Section 8 - Other Events

Item 8.01. Other Events

On September 20, 2004, Trans Energy, Inc. issued a press release announcing that it had entered into a letter of Intent to acquire Arvilla Oilfield Services, LLC, a West Virginia limited liability company, in exchange for shares of Trans Energy common stock. Upon completion of the acquisition, Clarence and Rebecca Smith, the current owners of Arvilla, will receive stock representing approximately 24% of the then issued and outstanding shares of Trans Energy

common stock.

Arvilla is an oilfield service company operating in Ohio, Pennsylvania, New York and West Virginia currently employing approximately 90 people. Arvilla is engaged in well servicing, oil hauling, brine hauling, pipeline construction, service rigs, swab rigs and oil field trucking.

The letter of intent requires that certain debt of Trans Energy be converted into equity. Accordingly, prior to finalizing the acquisition, Trans Energy will issue approximately 203 million shares (pre-split) of its authorized, but previously un-issued common stock, in exchange for the debt. The conversion price will be at the current market price. Also, Trans Energy's board of directors has recommends that in connection with the acquisition, the outstanding share of Trans Energy common stock will be reverse split on approximately a one share for 150 shares basis. Shares to be issued in exchange for debt will be subject to the reverse split.

Upon completion of the acquisition Arvilla will become a wholly owned subsidiary of Trans Energy. The acquisition is subject to a due diligence review by each party, the completion by Arvilla of appropriate and required audited financial statements, and other customary closing conditions.

There can be no assurance that the acquisition of Arvilla will be consummated or, if consummated, that it will be consummated on the terms set forth in the letter of intent, which is non-binding with respect to the terms of the proposed transaction and the obligation to close.
