NOTICE OF ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON WEDNESDAY, JANUARY 21, 2015

NOTICE IS HEREBY GIVEN that an Annual Meeting of Stockholders of Washington Federal, Inc. ("Washington Federal") will be held at the Benaroya Hall, 200 University St, Seattle, WA 98101, on Wednesday, January 21, 2015 at 2:00 p.m. Pacific Time, for the following purposes:

1. To elect two directors for a three-year term and to continue until their successors are elected and qualified;
2. To approve, by a non-binding advisory vote, the compensation of Washington Federal's Named Executive Officers;
3. To ratify the appointment of Deloitte & Touche LLP as Washington Federal's independent registered public accountants for fiscal 2015; and
4. To transact such other business as may properly come before the meeting or any adjournment thereof.

The proposal for the election of directors relates solely to the election of two (2) directors nominated by the Board of Directors and does not include any other matters relating to the election of directors, including, without limitation, the election of directors nominated by any stockholder of the Company.

The Board of Directors of Washington Federal has fixed November 28, 2014 as the record date for the determination of stockholders entitled to notice of and to vote at the Annual Meeting. Only those stockholders of record as of the close of business on that date will be entitled to vote at the Annual Meeting or at any such adjournment.

By Order of the Board of Directors
Edwin C. Hedlund
Executive Vice President
and Corporate Secretary
December 12, 2014
Seattle, Washington

YOU ARE CORDIALLY INVITED TO ATTEND THE ANNUAL MEETING. IT IS IMPORTANT THAT YOUR SHARES BE REPRESENTED REGARDLESS OF THE NUMBER YOU OWN. EVEN IF YOU PLAN TO BE PRESENT, YOU ARE URGED TO COMPLETE, SIGN, DATE AND RETURN THE ENCLOSED PROXY PROMPTLY IN THE ENVELOPE PROVIDED. IF YOU ATTEND THIS MEETING, YOU MAY VOTE EITHER IN PERSON OR BY YOUR PROXY. ANY PROXY GIVEN MAY BE REVOKED BY YOU IN WRITING OR IN PERSON AT ANY TIME PRIOR TO THE EXERCISE THEREOF.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON WEDNESDAY, JANUARY 21, 2015

This Proxy Statement relating to the 2015 Annual Meeting of Stockholders and the Annual Report to Stockholders for the year ended September 30, 2014 are available for viewing, printing and downloading at www.washingtonfederal.com.

WASHINGTON FEDERAL, INC.
PROXY STATEMENT
ANNUAL MEETING OF STOCKHOLDERS
January 21, 2015

This Proxy Statement is furnished to the holders of the common stock, \$1.00 par value per share ("Common Stock"), of Washington Federal, Inc. ("Washington Federal" or the "Company"), the parent holding company for Washington Federal, National Association, a national bank, in connection with the solicitation of proxies by the Board of Directors of the Company ("Board"), to be used at the Annual Meeting of Stockholders to be held at the Benaroya Hall, 200 University St, Seattle, WA 98101, on Wednesday, January 21, 2015 at 2:00 p.m. Pacific Time, and at any adjournment thereof (the "Annual Meeting"), for the purposes set forth in the Notice of Annual Meeting of Stockholders. This Proxy Statement is first being mailed to stockholders on or about December 12, 2014.

The proxy solicited hereby, if properly signed and returned and not revoked prior to its use, will be voted in accordance with the instructions provided. If no instructions are specified, the proxy will be voted FOR the persons nominated to be directors by the Board of Directors, FOR the approval of the compensation of Washington Federal's Named Executive Officers and FOR the ratification of the appointment of Deloitte & Touche LLP as independent registered public accountants for fiscal 2015 and, upon the transaction of such other business as may properly come before the Annual Meeting, in accordance with the best judgment of the persons appointed as proxies. Other than the matters listed on the attached Notice of Annual Meeting of Stockholders, the Board of Directors knows of no additional matters that will be presented for consideration at the Annual Meeting.

Any stockholder giving a proxy has the power to revoke it at any time before it is exercised by: (i) filing written notice with the Secretary of Washington Federal (Edwin C. Hedlund, Washington Federal, Inc., 425 Pike Street, Seattle, Washington 98101); (ii) submitting a duly executed proxy bearing a later date; or (iii) appearing at the Annual Meeting and notifying the Secretary of his or her intention to vote in person (although attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy). Proxies solicited hereby may be exercised only at the Annual Meeting and any adjournment thereof and will not be used for any other meeting.

The Company's fiscal year end is September 30. All references to 2014 and 2013 represent amounts as of September 30, 2014 and September 30, 2013, or activity for the fiscal years then ended, respectively.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

Voting Securities

Only stockholders of record at the close of business on November 28, 2014 (the Voting Record Date) will be entitled to vote at the Annual Meeting. On the Voting Record Date, 98,040,042 shares of Common Stock were issued and outstanding, 1,700,856 warrants were outstanding at a strike price of \$17.57 and the Company had no other class of equity securities issued and outstanding. Each share of Common Stock is entitled to one vote at the Annual Meeting on matters other than the election of directors, for which cumulative voting is permitted, as discussed below under “Proposal One: Election of Director Nominees.” A majority of the votes entitled to be cast by stockholders represented in person or by proxy is necessary to constitute a quorum.

Vote Required

The election of the Company's directors requires a plurality of the votes represented in person or by proxy at the Annual Meeting. However, the Company's Board of Directors has adopted a majority vote policy which provides that, in an uncontested election, if an incumbent Director nominee fails to receive a greater number of votes cast “for” the director's election than “withheld” for such election, the director is required to immediately tender their resignation from the Board to the Company. Upon receipt of the director's resignation, the Nominating and Governance Committee will make a recommendation to the Board about whether to accept or reject the resignation. The Board will act on the Nominating and Governance Committee's recommendation and publicly disclose its decision and the rationale behind it within 90 days from the date that the election results were certified.

The affirmative vote of the holders of a majority of the total votes cast in person or by proxy at the Annual Meeting is required to (i) approve the resolutions regarding the compensation of Washington Federal's Named Executive Officers, (ii) ratify the appointment of Deloitte & Touche LLP as independent registered public accountants and (iii) approve any other business that properly may come before the Annual Meeting.

Because the vote to approve the Named Executive Officer compensation is non-binding, it will not be binding on the Board of Directors. However, Washington Federal will consider the outcome of the vote when determining future executive compensation arrangements.

Effect of Abstentions and Broker Non-Votes

Stockholders who abstain from voting on any or all proposals and broker non-votes will be included in the number of stockholders present at the Annual Meeting for the purpose of determining the presence of a quorum. Abstentions will not be counted either in favor of or against the election of the nominees or any other proposal. Consequently, abstentions will have no effect on the votes required to approve the nominees for director or the other proposals being considered at the Annual Meeting.

Banks, brokers or other nominees who hold shares of our common stock for a beneficial owner have the discretion to vote on routine proposals when they have not received voting instructions from the beneficial owner of the shares at least ten days prior to the Annual Meeting. A broker non-vote occurs when a bank, broker or other nominee does not receive voting instructions from the beneficial owner and does not have the discretion to direct the voting of the shares. Broker non-votes will be counted for purposes of calculating whether a quorum is present at the Annual Meeting.

If you are a beneficial owner and you do not provide voting instructions to the bank, broker or other nominee that holds your shares, the bank, broker or other nominee will determine if it has the discretionary authority to vote on the particular

matter. Banks, brokers and other nominees have the discretion to vote on routine matters, such as the ratification of the selection of our independent registered public accounting firm (Proposal 3), but do not have discretion to vote on non-routine matters such as the election of directors (Proposal 1) or the non-binding advisory proposal on executive compensation (Proposal 2). A broker non-vote will not affect the outcome of the vote on Proposals 1 or 2. Therefore, if you do not provide voting instructions to your bank, broker or other nominee, your bank, broker or other nominee may only vote any other routine matters properly presented for a vote at the Annual Meeting.

Beneficial ownership includes shares that may be acquired within 60 days of October 1, 2014 through the exercise of outstanding stock options. Except as indicated in the footnotes to this table, each stockholder named in the table above has sole voting and investment power for the shares shown as beneficially owned by them. This information is based on information furnished by the respective directors and executive officers. The percentage of outstanding shares of Common Stock is based on the 98,404,705 shares of Common Stock issued and outstanding on October 1, 2014, plus the 280,000 options to purchase shares of Common Stock that are exercisable by a director or employee prior to November 30, 2014.

1. Mr. Whitehead's ownership includes 128,333 shares of unvested restricted Common Stock, options to purchase 80,000 shares of Common Stock and 17,738 shares of Common Stock that are held in the Washington Federal 401(k) and Stock Ownership Plan (the "Retirement Plan").

2. Ms. Kelleher's ownership includes 7,600 shares of unvested restricted Common Stock, options to purchase 4,750 shares of Common Stock and 1,420 shares of Common Stock that are held in the Retirement Plan.

3. Mr. Beardall's ownership includes 56,667 shares of unvested restricted Common Stock, options to purchase 40,000 shares of Common Stock and 15,834 shares of Common Stock held in the Retirement Plan.

4. Ms. Brower's ownership includes 41,000 shares of unvested restricted Common Stock, options to purchase 40,000 shares of Common Stock and 11,278 shares of Common Stock held in the Retirement Plan.

5. Mr. Hedlund's ownership includes 41,000 shares of unvested restricted Common Stock, options to purchase 40,000 shares of Common Stock and 14,417 shares of Common Stock held in the Retirement Plan.

6. Mr. Jacobson's ownership includes 40,000 shares of unvested restricted Common Stock, options to purchase 40,000 shares of Common Stock and 19,610 shares of Common Stock held in the Retirement Plan.

8. Mr. Kasanders's ownership includes 29,500 shares of unvested restricted Common Stock and options to purchase 8,750 shares of Common Stock.

9. Mr. Schoonover's ownership includes 48,333 shares of unvested restricted Common Stock, options to purchase 18,500 shares of Common Stock.

10. Ms. Veksler's ownership includes 33,000 shares of unvested restricted Common Stock and options to purchase 8,000 shares of Common Stock.

11. This includes an aggregate of 80,297 shares held by the Retirement Plan for the benefit of executive officers of Washington Federal. Directors, unless current or former employees of Washington Federal, do not participate in the Retirement Plan. The Retirement Plan is a qualified, defined contribution profit sharing and employee stock ownership plan maintained for all eligible employees of Washington Federal. The shares of Common Stock of Washington Federal held by the Retirement Plan are voted by the trustees of such plan at their discretion, but the disposition of such shares can be directed only by the employee to whose account the shares are allocated. The trustees of the Retirement Plan are Ryan Mauer, Lisa King and Robert Zirk, all of whom are employees of Washington Federal.

Insider Ownership and Trading Guidelines

Each Director is expected to own Washington Federal common stock in the amount equivalent to 3 times the annual amount of director fees received during the fiscal year. Director fees are defined to include all cash received for director and committee meetings attended, all retainer fees received and the market value of any stock awards. All shares over which the Director has voting rights count toward the ownership guideline. The expectation is that the ownership levels will be reached within 5 years of appointment to the Board or by January 1, 2018 for existing Directors.

The Chief Executive Officer is expected to own Washington Federal common stock in the amount equivalent to 5 times his annual base salary. The base salary does not include the value of any retirement contributions, insurance payments, cash bonus payments, or stock options or stock awards. All shares over which the Chief Executive Officer has voting rights, including unvested restricted stock, count toward the ownership guideline. The expectation is that this ownership level will be reached within 5 years of hire, or on January 1, 2018, whichever is later.

Named Executive Officers ("NEOs"), excluding the Chief Executive Officer, are expected to own Washington Federal common stock in the amount equivalent to 2 times their annual base salary. The base salary does not include the value of any retirement contributions, insurance payments, cash bonus, stock options or stock awards. All shares over which the NEO has voting rights, including unvested restricted stock, count toward the ownership guideline. The expectation is that this ownership level will be reached within 5 years or by January 1, 2018 for the current NEOs.

Directors and employees may not "hedge" their Company stock by engaging in short sales or by trading in any options contracts or other derivative securities relating to Company stock or pledge their Company stock in margin accounts.

PROPOSAL ONE: ELECTION OF DIRECTOR NOMINEES

General

The Restated Articles of Incorporation of Washington Federal, as amended, provide that the Board of Directors shall be divided into three classes as nearly equal in number as possible, and that the members of each class shall be elected for terms of three years and until their successors are elected and qualified, with one of the three classes of directors to be elected each year. The number of directors currently authorized by Washington Federal's Bylaws for the Board of Directors is eight.

Pursuant to Washington Federal's Restated Articles of Incorporation, as amended, at each election of directors every stockholder entitled to vote has the right to vote, in person or by proxy, the number of shares owned by him or her for as many persons as there are directors to be elected. A stockholder may also cumulate his or her votes by giving one candidate as many votes as the number of such directors to be elected multiplied by the number of his or her shares shall equal, or by distributing such votes on the same principle among any number of candidates. Cumulative voting is only applicable if there are more nominees for director than positions to be filled. In the event that cumulative voting is in effect, it is the intention of the persons named in the accompanying proxy to vote cumulatively for the nominees listed in the table that follows to be elected as directors.

At the Annual Meeting, stockholders of Washington Federal will be asked to elect two directors of Washington Federal for a three-year term all to continue to serve until their successors are elected and qualified. The Board of Directors, upon the recommendation of the Nominating and Governance Committee, has nominated Roy M. Whitehead and Mark N. Tabbutt to a three-year term. Each of the nominees currently serve as a director of Washington Federal. There are no arrangements or understandings between the persons named and any other person concerning selection as a nominee for election as a director at the Annual Meeting, and no director or nominee for director is related to any other director or executive officer of Washington Federal by blood, marriage or adoption. Liane J. Pelletier is not a nominee for director and her term will expire on January 21, 2015.

If any person named as nominee should be unable or unwilling to stand for election at the time of the Annual Meeting, the proxies will nominate and vote for any replacement nominee or nominees recommended by the Board of Directors of Washington Federal. Alternatively, under such circumstances, the Board of Directors of Washington Federal may reduce the number of directors of Washington Federal. Washington Federal knows of no reason why any of the nominees may not be able to serve as director if elected.

Section 16(a) Beneficial Ownership Reporting Compliance

Under Section 16(a) of the Exchange Act, Washington Federal's directors and executive officers and any persons holding more than 10% of the outstanding Common Stock must report their ownership of Washington Federal's securities and any changes in that ownership to the SEC by specific dates. Washington Federal believes that during the fiscal year ended September 30, 2014 all of these filing requirements were timely filed by its directors and executive officers, except for a late filing of a Form 4 to effect a change in the form of Thomas Kelley's beneficial ownership from direct to indirect. In making the foregoing statement, Washington Federal has relied in part on representations of its directors and executive officers and copies of the reports that they have filed with the SEC.

CORPORATE GOVERNANCE

The Board of Directors and Its Committees

The Board of Directors of Washington Federal held a total of 10 meetings during the last fiscal year. No incumbent director attended fewer than 75% of the aggregate of the total number of meetings of the Board of Directors held during his or her tenure in office during the last fiscal year and the total number of all meetings held by all committees of the Board of Directors on which he or she served during such year. Although Washington Federal does not have a formal policy regarding attendance by directors at annual meetings of stockholders, directors are expected to attend such meetings. At the 2014 Annual Meeting all directors were present.

The Board of Directors has established various committees, including an Executive Committee, an Audit Committee, a Nominating and Governance Committee, a Regulatory Compliance Committee, a Risk Management and a Compensation Committee. The Board of Directors has affirmatively determined that a majority of the Washington Federal directors are independent pursuant to the listing requirements of the Nasdaq Stock Market LLC ("NASDAQ"). The current independent directors are Ms. Pelletier, our Lead Independent Director, Ms. Johnson, Ms. Smith, and Messrs. Grant, Kelley, Tabbutt and Talbot. At the end of Ms. Pelletier's term as a director, Mr. Kelley will assume the role of the Lead Independent Director. The independent directors held two regularly scheduled executive sessions during the past fiscal year. The Board of Directors also has affirmatively determined that each member of the Audit Committee, Compensation Committee, Nominating and Governance Committee and Risk Management Committee of the Board of Directors is independent within the meaning of applicable laws and regulations and the listing requirements of NASDAQ. The Board of Directors also has affirmatively determined that each member of the Audit Committee is an audit committee financial expert as defined by the SEC.

The Board of Directors selects certain members to serve on its Executive Committee. A copy of the Executive Committee Charter is available on Washington Federal's website at www.washingtonfederal.com. The present Executive Committee consists of Messrs. Whitehead - Chairman, Kelley, Tabbutt and Ms. Pelletier. The Executive Committee is authorized to exercise all the authority of the Board of Directors in the management of Washington Federal between board meetings unless otherwise provided by the Bylaws of Washington Federal. The Executive Committee did not meet during the last fiscal year.

The Board of Directors has a standing Audit Committee that consists of Messrs. Kelley - Chairman, Grant and Talbot. The Audit Committee's primary responsibilities include review of all financial reports, oversight of the internal audit and loan review functions, appointment of independent auditors, pre-approval of all services performed by the independent registered public accountants and review of all related party transactions. The Audit Committee has a written charter available on Washington Federal's website at www.washingtonfederal.com. The Audit Committee met on four occasions during the last fiscal year.

The Board of Directors has a standing Compensation Committee consisting of Ms. Smith - Chairman, Ms. Johnson and Mr. Grant. No member of the Compensation Committee has served as an officer or an employee of Washington Federal or its subsidiaries. The Compensation Committee is responsible for all personnel and compensation related matters and makes policy recommendations to the Board of Directors. Further, the Compensation Committee is authorized to act under Washington Federal's stock benefit plans to grant stock options and restricted shares. The Compensation Committee has a written charter available on Washington Federal's website at www.washingtonfederal.com. The Compensation Committee met two times during the last fiscal year.

The Consulting firm of Towers Watson was engaged in 2013 by the Compensation Committee related to executive compensation and received total fees of \$50,000. The decision to engage Towers Watson was made solely by the Compensation Committee.

The Board of Directors has a standing Risk Management Committee consisting of Mr. Talbot - Chairman, Ms. Pelletier and Mr. Tabbutt. The Risk Management Committee is responsible for providing ongoing review, guidance and oversight of the Company's enterprise risk management function, including recommending risk tolerance limits to the Board of Directors. The Risk Management Committee has a written charter available at www.washingtonfederal.com. The Risk Management Committee met four times during the last fiscal year.

The Board of Directors has appointed three of its members to serve as a Nominating and Governance Committee, which is responsible to establish and oversee the general responsibilities and functions of the Board, to assist the Board in identifying and qualifying individuals to serve as directors and to approve nominations for their election. The Nominating and Governance Committee has a written charter available at www.washingtonfederal.com. For the present Annual Meeting, the Board of Directors appointed Ms. Johnson - Chairman, and Mr. Kelley and Mr. Tabbutt to serve on the Nominating and Governance Committee. The Nominating and Governance Committee met once during the last fiscal year.

The Board of Directors has appointed three of its members to serve as a Regulatory Compliance Committee. The Board of Directors appointed Mr. Tabbutt - Chairman, Ms. Johnson and Ms. Smith to serve on the Regulatory Compliance Committee. The primary responsibility of the Regulatory Compliance Committee is to monitor compliance with all applicable laws and regulations. The Regulatory Compliance Committee has a written charter available at www.washingtonfederal.com. The Regulatory Compliance Committee met two times during the last fiscal year.

Board Leadership Structure and Board's Role in Risk Oversight

The Chief Executive Officer also serves as Chairman of the Board, due in part to the Chief Executive's tenure with the Company, which provides unique and intimate knowledge regarding the history, strategy, business and operations of Washington Federal. The Lead Independent Director coordinates the agenda and acts as Chair for periodic meetings of the independent directors and serves as their liaison with the Chairman of the Board.

The Company's Board of Directors endorses the view that one of its primary functions is to protect stockholders' interests by providing oversight of management, including the Chief Executive Officer. However, the Board does not believe that mandating a particular structure, such as a separate Chairman and Chief Executive Officer, is necessary to achieve effective oversight. The Chairman of the Board has no greater or lesser vote on matters considered by the Board than any other director, and the Chairman does not vote on any related party transaction. All directors of Washington Federal, including the Chairman, are bound by fiduciary obligations, imposed by law, to serve the best interests of the stockholders. Accordingly, separating the offices of Chairman and Chief Executive Officer is not deemed to be in the best interest of Washington Federal.

Risk is inherent with every business, and how well a business manages risk can ultimately determine its success. The Company faces a number of risks, including credit risk, interest rate risk, liquidity risk, operational risk, strategic risk and reputation risk. Management is responsible for the day-to-day management of risks that Washington Federal faces, while the Board, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, the Board of Directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed. To accomplish this, the Chief Executive Officer meets regularly in executive session with the Board to discuss strategy and risks facing the Company. The Risk Management Committee is responsible for providing ongoing review, guidance and oversight of the Company's enterprise risk management function. In addition, the Manager of Internal Audit and Loan Review report directly to the Audit Committee and meets regularly with them. Senior management attends all board meetings and is available to address any questions or concerns raised by the Board on risk management and any other matters. Management and the Board work together to provide strong oversight of the

Company's management and affairs through its standing committees and when necessary, but in any event at least two times each year, special meetings of independent directors are held.

Selection of Nominees for the Board

The Nominating and Governance Committee considers candidates for director suggested by its members, other directors of Washington Federal, as well as management and stockholders. The Nominating and Governance Committee also may solicit prospective nominees. In addition, nominees for election as director may be obtained in connection with acquisitions by Washington Federal. A stockholder who desires to recommend a prospective nominee for the Board of Directors should notify Washington Federal's Corporate Secretary or any member of the Nominating and Governance Committee in writing with whatever supporting material the stockholder considers appropriate. The Nominating and Governance Committee also considers whether to nominate any person recommended pursuant to the provision of Washington Federal's Bylaws relating to stockholder nominations, which is described under "Stockholder Nominations" below. The Nominating and Governance Committee has the authority to retain a third-party search firm to identify or evaluate, or assist in identifying and evaluating, potential nominees if it so desires, although it has not done so to date.

Director Qualifications

In making recommendations for nominees to the Board of Directors, the Nominating and Governance Committee reviews and considers the qualifications, strengths and abilities of the potential candidates for nomination, including new candidates that may be identified from time to time through the Company's internal search and review procedures or as a result of stockholder recommendations. In deciding whether to recommend the re-nomination of an incumbent director whose term is expiring at an upcoming meeting or the nomination of new directors who previously served as officers of Washington Federal, the Nominating and Governance Committee considers their prior performance as directors of the Company in addition to the candidates' other qualifications. For new candidates, the review process may require additional evaluation and consideration.

The Nominating and Governance Committee works with the Board of Directors on an ongoing basis in identifying the particular qualities and abilities that Washington Federal seeks in its directors generally, and the mix of experience, expertise and attributes that are sought or required for the Board as a whole. Desirable personal qualities include integrity, business acumen and industry knowledge. Accordingly, the Board of Directors in selecting nominees will consider criteria such as financial, regulatory and business experience; familiarity with and participation in the local communities served by Washington Federal; integrity, honesty and reputation; dedication to Washington Federal and its stockholders; and any other factors the Board of Directors deems relevant, including age, diversity, size of the Board of Directors and regulatory disclosure obligations. All candidates for nomination are evaluated against these target qualities and attributes, as well as the Board of Directors' particular needs at the time.

Stockholder Nominations

Pursuant to Article IV, Section 4.15 of Washington Federal's Bylaws, stockholders of Washington Federal may nominate persons for election to the Board of Directors by submitting such written nominations to the Secretary of Washington Federal at least ninety (90) days prior to the anniversary date of the mailing of proxy materials by Washington Federal in connection with the immediately preceding Annual Meeting of Stockholders of Washington Federal. The Secretary of the Company will promptly forward any such nominations to the Nominating and Governance Committee. Such stockholder's notice shall set forth: (a) the name and address of the stockholder who intends to make the nomination and of the person or persons to be nominated; (b) a representation that the stockholder is a holder of record of stock of Washington Federal entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (c) a description of all arrangements or understandings between the stockholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the stockholder; (d) such other information regarding each nominee proposed by such stockholder as would be required to be included in a proxy statement filed pursuant to the proxy rules of the SEC; and (e) the consent of each nominee to serve as a director of Washington Federal, if elected. Once the Nominating and Governance Committee receives the nomination of a candidate and the candidate has complied with the minimum procedural requirements set forth in the Company's Bylaws, such candidacy will be evaluated and a recommendation with respect to such candidate will be delivered to the Board of Directors. If a nomination is made in accordance with applicable requirements, then ballots will be provided for use by stockholders at the stockholder meeting bearing the name of such nominee or nominees. No nominations for election as a director at the Annual Meeting were submitted to Washington Federal in accordance with the foregoing requirements.

Communications with the Board of Directors

The Board of Directors provides to every stockholder the ability to communicate with the Board of Directors as a whole and with individual directors on the Board of Directors. Stockholders who wish to do so may send written

communications to the following address: Board of Directors-Stockholder Communications, c/o Corporate Secretary, 425 Pike Street, Seattle, Washington 98101. The Corporate Secretary will forward such communications to the director or directors to whom they are addressed.

Code of Conduct and Ethics

Washington Federal maintains a Director and Employee Code of Ethics that covers all directors, officers and employees of Washington Federal and its subsidiaries. The Code of Ethics requires, among other things, that the directors, officers and employees exhibit and promote the highest standards of honest and ethical conduct; avoid conflicts of interest; comply with laws, rules and regulations; and otherwise act in the best interest of Washington Federal. In addition, Washington Federal maintains a separate Code of Ethics for Senior Financial Officers that imposes specific standards of conduct on persons with financial reporting responsibilities at Washington Federal. Each senior financial officer of Washington Federal, including its Chief Executive Officer and Chief Financial Officer, is required to annually certify in writing his or her compliance during the prior year with the Code of Ethics for Senior Financial Officers. A copy of the Director and Employee Code of Ethics and Code of Ethics for Senior Financial Officers can be viewed on Washington Federal's website at www.washingtonfederal.com.

A waiver for an executive officer or director of the Washington Federal may be made only by the Board of Directors and must be promptly disclosed as required by SEC or NASDAQ rules. Washington Federal will disclose any such waivers, as well as any amendments to the code on its website. No such waivers were requested or granted during 2014 or 2013.

REPORT OF THE AUDIT COMMITTEE

The following “Report of the Audit Committee” shall not be deemed incorporated by reference by any general statement incorporating this Proxy Statement into any filing under the Securities Act of 1933 (“Securities Act”), or under the Exchange Act of 1934 (“Exchange Act”), except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under the Securities Act or the Exchange Act.

The Audit Committee performs a critical role in the financial reporting system by overseeing and monitoring management's and the independent auditor's participation in the financial reporting process. The Audit Committee is governed by a charter adopted by the Board of Directors. During the fiscal year, the Audit Committee fulfilled its duties and responsibilities as outlined in the “Audit Committee Charter” a copy of which can be found at www.washingtonfederal.com.

The Audit Committee members meet the independence requirements as set forth in the attached operating charter (refer to “Composition”). All members have sufficient knowledge in financial and auditing matters to understand Company financial reports to serve on the Audit Committee and have been designated by the Board as “Audit Committee Financial Experts” in compliance with the criteria established by the SEC.

The independent auditors have reviewed the financial information included in the Company's quarterly reports on Form 10-Q prior to the filing of such reports with the SEC and such reviews have been discussed with the Audit Committee.

The Audit Committee has reviewed and discussed the audited financial statements with management. The Audit Committee has discussed with the independent registered public accountants the matters required to be discussed in accordance with Auditing Standard 16 of the Public Company Accounting Oversight Board, as may be modified or supplemented. The Audit Committee has received the written disclosures and the letter from the independent registered public accountants required by Independence Standards Board Standard No. 1, as may be modified or supplemented, and has discussed with the independent registered public accountants their independence. Based on the reviews and discussions described above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in Washington Federal's Annual Report on Form 10-K for the fiscal year ended September 30, 2014 for filing with the SEC.

The Audit Committee also has selected Deloitte & Touche, LLP as the independent registered public accounting firm for fiscal year 2015 as more fully described in this Proxy Statement under the caption “Proposal 3: Ratification of appointment of independent auditors.”

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview

Washington Federal's Board of Directors approves all policies that govern executive compensation, which are then administered by the Compensation Committee, including the following activities:

- Establishing and reviewing executive base salaries;
- Overseeing Washington Federal's short-term incentive compensation plans;
- Overseeing Washington Federal's long-term, equity-based compensation plans;
- Overseeing Washington Federal's 401(k) and other benefit plans;
- Approving all short-term incentive compensation and awards distributed under these plans; and

Reviewing all compensation decisions for executive officers with the Board of Directors, including those for the Chief Executive Officer and the Named Executive Officers (also referred to as "NEOs") as listed in the Summary Compensation Table (see page 22).

On behalf of the Board of Directors, the Compensation Committee seeks to assure that compensation paid to the Named Executive Officers is fair, reasonable and competitive, and is linked to protecting and increasing stockholder value.

Executive Compensation Philosophy

The Board of Directors of Washington Federal and its Compensation Committee believe the intent of executive compensation and benefits programs is to both encourage and reward behaviors that ultimately contribute to the achievement of our organizational goals and produce maximum value to our stockholders over the long term. The following core principles are used to guide decisions regarding these programs:

- Executive compensation must be competitive with relevant markets where we compete for employees, to ensure that the Company is able to attract, retain and motivate top performing executive officers;
- The interests of executives should be aligned with those of the Company's stockholders;
- Incentives are to be provided to promote the achievement of operating goals as a step toward fulfilling long-term strategic objectives;
- Rewards should be linked to company-wide, team and individual performance;
- Executive compensation should be perceived to be fair by all parties with interests in the Company's success; and
- Programs must be designed to ensure that the Company is not exposed to excessive risks.

To achieve the objectives of the organization within the parameters of the core principles, the Board of Directors and its Compensation Committee have determined that the Company's executive compensation program should consist of the following elements:

Base Salary - Base pay opportunities are competitive with other relevant organizations in the marketplaces where Washington Federal competes for employees. Individual pay determinations involve consideration of incumbent qualifications and performance.

Short-Term Incentives - Senior management has a significant portion of competitive targeted annual cash compensation at risk, contingent upon meeting pre-defined organization, group and/or individual goals in performance areas they can substantially influence.

Long-Term Incentives - Senior management has a significant portion of its competitive total compensation opportunity linked to increases in stockholder value.

17

Benefits - Washington Federal assists senior management in meeting important needs such as retirement income, health care, survivor income, disability income, time-off and other needs through competitive, cost-effective, organization-sponsored programs that provide employees with reasonable flexibility in meeting their individual needs. Decisions regarding total executive compensation program design, as well as individual pay decisions, are made in the context of our principles and our ability to pay, as determined by our financial results.

Role of the Compensation Committee

The Compensation Committee is responsible for, among other things, developing executive compensation policies for approval by the Board of Directors. As part of its responsibilities, the Compensation Committee reviews and establishes compensation for all of the executive officers of Washington Federal, including the NEOs, and reviews these decisions with the Board of Directors as appropriate.

The Compensation Committee is comprised entirely of directors who meet the independence requirements as defined by applicable NASDAQ rules, are deemed “non-employee directors” under Rule 16b-3 of the Securities Exchange Act of 1934, as amended, and satisfy the requirements of “outside directors” for purposes of Section 162(m)(4)(C) of the Internal Revenue Code.

A key objective of the Compensation Committee is to further the core compensation principles described above through a compensation structure comprised of base salary and long-term and short-term incentive-based compensation. Since a meaningful part of total compensation is incentive based, a direct link is established between executive compensation and the long-term performance of Washington Federal.

The Compensation Committee met twice during the year ended September 30, 2014. In making its recommendations to the Board of Directors, the Compensation Committee reviewed relevant market data on the financial performance of both national and regional financial institutions, specifically banks and thrifts, which the Company views as its peer group. Such data is used as a point of reference but is not the deciding factor in establishing appropriate compensation for executive officers of Washington Federal, due to the variety of circumstances, financial performance, geography and business plans of the peer group institutions.

The Compensation Committee has the authority to directly engage outside consultants and in July, 2013, due to the increasing complexity of rules and regulations related to executive compensation, the Committee engaged Towers Watson to assist in evaluating our compensation practices and to provide advice concerning executive compensation. Specifically, the Compensation Committee asked Towers Watson to conduct a compensation review of nine executive positions, including the NEOs. As discussed below, its review consisted of a market data assessment and competitive review and analysis of base salary, short-term incentives, long-term incentives and benefits/perquisites.

Towers Watson reported directly to the Chairman of the Committee and, in performance of its duties, Towers Watson interacted with the Chief Executive Officer, Chief Financial Officer and Executive Vice President responsible for human resources. Towers Watson is not affiliated with Washington Federal.

Benchmarking

Peer group benchmarking was used as one data point by the Compensation Committee in making compensation decisions for 2014. To determine competitiveness in the marketplace, a detailed analysis of proxy statements from 21 peer group companies was provided to the Compensation Committee. The Company's peer group for the 2014 fiscal year analysis consisted of a similarly sized financial institutions ranging in asset size from \$5 billion to \$20 billion. The peer group was as follows:

Astoria Financial Corporation, Bank Of Hawaii Corp., Commerce Bancshares Inc., Community Bank System Inc., Cullen Frost Bankers Inc., East West Bancorp Inc., First-merit Corp., Hancock Holding Co., NBT Bancorp Inc., Old National Bancorp, Prosperity Bancshares Inc., Signature Bank, SVB Financial Group, TCF Financial Corp., TFS Financial Corp., Trustmark Corp., UMB Financial Corp., Umpqua Holdings Corp., United Bankshares Inc., Valley National Bancorp, and Webster Financial Corp.

Total Compensation

Total executive compensation is tied to performance and is structured to ensure focus on financial results, stockholder return, individual performance and the responsibility and experience of executive officers.

In considering 2015 executive compensation decisions, the Compensation Committee used Towers Watson's market study from its engagement in July, 2013 and an updated analysis of the most recent proxy data for each of the companies in the identified peer group, excluding those that no longer fit our criteria. The Compensation Committee concluded that the pay positioning and overall compensation levels of the Company's executive officers are within competitive norms. The combined compensation of the five NEO's was 88% of the average target compensation of the benchmark peer group based on the July, 2013 Towers Watson study.

The Compensation Committee of the Board evaluates the individual performance of the NEOs based primarily on the specific contributions of each Named Executive Officer to the accomplishment of the following qualitative and quantitative criteria:

	CEO	CBO	CFO	CCO	CAO
Financial performance	x	x	x	x	x
Asset and liability management	x	x	x		
Credit quality	x	x		x	
Asset generation	x	x			
Deposit mix	x	x	x		x
Compliance with laws and regulations	x	x	x	x	x
Leadership & internal communications	x	x	x	x	x
Strategic planning	x	x	x	x	x
Client service & external relations	x	x	x	x	x
Human capital development	x	x	x	x	x
Investment portfolio	x		x		

The Compensation Committee chose these criteria to ensure integration and alignment of individual performance with the Company's performance. The criteria for the Chief Executive Officer is most closely linked to the Company's objectives since the Chief Executive Officer bears overall responsibility for the Company's success. Criteria for the other NEO's differ based on each officer's ability to contribute to the Company's performance. For the NEOs other than the Chief Executive Officer, the Compensation Committee relies upon the recommendations of the Chief Executive Officer based on his interactions with and assessment of performance of each executive. These positions include: Chief Banking Officer ("CBO"), Chief Financial Officer ("CFO"), Chief Credit Officer ("CCO"), and Chief Administrative Officer ("CAO").

Washington Federal's compensation policies do not employ a specific formulaic approach for evaluating or adjusting individual NEO compensation. Job performance and compensation of the Chief Executive Officer is subjectively determined by the Compensation Committee taking into account the broad criteria set forth above. Job performance and compensation of the other executives, including the other NEOs, is subjectively determined by the Chief Executive Officer and reviewed with the Compensation Committee taking into account the broad criteria set forth above.

In order to align executive compensation with stockholder interests, it is the philosophy of the Board that a substantial portion of NEO total compensation be incentive-based and at-risk. In 2014, 63.7% of the Chief Executive Officer's total potential compensation was at-risk, while the remaining NEO's total potential at risk ranged from 42.8% to 59.2%. Total compensation paid and earned by the NEOs in Fiscal 2014 was consistent with Washington Federal's financial performance, the individual performance of each NEO, the responsibilities and experience of the NEOs, market conditions, and stockholder returns.

The Compensation Committee has approved adjustments to the elements of direct total compensation for 2015 that continue the Company's executive compensation practices which are consistent with competitive practice and necessary to attract and retain top performing executive officers.

Elements of Compensation

Base Salary

Base salaries for executive officers are determined based on job responsibilities, level of experience and individual performance. In making its recommendations to the Board of Directors, the Compensation Committee reviews market data with respect to the Company's peer group to assess the competitiveness of the base salary of the NEOs and other executives and senior officers. Such information is used as a point of reference; however, it is not the deciding factor in establishing appropriate base salaries due to the lack of precise comparability.

Merit pay adjustments to base salary are considered annually for each executive officer. When making adjustments to the base salary of the Chief Executive Officer, the Compensation Committee considers the job performance and contribution to the successful operation of the Company by the Chief Executive Officer. When making adjustments to the base salaries of the other NEOs, the Compensation Committee relies upon the recommendation of the Chief Executive Officer based on his knowledge of and the performance of each of the NEOs. Executive base salaries are intended to be at levels that will attract, retain and motivate the necessary management expertise to successfully execute the Company's business plan, but are not targeted at specific levels.

In determining individual base salary adjustments, the Compensation Committee considered the contributions of each NEO to the success of the Company and salaries for comparable positions at other institutions.

Annual Incentive Compensation

An annual incentive compensation program has been established for all employees who have been with the Company for at least one year, including the NEOs. Eligibility for the annual incentive program is restricted only by excluding employees who are not in good standing with the Company. All NEOs were, and are, in good standing with Washington Federal. Consistent with the overall compensation philosophy of linking incentive awards to company-wide and individual performance, the incentive plan is designed to provide performance-based annual cash compensation based on the achievement of annual performance targets approved by the Compensation Committee with the concurrence of the Board of Directors.

For the NEOs, the short-term incentive compensation opportunity during 2014 was dependent on meeting net income levels that were pre-established by the Compensation Committee. Increasing net income levels beyond the threshold level were assigned a payout percentage amount in 1% increments, ranging from 1% to 100% for all NEOs excluding the CEO, enabling a maximum potential payout equal to 100% of base salary with a targeted payout of 45% of base salary. The Chief Executive Officer was assigned a payout percentage amount in 1% increments, ranging from 1% to 150%, enabling a maximum potential payout for the Chief Executive Officer equal to 150% of base salary with a targeted payout of 100% of base salary.

During 2014, the Company achieved record net income of \$157,364,000. Annual incentive compensation payouts in fiscal 2014 were approximately 111% of the Chief Executive Officer's base salary and 58% of the other NEO's base salaries. Additionally, the Chief Administrative Officer was awarded an additional \$50,000 in incentive compensation in recognition of her role in the successful integration of 74 branches acquired during the year.

For 2015, the Compensation Committee has approved an incentive design that will have threshold, target and maximum annual incentive amounts expressed as a percentage of base salaries, similar in concept to prior years. Net income will be the single performance measure for fiscal 2015. Targeted payouts for the NEOs will be 50% of base salary, with the exception of the Chief Executive Officer, whose targeted payout will be 100% of base salary. Maximum payout for the NEOs will be 100% of base salary, with the exception of the Chief Executive Officer, whose maximum payout will be 200% of base salary. The Compensation Committee determines the Net Income requirements for incentive compensation each October for the fiscal year that will end the following September.

In the last 10 years, 2005-2014, payouts have ranged from 0 - 100% of base salary for NEO's, with the exception of the CEO, whose payouts during that time ranged from 0-150% of base salary. Actual payouts averaged 46.9% of base salary for the NEOs, with the exception of the CEO, whose payouts have averaged 66.6% of base salary during that time.

Long-Term Incentives

In fiscal 2014, each of the NEOs received an award of restricted stock shares and an award of restricted stock performance shares. For all NEOs, excluding the newly appointed Chief Financial Officer, the mix of awards was 40% in restricted stock and 60% in restricted stock performance shares. The restricted stock awards vest over three years and are subject to the Company's profitability and normal continued employment in good standing. The restricted stock performance shares vest based upon total shareholder return targets. Based on the annual total shareholder return in 2014, NEOs earned 50% of the 2013 restricted stock performance share grant, 0% of the 2012 grant, and 0% of the 2011 grant.

The Compensation Committee determined the amount of awards based on its subjective assessment of each NEO's relative performance and value to the organization, taking into consideration the recommendations of the Chief Executive Officer for the other NEOs.

The Board of Directors believes that these long-term incentive awards help align the interests of Washington Federal's executives with those of its stockholders through potential stock ownership. Future awards to the NEOs will include a contingent award that will be earned over multiple years based upon criteria consistent with the terms of the 2011 Washington Federal Incentive Plan. The Compensation Committee and the Board of Directors consider stock awards to be a key piece of executive compensation and reviews the appropriateness of such awards annually in light of performance.

In November 2014, the Board implemented a three-year "clawback" policy applicable to certain executive officers, including the NEOs. The policy provides that, in addition to any other remedies available to the Company under applicable law, the Company may recover (in whole or in part) any incentive compensation, whether paid in cash, stock or other equity, awarded to an executive, whether or not the executive is still employed by the Company, if the Board of Directors or any committee of the Board of Directors

determines that the Company's financial reporting is required to be restated as a result of any fraud or intentional misconduct by one or more executives and the Board of Directors determines that a lower amount of incentive compensation would have been paid to such executive based upon the corrected accounting restatement.

Employment and Change in Control Agreements

The Company does not have any employment agreements in place with any NEO. Upon a change in control of the Company, each unvested equity instrument previously awarded to the NEOs would become fully vested. No other change in control agreements are in place for the NEOs.

Perquisites

In fiscal 2014, perquisites were provided to certain executive and senior officers. Perquisites are given to executive and senior officers based upon their role in the Company and the business advantage gained by the use of perquisites. The Company provided the following perquisites to NEOs:

The Company provided Supplemental Long-Term Disability coverage to each NEO that provides for \$4,000 in monthly income in the event a long-term disability is suffered and prevents continued employment. The annual benefit cost of each policy was approximately \$1,200.00

Messrs. Beardall, Schoonover and Whitehead were provided memberships to an athletic club that was also used for business-related entertainment. The annual cost to the Company of each membership was approximately \$2,500.

Ms. Browner and Messrs. Beardall, Schoonover and Whitehead were provided with a Supplemental Long-term Care policy. The annual cost of the coverage was \$8,000 per year for each executive.

Parking is also provided for each NEO at a cost of approximately \$1,500 per year, and the Company provided either an automobile or an automobile allowance to Messrs. Beardall, Schoonover and Ms. Brower. Auto & Parking and long term care insurance premiums related compensation is included in the Summary Compensation Table as "Other."

Retirement Plans

The Washington Federal 401(k) Plan (referred to as the "Plan") is a defined contribution plan in which all employees with over 1,000 hours worked are eligible to participate. Historically, the Company has contributed 11% of an employees' eligible base salary into the plan on his or her behalf. Company contributions vest ratably over six years; after six years of consecutive employment all contributions are 100% vested.

During fiscal 2014, the Company contributed 11% of each NEO's eligible base salary. These amounts are included in the Summary Compensation Table under "All Other Compensation." Amounts exceeding IRS "Top-Heavy" rules are paid directly to the affected executive on a pre-tax basis.

Effective January 1, 2014, the Company added a guaranteed safe harbor matching contribution to the plan equal to 100% of the first 4% of compensation that employees contribute to their account. In addition to the new match being guaranteed, all safe harbor matching contributions are immediately vested. The new match is not subject to the six year vesting schedule of the current profit sharing contribution. This provides Plan participants more investment flexibility. The Company anticipates that in the future, all eligible employees will continue to receive an annual profit sharing contribution from the Company which will now be capped at 7% of eligible compensation.

Other Matters

The Compensation Committee also considers the accounting, tax, and stockholder dilutive costs of specific executive compensation programs, and seeks to balance the earnings, tax and dilutive impact of executive compensation plans with the need to attract, retain and motivate highly-qualified executives. The Compensation Committee also recognizes that regulatory factors can influence the structure of executive compensation programs and takes those into account as appropriate.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis set forth in this Proxy Statement with management and, based on such review and discussion, has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement.

Potential Payments Upon Termination or Change in Control

Pursuant to the 2001 and 2011 Plans, all unvested stock options and restricted stock awards will become fully vested upon a change in control of the Company. The following table describes the value of the vesting of such options and stock awards upon a change in control. The table assumes the change in control occurred on September 30, 2014, the last trading and business day of our fiscal year, and the price per share was \$20.36. There are no employment contracts, severance agreements or tax gross-up provisions for any NEO.

Potential Payments Upon Termination or Change in Control

1. Pursuant to the 1994, 2001 and 2011 Plans, all unvested stock options and restricted stock awards will become fully vested upon a “change in control” of the Company. A “change in control” is defined to mean a change in control of a nature that would be required to be reported in response to Item 6(e) of Schedule 14A of Regulation 14A promulgated under the Exchange Act, provided that, without limitation, such a change in control shall be deemed to have occurred if (i) any “person” (as such term is used in Sections 13(d) and 14(d) of the Exchange Act), other than the Company, is or becomes the “beneficial owner” (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of the Company representing 25% or more of the combined voting power of the Company's then outstanding securities, or (ii) during any period of twenty-four consecutive months during the term of an Option, individuals who at the beginning of such period constitute the Board of the Company cease for any reason to constitute at least a majority thereof, unless the election, or the nomination for election by the Company's

stockholders, of each director who was not a director at the date of grant has been approved in advance by directors representing at least two-thirds of the directors then in office who were directors at the beginning of the period.

2. Other than Ms. Kelleher, as of September 30, 2014, none of the stock options to the NEOs are unvested.

Employment and Change in Control Agreements

Washington Federal does not currently have any employment agreements or change in control agreements, except for the provisions of the equity awards which allow for vesting of all unvested shares as described above. Our executives are each “at-will” employees.

Director Compensation

The following table sets forth information regarding the compensation received by each of the Directors of Washington Federal, Inc. during 2014, other than Mr. Whitehead whose compensation for service as President and Chief Executive Officer is fully reflected in the Summary Compensation Table and the other related tables in the discussion above. No compensation is paid to Mr. Whitehead for his service as a director.

	Fees Earned or Paid in Cash	Fair Value of Stock Awards (1)	All Other Compensation	Total
David K. Grant	43,600	51,392	—	94,992

Mark N. Tabbutt	44,600	51,392	—	95,992
Randall H. Talbot	46,600	51,392	—	97,992
Barbara L. Smith	43,850	51,392	—	95,242

These amounts reflect the dollar value of the compensation cost of all outstanding stock awards or option awards recognized over the requisite service period, computed in accordance with FASB ASC 718. The assumptions made in valuing the stock awards are included under the caption “Stock Option Plans” in Note L of Notes to Consolidated Financial Statements in the 2014 Annual Report on Form 10-K and such information is incorporated herein by reference.

Director Fees

During the past fiscal year, Directors were paid a monthly retainer of \$2,100, except for the Chairman of the Audit Committee, who received a monthly retainer of \$2,600. Directors were also paid a fee of \$1,600 for each board meeting attended. Members of the Audit, Compliance, Compensation, Executive, Regulatory Compliance, Risk Management and Nominating and Governance Committees received a fee of \$500 per committee meeting attended. Committee Chairmen received a fee of \$1,000 per meeting. Directors participating in committee meetings by telephone received one-half the normal fee. The Chairman of the Board, who also serves as the corporation's President and Chief Executive Officer, received no fees or additional compensation for activities related to the Board of Directors. The Director Emeritus receives a monthly retainer of \$1,500. Directors fees are paid in cash. Stock awards to Directors are anticipated to continue in future years as a means to increase alignment of insiders with other stockholders.

PROPOSAL 2: ADVISORY VOTE ON THE COMPENSATION OF WASHINGTON FEDERAL'S NAMED EXECUTIVE OFFICERS

In accordance with recently adopted changes to Section 14A of the Securities Exchange Act, stockholders are being given the opportunity to vote on an advisory (non-binding) resolution to approve Washington Federal's executive

compensation, as described above under "Compensation Discussion and Analysis," the compensation tables and narrative discussions of NEO compensation in this proxy statement.

Washington Federal believes that its compensation policies and procedures, which are reviewed and approved by the Compensation Committee, encourage a culture of pay for performance and are strongly aligned with the long-term interests of stockholders. Washington Federal and the Compensation Committee remain committed to the compensation philosophy, policies and objectives outlined under "Compensation Discussion and Analysis." NEO compensation for 2014 reflects the effectiveness of Washington Federal's executive compensation program in fulfilling its objectives. The Compensation Committee will continue to review all elements of the executive compensation program and take any steps it deems necessary to continue to fulfill the objectives of the program.

Washington Federal's Board has requested a stockholder vote on Washington Federal's executive compensation plans, programs and arrangements as reflected in the Compensation Discussion and Analysis, the disclosures regarding NEO compensation provided in the various tables included in this Proxy Statement, the accompanying narrative disclosures and the other compensation information provided in this Proxy Statement. This proposal, commonly known as a "Say on Pay" proposal, gives Washington Federal's stockholders the opportunity to endorse or not endorse Washington Federal's executive pay program and policies through the following non-binding resolution:

"RESOLVED, that the compensation of Washington Federal's NEOs, as disclosed in this proxy statement pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables and the related narrative disclosures, is hereby approved."

This is an advisory vote only, and neither Washington Federal nor the Board of Directors will be bound to take action based upon the outcome. The Compensation Committee will consider the vote of the stockholders when considering future executive compensation arrangements.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" APPROVAL OF THE COMPENSATION OF NAMED EXECUTIVE OFFICERS AS DESCRIBED IN THIS PROXY STATEMENT.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Determinations regarding compensation of the Chief Executive Officer and other NEOs are made by the Compensation Committee of the Board of Directors. None of the members of the Compensation Committee engaged in certain "related party" transactions with Washington Federal, which were required to be disclosed by SEC regulations.

No member of the Compensation Committee was an employee or former employee of Washington Federal or any of its subsidiaries. During the last year, none of the Company's executive officers served as: (1) a member of the compensation committee (or other committee of the board of directors performing equivalent functions or, in the absence of any such committee, the entire board of directors) of another entity one of whose executive officers served on the Compensation Committee; (2) a director of another entity one of whose executive officers served on the Compensation Committee; or (3) a member of the compensation committee (or other committee of the board of directors performing equivalent functions or, in the absence of any such committee, the entire board of directors) of another entity, one of whose executive officers served as a director on the Company's Board of Directors.

Related Person Transactions

Washington Federal will from time to time make loans to directors, executive officers and employees at prevailing market interest rates. Such loans are made in the ordinary course of business on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons not related to the lender and that do not involve more than the normal risk of collectability or present other unfavorable features. As of September 30, 2014, there are five loans outstanding to, or guaranteed by, directors in the amount of \$57.1 million. The loans were made at market terms to the directors. The loans are performing in accordance with contractual terms. There are no loans to any NEO.

The Company regularly monitors its business dealings and those of its Directors and executive officers to determine whether any existing or proposed transactions would require proxy disclosure under Item 404(a) of Regulation S-K. In addition, our Code of Conduct requires the directors and executive officers to notify the Company of any relationships or transactions that may present a conflict of interest, including those involving family members. If a transaction is

identified, the Company determines if the transaction should be permitted and what is the necessary disclosure to be made.

In accordance with its written charter, the Audit Committee reviews, approves and ratifies any newly originated related person transaction. The term “related person transaction” refers to any transaction required to be disclosed in our filings with the SEC pursuant to Item 404 of Regulation S-K. In considering any related person transaction, the Audit Committee considers the facts and circumstances regarding such transaction, including, among other things, the amounts involved, the relationship of the related person (including those persons identified in the instructions to Item 404(a) of Regulation S-K) with our Company and the terms that would be available in a similar transaction with an unaffiliated third-party. The Audit Committee also considers its fiduciary duties, obligations under applicable securities law, including disclosure obligations and director independence rules, and other applicable law in evaluating any related person transaction. The Audit Committee reports its determination regarding any related person transaction to our full Board. All new related person transactions were pre-approved by the full Board of Directors and reported to the Audit Committee.

PROPOSAL 3: RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

At the Annual Meeting, stockholders of Washington Federal will be asked to ratify the appointment of Deloitte & Touche LLP ("Deloitte"), as Washington Federal's independent registered public accountants for the fiscal year ending September 30, 2015. This appointment was recommended and approved by the Audit Committee of Washington Federal. If the stockholders of Washington Federal do not ratify the appointment of Deloitte, then the Audit Committee of the Board of Washington Federal may reconsider the appointment. Even if the selection of Deloitte is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year, if it determines that such a change would be in the best interests of the Company and its stockholders.

A representative of Deloitte will be present at the Annual Meeting and available to respond to appropriate questions and will be given an opportunity to make a statement if the representative chooses to do so.

Deloitte has advised Washington Federal that neither the firm nor any of its members has any relationship with Washington Federal or its subsidiaries other than the usual relationship which exists between independent registered public accountants and clients.

Aggregate billings for the professional services rendered to the Company by Deloitte for the 2014 and 2013 fiscal years were as follows:

	2014	2013
Audit Fees	\$ 850,000	\$ 849,000
Audit Related Fees	—	—
Tax Fees	—	—
Other Fees	—	—
Total Fees	\$ 850,000	\$ 849,000

Audit Fees consisted of fees related to the audit of the Company's annual financial statements for the fiscal years ended September 30, 2014 and 2013, reviews of the financial statements included in the Company's Quarterly Reports on Form 10-Q for those years and consents related to various filings with the SEC.

All services provided by Deloitte and the related fees are required to be pre-approved by the Audit Committee.

The Audit Committee of the Board of Directors has implemented procedures under the Company's Audit Committee Pre-Approval Policy for Audit and Non-Audit Services (the Pre-Approval Policy) to ensure that all audit and permitted non-audit services to be provided to the Company have been pre-approved by the Audit Committee. Specifically, the Audit Committee pre-approves the use of the Company's independent registered public accounting firm for specific audit and non-audit services, within approved monetary limits. If a proposed service has not been pre-approved pursuant to the Pre-Approval Policy, then it must be specifically pre-approved by the Audit Committee before the service may be provided by the Company's independent registered public accounting firm. Any pre-approved services exceeding the pre-approved monetary limits require specific approval by the Audit Committee. All of the audit services provided by Deloitte to the Company in 2014 and 2013 were approved by the Audit Committee by means of specific pre-approvals or pursuant to the procedures contained in the Pre-Approval Policy.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE BY STOCKHOLDERS FOR RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS WASHINGTON

FEDERAL'S INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS FOR
THE FISCAL YEAR ENDING SEPTEMBER 30, 2015.

OTHER MATTERS

Management is not aware of any business to come before the Annual Meeting other than those matters described in this Proxy Statement. However, if any other matters should properly come before the Annual Meeting, it is intended that the proxies solicited hereby will be voted with respect to those other matters in accordance with the judgment of the persons voting the proxies.

The cost of the solicitation of proxies will be borne by Washington Federal. Washington Federal will reimburse brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy materials to the beneficial owners of the Common Stock. In addition to solicitations by mail, directors, officers and employees of Washington Federal may solicit proxies personally or by telephone without additional compensation.

STOCKHOLDER PROPOSALS

Any proposal that a stockholder wishes to have included in the proxy solicitation materials to be used in connection with the next Annual Meeting of Stockholders of Washington Federal must be received at the main office of Washington Federal no later than August 14, 2015. If such proposal is in compliance with all of the requirements of Rule 14a-8 under the Exchange Act, it will be included in the proxy statement and set forth on the form of proxy issued for the next Annual Meeting of Stockholders. It is urged that any such proposals be sent by certified mail, return receipt requested.

No stockholder proposals were submitted in connection with this Annual Meeting. Stockholder proposals that are not submitted for inclusion in Washington Federal's proxy materials pursuant to Rule 14a-8 under the Exchange Act may be brought before an Annual Meeting pursuant to Section 2.15 of Washington Federal's bylaws, which provides that business at an Annual Meeting of Stockholders must be: (a) properly brought before the meeting by or at the direction of the Board of Directors; or (b) otherwise properly brought before the meeting by a stockholder. For business to be properly brought before an Annual Meeting by a stockholder, the stockholder must have given timely notice thereof in writing to the Secretary of Washington Federal. To be timely, a stockholder's notice must be delivered to, or mailed and received at, the principal executive offices of Washington Federal not later than 90 days prior to the anniversary date of the mailing of proxy materials by Washington Federal in connection with the immediately preceding Annual Meeting of Stockholders of Washington Federal, or not later than September 13, 2015 in connection with the Annual Meeting of Stockholders for the fiscal year 2016 of Washington Federal. Such stockholder's notice is required to set forth certain information specified in Washington Federal's bylaws. A stockholder should carefully read our bylaws to comply with the notice requirements for such stockholder proposals and stockholder nominees for Director.

ANNUAL REPORTS

Stockholders of Washington Federal as of the Record Date for the Annual Meeting are being forwarded a copy of Washington Federal's Annual Report to Stockholders for the year ended September 30, 2014 (the "Annual Report"). Included in the Annual Report are the consolidated statements of financial condition of Washington Federal as of September 30, 2014 and 2013 and the related consolidated statements of operations, stockholders' equity and cash flows for each of the years in the three-year period ended September 30, 2014, prepared in accordance with generally accepted accounting principles, and the related report of Washington Federal's independent auditors. The Annual Report is not a part of this Proxy Statement.

Upon receipt of a written request, Washington Federal will furnish to any stockholder without charge a copy of its Annual Report on Form 10-K filed with the SEC under the Exchange Act for the year ended September 30, 2014. Upon written request and a payment of a copying charge of \$.10 per page, Washington Federal will furnish to any such stockholder a copy of the exhibits to the Annual Report on Form 10-K. Such written requests should be directed to Diane L. Kelleher, Senior Vice President and Chief Financial Officer, Washington Federal, Inc., 425 Pike Street, Seattle, Washington 98101. The Annual Report on Form 10-K is not a part of this Proxy Statement. The Annual Report on Form 10-K, together with this Proxy Statement and all SEC filings are available through Washington Federal's website: www.washingtonfederal.com.
