term loan A-2 facility for which Lamar Media s wholly-owned subsidiary, Lamar Advertising of Puerto Rico, Inc. is the borrower. We may also from time to time designate additional wholly-owned subsidiaries as subsidiary borrowers under the incremental loan facility that can borrow up to $110 million of the incremental facility. Incremental loans may be in the form of additional term loan tranches or increases in the revolving credit facility. Our lenders have no obligation to make additional loans to us, or any designated subsidiary borrower, under the incremental facility, but may enter into such commitments in their sole discretion.

Factors Affecting Sources of Liquidity

Internally Generated Funds. The key factors affecting internally generated cash flow are general economic conditions, specific economic conditions in the markets where the Company conducts its business and overall spending on advertising by advertisers.

Credit Facilities and Other Debt Securities. Lamar must comply with certain covenants and restrictions related to its new senior credit facility and its outstanding debt securities.

Restrictions Under Debt Securities. Lamar must comply with certain covenants and restrictions related to its outstanding debt securities. Currently Lamar Media has outstanding approximately $400.0 million 6 5/8% Senior Subordinated Notes due 2015 issued August 2005, $216.0 million 6 5/8% Senior Subordinated Notes due 2015 Series B issued in August 2006 and $275.0 million 6 5/8% Senior Subordinated Notes due 2015 Series C issued in October 2007 (collectively, the 6 5/8% Notes), $350 million 9 3/4% Senior Notes due 2014 issued in March 2009 (the 9 3/4% Notes) and $400 million 7 7/8% Senior Subordinated Notes due 2018 (the 7 7/8% Notes). The indentures relating to Lamar Media s outstanding notes restrict its ability to incur additional indebtedness but permit the incurrence of indebtedness (including indebtedness under its senior credit facility), (i) if no default or event of default would result from such incurrence and (ii) if after giving effect to any such incurrence, the leverage ratio (defined as total consolidated debt to trailing four fiscal quarter EBITDA (as defined in the indentures)) would be less than (a) 6.5 to 1, pursuant 9 3/4% Notes indenture, and (b) 7.0 to 1, pursuant to the 6 5/8% Notes and the 7 7/8% Notes indentures.

In addition to debt incurred under the provisions described in the preceding sentence, the indentures relating to Lamar Media s outstanding notes permit Lamar Media to incur indebtedness pursuant to the following baskets:

- up to $1.3 billion of indebtedness under its senior credit facility allowable under the 6 5/8% Notes (up to $1.4 billion of indebtedness under its senior credit facility allowable under the 9 3/4% Notes and up to $1.5 billion of indebtedness under its senior credit facility allowable under the 7 7/8% Notes indenture);

- currently outstanding indebtedness or debt incurred to refinance outstanding debt;

- inter-company debt between Lamar Media and its subsidiaries or between subsidiaries;

- certain purchase money indebtedness and capitalized lease obligations to acquire or lease property in the ordinary course of business that cannot exceed the greater of $50 million or 5% of Lamar Media s net tangible assets; and

- additional debt not to exceed $50 million ($75 million under the 7 7/8% Notes indenture).

Restrictions under New Senior Credit Facility. Lamar Media is required to comply with certain covenants and restrictions under its senior credit facility. If the Company fails to comply with these tests, the long term debt payments may be accelerated. At June 30, 2010, and currently, Lamar Media was in compliance with all such tests under its senior credit facility. We must be in compliance with the following financial ratios:

- a total holdings debt ratio, defined as total consolidated debt of the Company and its restricted subsidiaries as of any date to EBITDA, as defined below, for the most recent four fiscal quarters then ended as set forth below:

Period	**Ratio**
April 28, 2010 through and including September 29, 2010	7.50 to 1.00
September 30, 2010 through and including March 30, 2011	7.25 to 1.00
March 31, 2011 through and including December 30, 2011	7.00 to 1.00
December 31, 2011 through and including March 30, 2012	6.75 to 1.00
March 31, 2012 through and including March 30, 2013	6.25 to 1.00
From and after March 31, 2013	6.00 to 1.00

- a senior debt ratio, defined as total consolidated senior debt of Lamar Media and its restricted subsidiaries to EBITDA, as defined below, for the most recent four fiscal quarters then ended as set forth below:

Period	Ratio
April 28, 2010 through and including September 29, 2010	4.00 to 1.00
September 30, 2010 through and including March 30, 2011	3.75 to 1.00
March 31, 2011 through and including September 29, 2011	3.50 to 1.00
September 30, 2011 through and including March 30, 2012	3.25 to 1.00
March 31, 2012 through and including March 30, 2013	3.00 to 1.00
From and after March 31, 2013	2.75 to 1.00

a fixed charges coverage ratio, defined as the ratio of EBITDA, (as defined below), for the most recent four fiscal quarters to the sum of (1) the total payments of principal and interest on debt for such period, plus (2) capital expenditures made during such period, plus (3) income and franchise tax payments made during such period, plus (4) dividends, of greater than 1.05 to 1.

The definition of EBITDA under the new senior credit agreement is as follows: EBITDA means, for any period, operating income for the Company and its restricted subsidiaries (determined on a consolidated basis without duplication in accordance with GAAP) for such period (calculated before taxes, interest expense, depreciation, amortization and any other non-cash income or charges accrued for such period, one-time cash restructuring and cash severance changes in the fiscal year ending December 31, 2009 of up to $2,500,000 aggregate amount, charges and expenses in connection with the credit facility transactions and the repurchase or redemption of our 7 1/4% senior subordinated notes due 2013, and (except to the extent received or paid in cash by us or any of our restricted subsidiaries) income or loss attributable to equity in affiliates for such period) excluding any extraordinary and unusual gains or losses during such period and excluding the proceeds of any casualty events whereby insurance or other proceeds are received and certain dispositions not in the ordinary course. For purposes of calculating EBITDA, the effect on such calculation of any adjustments required under Statement of Accounting Standards No. 141R is excluded.

Uses of Cash

Capital Expenditures. Capital expenditures excluding acquisitions were approximately $15.7 million for the six months ended June 30, 2010. We anticipate our 2010 total capital expenditures to be between $35 million and $40 million.

Acquisitions. Due to the current economic recession, the Company intends to continue its reduced acquisition activity for the year ended December 31, 2010. Consequently, during the six months ended June 30, 2010, the Company s acquisition activity was $1.4 million and was financed with cash on hand.

Debt Service and Contractual Obligation. . The Company s contractual obligations and commitments principally include obligations associated with its outstanding indebtedness and future minimum operating lease obligations. During the first two quarters of 2010, there were no material changes outside the ordinary course of business in the specified contractual obligations set forth in the Commitments and Contractual Obligations table in the 2009 combined Form 10-K, except for changes in scheduled payments of long-term debt and the related interest resulting from the issuance of the 7 7/8% Notes, the early extinguishment of the 7 1/4% Notes and the refinancing of Lamar Media s senior credit facility. As a result of these transactions, payments of long-term debt and interest were reduced by $107.2 million, $528.6 million and $427.0 million for periods less than 1 year, 1-3 years and 3-5 years, respectively. Periods greater than 5 years increased by $1,205.8 million. The total impact for all periods related to these transactions was an increase in debt service of approximately $143.0 million. In addition, during the six months ended June 30, 2010, Lamar Media reduced its overall indebtedness under its senior credit facility by approximately $144.2 million, of which $79.2 million were payments of term loans under its senior credit facility and $65.0 million were net payments under its revolving credit facility.

Convertible Note Prepayment. In March 2010, the Company accepted for payment $1.0 million in principle amount of 2 7/8% Convertible Notes due 2010 at a purchase price of 100% of the original amount of the notes, through a privately negotiated transaction. As of June 30, 2010, the Company had $2.4 million in aggregate principle amount of 2 7/8% Convertible Notes due 2010 outstanding.

Lamar Media Corp.

The following is a discussion of the consolidated financial condition and results of operations of Lamar Media for the three and six months ended June 30, 2010 and 2009. This discussion should be read in conjunction with the consolidated financial statements of Lamar Media and the related notes included in this Form 10-Q.

RESULTS OF OPERATIONS

Six Months ended June 30, 2010 compared to Six Months ended June 30, 2009

Net revenues increased $8.5 million or 1.6% to $530.5 million for the six months ended June 30, 2010 from $522.0 million for the same period in 2009. This increase was attributable primarily to an increase in billboard net revenues of $3.9 million or 0.8% over the prior period, an increase in logo sign revenue of $2.8 million, which represents an increase of 12.9% over the prior period, and a $1.8 million increase in transit revenue, which represents an increase of 7.4% over the prior period.

For the six months ended June 30, 2010, there was an $8.5 million increase in net revenues as compared to acquisition-adjusted net revenue for the six months ended June 30, 2009. The $8.5 million increase in revenue primarily consists of a $3.9 million increase in billboard revenue, a $2.3 million increase in logo revenue and a $2.4 million increase in transit revenue over the acquisition-adjusted net revenue for the comparable period in 2009. This increase in revenue represents an increase of 1.6% over the comparable period in 2009. See Reconciliations below.

Operating expenses, exclusive of depreciation and amortization and gain on sale of assets, increased 0.2 million to $316.5 million for the six months ended June 30, 2010 from $316.3 million for the same period in 2009. There was a $1.3 million decrease in operating expenses related to the operations of our outdoor advertising assets and a $1.5 million increase in corporate expenses. The increase in corporate expenses is primarily a result of increases in non-cash compensation expense related to performance based stock awards as compared to the same period in 2009.

Depreciation and amortization expense decreased $12.8 million for the six months ended June 30, 2010 as compared to the six months ended June 30, 2009, primarily due to a reduction in the number of non performing structures dismantled as compared to the six months ended June 30, 2009.

Due to the above factors, operating income increased $21.8 million to $60.1 million for the six months ended June 30, 2010 compared to $38.3 million for the same period in 2009.

Interest expense increased approximately $7.7 million from $88.2 million for the six months ended June 30, 2009 to $95.9 million for the six months ended June 30, 2010, primarily resulting from the refinancing efforts during 2009 including the issuance of Lamar Media s 9 3/4% Notes in March 2009, offset by a reduction in the amortized debt issuance fees due to the early extinguishment of debt.

During the six months ended June 30, 2010, Lamar Media recognized a $17.4 million loss on the early extinguishment of debt resulting from its refinancing transactions. Approximately $12.6 million is a non-cash expense attributable to the write off of unamortized debt issuance fees related to the tender offer to repurchase its 7 1/4% Notes and refinancing of its senior credit facility. The remaining $4.8 million represents the net cash loss related to the tender offer and extinguishment of the 7 1/4% Notes.

The increase in operating income offset by the increase in interest expense and the increase in the loss on extinguishment of debt, resulted in a $3.4 million increase in loss before income taxes. Income tax benefit remained relatively constant. The effective tax rate for the six months ended June 30, 2010 was 36.4%, which is lower than the statutory rate due to permanent differences resulting from non-deductible compensation expense related to stock options in accordance with ASC 718 and other non-deductible expenses and amortization.

As a result of the above factors, Lamar Media recognized a net loss for the six months ended June 30, 2010 of $33.7 million, as compared to a net loss of $32.4 million for the same period in 2009.

Three Months ended June 30, 2010 compared to Three Months ended June 30, 2009

Net revenues increased $11.6 million or 4.2% to $286.4 million for the three months ended June 30, 2010 from $274.7 million for the same period in 2009. This increase was attributable primarily to an increase in billboard net revenues of $7.8 million or 3.1% over the prior period, an increase in logo revenue of $1.5 million or 13.5% increase and a $2.3 million increase in transit revenue over the prior period, which represents an increase of 18.9% over the prior period.

For the three months ended June 30, 2010, there was a $10.3 million increase in net revenues as compared to acquisition-adjusted net revenue for the three months ended June 30, 2009. The $10.3 million increase in revenue primarily consists of a $7.7 million increase in billboard revenue, a $1.3 million increase in logo revenue and a $1.3 million increase in transit revenue over the acquisition-adjusted net revenue for the comparable periods in 2009.

This increase in revenue represents an increase of 3.7% over the comparable period in 2009. See Reconciliations below.

Operating expenses, exclusive of depreciation and amortization and gain on sale of assets, increased $1.9 million or 1.2% to $160.4 million for the three months ended June 30, 2010 from $158.5 million for the same period in 2009. While operating expenses related to the operations of our outdoor advertising assets remained relatively constant, there was a $1.5 million increase in corporate expenses. The increase in corporate expenses is primarily a result of increases in non-cash compensation expense related to performance based stock awards as compared to the same period in 2009.

Table of Contents

Depreciation and amortization expense decreased $5.3 million for the three months ended June 30, 2010, as compared to the three months ended June 30, 2009, primarily due to the reduction in dismantles related to non performing structures as compared to the same period ended in 2009.

Due to the above factors, operating income increased $15.3 million to $49.3 million for the three months ended June 30, 2010 compared to $34.0 million for the same period in 2009.

During the three months ended June 30, 2010, Lamar Media recognized a $17.1 million loss on the early extinguishment of debt resulting from its refinancing transactions. Approximately $12.3 million is a non-cash expense attributable to the write off of unamortized debt issuance fees related to the tender offer to repurchase its 7 1/4% Notes and refinancing its senior credit facility. The remaining $4.8 million represents the net loss related to the tender offer and extinguishment of the 7 1/4% Notes.

Interest expense decreased $8.5 million from $55.1 million for the three months ended June 30, 2009, to $46.6 million for the three months ended June 30, 2010, primarily due to a reduction in amortization of debt issuance fees as compared to the same period ended June 30, 2009.

The increase in operating income and decrease in interest expense, offset by the increase in loss on debt extinguishment described above, resulted in a $6.6 million decrease in loss before income taxes. This decrease in loss resulted in a decrease in income tax benefit of $2.4 million for the three months ended June 30, 2010 over the same period in 2009. The effective tax rate for the three months ended June 30, 2010 was 38.7%.

As a result of the above factors, Lamar Media recognized a net loss for the three months ended June 30, 2010 of $8.8 million, as compared to a net loss of $13.0 million for the same period in 2009.

Reconciliations:

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Lamar Advertising Company and Lamar Media Corp.

The Company is exposed to interest rate risk in connection with variable rate debt instruments issued by its wholly owned subsidiary Lamar Media. The information below summarizes the Company s interest rate risk associated with its principal variable rate debt instruments outstanding at June 30, 2010, and should be read in conjunction with Note 8 of the Notes to the Company s Consolidated Financial Statements in the 2009 Combined Form 10-K.

Loans under Lamar Media s senior credit facility bear interest at variable rates equal to the JPMorgan Chase Prime Rate or LIBOR plus the applicable margin, with a minimum LIBOR rate of 1.25% for its Term B facility. Because the JPMorgan Chase Prime Rate or LIBOR may increase or decrease at any time, the Company is exposed to market risk as a result of the impact that changes in these base rates may have on the interest rate applicable to borrowings under the senior credit facility. Increases in the interest rates applicable to borrowings under the senior credit facility would result in increased interest expense and a reduction in the Company s net income.

At June 30, 2010, there was approximately $0.95 billion of aggregate indebtedness outstanding under the senior credit facility, or approximately 37.2% of the Company s outstanding long-term debt on that date, bearing interest at variable rates. The aggregate interest expense for the six months ended June 30, 2010 with respect to borrowings under the senior credit facility was $26.5 million, and the weighted average interest rate applicable to borrowings under this credit facility during the six months ended June 30, 2010 was 4.9%. Assuming that the weighted average interest rate was 200-basis points higher (that is 6.9% rather than 4.9%), then the Company s six months ended June 30, 2010 interest expense would have been approximately $10.4 million higher resulting in a $6.6 million decrease in the Company s six months ended June 30, 2010 net income.

The Company has attempted to mitigate the interest rate risk resulting from its variable interest rate long-term debt instruments by issuing fixed rate, long-term debt instruments and maintaining a balance over time between the amount of the Company s variable rate and fixed rate indebtedness. In addition, the Company has the capability under the senior credit facility to fix the interest rates applicable to its borrowings at an amount equal to LIBOR plus the applicable margin for periods of up to twelve months, (in certain cases, with the consent of the lenders) which would allow the Company to mitigate the impact of short-term fluctuations in market interest rates. From time to time, the Company has utilized and expects to continue to utilize derivative financial instruments with respect to a portion of its interest rate risks to achieve a more predictable cash flow by reducing its exposure to interest rate fluctuations. These transactions generally are interest rate and swap agreements, which are entered into with major financial institutions.

In the event of an increase in interest rates, the Company may take further actions to mitigate its exposure. The Company cannot guarantee, however, that the actions that it may take to mitigate this risk will be feasible or if these actions are taken, that they will be effective.
